

CHOICEONE FINANCIAL SERVICES INC
Form 10-Q
May 13, 2014

UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 10-Q

Quarterly Report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the quarterly period ended March 31, 2014

Transition Report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the transition period from _____ to _____

Commission File Number: **000-19202**

ChoiceOne Financial Services, Inc.

(Exact Name of Registrant as Specified in its Charter)

Michigan

(State or Other Jurisdiction of
Incorporation or Organization)

38-2659066

(I.R.S. Employer Identification No.)

109 East Division

Sparta, Michigan

(Address of Principal Executive Offices) (Zip Code)

49345

(616) 887-7366

(Registrant's Telephone Number, including Area Code)

Edgar Filing: CHOICEONE FINANCIAL SERVICES INC - Form 10-Q

Indicate by checkmark whether the Registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of “large accelerated filer,” “accelerated filer,” and “smaller reporting company” in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer

Non-accelerated filer Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

As of April 30, 2014, the Registrant had outstanding 3,298,237 shares of common stock.

ChoiceOne Financial Services, Inc.

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include ChoiceOne Financial Services, Inc. (“ChoiceOne” or the “Registrant”) and its wholly-owned subsidiary, ChoiceOne Bank (the “Bank”), and the Bank’s wholly-owned subsidiary, ChoiceOne Insurance Agencies, Inc. Intercompany transactions and balances have been eliminated in consolidation.

The consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information, prevailing practices within the banking industry and the instructions to Form 10-Q. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

The accompanying consolidated financial statements reflect all adjustments ordinary in nature which are, in the opinion of management, necessary for a fair presentation of the Consolidated Balance Sheets as of March 31, 2014 and December 31, 2013, the Consolidated Statements of Income for the three-month periods ended March 31, 2014 and March 31, 2013, the Consolidated Statements of Comprehensive Income for the three-month periods ended March 31, 2014 and March 31, 2013, the Consolidated Statements of Changes in Shareholders’ Equity for the three-month periods ended March 31, 2014 and March 31, 2013, and the Consolidated Statements of Cash Flows for the three-month periods ended March 31, 2014 and March 31, 2013. Operating results for the three months ended March 31, 2014 are not necessarily indicative of the results that may be expected for the year ending December 31, 2014.

The accompanying consolidated financial statements should be read in conjunction with the consolidated financial statements and footnotes thereto included in the Registrant’s Annual Report on Form 10-K for the year ended December 31, 2013.

Allowance for Loan Losses

The allowance for loan losses is maintained at a level believed adequate by management to absorb probable incurred losses inherent in the consolidated loan portfolio. Management’s evaluation of the adequacy of the allowance is an estimate based on reviews of individual loans, assessments of the impact of current economic conditions on the portfolio and historical loss experience of seasoned loan portfolios. See Note 3 to the interim consolidated financial

statements for additional information.

Management believes the accounting estimate related to the allowance for loan losses is a “critical accounting estimate” because (1) the estimate is highly susceptible to change from period to period because of assumptions concerning the changes in the types and volumes of the portfolios and economic conditions and (2) the impact of recognizing an impairment or loan loss could have a material effect on ChoiceOne’s assets reported on the balance sheet as well as its net income.

Stock Transactions

A total of 885 shares of common stock were issued to the Registrant’s Board of Directors for a cash price of \$15,000 under the terms of the Directors’ Stock Purchase Plan in the first quarter of 2014. A total of 1,136 shares were issued to employees for a cash price of \$17,000 under the Employee Stock Purchase Plan for the quarter ended March 31, 2014. A total of 189 shares were issued upon the exercise of stock options in the first quarter of 2014.

Stock-Based Compensation

Effective July 1, 2013, ChoiceOne began granting Restricted Stock Units to a select group of employees under the Stock Incentive Plan of 2012. All of the Restricted Stock Units are initially unvested and vest in three annual installments on each of the next three anniversaries of the grant date. Certain additional vesting provisions apply. Each unit, once vested, is settled by delivery of one share of ChoiceOne common stock.

Reclassifications

Certain amounts presented in prior periods have been reclassified to conform to the current presentation.

NOTE 2 — SECURITIES

The fair value of securities available for sale and the related gross unrealized gains and losses recognized in accumulated other comprehensive income (loss) were as follows:

March 31, 2014				
(Dollars in thousands)	Amortized	Gross	Gross	Fair
	Cost	Unrealized Gains	Unrealized Losses	
U.S. Government and federal agency	\$43,920	\$ 95	\$ (417)) \$43,598
U.S. Treasury	13,271	15	(125)) 13,161
State and municipal	64,117	1,624	(786)) 64,955
Mortgage-backed	10,438	60	(130)) 10,368
Corporate	8,181	50	(39)) 8,192
Foreign debt	1,000	—	(13)) 987
Equity securities	1,707	10	(176)) 1,541
Asset-backed securities	457	—	(7)) 450
Total	\$143,091	\$ 1,854	\$ (1,693)) \$143,252

December 31, 2013				
	Amortized	Gross	Gross	Fair
	Cost	Unrealized Gains	Unrealized Losses	
U.S. Government and federal agency	\$44,059	\$ 166	\$ (503)) \$43,722
U.S. Treasury	7,285	17	(78)) 7,224
State and municipal	64,215	1,622	(1,062)) 64,775
Mortgage-backed	8,541	95	(166)) 8,470
Corporate	8,805	61	(51)) 8,815
Foreign debt	1,000	—	(10)) 990
Equity securities	1,707	7	(111)) 1,603
Asset-backed securities	486	—	(3)) 483
Total	\$136,098	\$ 1,968	\$ (1,984)) \$136,082

ChoiceOne reviews its securities portfolio on a quarterly basis to determine whether unrealized losses are considered to be temporary or other-than-temporary. No other-than-temporary impairment charges were recorded in the first quarter of 2014. ChoiceOne believed that unrealized losses on securities were temporary in nature and were due to changes in interest rates and reduced market liquidity and not as a result of credit quality issues.

NOTE 3 — LOANS AND ALLOWANCE FOR LOAN LOSSES

Activity in the allowance for loan losses and balances in the loan portfolio were as follows:

The process to monitor the credit quality of ChoiceOne's loan portfolio includes tracking (1) the risk ratings of business loans, (2) the level of classified business loans, and (3) delinquent and nonperforming consumer loans. Business loans are risk rated on a scale of 1 to 8. A description of the characteristics of the ratings follows:

Risk ratings 1 and 2: These loans are considered pass credits. They exhibit good to exceptional credit risk and demonstrate the ability to repay the loan from normal business operations.

Risk rating 3: These loans are considered pass credits. They exhibit acceptable credit risk and demonstrate the ability to repay the loan from normal business operations.

Risk rating 4: These loans are considered pass credits. However, they have potential developing weaknesses that, if not corrected, may cause deterioration in the ability of the borrower to repay the loan. While a loss is possible for a loan with this rating, it is not anticipated.

Risk rating 5: These loans are considered special mention credits. Loans in this risk rating are considered to be inadequately protected by the net worth and debt service coverage of the borrower or of any pledged collateral. These loans have well defined weaknesses that may jeopardize the borrower's ability to repay the loan. If the weaknesses are not corrected, loss of principal and interest could be probable.

Risk rating 6: These loans are considered substandard credits. These loans have well defined weaknesses, the severity of which makes collection of principal and interest in full questionable. Loans in this category may be placed on nonaccrual status.

Risk rating 7: These loans are considered doubtful credits. Some loss of principal and interest has been determined to be probable. The estimate of the amount of loss could be affected by factors such as the borrower's ability to provide additional capital or collateral. Loans in this category are on nonaccrual status.

Risk rating 8: These loans are considered loss credits. They are considered uncollectible and will be charged off against the allowance for loan losses.

Information regarding the Bank's credit exposure is as follows:

Corporate Credit Exposure - Credit Risk Profile By Creditworthiness Category

	Agricultural		Commercial and Industrial		Commercial Real Estate	
(Dollars in thousands)	March 31, 2014	December 31, 2013	March 31, 2014	December 31, 2013	March 31, 2014	December 31, 2013

\$31,350 \$ 37,048 \$74,949 \$ 68,530 \$ 100,246 \$ 96,987

Corporate Credit Exposure - Credit Risk Profile Based On Payment Activity

	Consumer		Construction Real Estate		Residential Real Estate	
	March 31,	December 31,	March 31,	December 31,	March 31,	December 31,
	2014	2013	2014	2013	2014	2013
Performing	\$19,988	\$ 19,900	\$958	\$ 890	\$90,090	\$ 89,959
Nonperforming	28	31	—	—	2,868	2,621
	\$20,016	\$ 19,931	\$958	\$ 890	\$92,958	\$ 92,580

The following schedule provides information on loans that were considered TDRs that were modified during the three months ended March 31, 2014 and March 31, 2013:

	March 31, 2014			March 31, 2013		
	Pre-Modification Outstanding	Post-Modification Outstanding		Pre-Modification Outstanding	Post-Modification Outstanding	
(Dollars in thousands)	Number of Loans	Investment Recorded		Number of Loans	Investment Recorded	
Commercial real estate	3	\$ 440	\$ 448	—	\$ —	—
Residential real estate	1	89	90	—	—	—
	4	\$ 529	\$ 538	—	\$ —	—

The following schedule provides information on TDRs as of March 31, 2014 and 2013 where the borrower was past due with respect to principal and/or interest for 30 days or more during the three-month periods ended March 31, 2014 and March 31, 2013 that had been modified during the year prior to the default:

	Three Months Ended March 31, 2014		Three Months Ended March 31, 2013	
	Number of Loans	Investment Recorded	Number of Loans	Investment Recorded
(Dollars in thousands)				
Commercial and industrial	—	\$ —	1	\$ 118
Commercial real estate	3	680	1	65
	3	\$ 680	2	\$ 183

The pre-modification and post-modification outstanding recorded investment represents amounts as of the date of loan modification. If a difference exists between the pre-modification and post-modification outstanding recorded investment, it represents impairment recognized through the provision for loan losses computed based on a loan's post-modification present value of expected future cash flows discounted at the loan's original effective interest rate. If no difference exists, a loss is not expected to be incurred based on an assessment of the borrower's expected cash flows.

Loans are classified as performing when they are current as to principal and interest payments or are past due on payments less than 90 days. Loans are classified as nonperforming when they are past due 90 days or more as to principal and interest payments or are considered a troubled debt restructuring.

Impaired loans by loan category follow:

(Dollars in thousands)	Recorded Investment	Unpaid Principal Balance	Related Allowance

Commercial and industrial	431	372
Consumer	—	2
Commercial real estate	2,875	1,606
Residential real estate	927	691

\$4,533 \$ 3,123

NOTE 4 — EARNINGS PER SHARE

Earnings per share are based on the weighted average number of shares outstanding during the period. A computation of basic earnings per share and diluted earnings per share follows:

(Dollars in thousands, except per share data)	Three Months Ended	
	March 31, 2014	2013
Basic Earnings Per Share		
Net income available to common shareholders	\$1,248	\$1,235
Weighted average common shares outstanding	3,296,350	3,298,910
Basic earnings per share	\$0.38	\$0.37
<u>Diluted Earnings Per Share</u>		
Net income available to common shareholders	\$1,248	\$1,235
Weighted average common shares outstanding	3,296,350	3,298,910
Plus dilutive stock options and restricted stock units	6,458	1,285
Weighted average common shares outstanding and potentially dilutive shares	3,302,808	3,300,195
Diluted earnings per share	\$0.38	\$0.37

There were 28,625 stock options as of both March 31, 2014 and March 31, 2013 that are considered to be anti-dilutive to earnings per share for the three-month periods ended March 31, 2014 and March 31, 2013. These stock options have been excluded from the calculation above.

NOTE 5 — FINANCIAL INSTRUMENTS

Financial instruments as of the dates indicated were as follows:

(Dollars in thousands)	Carrying Amount	Estimated Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
March 31, 2014					
Assets:					
Cash and due from banks	\$14,429	\$14,429	\$14,429	\$ —	\$ —

Repurchase agreements	26,033	26,033	—	26,033	—
Federal Home Loan Bank advances	6,392	6,428	—	6,428	—

The estimated fair values approximate the carrying amounts for all assets and liabilities except those described later in this paragraph. The methodology for determining the estimated fair value for securities available for sale is described in Note 6. The estimated fair value for loans is based on the rates charged at March 31, 2014 and December 31, 2013 for new loans with similar maturities, applied until the loan is assumed to reprice or be paid. The allowance for loan losses is considered to be a reasonable estimate of discount for credit quality concerns. The estimated fair values for time deposits and Federal Home Loan Bank ("FHLB") advances are based on the rates paid at March 31, 2014 and December 31, 2013 for new deposits or FHLB advances, applied until maturity. The estimated fair values for other financial instruments and off-balance sheet loan commitments are considered nominal.

NOTE 6 — FAIR VALUE MEASUREMENTS

The following tables present information about the Bank's assets and liabilities measured at fair value on a recurring basis and the valuation techniques used by the Bank to determine those fair values.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Bank has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Bank's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

There were no liabilities measured at fair value as of March 31, 2014 or December 31, 2013. Disclosures concerning assets measured at fair value are as follows:

Assets Measured at Fair Value on a Recurring Basis

Changes in Level 3 Assets Measured at Fair Value on a Recurring Basis

(Dollars in thousands)

	2014	2013
Investment Securities, Available for Sale		
Balance, January 1	\$11,328	\$2,599
Total realized and unrealized gains included in income	—	—
Total unrealized gains (losses) included in other comprehensive income	(261)	132
Net purchases, sales, calls, and maturities	(17)	(6)
Net transfers into Level 3	74	—
Balance, March 31	\$11,124	\$2,725

Of the Level 3 assets that were held by the Bank at March 31, 2014, the net unrealized loss for the three months ended March 31, 2014 was \$204,000, which is recognized in other comprehensive income in the consolidated balance sheet. There were no purchases or sales of level 3 securities during the first quarter of 2014 or 2013.

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 investment securities and liabilities. As a result, the unrealized gains and losses for these assets and liabilities presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Available for sale investment securities categorized as Level 3 assets primarily consist of bonds issued by local municipalities. The Bank estimates the fair value of these bonds based on the present value of expected future cash flows using management's best estimate of key assumptions, including forecasted interest yield and payment rates, credit quality and a discount rate commensurate with the current market and other risks involved.

The Bank also has assets that under certain conditions are subject to measurement at fair value on a non-recurring basis. These assets are not normally measured at fair value, but can be subject to fair value adjustments in certain circumstances, such as impairment. Disclosures concerning assets measured at fair value on a non-recurring basis are as follows:

Assets Measured at Fair Value on a Non-recurring Basis

(Dollars in thousands)	Balance	Quoted	Significant	Significant
	at Dates	Prices in	Other	Unobservable

		Active Markets for Identical Assets	Observable Inputs	Inputs
	Indicated	(Level 1)	(Level 2)	(Level 3)
Impaired Loans				
March 31, 2014	\$ 8,355	\$ —	\$ —	\$ 8,355
December 31, 2013	\$ 8,287	\$ —	\$ —	\$ 8,287
Other Real Estate				
March 31, 2014	\$ 548	\$ —	\$ —	\$ 548
December 31, 2013	\$ 508	\$ —	\$ —	\$ 508

Impaired loans categorized as Level 3 assets consist of non-homogeneous loans that are considered impaired. The Bank estimates the fair value of the loans based on the present value of expected future cash flows using management's best estimate of key assumptions. These assumptions include future payment ability, timing of payment streams, and estimated realizable values of available collateral (typically based on outside appraisals). The changes in fair value consisted of charge-downs of impaired loans that were posted to the allowance for loan losses and write-downs of other real estate that were posted to a valuation account.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion is designed to provide a review of the consolidated financial condition and results of operations of ChoiceOne Financial Services, Inc. ("ChoiceOne" or the "Registrant") and its wholly-owned subsidiary, ChoiceOne Bank (the "Bank"), and the Bank's wholly-owned subsidiary, ChoiceOne Insurance Agencies, Inc. This discussion should be read in conjunction with the consolidated financial statements and related notes.

FORWARD-LOOKING STATEMENTS

This discussion and other sections of this quarterly report contain forward-looking statements that are based on management's beliefs, assumptions, current expectations, estimates and projections about the financial services industry, the economy, and ChoiceOne itself. Words such as "anticipates," "believes," "estimates," "expects," "forecasts," "intends," "is likely," "plans," "predicts," "projects," "may," "could," variations of such words and similar expressions are intended to identify such forward-looking statements. Management's determination of the provision and allowance for loan losses, the carrying value of goodwill and loan servicing rights, and the fair value of investment securities (including whether any impairment on any investment security is temporary or other-than-temporary) and management's assumptions concerning pension and other postretirement benefit plans involve judgments that are inherently forward-looking. All of the information concerning interest rate sensitivity is forward-looking. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions ("risk factors") that are difficult to predict with regard to timing, extent, likelihood, and degree of occurrence. Therefore, actual results and outcomes may materially differ from what may be expressed, implied or forecasted in such forward-looking statements. Furthermore, ChoiceOne undertakes no obligation to update, amend, or clarify forward-looking statements, whether as a result of new information, future events, or otherwise.

Risk factors include, but are not limited to, the risk factors discussed in Item 1A of the Registrant's Annual Report on Form 10-K for the year ended December 31, 2013; changes in banking laws and regulations; changes in tax laws; changes in prices, levies, and assessments; the impact of technological advances; governmental and regulatory policy changes; the outcomes of pending and future litigation and contingencies; trends in customer behavior as well as their abilities to repay loans; changes in the local and national economies; changes in market conditions; the level and timing of asset growth; various other local and global uncertainties such as acts of terrorism and military actions; and current uncertainties and fluctuations in the financial markets and stocks of financial services providers due to concerns about capital and credit availability and concerns about the Michigan economy in particular. These are representative of the risk factors that could cause a difference between an ultimate actual outcome and a preceding forward-looking statement.

RESULTS OF OPERATIONS

Summary

Net income for the first quarter of 2014 was \$1,248,000, which represented an increase of \$13,000 or 1% compared to the same period in 2013. Decreases in net interest income and noninterest income were offset by a decrease in the provision for loan losses and noninterest expense for the first quarter of 2014 compared to the first quarter of 2013. An increase in the provision for loan losses was partially offset by a decrease in noninterest expense in the first quarter of 2014 compared to the fourth quarter in 2013. Basic and diluted earnings per common share were \$0.38 for the first quarter of 2014 compared to \$0.37 for the same period in 2013. The return on average assets and return on average shareholders' equity percentages were 0.97% and 8.13%, respectively, for the first quarter of 2014, compared to 0.98%

and 8.10%, respectively, for the same period in 2013.

Dividends

Cash dividends of \$461,000 or \$0.14 per share were declared in the first quarter of 2014, compared to \$429,000 or \$0.13 per share in the first quarter of 2013. The cash dividend payout percentage was 37% for the first three months of 2014, compared to 35% in the same period a year ago.

Interest Income and Expense

Tables 1 and 2 on the following pages provide information regarding interest income and expense for the three-month periods ended March 31, 2014 and 2013. Table 1 documents ChoiceOne's average balances and interest income and expense, as well as the average rates earned or paid on assets and liabilities. Table 2 documents the effect on interest income and expense of changes in volume (average balance) and interest rates. These tables are referred to in the discussion of interest income, interest expense and net interest income.

Table 1 – Average Balances and Tax-Equivalent Interest Rates

(Dollars in thousands)	Three Months Ended March 31,					
	2014			2013

Total liabilities	452,511			442,354		
Shareholders' equity	61,317			61,016		
Total liabilities and shareholders' equity	\$513,828			\$503,370		
Net interest income (tax-equivalent basis)-interest spread		4,534	3.82 %		4,606	3.98 %
Tax-equivalent adjustment (1)		(182)			(179)	
Net interest income		\$4,352			\$4,427	
Net interest income as a percentage of earning assets (tax-equivalent basis)			3.91 %			4.09 %

(1) Adjusted to a fully tax-equivalent basis to facilitate comparison to the taxable interest-earning assets. The adjustment uses an incremental tax rate of 34% for the periods presented.

(2) Includes the effect of unrealized gains or losses on securities.

(3) Taxable securities include dividend income from Federal Home Loan Bank and Federal Reserve Bank stock.

Table 2 – Changes in Tax-Equivalent Net Interest Income

(Dollars in thousands)	Three Months Ended		
	March 31, 2014 Over 2013		
	Total	Volume	Rate
Increase (decrease) in interest income (1)			
Loans (2)	\$(180)	\$ 486	\$(666)
Taxable securities	19	58	(39)
Nontaxable securities (2)	3	100	(97)
Other	—	(1)	1
Net Change in tax-equivalent interest income	(158)	643	(801)
Increase (decrease) in interest expense (1)			
Interest-bearing demand deposits	(5)	20	(25)
Savings deposits	(1)	1	(2)
Certificates of deposit	(91)	(37)	(54)
Advances from Federal Home Loan Bank	7	33	(26)
Other	4	3	1
Net change in interest expense	(86)	20	(106)
Net change in tax-equivalent net interest income	\$(72)	\$ 623	\$(695)

- The volume variance is computed as the change in volume (average balance) multiplied by the previous year's interest rate. The rate variance is computed as the change in interest rate multiplied by the previous year's volume (average balance). The change in interest due to both volume and rate has been allocated to the volume and rate changes in proportion to the relationship of the absolute dollar amounts of the change in each.
- (1) Interest on nontaxable investment securities and loans has been adjusted to a fully tax-equivalent basis using an incremental tax rate of 34% for the periods presented.

Net Interest Income

The presentation of net interest income on a tax-equivalent basis is not in accordance with generally accepted accounting principles ("GAAP"), but is customary in the banking industry. This non-GAAP measure ensures comparability of net interest income arising from both taxable and tax-exempt loans and investment securities. The adjustments to determine net interest income on a tax-equivalent basis were \$182,000 and \$179,000 for the three months ended March 31, 2014 and 2013, respectively. These adjustments were computed using a 34% federal income tax rate.

As shown in Tables 1 and 2, tax-equivalent net interest income decreased \$72,000 in the first three months of 2014 compared to the same period in 2013. The combination of growth in average interest-earning assets was partially

offset by an increase in average interest-bearing liabilities, which caused net interest income to increase \$623,000 in the first quarter of 2014 compared to the same quarter in the prior year. A reduction of 16 basis points in the net interest spread from 3.98% in the first quarter of 2013 to 3.82% in the same quarter in 2014, resulted in a \$695,000 decrease in net interest income.

The average balance of loans increased \$6.9 million in the first quarter of 2014 compared to the same period in 2013. Average commercial and industrial and commercial real estate loans were \$14.2 million higher, which was partially offset by a \$1.2 million decrease in the average balance of consumer loans and a \$6.1 million decrease in average residential mortgage loans in the first quarter of 2014 compared to the same quarter in the prior year. The increase in the average loans balance was offset by a 33 basis point decrease in the average rate earned. This caused tax-equivalent interest income from loans to decline \$180,000 in the first quarter of 2014 compared to the same period in the prior year. The average balance of total securities grew \$7.4 million in the first three months of 2014 compared to the same period in 2013. Additional securities were purchased in 2013 and in the first quarter of 2014 to provide added liquidity and to provide earning asset growth. The growth in securities, partially offset by the effect of lower interest rates earned, caused interest income to increase \$22,000 in the first quarter of 2014 compared to the same quarter in 2013.

The average balance of interest-bearing demand deposits increased \$7.9 million in the first three months of 2014 compared to the same period in 2013. The effect of the higher average balance was offset by a 3 basis point decline in the average rate paid, which caused interest expense to decrease \$5,000 in the first quarter of 2014 compared to the same quarter in 2013. The average balance of savings deposits increased \$930,000 in the first quarter of 2014 compared to the same quarter in the prior year. The impact of the savings deposit growth was offset by a 1 basis point drop in the average rate paid, resulting in a decrease in interest expense of \$1,000 in the first three months of 2014 compared to the same period in 2013. The average balance of certificates of deposit was down \$17.6 million in the first quarter of 2014 compared to the same period in 2013. The average balance of local certificates was \$16.1 million lower while the average balance of nonlocal certificates was \$1.5 million lower in the first quarter of 2014 than in the same period in 2013. The decline in certificates of deposit plus an 18 basis point reduction in the average rate paid on certificates caused interest expense to fall \$91,000 in the first quarter of 2014 compared to the same period in 2013. A combination of a \$7.5 million increase in the average balance of Federal Home Loan Bank advances partially offset by a 327 basis point decrease in the average rate paid caused interest expense to increase \$7,000 in the first quarter of 2014 compared to the same quarter in 2013. An increase of \$4.0 million in the average balance of other interest-bearing liabilities in the first quarter of 2014 compared to the first quarter of 2013, plus the effect of a 2 basis point increase in the average rate paid caused a \$4,000 increase in interest expense.

ChoiceOne's net interest income spread was 3.82% in the first quarter of 2014, compared to 3.98% for the first quarter of 2013. The decline in the interest spread was due to a 26 basis point decrease in the average rate earned on interest earning assets in the first quarter of 2014 compared to the same quarter in 2013, which was partially offset by a 10 basis point decrease in the average rate paid on interest-bearing liabilities. The reduction in the average rate earned on interest-earning assets was caused by relatively low general market rates on new loan originations and securities purchased in 2013 and the first quarter of 2014. Interest rates on loans are also being impacted by rate pressure from some of ChoiceOne's competing financial institutions. The lower rate paid on interest-bearing liabilities resulted from repricing of local deposits as general market interest rates remained low during 2013 and the first quarter of 2014.

Provision and Allowance for Loan Losses

Total loans increased \$4.5 million since the end of 2013, while the allowance for loan losses declined \$140,000 from December 31, 2013 to March 31, 2014. The provision for loan losses was \$100,000 in the first quarter of 2014 compared to \$300,000 in the same period in 2013. The reduction in the provision for loan losses was due to a lower level of net charge-offs in the first three months of 2014 than in the same period in 2013 and to improvements in historical charge-off levels. Nonperforming loans were \$8.1 million as of March 31, 2014, compared to \$7.7 million as of December 31, 2013. The increase in nonperforming loans in the first quarter of 2014 was comprised primarily of an increase of \$247,000 in residential real estate loans and an increase of \$258,000 in commercial real estate loans, offset partially by a reduction of \$152,000 in agricultural loans. The allowance for loan losses was 1.43% of total loans at March 31, 2014, compared to 1.50% at December 31, 2013 and 1.88% at March 31, 2013.

Charge-offs and recoveries for respective loan categories for the three months ended March 31 were as follows:

Edgar Filing: CHOICEONE FINANCIAL SERVICES INC - Form 10-Q

(Dollars in thousands)	2014		2013	
	Charge-offs	Recoveries	Charge-offs	Recoveries
Agricultural	\$ —	\$ 1	\$ —	\$ 1
Commercial and industrial	1	20	21	37
Consumer	53	50	97	52
Real estate, commercial	185	14	98	10
Real estate, residential	90	4	164	9
	\$ 329	\$ 89	\$ 380	\$ 109

Net charge-offs in the first quarter of 2014 were \$240,000 compared to \$271,000 in the first quarter of 2013. Net charge-offs on an annualized basis as a percentage of average loans were 0.30% in the first three months of 2014 compared to 0.35% for the same period in the prior year. Management is aware that the economic climate in Michigan will continue to affect business and personal borrowers. Management has worked and intends to continue to work with delinquent borrowers in an attempt to lessen the negative impact to ChoiceOne. As charge-offs, changes in the level of nonperforming loans, and changes within the composition of the loan portfolio occur throughout 2014, the provision and allowance for loan losses will be reviewed by the Bank's management and adjusted as necessary.

Noninterest Income

Total noninterest income decreased \$125,000 in the first quarter of 2014 compared to the same period in 2013. An increase in customer service charges of \$21,000 in the first quarter of 2014 compared to the same period in the prior year was due to additional income from debit card activity. Insurance and investment commissions increased \$82,000 in the first quarter of 2014 compared to the same period in 2013. Gains on loan sales decreased \$347,000 in the first quarter of 2014 compared to the same period in 2013. Residential mortgage refinancing activity has slowed and the harsh winter slowed the housing market in the first quarter, contributing to the decrease. An increase of \$42,000 in the first quarter of 2014 in gains on sales of securities when compared to the same period in 2013 resulted from higher sales activity and lower rates in the first three months of 2014 than in the same period of the prior year. A decrease of \$68,000 in the first quarter of 2014 in losses on sales and write-downs of other assets when compared to the same periods in 2013 resulted from less write-downs of foreclosed properties with less properties in other real estate ("ORE").

Noninterest Expense

Total noninterest expense decreased \$21,000 in the first quarter of 2014 compared to the same period in 2013. The increase of \$68,000 in salaries and benefits in the first quarter of 2014 compared to the same period in 2013 resulted from higher salaries and health insurance costs. Occupancy and equipment expense increased \$47,000 during the first three months of 2014 compared to the same period in 2013 due to maintenance costs associated with the hard winter and miscellaneous small equipment purchases for our information technology group in the first quarter of 2014. Professional fees increased \$39,000 in the first quarter of 2014 compared to the same period in 2013. The \$85,000 decrease in loan and collection expense in the first quarter of 2014 compared to the same period in 2013 was due to a lower level of ORE properties.

Income Tax Expense

Income tax expense was \$435,000 in the first quarter of 2014 compared to \$426,000 for the same period in 2013. The effective tax rate was 25.9% for 2014 and 25.6% for 2013. The increase in the effective tax rate in 2014 compared to 2013 was due to a lower percentage of nontaxable income from municipal securities.

FINANCIAL CONDITION

Securities

The securities available for sale portfolio increased \$7.2 million from December 31, 2013 to March 31, 2014. The increase in the securities portfolio was due to growth in deposits in the first three months of 2014. Various securities totaling \$13.9 million were purchased in the first three months of 2014 to provide earning assets and to replace maturities, principal repayments, and calls within the securities portfolio. Approximately \$1.6 million in various securities were called or matured since the end of 2013. Principal repayments on securities totaled \$406,000 million in the first three months of 2014. Approximately \$4.7 million of securities were sold in the first three months of 2014 for

a net gain of \$65,000.

Loans

The loan portfolio (excluding loans held for sale) increased \$4.5 million from December 31, 2013 to March 31, 2014. Commercial and industrial loans increased \$6.4 million in the first quarter of 2014 and commercial real estate loans increased \$3.3 million during the same period. Agricultural loans decreased \$5.7 million in the first quarter of 2014 and mortgage loans held for sale decreased \$203,000 during the same period. The other loan categories experienced growth to a lesser extent or declines in the same time period.

Asset Quality

Information regarding impaired loans can be found in Note 3 to the consolidated financial statements included in this report. The total balance of loans classified as impaired was \$8.4 million at March 31, 2014 and \$8.3 million as of December 31, 2013. The balance of commercial real estate loans classified as impaired has grown \$407,000 and the balance of commercial and industrial loans classified as impaired has decreased \$332,000 since the end of 2013.

As part of its review of the loan portfolio, management also monitors the various nonperforming loans. Nonperforming loans are comprised of: (1) loans accounted for on a nonaccrual basis; (2) loans, not included in nonaccrual loans, which are contractually past due 90 days or more as to interest or principal payments; and (3) loans, not included in nonaccrual or loans past due 90 days or more, which are considered troubled debt restructurings.

The balances of these nonperforming loans were as follows:

(Dollars in thousands)

	March 31, 2014	December 31, 2013
Loans accounted for on a nonaccrual basis	\$4,533	\$ 3,123
Accruing loans contractually past due 90 days or more as to principal or interest payments	167	11
Loans considered troubled debt restructurings	3,380	4,523
Total	\$8,080	\$ 7,657

At March 31, 2014, nonaccrual loans included \$2.9 million in commercial real estate loans, \$927,000 in residential real estate loans, \$431,000 in commercial and industrial loans, and \$300,000 in agricultural loans. At December 31, 2013, nonaccrual loans included \$1.6 million in commercial real estate loans, \$691,000 in residential real estate loans, \$372,000 in commercial and industrial loans, \$452,000 in agricultural loans, and \$2,000 in consumer loans. The increase in nonaccrual loans was due to the deterioration of certain credits. Management believes the allowance allocated to its nonperforming loans is sufficient at March 31, 2014; however, management believes future credit deterioration is possible given the status of the Michigan economy.

Other Real Estate Owned

The balance of other real estate owned ("OREO") increased \$40,000 in the first quarter of 2014. Residential real estate loans totaling \$246,000 were transferred into OREO during the first three months of 2014 while sales of properties or payments upon them or write-downs of the value of other real estate properties were \$206,000 for the same time period. Management believes there may be transfers from loans into OREO during the remainder of 2014. The OREO balance may also be affected by troubled debt restructurings in future quarters as loans can be restructured as an alternative to foreclosure. Management is continuing to work with borrowers in an attempt to mitigate potential losses for ChoiceOne.

Deposits and Borrowings

Total deposits increased \$10.3 million in the first quarter of 2014. Checking and savings deposits increased \$14.2 million, while local certificates of deposit decreased \$3.9 million in the first three months of 2014.

A decrease of \$5.7 million in repurchase agreements in the first three months of 2014 was due to normal fluctuations in funds provided by bank customers. Certain securities are sold under agreements to repurchase them the following day. Management plans to continue this practice as a low-cost source of funding. Federal Home Loan Bank advances were flat in the first quarter of 2014.

Shareholders' Equity

Total shareholders' equity increased \$945,000 from December 31, 2013 to March 31, 2014. Growth in equity resulted from current year's net income, increases in accumulated other comprehensive income and proceeds from the issuance of ChoiceOne stock, offset by cash dividends paid. The \$118,000 increase in accumulated other comprehensive income since the end of 2013 was caused by an increase in net unrealized gains on available for sale securities. The change in unrealized gains resulted from decreases in mid- and short-term rates in the first quarter of 2014, which increased the market value of the Bank's securities.

Following is information regarding the Bank's compliance with regulatory capital requirements:

(Dollars in thousands)	Leverage		Tier 1		Total Risk-Based	
	Capital		Capital		Capital	
Capital balances at March 31, 2014	\$45,879		\$45,879		\$ 50,010	
Required regulatory capital to be considered "well capitalized"	24,864		21,004		35,006	
Capital in excess of "well capitalized" minimum	21,015		24,875		15,004	
Capital ratios at March 31, 2014	9.23	%	13.11	%	14.29	%
Regulatory capital ratios - minimum requirement to be considered "well capitalized"	5.00	%	6.00	%	10.00	%

Management reviews the capital levels of ChoiceOne and the Bank on a regular basis. The Board of Directors (the “Board”) and management believe that the capital levels as of March 31, 2014 are adequate for the foreseeable future. The Board’s determination of appropriate cash dividends for future periods will be based on market conditions and ChoiceOne’s requirements for cash and capital.

Liquidity

Net cash provided from operating activities was \$2.2 million for the three months ended March 31, 2014 compared to \$806,000 provided in the same period a year ago. Lower proceeds from loan sales were mostly offset by lower loans originated for sale. A lower provision for loan losses in 2014, zero write-downs of OREO properties, and lower gains on sales of loans also affected operating activities. Net cash used in investing activities was \$12.3 million for the first three months of 2014 compared to \$1.9 million in the same period in 2013. The change was due to a higher level of purchases of securities available for sale and higher net loan originations, which was offset by a higher level of security sales. Net cash from financing activities was \$4.1 million in the three months ended March 31, 2014 compared to net cash used of \$148,000 in the same period in the prior year. A large increase in deposits in 2014 partially offset by a reduction in repurchase agreements in 2014 caused the change.

Management believes that the current level of liquidity is sufficient to meet the Bank’s normal operating needs. This belief is based upon the availability of deposits from both the local and national markets, maturities of securities, normal loan repayments, income retention, federal funds purchased from correspondent banks, and advances available from the Federal Home Loan Bank. The Bank also has a secured line of credit available from the Federal Reserve Bank.

Item 4. Controls and Procedures.

An evaluation was performed under the supervision and with the participation of the Registrant’s management, including the Chief Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of the Registrant’s disclosure controls and procedures. Based on and as of the time of that evaluation, the Registrant’s management, including the Chief Executive Officer and Principal Financial Officer, concluded that the Registrant’s disclosure controls and procedures were effective as of the end of the period covered by this report to ensure that material information required to be disclosed in the reports that ChoiceOne files or submits under the Securities Exchange Act of 1934 (the “Exchange Act”) is recorded, processed, summarized and reported within the time periods specified by the Securities and Exchange Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the reports that ChoiceOne files or submits under the Exchange Act is accumulated and communicated to management, including ChoiceOne’s principal executive and principal financial officers, as appropriate to allow for timely decisions regarding required disclosure. There was no change in the Registrant’s internal control over financial reporting that occurred during the three months ended March 31, 2014 that has materially affected, or that is reasonably likely to materially affect, the Registrant’s internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

There are no material pending legal proceedings to which the Registrant or the Bank is a party or to which any of their properties are subject, except for proceedings that arose in the ordinary course of business. In the opinion of management, pending or current legal proceedings will not have a material effect on the consolidated financial condition of the Registrant.

Item 1A. Risk Factors.

Information concerning risk factors is contained in the discussion in Item 1A, "Risk Factors," in the Registrant's Annual Report on Form 10-K for the year ended December 31, 2013. As of the date of this report, ChoiceOne does not believe that there has been a material change in the nature or categories of ChoiceOne's risk factors, as compared to the information disclosed in the Registrant's Annual Report on Form 10-K for the year ended December 31, 2013.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

On January 22, 2014 the Registrant issued 885 shares of common stock, without par value, to the directors of the Registrant pursuant to the Directors' Stock Purchase Plan for an aggregate cash price of \$15,000. The Registrant relied on the exemption contained in Section 4(a)(5) of the Securities Act of 1933 in connection with these sales.

ISSUER PURCHASES OF EQUITY SECURITIES

There were no purchases of equity securities by the Registrant in the first quarter of 2014. As of March 31, 2014, there are 84,920 shares remaining that may yet be purchased under approved plans or programs. The repurchase plan was adopted and announced on July 26, 2007. There is no stated expiration date. The plan authorized the repurchase of up to 100,000 shares.

Item 6. Exhibits
