INNSUITES HOSPITALITY TRUST AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

AS OF OCTOBER 31 AND JANUARY 31, 2013

AND FOR THE THREE AND NINE MONTHS ENDED OCTOBER 31, 2013 AND 2012

1. NATURE OF OPERATIONS AND BASIS OF PRESENTATION

As of October 31, 2013, InnSuites Hospitality Trust (the “Trust”, “we” or “our”) controls directly and through a partnership interest, five hotels with an aggregate of 843 suites in Arizona, southern California and New Mexico (the “Hotels”). The Hotels operate under the trade name “InnSuites Hotels.”

The Trust is the sole general partner of RRF Limited Partnership, a Delaware limited partnership (the “Partnership”), and owned 72.04% of the Partnership as of October 31, 2013 and January 31, 2013. The Trust’s weighted average ownership for the nine month periods ended October 31, 2013 and 2012 was 72.04% and 72.03%, respectively. As of October 31, 2013, the Partnership owned 100% of one InnSuites® hotel located in Tucson, Arizona and together with the Trust owned a 55.09% interest in another InnSuites® hotel located in Tucson, Arizona and a 61.60% interest in an InnSuites® hotel located in Ontario, California. The Trust owns and operates a Yuma, Arizona hotel property directly, which it acquired from the Partnership on January 31, 2005, and owns a direct 50.63% interest in an InnSuites® hotel located in Albuquerque, New Mexico.

The Trust directly manages the Hotels through the Trust’s wholly-owned subsidiary, InnSuites Hotels. Under the management agreements, InnSuites Hotels manages the daily operations of the Hotels and three other hotels owned by affiliates of Mr. Wirth, the Company’s Chief Executive Officer and Chairman of the Board of Trustees. All Trust managed Hotel expenses, revenues and reimbursements among the Trust, InnSuites Hotels and the Partnership have been eliminated in consolidation. The management fees for the Hotels are set at 2.5% of room revenue and a monthly accounting fee of \$2,000 per hotel. The management fees for the three hotels owned by affiliates of Mr. Wirth were set at 2.5% of room revenue and an annual accounting fee of \$27,000, payable \$1,000 per month with an additional payment of \$15,000 due at year-end for annual accounting closing activities. The additional year-end annual accounting closing fee of \$15,000 was discontinued at the end of fiscal year 2013. As of October 1, 2013, the accounting fee for the three hotels owned by affiliates of Mr. Wirth increased from \$1,000 to \$2,000 per month, which is consistent with the structure for the Hotels. These agreements have no expiration date and may be cancelled by either party with 90-days written notice or 30-days written notice in the event the property changes ownership.

The Trust also provides the use of the “InnSuites” trademark to the Hotels and the three hotels owned by affiliates of Mr. Wirth through the Trust’s wholly-owned subsidiary, InnSuites Hotels. All such fees among InnSuites Hotels, the

Trust and the Partnership have been eliminated in consolidation. From January 1, 2012 through December 31, 2012, the fees received by InnSuites Hotels were equal to \$10.00 per month per room for the first 100 rooms, and \$2.00 per month per room for the number of rooms exceeding 100. As of January 1, 2013, these trademark fees were discontinued. In their place, the per reservation fee was increased to a flat 10% of the value of the reservations received.

PARTNERSHIP AGREEMENT

The Partnership Agreement of the Partnership provides for the issuance of two classes of Limited Partnership units, Class A and Class B. Class A and Class B Partnership units are identical in all respects, except that each Class A Partnership unit is convertible into one newly-issued Share of Beneficial Interest of the Trust at any time at the option of the particular limited partner. The Class B Partnership units may only become convertible, each into one newly-issued Share of Beneficial Interest of the Trust, with the approval of the Board of Trustees, in its sole discretion. As of October 31 and January 31, 2013, 286,034 Class A Partnership units were issued and outstanding representing 2.17% of the total Partnership units. Additionally, as of October 31 and January 31, 2013, 3,407,938 Class B Partnership units were outstanding to James Wirth, the Trust's Chairman and Chief Executive Officer, and Mr. Wirth's affiliates, representing 25.79% of the total Partnership units. If all of the Class A and B Partnership units were converted on October 31, 2013, the limited partners in the Partnership would receive 3,693,972 Shares of Beneficial Interest of the Trust. As of October 31 and January 31, 2013, the Trust owns 9,517,545 general partner units in the Partnership, representing 72.04% of the total Partnership units.

BASIS OF PRESENTATION

The financial statements of the Partnership, InnSuites Hotels and Yuma Hospitality LP, are consolidated with the Trust, and all significant intercompany transactions and balances have been eliminated.

These unaudited condensed consolidated financial statements have been prepared in accordance with the instructions for Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America (“GAAP”) for complete consolidated financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the nine-month and the three-month periods ended October 31, 2013 are not necessarily indicative of the results that may be expected for the Trust’s fiscal year ending January 31, 2014. For further information, refer to the consolidated financial statements and footnotes thereto included in the Trust’s Annual Report on Form 10-K as of and for the year ended January 31, 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates and assumptions made by management include, but are not limited to, the estimated useful lives of long-lived assets and estimates of future cash flows used to test a long-lived asset for recoverability and the fair values of the long-lived assets.

The Trust’s operations are affected by numerous factors, including the economy and its effect on the travel and hospitality industries and competition in the hotel industry. The Trust cannot predict if any of the above items will have a significant impact in the future, nor can it predict what impact, if any, the occurrence of these or other events might have on the Trust’s operations and cash flows.

LIQUIDITY

Our principal source of cash to meet our cash requirements, including distributions, is our share of the Partnership’s cash flow, cash flows from the Albuquerque, New Mexico property and the Yuma, Arizona property. The Partnership’s principal source of cash flows is Hotel operations for the one hotel property it owns and from its partial ownership of the Tucson, Arizona and Ontario, California properties. Our liquidity, including our ability to make distributions to our shareholders, will depend upon our ability and the Partnership’s ability to generate sufficient cash flow from Hotel operations and to service our debt.

Hotel operations are significantly affected by occupancy and room rates. Occupancy increased from the first nine months of fiscal year 2013 to the nine months of fiscal year 2014, while rates decreased. Results are also significantly impacted by overall economic conditions and, specifically, conditions in the travel industry. Unfavorable changes in these factors could negatively impact hotel room demand and pricing, which would reduce the Trust's profit margins on rented studio suites.

During fiscal year 2014, capital improvements are expected to be reduced by approximately \$725,000 from the prior year and we expect increased cash flow from the reduction of principal and interest payments on the Ontario property. Additionally, we have a \$600,000 bank line of credit which matures on June 23, 2014. As of October 31, 2013, the Trust had \$600,000 drawn on this line of credit.

With anticipated improved operating income, anticipated additional capital offerings, increased cash flow from the reduction of principal and interest payments on the Ontario property, and the anticipated business loan (see Note 11), management believes that it will have enough cash on hand to meet all of our financial obligations as they become due for at least the next year. In addition, our management is analyzing other strategic options available to us, including the refinancing of another property or raising additional funds through additional non-controlling interest sales; however, such transactions may not be available or available on terms that are favorable to the Trust.

We anticipate a moderate improvement in the weak overall economic situation that negatively affected results in fiscal years 2012 and 2013, which could result in higher revenues and operating margins. Challenges in fiscal year 2014 are expected to continue to include continued competition for all types of business in the markets in which we operate and our ability to maintain room rates while maintaining market share.

REVENUE RECOGNITION

Room, food and beverage, management and licensing fees, and other revenue are recognized as earned as services are provided and items are sold. Sales taxes collected are excluded from gross revenue.

INCOME PER SHARE

Basic and diluted income per Share of Beneficial Interest is computed based on the weighted-average number of Shares of Beneficial Interest and potentially dilutive securities outstanding during the period. Dilutive securities are limited to the Class A and Class B units of the Partnership, which are convertible into 3,693,972 shares of the Beneficial Interest, as discussed in Note 1.

At the beginning of each period, the aggregate weighted-average of these Shares of Beneficial Interest for units of the Partnership would have been 3,693,972 and 3,694,894. Due to the net losses attributable to controlling interest, these Shares of Beneficial Interest issuable upon conversion of the Class A and Class B Partnership units were anti-dilutive during both nine month and three month periods ended October 31, 2013 and 2012. Therefore no reconciliation of basic and diluted income per share is presented.

3. STOCK-BASED COMPENSATION

For the nine months ended October 31, 2013, the Trust recognized expenses of \$23,220 related to stock-based compensation. The Trust issued 18,000 restricted shares with a total market value of \$30,960 in February 2013 as compensation to its three outside Trustees for fiscal year 2014. On a monthly basis, each outside Trustee vests 500 shares.

The following table summarizes restricted share activity during the nine months ended October 31, 2013:

	Restricted Shares	Weighted-Average	Date Fair Value
	Shares	Per Share Grant	
Balance at January 31, 2013	-	—

Vested	(13,500)	\$ 1.72	
Forfeited	-	—	
Balance of unvested awards at October 31, 2013	4,500	\$ 1.72	

4. RELATED PARTY TRANSACTIONS

As of October 31, 2013, the Trust had advances payable and as of October 31, 2012, the Trust had advances receivable with affiliates of Mr. Wirth. The advances bear interest at 7.0% per annum and are interest only quarterly payments at a minimum. No prepayment penalties exist on any of these advances. Related party balances significantly fluctuate through the fiscal year. On October 31, 2013 and 2012 the advances payable balance was \$564,150 and advances receivable balance was \$307,006, respectively. Related party net interest expense for the nine months ending

October 31, 2013 was \$4,796, and net interest income for the nine months ending October 31, 2012 was \$13,024. Advances receivables with affiliates are included in "Accounts Receivable," and notes payable with affiliates are included in the "Accounts Payable and Accrued Expenses" of the Trust's Condensed Consolidated Balance Sheets.

As of October 31, 2013 and 2012, Mr. Wirth and his affiliates held 3,407,938 Class B limited partnership units in the Partnership. As of October 31, 2013 and 2012, Mr. Wirth and his affiliates held 6,055,376 Shares of Beneficial Interest of the Trust.

See Note 6 – "Sale of Membership Interests in Albuquerque Suite Hospitality, LLC", Note 7 – "Sale of Partnership Interests in Tucson Hospitality Properties, LP", Note 8 – "Sale of Partnership Interests in Ontario Hospitality Properties, LP" and Note 11 – "Subsequent Events - Additional Sale of Partnership Interests in Tucson Hospitality Properties, LP" for additional information on related party transactions.

5. NOTES PAYABLE TO BANK

On September 24, 2013, Ontario Hospitality Properties, LP ("Ontario"), a subsidiary of the Trust, entered into a \$168,540 business loan, including \$9,540 of loan fees, with American Express Bank, FSB (the "Agreement") with a maturity date of September 23, 2014. The agreement includes accelerated provisions upon default. The business loan is secured and paid back with 30% of the Ontario American Express merchant receipts received during the loan period. As of October 31, 2013, the business loan balance was \$150,383.

As of October 31, 2013, the Trust has a revolving bank line of credit agreement with a credit limit of \$600,000. The line of credit bears interest at the prime rate plus 1.00% per annum with a 6.0% rate floor, has no financial covenants and matures on June 23, 2014. The line is secured by a junior security interest in the Yuma, Arizona property and the Trust's trade receivables. Mr. Wirth is a guarantor on the line of credit. The Trust had drawn funds of \$600,000 on this line of credit as of October 31, 2013.

6. SALE OF MEMBERSHIP INTERESTS IN ALBUQUERQUE SUITE HOSPITALITY, LLC

As of October 31, 2013, the Trust holds a 50.63% ownership interest, Mr. Wirth and his affiliates hold a 0.12% interest, and other parties hold a 49.25% interest. The Albuquerque entity has discretionary preference payments to unrelated unit holders of \$137,900, to the Trust of \$141,750 and to Rare Earth of \$350 per year payable quarterly for calendar years 2014 and 2015.

7. SALE OF PARTNERSHIP INTERESTS IN TUCSON HOSPITALITY PROPERTIES, LP

On October 1, 2013, the Trust and Partnership entered into an updated restructuring agreement with Rare Earth to allow for the sale of additional interest units in Tucson Hospitality Properties, LP (the "Tucson entity"), which operates the Tucson Foothills hotel property. Under the agreement, Rare Earth agreed to either purchase or bring in other investors to purchase up to 160 (and potentially up to 200 if the overallotment is exercised) units. As of October 31, 2013 and per the updated restructuring agreement, the Partnership agreed to hold at least 50.1% of the outstanding limited partnership units in the Tucson entity, on a post-transaction basis. The Board of Trustees approved this restructuring on September 14, 2013. The Tucson entity is raising \$1,600,000 by selling 160 units. Of the 160 units, the Partnership and Trust are purchasing a net of 46 units. Consolidated proceeds after the Partnership and Trust purchase are expected to be \$1,140,000. Under the updated restructured limited partnership agreement, Rare Earth continues as general partner of the Tucson entity along with the Partnership.

The limited partnership interests in the Tucson entity are allocated to three classes with differing cumulative discretionary priority distribution rights through June 30, 2016 at which point it is anticipated the hotels will be owned free and clear. Class A units are owned by unrelated third parties and have first discretionary priority for distributions. Class B units are owned by the Trust and/or the Partnership and have second discretionary priority for distributions. Class C units are owned by Rare Earth or other affiliates of Mr. Wirth and have the lowest discretionary priority for distributions from the Tucson entity. Discretionary priority distributions are cumulative through June 30, 2016. After June 30, 2016, the Partnership will make distributions per the Partnership agreement, at the discretion of the General Partner. Rare Earth will receive a restructuring fee of \$128,000, conditioned upon and arising from the sale of the first 100 units in the Tucson entity following the October 1, 2013 restructuring. If certain triggering events related to the Tucson entity occur prior to the payment of all accumulated distributions to its members, such accumulated distributions will be paid out of any proceeds of the event before general distribution of the proceeds to the members. In the event that funds generated from a triggering event are insufficient to pay the total amount of all such accumulated distributions owed to the members, all Class A members will participate pro rata in the funds available for distribution to them until paid in full, then Class B, and then Class C. After all investors have received their initial capital plus a 7% per annum simple return, any additional profits will be allocated 50% to Rare Earth, with the remaining 50% allocated proportionately to all unit classes. Assuming all 160 units are sold from the offering discussed above, discretionary priority distributions to all Classes are projected to be \$540,400 annually through June 30, 2016. The Tucson entity plans to use its best efforts to pay the discretionary priority distributions. The Trust does not guarantee and is not otherwise obligated to pay the cumulative discretionary priority distributions. InnSuites Hotels will continue to provide management, licensing and reservation services to the property.

At October 31, 2013, the Partnership had sold seven units to unrelated parties at \$10,000 per unit totaling \$70,000 under the updated restructuring agreement. As of October 31, 2013, the Partnership holds a 53.31% ownership interest in the Tucson entity, the Trust holds a 1.78% ownership interest, Mr. Wirth and his affiliates hold a 1.94% interest, and other parties hold a 42.97% interest. The Tucson entity has discretionary payments to unrelated unit holders of \$186,200, to the Trust of \$7,700, to the Partnership of \$255,500 and to Rare Earth of \$8,400 per year payable quarterly for calendar years 2014 and 2015.

See Note 11 - "Subsequent Events - Additional Sale of Partnership Interests in Tucson Hospitality Properties, LP" for additional information on related party transactions.

8. SALE OF PARTNERSHIP INTERESTS IN ONTARIO HOSPITALITY PROPERTIES, LP

At October 31, 2013, the Partnership had sold 235 units to unrelated parties at \$10,000 per unit totaling \$2,350,000. As of October 31, 2013, the Partnership holds a 61.55% ownership interest in the Ontario entity, the Trust holds a 0.05% ownership interest, Mr. Wirth and his affiliates hold a 1.57% interest, and other parties hold a 36.83% interest. The Ontario entity has minimum discretionary payments to unrelated unit holders of \$164,500, to the Trust of \$210, to the Partnership of \$274,890 and to Rare Earth of \$7,000 per year payable quarterly for calendar years 2013 and 2014.

9. STATEMENTS OF CASH FLOWS, SUPPLEMENTAL DISCLOSURES

The Trust paid \$599,262 and \$745,571 in cash for interest for the nine months ended October 31, 2013 and 2012, respectively.

During the third quarter of fiscal year 2014, the Trust issued a promissory note for \$18,500 to an unrelated third party for the purchase of 9,532 Shares of Beneficial Interest of the Trust shares. The note is due in 36 monthly principal and interest installments of \$571 and matures on October 22, 2016.

10. COMMITMENTS AND CONTINGENCIES

Two of the Hotels are subject to non-cancelable ground leases expiring in 2033 and 2050. Total expense associated with the non-cancelable ground leases for the nine months ended October 31, 2013 was \$149,747, including a variable component based on gross revenues of one of the properties that totaled approximately \$90,849.

During fiscal year 2010, the Trust entered into a five-year office lease for its corporate headquarters. The Trust recorded \$31,703 and \$24,152 of general and administrative expense related to the lease during the nine-month period ended October 31, 2013 and 2012, respectively. The lease includes a base rent charge of \$24,000 for the first lease year with annual increases to a final year base rent of \$39,600. Currently our rent is \$3,694 per month. The Trust has the option to cancel the lease after each lease year for penalties of four months' rent after the first year with the penalty decreasing by one month's rent each successive lease year. It is the Trust's intention to remain in the office for the duration of the five-year lease period.

Future minimum lease payments under the non-cancelable ground leases and office lease are as follows:

Fiscal Year Ending	
Remainder of 2014	\$63,598
2015	\$234,283
2016	\$212,121
2017	\$212,121
2018	\$212,121
Thereafter	\$5,014,895
Total	\$5,949,139

The Trust is obligated under loan agreements relating to four of its Hotels to deposit 4% of the individual Hotel's room revenue into an escrow account to be used for capital expenditures. The escrow funds applicable to the four Hotel properties for which a mortgage lender escrow exists are reported on the Trust's Condensed Consolidated Balance Sheet as "Restricted Cash."

The nature of the operations of the Hotels exposes them to risks of claims and litigation in the normal course of their business. Although the outcome of these matters cannot be determined, management does not expect that the ultimate resolution of these matters will have a material adverse effect on the consolidated financial position, results of operations or liquidity of the Trust.

The Trust is involved from time to time in various other claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Trust's consolidated financial position, results of operations or liquidity.

11. SUBSEQUENT EVENT – ADDITIONAL SALE OF PARTNERSHIP INTERESTS IN TUCSON HOSPITALITY PROPERTIES, LP AND ADDITIONAL BUSINESS LOAN

As discussed in Note 7 of the Financial Statements, the Trust sold seven units as of October 31, 2013. Subsequently, we continue to sell units during the fourth quarter of fiscal year 2014 ending January 31, 2014. As of November 26, 2014, the Trust has received verbal commitment from our investors to buy the remaining units of the offering by January 31, 2014.

On November 25, 2013, Yuma Hospitality Properties Limited Partnership (“Yuma”), a subsidiary of the Trust, entered into a \$342,000 business loan with American Express Bank, FSB with a maturity date of November 24, 2014. The agreement includes a loan fee of 6% of the original principal balance of the loan with acceleration provisions upon default. The business loan is secured and paid back with 30% of the Ontario American Express, VISA and MasterCard merchant receipts received during the loan period. The funds will be used for Yuma working capital.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

GENERAL

The following discussion should be read in conjunction with our unaudited condensed consolidated financial statements and notes thereto appearing elsewhere in this Form 10-Q.

We own the sole general partner's interest in the Partnership. Our principal source of cash to meet our cash requirements, including distributions to our shareholders, is our share of the Partnership's cash flow, quarterly distributions from the Albuquerque, New Mexico property and through the Partnership and our direct ownership of the Yuma, Arizona property. The Partnership's principal source of revenue is hotel operations for the one hotel property it owns and quarterly distributions from the Tucson, Arizona and Ontario, California properties.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

In our Annual Report on Form 10-K for the year ended January 31, 2013, we identified the critical accounting policies that affect our more significant estimates and assumptions used in preparing our consolidated financial statements. We believe that the policies we follow for the valuation of our Hotel properties, which constitute the majority of our assets, are our most critical policies. Those policies include methods used to recognize and measure any identified impairment of our Hotel property assets. There have been no material changes to our critical accounting policies since January 31, 2013.

HOTEL PROPERTIES

Our long-term strategic plan is to obtain the full benefit of our real estate equity and to migrate our focus from a hotel owner to a hospitality service company by expanding our trademark license, management, reservation, and marketing services. This plan is similar to strategies followed by internationally diversified hotel industry leaders, which over the last several years have reduced real estate holdings and concentrated on hospitality services. We began our long-term corporate strategy when we relinquished our REIT income tax status in January 2004, which had previously prevented us from providing management and/or branding services to hotels. In June 2004, we acquired our trademark license and management agreements and began providing management, trademark and reservations services to our Hotels.

We expect to use proceeds from the sale of the Hotels, if any, as needed to support hospitality service operations as cash flow from current operations, primarily the rental of hotel rooms, declines with the sale of the Hotels.

The table below lists the Hotel properties, their respective carrying and mortgage value and the listed asking price for the hotel properties.

Hotel Property	Book Value
----------------	------------

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-Q

		Mortgage Balance	Listed Asking Price
Albuquerque	\$1,253,924	\$1,152,908	\$6,000,000
Ontario	5,690,524	6,066,629	16,900,000
Tucson Oracle	4,030,810	1,360,902	12,500,000
Tucson City Center	7,575,362	5,087,150	10,600,000
Yuma	5,209,278	5,383,637	14,000,000
	\$23,759,898	\$19,051,226	\$60,000,000

The listed asking price is the amount at which we would sell each of the Hotels and is based on the original listed selling price adjusted to reflect recent hotel sales in the areas of operation of the Hotels and current earnings of each of the Hotels. The listed asking price is not based on appraisals of the properties.

There is no assurance that the listed sales price for the individual Hotel properties will be realized. However, our management believes that these values are reasonable based on local market conditions and comparable sales. Changes in market conditions have in part resulted, and may in the future result, in our changing one or all of the listed asking prices.

LIQUIDITY AND CAPITAL RESOURCES

Our principal source of cash to meet our cash requirements, including distributions, is our share of the Partnership's cash flow, cash flows from the Albuquerque, New Mexico property and the Yuma, Arizona property. The Partnership's principal source of cash flows is Hotel operations for the one hotel property it owns and from its partial ownership of the Tucson, Arizona and Ontario, California properties. Our liquidity, including our ability to make distributions to our shareholders, will depend upon our ability and the Partnership's ability to generate sufficient cash flow from Hotel operations and to service our debt.

Hotel operations are significantly affected by occupancy and room rates at the Hotels. Occupancy increased from the first nine months of fiscal year 2013 to the first nine months of fiscal year 2014, while rates decreased. We anticipate this trend to continue throughout fiscal year 2014. Results are also significantly impacted by overall economic conditions and, specifically, conditions in the travel industry. Unfavorable changes in these factors could negatively impact hotel room demand and pricing, which would reduce the Trust's profit margins on rented suites.

We have minimum debt mortgage payments of approximately \$1.25 million remaining over the last three months of fiscal year 2014 and the first nine months of fiscal year 2015. We have minimum notes payable of approximately \$106,000 remaining over the last three months of fiscal year 2014 and the first nine months of fiscal year 2015. We have a revolving bank line of credit, with a credit limit of \$600,000. The line of credit bears interest at the prime rate plus 1.0% per annum, with a 6.0% rate floor, and has no financial covenants. The line is secured by a junior security interest in the Yuma, Arizona property and our trade receivables and matures on June 23, 2014. Mr. Wirth is a guarantor on the line of credit. On October 31, 2013, the Trust had drawn \$600,000 under the line of credit. The largest outstanding balance on the line of credit during the quarter ended October 31, 2013 was \$600,000. On September 24, 2013, Ontario Hospitality Properties, LP (“Ontario”), a subsidiary of Trust, entered into a \$168,540, business loan including \$9,540, of loan fees with American Express Bank, FSB (the “Agreement”) with a maturity date of September 23, 2014. The agreement includes acceleration provisions upon default. The business loan is secured and paid back with 30% of the Ontario American Express merchant receipts received during the loan period. As of October 31, 2013, the business loan balance was \$150,383.

During fiscal year 2014, capital improvements are expected to be reduced by approximately \$725,000 from the prior year and we expect increased cash flow from the reduction of principal and interest payments on the Ontario property.

With anticipated improved operating income, anticipated additional capital offerings, increased cash flow from the reduction of principal and interest payments on the Ontario property, and the anticipated business loan (see Note 11 of the financial statements), management believes that it will have enough cash on hand to meet all of our financial obligations as they become due for at least the next year. In addition, our management is analyzing other strategic options available to us, including the refinancing of another property or raising additional funds through additional non-controlling interest sales or a potential sale of one of our properties; however, such transactions may not be available or available on terms that are favorable to the Trust.

We anticipate a moderate improvement in the weak overall economic situation that negatively affected results in fiscal year 2012 and 2013, which could result in higher revenues and operating margins. Challenges in fiscal year 2014 are expected to continue to include continued competition for all types of business in the markets in which we operate and our ability to maintain room rates while maintaining market share.

Net cash provided by operating activities totaled \$1,162,000 and \$54,000 for the nine months ended October 31, 2013 and 2012, respectively. Partially offset by changes in the amortization of deferred loan fees and the increase of net cash provided by operating activities during the first nine months of fiscal year 2014 compared to the first nine months of fiscal year 2013 was due to (a) the improvement in the consolidated net loss; (b) increase in hotel property depreciation; (c) the increase in loss on disposal of hotel property; and (d) increase in changes of accounts receivables, prepaid expenses and other assets, and accounts payable and accrued expenses. We closely monitored our expenses in the first nine months of fiscal year 2014 resulting in an improvement in our consolidated net loss.

Net cash used in investing activities totaled \$431,000 and \$1,259,000 for the nine months ended October 31, 2013 and 2012, respectively. The decrease in net cash used in investing activities during the first nine months of fiscal year 2014 compared to the first nine months of fiscal year 2013 was due to the net decrease in payments received and loans made on notes receivables to/from related party and significant decrease in capital refurbishment projects.

Net cash used in financing activities totaled \$1,084,000 for the nine months ended October 31, 2013, compared to net cash provided by financing activities of \$318,000 for the nine months ended October 31, 2012. Partially offset by changes in the sales of subsidiary equity, the net cash used in financing activities for the first nine months of fiscal year 2014 as compared the net cash provided in financing activities for the first nine months of fiscal year 2013 was due to (a) the net decrease from principle payments on mortgage notes payable and proceeds from refinancing of mortgage note payable; (b) the decrease in payments and borrowings on notes payable to banks; (c) decrease in purchase of treasury stock and repurchase of subsidiary equity.

As of October 31, 2013, we had no commitments for capital expenditures beyond a 4% reserve for refurbishment and replacements that is set aside annually.

We continue to contribute to a Capital Expenditures Fund (the "Fund") an amount equal to 4% of the InnSuites Hotels' revenues from operation of the Hotels. The Fund is restricted by the mortgage lender for four of our properties. As of October 31, 2013, \$37,371 was held in these accounts and is reported on our Condensed Consolidated Balance Sheets as "Restricted Cash." The Fund is intended to be used for capital improvements to the Hotels and refurbishment and replacement of furniture, fixtures and equipment. During the nine months ended October 31, 2013 and 2012, the Hotels spent approximately \$407,000 and \$981,000, respectively, for capital expenditures. We consider the majority of these improvements to be revenue producing. Therefore, these amounts are capitalized and depreciated over their estimated useful lives. The Hotels also spent approximately \$923,000 and \$1,087,000 during the nine months ended October 31, 2013 and 2012 on repairs and maintenance and these amounts have been charged to expense as incurred.

As of October 31, 2013, we had mortgage notes payable of \$19.05 million outstanding with respect to the Hotels, \$226,000 in secured promissory notes outstanding to unrelated third parties arising from the Shares of Beneficial Interest and Partnership unit repurchases, \$600,000 outstanding under our bank line of credit, \$150,383 outstanding under our Ontario business loan, and \$564,000 under notes and advances payable to Mr. Wirth and his affiliates.

We may seek to negotiate additional credit facilities or issue debt instruments. Any debt incurred or issued by us may be secured or unsecured, long-term, medium-term or short-term, bear interest at a fixed or variable rate and be subject to such other terms as we consider prudent.

COMPLIANCE WITH CONTINUED LISTING STANDARDS OF NYSE MKT

On January 8, 2013, the Trust received a letter from the NYSE MKT LLC (f/k/a AMEX) (the "NYSE MKT") informing the Trust that the staff of the NYSE MKT's Corporate Compliance Department has determined that the Trust is not in compliance with Section 1003(a)(ii) of the NYSE MKT Company Guide due to the Trust having stockholders' equity of less than \$4.0 million and losses from continuing operations in three of its four most recent fiscal years.

The Trust was afforded the opportunity to submit a plan of compliance to the NYSE MKT and submitted its plan on February 5, 2013. On March 21, 2013, the NYSE MKT notified the Trust that it accepted the Trust's plan of compliance and granted the Trust an extension until April 30, 2014 to regain compliance with the continued listing standards.

On May 2, 2013, the Trust received another letter from the NYSE MKT informing the Trust that the Trust is not in compliance with an additional continued listing standard of the NYSE MKT, Section 1003(a)(iii) of the NYSE MKT Company Guide, due to the Trust having stockholders' equity of less than \$6.0 million and net losses in five consecutive fiscal years as of January 31, 2013. The plan submitted in response to the first letter received increased stockholders' equity in excess of \$6.0 million before the April 30, 2014 deadline; therefore the Trust was not required to submit an additional plan to regain compliance with the continued listing standards.

On September 14, 2013, The Board of Trustees approved an additional restructuring of the Tucson entity. Gross proceeds anticipated from the offering are expected to be \$1,600,000. After the Partnership and Trust purchase a net of 46 units and after the restructuring fee of \$128,000, the Trust's equity is anticipated to increase by \$1,012,000. Management anticipates completing additional offerings to regain compliance with the NYSE MKT continued listing standards.

The Trust will be subject to periodic review by the NYSE MKT's staff during this extension period. Failure to make progress consistent with the plan or to regain compliance with continued listing standards by the end of the extension period could result in the Trust being delisted from the NYSE MKT.

RESULTS OF OPERATIONS

Our expenses consist primarily of hotel operating expenses, property taxes, insurance, corporate overhead, interest on mortgage debt, professional fees and depreciation of the Hotels. Our operating performance is principally related to the performance of the Hotels. Therefore, management believes that a review of the historical performance of the operations of the Hotels, particularly with respect to occupancy, calculated as rooms sold divided by the number of rooms available, average daily rate ("ADR"), calculated as total room revenue divided by number of rooms sold, and revenue per available room ("REVPAR"), calculated as total room revenue divided by the number of rooms available, is appropriate for understanding revenue from the Hotels. Occupancy was 71.35% for the nine months ended October 31, 2013, an increase of 6.3% from the prior year period. ADR decreased \$3.10, or 4.56%, to \$64.88. The increased occupancy and decrease in ADR resulted in an increase of \$3.08 in REVPAR to \$47.30 from \$44.22 in the prior year period. The increase in occupancy is due to the moderately improving trend in our economy.

The following table shows occupancy, ADR and REVPAR for the periods indicated:

	FOR THE NINE MONTHS ENDED		FOR THE THREE MONTHS ENDED	
	OCTOBER 31, 2013 2012		OCTOBER 31, 2013 2012	
OCCUPANCY	71.35 %	65.05 %	64.61 %	63.74 %
AVERAGE DAILY RATE (ADR)	\$64.88	\$67.98	\$60.96	\$64.22
REVENUE PER AVAILABLE ROOM (REVPAR)	\$47.30	\$44.22	\$40.14	\$41.59

No assurance can be given that the trends reflected in this data will be maintained or improve or that occupancy, ADR or REVPAR will not decrease as a result of changes in national or local economic or hospitality industry conditions. We expect the economic conditions to positively affect our business levels for the remainder of this current fiscal year.

RESULTS OF OPERATIONS FOR THE NINE MONTHS ENDED OCTOBER 31, 2013 COMPARED TO THE NINE MONTHS ENDED OCTOBER 31, 2012

A summary of the operating results for the nine months ended October 31, 2013 and 2012 is:

	2013	2012	Change	% Change
Total Revenues	\$ 11,262,314	\$ 11,426,312	\$ (163,998)	-1.44 %
Operating Expenses	\$ 11,304,993	\$ 11,532,473	\$ (227,480)	-1.97 %
Operating Loss	\$(42,679)	\$(106,161)	\$ 63,482	-59.80 %
Interest Income	\$ 1,816	\$ 19,524	\$(17,708)	-90.70 %
Interest Expense	\$ 605,855	\$ 736,664	\$(130,809)	-17.76 %
Consolidated Net Loss	\$(646,718)	\$(823,301)	\$ 176,583	-21.45 %
Net Loss Attributable to Controlling Interest	\$(846,455)	\$(627,731)	\$(218,724)	34.84 %
Net Loss Per Share – Basic	\$(0.10)	\$(0.07)	\$(0.03)	42.86 %

For the nine months ended October 31, 2013 compared to our nine months ended October 31, 2012, our revenues were \$11.262 million, a decrease of \$164,000 or 1.44%. Revenues from hotel operations decreased slightly during the first nine months of fiscal year 2014 as compared to the same period during fiscal year 2013 due to a combination of higher occupancy and additional economic pressures on our rates as a result of moderately improving economic conditions. We also discontinued our year-end annual accounting closing fee of \$15,000 per affiliate managed hotel in 2012 which resulted in a \$45,000 decrease in management and trademark fees.

Management closely monitored our operating expenses as operating expenses decreased \$227,000 during the first nine months of fiscal year 2014 as compared to the first nine months of fiscal year 2013. Partially offset by an increase in room, general and administrative and depreciation expenses, the net decrease in operating expenses was due to a decrease in food and beverage, telecommunications, sales and marketing, repairs and maintenance, utilities, and real estate and personal property taxes, insurance and ground rent operating expenses. We anticipate a decrease in general and administrative expenses for the remainder of fiscal year 2014.

Edgar Filing: INNSUITES HOSPITALITY TRUST - Form 10-Q

Operating loss was \$43,000 for the nine months ended October 31, 2013 as compared to \$106,000 for the nine months ended October 31, 2012, an improvement of \$63,000. This improvement was primarily due to a small decrease in revenues offset by a relatively large decrease in operating expenses. Management is continuing its evaluation of its sales, rate management program and operating expenses at the Hotels.

Our interest expense was \$606,000 for the first nine months of fiscal year 2014 as compared to \$737,000 for the first nine months of fiscal year 2013 primarily due to the successful debt restructure for our Ontario property.

Consolidated net loss was \$647,000 for the first nine months of fiscal year 2014 as compared to \$823,000 for the first nine months of fiscal year 2013, a consolidated net loss decrease of \$176,000 or 21%. This resulted in a net loss per share of \$0.10 for the nine month period ended October 31, 2013 as compared to \$0.07 per basic share, during the prior year period. This increase is primarily due to increased ownership in the hotels belonging to non-controlling interest, reducing the income allocated to controlling interests.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED OCTOBER 31, 2013 COMPARED TO THE THREE MONTHS ENDED OCTOBER 31, 2012

A summary of the operating results for the three months ended October 31, 2013 and 2012 is:

	2013	2012	Change	% Change
Total Revenues	\$3,039,104	\$3,235,185	\$(196,081)	-6.06 %
Operating Expenses	\$3,549,613	\$3,568,717	\$(19,104)	-0.54 %
Operating Loss	\$(510,509)	\$(333,532)	\$(176,977)	-53.06 %
Interest Income	\$5	\$14,122	\$(14,117)	-99.96 %
Interest Expense	\$208,858	\$251,567	\$(42,709)	-16.98 %
Consolidated Net Loss	\$(719,362)	\$(570,977)	\$(148,385)	-25.99 %
Net Loss Attributable to Controlling Interests	\$(611,023)	\$(398,120)	\$(212,903)	-53.48 %
Net Loss Per Share – Basic	\$(0.07)	\$(0.05)	\$(0.02)	-40.00 %

For the third quarter of fiscal year 2014, our total revenue was \$3.039 million, or a 6.06% decrease from the third quarter of fiscal year 2013. During the third quarter of fiscal year 2014 compared to the third quarter of fiscal year 2013, Room Revenues decreased by \$142,000, food and beverage revenues decreased by \$49,000 and other and management and trademark fees decreased by \$5,000.

Management closely monitored our operating expenses as operating expenses were flat during the third quarter of fiscal year 2014 as compared to the third quarter of fiscal year 2013. While room revenues decreased during this same period, the flat operating expenses were primarily due to a decrease in food and beverage, general and administrative expenses. The Trust incurred additional room, real estate and personal property taxes, insurance and ground rent during the third quarter of fiscal year 2014 as compared to the third quarter of fiscal year 2014.

Operating loss was \$511,000 for the three months ended October 31, 2013 as compared to \$334,000 for the three months ended October 31, 2012, an increase of \$177,000. This increase in operating loss was primarily due to a decrease in revenues and flat operating expenses. Management is continuing its evaluation of its sales and rate management program at the Hotels and is continuing to control operating expenses.

Our interest income decreased by \$14,000 for the three months ended October 31, 2013 as compared to the three months ended October 31, 2012 as fewer excess Trust funds were available to earn interest income. Our interest expense decreased by \$43,000 for the three months ended October 31, 2013 as compared to the three months ended October 31, 2012 primarily due to the successful debt restructure of our Ontario property.

Consolidated net loss was \$719,000 for the three month period ended October 31, 2013 as compared to \$571,000 for the three month period ended October 31, 2012, a consolidated net loss increase of \$148,000. Net loss attributable to controlling interests increased by \$213,000 to \$611,000 for the three month period ended October 31, 2013, or a net loss per share of \$0.07, from \$398,000, or \$0.05 per net loss basic share, during the prior year period. During the third quarter of fiscal year 2014 as compared to the third quarter of fiscal year 2013, both the consolidated net loss and the net loss attributable to controlling interests increased due to the increased ownership in the Hotels belonging to non-controlling interest.

NON-GAAP FINANCIAL MEASURES

The following non-GAAP presentations of earnings before interest taxes depreciation and amortization (“EBITDA”) and funds from operations (“FFO”) are made to assist our investors in evaluating our operating performance.

Adjusted EBITDA is defined as earnings before minority interest, interest expense, amortization of loan costs, interest income, income taxes, depreciation and amortization, and non-controlling interests in the Trust. We present Adjusted EBITDA because we believe these measurements (a) more accurately reflect the ongoing performance of our hotel assets and other investments, (b) provide more useful information to investors as indicators of our ability to meet our future debt payment and working capital requirements, and (c) provide an overall evaluation of our financial condition. Adjusted EBITDA as calculated by us may not be comparable to Adjusted EBITDA reported by other companies that do not define Adjusted EBITDA exactly as we define the term. Adjusted EBITDA does not represent cash generated from operating activities determined in accordance with GAAP and should not be considered as an alternative to (a) GAAP net income or loss as an indication of our financial performance or (b) GAAP cash flows from operating activities as a measure of our liquidity.

A reconciliation of Adjusted EBITDA to net loss attributable to controlling interests for the nine months and three months ended October 31, 2013, and 2012 follows:

FFO is calculated on the basis defined by the National Association of Real Estate Investment Trusts (“NAREIT”), which is net income (loss) attributable to common shareholders, computed in accordance with GAAP, excluding gains or losses on sales of properties, asset impairment adjustments, and extraordinary items as defined by GAAP, plus depreciation and amortization of real estate assets, and after adjustments for unconsolidated joint ventures and noncontrolling interests in the operating partnership. NAREIT developed FFO as a relative measure of performance of an equity REIT to recognize that income-producing real estate historically has not depreciated on the basis determined by GAAP. The Trust is an unincorporated Ohio real estate investment trust; however, the Trust is not a real estate investment trust for federal taxation purposes. Management uses this measurement to compare itself to REITs with similar depreciable assets. We consider FFO to be an appropriate measure of our ongoing normalized operating performance. We compute FFO in accordance with our interpretation of standards established by NAREIT, which may not be comparable to FFO reported by other companies that either do not define the term in accordance with the current NAREIT definition or interpret the NAREIT definition differently than us. FFO does not represent cash generated from operating activities as determined by GAAP and should not be considered as an alternative to (a) GAAP net income or loss as an indication of our financial performance or (b) GAAP cash flows from operating activities as a measure of our liquidity, nor is it indicative of funds available to satisfy our cash needs, including our ability to make cash distributions. However, to facilitate a clear understanding of our historical operating results, we

believe that FFO should be considered along with our net income or loss and cash flows reported in the consolidated financial statements.

A reconciliation of FFO to net loss attributable to controlling interests for the nine months and three months ended October 31, 2013 and 2012 follows:

OFF-BALANCE SHEET FINANCINGS AND LIABILITIES

Other than lease commitments and legal contingencies incurred in the normal course of business, we do not have any off-balance sheet financing arrangements or liabilities. We do not have any majority-owned subsidiaries that are not included in our condensed consolidated financial statements.

SEASONALITY

The Hotels' operations historically have been seasonal. The three southern Arizona hotels experience their highest occupancy in the first fiscal quarter and, to a lesser extent, the fourth fiscal quarter. The second fiscal quarter tends to be the lowest occupancy period at those three southern Arizona hotels. This seasonality pattern can be expected to cause fluctuations in the Trust's quarterly revenues. The two hotels located in California and New Mexico historically experience their most profitable periods during the second and third fiscal quarters (the summer season), providing some balance to the general seasonality of the Trust's hotel business.

The seasonal nature of the Trust's business increases its vulnerability to risks such as labor force shortages and cash flow issues. Further, if an adverse event such as an actual or threatened terrorist attack, international conflict, data breach, regional economic downturn or poor weather conditions should occur during the first or fourth fiscal quarters, the adverse impact to the Trust's revenues could likely be greater as a result of its southern Arizona seasonal business.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not required for smaller reporting companies.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, we conducted an evaluation under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures. The term "disclosure controls and procedures," as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), means controls and other procedures of a company that are designed to ensure that information required to be disclosed by the company in the reports it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective as of October 31, 2013.

Our management, including our principal executive officer and principal financial officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all errors or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints

and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during our most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
