VOTING AND proxy SOLICITATION information

Record Date and Shares Eligible to Vote

The Company's common stock (the "Common Stock"), par value \$.10 per share, is the only class of stock of the Company, and thus only holders of shares of Common Stock are eligible to vote. Only such shareholders of record as of the close of business on September 2, 2015 (the "Record Date"), will be entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof ("eligible shareholders"). As of the Record Date, the Company had outstanding 17,833,722 shares of its Common Stock. Each share of the Common Stock entitles the holder to one vote with respect to each matter coming before the Annual Meeting, and all such shares vote as a single class.

Voting by Shareholders with Shares Held Directly in Their Names

Shareholders with shares registered directly in their names in the Company's stock records maintained by its transfer agent, American Stock Transfer and Trust Company ("AST"), may vote their shares:

by submitting a proxy via the Internet at the following web address: www.proxyvote.com and following the instructions provided in the Internet Notice;

by mailing a signed and dated proxy card in the envelope provided with a paper copy of this Proxy Statement; or

by making a toll-free telephone call in the U.S. or Canada to 1-800-690-6903.

In addition, ballots will be passed out to any shareholder who wants to vote in person at the Annual Meeting.

Specific instructions to be followed by registered shareholders are provided at the website described in the Internet Notice and are set forth on the form of proxy card. Proxies submitted via the Internet, or by mail or telephone as described above, must be received by 11:59 p.m., Eastern Time, on October 20, 2015. If you vote via the Internet or by telephone, you do not need to return a proxy card.

Voting by Shareholders with Shares Held Through a Bank, Brokerage Firm or Other Nominee

Shareholders who hold shares through a bank, brokerage firm or other nominee should refer to the voting instruction form forwarded by their bank or brokerage firm to see which options are available to them. In addition to voting by mail, a number of banks and brokerage firms participate in a program provided through Broadridge Financial Solutions, Inc. ("Broadridge") that offers telephone and Internet voting options. Votes submitted by telephone or via the Internet through Broadridge's program must be received by 11:59 p.m., Eastern Time, on October 20, 2015.

In addition, ballots will be passed out to any shareholder who wants to vote in person at the Annual Meeting. **Should you decide to attend the Annual Meeting and vote your shares in person, you MUST obtain a legal proxy executed in your favor from your bank, brokerage firm or other nominee for your ballot to be counted.**

Voting of Proxies

All shares represented by valid proxies received pursuant to this solicitation, and not revoked before they are exercised, will be voted in the manner specified therein. If no specification is made with respect to the matter to be acted upon, the shares represented by the proxies will be voted (i) in favor of electing as directors of the Company the six (6) nominees for director named in this Proxy Statement, (ii) in favor of the advisory vote to approve executive compensation, (iii) in favor of ratification of the appointment of KPMG LLP as the independent registered public accounting firm for the Company for the fiscal year ending June 26, 2016 and (iv) in the discretion of the proxy holder on any other matters presented at the Annual Meeting.

Revocability of Proxies

If your shares are held directly in your name, you may revoke your proxy and change your vote at any time prior to the voting of the proxy at the Annual Meeting. You may do this by (i) sending written notice of revocation to Unifi, Inc., 7201 West Friendly Avenue, Greensboro, North Carolina 27410, Attention: Office of the Secretary, (ii) submitting a subsequent proxy via the Internet, or by mail or telephone, with a later date or (iii) voting in person at the Annual Meeting. Attendance at the Annual Meeting will not by itself revoke a proxy.

Table Of Contents

If your shares are held through a bank, brokerage firm or other nominee, you may revoke your proxy and change your vote at any time prior to the voting of the proxy at the Annual Meeting. You may do this by sending written notice of revocation to your bank, brokerage firm or other nominee. Attendance at the Annual Meeting will not by itself revoke a proxy. **Should you decide to attend the Annual Meeting and vote your shares in person, you MUST obtain a legal proxy executed in your favor from your bank, brokerage firm or other nominee for your ballot to be counted.**

Quorum and Voting Requirements

Quorum and “Broker Non-Votes”

The holders of a majority of the outstanding shares entitled to vote, present in person or represented by proxy at the Annual Meeting, will constitute a quorum for the transaction of business. New York law and the Company’s Bylaws require the presence of a quorum to conduct business at annual meetings of shareholders. At the Annual Meeting, abstentions and “broker non-votes” (as described below), if any, are counted as present for purposes of determining a quorum.

Under the rules of the New York Stock Exchange, Inc. (“NYSE”), a bank, broker or other nominee holding the Company’s shares in “street name” for a beneficial owner has discretion (but is not required) to vote the client’s shares with respect to “routine” matters if the client does not provide voting instructions. The broker or other nominee, however, is not permitted to vote the client’s shares with respect to “non-routine” matters without voting instructions. A “broker non-vote” occurs when the broker or other nominee does not vote on a particular proposal because that broker or other nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

The proposal to elect directors and the advisory vote to approve executive compensation are each considered a non-routine matter under the NYSE rules, which means that your broker or other nominee may not use its discretion to vote your shares held in street name on these matters without your express voting instructions. The proposal to ratify the appointment of the Company’s independent registered public accounting firm is considered a “routine” matter under the NYSE rules, which means that your bank, broker or other nominee will have discretionary authority to vote your shares held in street name on that matter. Accordingly, if you do not instruct your broker or other nominee to vote your shares, the broker or other nominee may either: (i) vote your shares on routine matters and allow (or indicate) a “broker non-vote” on non-routine matters or (ii) leave your shares unvoted altogether.

Voting Standards

Each share represented is entitled to one vote on all matters properly brought before the Annual Meeting. Under our Bylaws, the voting standard for the election of directors is a majority voting standard in uncontested director elections, such as the election presented at the Annual Meeting, and a plurality voting standard in contested elections. A “contested” election is an election where the number of nominees exceeds the number of directors to be elected. A majority vote standard means that a nominee will be elected if he or she receives a majority of the votes cast, with shareholders being allowed to vote “for” or “against” the nominee (i.e., the number of shares voted “for” a nominee must exceed the number of shares voted “against” that director, without counting abstentions or broker non-votes). A plurality vote standard means that a nominee will be elected if he or she receives a plurality of the votes cast, with the nominees who receive the highest number of votes cast for their election being elected (up to the total number of positions being filled). In addition, see “Board of Directors Procedural Matters—Effect of Failure to be Reelected” below for a further description of the effect of a failure to receive a majority vote in an uncontested election.

The voting standard and treatment of abstentions and broker non-votes for the matters to be voted upon at the Annual Meeting are as follows:

<i>Voting Item</i>	<i>Voting Standard</i>	<i>Treatment of Abstentions & Broker Non-Votes</i>
Proposal 1: Election of Directors	Majority vote standard	Not counted as votes cast; therefore no effect
Proposal 2: Say-on-Pay	Majority of votes cast	Not counted as votes cast; therefore no effect
Proposal 3: Ratification of Auditors	Majority of votes cast	Not counted as votes cast; therefore no effect

Solicitation Expenses and Related Matters

The expense of this solicitation will be borne by the Company. Solicitations of proxies may be made in person, or by mail, telephone or electronic means by directors, officers and regular employees of the Company who will not be specially compensated in such regard. In addition, the Company has retained Alliance Advisors, LLC to provide certain monitoring and vote reporting services, for which the Company has paid such firm a fee of \$4,500, and may request the firm to perform proxy solicitation services, for which the Company could incur additional costs up to \$10,000, plus, in each case, reimbursement of expenses. Arrangements will be made with brokers, nominees and fiduciaries to send proxies and proxy materials, at the Company's expense, to their principals.

Executive Summary

The Company experienced continued improvements in its business and financial results during fiscal year 2015. The Company achieved adjusted EBITDA results (as described below) above the target level set for fiscal year 2015 as the basis for the Company's annual cash bonus incentive program. The Company reported net income for fiscal year 2015 of \$42.2 million, or \$2.32 per basic share, an increase from \$28.8 million, or \$1.52 per basic share, for fiscal year 2014. The Company also continued strategic repurchases under its stock repurchase program, pursuant to which it repurchased approximately 349,000 shares of Common Stock during fiscal year 2015.

As in the prior fiscal year, the Company's ability to perform successfully was due, in large part, to the leadership and performance of its executive team. In addition to guiding the Company through the continuing challenges of the economic environment for the textile industry in fiscal year 2015, the executive team also helped drive increased demand for the Company's premier value-added yarns and strong operating results from its international businesses, and continued to expand the profitability and brand recognition of REPREVE®, the Company's recycled performance fibers and most successful branded product.

As described in greater detail below, the Company believes its executive compensation program should attract top executive talent, pay for performance and link executive retention to long-term shareholder value. Accordingly, our NEOs were compensated as follows for fiscal year 2015:

Base salaries for NEOs for fiscal year 2015 were unchanged from base salaries for fiscal year 2014, except for Mr. Otterberg's salary, which was increased for his first full fiscal year after becoming our Chief Financial Officer.

The NEOs received cash bonus payments for fiscal year 2015 performance at the amount payable under the annual cash incentive plan, which was established at the beginning of the fiscal year, due to the level of the Company's achievement of the fiscal year 2015 adjusted EBITDA target, as described below.

Long-term incentives were granted in the form of 3-year installment vesting stock options to promote executive retention and further align executive pay with long-term shareholder value. In contrast to prior years, the Compensation Committee did not grant to the NEOs any restricted stock units because the Committee has determined that stock options are a preferable form of equity incentive awards for grants to Company employees at this time. The Committee may determine, however, to resume using restricted stock units (which it has used in the past) or to use other forms of equity-based awards as incentive compensation in the future.

Compensation Philosophy, Principles and Policies

The Company's executive compensation philosophy is to:

<i>Attract Top Executive Talent</i>	<i>Follow a Pay for Performance Compensation Model</i>	<i>Link Retention to Long-Term Shareholder Value</i>
The Company's compensation program should attract high-quality executives who possess the skills and talent necessary to support and achieve our strategic objectives.	Executives should be rewarded for their achievement of near-term and long-term operating performance goals established by the Board.	The Company seeks to promote executives' loyalty and retention by utilizing a stock ownership policy and other arrangements that further link executive compensation to sustained shareholder value and consistent Company performance.

Therefore, the focus of the Company's executive compensation program and the Compensation Committee is to ensure that an appropriate relationship exists between executive pay and the creation of shareholder value, while at the same time enabling the Company to attract, retain, reward and motivate high caliber employees. The Compensation Committee monitors the results of its executive compensation policy to ensure that compensation payable to executive officers creates proper incentives to enhance shareholder value, rewards superior performance, is justified by returns available to shareholders, and discourages employees from taking unnecessary or excessive risks that could ultimately threaten the value of the Company.

In establishing compensation for the NEOs, the following principles and policies guide the Company's executive compensation decisions:

all components of executive compensation should be set so that the Company can continue to attract, retain, reward and motivate talented and experienced executives;

ensure alignment of executive compensation with the Company's corporate strategies and business objectives and the long-term interests of the shareholders;

increase the incentive to achieve key strategic and financial performance measures by linking incentive award opportunities to the achievement of performance goals in those areas; and

enhance the NEOs' incentive to increase the Company's long-term value, as well as promote retention of key personnel, by providing a portion of total compensation opportunities in the form of direct ownership in the

Company through stock ownership.

The Compensation Committee reviews and approves all components of the NEOs' compensation. The Compensation Committee also monitors the compensation levels in general for all other senior level employees of the Company. In addition, the Compensation Committee has the discretion to hire compensation and benefits consultants to assist in developing and reviewing overall executive compensation strategies.

Overview of Compensation Components

The Compensation Committee views executive compensation in four component parts:

A brief description of each of these components is provided below, together with a summary of its objectives:

<i>Compensation Element</i>	<i>Description</i>	<i>Objectives</i>
Base Salary	Fixed compensation that is reviewed annually based on performance.	<p>Provide a base level of compensation that fairly accounts for the job and scope of the role being performed.</p> <p>Attract, retain, reward and motivate qualified and experienced executives.</p>

Annual Incentives	“At-risk” variable compensation earned based on performance measured against pre-established annual goals.	Provide incentives for achieving annual operating goals that ultimately contribute to long-term return to shareholders.
Long-Term Incentives	“At-risk” variable compensation in the form of equity awards whose value fluctuates according to shareholder value and that vest based on continued service.	Align the economic interests of the executives with the shareholders by rewarding executives for stock price improvement.
	Supplemental retirement contributions based on executives’ respective base salaries that executives may earn over time based on continued service.	Promote retention (through time-based and performance vesting schedules).
Other Personal Benefits	Broad-based benefits provided to all the Company’s employees (e.g., health and group term life insurance), a retirement savings plan, and certain perquisites.	Provide a competitive total compensation package to attract and retain key executives.

Compensation Mix

Consistent with the philosophy, objectives and principles of the executive compensation program, the program places a substantial amount of the total executive compensation “at risk” based on the performance of the Company and the executive through an annual cash bonus incentive program and equity-based long-term incentive awards. The Company uses the Unifi, Inc. 2013 Incentive Compensation Plan (the “2013 Incentive Compensation Plan”) in order to provide those awards.

The following charts illustrate the mix of “at-risk” compensation for the Chief Executive Officer and the other NEOs that was achieved for fiscal year 2015 by illustrating the mix of total direct compensation, using fiscal year 2015 base salaries, annual cash bonus incentive payments based on fiscal year 2015 performance and the grant-date fair value of long-term equity awards granted in fiscal year 2015*:

Chief Executive Officer

All Other NEOs

The above results reflect the type of mix that we target for our Chief Executive Officer’s and other NEOs’ compensation, which is for a substantial portion of their compensation to come in the form of annual and long-term incentives, which we believe encourages our executives to achieve near-term and long-term performance goals designed to create or enhance shareholder value. Moreover, our long-term incentive programs provide retention incentives designed to promote stability among the Company’s executive team. We also provide our executives a fixed base salary, which provides them with a base level of economic security.

Control by the Compensation Committee

The Compensation Committee reviews and approves corporate goals and objectives relevant to the compensation of each NEO, evaluates each NEO's performance in light of these goals and objectives (with input from the Chief Executive Officer for NEOs other than the Chief Executive Officer), and sets each NEO's compensation level based on this evaluation and consultation. The Compensation Committee also advises senior management with respect to the range of compensation to be paid to other employees of the Company, administers and makes recommendations to the Board concerning benefit plans for the Company's directors, officers and employees and recommends benefit programs and future objectives and goals for the Company.

As in the past, the Compensation Committee continued to consider a wide range of factors in making its fiscal year 2015 compensation decisions for our NEOs, including the historical practices of the Company; the individual NEO's leadership and role in advancement of the Company's long-term strategy, plans and objectives; the individual's performance and contribution to the Company's success; budget guidelines established by the Board; and assessment of the Company's financial condition. Additionally, the Compensation Committee considered the Company's operating results, adjusted EBITDA and the current economic climate. Based on this information and these factors, the Compensation Committee set executive compensation for fiscal year 2015.

During fiscal year 2013, the Compensation Committee engaged Frederick W. Cook & Co., Inc. ("Cook & Co.") as an independent advisor to assist the Compensation Committee with developing a peer group for compensation comparison purposes and to prepare a competitive market assessment of total compensation for the NEOs. Cook & Co. performs no other services for the Company, and its work for the Compensation Committee has not raised any conflict of interests.

Table Of Contents

While the Compensation Committee believes the information in the Cook & Co. report remains valuable, the Compensation Committee did not use or otherwise consider the Cook & Co. analysis for any particular purpose for fiscal year 2015. The Compensation Committee also did not use any other report as a benchmark or otherwise in setting executive compensation for fiscal year 2015. The Compensation Committee does not believe it is appropriate to tie executive compensation directly to the compensation awarded by other companies or to a particular survey or group of surveys. Instead, the purpose of the Cook & Co. report obtained by the Compensation Committee was to provide a general understanding of compensation practices and trends of similarly situated companies. The Compensation Committee members use that knowledge as a tool in considering the overall compensation of the Company's executives. No specific compensation decision for any individual was based on or justified by any market comparison reports or information.

Detailed Review of Compensation Components

Base Salaries

The Compensation Committee believes in maintaining a close relationship between the Company's performance and the base salary component of the compensation for each NEO. As in prior years, no formula-based salary increases were provided to the NEOs during fiscal year 2015. The factors considered by the Compensation Committee in setting the NEOs' base salaries for fiscal year 2015 included:

the executive's leadership and advancement of the Company's long-term strategy, plans and objectives;

the executive's individual performance and contribution to the Company's success and budget guidelines; and

an assessment of the Company's financial condition.

In addition to reviewing the above factors, the Compensation Committee also believes that strong and effective communication with management helps the Company adhere to its compensation philosophy, objectives and principles. Therefore, the Compensation Committee consults with the Chief Executive Officer and reviews his recommendations regarding the compensation of all NEOs (other than the Chief Executive Officer) before making its final compensation decisions. Periodically, the Chief Executive Officer meets with the other NEOs regarding their performance. The Compensation Committee reviews the overall performance of each NEO annually, and then approves the actual base salary for each NEO.

Upon completing this process, based on the Company's performance in fiscal year 2014 as well as other factors including each NEO's individual performance, the Compensation Committee determined to maintain the base salaries for each of the NEOs at their fiscal year 2014 levels, except for the base salary of Mr. Otterberg, whose base salary was increased to reflect his full year of service as Vice President and Chief Financial Officer. The base salaries for the NEOs for fiscal years 2014 and 2015 are listed in the table below.

<i>NEO</i>	<i>Fiscal</i>	<i>Fiscal</i>	<i>Percentage</i>

Annual Incentive Compensation

To encourage executives to achieve near-term performance goals, the Company has established an annual incentive compensation program in the form of a cash bonus. All NEOs are eligible to earn annual bonuses based on the Company's fiscal year performance.

For fiscal year 2015, the Compensation Committee established a performance target of \$62.9 million of EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortization), adjusted to exclude certain items such as non-cash compensation expense, gains or losses on extinguishment of debt, loss on previously held equity interest, operating expenses for Repreve Renewables, restructuring charges and start-up costs, gains or losses on sales or disposals of property, plant and equipment, currency and derivative gains or losses, and other operating or non-operating income or expense items necessary to understand and compare the underlying results of the Company ("adjusted EBITDA"). The Compensation Committee uses adjusted EBITDA as a measure for annual incentive compensation purposes because the Compensation Committee believes adjusted EBITDA provides a clear indicator of cash generation, which is a key performance indicator used by the Board and

Table Of Contents

management to assess the Company's operating results generally. The Compensation Committee also believes that a Company-wide performance metric, such as adjusted EBITDA, is appropriate for each NEO because each NEO plays a vital role in the overall success of the Company. Therefore, the Compensation Committee believes that the annual variable compensation received by the NEOs should reflect the Company's near-term performance.

The annual incentive bonus awarded to NEOs may be increased or decreased by the Compensation Committee as a result of the individual's performance and/or contribution to the Company's achievement of its financial objectives. Each NEO's performance, including the Chief Executive Officer's, is evaluated against specific financial goals prior to payment of bonuses, and the final bonus payment may be adjusted relative to the achievement of those goals. The performance criteria in the annual incentive bonus program may be adjusted by either the Compensation Committee or the Board to account for unusual events, such as extraordinary transactions, asset dispositions and purchases, and merger and acquisitions if, and to the extent, either the Compensation Committee or the Board considers the effect of such events indicative of the Company's performance. Additionally, the Compensation Committee or the Board has the discretion to award additional bonus compensation even if an executive officer would not be entitled to any bonus based on the targets previously determined.

For fiscal year 2015, the Compensation Committee set the threshold, target and maximum performance levels and corresponding potential annual incentive payments to the NEOs, based on percentages of base salary, as set forth in the table below. An NEO would receive a maximum bonus equal to a percentage of his base salary if the Company achieved, for plan purposes, 120% of the adjusted EBITDA target; a target bonus equal to a percentage of his base salary if the Company achieved, for plan purposes, 100% of the adjusted EBITDA target; or a threshold bonus equal to a percentage of his base salary if the Company achieved, for plan purposes, 80% of its adjusted EBITDA target. The Compensation Committee set the percentage of base salary for each NEO at its July 2014 meeting. The calculation of each NEO's annual incentive bonus in the event of adjusted EBITDA results between these levels is made on a proportional sliding scale basis between the two level amounts. The NEO would not be entitled to a bonus if the Company achieved, for plan purposes, less than 80% of the adjusted EBITDA target.

Annual Incentives for Fiscal Year 2015

	<i>Threshold:</i>	<i>Target:</i>	<i>Maximum:</i>
<i>NEO</i>	<i>\$50.3 million adjusted</i>	<i>\$62.9 million adjusted</i>	<i>\$75.5 million adjusted</i>
	<i>EBITDA (\$)</i>	<i>EBITDA (\$)</i>	<i>EBITDA (\$)</i>
	<i>(% of base salary)</i>	<i>(% of base salary)</i>	<i>(% of base salary)</i>
William L. Jasper	355,000 (50%)	710,000 (100%)	1,420,000 (200%)
R. Roger Berrier, Jr.	190,000 (40%)	380,000 (80%)	760,000 (160%)

Thomas H. Caudle, Jr. 125,625 (37.5%) 251,250 (75%) 502,500 (150%)

James M. Otterberg 112,500 (37.5%) 225,000 (75%) 450,000 (150%)

As a result of the Company's performance during fiscal year 2015, the Company achieved, for plan purposes, 101.5% of its adjusted EBITDA target, and thus each NEO was tentatively entitled to annual incentive bonus compensation based on a percentage of his fiscal year 2015 base salary, equal to approximately 107.5% (Mr. Jasper), 86% (Mr. Berrier), and 80.6% (Messrs. Caudle and Otterberg). At its July 2015 meeting, the Compensation Committee approved the payment of bonuses for fiscal year 2015 at those levels; no amount of discretionary additional cash bonus (whether pursuant to the annual incentive plan or otherwise) was paid to any NEO for fiscal year 2015.

Long-Term Incentive Compensation

The Compensation Committee believes that stock-based performance compensation is essential to align the interests of management and the shareholders in enhancing the long-term value of the Company's equity and to encourage executives to retain their employment with the Company. Among the varied types of equity awards the Compensation Committee is authorized to use under the 2013 Incentive Compensation Plan, the Compensation Committee has determined that incentive stock options ("ISOs") are preferable for use with all Company employees at this time (because their value depends upon a future increase in the value of the Common Stock), and that restricted stock units (which the Compensation Committee has used in the past, along with stock options) should not be granted to NEOs or other Company employees at this time. Consistent with that determination, in fiscal year 2015, the Compensation Committee awarded stock options to each NEO, which have the attributes set forth below.

Table Of Contents*Stock Options***Align NEO and shareholder interests**

Each option is an ISO and entitles recipient to purchase a share of Common Stock (at an exercise price equal to at least the stock price on the date of grant).

Only have value if price of a share of Common Stock exceeds option exercise price.

Vest in equal installments over three years, contingent upon continued service.

Promote NEO retention

Subject to accelerated vesting upon change in control, termination due to death or disability, and approved retirement.

The number of these stock options is listed in the table below. When determining the number of stock options to award each NEO, the Compensation Committee considered the difference between the base salary and bonus actually paid for fiscal year 2014 and the total compensation that the Compensation Committee sought to award to the NEO based on the Company's performance in fiscal year 2014. The options are exercisable at a price of \$27.38 per share, a third of which options vested on July 22, 2015, and the remaining of which vest in equal installments at each of July 22, 2016 and July 22, 2017. As "incentive stock options" (to the applicable maximum permitted under the 2013 Incentive Compensation Plan), these stock options offer the NEO the opportunity to receive favorable tax treatment if they retain the shares acquired upon exercise for at least one year. For additional information on the stock options granted in fiscal year 2015, see "Grants of Plan-Based Awards" below.

<i>NEO</i>	<i>Number of Stock Options</i>
William L. Jasper	37,500
R. Roger Berrier, Jr.	30,000
Thomas H. Caudle, Jr.	11,000
James M. Otterberg	17,000

Perquisites and Other Benefits

Perquisites. The Compensation Committee's general philosophy is to provide executives, including the NEOs, with only limited perquisites. Therefore, the Company does not provide its NEOs with perquisites such as car allowances, reimbursements for car expenses or payment of country club dues.

Retirement Benefits. In order to provide employees at all levels with greater incentives, the Company makes available to all employees, including the NEOs, the opportunity to make contributions to the Company's Retirement Savings Plan ("401(k) Plan"), under which employees may elect to defer up to 75% of their total compensation, not to exceed the amount allowed by applicable Internal Revenue Service regulations. Pursuant to the 401(k) Plan, in fiscal year 2015, the Company matched contributions equal to 100% of the employee's first 3% of compensation contributed to the 401(k) Plan and 50% of the next 2% of compensation contributed to the 401(k) Plan.

Health Plan, Life Insurance and Other Benefits. The Company makes available health and insurance benefits to all employees, including the NEOs. The cost of the health plans is covered partially through employees' payroll deductions, with the remainder covered by the Company. Disability and life insurance benefits are paid by the Company for all salaried employees; however, the NEOs receive additional life insurance coverage provided by the Company.

Supplemental Key Employee Retirement Plan. As an additional means of attracting top executive talent and encouraging executives to remain employed with the Company, the Company maintains the Unifi, Inc. Supplemental Key Employee Retirement Plan (the "SERP"). Participation in the SERP is limited to a select group of management employees who are selected by the Compensation Committee and includes each of our NEOs. As described in greater detail preceding the Nonqualified Deferred Compensation table set forth elsewhere in this Proxy Statement, the SERP provides additional retirement benefits payable to our NEOs following their termination of employment.

Table Of Contents

Change in Control Agreements. The Company has historically provided its NEOs with severance benefits if their employment is involuntarily terminated (or they resign for good reason) after a change in control of the Company. Providing such “double-trigger” change in control benefits assists us in attracting and retaining executive talent and reduces the personal uncertainty that executives may feel when considering such a corporate transaction. As a result, our NEOs are more likely to retain their employment with the Company and complete such a corporate transaction, thereby increasing the likelihood of enhancing long-term shareholder value. We have a Change in Control Agreement with each of our NEOs. The terms of the individual agreements, and a calculation of the estimated severance payments payable to each NEO, are set forth elsewhere in this Proxy Statement under “Executive Compensation – Potential Payments Upon Termination of Employment or Change in Control.”

Executive Officer Compensation Recoupment Policy

The Company maintains a policy addressing the potential recovery of incentive compensation in the event of a material restatement of the Company’s financial results. This policy, also known as a “clawback” policy, applies to all of the Company’s executive officers. Under the policy, the Company is entitled to recover any incentive compensation paid to a current or former executive officer of the Company as a result of material noncompliance with financial reporting requirements that results in a restatement of the Company’s financial results, to the extent that such compensation is attributable to the erroneous financial data and is in excess of what would have been paid under the accounting restatement. The recovery period pursuant to the policy is up to three years preceding the date on which the Company is required to prepare such an accounting restatement. In addition, if the Board determines that any current or former employee has engaged in fraud or certain other specified misconduct, the Board may require reimbursement of all compensation granted, earned or paid under annual incentive and long-term incentive cash plans, cancellation of outstanding equity awards and reimbursement of any gains realized on the exercise, settlement or sale of equity awards.

Officers Stock Ownership Policy

During fiscal year 2014, the Company adopted its Officers Stock Ownership Policy to enhance the Company’s ongoing objective to align the compensation paid to its officers with the long-term interests of shareholders. The policy applies to any NEO, any person who holds the position of Vice President, Treasurer or higher with the Company, its primary operating subsidiary and possible other significant operating subsidiaries (“VP-Level Personnel”), and to certain other persons below those levels who may be designated for coverage by the Compensation Committee (for purposes of the policy, collectively, “covered officers”). The policy provides for a ramp-up period for complying with the expected stock ownership levels, both upon the initial implementation of the policy and thereafter upon each person first becoming an NEO or other covered officer. If a covered officer fails to comply with the stock ownership expectation, the Compensation Committee considers that fact in setting future salary, bonus or other compensation for the covered officer. The Company tests for compliance with the stock ownership expectation twice annually, once at the end of the second fiscal quarter and again at the end of the fiscal year.

The stock ownership expectation, calculation of shares counted toward the expectation, and valuation of the shares for purposes of the policy are as set forth below. All NEOs are in compliance with their respective stock ownership expectations under the terms of the policy.

<i>Stock Ownership Expectation</i>	<i>Shares of Common Stock Counted Towards Ownership Expectation</i>	<i>Value of Shares of Common Stock</i>
<p>NEOs: At least three times (3x) base annual salary.</p>	<p>Shares owned directly by the officer, his or her spouse or minor children, or a trust for the exclusive benefit of one or more such persons.</p>	<p>Greater of (a) the closing price on the last trading day of the applicable fiscal period or (b) the 30-day average closing price ending on such last trading day.</p>
<p>VP-Level Personnel (non-NEOs): At least one and one-half times (1.5x) base annual salary.</p>	<p>Shares covered by the portion of stock options or restricted stock units that are vested or not subject to forfeiture.</p>	<p>Shares underlying vested stock options, restricted stock units and other stock awards are calculated as if they were net exercised using the deemed current market price on the applicable measurement date.</p>
<p>Other designated covered officers: In the discretion of the Compensation Committee, at least one times (1x) base annual salary.</p>	<p>Shares subject to pledges, calls or short-sell arrangements are <i>not</i> counted toward the stock ownership expectation.</p>

Tax Impact on Compensation

The Compensation Committee has considered the impact of Section 162(m) of the Internal Revenue Code (the “Code”) on the Company’s executive compensation program. Code Section 162(m) denies a public company a deduction, except in limited circumstances, for compensation paid to “covered employees” – which includes the NEOs, other than the Company’s Chief Financial Officer – to the extent such compensation exceeds \$1,000,000. Based on its review of the likely impact of Code Section 162(m) and other factors, the Compensation Committee previously recommended to the Board, the Board adopted, and the shareholders approved, the 2013 Incentive Compensation Plan. The 2013 Incentive Compensation Plan allows the Company’s annual cash incentive bonus program for the NEOs, as well as equity and equity-based awards to the NEOs, to qualify for an exception to the Code Section 162(m) deduction limitation. The Compensation Committee may in the future adopt or change benefit plans in order to qualify compensation pursuant to them paid to covered employees for the exception. In any event, the Compensation Committee may authorize payments or equity awards to retain and motivate key executives, in any situation it believes to be appropriate, without regard to tax deductibility considerations.

Risk Analysis of Compensation Policies and Practices

While the Company’s compensation policies and practices are designed to motivate its employees and encourage performance that improves the Company’s financial and other operating results, the Company and the Compensation Committee also seek to design and implement compensation programs and practices that discourage employees from taking unnecessary or excessive risks that could ultimately threaten the value of the Company or otherwise have a material adverse effect on the Company. Management and the Compensation Committee periodically review and assess potential risks associated with the Company’s compensation programs and practices. Management and the Compensation Committee believe that the Company’s incentive compensation programs and practices are appropriately balanced between value created indirectly by the performance of the Company’s stock and payments resulting from the achievement of specific financial performance objectives, so as to minimize the likelihood of unnecessary or excessive risk-taking by Company employees. Management and the Compensation Committee have concluded that any risks from such programs and practices are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee reached its conclusion after considering a number of features of the Company’s compensation structure that are designed to mitigate risk, such as:

The Company uses a balance of fixed and variable compensation in the form of cash and equity, which is designed to provide both near- and long-term focus.

The overall compensation of our NEOs is not overly-weighted towards the achievement of performance criteria in a particular fiscal year, and an appropriate portion of compensation is awarded in the form of equity awards that vest over a multi-year period, subject to continued service by the recipient. This further aligns the interests of the NEOs to long-term shareholder value and helps retain management.

Payouts under the Company's annual incentive compensation and other long-term incentive programs are based on performance criteria that the Compensation Committee believes to be challenging, yet reasonable and attainable without excessive risk-taking.

The Company has a compensation recoupment policy that allows the Company to recover certain compensation in the event of a restatement of its financial statements due to the material noncompliance of the Company with federal securities laws or in the event of certain fraud or other misconduct by an employee.

The Company has a stock ownership policy under which its NEOs and other key personnel are expected to own a significant amount of Common Stock, further aligning their interests with those of our other shareholders.

The Compensation Committee maintains an open dialogue with management regarding executive compensation policies and practices and the appropriate incentives to use in achieving near-term and long-term performance goals.

Shareholder Say-on-Pay Vote

At the 2014 annual meeting of shareholders, our shareholders had the opportunity to vote, on a non-binding advisory basis, on a proposal to approve the compensation of the NEOs for fiscal year 2014. This is referred to as a "say-on-pay" proposal. Approximately 95% of the votes cast on last year's say-on-pay proposal were voted in favor of the proposal. The Compensation Committee believes this vote result reflects the general concurrence by the shareholders in the Company's philosophy and approach to executive compensation. Therefore, the Company has continued its philosophy and approach to executive compensation as discussed above.

Table Of Contents

The Board has determined that the Company's shareholders should vote on a say-on-pay proposal each year, consistent with the preference expressed by the shareholders at the 2011 annual meeting of shareholders. Accordingly, at the Annual Meeting, shareholders will again have the opportunity to indicate their views on NEO compensation. For additional information, see "Proposal 2: Advisory Vote on Executive Compensation" in this Proxy Statement. The Compensation Committee will continue to consider the vote results for say-on-pay proposals in future years when making compensation decisions for our NEOs.

⁽¹⁾ Represents the threshold, target and maximum payments the NEOs were eligible to earn pursuant to the Company's fiscal year 2015 annual cash incentive plan. The threshold, target and maximum payout amounts represent 50%, 100% and 200% of Mr. Jasper's fiscal year 2015 base salary; 40%, 80% and 160% of Mr. Berrier's fiscal year 2015 base salary; and 37.5%, 75% and 150% of the fiscal year 2015 base salaries of Mr. Caudle and Mr. Otterberg. The threshold, target and maximum amounts were based on the Company achieving \$50.3 million, \$62.9 million and \$75.5 million, respectively, of adjusted EBITDA for fiscal year 2015. Based on the Company's actual fiscal year 2015 adjusted EBITDA, each NEO received a payment under the Company's annual cash incentive plan, based on a percentage of fiscal year 2015 base salary, equal to approximately 107.5% (Mr. Jasper), 86% (Mr. Berrier) and

80.6% (Messrs. Caudle and Otterberg).

Represents stock options granted to NEOs pursuant to the 2013 Incentive Compensation Plan during fiscal year 2015. The stock options are exercisable at a price of \$27.38 per share, one third of which options vested on July 22, 2015 and the remaining of which vest in equal installments on each of July 22, 2016 and July 22, 2017. Upon vesting, each stock option entitles the holder to acquire one share of Common Stock.

The amounts in this column do not represent amounts the NEOs received or are entitled to receive. As required by SEC rule, this column represents the full grant date fair value of the stock options granted to the NEOs during fiscal year 2015. The full grant date fair value is the amount that the Company will recognize in its financial statements over the award's vesting schedule, subject to any forfeitures. The grant date fair value was determined under FASB ASC 718. See Note 16 to the consolidated financial statements included in the 2015 Form 10-K.

Employment Agreements and Other Individual Agreements

None of our NEOs are employed pursuant to employment agreements; however, the Company has entered into a Change in Control Agreement with each of our NEOs. In general, the Change in Control Agreements provide our NEOs with severance benefits upon their involuntary termination without "cause" (or resignation for "good reason") following a change in control of the Company. Please refer to "Potential Payments Upon Termination or Change in Control" below for detailed information concerning these agreements.

We have also granted various long-term incentive awards to each of our NEOs. The material terms of these awards are discussed in the "Compensation Discussion and Analysis" section and are set forth in the "Grants of Plan-Based Awards" and "Outstanding Equity Awards at Fiscal Year End" tables in this section.

Pension Benefits

The Company does not sponsor, maintain or contribute to any retirement plans that provide for a specified level of retirement benefits (i.e., defined benefit retirement plans).

Non-Qualified Deferred Compensation

The Company maintains the SERP to provide additional retirement benefits to a select group of management or highly-compensated employees, including each of our NEOs. On an annual basis, the Company credits to the participant's account an amount equal to 8½% for executive officers, or 5½% for non-executive officers, multiplied by the participant's base salary. Each participant is always 100% vested in the participant's SERP account and earns a return on the amounts contributed to the participant's account as if it had been invested in the stocks that make up the Standard & Poor's 500 Index in the same proportion as their respective weighting therein. Participants are not entitled to a distribution from the SERP until their termination of employment with the Company, at which time they must wait six months to receive a lump sum payment equal to the balance of their respective accounts. If a participant's termination is due to death or disability, this six-month delay period is waived.

Table Of Contents

The following table provides information with respect to the Company's non-tax qualified compensation deferral plans for each of the NEOs.

Potential Payments Upon Termination or Change in Control

Change in Control Agreements. The Company is a party to a Change in Control Agreement with each of its NEOs (collectively, as amended, the "Change in Control Agreements"). The Company entered into these agreements in August 2009 with Messrs. Jasper, Berrier and Caudle and amended those agreements effective December 31, 2014, and entered into the agreement with Mr. Otterberg effective December 31, 2014. The primary purpose of the Change in Control Agreements is to promote stability and continuity within management in the event of a "change in control" (as defined below) transaction that might otherwise be distracting or disruptive to management's continued performance of its responsibilities. The substantive terms are the same in each of the Change in Control Agreements. The Change in Control Agreements will expire on December 31, 2017 unless they are extended or renewed, or unless a change in control occurs prior to that date; in the latter event, the Change in Control Agreements would extend past December 31, 2017 and expire on the two-year anniversary of the change in control event. An NEO's Change in Control Agreement will expire earlier upon his termination of employment with the Company.

The Change in Control Agreement for each NEO provides for the severance benefits described below, if the NEO's employment with the Company is terminated under certain circumstances following a change in control:

2.99 times the average total compensation paid to the NEO by the Company during the five calendar years (or less if the NEO has been employed by the Company for fewer than five years) preceding the change in control. This amount is paid in 24 equal monthly installments without interest.

Continued participation in Company-sponsored life insurance, medical, health and accident and disability plans and programs until the earlier of the second anniversary of the NEO's termination of employment or the NEO's commencement of full-time employment with a new employer.

The NEO will receive the severance benefits if he is terminated without "cause" or if he resigns for "good reason" within two years following the change in control. "Cause" is defined to mean essentially fraud, misappropriation or embezzlement or the NEO's malfeasance or misfeasance in performing his duties owed to the Company. "Good reason" is defined to mean essentially the assignment to the NEO of duties materially inconsistent with his duties immediately prior to the change in control, a material change in the NEO's titles or offices, a material reduction in the NEO's base salary or a failure to increase the NEO's base salary similar to those of other executive officers, the Company's failure to continue certain benefit or bonus plans or arrangements previously available to the NEO, certain relocations of the Company's principal executive offices or the relocation of the NEO's office, and other similar specified reasons involving a material adverse consequence to the NEO.

The Change in Control Agreements do not provide for any tax "gross-up" payments, and the salary continuation payments may also be reduced to an amount such that they do not constitute an excess parachute payment under Code Section 280G.

Table Of Contents

A “change in control” under the Change in Control Agreements includes any of the following significant changes to the ownership or control of the Company:

Any person (as defined in Sections 13(d) and 14(d)(2) of the Exchange Act) becomes the beneficial owner of more than 50% of the total fair market value of the Company’s stock or total voting power of the Company’s stock, excluding certain acquisitions;

A change in the composition of the Board such that the directors of the Company as of October 23, 2014 (“incumbent directors”) cease to constitute at least a majority of the Board, provided that (a) a change resulting from director elections by shareholders pursuant to a proxy or election contest that occurs at a single meeting of shareholders will not constitute a change of control, (b) any director elected after being nominated or approved by at least a majority of incumbent directors will be considered an “incumbent director” and (c) directors elected by shareholders shall be considered incumbent directors after serving for two years.

A merger, consolidation or other transaction involving an acquisition or corporate restructuring of the Company or the acquisition of assets of the Company or any subsidiary where (a) the underlying assets involved are equal to or greater than 50% of the gross fair market value of the assets prior to such transaction and (b) the beneficial owners of the fair market value of the Company and total voting power of the Company’s stock prior to such transaction do not beneficially own at least 50.1% of the combined fair market value of the outstanding equity and voting power of the Company after the transaction in substantially the same proportions as prior to such transaction.

Terms of Outstanding Equity Awards. Upon a “change in control” as defined for their purposes, all outstanding stock options and other stock awards under the 2013 Incentive Compensation Plan, the 2008 Unifi, Inc. Long-Term Incentive Plan (the “2008 LTIP”) and the Unifi, Inc. 1999 Long-Term Incentive Plan (the “1999 LTIP”), will become fully vested and/or will be immediately exercisable.

The 2013 Incentive Compensation Plan and 2008 LTIP both generally define a change in control as:

The acquisition of more than 50% of the total fair market value or total voting power of the Company’s stock (with certain exceptions such as an acquisition by a person, entity or group that already owns more than 50% of the total fair market value or total voting power before the acquisition);

The acquisition of 30% (under the 2013 Incentive Compensation Plan), or 20% (under the 2008 LTIP), or more of the total voting power of the Company within a 12-month period by any person (with the same exceptions as referred to above);

The replacement of a majority of the members of the Board (and with respect to the 2008 LTIP, during any 24 month period) by directors whose appointment or election is not endorsed by two-thirds of the incumbent members of the Board; or

The acquisition of 40% or more of the total gross fair market value of the Company's assets by any person.

The 1999 LTIP defines a change in control as:

A consolidation or merger in which the Company is not the surviving corporation or pursuant to which shares of Common Stock would be converted into consideration (other than a merger in which holders of Common Stock have the same proportionate ownership of Common Stock immediately after the merger);

Any sale, lease, exchange or other transfer to any person (other than to a subsidiary) of all or substantially all of the assets of the Company;

The approval by the Company's shareholders of a plan or proposal for the liquidation or dissolution of the Company;

The acquisition of 20% or more of the outstanding Common Stock by any person; or

The replacement of a majority of the members of the Board during any 24-month period by directors whose appointment or election is not endorsed by two-thirds of the incumbent members of the Board.

Table Of Contents

Our NEOs may also become vested in restricted stock units and certain stock options that vest based on continued service with the Company, including the stock options granted to them in fiscal year 2015, upon their retirement with approval by the Compensation Committee after attaining age 57 and upon a termination of employment due to death or disability. In addition, all of our unvested restricted stock unit awards granted to NEOs in prior fiscal years provide for accelerated vesting of all unvested restricted stock units upon the Company's termination of an NEO's employment without cause.

Accrued and Vested Benefits. Each of the NEOs has accrued various benefits under the Company's equity compensation programs, such as the 2013 Incentive Compensation Plan, the 2008 LTIP and the 1999 LTIP; retirement plans such as the SERP; and other broad-based employee benefit plans. Many of these benefits and awards are fully vested, and each NEO would receive all of his vested benefits and awards if his employment with the Company ends for any reason.

Hypothetical Payments Table. The table below summarizes the potential payments upon termination of employment or a change in control of the Company, as calculated pursuant to SEC rules and regulations, as of June 28, 2015 for each NEO.

Table Of Contents

As described above, all outstanding and unvested stock options and restricted stock units will become vested upon a change in control of the Company. In addition, upon an NEO's termination of employment due to approved retirement, the unvested stock options that vest solely based on the NEO's continued service ("time-based options") are subject to accelerated vesting; upon an NEO's termination of employment due to death or disability, all unvested time-based options and all unvested restricted stock units are subject to accelerated vesting; and upon an NEO's termination of employment without cause (as defined in the applicable award agreements) after specified dates, all unvested restricted stock units are subject to accelerated vesting. Stock options that vest based on an NEO's continued service and the Company's achievement of a specified share price do not provide for such accelerated vesting upon termination due to death, disability or approved retirement or upon termination without cause.

For purposes of this table, it is assumed that: (a) all vested stock options are exercised on the last business day before June 28, 2015, and the value of such vested stock options is calculated by multiplying the number of stock options by the difference between the exercise price and the closing market price; and (b) as of the date of termination or change in control, as applicable, each vested restricted stock unit is converted into one share of Common Stock and the aggregate value of such vested restricted stock units is calculated by multiplying the number of restricted stock units by the closing market price on the last business day before June 28, 2015.

Table Of Contents**EQUITY COMPENSATION PLAN INFORMATION**

The table below presents information as of June 28, 2015 regarding the number of shares of Common Stock that may be issued under the 2013 Incentive Compensation Plan. The 2013 Incentive Compensation Plan replaced the 2008 LTIP for purposes of all incentive awards issued to the Company's personnel after October 22, 2013. As a result, no further awards were made or will be made under the 2008 LTIP. Any option or restricted stock unit previously granted under the 2008 LTIP that is forfeited or canceled may be reissued under the terms of the 2013 Incentive Compensation Plan and is included in the number of securities remaining available for future issuance reflected in column (c) in the table below.

Table Of Contents**DIRECTORS' COMPENSATION**

The Company does not pay any meeting fees or annual cash retainers to its directors, although the Company may reimburse each director for reasonable expenses incurred in attending meetings. The Company's practice for compensating its outside directors over the years has been to grant them awards of stock options and/or restricted stock units, on an annual basis, in amounts that have varied from time to time. The Company does not compensate Messrs. Berrier and Jasper for their service as directors; their compensation as executive officers is discussed elsewhere in this Proxy Statement under "Executive Compensation".

On October 22, 2014, the Board approved and the Company granted restricted stock units to each outside director who had been elected at the 2014 annual meeting of shareholders as an annual retainer for service in fiscal year 2015 and until the Company's 2015 annual meeting of shareholders. These grants were made pursuant to the 2013 Incentive Compensation Plan. Each outside director received a grant of 2,625 restricted stock units, and Mr. Webster received an additional grant of 1,749 (for a total of 4,374 restricted stock units) for his service as Lead Independent Director. These restricted stock units represent the right to receive shares of Common Stock, and convey no rights of ownership in shares of Common Stock until such restricted stock units have been distributed in the form of Common Stock. The restricted stock units became fully vested on the grant date of October 22, 2014, and will be converted into an equivalent number of shares of Common Stock and distributed to the outside director following such director's termination of services as a member of the Board. A director may elect to defer delivery of such shares of Common Stock pursuant to the Unifi, Inc. Director Deferred Compensation Plan.

The following table shows compensation information for the Company's non-employee (or outside) directors for fiscal year 2015 that reflect the awards of restricted stock units discussed above.

PROPOSAL 2:

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with SEC rules and as required by Section 14A of the Exchange Act, we are asking shareholders to approve, on a non-binding basis, the following advisory resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission in the Company’s Proxy Statement for its 2015 annual meeting of shareholders, including in the “Compensation Discussion and Analysis” and “Executive Compensation” sections and the compensation tables therein, is hereby approved.”

This advisory vote is not intended to address any specific element of executive compensation, but instead is intended to address the overall compensation of the NEOs as disclosed in this Proxy Statement. The Company includes such an advisory vote annually, as a regular part of each annual meeting of shareholders of the Company, and the next such advisory vote will occur at the 2016 annual meeting of shareholders.

The Company’s executive compensation program is designed not only to retain and attract highly qualified and effective executives, but also to motivate them to contribute substantially to the Company’s future success for the long-term benefit of shareholders and to reward them for doing so. Accordingly, the Board and Compensation Committee believe that there should be a strong relationship between pay and corporate performance (both financial results and stock price), and that the Company’s executive compensation program reflects this belief. The Company also maintains other policies that help further align executive compensation with the long-term interests of shareholders, such as our Officers Stock Ownership Policy.

In keeping with its overall compensation philosophy, the compensation received by our executives during fiscal year 2015 reflects the Company’s overall performance:

Base salaries for our NEOs were unchanged from fiscal year 2014 (except for an increase for Mr. Otterberg in recognition of his first full year of service as our Chief Financial Officer), despite strong Company and individual performances during the prior year;

Annual cash incentive compensation was based on the level of achievement of the adjusted EBITDA target; and

Long-term equity incentives were awarded to ensure that executive compensation is closely aligned with the creation of shareholder value and to promote executive retention.

We urge you to read the “Compensation Discussion and Analysis” and the “Executive Compensation” sections and compensation tables therein, which provide detailed information on the Company’s compensation philosophy, policies and practices and the compensation of our NEOs.

Effect of the Proposal

This advisory resolution, commonly referred to as a “say-on-pay” resolution, is not binding on the Company, the Board or the Compensation Committee. The vote on this proposal will, therefore, not affect any compensation already paid or awarded to any NEO and will not overrule any decisions made by the Board or the Compensation Committee. However, because we value highly the opinions of our shareholders, the Board and the Compensation Committee will consider the results of this advisory vote when making future executive compensation decisions.

Vote Required for Approval

The affirmative vote of a majority of the votes cast by eligible shareholders who are present in person or represented by proxy at the Annual Meeting, and who actually vote, is required to approve this proposal.

The Board recommends that the shareholders vote “FOR” the resolution to approve the compensation of the Company’s named executive officers as disclosed in the Proxy Statement.

Table Of Contents**PROPOSAL 3:****RATIFICATION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Pursuant to its authority delegated by the Board, the Company's Audit Committee has appointed and retained KPMG LLP ("KPMG") as the Company's independent registered public accounting firm for the fiscal year ending June 26, 2016. Although the Audit Committee has the sole authority to select and appoint the independent registered public accounting firm, the Board deems it advisable to obtain your ratification of this appointment. In retaining KPMG as the Company's independent registered public accounting firm, the Audit Committee considered whether the provision of certain non-audit services by KPMG was compatible with maintaining KPMG's independence, and concluded that it was.

KPMG has been the Company's independent auditors since March 2011. Representatives of KPMG are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they so desire and to answer appropriate questions from shareholders.

Audit Fees

The fees for professional services to the Company by KPMG as the Company's independent registered public accounting firm for the fiscal years indicated below were as follows:

	<i>Fiscal Year Ended</i>	
	(\$)	
	<i>June 28,</i>	<i>June 29,</i>
	<i>2015</i>	<i>2014</i>
Audit Fees ⁽¹⁾	857,214	819,738
Audit-Related Fees	—	—
Tax Fees ⁽²⁾	628,027	495,918
All Other Fees	—	—

(1) Audit fees are those billed or expected to be billed for audit services related to each fiscal year.

(2) Consists of aggregate fees billed for tax compliance, consultation and related tax matters.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee is responsible for the appointment, compensation and oversight of the work of the independent registered public accounting firm. The Audit Committee has adopted a policy governing the provision of all audit and non-audit services by the Company's independent registered public accounting firm. Pursuant to this policy, the Audit Committee considers and approves, if appropriate, the provision of audit services (including audit review and attest services) and certain specific defined permitted non-audit services ("pre-approved services") by the Company's independent registered public accounting firm. It may also consider on a case-by-case basis and, if appropriate, approve specific engagements that do not fit within the definition of pre-approved services.

The policy provides that any proposed engagement that does not fit within the definition of a pre-approved service must be presented to and approved by the Audit Committee or pre-approved by the Chair or another member of the Audit Committee pending presentation to the Audit Committee. If permissible non-audit services are pre-approved by the Chair or another member of the Audit Committee, that decision is required to be presented at the next meeting of the Audit Committee for approval by the Audit Committee. The Audit Committee regularly reviews summary reports detailing all services (and related fees and expenses) being provided to the Company by the independent registered public accounting firm. All of the fees paid to KPMG in fiscal year 2015 were pre-approved by the Audit Committee.

Vote Required for Approval

The affirmative vote of a majority of the votes cast by eligible shareholders who are present in person or represented by proxy at the Annual Meeting, and who actually vote, is required to approve this proposal.

If the shareholders do not ratify the appointment of KPMG, the Audit Committee will consider a change in independent registered public accounting firm for the next fiscal year.

The Board recommends that the shareholders vote "FOR" the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending June 26, 2016.

BOARD OF DIRECTORS PROCEDURAL MATTERS

In accordance with New York law and the Company's Articles of Incorporation and Bylaws, the Board is charged with governing the Company and supervising the conduct of its business by management. In discharging its duties under those and other legal and regulatory requirements, the Board has adopted and adheres to several corporate governance policies, guidelines and protocols that have been designed to help ensure that the Company operates in compliance with applicable laws and regulations, in accordance with high ethical standards and in pursuit of the interests of the shareholders to enhance the value of the Company. Information about the current members of the Board, several of the corporate governance guidelines and protocols followed by the Board, and other matters relating to the operations of the Board is provided in other sections of this Proxy Statement. The rest of this section contains information about committees of the Board, the process for selection of nominees for election to the Board, directors' attendance at meetings and other procedural matters.

Committees of the Board of Directors

The Board has four standing committees: the Compensation Committee, the Audit Committee, the Corporate Governance and Nominating Committee (the "Governance Committee") and the Executive Committee. During fiscal year 2015, the Compensation Committee met three (3) times and acted by written consent two (2) times; the Audit Committee met nine (9) times; the Governance Committee met three (3) times and acted by written consent one (1) time; and the Executive Committee met four (4) times and acted by written consent two (2) times.

The *Compensation Committee* operates under a written charter, adopted in April 2003 and most recently amended in June 2013. The Compensation Committee discharges the Board's responsibilities relating to compensation of the Company's executive officers. At least annually, the Compensation Committee reviews and approves corporate goals and objectives relevant to the compensation of each executive officer of the Company (including the Chief Executive Officer), evaluates each executive officer's performance in light of these goals and objectives, and sets each executive officer's compensation level based on this evaluation. The Compensation Committee annually determines whether the Chief Executive Officer and other executive officers will participate in any annual or long-term incentive plans established for the Company's executive officers or employees. The Compensation Committee also advises senior management with respect to the range of compensation to be paid to other employees of the Company and administers and grants stock options and other equity-based awards to the Company's officers, employees and consultants pursuant to the Company's equity-based plans.

The Compensation Committee has the authority to retain or obtain the advice of any compensation consultant, independent legal counsel or other advisor it determines, in its sole discretion, to be useful to performing its duties. Prior to selecting or receiving advice from any such advisor, the Compensation Committee considers factors relevant to the independence of such advisor under applicable regulations or the NYSE Corporate Governance Standards. Each

member of the Compensation Committee is an independent director, in accordance with the independence requirements of the Exchange Act and the NYSE Corporate Governance Standards applicable to members of compensation committees. The current members of the Compensation Committee are Messrs. Webster (Chair), Armfield and Cox.

The *Audit Committee* operates under a written charter, adopted in April 2000 and most recently amended in July 2015. The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee discharges the Board's responsibility relating to the oversight of: (i) the integrity of the financial statements of the Company, (ii) the independent auditor's qualifications, independence, appointment and performance, (iii) the performance of the Company's internal audit function, and (iv) the compliance by the Company with accounting, legal, regulatory and ethical conduct requirements and protocols. As a result, the Audit Committee, among other things, is responsible for the appointment, compensation, retention and oversight of the Company's independent auditors, and it reviews the Company's financial statements, audit reports, internal controls and internal audit procedures. Each member of the Audit Committee is an independent director, in accordance with the independence requirements of the Exchange Act and the NYSE Corporate Governance Standards applicable to members of audit committees. The current members of the Audit Committee are Ms. Present (Chair) and Messrs. Armfield and Webster.

The *Governance Committee* operates under a written charter, adopted in April 2003 and most recently amended in April 2015. The Governance Committee is responsible, among other things, for identifying candidates to serve as directors of the Company, consistent with criteria approved by the Board, and for making recommendations to the Board of qualified nominees for election or reelection as directors of the Company. The Governance Committee is also responsible for recommending to the Board, for the Board's approval, all members and chairs of the Board's standing committees. The Governance Committee is responsible for establishing a system for, and monitoring the process of, performance reviews of

Table Of Contents

the Board, its committees and key management personnel. The Governance Committee reviews the Corporate Governance Guidelines and Policies (the “Corporate Governance Guidelines”) from time to time and recommends possible changes to the Board.

The Governance Committee also monitors compliance with the Company’s Ethical Business Conduct Policy Statement (the “Ethical Policy Statement”), reviews the Ethical Policy Statement from time to time and provides recommendations for possible changes to the Board. The Governance Committee also oversees the administration of the Company’s Related Persons Transactions Policy (the “Related Persons Transactions Policy”) and may from time to time recommend possible changes to the Board. Each member of the Governance Committee is an independent director, in accordance with the independence requirements of the NYSE Corporate Governance Standards. The current members of the Governance Committee are Messrs. Cox (Chair), Langone and Webster.

The *Executive Committee* operates under a written charter adopted in September 2007. The Executive Committee may exercise all of the authority of the Board in the management of the Company, subject to limitations under New York law. The current members of the Executive Committee are Messrs. Jasper (Chair), Berrier and Webster and Ms. Present.

Board Leadership Structure

Mr. Jasper, the Company’s Chief Executive Officer, is the Chairman of the Board. The Company also has a Lead Independent Director who acts as a liaison between the non-management directors and the Company’s management, chairs the executive sessions of non-management directors, and consults with the Chairman of the Board regarding agendas for Board meetings and other matters pertinent to the Company and the Board.

The Board has determined that Mr. Jasper’s service as both Chairman of the Board and Chief Executive Officer is in the best interests of the Company and its shareholders because Mr. Jasper possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and its business and is thus best positioned to develop agendas that ensure that the Board’s time and attention are focused on the most important matters. Combining the positions helps to provide a unified leadership and direction for the Company, enables decisive leadership, ensures clear accountability, and enhances the Company’s ability to communicate its message and strategy clearly and consistently to the Company’s shareholders, employees, customers and suppliers. The Board believes that this structure enhances Mr. Jasper’s ability to provide insight and direction on important strategic initiatives simultaneously to both management and the independent directors. The Board also believes its current leadership structure is appropriate in light of the fact that it has designated a Lead Independent Director, and the Compensation Committee, Governance Committee and Audit Committee are each comprised solely of independent directors.

Audit Committee Financial Experts

The Board has determined that at least two members of the Audit Committee, Mr. Armfield and Ms. Present, are audit committee financial experts, as defined by SEC rules, and a third director who does not serve on the Audit Committee, Mr. Cox, would qualify as an audit committee financial expert if appointed to the Audit Committee. Messrs. Armfield and Cox and Ms. Present are each “independent” as that term is defined in the NYSE Corporate Governance Standards.

Attendance at Board and Committee Meetings

The Board met seven (7) times during fiscal year 2015. All directors attended at least 75% of the aggregate number of meetings of the Board and meetings held by all committees of the Board on which they serve during the period in which they served as a director or a committee member during fiscal year 2015, except for Mr. Armfield, who attended 14 of 19 Board and committee meetings (for 74%) during fiscal year 2015. Mr. Armfield would have exceeded 75% by attending just one additional meeting, which he would have done but for the fact that he missed a specially called Board meeting because of a serious temporary medical illness. Mr. Armfield has attended at least 75% of the aggregate number of meetings of the Board and all committees of the Board on which he served for at least the five years prior to fiscal year 2015, and the Board believes that his absences from a few meetings during fiscal year 2015 did not compromise the strong contributions he otherwise made during fiscal year 2015, or his ability to continue making such contributions if he is reelected at the Annual Meeting.

Attendance at Annual Meetings

At the 2014 annual meeting of shareholders, all members of the Board were in attendance. The Company believes that the Annual Meeting is an opportunity for shareholders to communicate directly with our directors. Directors are encouraged to attend each annual meeting of shareholders.

Selection of Nominees for Election to the Board

Nomination Process

The Governance Committee is responsible for identifying and recommending to the Board persons for nomination to be elected as directors by our shareholders, as well as candidates to fill vacancies on the Board that may arise from time to time. The Governance Committee is also responsible for considering any nominees for director who are properly submitted by our shareholders, as described later below. The Board makes the final nomination decisions after considering the recommendations from the Governance Committee.

Identification and Evaluation of Nominees

The objective of the Governance Committee is to structure a Board that brings to the Company a variety of skills and perspectives developed through high-quality business and professional experiences. All nominees for director must demonstrate integrity, accountability, informed judgment, financial literacy, passion, creativity and vision. The Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue to serve. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining new perspectives. If any member of the Board does not wish to continue in service, or if the Governance Committee decides not to recommend a member for reelection, the Governance Committee will identify and recommend a new nominee with the desired skills and experience as outlined above, unless the Board determines not to fill the resulting vacancy. Historically, the Governance Committee has not engaged outside advisors or consultants to identify or evaluate (or otherwise assist in identifying) potential nominees, although it has authority and is willing to do so if it or the Board believes such assistance would be beneficial.

The Governance Committee reviews the background and qualifications of each nominee to determine his or her experience, competence and character, and assesses such nominee's potential contribution to the Board. Other than the foregoing, there are no stated minimum criteria for director nominees. The Governance Committee may, however, consider such other factors it believes to be in the best interest of the Company and the shareholders. The Governance Committee and the Board do not have a specific diversity policy, but they believe that diversity is a critical aspect of a well-functioning board, and that having directors of different ages, races, genders, and ethnic and cultural backgrounds can contribute different, useful perspectives, and can work effectively together to further the Company's objectives.

Pursuant to its charter, the Governance Committee periodically reviews the criteria for the selection of Board members to ensure that the criteria, including diversity, are adequate for the Company and are being addressed appropriately.

Shareholder Nominations

Shareholder nominees will be analyzed by the Governance Committee and considered for possible recommendation to the Board in the same manner as nominees that are otherwise considered by the Governance Committee. Any recommendation submitted by a shareholder to the Governance Committee must comply in all respects with Section 1.13 of our Bylaws, which generally requires that such recommendation be in writing and include the shareholder's name and address; number of shares of Common Stock and other securities of the Company owned by the shareholder; any material interest that the shareholder may have in the election of the proposed nominee to the Board; any other information that would be required to be disclosed in a proxy or information statement of the Company; and information related to the proposed nominee, including a written statement signed by the proposed nominee as to his or her background and qualifications and a description of arrangements and understandings between the shareholder proponent and the proposed nominee. Section 1.13 of our Bylaws also requires that any such shareholder recommendation be received by the Company in accordance with the timeframe that is described under the caption "Shareholder Proposals".

A copy of the Company's Bylaws is available on the Company's website at www.unifi.com under the "Investor Relations" section, and may also be obtained upon request to: Unifi, Inc., 7201 West Friendly Avenue, Greensboro, North Carolina 27410, Attention: Office of the Secretary. Information on the Company's website referenced above or elsewhere in this Proxy Statement does not constitute part of this Proxy Statement.

Effect of Failure to be Reelected

A director nominee who fails to receive sufficient votes for reelection in an uncontested election shall be deemed to have tendered to the Board his or her resignation as a director, with the Board having authority to determine the timing of accepting the resignation in light of potential governance or other considerations pending the election of his or her successor, if there is to be a successor.

Table Of Contents

CORPORATE GOVERNANCE MATTERS

Corporate Governance Guidelines and Committee Charters

In furtherance of its longstanding goal of providing effective governance of the Company's business for the benefit of shareholders, the Board has adopted the Corporate Governance Guidelines, which were revised in July 2014. Each of the Audit Committee, the Compensation Committee and the Governance Committee operate under written charters that have been adopted by the Board. The Corporate Governance Guidelines and the committee charters are available on the Company's website at www.unifi.com under the "Investor Relations" section. In addition, a paper copy of the Corporate Governance Guidelines and the committee charters is available to any shareholder upon request to the Office of the Secretary.

Director Independence

For a director to be considered independent under the NYSE Corporate Governance Standards, the Board must affirmatively determine that the director has no direct or indirect "material relationship" with the Company, other than as a director of the Company. As permitted by the NYSE Corporate Governance Standards, the Board has adopted its Director Independence Standards to assist it in making its independence determinations. These standards are listed in Exhibit A to the Corporate Governance Guidelines available on the Company's website www.unifi.com under the "Investor Relations" section.

After considering the Director Independence Standards, the NYSE Corporate Governance Standards, all other applicable independence standards and requirements (including those set forth in Sections 10A-3 and 10C-1 of the Exchange Act, and the SEC's regulations thereunder), and all other relevant facts and circumstances, including the existence of any commercial or charitable relationships between the directors and the Company, as well as the transactions described in the "Transactions with Related Parties and Certain Other Persons" section below, the Board has determined that all of its current members, other than Messrs. Berrier and Jasper, meet the Company's categorical standards, meet the independence requirements of the NYSE and are independent.

In making its independence determinations with respect to Mr. Langone, the Board considered specifically the relationship between the Company and Invemed Associates, LLC ("Invemed"). Mr. Langone is President and Chief Executive Officer of, and owns an 81% interest in, Invemed. In fiscal year 2015, the Company paid \$2,970 in commissions to Invemed as the Company's broker to execute open-market stock purchase transactions under the Company's share repurchase program. Invemed does not provide any professional services for the Company, nor does it provide investment banking or other substantive financial or business advice or services in executing the Company's

instructions. The Company's management makes all decisions regarding the stock repurchase program and does not confer any discretion with respect to the program on Invemed. The Board views the brokerage services provided by Invemed as administrative and ministerial in nature, and in any event does not view the Invemed services as a "material" transactional relationship.

Executive Sessions of Non-Management Directors

Non-management directors meet without management present in executive sessions at all regularly scheduled Board meetings. To the extent that there are non-management directors who are not independent, there is an executive session including only independent directors at least once a year. The Board's Lead Independent Director presides over the executive sessions of the independent and non-management directors.

Shareholder and Interested Party Communications with Directors

Shareholders and other interested parties may communicate directly with the entire Board, any committee of the Board, the Chair of any Board committee, any individual director, the Lead Independent Director, the independent or non-management directors as a group, or any other group of directors by writing to: Unifi, Inc. Board of Directors, 7201 West Friendly Avenue, Greensboro, North Carolina 27410, Attention: Office of the Secretary. Any correspondence sent in this manner and directed to the Lead Independent Director, any particular director, or any particular committee or group of directors will be forwarded accordingly. If no specific addressee is provided, the communication will be forwarded to the Chairman of the Board.

Code of Business Conduct and Ethics; Ethical Business Conduct Policy Statement

The Company has adopted a written Code of Business Conduct and Ethics, which was revised in July 2014, applicable to members of the Board and executive officers, including the Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer (the "Code of Ethics"). The Company has also adopted the Ethical Policy Statement, which was revised in July 2014, that applies to all Company personnel. The Code of Ethics and the Ethical Policy Statement are

Table Of Contents

available on the Company's website at *www.unifi.com* under the "Investor Relations" section, and paper copies of each are available to any shareholder upon request to the Office of the Secretary. Any amendments to or waiver of the Code of Ethics applicable to the Company's Chief Executive Officer, Chief Financial Officer or Chief Accounting Officer will be disclosed on the Company's website promptly following the date of such amendment or waiver.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

None of the individuals who served as a member of the Compensation Committee during fiscal year 2015 were at any time an officer or employee of the Company or any of its subsidiaries or had any relationship with the Company requiring disclosure under SEC regulations.

Board's Role in Risk Oversight

As the Company's principal governing body, the Board has the ultimate responsibility for overseeing the Company's risk management practices. Certain risk management functions have been delegated to committees of the Board, and in particular to the Audit Committee and Executive Committee.

Pursuant to the Audit Committee Charter, one of the primary roles and responsibilities of the Audit Committee is the supervision of the integrity of the financial statements of the Company, the compliance by the Company with legal and regulatory requirements, and the oversight of the performance of the Company's internal audit function and outside auditors. Under the Audit Committee Charter, the Audit Committee, among other responsibilities and duties:

Reviews with the outside auditor and management, as appropriate, significant financial reporting issues and judgments identified by management or the outside auditor and made in connection with the preparation of the Company's financial statements;

Reviews with the outside auditor and management, major issues identified by management or the outside auditor regarding the Company's accounting and auditing principles and practices, including critical accounting policies, and major changes in auditing and accounting principles and practices suggested by the outside auditor, internal auditor or management; and

In consultation with management and the outside auditor, (i) considers the integrity of the Company's financial reporting processes and internal controls and (ii) consults concerning the Company's internal controls, including any

significant deficiencies and significant changes in internal controls.

In addition, the Company performs an enterprise risk management (“ERM”) risk assessment that is presented to and evaluated by the Audit Committee. On a quarterly basis, the Company’s ERM Steering Committee meets to review the Company’s “critical risks” to make sure there have been no changes in any critical risk that would require immediate action by the Company. The ERM Steering Committee is a non-Board committee that is comprised of several members of the Company’s senior and middle management teams. The ERM Steering Committee also reviews “emerging risks” to determine if there are any such risks that could affect the Company and to take appropriate actions should an emerging risk be identified. The Company’s Internal Audit Manager serves as the Company’s Chief Risk Officer and prepares quarterly reports to the Audit Committee, which is the Board committee with primary oversight responsibility for the Company’s ERM function, that include an update on the Company’s ERM actions. The Audit Committee then updates the Board as appropriate.

TRANSACTIONS WITH RELATED PARTIES AND CERTAIN OTHER PERSONS

Policies and Procedures with Respect to Related Party Transactions

The Board is committed to upholding the highest legal and ethical conduct in fulfilling its responsibilities, and it recognizes that related party transactions can present a heightened risk of potential or actual conflicts of interests. Accordingly, as a general matter, it is the Board's preference to avoid related party transactions.

Pursuant to the Code of Ethics, all executive officers and directors are required to discuss with the Company's General Counsel any transaction or relationship that does or may conflict with the interests of the Company, prior to the entry into of such transaction. Pursuant to the Related Persons Transactions Policy, the Company's General Counsel must submit any potential or actual conflict of interests involving an officer, director or related person to the Governance Committee, the Audit Committee or another committee specified by the Board comprised solely of independent directors (the "RPT Committee") for review and approval. Under this policy, the RPT Committee will determine an appropriate resolution on a case-by-case basis, including approval, ratification, amendment, termination or rescission of the transaction or submission of the transaction for consideration or action by the Board. All directors must excuse themselves from any discussion or decision affecting their personal, business or professional interests.

All related party transactions are disclosed in the Company's applicable filings with the SEC, as required under SEC rules.

Transactions with Dillon Yarn Corporation

In fiscal year 2015, the Company purchased approximately \$2 million of products from Dillon Yarn Corporation ("Dillon"), of which Mitchel Weinberger, who served as a director of the Company during fiscal year 2015 until his resignation on April 24, 2015, is the President and Chief Operating Officer. The terms of the purchases from Dillon are, in the Company's opinion, no less favorable than the terms the Company would have been able to negotiate with an independent third party.

On June 18, 2015, pursuant to approval by the Board, the Company purchased 200,000 shares of its Common Stock owned by Dillon at a negotiated price of \$31.00 per share, for an aggregate purchase price of \$6.2 million. The purchase price constituted an approximately 3% discount to the closing price of the Common Stock on June 17, 2015. Mr. Weinberger was not a director at the time of the transaction or its negotiation, but the Board nonetheless

considered the transaction in light of criteria that would have been applicable under the Related Persons Transactions Policy.

Transactions with Salem Holding Company

In fiscal year 2015, the Company paid Salem Leasing Corporation, a wholly owned subsidiary of Salem Holding Company, approximately \$3.6 million in connection with leases of tractors and trailers, and for related services. In addition, the Company earned income from Salem Global Logistics, Inc., a wholly owned subsidiary of Salem Holding Company, of approximately \$179,000 in connection with providing for-hire freight services for Salem Global Logistics, Inc. Mr. Langone owns a non-controlling 33% equity interest in, is a director and is the non-executive Chairman of the Board of Salem Holding Company. Mr. Langone is not an employee of Salem Holding Company or its subsidiaries and is not involved in the day-to-day operations of any such company. The terms of the Company's leases with Salem Leasing Corporation are, in the Company's opinion, no less favorable than the terms the Company would have been able to negotiate with an independent third party for similar equipment and services. The terms of payment to the Company by Salem Global Logistics, Inc. for the freight services were no less favorable than terms the Company could have received from an independent third party.

Transactions with Cupron, Inc.

In fiscal year 2015, the Company recorded approximately \$925,000 of sales to Cupron, Inc. and recorded approximately \$281,000 of yarn purchases from Cupron Inc. Mr. Armfield is a director (and non-executive chairman) of, and holds an indirect minority equity interest in, Cupron, Inc. The terms of the Company's sales to and purchases from Cupron, Inc. are, in the Company's opinion, no less favorable than the Company would have been able to negotiate with an independent third party.

Such persons are required by the SEC's regulations to furnish the Company with copies of all Section 16(a) reports they filed.

To the Company's knowledge, based solely on its review of the copies of such reports furnished to the Company and written representations that no other reports were required, all persons subject to Section 16 of the Exchange Act filed on a timely basis all Section 16(a) filings during fiscal year 2015.

SHAREHOLDER PROPOSALS

Shareholder proposals, including director nominations, submitted for inclusion in the Company's proxy statement for our 2016 annual meeting of shareholders must comply with applicable requirements or conditions established by the SEC, including Rule 14a-8 under the Exchange Act, and must be received by our Corporate Secretary at 7201 West Friendly Avenue, Greensboro, North Carolina, 27410, no later than May 7, 2016 (120 days before the first anniversary of the date of this Proxy Statement).

If you would like to submit a matter for consideration at our 2016 annual meeting of shareholders (including any shareholder proposal or director nomination) that will not be included in the proxy statement for that meeting, Section 1.13 of our Bylaws provides that you must submit your matter no earlier than June 23, 2016 (120 days before the first anniversary of this year's meeting) and no later than July 23, 2016 (90 days before the first anniversary of this year's meeting), which assumes we do not change the date of the 2016 meeting by more than 30 days from the date of this year's meeting. Any shareholder proposal to be considered at the 2016 annual meeting of shareholders must also comply with the other requirements of Section 1.13 of the Company's Bylaws (including, with respect to director nominations, the requirements as described above under "Board of Directors Procedural Matters—Selection of Nominees for Election to the Board—Shareholder Nominations") and be submitted in writing to the Office of the Secretary at the address above. The person or persons named in the proxies solicited by us may exercise discretionary voting authority over any shareholder proposal if the Company does not receive the notice of such proposal within the time frames described above; or, where a notice is received within these time frames, if the shareholder delivering the notice fails to satisfy the requirements of Rule 14a-4 under the Exchange Act.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

The SEC has adopted rules permitting registrants to send a single set of the annual report and proxy statement to any household at which two or more shareholders reside if the registrant believes they are members of the same family. This procedure, referred to as “householding”, reduces the volume of duplicate information shareholders receive and reduces the expense to the registrant. The Company has not implemented these householding rules with respect to its record holders; however, a number of brokerage firms have instituted householding rules that may impact certain beneficial owners of our Common Stock. If your family has multiple accounts by which you hold our Common Stock, you may have received a householding notification from your broker. Please contact your broker directly if you have any questions or wish to revoke your decision to household.
