QUALSTAR CORPORATION AND SUBSIDIARY

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying condensed consolidated balance sheet as of December 31, 2016, has been derived from audited consolidated financial statements. The accompanying unaudited interim condensed consolidated financial statements have been prepared on the same basis as our annual audited consolidated financial statements and in accordance with accounting principles generally accepted in the United States (“GAAP”) for interim financial information and the rules and regulations of the Securities and Exchange Commission (“SEC”) for interim financial statements.

Preparing condensed consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses. Examples include estimates of loss contingencies, product life cycles and inventory obsolescence, bad debts, sales returns, share-based compensation, forfeiture rates, the potential outcome of future tax consequences of events that have been recognized in our financial statements or tax returns, and determining when investment impairments are other-than-temporary. Actual results and outcomes may differ from management’s estimates and assumptions.

The condensed consolidated financial statements include our accounts and the accounts of our wholly owned subsidiary in Singapore. All significant intercompany accounts and transactions have been eliminated in consolidation.

Interim results are not necessarily indicative of results for a full year. The information included in this Form 10-Q should be read in conjunction with information included in the Qualstar Corporation Annual Report on Form 10-K for the year ended December 31, 2016, filed with the SEC on March 16, 2017.

Revenue Recognition

We recognize revenue in accordance with Accounting Standards Codification (“ASC”) 605, “Revenue Recognition,” when there is persuasive evidence that an arrangement exists, title and risk of loss have passed, delivery has occurred or the services have been rendered, the sales price is fixed or determinable and collection of the related receivable is reasonably assured. Title and risk of loss generally pass to our customers upon shipment. In limited circumstances where either title or risk of loss pass upon destination or acceptance or when collection is not reasonably assured, we defer revenue recognition until such events occur.

Service contracts are sold by Qualstar to customers for a period of time to provide product support after the warranty expires. The service contracts allow customers to call Qualstar for technical support, replace defective parts and to have onsite service provided by Qualstar’s third party contract service provider. The Company records revenues for contract services at the amount of the service contract, but such amount is deferred at the beginning of the service term and amortized ratably over the life of the contract.

Deferred service revenue is shown separately in the condensed consolidated balance sheets as current and long term. At June 30, 2017, we had deferred service revenue of approximately \$950,000. At December 31, 2016, we had deferred service revenue of approximately \$892,000.

QUALSTAR CORPORATION AND SUBSIDIARY

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)-(Continued)

Allowance for Doubtful Accounts

We estimate our allowance for doubtful accounts based on an assessment of the collectability of specific accounts and the overall condition of accounts receivable. In evaluating the adequacy of the allowance for doubtful accounts, specific trade receivables, historical bad debts, customer credits, customer credit-worthiness and changes in customers' payment terms and patterns are analyzed. If the financial condition of our customers were to deteriorate, resulting in an impairment of their ability to make additional payments, then additional allowances may be needed. Likewise, if it is determined that more of our receivables may be realized in the future than previously estimated, we would adjust the allowance to increase income in the period of this determination.

Inventory Valuation

We record inventories at the lower of cost (first-in, first-out basis) or market value. We assess the value of our inventories periodically based upon numerous factors including expected product or material demand, current market conditions, technological obsolescence, current cost and net realizable value. If necessary, we write down our inventory for estimated obsolescence, potential shrinkage, or unmarketable inventory equal to the difference between the cost of inventory and the estimated market value based upon assumptions about future demand and market conditions. If technology changes more rapidly than expected, or market conditions become less favorable than those projected by management, additional inventory write-downs may be required.

Warranty Obligations

We provide for the estimated cost of product warranties at the time the related revenue is recognized. We engage in extensive product quality programs and processes, including active monitoring and evaluation of product failure rates, material usage and estimation of service delivery costs incurred in correcting a product failure. However, should actual product failure rates, material usage, or service delivery costs differ from our estimates, then revisions to the estimated warranty liability would be required. Historically, our warranty costs have not been significant.

Legal and Other Contingencies

The outcomes of legal proceedings and claims brought against us are subject to significant uncertainty. An estimated loss from a loss contingency such as a legal proceeding or claim is accrued by a charge to income if it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. When legal costs that the entity expects to incur in defending itself in connection with a loss contingency accrual are expected to be material, the loss should factor in all costs and, if the legal costs are reasonably estimable, they should be accrued in accordance with ASC 450, regardless of whether a liability can be estimated for the contingency itself. Disclosure of a contingency is required if there is at least a reasonable possibility that a loss has been incurred. Changes in these factors could materially impact our condensed consolidated financial statements.

Reclassifications

Certain prior period amounts have been reclassified to conform to the current period presentation, with no changes to previously reported stockholders equity or net income (loss).

Fair Value of Financial Instruments

We measure fair value on all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the condensed consolidated financial statements on a recurring basis (at least quarterly).

QUALSTAR CORPORATION AND SUBSIDIARY

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)-(Continued)

Share-Based Compensation

Share-based compensation is accounted for in accordance with ASC 718, "Compensation – Stock Compensation." The Black-Scholes option-pricing model is used to determine fair value of the award at the date of grant and recognize compensation expense over the vesting period. The inputs for the model require the use of judgment, estimates and assumptions regarding the expected volatility of the stock, the expected term the average employee will hold the option prior to the date of exercise, expected future dividends, and the amount of share-based awards that are expected to be forfeited. Changes in these inputs and assumptions could occur and actual results could differ from these estimates, and our results of operations could be impacted.

Accounting for Income Taxes

We estimate our tax liabilities based on current tax laws in the statutory jurisdictions in which we operate in accordance with ASC 740, "Income Taxes." These estimates include judgments about deferred tax assets and liabilities resulting from temporary differences between assets and liabilities recognized for financial reporting purposes and such amounts recognized for tax purposes, as well as about the realization of deferred tax assets. We may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained upon examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position should be measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. ASC 740 also provides guidance on derecognition of income tax assets and liabilities, classification of current and deferred income tax assets and liabilities, accounting for interest and penalties associated with tax positions, and income tax disclosures.

We maintain a valuation allowance to reduce our deferred tax assets due to the uncertainty surrounding the timing of realizing the benefits of net deferred tax assets in future years. We have considered future taxable income and ongoing prudent and feasible tax planning strategies in assessing the need for such a valuation allowance. In the event we were to determine that we would be able to realize all or part of our net deferred tax asset in the future, the valuation allowance would be decreased accordingly.

We may periodically undergo examinations by the federal and state regulatory authorities and the Internal Revenue Service. We may be assessed additional taxes and/or penalties contingent on the outcome of these examinations. Our previous examinations have not resulted in any unfavorable or significant assessments.

NOTE 2 – RECENT ACCOUNTING PRONOUNCEMENTS

Recent accounting guidance not yet adopted

In May 2014, the FASB issued ASU 2014-09 to clarify the principles for recognizing revenue and to develop a common revenue standard that will remove inconsistencies and weaknesses in revenue requirements, provide a more robust framework for addressing revenue issues, improve comparability of revenue recognition practices across entities, industries, jurisdictions, and capital markets, provide more useful information to users of financial statements through improved disclosure requirements, and simplify the preparation of financial statements by reducing the number of requirements to which an entity must refer. In August 2015, the FASB issued ASU 2015-14 as an update of ASU 2014-09. The purpose is to allow more time to implement the guidance in Update 2014-09. This Update defers the effective date of Update 2014-09 to annual reporting periods beginning after December 15, 2017. The Company is still evaluating the impact on the condensed consolidated financial statements.

QUALSTAR CORPORATION AND SUBSIDIARY

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)-(Continued)

In February 2016, the FASB issued ASU 2016-02 to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. For related party leases, the basis will be the legally enforceable terms and conditions of the arrangement. This standard is effective for fiscal years beginning after December 15, 2018. The Company is evaluating the impact it may have on its condensed consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15 to reduce the existing diversity in practice in how certain cash receipts and cash payments are presented and classified in the statement of cash flows. This standard is effective for fiscal years beginning after December 15, 2017, and is not expected to materially impact our condensed consolidated financial statements.

In October 2016, the FASB issued ASU 2016-16 to improve the accounting for the income tax consequences of intra-entity transfers of assets other than inventory. This standard is effective for fiscal years beginning after December 15, 2017, and is not expected to materially impact our consolidated financial statements.

In January 2017, the FASB issued ASU 2017-01 clarifying the definition of a business and adding guidance to evaluate whether transactions should be accounted for as acquisitions or disposals of assets or businesses. This standard is effective for fiscal years beginning after December 15, 2017, and is not expected to materially impact our consolidated financial statements.

In May 2017, the FASB issued ASU 2017-09 to provide clarity and reduce both diversity in practice and cost and complexity, when applying the guidance for stock compensation, to a change to the terms or conditions of a share-based payment award. This standard is effective for fiscal years beginning after December 15, 2017, and is not expected to materially impact our consolidated financial statements.

NOTE 3 – SIGNIFICANT CUSTOMERS, CONCENTRATION OF CREDIT RISK, AND GEOGRAPHIC INFORMATION

We have no outstanding debt nor do we utilize auction rate securities or derivative financial instruments in our investment portfolio. Cash and other investments may be in excess of FDIC insurance limits.

Our financial results could be affected by changes in foreign currency exchange rates or weak economic conditions in foreign markets. As all sales are currently made in U.S. dollars, a strengthening of the dollar could make our products less competitive in foreign markets.

One customer accounted for 15.0% of the Company's net revenue for the six month period ended June 30, 2017. The customer's accounts receivable balance totaled 9.6% of net accounts receivable as of June 30, 2017. One customer accounted for 12.4% of the Company's net revenue for the six month period ended June 30, 2016. The customer's accounts receivable balances totaled 11.4% of net accounts receivable as of December 31, 2016.

QUALSTAR CORPORATION AND SUBSIDIARY**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)-(Continued)****NOTE 4 – NET EARNINGS PER SHARE**

Basic net earnings per share has been computed by dividing net income or loss by the weighted average number of common shares outstanding. Diluted net earnings per share has been computed by dividing net earnings by the weighted average common shares outstanding plus dilutive securities or other contracts to issue common stock as if these securities were exercised or converted to common stock.

The following table sets forth the computation of basic and diluted net income or loss per share for the periods indicated, in thousands, except per share amounts.

NOTE 6 –CONTINGENCIES**Accrued Warranty**

We provide for the estimated costs of hardware warranties at the time the related revenue is recognized. We estimate the costs based on historical and projected product failure rates, historical and projected repair costs, and knowledge of specific product failures (if any). The specific hardware warranty terms and conditions for tape libraries generally include parts and labor over a three-year period. The warranty for power supplies is generally three years. We regularly re-evaluate our estimates to assess the adequacy of the recorded warranty liabilities and adjust the amounts as necessary.

NOTE 7 –COMMITMENTS

Lease Agreements

Qualstar's lease agreement for its 15,160 square foot facility located in Simi Valley, California, expires on February 28, 2018. Rent on this facility is \$10,000 per month with a step-up of 3% annually. Qualstar subleases a portion of the warehouse space to Interlink Electronics, Inc. (Interlink) and is reimbursed for the space and other related expenses on a monthly basis. As described in Note 14, Interlink is a related party.

Qualstar also leases approximately 5,400 square feet of office space in Westlake Village, California. Our lease on this facility expires on January 31, 2020. Rent on this facility is \$10,000 per month, with a step-up of 3% annually. On March 21, 2016, we signed a sublease agreement for the Westlake Village facility. The tenant will pay Qualstar \$11,000 per month with a step-up of 3% annually.

Effective April 1, 2016, a two year lease was signed for 1,359 square feet for \$2,200 per month in Singapore, which expires on September 30, 2018.

The Company provides for rent expense on a straight-line basis over the lease terms.

Future minimum lease payments under these leases are as follows, in thousands, (unaudited):

Years Ending December 31,	Minimum Lease	Sublease Revenue	Net Minimum
----------------------------------	----------------------	-------------------------	--------------------

	Payment		Lease	
				Payment

Total Commitment	\$ 450	\$ (372)		\$ 78

Net rent expense for the three months ended June 30, 2017 and 2016 was \$35,000 and \$48,000, respectively and for the six months ended June 30, 2017 and 2016 was \$71,000 and \$112,000, respectively.

NOTE 8 –STOCK INCENTIVE PLANS AND SHARE-BASED COMPENSATION

No expense was incurred for share-based compensation associated with outstanding stock options for the six months ended June 30, 2017 and for the six months ended June 30, 2016, approximately \$2,000 was recorded. No income tax benefit was recognized in the condensed consolidated statements of operations for share-based arrangements in any period presented. At June 30, 2017, the Company did not have any unrecognized compensation cost related to share-based compensation.

The Company did not grant any stock based compensation during the three and six months ended June 30, 2017 and June 30, 2016.

NOTE 9 - STOCKHOLDERS' EQUITY

On June 14, 2016, upon receiving approval from the majority of the Company's shareholders at the 2016 Annual Meeting, the Company implemented a one-for-six reverse stock split (the "Reverse Split") of all outstanding shares of common stock, effective as of the close of business on June 14, 2016. The reverse split decreased the number of outstanding shares of common stock from 12,253,117 to approximately 2,042,020. The Company's authorized number of shares of common stock remains at 50,000,000 and the authorized number of shares of preferred stock of the Company remains at 5,000,000. All share amounts in these financial statements reflect the 1-for-6 reverse split of our issued and outstanding common stock, retroactively.

NOTE 10 – LEGAL PROCEEDINGS

The Company is subject to a variety of claims and legal proceedings that arise from time to time in the ordinary course of our business. Although management currently believes that resolving claims against us, individually or in the aggregate, will not have a material adverse impact on our condensed consolidated financial statements, these matters are subject to inherent uncertainties and management's view of these matters may change in the future. We accrue loss contingencies in connection with our commitments and contingencies, including litigation, when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. As of June 30, 2017, we had accrued aggregate current liabilities of \$41,000 in probable fees and costs related to legal matters.

NOTE 11 – INCOME TAXES

We did not record a provision or benefit for income taxes for either the three and six months ended June 30, 2017 or June 30, 2016, due to our prior year operating losses. The Company has recorded a full valuation allowance against its net deferred tax assets based on the Company's assessment regarding the realizable nature of these net deferred tax assets in future periods.

NOTE 12 – SEGMENT INFORMATION

In its operation of the business, management reviews certain financial information, including segmented internal profit and loss statements prepared on a basis consistent with U.S. GAAP. Our two segments are Power Supplies and Data Storage. The two segments discussed in this analysis are presented in the way we internally manage and monitor performance for the three and six months ended June 30, 2017 and 2016. Allocations for internal resources were made to the business segments for the three and six months ended June 30, 2017 and 2016. The power supplies segment tracks certain assets separately, and all others are recorded in the storage segment for internal reporting presentations. The types of products and services provided by each segment are summarized below:

Power Supplies — The Company designs and markets high-efficiency switching power supplies. We utilize contract manufacturers in Asia to produce the power supply products. These power supplies are used to convert AC line voltage to DC voltages, or DC voltages to other DC voltages for use in a wide variety of electronic equipment such as communications equipment, industrial machine tools, wireless systems, as well as medical and gaming devices. We sell our products globally through authorized resellers and directly to original equipment manufacturers (“OEMs”).

Storage — The data storage industry is experiencing a tremendous increase in newly generated digital data due to Rich Media Content, Internet of Things, Data Mining and the Cloud. Tape based storage solution providers enable businesses to manage the massive growth of digital data assets in a cost-effective manner. For over 30 years, Qualstar engineered innovations and customer-oriented focus has led to products that solved our customer's needs for simplicity, scalability, reliability and affordable solutions. Our tape based data storage product lines address long-term archive, backup and recovery of electronic data. These products consist of networked libraries that store and move high density tape cartridges and high speed tape drives that stream data to and from the tape cartridges. These optimized solutions allow the video centric markets such as media and entertainment, oil and gas, surveillance, digital security and medical imaging to achieve targeted data workflows.

NOTE 13 – RELATED PARTY TRANSACTIONS

Steven N. Bronson is the Company's CEO and is also the President and CEO and a majority shareholder of Interlink Electronics, Inc. ("Interlink"). Interlink reimburses Qualstar for leased space at the Simi Valley facility and for other administrative expenses paid by or on behalf of the Company. The total amount charged to Interlink for the three months ended June 30, 2017 and 2016 was \$3,000 and \$9,000, respectively. The total amount charged to Interlink for the six months ended June 30, 2017 and 2016 was \$5,000 and \$20,000, respectively. Interlink owed Qualstar \$1,000 and \$1,000 at June 30, 2017 and December 31, 2016, respectively.

The Company reimburses Interlink for expenses paid on the Company's behalf. Interlink occasionally pays travel and other expenses incurred by Qualstar. The Company reimbursed Interlink \$1,000 and \$5,000 for the three months

ended June 30, 2017 and 2016, respectively. The Company reimbursed Interlink \$7,000 and \$7,000 for the six months ended June 30, 2017 and 2016, respectively. Qualstar did not have a balance due to Interlink at June 30, 2017. At December 31, 2016, Qualstar owed Interlink \$2,000.

NOTE 14 – SUBSEQUENT EVENTS

New Subsidiary

Effective July 1, 2017 a wholly-owned subsidiary called N2Power, Inc., was created to operate the internal business unit called N2Power. This internal business unit is reflected in our SEC filings under the power supplies business segment. Further, following the establishment of N2Power, Inc., all assets (and liabilities) belonging to this subsidiary have been separated from the assets (and liabilities) of Qualstar. This will leave Qualstar, as sole shareholder owning all of the equity interests in N2Power, Inc.

Executive Bonus

On August 3, 2017, at the recommendation of the Company's Compensation Committee, the Board of Directors approved a \$100,000 bonus to Steven N. Bronson, CEO based on the Company's performance. The bonus was based on the Company achieving profitability and positive cash flow for the six months ended June 30, 2017.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Statements in this Quarterly Report on Form 10-Q concerning the future business, operating results and financial condition of the Company including estimates, projections, statements relating to our business plans, objectives and operating results, and the assumptions upon which those statements are based, are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements inherently are subject to risks and uncertainties, some of which we cannot predict or quantify. Our actual results may differ materially from the results projected in the forward-looking statements. Factors that might cause such a difference include, but are not limited to, those discussed in Part II, Item 1A of this report and in our Annual Report on Form 10-K for the year ended December 31, 2016 in "Item 1 Business," "Item 1A Risk Factors," and in "Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations." Forward-looking statements are generally identified by the use of forward-looking terminology such as "believes," "may," "expects," "intends," "estimates," "anticipates," "plans," "seeks," or "continues," or the negative thereof or variations thereon or similar terminology. Except as required by law, we undertake no obligation to publicly update or revise any forward-looking statements to reflect the occurrence of events or circumstances in the future.

OVERVIEW

Qualstar Corporation and its Subsidiary ("Qualstar", the "Company", "we", "us" or "our") is a leading provider of high efficiency and high density power solutions marketed under the N2Power brand, and of data storage systems marketed under the Qualstar brand. The Company is organized into two strategic business units, power solutions and storage systems. Power solutions products include ultra-small high efficiency switching power supplies that provide unique power solutions to original equipment manufacturers for a wide range of markets: communications equipment, industrial machine tools, wireless systems, medical and gaming devices, as well as other market applications. Data storage system products include highly scalable automated magnetic tape libraries used to store, retrieve and manage electronic data primarily in the network computing environment and to provide solutions for organizations requiring backup, recovery and archival storage of critical electronic information.

The Company continues to focus on two key areas: controlling cash and profitability. The two key elements of both strategies are sales growth and cost reduction. In order to grow sales, the Company continues to expand its product

portfolio primarily in power supplies through internal development and private labeling. The Company reduced its operating expenses during the three months ended June 30, 2017 as compared to the three months ended June 30, 2016 by reducing headcount and relocating the Company's headquarters. Headcount was reduced by 26% as of June 30, 2017 compared to June 30, 2016. The Company reduced headcount by streamlining operations, retaining experienced, efficient and productive employees and using consultants on a project basis in lieu of fulltime employees. To further the Company's efforts to reduce costs, on May 1, 2016, the Company subleased its office space in Westlake Village and consolidated all employees into its 15,160 square foot facility in Simi Valley, California.

While the Company explores strategic alternatives to benefit its shareholders, it continues to implement its established business plan from the prior years. The first component of the business plan is to establish worldwide partnerships with other power supply and data storage related companies that will increase our engineering capabilities to develop new products. The second component is to establish worldwide partnerships with other power supply and data storage companies, so that we can "private label" and sell already established strategic products that fit within our portfolio of products. The third component is to use our footprint in Singapore to take advantage of the power supply engineering talent for sustaining and managing new product development. Also, the location allows our engineers to be closer to our contract manufacturers for quality inspections and reviews.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

We describe our significant accounting policies in Note 1, "Summary of Significant Accounting Policies" of the accompanying Notes to Condensed Consolidated Financial Statements.

Edgar Filing: QUALSTAR CORP - Form 10-Q

Power supply revenues	\$1,422	62.7	%	\$1,255	53.0	%	\$167	13.3	%
Storage revenues	845	37.3	%	1,115	47.0	%	(270)	(24.2)	%
Net revenues	\$2,267	100.0	%	\$2,370	100.0	%	\$(103)	(4.3)	%

The decrease in net revenues in the three months ended June 30, 2017 compared to the prior year period is attributable to the segment-specific factors described below.

Segment Revenue

Power Supplies – The increase in power supply sales in the three months ended June 30, 2017 compared to the prior year period is attributable to new customer projects and increased business with existing customers. Key customers that incorporate our power supplies have variable life cycles and production demands. As some projects reach end - of - life, the timing of new production creates a fluctuation in sales.

Storage – The decrease in storage revenues in the three months ended June 30, 2017 compared to the prior year period is attributable to the changing data storage market dynamics. Business owners are eliminating onsite data storage systems and preferring to select cloud based solutions.

Gross Profit:

	Three Months Ended June 30, 2017		2016		Change	
	Amount	% of net revenue	Amount	% of net revenue	Amount	%
Gross profit	\$897	39.6 %	\$774	32.7 %	\$123	15.9%

The gross profit increase for the three month period ended June 30, 2017 compared to the prior year period is primarily attributed to decreases in payroll costs, overhead costs and freight costs and a decrease in the provision for obsolete inventory.

Operating Expenses:

	Three Months Ended June 30, 2017		2016		Change	
	Amount	% of net revenue	Amount	% of net revenue	Amount	%
Engineering	\$110	4.9 %	\$223	9.4 %	\$(113)	(50.7)%
Sales and marketing	\$279	12.3 %	\$357	15.1 %	\$(78)	(21.8)%
General and administrative	\$449	19.8 %	\$519	21.9 %	\$(70)	(13.5)%

Engineering

Engineering expenses decreased in the three months ended June 30, 2017 from the prior year period as a result of a reduction in payroll and related expenses, and lower engineering materials and facilities costs.

Sales and Marketing

The Company reduced sales and marketing expenses during the three months ended June 30, 2017 from the prior year period, primarily by reducing payroll and related expenses, consulting fees and managing tradeshow and related costs.

General and Administrative

General and administrative costs decreased during the three months ended June 30, 2017 from the prior year period. General and administrative costs decreased primarily due to a reduction in professional services offset by an increase in bonus expense.

Other Expense:

	Three Months Ended June 30,		Change

During the three months ended June 30, 2016, the Company earned interest income on cash held in money market accounts for operations that was offset by the loss on the disposal of fixed assets. The Company did not generate interest income in the comparable period ended June 30, 2017.

Provision for Income Taxes: We did not record a provision or benefit for income taxes for each of the three months ended June 30, 2017 and 2016, due to our prior year operating losses. There were no changes to the valuation allowance during the three months ended June 30, 2017.

Comparison of the Six Months Ended June 30, 2017 and 2016 (unaudited)**Change in Net Revenues:**

	Six Months Ended June 30, 2017		2016		Change	
	Amount	% of net revenue	Amount	% of net revenue	Amount	%

Net revenues	\$4,706	100.0 %	\$4,520	100.0 %	\$186	4.1 %

The increase in net revenues during the six months ended June 30, 2017 compared to the prior year period is attributable to the segment-specific factors described below.

Segment Revenue

Power Supplies – The increase in power supply sales during the six month period ended June 30, 2017 compared to the prior year period is attributable to our continued emphasis on power solutions for our current and new gaming OEM customers.

Storage – The decrease in storage revenues in the six months ended June 30, 2017 compared to the prior year period is attributable to the changing data storage market dynamics, as earlier described.

Gross Profit:

	Six Months Ended June 30, 2017		2016		Change	
	Amount	% of net revenue	Amount	% of net revenue	Amount	%
Gross profit	\$1,787	38.0 %	\$1,423	31.5 %	\$364	25.6%

Gross profit during the six months ended June 30, 2017 increased from the prior year period due to a decrease in payroll and related expenses, a decrease in freight costs and a decrease in the provision for obsolete inventory.

Operating Expenses:

	Six Months Ended June 30,			Six Months Ended June 30,		Change	
	2017	2016		2016	2015	Amount	%

General and administrative	\$848	18.0	% \$888	19.7	% \$(40)	(4.5)	%

Engineering

The decrease in engineering expenses for the six months ended June 30, 2017 as compared to the prior year period is a result of the reduction in payroll and related costs, and reduced materials and facilities costs.

Sales and Marketing

The Company's reduced sales and marketing expenses for the six months ended June 30, 2017 compared to the period ended June 30, 2016 resulted from lower payroll and related costs, lower consulting costs, reduction in tradeshow attendance and reduced promotional materials and reduced facilities expenses offset by an increase in travel and commission expenses.

General and Administrative

The decrease in general and administrative costs for the six months ended June 30, 2017 compared to the prior year period are attributable to lower legal fees and a decrease in facilities costs offset by an increase in bonus expense.

Other Expense:

	Six Months Ended June 30,		Change
	2017	2016	
	Amount	% of net revenue	Amount
Other expense	\$-	- %	\$(10) (0.2) %
			10 100.0%

For the period ended June 30, 2016, net other expense consists of a loss on the disposal of assets related to our facility relocation offset by interest income earned on cash held in money market accounts for operations.

Provision for Income Taxes: We did not record a provision or benefit for income taxes for the six months ended June 30, 2017 and 2016, due to our prior year operating losses. There were no changes to the valuation allowance.

CONTRACTUAL OBLIGATIONS

The disclosures relating to our contractual obligations in our Annual Report on Form 10-K for the year ended December 31, 2016 has not materially changed since the report was filed.

OFF-BALANCE SHEET ARRANGEMENTS

As of the date of this Quarterly Report on Form 10-Q, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to

investors.

LIQUIDITY AND CAPITAL RESOURCES

Operating Activities

Our principal source of liquidity is cash generated from operations. Net cash provided by operating activities was \$768,000 for the six months ended June 30, 2017 compared to the net cash used by operating activities of \$432,000 for the six months ended June 30, 2016. The increase in cash provided by operating activities of \$1,200,000 is primarily due to our net income of \$117,000 for the period compared to a net loss of \$750,000 for the prior year period, increased collections of accounts receivable and increased deferred revenue.

Investing Activities

Cash used in investing activities was \$2,000 and \$26,000 for the six months ended June 30, 2017 and 2016, respectively, relating to the purchase of office equipment.

Financing Activities

Cash was not provided by or used in financing activities during either the six months ended June 30, 2017 or 2016.

As of June 30, 2017, cash, restricted cash and cash equivalents increased \$766,000 to \$4,557,000 from \$3,791,000 at December 31, 2016.

The Company's efforts to control costs in prior periods are reflected in the positive cash flow in this quarter and the preceding two quarters.

We believe that our existing cash and cash equivalents and cash flows from our operating activities will be sufficient to fund our working capital and capital expenditure needs for at least twelve months from the date of this report. We may utilize cash to invest in or acquire businesses, products or technologies that we believe are additive to the strategic expansion of the Company. We periodically evaluate other companies and technologies for possible investment or acquisition. In addition, we have made, and may in the future make, investments in companies with whom we have identified potential synergies. However, we have no present commitments or agreements with respect to any material investment in or acquisition of other businesses or technologies. In the event that we require additional capital to meet our business needs, there can be no assurance that additional funding will be available to us when needed or, if available, that it can be obtained on commercially reasonable terms.

ITEM 3. Qualitative and Quantitative Disclosures about Market Risk

Not applicable.

ITEM 4. Controls and Procedures

We maintain "disclosure controls and procedures," as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, that are designed to ensure that information required to be disclosed by us in reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and our principal financial officer, as applicable, to allow timely decisions regarding required disclosure.

Evaluation of disclosure and controls and procedures

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of disclosure controls and procedures. Based on the evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act are recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that our disclosure controls and procedures are operating in an effective manner to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act are recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

Changes in internal controls over financial reporting

There have been no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during our most recent quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

It should be noted that any system of controls, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the system are met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events. Because of these and other inherent limitations of control systems, there is only reasonable assurance that our controls will succeed in achieving their stated goals under all potential future conditions.

PART II — OTHER INFORMATION

ITEM 1. Legal Proceedings

Qualstar is subject to a variety of claims and legal proceedings that arise from time to time in the ordinary course of our business. Although management currently believes that resolving claims against us, individually or in the aggregate, will not have a material adverse impact on our financial statements, these matters are subject to inherent uncertainties and management's view of these matters may change in the future. We accrue loss contingencies in connection with our commitments and contingencies, including litigation, when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated.

ITEM 1A. Risk Factors

There have been no significant changes to the risk factors disclosed in our Annual Report on Form 10-K for the year ended December 31, 2016.

ITEM 2. Unregistered Sales of Equity Securities and Use of Proceeds
