PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON AUGUST 6, 2018

This proxy statement and the accompanying proxy are being furnished in connection with the solicitation of proxies by the Board of Directors (the “Board”) of the Company for use in voting at the 2018 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at 11:00 am on August 6, 2018, at The Westin Wilmington, 818 Shipyard Drive, Wilmington, Delaware 19801, and any adjournments thereof. Distribution to stockholders of this proxy statement and a proxy form is scheduled to begin on or about July __, 2018 to each stockholder of record at the close of business on June 11, 2018 (the “Record Date”).

Your vote is important. Whether or not you plan to attend the Annual Meeting, please take the time to vote your shares as possible. You can ensure that your shares are voted at the meeting by submitting your proxy by completing, signing, dating and returning the enclosed proxy in the envelope provided if you are a stockholder of record or, if you hold your shares through a broker, bank or other nominee, by submitting your voting instructions by mail, phone or Internet as provided in the enclosed voting instruction from your nominee. Submitting your proxy will not affect your right to attend the meeting and vote. A stockholder of record who gives a proxy may revoke it at any time before it is exercised by voting in person at the Annual Meeting, by delivering a subsequent proxy or by notifying our corporate Secretary in writing of such revocation.

INFORMATION ABOUT THE 2018 ANNUAL MEETING AND PROXY VOTING

What matters are to be voted on at the Annual Meeting?

Acorn Energy intends to present the following proposals for stockholder consideration and voting at the Annual Meeting:

(1)

election of five directors to hold office until the 2019 Annual Meeting and until their respective successors are elected and qualified;

- (2) approval of an amendment to the Company's restated certificate of incorporation to authorize a reverse split of the Company's common stock at any time prior to August 6, 2019, at a ratio between one-for-ten and one-for-twenty, if and as determined by the Company's Board of Directors, which is referred to as the Reverse Split proposal (the full text of the proposed amendment is attached as Annex A to the proxy statement accompanying this notice);

- (3) approval of any motion to adjourn the Annual Meeting from time to time, if necessary or appropriate, to solicit additional proxies in the event there are not sufficient votes at the time of the Annual Meeting to approve the Reverse Split proposal;

- (4) ratification of the selection by the Audit Committee of the Company's Board of Directors of Friedman LLP as the independent registered public accounting firm for the Company for the year ending December 31, 2018;

- (5) consideration of an advisory vote on the compensation of the Company's named executive officers; and

- (6) such other business as may properly come before the Annual Meeting or any adjournment thereof.

What is the Board's recommendation?

The Board of Directors recommends that you vote your shares FOR each of the director nominees in Proposal 1, FOR each of Proposals 2, 3, 4 and 5.

Will any other matters be presented for a vote at the Annual Meeting?

We do not expect that any other matters might be presented for a vote at the Annual Meeting. However, if another matter were to be properly presented, the proxies would use their own judgment in deciding whether to vote for or against the proposal.

Who is entitled to vote?

All Acorn Energy stockholders of record at the close of business on the Record Date are entitled to vote at the Annual Meeting. Each share outstanding on the Record Date will be entitled to one vote. There were 29,537,308 shares outstanding on the Record Date.

How do I vote my shares?

If you are a stockholder of record, you may grant a proxy with respect to your shares by mail using the proxy included with the proxy materials. Stockholders who own their shares through brokers, banks or other nominees may grant their proxy by mail, by telephone or over the Internet in accordance with the instructions provided in the enclosed voting instruction form. Internet and telephone voting by beneficial owners will generally be available through 11:59 p.m. Eastern Daylight Time on August 5, 2018.

If you are a stockholder of record or a duly appointed proxy of a stockholder of record, you may attend the Annual Meeting and vote in person. However, if your shares are held in the name of a broker, bank or other nominee, and you wish to attend the Annual Meeting to vote in person or to designate a proxy to vote on your behalf, you will have to contact your broker, bank or other nominee to obtain its proxy to vote the shares that you beneficially own. Bring that document with you to the meeting.

All proxies submitted will be voted in the manner you indicate by the individuals named on the proxy. If you do not specify how your shares are to be voted, the proxies will vote your shares FOR all director nominees in Proposal 1,

and FOR Proposals 2, 3, 4 and 5.

May I change or revoke my proxy after it is submitted?

Yes, you may change or revoke your proxy at any time before the Annual Meeting by:

returning a later-dated proxy card;

attending the Annual Meeting and voting in person or by proxy designated by you; or

sending your written notice of revocation to Christopher E. Clouser, our Executive Chairman.

Your changed proxy or revocation must be received before the polls close for voting.

What is a “quorum?”

In order for business to be conducted at the Annual Meeting, a quorum must be present. A quorum will be present if stockholders of record holding a majority in voting power of the outstanding shares of our common stock entitled to vote at the Annual Meeting are present in person or are represented by proxies. For purposes of determining the presence or absence of a quorum, we intend to count as present shares present in person but not voting and shares for which we have received proxies but for which holders thereof have abstained. Furthermore, shares represented by proxies returned by a broker holding the shares in nominee or “street” name will be counted as present for purposes of determining whether a quorum is present, even if the broker is not entitled to vote the shares on matters where discretionary voting by the broker is not allowed (“broker non-votes”).

What vote is necessary to pass the items of business at the Annual Meeting?

Holders of our common stock will vote as a single class and will be entitled to one vote per share with respect to each matter to be presented at the Annual Meeting. With respect to Proposal 1, the five nominees for director receiving a plurality of the votes cast by holders of common stock, at the Annual Meeting in person or by proxy, will be elected to our Board. Approval of Proposal 2 requires the affirmative vote of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting in person or by proxy. Because approval is based on the affirmative vote of a majority of the outstanding shares, abstentions from voting, as well as broker non-votes, if any, will have the effect of votes being cast against Proposal 2. Approval of Proposals 3, 4 and 5 requires the votes cast in favor of each such proposal to exceed the votes cast against such proposal. Abstentions from voting, as well as broker non-votes, if any, are not treated as votes cast and, therefore, will have no effect on Proposals 3, 4, and 5.

Who pays the costs of this proxy solicitation?

This solicitation of proxies is made by our Board of Directors, and all related costs will be borne by us. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners.

What is the deadline for submission of stockholder proposals for the 2019 Annual Meeting?

Proposals that our stockholders may wish to include in our proxy statement and form of proxy for presentation at our 2019 Annual Meeting of Stockholders must be received by or delivered to us at Acorn Energy, Inc., 1000 N West

Street, Suite 1200, Wilmington, Delaware 19801, Attention: Secretary, no later than the close of business on February 26, 2019.

Any stockholder proposal must be in accordance with the rules and regulations of the SEC. In addition, with respect to proposals submitted by a stockholder other than for inclusion in our 2019 proxy statement, our By-Laws have established advance notice procedures that stockholders must follow. Pursuant to the By-laws of the Company, stockholders who wish to nominate any person for election to the Board of Directors or bring any other business before the 2019 Annual Meeting must generally give notice thereof to the Company at its principal executive offices not less than 60 days nor more than 90 days before the date of the meeting. All nominations for director or other business sought to be transacted that are not timely delivered to the Company, or that fail to comply with the requirements set forth in the Company's By-Laws, will be excluded from the Annual Meeting, as provided in the By-Laws. A copy of the By-Laws of the Company is available upon request from the Secretary of the Company, 1000 N West Street, Suite 1200, Wilmington, Delaware 19801.

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final results will be published in our current report on Form 8-K to be filed with the Securities and Exchange Commission within four business days after the date of the Annual Meeting, provided that the final results are available at such time. In the event the final results are not available within such time period, the preliminary voting results will be published in our current report on Form 8-K to be filed within such time period, and the final results will be published in an amended current report on Form 8-K/A to be filed within four business days after the final results are available. Any stockholder may also obtain the results from the Secretary of the Company, 1000 N West Street, Suite 1200, Wilmington, Delaware 19801.

CORPORATE GOVERNANCE MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. These persons are also required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. Further, we have implemented measures to assure timely filing of Section 16(a) reports by our executive officers and directors. Based solely on our review of such forms or written representations from certain reporting persons, we believe that during 2017 our executive officers and directors complied with the filing requirements of Section 16(a).

Board Composition and Director Independence

Our Board of Directors is composed of one class, with five Board seats and five directors currently serving until their reelection or replacement at the 2018 Annual Meeting of Stockholders. Jan H. Loeb serves as both President and

Chief Executive Officer as well as serving as a Member of our Board of Directors. Christopher E. Clouser serves as the Executive Chairman of our Board, and Edgar S. Woolard, Jr., serves as Vice-Chairman. Applying the definition of independence provided under the NASDAQ rules, the Board has determined that, with the exception of Messrs. Loeb and Clouser, all of the members of the Board of Directors are independent.

Board Leadership Structure and Role in Risk Oversight

Christopher E. Clouser currently serves as the Executive Chairman of our Board of Directors, and Edgar S. Woolard, Jr., serves as Vice-Chairman. The appointment of Mr. Woolard to such position demonstrates the Board's commitment to sound corporate governance by adopting the developing best practice among public companies toward retaining independent Board leadership. The Board believes that having an independent director in a Board leadership position best ensures that the Board's agenda will reflect the concerns of our stockholders. Furthermore, the Board believes that the extensive business experience and networks of Messrs. Clouser and Woolard will enable them to help position the Company for growth.

The Board believes Mr. Loeb's service as President and Chief Executive Officer and as a member of our Board is appropriate because it bridges a critical gap between the Company's management and the Board, enabling the Board to benefit from management's perspective on the Company's business while the Board performs its oversight function. Further, the Board believes Mr. Loeb's significant ownership of Acorn Energy stock aligns his interests with those of Acorn Energy's stockholders.

Management is responsible for Acorn Energy's day-to-day risk management, and the Board's role is to engage in informed oversight. The entire Board performs the risk oversight role. Acorn Energy's Chief Executive Officer is a member of the Board of Directors, which helps facilitate discussions regarding risk between the Board and Acorn Energy's senior management, as well as the exchange of risk-related information or concerns between the Board and the senior management. Further, the independent directors periodically meet in executive session following regularly scheduled Board meetings to voice their observations or concerns and to shape the agendas for future Board meetings.

The Board of Directors believes that, with these practices, each director has an equal stake in the Board's actions and oversight role and equal accountability to Acorn Energy and its stockholders.

Meetings and Meeting Attendance

During 2017, there were nine meetings of the Board of Directors and the Board acted by unanimous written consent one time. Our independent directors periodically meet in executive session as part of each regularly scheduled Board meeting. All incumbent directors attended 75% or more of the Board meetings and meetings of the committees on which they served during the last fiscal year. Directors are encouraged to attend the annual meeting of stockholders. All of the directors then serving attended our most recent annual meeting in 2017.

Audit Committee; Audit Committee Financial Expert

The Company has a separate designated standing Audit Committee established and administered in accordance with SEC rules. The three members of the Audit Committee during 2017 were Samuel M. Zentman, Christopher E. Clouser and Edgar S. Woolard, Jr. On April 9, 2018, in connection with his appointment as Executive Chairman, Mr. Clouser resigned from the Audit Committee, and Mannie L. Jackson was appointed to the Audit Committee. The Board of Directors has determined that each member of the Audit Committee meets the independence criteria prescribed by NASDAQ governing the qualifications for audit committee members and each Audit Committee member meets NASDAQ's financial knowledge requirements. Our Board has determined that Dr. Zentman qualifies as an "audit committee financial expert," as defined in the rules and regulations of the SEC. During 2017, the Audit Committee met four times. The charter of the Audit Committee is available on our website www.acornenergy.com under the "Investor Relations" tab.

Audit Committee Report. The Audit Committee has (1) reviewed and discussed the audited financial statements with management; (2) discussed with the independent auditors the matters required to be discussed by the statement of Auditing Standard No. 16 as amended; and (3) received the written disclosures and the letter from the independent accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants' communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's annual report on Form 10-K for the fiscal year ended December 31, 2017, which was filed with the Securities and Exchange Commission on March 26, 2018.

Executive Compensation Developments in 2018

Jan H. Loeb

On April 9, 2018, the Company entered into a new consulting agreement (the “New Consulting Agreement”) with Mr. Loeb extending its arrangements for compensation of Mr. Loeb for his services as President and CEO of the Company. Following the expiration of the 2017 Consulting Agreement on January 7, 2018, Mr. Loeb had continued to provide the consulting and other services to the Company called for in, and had been compensated at the same rate of monthly cash compensation provided for in, the 2017 Consulting Agreement.

Pursuant to the New Consulting Agreement, Mr. Loeb will receive cash compensation of \$12,000 per month commencing May 1, 2018. Mr. Loeb also received a bonus of \$100,000 in May 2018, in recognition of his performance in the sale of the Company's shares of DSIT Solutions Ltd. He will be eligible for two additional bonuses during the term of the New Consulting Agreement: \$150,000 upon consummation of a corporate acquisition transaction approved by the Company's Board, and \$150,000 upon consummation of a corporate financing/funding transaction approved by the Company's Board. Mr. Loeb also received a grant on May 1, 2018, of options to purchase 35,000 shares of the Company's common stock, which shall be exercisable at \$0.35 per share (the April 30, 2018, closing price of the common stock). Fifty percent (50%) of the options vested immediately; the remaining options shall vest in two equal increments on July 1, 2018, and October 1, 2018. The exercise period and other terms shall otherwise be substantially the same as the terms of the options granted by the Company to its outside directors. The New Consulting Agreement expires on December 31, 2019, unless terminated early as provided therein.

Michael Barth

Michael Barth resigned as the Company's Chief Financial Officer on June 1, 2018; no severance amounts or benefits were paid in connection with his resignation by Acorn, as Mr. Barth's severance arrangements are with the Company's former equity investee DSIT.

Tracy Clifford

On June 1, 2018, the Company entered into a Consulting Agreement with Tracy Clifford Consulting, LLC, for the provision of the services of Tracy Clifford as the Company's Chief Financial Officer. In such capacity, Ms. Clifford is acting as a consultant to, and not an employee of, the Company. The initial term of the Consulting Agreement began on June 1, 2018, and expires on June 1, 2019, and will automatically renew unless terminated as provided therein. Pursuant to the Consulting Agreement, Ms. Clifford receives cash compensation of \$8,500 per month. Ms. Clifford will also receive additional cash compensation at the rate of \$200 per hour for each hour worked in excess of an aggregate of 520 hours during any one-year term. Ms. Clifford also received a grant on June 1, 2018 of options to purchase 30,000 shares of the Company's common stock, with an exercise price of \$0.41 per share, which was the closing price of the common stock on May 31, 2018. The options will vest and become exercisable on the first anniversary of the date of grant, and shall expire upon the earlier of (a) seven years from grant or (b) 18 months from the date Ms. Clifford ceases to be a consultant to the Company. At the beginning of each additional one-year term, the Company shall grant Ms. Clifford an additional 30,000 stock options, which shall have an exercise price equal to the most recent closing price immediately preceding the grant date and otherwise have the same terms as the options described above.

PROPOSAL 2

AMENDMENT OF THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION TO AUTHORIZE A REVERSE SPLIT OF THE COMPANY'S COMMON STOCK AT ANY TIME PRIOR TO AUGUST 6, 2019, AT A RATIO BETWEEN ONE-FOR-TEN AND ONE-FOR-TWENTY, IF AND AS DETERMINED BY THE COMPANY'S BOARD OF DIRECTORS

Article FOURTH of our Certificate of Incorporation currently authorizes the issuance of up to 42 million shares of our common stock, par value \$0.01 per share (no shares of preferred stock are authorized). As of June 11, 2017, a total of 29,537,308 shares of common stock were issued and outstanding.

The Board of Directors has approved, subject to stockholder approval, an amendment to Article FOURTH of the Certificate of Incorporation to effect a reverse stock split of our common stock any time prior to the first anniversary of its approval by the stockholders at a ratio to be selected by our Board of Directors between one-for-ten and one-for-twenty, which is referred to as the Reverse Split proposal (the full text of the proposed amendment is attached as Annex A to this proxy statement).

At last year's annual meeting, our stockholders approved a similar proposal that authorized the Board of Directors to implement a reverse stock split, at its discretion, at any time prior to the first anniversary of the date of the annual meeting. To date, our Board of Directors has not deemed the implementation of a reverse split to be beneficial to our Company and our stockholders, and, as a result, has not exercised the authority to effect a reverse split granted at last year's annual meeting. That authority is set to expire on August 8, 2018.

If the current Reverse Split proposal is approved by a majority of our stockholders, the Board will have the discretion to determine, as it deems to be in the best interest of our stockholders, the specific ratio to be used within the range described above and the timing of the reverse stock split, which must occur at any time prior to the first anniversary of its approval by the stockholders. The Board may also, in its discretion, determine not to effect the reverse stock split if it concludes, subsequent to obtaining stockholder approval, that such action is not in the best interests of our Company and our stockholders. Our Board of Directors believes that the availability of a range of reverse stock split ratios will provide it with the flexibility to implement the reverse stock split in a manner designed to maximize the anticipated benefits for us and our stockholders. In determining whether to implement the reverse split following the receipt of stockholder approval, our Board of Directors may consider, among other things, factors such as:

the historical trading price and trading volume of our common stock;

the then-prevailing trading price and trading volume of our common stock and the anticipated impact of the reverse split on the trading market for our common stock;

the anticipated impact of the reverse split on our ability to raise additional financing; and

prevailing general market and economic conditions.

If our Board determines that effecting the reverse stock split is in our best interest, the reverse stock split will become effective upon filing of an amendment to our Certificate of Incorporation with the Secretary of State of the State of Delaware. The amendment will set forth the number of shares to be combined into one share of our common stock within the limits set forth in this proposal. Except for adjustments that may result from the treatment of fractional shares as described below, each stockholder will hold the same percentage of our outstanding common stock immediately following the reverse stock split as such stockholder holds immediately prior to the reverse split.

Effective Date

If the proposed amendment to the Certificate of Incorporation to give effect to the reverse stock split is approved at the Annual Meeting and the Board of Directors determines to effect the reverse stock split, the reverse stock split will become effective on the effective date of the certificate of amendment to our Certificate of Incorporation with the office of the Secretary of State of the State of Delaware, which we would expect to be the date of filing. We refer to this time and date as the “Effective Date.” As set forth below with respect to fractional shares, each issued share of common stock immediately prior to the Effective Date will automatically be changed, as of the Effective Date, into a fraction of a share of common stock based on the exchange ratio within the approved range determined by the Board of Directors.

Reasons for the Reverse Stock Split

The Board of Directors believes that a reverse stock split is advisable because the increased market price of our common stock expected as a result of implementing the reverse stock split will improve the marketability and liquidity of our common stock and will encourage interest and trading in our common stock. A reverse stock split could allow a broader range of institutions to invest in our stock (namely, funds that are prohibited from buying stocks whose price is below a certain threshold), potentially increasing the liquidity of our common stock. A reverse stock split could help increase analyst and broker interest in our stock as their policies can discourage them from following or recommending companies with low stock prices. Because of the trading volatility often associated with low-priced stocks, many brokerage firms and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. Some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Additionally, because brokers’ commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of our common stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher.

Risks of the Reverse Stock Split

We cannot assure you that the proposed reverse stock split will increase our stock price. The Board of Directors expects that a reverse stock split of our common stock will increase the market price of our common stock. However, we cannot predict the effect of a reverse stock split upon the market price of our common stock with any certainty, and the history of similar reverse stock splits for companies in like circumstances is varied.

It is possible that the per share price of our common stock after the reverse stock split will not rise in proportion to the reduction in the number of shares of our common stock outstanding resulting from the reverse stock split, and the reverse stock split may not result in a per share price that would attract brokers and investors who do not trade in lower priced stocks. Even if we effect a reverse stock split, the market price of our common stock may decrease due to factors unrelated to the stock split. Further, the market price of our common stock may also be based on other factors which may be unrelated to the number of shares outstanding, including our future performance. If the reverse stock split is consummated and the trading price of the common stock declines, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of the reverse stock split.

The proposed reverse stock split may decrease the liquidity of our stock. The liquidity of our common stock may be harmed by the proposed reverse stock split given the reduced number of shares that would be outstanding after the reverse stock split, particularly if the stock price does not increase as a result of the reverse stock split. Additionally, investors might consider the increased proportion of unissued authorized shares to issued shares to have an anti-takeover effect under certain circumstances, because the proportion allows for dilutive issuances that could prevent certain stockholders from changing the composition of the Board of Directors or render tender offers for a combination with another entity more difficult to successfully complete. The Board of Directors does not intend for the reverse stock split to have any anti-takeover effects.

Impact of the Reverse Stock Split if Implemented

If approved and effected, the reverse stock split will automatically apply to all shares of our common stock and all outstanding rights to acquire shares of our common stock. Except for adjustments that may result from the treatment of fractional shares as described below, the reverse stock split will not affect any stockholder's percentage ownership or proportionate voting power.

If this Reverse Split proposal is approved, the number of authorized shares of our common stock will not be reduced proportionately upon implementation of the reverse stock split, meaning the reverse stock split will increase the Board's ability to issue authorized and unissued shares of common stock without further stockholder action. There are no existing plans, arrangements or understandings relating to the issuance of any of the additional authorized but unissued shares of common stock that would be available as a result of the approval of this Reverse Split proposal.

Based on the number of shares, options and warrants outstanding as of the Record Date, the principal effect of a reverse stock split (at a ratio between one-for-ten and one-for-twenty) would be that:

the number of shares of our common stock issued and outstanding would be reduced from 29,537,308 shares to between approximately 1,476,866 shares and 2,953,731 shares;

the number of shares of the Company's common stock issuable upon the exercise of outstanding stock options would be reduced from 1,518,989 to between approximately 75,950 shares and 151,899 shares (and the respective exercise prices of the options would increase by a factor equal to the inverse of the split ratio);

the number of shares of the Company's common stock issuable upon the exercise of outstanding warrants would be reduced from 2,654,423 to between approximately 132,722 shares and 265,443 shares (and the respective exercise prices of the warrants would increase by a factor equal to the inverse of the split ratio); and

the number of shares of the Company's common stock that are authorized, but unissued, and can be used for future issuances of common stock as described above would increase from 8,929,280 to between approximately 38,628,927 shares and 40,314,462 shares.

In addition, the reverse stock split may increase the number of stockholders who own odd lots (less than 100 shares). Stockholders who hold odd lots typically may experience an increase in the cost of selling their shares and may have greater difficulty in effecting sales.

Fractional Shares

To avoid the existence of fractional shares of common stock after the reverse stock split, fractional shares that would be created as a result of the reverse stock split will be rounded up to the next whole share, including fractional shares that are less than one half of one share.

Effect on Registered and Beneficial Stockholders

Upon a reverse stock split, we intend to treat stockholders holding common stock in “street name”, through a bank, broker or other nominee, in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to effect the reverse stock split for their beneficial holders holding common stock in “street name.” However, these banks, brokers or other nominees may have different procedures than registered stockholders for processing the reverse stock split. If you hold your shares with a bank, broker or other nominee and if you have any questions in this regard, we encourage you to contact your bank, broker or nominee.

Effect on Registered Certificated Shares

Some of our registered stockholders hold all their shares in certificate form. If any of your shares are held in certificate form, you will receive a transmittal letter from our transfer agent, American Stock Transfer and Trust Company, as soon as practicable after the effective date of the reverse stock split. The letter of transmittal will contain instructions on how to surrender your certificate(s) representing your pre-reverse stock split shares to the transfer agent.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Accounting Matters

The reverse stock split will not affect the par value of the common stock. As a result, as of the Effective Date, the stated capital attributable to common stock on our balance sheet will be reduced proportionately based on the reverse stock split ratio described above, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. The per-share net income or loss and net book value of the Company’s common stock will

be restated because there will be fewer shares of common stock outstanding.

Certain Federal Income Tax Considerations

The following discussion describes certain material federal income tax considerations relating to the reverse stock split. This discussion is based upon the Internal Revenue Code, existing and proposed regulations thereunder, legislative history, judicial decisions and current administrative rulings and practices, all as amended and in effect on the date hereof. Any of these authorities could be repealed, overruled or modified at any time. Any such change could be retroactive and, accordingly, could cause the tax consequences to vary substantially from the consequences described herein. No ruling from the Internal Revenue Service (the “IRS”) with respect to the matters discussed herein has been requested, and there is no assurance that the IRS would agree with the conclusions set forth in this discussion.

This discussion may not address certain federal income tax consequences that may be relevant to particular stockholders in light of their personal circumstances or to stockholders who may be subject to special treatment under the federal income tax laws. This discussion also does not address any tax consequences under state, local or foreign laws.

STOCKHOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT FOR THEM, INCLUDING THE APPLICABILITY OF ANY STATE, LOCAL OR FOREIGN TAX LAWS, CHANGES IN APPLICABLE TAX LAWS AND ANY PENDING OR PROPOSED LEGISLATION.

The reverse stock split is intended to be a tax-free recapitalization to the Company and its stockholders, except for those stockholders who receive a whole share of Common Stock in lieu of a fractional share. Stockholders will not recognize any gain or loss for federal income tax purposes as a result of the reverse stock split, except for those stockholders receiving a whole share of Common Stock in lieu of a fractional share (as described below). The holding period for shares of Common Stock after the reverse stock split will include the holding period of shares of Common Stock before the reverse stock split, provided that such shares of Common Stock are held as a capital asset at the effective time of the reverse stock split. The adjusted basis of the shares of Common Stock after the reverse stock split will be the same as the adjusted basis of the shares of Common Stock before the reverse stock split, excluding the basis of any fractional share.

A stockholder who receives a whole share of Common Stock in lieu of a fractional share generally may recognize gain in an amount not to exceed the excess of the fair market value of such whole share over the fair market value of the fractional share to which the stockholder was otherwise entitled.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE REVERSE SPLIT PROPOSAL TO AUTHORIZE A REVERSE SPLIT OF THE COMPANY'S COMMON STOCK AT ANY TIME PRIOR TO AUGUST 6, 2019, AT A RATIO BETWEEN ONE-FOR-TEN AND ONE-FOR-TWENTY, IF AND AS DETERMINED BY THE COMPANY'S BOARD OF DIRECTORS.

PROPOSAL 3

ADJOURNMENT OF THE ANNUAL MEETING

The Annual Meeting may be adjourned to another time or place from time to time, if necessary or appropriate, to permit further solicitation of proxies in the event there are not sufficient votes at the time of the Annual Meeting to approve the Reverse Split proposal.

With respect to the Reverse Split proposal, approval requires the affirmative vote of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting in person or by proxy. If, at the time of the Annual Meeting, the number of shares of our common stock present or represented and voting in favor of the Reverse Split proposal is insufficient to approve the Reverse Split proposal, we intend to adjourn the Annual Meeting from time to time in order to enable our Board to solicit additional proxies.

In this adjournment proposal, we are asking our stockholders to authorize the holder of any proxy solicited by our Board to vote in favor of granting authority to the proxy holders, and each of them individually, to adjourn the Annual Meeting to another time and place from time to time for the purpose of soliciting additional proxies. If our stockholders approve this adjournment proposal, we could adjourn the Annual Meeting, and any adjourned session of the Annual Meeting, and use the additional time to solicit additional proxies, including the solicitation of proxies from our stockholders who have previously voted.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF ANY MOTION TO ADJOURN THE ANNUAL MEETING.

PROPOSAL 4

RATIFICATION OF THE SELECTION OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Friedman LLP as the independent registered public accounting firm to perform the audit of our consolidated financial statements for the year ending December 31, 2018. Friedman LLP representatives are expected to attend the 2018 Annual Meeting. They will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions. Friedman LLP is a registered public accounting firm with the Public Company Accounting Oversight Board (the “PCAOB”), as required by the Sarbanes-Oxley Act of 2002 and the Rules of the PCAOB.

The Board is asking our stockholders to ratify the selection of Friedman LLP as our independent registered public accounting firm. Although current law, rules, and regulations, as well as the charter of the Audit Committee, require the Audit Committee to engage, retain, and supervise our independent registered public accounting firm, the Board considers the selection of the independent registered public accounting firm to be an important matter of stockholder concern and is submitting the selection of Friedman LLP for ratification by stockholders as a matter of good corporate practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Accounting Fees

The following table summarized the fees billed to Acorn for professional services rendered by Friedman LLP for the years ended December 31, 2017 and 2016.

	2017	2016
Audit Fees	\$ 135,000	\$ 160,000
Audit - Related Fees	7,000	15,000

All Other Fees	—	—
Total	\$ 142,000	\$ 175,000

Audit Fees were for professional services rendered for the audits of the consolidated financial statements of the Company, assistance with review of documents filed with the SEC, consents, and other assistance required to be performed by our independent accountants.

Audit-Related Fees were for travel costs and administrative fees associated with our audit.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee's current policy is to pre-approve all audit and non-audit services that are to be performed and fees to be charged by our independent auditor to assure that the provision of these services does not impair the independence of the auditor. The Audit Committee pre-approved all audit and non-audit services rendered by our principal accountant in 2017 and 2016.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE SELECTION OF FRIEDMAN LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2018.

PROPOSAL 5

ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are asking stockholders to cast an advisory vote on the compensation of our Named Executive Officers disclosed in the "Executive and Director Compensation" section of this Proxy Statement. While this vote is non-binding, the Company values the opinions of stockholders and will consider the outcome of the vote when making future compensation decisions.

The Board believes that the objectives of our executive compensation program are appropriate for a company of our size and stage of development and that our compensation policies and practices help meet those objectives. In addition the Board believes that our executive compensation program achieves an appropriate balance between fixed compensation and variable incentive compensation and pays for performance. The Board also believes that the Company's executive compensation programs effectively align the interests of our executive officers with those of our stockholders by tying a significant portion of their compensation to the Company's performance and by providing a competitive level of compensation needed to recruit, retain and motivate talented executives critical to the Company's long-term success. Accordingly, we are asking our stockholders to approve the compensation of our named executive officers. This advisory vote is not intended to be limited or specific to any particular element of compensation, but rather cover the overall compensation of our named executive officers and the compensation policies and practices described in this proxy statement.

We are asking our stockholders to vote FOR, in a non-binding vote, the compensation of the Company's Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K in this Proxy Statement under the heading "Executive and Director Compensation".

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

OTHER MATTERS

The Board of Directors of the Company is not aware of any other matters to be presented for action at the Annual Meeting other than those listed in the accompanying Notice of Annual Meeting and described herein. If any other matters not described herein should properly come before the meeting for stockholder action, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in respect thereof in accordance with the Board of Directors' recommendations.

ANNUAL REPORT ON FORM 10-K

A copy of the Company's Annual Report covering the fiscal year ended December 31, 2017, including audited financial statements, is enclosed with this Proxy Statement. Such report is not incorporated in this Proxy Statement and is not a part of the proxy soliciting material.

SOLICITATION OF PROXIES

The cost of soliciting proxies for the Annual Meeting will be borne by the Company. In addition to the use of the mails, proxies may be solicited by in person interview, Internet, telephone, e-mail or facsimile. The Company will, upon request and in accordance with applicable regulation, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of stock.

By Order of the Board of Directors,

CHRISTOPHER E. CLOUSER
Executive Chairman

July __, 2018
Wilmington, Delaware

ANNEX A

The Restated Certificate of Incorporation of the Corporation be amended by changing Article FOURTH so that, as amended, said Article shall be and read as follows:

“FOURTH: The total number of shares of capital stock which the Corporation has authority to issue is 42 million shares, par value \$.01 per share, all of which shall be Common Stock. Shares of capital stock of the Corporation may be issued by the Corporation from time to time for such legally sufficient consideration as may be fixed from time to time by the Board of Directors.

Upon this Certificate of Amendment of Certificate of Incorporation of the Corporation becoming effective pursuant to the General Corporation Law of the State of Delaware (the “Effective Time”), each share of the Corporation’s Common Stock, issued and outstanding immediately prior to the Effective Time (the “Old Common Stock”), will be automatically reclassified as and converted into [one tenth (1/10)/one twentieth (1/20)] of a share of Common Stock, par value \$.01 per share, of the Corporation (the “New Common Stock”). Any stock certificate that, immediately prior to the Effective Time, represented shares of the Old Common Stock will, from and after the Effective Time, automatically and without the necessity of presenting the same for exchange, represent the number of shares of the New Common Stock as equals the product obtained by multiplying the number of shares of Old Common Stock represented by such certificate immediately prior to the Effective Time by [one tenth (1/10)/one twentieth (1/20)].”
