QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the quarterly period ended March 31, 2017

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the transition period from to

Commission File Number 001-36722

TRIUMPH BANCORP, INC.

(Exact name of registrant as specified in its charter)

Texas	20-0477066
(State or other jurisdiction of incorporation or organization)	(I.R.S. Employer Identification No.)

12700 Park Central Drive, Suite 1700

Dallas, Texas 75251

(Address of principal executive offices)

(214) 365-6900

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer	Accelerated filer
Non-accelerated filer (Do not check if a smaller reporting company)	Smaller reporting company
Emerging growth company	

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

Common Stock — $0.01 par value, 18,105,038 shares, as of April 19, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Triumph Bancorp, Inc. (collectively with its subsidiaries, “Triumph”, or the “Company” as applicable) is a financial holding company headquartered in Dallas, Texas. The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries Triumph Capital Advisors, LLC (“TCA”), Triumph CRA Holdings, LLC (“TCRA”), TBK Bank, SSB (“TBK Bank”), TBK Bank’s wholly owned subsidiary Advance Business Capital LLC, which currently operates under the d/b/a of Triumph Business Capital (“TBC”), and TBK Bank’s wholly owned subsidiary Triumph Insurance Group, Inc. (“TIG”).

TBK Bank also does business under the following names: (i) Triumph Community Bank (“TCB”) with respect to its community banking business in certain markets; (ii) Triumph Commercial Finance (“TCF”) with respect to its asset based lending, equipment lending and general factoring commercial finance products; (iii) Triumph Healthcare Finance (“THF”) with respect to its healthcare asset based lending business; and (iv) Triumph Premium Finance (“TPF”) with respect to its insurance premium financing business.

On March 31, 2017 the Company sold its membership interests in TCA. See Note 2 – Business Combinations and Divestitures for details of the TCA sale and its impact on our consolidated financial statements.

Principles of Consolidation and Basis of Presentation

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with United States Generally Accepted Accounting Principles (“GAAP”) for interim financial information and in accordance with guidance provided by the Securities and Exchange Commission. Accordingly, the condensed financial statements do not include all of the information and footnotes required by GAAP for complete financial statements. The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all normal and recurring adjustments considered necessary for a fair presentation. Transactions between the subsidiaries have been eliminated. These condensed consolidated financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2016. Operating results for the three months ended March 31, 2017 are not necessarily indicative of the results that may be expected for the year ending December 31, 2017.

The Company has four reportable segments consisting of Banking, Factoring, Asset Management, and Corporate. The Company’s Chief Executive Officer uses segment results to make operating and strategic decisions. On March 31, 2017 the Company sold its membership interests in TCA, which comprised the entirety of the Asset Management segment’s operations. See Note 2 – Business Combinations and Divestitures for details of the TCA sale and its impact

on our consolidated financial statements.

Adoption of New Accounting Standards

In March 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-09, "Compensation – Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting" ("ASU 2016-09"). The FASB issued this ASU to improve the accounting for share-based payments. ASU 2016-09 simplifies several aspects of the accounting for share-based payment award transactions, including: the presentation of income tax consequences, classification of awards as either equity or liabilities, classification on the statement of cash flows, and calculation of diluted earnings per share. The new standard was effective for the Company on January 1, 2017. Adoption of ASU 2016-09 did not have a material impact on the Company's consolidated financial statements.

In March 2017, the FASB issued ASU 2017-08, "Receivables – Nonrefundable Fees and Other Costs (Subtopic 310-20), Premium Amortization on Purchased Callable Debt Securities" ("ASU 2017-08"). These amendments shorten the amortization period for certain callable debt securities held at a premium. Specifically, the amendments require the premium to be amortized to the earliest call date. The amendments do not require an accounting change for securities held at a discount; the discount continues to be amortized to maturity. The guidance is effective for public business entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. As permitted by the amendment, the Company elected to early adopt the provisions of this ASU as of January 1, 2017. Adoption of ASU 2017-08 did not have a material impact on the Company's consolidated financial statements.

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Newly Issued, But Not Yet Effective Accounting Standards

In May 2014, the FASB issued ASU 2014-09, “Revenue from Contracts with Customers” (“ASU 2014-09”), which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in GAAP when it becomes effective. The new standard is effective for the Company on January 1, 2018. The standard permits the use of either the retrospective or cumulative effect transition method. The Company is evaluating the full effect that ASU 2014-09 will have on its consolidated financial statements and related disclosures, however, adoption of the ASU is not expected to have a significant impact. The Company’s primary sources of revenues are derived from interest and dividends earned on loans, investment securities, and other financial instruments that are not within the scope of ASU 2014-09.

In January 2016, the FASB issued ASU No. 2016-01, “Financial Instruments – Overall: Recognition and Measurement of Financial Assets and Financial Liabilities” (“ASU 2016-01”). The guidance affects the accounting for equity investments, financial liabilities under the fair value option and the presentation and disclosure requirements of financial instruments. ASU 2016-01 will be effective for the Company on January 1, 2018 and is not expected to have a significant impact on our consolidated financial statements and related disclosures.

In February 2016, the FASB issued ASU 2016-02, “Leases (Topic 842)” (“ASU 2016-02”). The FASB issued this ASU to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet by lessees for those leases classified as operating leases under current U.S. GAAP and disclosing key information about leasing arrangements. The amendments in this ASU are effective for annual periods, and interim periods within those annual periods, beginning after December 15, 2018. Early application of this ASU is permitted for all entities. Adoption of ASU 2016-02 is not expected to have a material impact on the Company’s consolidated financial statements. The Company leases certain properties and equipment under operating leases that will result in the recognition of lease assets and lease liabilities on the Company’s balance sheet under the ASU, however, the majority of the Company’s properties and equipment are owned, not leased.

In June 2016, the FASB issued ASU 2016-13, “Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments” (“ASU 2016-13”). Among other things, ASU 2016-13 requires the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. Financial institutions and other organizations will now use forward-looking information to form their credit loss estimates. Many of the loss estimation techniques applied today will still be permitted, although the inputs to those techniques will change to reflect the full amount of expected credit losses. In addition, ASU 2016-13 amends the accounting for credit losses on debt securities and purchased financial assets with credit deterioration. The amendments in ASU 2016-13 are effective for fiscal years beginning after December 31, 2019, and interim periods within those years for public business entities that are SEC filers. Early adoption is permitted for fiscal years, and interim periods within those years, beginning after December 15, 2018. The Company is currently assessing the impact that the adoption of this standard will have on the financial condition and results of operations of the Company.

NOTE 2 – Business combinations AND DIVESTITURES

Triumph Capital Advisors, LLC

On March 31, 2017, the Company sold its wholly owned asset management subsidiary, Triumph Capital Advisors, LLC, to an unrelated third party. The transaction was completed to enhance shareholder value and provide a platform for TCA to operate without the impact of regulations intended for depository institutions.

A summary of the consideration received and the gain on sale is as follows:

(Dollars in thousands)	
Consideration received (fair value):	
Cash	$10,554
Loan receivable	10,500
Revenue share	1,623
Total consideration received	22,677
Carrying value of TCA membership interest	1,417
Gain on sale of subsidiary	21,260
Transaction costs	400
Gain on sale of subsidiary, net of transaction costs	$20,860

The Company financed a portion of the consideration received with a $10,500,000 term credit facility. Terms of the floating rate credit facility provide for quarterly principal and interest payments with an interest rate floor of 5.50%, maturing on March 31, 2023. The Company received a $25,000 origination fee associated with the term credit facility that was deferred and will be accreted over the contractual life of the loan as a yield adjustment.

In addition, the Company is entitled to receive an annual earn-out payment representing 3% of TCA’s future annual gross revenue, with a total maximum earn-out amount of $2,500,000. The revenue share earn-out is considered contingent consideration which the Company elected to record as an asset at its estimated fair value of $1,623,000 on the date of sale.

The Company incurred pre-tax expenses related to the transaction, including professional fees and other direct transaction costs, totaling $400,000 which were netted against the gain on sale of subsidiary in the consolidated statements of income during the three months ended March 31, 2017.

Southern Transportation Insurance Agency

On September 1, 2016, the Company acquired Southern Transportation Insurance Agency, Ltd. in an all-cash transaction for $2,150,000. The purpose of the acquisition was to expand the Company’s product offerings for clients in the transportation industry. The Company recognized an intangible asset of $1,580,000 and goodwill of $570,000, which were allocated to the Company’s Banking segment. Goodwill resulted from expected enhanced product offerings and will be amortized for tax purposes.

ColoEast Bankshares, Inc.

On August 1, 2016, the Company acquired 100% of the outstanding common stock of ColoEast Bankshares, Inc. ("ColoEast") and its community banking subsidiary, Colorado East Bank & Trust, in an all-cash transaction for $70,000,000. The Company also assumed $10,500,000 of ColoEast preferred stock issued in conjunction with the U.S. Government's Treasury Asset Relief Program ("TARP Preferred Stock"). Colorado East Bank & Trust, which was merged into TBK Bank upon closing, offers personal checking, savings, CD, money market, HSA, IRA, NOW and business accounts, as well as commercial and consumer loans from 18 branches and one loan production office located throughout Colorado and far western Kansas. The acquisition expands the Company's market into Colorado and Kansas and further diversifies the Company's loan, customer, and deposit base.

Cash and cash equivalents	$ 57,671	$ —	$ 57,671
Securities	161,693	—	161,693
Loans	460,775	—	460,775
FHLB and Federal Reserve Bank stock	550	—	550
Premises and equipment	23,940	—	23,940
Other real estate owned	3,105	(143)	2,962
Intangible assets	7,238	—	7,238
Bank-owned life insurance	6,400	—	6,400
Deferred income taxes	4,511	(70)	4,441
Other assets	10,022	—	10,022
	735,905	(213)	735,692
Liabilities assumed:			
Deposits	652,952	—	652,952
Junior subordinated debentures	7,728	—	7,728
Other liabilities	6,784	—	6,784
	667,464	—	667,464
Fair value of net assets acquired	68,441	(213)	68,228
Cash paid	70,000	—	70,000
TARP Preferred Stock assumed	10,500	—	10,500
Consideration transferred	80,500	—	80,500
Goodwill	$ 12,059	$ 213	$ 12,272

The consideration was comprised of a combination of cash and the assumption of ColoEast’s TARP Preferred Stock. The Company recognized goodwill of $12,272,000, which included measurement period adjustments related to the final valuation of other real estate owned acquired in the transaction and the finalization of income taxes associated with the transaction. Goodwill was calculated as the excess of both the consideration exchanged and liabilities assumed as compared to the fair value of identifiable net assets acquired and was allocated to the Company’s Banking segment. The goodwill in this acquisition resulted from expected synergies and expansion into the Colorado and Kansas markets. The goodwill will not be amortized for tax purposes.

The TARP Preferred Stock assumed in the acquisition was redeemed by the Company at par on August 31, 2016.

In connection with the ColoEast acquisition, the Company acquired loans both with and without evidence of credit quality deterioration since origination. The acquired loans were initially recorded at fair value with no carryover of

any allowance for loan losses. Acquired loans were segregated between those considered to be purchased credit impaired ("PCI") loans and those without credit impairment at acquisition. The following table presents details on acquired loans at the acquisition date:

(Dollars in thousands)	Loans, Excluding PCI Loans	PCI Loans	Total Loans
Commercial real estate	$ 86,569	$ 10,907	$ 97,476
Construction, land development, land	58,718	2,933	61,651
1-4 family residential properties	36,412	91	36,503

Management evaluates securities for other than temporary impairment at least on a quarterly basis, and more frequently when economic or market concerns warrant such evaluation. Consideration is given to (1) the length of time and the extent to which the fair value has been less than cost, (2) the financial condition and near-term prospects of the issuer, and (3) the intent and ability of the Company to retain its investment in the security for a period of time sufficient to allow for any anticipated recovery in fair value.

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

At March 31, 2017, the Company had 91 securities in an unrealized loss position. Management does not have the intent to sell any of these securities and believes that it is more likely than not that the Company will not have to sell any such securities before a recovery of cost. The fair value is expected to recover as the securities approach their maturity date or repricing date or if market yields for such investments decline. Management does not believe that any of the securities are impaired due to reasons of credit quality. Accordingly, as of March 31, 2017, management believes that the unrealized losses detailed in the previous table are temporary and no other than temporary impairment loss has been recognized in the Company's consolidated statements of income.

NOTE 4 - LOANS AND ALLOWANCE FOR LOAN AND LEASE LOSSES

The following table presents the recorded investment and unpaid principal for loans at March 31, 2017 and December 31, 2016:

	March 31, 2017			December 31, 2016		
(Dollars in thousands)	Recorded Investment	Unpaid Principal	Difference	Recorded Investment	Unpaid Principal	Difference
Commercial real estate	$498,099	$503,659	$(5,560)	$442,237	$447,926	$(5,689)
Construction, land development, land	109,849	113,173	(3,324)	109,812	113,211	(3,399)
1-4 family residential properties	105,230	106,979	(1,749)	104,974	106,852	(1,878)
Farmland	136,537	137,587	(1,050)	141,615	142,673	(1,058)
Commercial	792,764	796,712	(3,948)	778,643	783,349	(4,706)
Factored receivables	242,098	243,535	(1,437)	238,198	239,432	(1,234)
Consumer	28,415	28,425	(10)	29,764	29,782	(18)
Mortgage warehouse	122,244	122,244	—	182,381	182,381	—
Total	2,035,236	$2,052,314	$(17,078)	2,027,624	$2,045,606	$(17,982)
Allowance for loan and lease losses	(19,093)			(15,405)		
	$2,016,143			$2,012,219		

The difference between the recorded investment and the unpaid principal is primarily associated with (1) premiums and discounts associated with acquisition date fair value adjustments on acquired loans (both PCI and non-PCI) totaling $14,072,000 and $15,210,000 at March 31, 2017 and December 31, 2016, respectively, and (2) net deferred origination and factoring fees totaling $3,006,000 and $2,772,000 at March 31, 2017 and December 31, 2016, respectively.

At March 31, 2017 and December 31, 2016, the Company had $23,573,000 and $23,597,000, respectively, of customer reserves associated with factored receivables. These amounts represent customer reserves held to settle any

payment disputes or collection shortfalls, may be used to pay customers' obligations to various third parties as directed by the customer, are periodically released to or withdrawn by customers, and are reported as deposits in the consolidated balance sheets.

Loans with carrying amounts of $450,654,000 and $497,573,000 at March 31, 2017 and December 31, 2016, respectively, were pledged to secure Federal Home Loan Bank borrowing capacity.

During the three months ended March 31, 2017 and 2016, loans with carrying amounts of $1,965,000 and $2,881,000, respectively, were transferred to loans held for sale as the Company made the decision to sell the loans. These loans were subsequently sold resulting in proceeds of $1,919,000 and $2,805,000, respectively, and losses on sale of loans of $46,000 and $76,000, respectively, which were recorded as other noninterest income in the consolidated statements of income.

	$ 31,525	$ 3,621	$ 38,030	$ 73,176

The following table presents information regarding nonperforming loans at the dates indicated:

(Dollars in thousands)	March 31, 2017	December 31, 2016
Nonaccrual loans[1]	$ 30,510	$ 38,030
Factored receivables greater than 90 days past due	2,470	2,153
Troubled debt restructurings accruing interest	3,611	5,123
	$ 36,591	$ 45,306

[1] Includes troubled debt restructurings of $8,973,000 and $13,263,000 at March 31, 2017 and December 31, 2016, respectively.

Credit Quality Information

The Company categorizes loans into risk categories based on relevant information about the ability of borrowers to service their debt, including: current collateral and financial information, historical payment experience, credit documentation, public information, and current economic trends, among other factors. The Company analyzes loans individually by classifying the loans as to credit risk. This analysis includes every loan and is performed on a regular basis. Large groups of smaller balance homogeneous loans, such as consumer loans, are analyzed primarily based on payment status. The Company uses the following definitions for risk ratings:

Pass:

Loans classified as pass are loans with low to average risk and not otherwise classified as substandard or doubtful.

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

Substandard:

Loans classified as substandard are inadequately protected by the current net worth and paying capacity of the obligor or of the collateral pledged, if any. Loans so classified have a well-defined weakness or weaknesses that jeopardize the repayment of the debt. They are characterized by the distinct possibility that the institution will sustain some loss if the deficiencies are not corrected.

Doubtful:

Loans classified as doubtful have all the weaknesses inherent in those classified as substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions and values, highly questionable and improbable.

PCI:

At acquisition, PCI loans had the characteristics of substandard loans and it was probable, at acquisition, that all contractually required principal and interest payments would not be collected. The Company evaluates these loans on a projected cash flow basis with this evaluation performed quarterly.

As of March 31, 2017 and December 31, 2016, based on the most recent analysis performed, the risk category of loans is as follows:

(Dollars in thousands) March 31, 2017	Pass	Substandard	Doubtful	PCI	Total
Commercial real estate	$485,653	$ 1,692	$ —	$10,754	$498,099

Troubled Debt Restructurings

The Company had a recorded investment in troubled debt restructurings of $12,584,000 and $18,386,000 as of March 31, 2017 and December 31, 2016, respectively. The Company had allocated specific allowances for these loans of $435,000 and $1,911,000 at March 31, 2017 and December 31, 2016, respectively, and had not committed to lend additional amounts. Troubled debt restructurings are the result of extending amortization periods, reducing contractual interest rates, or a combination thereof. The Company did not grant principal reductions on any restructured loans.

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

The following table presents loans modified as troubled debt restructurings that occurred during the three months ended March 31, 2017 and 2016:

(Dollars in thousands) March 31, 2017	Number of Loans	Pre-Modification Outstanding Recorded Investment	Post-Modification Outstanding Recorded Investment
Commercial	4	$ 186	$ 186

(Dollars in thousands) March 31, 2016	Number of Loans	Pre-Modification Outstanding Recorded Investment	Post-Modification Outstanding Recorded Investment
Commercial	16	$ 5,730	$ 5,730

During the three months ended March 31, 2017, the company had three loans modified as troubled debt restructurings with a recorded investment of $2,987,000 for which there were payment defaults within twelve months following the modification. The full recorded investment in one of these loans of $2,702,000 was charged off during the period. During the three months ended March 31, 2016, there were no defaults on any loans that were modified as troubled debt restructurings during the preceding twelve months. Default is determined at 90 or more days past due.

Purchased Credit Impaired Loans

The Company has loans that were acquired, for which there was, at acquisition, evidence of deterioration of credit quality since origination and for which it was probable, at acquisition, that all contractually required payments would not be collected. The outstanding contractually required principal and interest and the carrying amount of these loans included in the balance sheet amounts of loans at March 31, 2017 and December 31, 2016, are as follows:

	March 31, 2017	December 31, 2016
Contractually required principal and interest:		
Real estate loans	$ 22,085	$ 25,013
Commercial loans	6,706	9,703
Outstanding contractually required principal and interest	$ 28,791	$ 34,716
Gross carrying amount included in loans receivable	$ 21,452	$ 26,907

The changes in accretable yield during the three months ended March 31, 2017 and 2016 in regard to loans transferred at acquisition for which it was probable that all contractually required payments would not be collected are as follows:

	Three Months Ended March 31,	
	2017	2016
Accretable yield, beginning balance	$4,261	$2,594
Additions	—	—
Accretion	(472)	(517)
Reclassification from nonaccretable to accretable yield	83	—
Disposals	(440)	(13)
Accretable yield, ending balance	$3,432	$2,064

NOTE 5 - GOODWILL AND INTANGIBLE ASSETS

Ending balance	$44,233	$26,877

NOTE 6 – Variable Interest Entities

Collateralized Loan Obligation Funds – Closed

The Company, through its subsidiary TCA, acted as the asset manager or provided certain middle and back office staffing and services to the asset manager of various CLO funds. TCA earned asset management fees in accordance with the terms of its asset management or staffing and services agreements associated with the CLO funds. TCA earned asset management fees totaling $1,717,000 and $1,629,000 for the three months ended March 31, 2017 and 2016, respectively. On March 31, 2017 the Company sold its membership interests in TCA as discussed in Note 2 – Business Combinations and Divestitures. As a result of the TCA sale, as of March 31, 2017 the Company no longer acted as asset manager or staffing and services provider for any CLO funds.

The following table summarizes the closed CLO offerings with assets managed by TCA:

(Dollars in thousands)	Offering Date	Offering Amount

Trinitas CLO I, LTD (Trinitas I)	May 1, 2014	$400,000
Trinitas CLO II, LTD (Trinitas II)	August 4, 2014	$416,000
Doral CLO III, LTD (Doral III)	December 17, 2012	$310,800
Trinitas CLO III, LTD (Trinitas III)	June 9, 2015	$409,375

The securities sold in the above CLO offerings were issued in a series of tranches ranging from an AAA rated debt tranche to an unrated tranche of subordinated notes. The Company does not hold any of the securities issued in these CLO offerings. A related party of the Company holds insignificant interests in Trinitas II and Trinitas III.

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

The Company performed a consolidation analysis for the period prior to the TCA sale to determine whether the Company was required to consolidate the assets, liabilities, equity or operations of the above closed CLO funds in its financial statements. The Company concluded that the closed CLO funds were variable interest entities; however, the Company, through TCA, did not hold variable interests in the entities as the Company's interest in the CLO funds was limited to the asset management fees payable to TCA under their asset management agreements and the interests of its related parties were insignificant. The Company concluded that the asset management fees were not variable interests in the CLO funds as (a) the asset management fees were commensurate with the services provided, (b) the asset management agreements included only terms, conditions, or amounts that were customarily present in arrangements for similar services negotiated on an arm's-length basis, and (c) the Company did not hold other interests in the CLO funds (including interests held through related parties) that individually or in the aggregate would absorb more than an insignificant amount of the CLO funds' expected losses or receive more than an insignificant amount of the CLO funds' expected residual returns. Consequently, the Company concluded that it was not required to consolidate the assets, liabilities, equity or operations of these CLO funds in its financial statements. Upon the sale of TCA on March 31, 2017, the Company's interest in the CLOs through the TCA asset management fees was terminated. The sale of TCA did not change the results of the consolidation analysis.

The following table summarizes the closed CLO offerings for which TCA is not the asset manager, but provides certain middle and back office services to the asset manager:

(Dollars in thousands)	Offering Date	Offering Amount
Trinitas CLO IV, LTD (Trinitas IV)	June 2, 2016	$406,650
Trinitas CLO V, LTD (Trinitas V)	September 22, 2016	$409,000

The securities sold in the above CLO offerings were issued in a series of tranches ranging from an AAA rated debt tranche to an unrated tranche of subordinated notes. The Company holds investments in the subordinated notes of Trinitas IV and Trinitas V with a carrying amount of $6,626,000, which are classified as held to maturity securities within the Company's consolidated balance sheet at March 31, 2017.

The Company performed a consolidation analysis for the period prior to the TCA sale to confirm whether the Company was required to consolidate the assets, liabilities, equity or operations of the above closed CLO funds in its financial statements. The Company concluded that the closed CLO funds were variable interest entities and that the Company holds variable interests in the entities in the form of its investment in the subordinated notes of entities. However, the Company also concluded that as TCA was not the asset manager of the CLO funds, the Company did not have the power to direct the activities that most significantly impact the entities' economic performance. As a result, the Company was not the primary beneficiary and therefore was not required to consolidate the assets, liabilities, equity, or operations of the closed CLO funds in the Company's financial statements. Upon the sale of TCA on March 31, 2017, the Company is no longer providing staffing and services and the only remaining interest in the CLOs is the Company's investment in the subordinated notes of the entities. The sale of TCA did not change the results of the consolidation analysis.

Collateralized Loan Obligation Funds – Warehouse Phase

On June 17, 2016, Trinitas CLO VI, Ltd. ("Trinitas VI") was formed to be the issuer of a CLO offering. Trinitas VI is capitalized with subordinated debt issued to the Company and third party investors. The entity entered into a warehouse credit agreement in order to begin acquiring senior secured loan assets that will comprise the initial collateral pool of the CLOs once issued. When finalized, Trinitas VI will use the proceeds of the debt and equity interests sold in the offering for the final CLO securitization structure to repay the initial warehouse phase debt and equity holders. In the final CLO securitization structure, interest and principal repayment of the leveraged loans held by Trinitas VI will be used to repay debt holders with any excess cash flows used to provide a return on capital to equity investors. During its warehousing period, TCA provides middle and back office support as a staffing and services provider for Trinitas VI. TCA does not earn staffing and services fees from Trinitas VI during the warehouse phase.

At March 31, 2017, the Company's loss exposure to Trinitas VI is limited to its $22,181,000 investment in the entity which is classified as other assets within the Company's consolidated balance sheet. Income from the Company's investment in CLO warehouse entities totaled $964,000 and $984,000 during the three months ended March 31, 2017 and 2016, respectively, and is included in other noninterest income within the Company's consolidated statements of income.

The Company performed a consolidation analysis of Trinitas VI during the warehouse phase and concluded that Trinitas VI is a variable interest entity and that the Company holds a variable interest in the entity that could potentially be significant to the entity in the form of its investment in the subordinated notes of the entity. However, the Company also concluded that since the Company is

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

not the portfolio manager for Trinitas VI, the Company does not have the power to direct the activities that most significantly impact the entity's economic performance. As a result, the Company is not the primary beneficiary and therefore is not required to consolidate the assets, liabilities, equity, or operations of the entity in the Company's financial statements. The sale of TCA did not change the results of the consolidation analysis.

NOTE 7 - Deposits

Deposits at March 31, 2017 and December 31, 2016 are summarized as follows:

(Dollars in thousands)	March 31, 2017	December 31, 2016
Noninterest bearing demand	$382,009	$363,351
Interest bearing demand	329,201	340,362
Individual retirement accounts	100,436	103,022
Money market	203,686	213,253
Savings	173,258	171,354
Certificates of deposit	767,602	756,351
Brokered deposits	68,096	68,092
Total Deposits	$2,024,288	$2,015,785

At March 31, 2017, scheduled maturities of certificates of deposits, individual retirement accounts and brokered deposits are as follows:

(Dollars in thousands)	March 31, 2017
Within one year	$678,352
After one but within two years	175,164
After two but within three years	46,520
After three but within four years	16,504
After four but within five years	19,343
After five years	251
Total	$936,134

Time deposits, including individual retirement accounts, certificates of deposit, and brokered deposits, with individual balances of $250,000 and greater totaled $161,317,000 and $149,258,000 at March 31, 2017 and December 31, 2016, respectively.

NOTE 8 - Legal Contingencies

Various legal claims have arisen from time to time in the normal course of business which, in the opinion of management, will have no material effect on the Company's consolidated financial statements.

NOTE 9 - OFF-BALANCE SHEET LOAN COMMITMENTS

From time to time, the Company is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include commitments to extend credit. Those instruments involve, to varying degrees, elements of credit risk in excess of the amount recognized in the balance sheet. The Company's exposure to credit loss in the event of nonperformance by the other party to the financial instrument for commitments to extend credit and standby letters of credit is represented by the contractual amount of those instruments.

The Company uses the same credit policies in making commitments and conditional obligations as it does for on-balance sheet financial instruments.

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

The contractual amounts of financial instruments with off-balance sheet risk were as follows:

	March 31, 2017		December 31, 2016	
(Dollars in thousands)	Fixed Rate	Variable Rate	Fixed Rate	Variable Rate
Commitments to make loans	$15,985	$22,925	$7,345	$7,580
Unused lines of credit	98,047	150,182	109,611	145,475
Standby letters of credit	2,371	5,128	2,547	4,706

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments are expected to expire without being fully drawn upon, the total commitment amounts disclosed above do not necessarily represent future cash requirements. The Company evaluates each customer's creditworthiness on a case-by-case basis. The amount of collateral obtained, if considered necessary by the Company, upon extension of credit, is based on management's credit evaluation of the customer.

Standby letters of credit are conditional commitments issued by the Company to guarantee the performance of a customer to a third party. In the event of nonperformance by the customer, the Company has rights to the underlying collateral, which can include commercial real estate, physical plant and property, inventory, receivables, cash and marketable securities. The credit risk to the Company in issuing letters of credit is essentially the same as that involved in extending loan facilities to its customers.

NOTE 10 - Fair Value Disclosures

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The methods of determining the fair value of assets and liabilities presented in this note are consistent with our methodologies disclosed in Note 15 of the Company's 2016 Form 10-K.

[1] Represents the fair value of OREO that was adjusted during the period and subsequent to its initial classification as OREO

Impaired Loans with Specific Allocation of ALLL: A loan is considered impaired when, based on current information and events, it is probable that the Company will be unable to collect all amounts due pursuant to the contractual terms of the loan agreement. Impairment is measured by estimating the fair value of the loan based on the present value of expected cash flows, the market price of the loan, or the underlying fair value of the loan's collateral. For real estate loans, fair value of the impaired loan's collateral is determined by third party appraisals, which are then adjusted for the estimated selling and closing costs related to liquidation of the collateral. For this asset class, the actual valuation methods (income, sales comparable, or cost) vary based on the status of the project or property. For example, land is generally based on the sales comparable method while construction is based on the income and/or sales comparable methods. The unobservable inputs may vary depending on the individual assets with no one of the three methods being the predominant approach. The Company reviews the third party appraisal for appropriateness and adjusts the value downward to consider selling and closing costs, which typically range from 5% to 8% of the appraised value. For non-real estate loans, fair value of the impaired loan's collateral may be determined using an appraisal, net book value per the borrower's financial statements, or aging reports, adjusted or discounted based on management's historical knowledge, changes in market conditions from the time of the valuation, and management's expertise and knowledge of the client and client's business.

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

OREO: OREO is primarily comprised of real estate acquired in partial or full satisfaction of loans. OREO is recorded at its estimated fair value less estimated selling and closing costs at the date of transfer, with any excess of the related loan balance over the fair value less expected selling costs charged to the ALLL. Subsequent changes in fair value are reported as adjustments to the carrying amount and are recorded against earnings. The Company outsources the valuation of OREO with material balances to third party appraisers. For this asset class, the actual valuation methods (income, sales comparable, or cost) vary based on the status of the project or property. For example, land is generally based on the sales comparable method while construction is based on the income and/or sales comparable methods. The unobservable inputs may vary depending on the individual assets with no one of the three methods being the predominant approach. The Company reviews the third party appraisal for appropriateness and adjusts the value downward to consider selling and closing costs, which typically range from 5% to 8% of the appraised value.

The estimated fair values of the Company's financial instruments not measured at fair value on a recurring or non-recurring basis at March 31, 2017 and December 31, 2016 were as follows:

(Dollars in thousands)	Carrying	Fair Value Measurements Using			Total

NOTE 11 - Regulatory Matters

The Company (on a consolidated basis) and TBK Bank are subject to various regulatory capital requirements administered by federal and state banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on the Company’s or TBK Bank’s financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Company and TBK Bank must meet specific capital guidelines that involve quantitative measures of their assets, liabilities, and certain off-balance sheet items as calculated under regulatory accounting practices. The capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors.

The Company is subject to the Basel III regulatory capital framework. Beginning in January 2016, the implementation of the capital conservation buffer was effective for the Company starting at the 0.625% level and increasing 0.625% each year thereafter, until it reaches 2.5% on January 1, 2019. The capital conservation buffer was 1.25% and 0.625% at March 31, 2017 and December 31, 2016, respectively. The capital conservation buffer is designed to absorb losses during periods of economic stress and requires increased capital levels for the purpose of capital distributions and other payments. Failure to meet the full amount of the buffer will result in restrictions on the Company’s ability to make capital distributions, including dividend payments and stock repurchases, and to pay discretionary bonuses to executive officers.

Quantitative measures established by regulation to ensure capital adequacy require the Company and TBK Bank to maintain minimum amounts and ratios (set forth in the table below) of total, common equity Tier 1, and Tier 1 capital to risk weighted assets, and of Tier 1 capital to average assets. Management believes, as of March 31, 2017 and December 31, 2016, the Company and TBK Bank meet all capital adequacy requirements to which they are subject, including the capital conservation buffer requirement.

As of March 31, 2017 and December 31, 2016, TBK Bank’s capital ratios exceeded those levels necessary to be categorized as “well capitalized” under the regulatory framework for prompt corrective action. To be categorized as “well capitalized,” TBK Bank must maintain minimum total risk based, common equity Tier 1 risk based, Tier 1 risk based, and Tier 1 leverage ratios as set forth in the table below. There are no conditions or events since March 31, 2017 that management believes have changed TBK Bank’s category.

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

Conversion ratio - preferred to common	6.94008	6.94008	6.94008	6.94008

NOTE 13 – STOCK BASED COMPENSATION

Stock based compensation expense that has been charged against income was $702,000 and $353,000 for the three months ended March 31, 2017 and 2016, respectively.

2014 Omnibus Incentive Plan

The Company’s 2014 Omnibus Incentive Plan (“Omnibus Incentive Plan”) provides for the grant of nonqualified and incentive stock options, stock appreciation rights, restricted stock awards, restricted stock units, and other awards that may be settled in, or based upon the value of, the Company’s common stock. The aggregate number of shares of common stock available for issuance under the Omnibus Incentive Plan is 1,200,000 shares.

Restricted Stock Awards

A summary of changes in the Company’s nonvested Restricted Stock Awards (“RSAs”) under the Omnibus Incentive Plan for the three months ended March 31, 2017 were as follows:

Nonvested RSAs	Shares	Weighted-Average Grant-Date Fair Value
Nonvested at January 1, 2017	126,644	$ 14.92
Granted	5,174	27.05
Vested	(17,860)	19.11
Forfeited	(251)	13.50
Nonvested at March 31, 2017	113,707	$ 14.81

RSAs granted to employees under the Omnibus Incentive Plan typically vest over two to four years. Compensation expense for RSAs granted under the Omnibus Incentive Program will be recognized over the vesting period of the awards based on the fair value of the

TRIUMPH BANCORP, INC. AND SUBSIDIARIES

(Unaudited)

stock at the issue date. As of March 31, 2017, there was $534,000 of unrecognized compensation cost related to nonvested RSAs granted under the Omnibus Incentive Plan. The cost is expected to be recognized over a remaining period of 2.50 years.

Stock Options

A summary of the changes in the Company’s stock options under the Omnibus Incentive Plan as of and for the three months ended March 31, 2017 were as follows:

Stock Options	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (In Years)	Aggregate Intrinsic Value (In Thousands)
Outstanding at January 1, 2017	163,661	$ 15.87		
Granted	—	—		
Exercised	—	—		
Forfeited or expired	—	—		
Outstanding at March 31, 2017	163,661	$ 15.87	7.16	$ 1,625
Fully vested shares and shares expected to vest at March 31, 2017	163,661	$ 15.87	7.16	$ 1,625
Shares exercisable at March 31, 2017	34,398	$ 15.87	0.25	$ 342

There were no options granted or exercised during the three months ended March 31, 2017 and 2016.

Stock options awarded to employees under the Omnibus Incentive Plan are generally granted with an exercise price equal to the market price of the Company’s common stock at the date of grant, vest over four years, and have ten year contractual terms. Contractual terms of exercisable options may be shortened due to termination of a participant’s employment. The fair value of stock options granted is estimated at the date of grant using the Black-Scholes option-pricing model. Expected volatilities are determined based on historical volatilities of a peer group of companies with a similar size, industry, stage of life cycle, and capital structure. The expected term of options granted is determined based on the SEC simplified method, which calculates the expected term as the mid-point between the weighted average time to vesting and the contractual term. The risk-free interest rate for the expected term of options is derived from the Treasury constant maturity yield curve on the valuation date.

As of March 31, 2017, there was $360,000 of unrecognized compensation cost related to nonvested stock options granted under the Omnibus Incentive Plan. The cost is expected to be recognized over a remaining period of 3.00 years.

NOTE 15 – BUSINESS SEGMENT INFORMATION

The following table presents the Company's operating segments. The accounting policies of the segments are substantially similar to those described in the "Summary of Significant Accounting Policies" in Note 1 of the Company's 2016 Form 10-K. Transactions between segments consist primarily of borrowed funds. Intersegment interest expense is allocated to the Factoring segment based on the Company's prime rate. The provision for loan loss is allocated based on the segment's allowance for loan loss determination. Noninterest income and expense directly attributable to a segment are assigned to it. Taxes are paid on a consolidated basis but not allocated for segment purposes. The Factoring segment includes only factoring originated by TBC. General factoring services not originated through TBC are included in the Banking segment. On March 31, 2017, we sold our 100% membership interest in TCA. As a result, the Asset Management segment will have no operations subsequent to March 31, 2017.

Management’s Discussion and Analysis of

Financial Condition and Results of Operations

This section presents management’s perspective on our financial condition and results of operations. The following discussion and analysis of our financial condition and results of operations should be read in conjunction with the Company’s interim consolidated financial statements and the accompanying notes included elsewhere in this Quarterly Report on Form 10-Q and with the consolidated financial statements and accompanying notes and other detailed information appearing in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016. To the extent that this discussion describes prior performance, the descriptions relate only to the periods listed, which may not be indicative of our future financial outcomes. In addition to historical information, this discussion contains forward-looking statements that involve risks, uncertainties and assumptions that could cause results to differ materially from management’s expectations. See the “Forward-Looking Statements” section of this discussion for further information on forward-looking statements.

Company Overview

We are a financial holding company headquartered in Dallas, Texas and registered under the Bank Holding Company Act. Through our wholly owned bank subsidiary, TBK Bank, we offer traditional banking services as well as commercial finance product lines focused on businesses that require specialized financial solutions. Our banking operations include a full suite of lending and deposit products and services focused on our local market areas. These activities generate a stable source of core deposits and a diverse asset base to support our overall operations. Our commercial finance product lines include factoring, asset based lending, equipment lending, healthcare lending, and premium finance products offered on a nationwide basis. These product offerings supplement the asset generation capacity in our community banking markets and enhance the overall yield of our loan portfolio, enabling us to earn attractive risk-adjusted net interest margins. We believe our integrated business model distinguishes us from other banks and non-bank financial services companies in the markets in which we operate. As of March 31, 2017, we had consolidated total assets of $2.635 billion, total loans held for investment of $2.035 billion, total deposits of $2.024 billion and total stockholders’ equity of $300.4 million.

Most of our products and services share basic processes and have similar economic characteristics. However, our factoring subsidiary operates in a highly specialized niche and earns substantially higher yields on its factored accounts receivable portfolio than our other lending products. This business also has a legacy and structure as a standalone company. In addition, through our Triumph Capital Advisors, LLC asset management subsidiary, we provided fee-based asset management services distinct from our traditional banking offerings and operations. As a result, we have determined our reportable segments are Banking, Factoring, Asset Management, and Corporate. For the three months ended March 31, 2017, our Banking segment generated 49% of our total revenue (comprised of interest and noninterest income), our Factoring segment generated 15% of our total revenue, our Asset Management segment generated 3% of our total revenue, and our Corporate segment generated 33% of our total revenue. As discussed below, on March 31, 2017 we sold our 100% membership interest in Triumph Capital Advisors, LLC and will no longer provide fee-based asset management services.

First Quarter 2017 Overview

Net income available to common stockholders for the three months ended March 31, 2017 was $10.3 million, or $0.55 per diluted share, compared to net income available to common stockholders for the three months ended March 31, 2016 of $4.8 million, or $0.27 per diluted share. Excluding material gains and expenses related to merger and

acquisition related activities, including divestitures, adjusted net income to common stockholders was $0.3 million, or $0.02 per diluted share, for the three months ended March 31, 2017. For the three months ended March 31, 2017, our return on average common equity was 14.66% and our return on average assets was 1.62%.

At March 31, 2017, we had total assets of $2.635 billion, including gross loans of $2.035 billion, compared to $2.641 billion of total assets and $2.028 billion of gross loans at December 31, 2016. Organic loan growth totaled $7 million during the three months ended March 31, 2017. Our commercial finance product lines increased from $694 million in aggregate as of December 31, 2016 to $714 million as of March 31, 2017, an increase of 3%, and constitute 35% of our total loan portfolio at March 31, 2017.

At March 31, 2017, we had total liabilities of $2.335 billion, including total deposits of $2.024 billion, compared to $2.352 billion of total liabilities and $2.016 billion of total deposits at December 31, 2016. Organic deposit growth totaled $8 million during the three months ended March 31, 2017.

At March 31, 2017, we had total stockholders' equity of $300.4 million. During the three months ended March 31, 2017, total stockholders' equity increased $11 million, primarily due to our net income for the period. Capital ratios remained strong with Tier 1 capital and total capital to risk weighted assets ratios of 12.0% and 14.9%, respectively, at March 31, 2017.

Triumph Capital Advisors

On March 31, 2017, the Company sold its 100% membership interest in Triumph Capital Advisors, LLC ("TCA"). As part of the TCA sale on March 31, 2017, the Company:

- Received total consideration with a fair value of $22.7 million, comprised of cash of $10.6 million, a seller financed loan receivable of $10.5 million, and a revenue share earn-out asset valued at $1.6 million.
- Recorded a pre-tax gain on sale of $20.9 million, net of $0.4 million of direct transaction costs.
- Incurred other indirect transaction related costs of $0.3 million and accrued $4.8 million in incremental bonus expense for the anticipated amount expected to be paid to team members to recognize their contribution to the transaction and building the value realized in the sale of the business.

The TCA sale resulted in a net pre-tax contribution to earnings for the three months ended March 31, 2017 of $15.7 million, or approximately $10.0 million net of tax. See Note 2 – Business Combinations and Divestitures in the accompanying condensed notes to the consolidated financial statements included elsewhere in this report for additional details of the TCA sale and its expected impact on our consolidated financial statements.

ColoEast Bankshares, Inc.

On August 1, 2016, the Company acquired ColoEast Bankshares, Inc. ("ColoEast") and its community banking subsidiary, Colorado East Bank & Trust, which was merged into TBK Bank upon closing. As part of the ColoEast acquisition, the Company acquired loans with a fair value of $461 million, acquired investment securities with a fair value of $162 million, and assumed $653 million of customer deposits. When compared to the three months ended March 31, 2016, the operating results for the three months ended March 31, 2017 are reflective of the significantly larger assets, liabilities, personnel, and infrastructure resulting from the ColoEast acquisition, which affects comparability period over period.

Commercial Finance Product Lines

A key element of our strategy is to supplement the asset generation capacity in our community banking markets with commercial finance product lines which are offered on a nationwide basis and which serve to enhance the overall yield of our portfolio. These products include our factoring services, provided principally in the transportation sector (though increasingly in other industries as well), our asset based lending and equipment finance products marketed under our Triumph Commercial Finance brand, the healthcare asset based lending products offered under our Triumph Healthcare Finance brand, and premium finance products marketed under our Triumph Premium Finance brand. Our aggregate outstanding balances for these products increased from $693.7 million as of December 31, 2016 to $713.6 million as of March 31, 2017. These increases were driven by organic growth.

The following table sets forth our commercial finance product lines as of March 31, 2017 and December 31, 2016:

(Dollars in thousands)	March 31, 2017	December 31, 2016
Commercial finance		
Equipment	$ 203,251	$ 190,393
Asset based lending (general)	166,917	161,454
Asset based lending (healthcare)	78,208	79,668
Premium finance	23,162	23,971
Factored receivables	242,098	238,198
Total commercial finance loans	$ 713,636	$ 693,684

[1] The Company uses certain non-GAAP financial measures to provide meaningful supplemental information regarding the Company's operational performance and to enhance investors' overall understanding of such financial performance. The non-GAAP measures used by the Company include the following:

- "Adjusted diluted earnings per common share" is defined as adjusted net income available to common stockholders divided by adjusted weighted average diluted common shares outstanding. Excluded from net income available to common stockholders are material gains and expenses related to merger and acquisition related activities, including divestitures, net of tax. In our judgment, the adjustments made to net income available to common stockholders allow management and investors to better assess our performance in relation to our core net income by removing the volatility associated with certain acquisition related items and other discrete items that are unrelated to our core

business. Weighted average diluted common shares outstanding are adjusted as a result of changes in their dilutive properties given the gain and expense adjustments described herein.

- "Tangible common stockholders' equity" is common stockholders' equity less goodwill and other intangible assets.
- "Total tangible assets" is defined as total assets less goodwill and other intangible assets.

• "Tangible book value per share" is defined as tangible common stockholders' equity divided by total common shares outstanding. This measure is important to investors interested in changes from period-to-period in book value per share exclusive of changes in intangible assets.
• "Tangible common stockholders' equity ratio" is defined as the ratio of tangible common stockholders' equity divided by total tangible assets. We believe that this measure is important to many investors in the marketplace who are interested in relative changes from period-to period in common equity and total assets, each exclusive of changes in intangible assets.
• "Return on average tangible common equity" is defined as net income available to common stockholders divided by average tangible common stockholders' equity.
• "Adjusted efficiency ratio" is defined as noninterest expenses divided by our operating revenue, which is equal to net interest income plus noninterest income. Excluded are material gains and expenses related to merger and acquisition related activities, including divestitures. In our judgment, the adjustments made to operating revenue allow management and investors to better assess our performance in relation to our core operating revenue by removing the volatility associated with certain acquisition related items and other discrete items that are unrelated to our core business.
• "Adjusted net noninterest expense to average total assets" is defined as noninterest expenses net of noninterest income divided by total average assets. Excluded are material gains and expenses related to merger and acquisition related activities, including divestitures. This metric is used by our management to better assess our core operating efficiency.
• "Adjusted yield on loans" is our yield on loans after excluding loan accretion from our acquired loan portfolio. Our management uses this metric to better assess the impact of purchase accounting on our yield on loans, as the effect of loan discount accretion is expected to decrease as the acquired loans roll off of our balance sheet, absent the impact, if any, of future acquisitions.
• "Adjusted net interest margin" is net interest margin after excluding loan accretion from the acquired loan portfolio. Our management uses this metric to better assess the impact of purchase accounting on net interest margin, as the effect of loan discount accretion is expected to decrease as the acquired loans mature or roll off of our balance sheet, absent the impact, if any, of future acquisitions.

(2) Amounts have been annualized.

(3) Asset quality ratios exclude loans held for sale.

(4) Net charge-offs to average loans ratios are for the three months ended March 31, 2017 and the year ended December 31, 2016.

GAAP Reconciliation of Non-GAAP Financial Measures

We believe the non-GAAP financial measures included above provide useful information to management and investors that is supplementary to our financial condition, results of operations and cash flows computed in accordance with GAAP; however, we acknowledge that our non-GAAP financial measures have a number of limitations. The following reconciliation table provides a more detailed analysis of the non-GAAP financial measures:

	Three Months Ended March 31,	
(Dollars in thousands, except per share amounts)	2017	2016
Net income available to common stockholders	$10,281	$4,812
Gain on sale of subsidiary	(20,860)	—

Tangible common stockholders' equity ratio	9.51%	8.98%

Results of Operations

Net Income

Three months ended March 31, 2017 compared with three months ended March 31, 2016. We earned net income of $10.5 million for the three months ended March 31, 2017 compared to $5.0 million for the three months ended March 31, 2016, an increase of $5.5 million.

As discussed in the First Quarter 2017 Overview above, the results for the three months ended March 31, 2017 were impacted by our sale of TCA. The TCA sale resulted in a gain on sale in the amount of $20.9 million included in noninterest income for the three months ended March 31, 2017, offset by an additional $4.8 million bonus accrual and approximately $0.3 million of other indirect transaction related costs recorded in connection with the TCA sale and reported as noninterest expense.

Excluding the impact of the TCA sale transaction, we earned adjusted net income of $0.5 million for the three months ended March 31, 2017 compared to $5.0 million for the three months ended March 31, 2016, a decrease of $4.5 million. The adjusted decrease was primarily the result of an $8.2 million increase in the provision for loan losses and a $9.6 million increase in adjusted noninterest expense, offset in part by a $9.3 million increase in net interest income, a $1.4 million increase in adjusted noninterest income, and a $2.5 million decrease in adjusted income tax expense.

Details of the changes in the various components of net income are further discussed below.

Net Interest Income

Our operating results depend primarily on our net interest income, which is the difference between interest income on interest earning assets, including loans and securities, and interest expense incurred on interest bearing liabilities, including deposits and other borrowed funds. Interest rate fluctuations, as well as changes in the amount and type of interest earning assets and interest bearing liabilities, combine to affect net interest income. Our net interest income is affected by changes in the amount and mix of interest earning assets and interest bearing liabilities, referred to as a “volume change.” It is also affected by changes in yields earned on interest earning assets and rates paid on interest bearing deposits and other borrowed funds, referred to as a “rate change.”

41

Three months ended March 31, 2017 compared with three months ended March 31, 2016. The following table presents the distribution of average assets, liabilities and equity, as well as interest income and fees earned on average interest earning assets and interest expense paid on average interest bearing liabilities for the three months ended March 31, 2017 and 2016:

	Three Months Ended March 31,					
	2017			2016		
(Dollars in thousands)	Average Balance	Interest	Average Rate[4]	Average Balance	Interest	Average Rate[4]

Other liabilities	10,384			10,578		
Total equity	294,236			272,340		
Total liabilities and equity	$2,619,282			$1,682,640		
Net interest income		$31,819			$22,489	
Interest spread [2]			5.19 %			5.76 %
Net interest margin [3]			5.37 %			5.90 %

[1] Balance totals include nonaccrual loans.
[2] Net interest spread is the yield on average interest earning assets less the rate on interest bearing liabilities.
[3] Net interest margin is the ratio of net interest income to average interest earning assets.
[4] Ratios have been annualized.

We earned net interest income of $31.8 million for the three months ended March 31, 2017 compared to $22.5 million for the three months ended March 31, 2016, an increase of $9.3 million, or 41.3%.

This increase in net interest income was driven by increases in average interest earning assets, which increased to $2.402 billion for the three months ended March 31, 2017 from $1.532 billion for the three months ended March 31, 2016, an increase of $870 million, or 56.8%. This increase was primarily attributable to $461 million of loans and $162 million of investment securities acquired in the ColoEast acquisition. Additional interest income also resulted from organic growth in our loan portfolio. Our commercial finance product lines, including our factored receivables, asset based loans, equipment finance loans, and premium finance loans all increased on a period over period basis as a result of the continued execution of our growth strategy for such products. Our outstanding commercial finance balances increased $185.5 million, or 35.1%, from $528.1 million at March 31, 2016 to $713.6 million at March 31, 2017. We also experienced organic growth in our mortgage warehouse facilities and community banking lending products period over period, including commercial real estate and general commercial and industrial loans.

The increases in our net interest income resulting from changes in the interest income generated by our loan portfolio discussed above were offset in part by an increase in our interest expense associated with the growth in customer deposits and other borrowings. Average total interest bearing deposits increased to $1.633 billion for the three months ended March 31, 2017 from $1.083 billion for the three months ended March 31, 2016, an increase of $550 million, or 50.8%. This increase was primarily due to $653 million of customer deposits assumed in the ColoEast acquisition. Excluding the ColoEast customer deposits, we also experienced growth in our certificates of deposit as these higher cost deposit products were used to fund our growth period over period. In addition, our use of other interest bearing borrowings, consisting primarily of FHLB advances, was also increased to fund our growth. Finally, we issued $50.0 million of subordinated notes in the third quarter of 2016 that contributed to the increase in interest expense period over period.

Net interest margin decreased to 5.37% for the three months ended March 31, 2017 from 5.90% for the three months ended March 31, 2016, a decrease of 53 basis points.

The decline in our net interest margin primarily resulted from a decrease in yields on our interest earning assets. Our average yield on interest earning assets decreased to 6.13% for the three months ended March 31, 2017 from 6.54% for the three months ended March 31, 2016, a decrease of 41 basis points. The decrease is primarily attributable to a change in the mix within our loan portfolio period over period. The lower yielding community banking loans acquired in the ColoEast acquisition resulted in our higher yielding commercial finance products as a percentage of the total portfolio decreasing from 42% at March 31, 2016 to 35% at March 31, 2017. In addition, our transportation factoring balances, which generate a higher yield than our non-transportation factoring balances, decreased as a percentage of the overall factoring portfolio to 74% at March 31, 2017 compared to 76% at March 31, 2016 as we continued to expand our non-transportation factoring product lines throughout 2016 and into 2017.

A component of the yield on our loan portfolio consists of discount accretion on the portfolios acquired in connection with our acquisitions. The aggregate increased yield on our loan portfolio attributable to the accretion of purchase discounts associated with our acquisitions was 22 basis points for the three months ended March 31, 2017 and 37 basis points for the three months ended March 31, 2016. Excluding the impact of this discount accretion, the adjusted yield on our loan portfolio was 6.93% and 7.47% for the three months ended March 31, 2017 and 2016, respectively. Subject to future acquisitions, we anticipate that the contribution of this discount accretion to our interest income will continue to decline over time, but we expect that any resulting decreases in aggregate yield on our loan portfolio will be offset in part by continued growth in our higher yielding specialized commercial finance product lines which include our factored receivables, asset based loans, equipment finance loans, and premium finance loans. As of March 31, 2017, there was approximately $14.1 million of purchase discount remaining, of which $11.3 million is expected to be accreted over the remaining lives of the acquired loan portfolios.

Our adjusted net interest margin, which excludes the impact of the acquired loan discount accretion described above, was 5.19% and 5.61% for the three months ended March 31, 2017 and 2016, respectively.

Our average cost of interest bearing liabilities increased to 0.94% for the three months ended March 31, 2017 from 0.78% for the three months ended March 31, 2016, an increase of 16 basis points. This increase was caused by an increased use of higher rate certificates of deposit to fund our growth period over period, higher rates on short term and floating rate FHLB advances as a result of higher interest rates in the economy, and our issuance of $50.0 million of subordinated notes at an initial fixed rate of 6.50%. This impact was offset in part by a change in the mix of our interest bearing deposits resulting from lower cost customer deposits assumed in the ColoEast acquisition, which contributed to the reduction of our cost of interest bearing deposits to 0.71% for the three months ended March 31, 2017 from 0.74% for the three months ended March 31, 2016.

The following table shows the effects changes in average balances (volume) and average interest rates (rate) had on the interest earned in our interest earning assets and the interest incurred on our interest bearing liabilities for the three months ended March 31, 2017 and 2016:

	Three Months Ended March 31, 2017 vs. 2016 Increase (Decrease) Due to:		
(Dollars in thousands)	Rate	Volume	Net Increase
Interest earning assets:			
Cash and cash equivalents	$67	$52	$119
Taxable securities	220	549	769
Tax-exempt securities	(3)	80	77
FHLB stock	11	21	32
Loans	(2,274)	12,716	10,442
Total interest income	(1,979)	13,418	11,439
Interest bearing liabilities:			
Interest bearing demand	18	36	54
Individual retirement accounts	(13)	113	100
Money market	(2)	55	53
Savings	5	19	24
Certificates of deposit	(2)	536	534
Brokered deposits	48	63	111

Subordinated notes	—	835	835
Junior subordinated debentures	49	114	163
Other borrowings	94	141	235
Total interest expense	197	1,912	2,109
Change in net interest income	$(2,176)	$11,506	$9,330

Provision for Loan Losses

The provision for loan losses is the amount of expense that, based on our judgment, is required to maintain the allowance for loan and lease losses (“ALLL”) at an adequate level to absorb probable losses incurred in the loan portfolio at the balance sheet date and that, in management’s judgment, is appropriate under GAAP. The determination of the amount of the allowance is complex and involves a high degree of judgment and subjectivity.

The provision for loan losses is primarily driven by the allowance allocation for incurred losses recorded on collectively evaluated loans outstanding for a period. As outstanding loan balances fluctuate period over period, the associated provision for loan losses typically increases or decreases accordingly. In addition, the product types associated with fluctuations within the loan portfolio also contribute to the allowance allocation, as different loan products require different levels of ALLL based upon their credit risk characteristics. Finally, loan loss valuation allowances are recorded on specific at-risk balances, typically consisting of impaired loans and factored invoices greater than 90 days past due with negative cash reserves.

Under accounting standards for business combinations, acquired loans are recorded at fair value on the date of acquisition. This fair value adjustment eliminates any of the seller's ALLL associated with such loans as of such date as any credit exposure associated with such loans is incorporated into the fair value adjustment. A provision for loan losses is recorded for the emergence of new probable and estimable losses on acquired loans after the acquisition date.

Three months ended March 31, 2017 compared with three months ended March 31, 2016. Our provision for loan losses was $7.7 million for the three months ended March 31, 2017 compared to a negative provision of $(0.5) million for the three months ended March 31, 2016.

The increased provision for loan losses was the primarily the result of an increase in loan charge-offs and net specific reserves recorded during the three months ended March 31, 2017. We experienced higher total net charge-offs of $4.0 million in the three months ended March 31, 2017 compared to a net recovery of $0.04 million for the same period in 2016. We recorded net specific reserves of $1.0 million during the three months ended March 31, 2017 compared to net specific reserves of $0.4 million recorded during the three months ended March 31, 2016. Approximately $1.4 million of the charge-offs for the three months ended March 31, 2017 had specific reserves previously recorded. In addition, recent charge-offs contributed to an increase in the estimate of the ALLL levels recorded against the remaining loan portfolio by $2.3 million as a result of higher loss factors incorporated into our ALLL methodology for the three months ended March 31, 2017. Approximately $3.1 million of the charge-offs and $1.8 million of additional specific reserves recorded during the three months ended March 31, 2017 were associated with five individual loan relationships. Two of the loan relationships were part of our healthcare finance unit and three were acquired in the ColoEast acquisition, including one designated as purchased credit impaired. The charge-offs and specific reserves related to the healthcare loan relationships represent substantially all of the remaining balance sheet exposure to these two borrowers.

In addition, during the three months ended March 31, 2017 outstanding loans increased $7 million from December 31, 2016. During the three months ended March 31, 2016, outstanding loans decreased $46 million from December 31, 2015. The increase in outstanding loan balances within the three months ended March 31, 2017 compared to a decrease in loan balances within the three months ended March 31, 2016 contributed to a higher provision for loan losses in the current period.

Our ALLL was $19.1 million as of March 31, 2017 versus $15.4 million as of December 31, 2016, representing an ALLL to total loans ratio of 0.94% and 0.76% respectively.

Noninterest Income

The following table presents the major categories of noninterest income for the three months ended March 31, 2017 and 2016:

	Three Months Ended March 31,			
(Dollars in thousands)	2017	2016	$ Change	% Change
Service charges on deposits	$980	$659	$321	48.7 %
Card income	827	546	281	51.5 %
Net OREO gains (losses) and valuation adjustments	11	(11)	22	200.0 %
Net gains on sale of securities	—	5	(5)	(100.0 %)
Net gains on sale of loans	—	12	(12)	(100.0 %)
Fee income	583	534	49	9.2 %
Asset management fees	1,717	1,629	88	5.4 %
Gain on sale of subsidiary	20,860	—	20,860	100.0 %
CLO warehouse investment income	964	984	(20)	(2.0 %)
Insurance commissions	590	73	517	708.2 %
Other	753	550	203	36.9 %
Total noninterest income	$27,285	$4,981	$22,304	447.8 %

Three months ended March 31, 2017 compared with three months ended March 31, 2016. We earned noninterest income of $27.3 million for the three months ended March 31, 2017, compared to $5.0 million for the three months ended March 31, 2016. The increase in the three months ended March 31, 2017 was impacted by the realization of the $20.9 million gain associated with the sale of TCA. Excluding the gain on sale of TCA, we earned noninterest income of $6.4 million for the three months ended March 31, 2017, resulting in an adjusted increase in noninterest income of $1.4 million, or 29.0% period over period. The adjusted increase was primarily due to an increase in service charges on deposits, card income, insurance commissions, and other noninterest income. Changes in selected components of noninterest income in the above table are discussed below.

- Service Charges on Deposits. Service charges on deposit accounts, including overdraft and non-sufficient funds fees, increased from $0.7 million for the three months ended March 31, 2016 to $1.0 million for the three months ended March 31, 2017. The increase was primarily due to additional service charges associated with the increase in customer deposits due to the ColoEast acquisition.
- Card Income. Debit and credit card income increased from $0.5 million for the three months ended March 31, 2016 to $0.8 million for the three months ended March 31, 2017. The increase was primarily due to additional customer debit and credit card activity associated with the increase in issued cards due to the ColoEast acquisition.

- Insurance Commissions. Commissions earned by our Triumph Insurance Group subsidiary increased $0.5 million from $0.1 million for the three months ended March 31, 2016 to $0.6 million for the three months ended March 31, 2017 due to increased volumes resulting from organic growth of the business and the acquisition of Southern Transportation Insurance Agency, Ltd. in 2016.
- Other. Other noninterest income increased from $0.6 million for the three months ended March 31, 2016 to $0.8 million for the three months ended March 31, 2017. Other noninterest income includes income for check cashing and wire transfer fees, income associated with trust activities, and bank-owned life insurance. There were no significant increases or decreases in the components of other noninterest income period over period, other than increases due to incremental transaction volumes associated with the ColoEast acquisition.

Noninterest Expense

The following table presents the major categories of noninterest expense for the three months ended March 31, 2017 and 2016:

	Three Months Ended March 31,				
(Dollars in thousands)	2017	2016	$ Change	% Change	
Salaries and employee benefits	$21,958	$12,252	$9,706	79.2	%
Occupancy, furniture and equipment	2,359	1,493	866	58.0	%
FDIC insurance and other regulatory assessments	226	224	2	0.9	%
Professional fees	1,968	1,073	895	83.4	%
Amortization of intangible assets	1,111	977	134	13.7	%
Advertising and promotion	938	519	419	80.7	%
Communications and technology	2,174	1,432	742	51.8	%
Travel and entertainment	645	365	280	76.7	%
Other	3,458	1,743	1,715	98.4	%
Total noninterest expense	$34,837	$20,078	$14,759	73.5	%

Three months ended March 31, 2017 compared with three months ended March 31, 2016. Noninterest expense totaled $34.8 million for the three months ended March 31, 2017 compared to $20.1 million for the three months ended March 31, 2016. Noninterest expense was impacted by the recognition of an incremental $5.1 million of transaction related costs associated with the TCA sale in the three months ended March 31, 2017, including $4.8 million of bonus expense for the amount paid to team members to recognize their contribution to the value realized from the TCA sale and approximately $0.3 million of other transaction related costs.

Excluding the TCA sale bonus and transaction related costs, we incurred adjusted noninterest expense of $29.7 million for the three months ended March 31, 2017, resulting in an adjusted net increase in noninterest expense of $9.6 million, or 47.9% period over period. Details of the more significant changes in the various components of noninterest expense are further discussed below.

- Salaries and Employee Benefits. Salaries and employee benefits expenses have historically been our largest category of noninterest expense. Salaries and employee benefits expenses were $22.0 million for the three months ended March 31, 2017 compared to $12.3 million for the three months ended March 31, 2016. This increase is partly attributable to the $4.8 million bonus expense incurred in the three months ended March 31, 2017 associated with the

TCA sale. In addition, we experienced a significant increase in the total size of our workforce between these periods as our full-time equivalent employees totaled 716.0 and 492.0 at March 31, 2017 and 2016, respectively. Sources of this increased headcount were primarily employees added through the ColoEast acquisition. In addition, employees were hired to support growth in our commercial finance product lines and other strategic initiatives. Other factors contributing to the increase in salaries and employee benefits include merit increases for existing employees, higher health insurance benefit costs, incentive compensation, and 401(k) expense.

- Occupancy, Furniture and Equipment. Occupancy, furniture and equipment expenses were $2.4 million for the three months ended March 31, 2017 compared to $1.5 million for the three months ended March 31, 2016. This increase is primarily due to expenses associated with the infrastructure and facilities added through the ColoEast acquisition.
- Professional Fees. Professional fees are primarily comprised of external audit, tax, consulting, and legal fees and were $2.0 million for the three months ended March 31, 2017 compared to $1.1 million for the three months ended March 31, 2016. Approximately $0.5 million of legal fees were incurred in the three months ended March 31, 2017 due to activities associated with the problem loan credits previously disclosed.

- Communications and Technology. Communications and technology expenses were $2.2 million for the three months ended March 31, 2017, compared to $1.4 million for the three months ended March 31, 2016. The increase is attributed to increased usage and transaction volumes resulting from the ColoEast acquisition, as well as communications and technology expense associated with the recent investments we have made in our communications and technology infrastructure to further our movement toward a single operating platform, which positions us for future acquisitions and greater operating efficiencies.
- Other. Other noninterest expenses were $3.5 million for the three months ended March 31, 2017, compared to $1.7 million for the three months ended March 31, 2016. Approximately $0.3 million of miscellaneous loan related expenses were incurred in the three months ended March 31, 2017 due to activities associated with the problem loan credits previously disclosed and $0.3 million of transaction related costs were incurred in the three months ended March 31, 2017 associated with the TCA sale. The remaining increase in other noninterest expenses are generally attributable to the ColoEast acquisition as well as the impact of continued growth of our business and workforce and include increases in training and recruiting, postage, insurance, and subscription expenses.

Income Taxes

The amount of income tax expense is influenced by the amount of pre-tax income, the amount of tax-exempt income, and the effect of changes in valuation allowances maintained against deferred tax benefits.

Three months ended March 31, 2017 compared with three months ended March 31, 2016. Income tax expense for the three months ended March 31, 2017 was $6.1 million compared to $2.9 million for the three months ended March 31, 2016. The increase in income tax expense period over period is consistent with the increase in pre-tax income in the three months ended March 31, 2017. The effective tax rate was 37% the three months ended March 31, 2017 and the three months ended March 31, 2016.

Operating Segment Results

Our reportable segments are Banking, Factoring, Asset Management, and Corporate which have been determined based upon their business processes and economic characteristics. This determination also gave consideration to the structure and management of various product lines. The Banking segment includes the operations of TBK Bank, including loans originated under our Triumph Commercial Finance, Triumph Healthcare Finance, and Triumph Premium Finance brands. Our Banking segment derives its revenue principally from investments in interest earning assets as well as noninterest income typical for the banking industry. The Banking segment also includes certain factored receivables which are purchased by TBK Bank under its Triumph Commercial Finance brand as opposed to at Triumph Business Capital. The Factoring segment includes the operations of Triumph Business Capital with revenue derived from factoring services. The Asset Management segment includes the operations of TCA with revenue derived from fees for managing or providing other services related to collateralized loan obligation funds. On March 31, 2017, we sold our 100% membership interest in TCA. As a result, the Asset Management segment will have no operations subsequent to March 31, 2017. Corporate includes holding company financing and investment activities and management and administrative expenses to support the overall operations of the Company.

Reported segments and the financial information of the reported segments are not necessarily comparable with similar information reported by other financial institutions. Furthermore, changes in management structure or allocation methodologies and procedures may result in future changes to previously reported segment financial data. The accounting policies of the segments are substantially similar to those described in the “Summary of Significant Accounting Policies” in Note 1 of the Company’s 2016 Form 10-K. Transactions between segments consist primarily of borrowed funds. Intersegment interest expense is allocated to the Factoring segment based on the Company’s prime rate. The provision for loan loss is allocated based on the segment’s ALLL determination. Noninterest income and expense directly attributable to a segment are assigned to it. Taxes are paid on a consolidated basis and are not allocated for segment purposes.

47

Three months ended March 31, 2017 compared with three months ended March 31, 2016. The following tables present our primary operating results for our operating segments as of March 31, 2017 and December 31, 2016 and for the three month periods ended March 31, 2017 and 2016, respectively.

(Dollars in thousands) Three Months Ended March 31, 2017	Banking	Factoring	Asset Management	Corporate	Consolidated
Total interest income	$27,499	$ 8,705	$ 3	$ 125	$ 36,332

Banking

(Dollars in thousands)	Three Months Ended March 31,		
Banking	2017	2016	$ Change
Total interest income	$27,499	$17,426	$10,073
Intersegment interest allocations	1,289	1,001	288
Total interest expense	3,214	2,102	1,112
Net interest income (expense)	25,574	16,325	9,249
Provision for loan losses	7,021	(124)	7,145
Net interest income (expense) after provision	18,553	16,449	2,104
Noninterest income	3,531	2,015	1,516
Noninterest expense	21,969	13,582	8,387
Operating income (loss)	$115	$4,882	$(4,767)

Our Banking segment's operating income totaled $0.1 million for the three months ended March 31, 2017 compared to operating income of $4.9 million for the three months ended March 31, 2016. We experienced increases in the provision for loan losses and noninterest expenses period over period. These increases were offset in part by an increase in net interest income and noninterest income for the three months ended March 31, 2017.

The increase in net interest income was primarily the result of increases in the balances of our interest earning assets, primarily loans, due to the continued growth of our commercial finance products, including equipment loans, general asset based loans, healthcare asset based loans, and premium finance loans. In addition, we acquired $461 million of loans and $162 million of investment securities in our Banking segment as part of the ColoEast acquisition. Outstanding loans in our Banking segment grew 66% from $1.177 billion as of March 31, 2016 to $1.955 billion as of March 31, 2017.

Our provision for loan losses was $7.0 million for the three months ended March 31, 2017 compared with a negative provision of $(0.1) million for the three months ended March 31, 2016. As outstanding loan balances fluctuate period over period, the associated provision for loan losses typically increases or decreases accordingly. In addition, the product types associated with fluctuations within the loan portfolio also contribute to the allowance allocation, as different loan products require different levels of ALLL based upon their credit risk characteristics. Finally, loan loss valuation allowances and charge-offs are recorded on specific at-risk balances, typically consisting of impaired loans. The increase in the provision for loan losses in the three months ended March 31, 2017 was primarily due to an increase in recorded net charge-offs and net specific reserves. We recorded total net charge-offs of $3.4 million and net specific reserves of $1.7 million at our Banking segment during the three months ended March 31, 2017 compared to negligible net charge-offs and net specific reserves of $0.5 million recorded during the three months ended March 31, 2016. Approximately $1.4 million of the charge-offs for the three months ended March 31, 2017 had specific reserves previously recorded. In addition, the charge-offs contributed to an increase in the estimate of the ALLL levels recorded against the remaining Banking segment loan portfolio by $2.3 million as a result of higher loss factors incorporated into our ALLL methodology. Approximately $3.1 million of the charge-offs and $1.8 million of additional specific reserves recorded at our Banking segment during the three months ended March 31, 2017 were associated with five individual loan relationships. Two of the loan relationships were part of our healthcare finance unit and three were acquired in the ColoEast acquisition, including one designated as purchased credit impaired. The charge-offs and specific reserves related to the healthcare credits represent substantially all of the remaining balance sheet exposure to these two borrowers.

Noninterest income was $3.5 million for the three months ended March 31, 2017 compared to $2.0 million for the three months ended March 31, 2016. Commissions earned by our Triumph Insurance Group subsidiary, which is

reported within our Banking segment, increased $0.5 million from $0.1 million for the three months ended March 31, 2016 to $0.6 million for the three months ended March 31, 2017 due to increased volumes due to organic growth of the business and the acquisition of Southern Transportation Insurance Agency, Ltd. in 2016. The remaining increase was primarily due to additional service charges and card income associated with the increase in customer deposit and credit/debit card accounts acquired in the ColoEast acquisition. In addition, other sources of noninterest income, such as check cashing fees, wire transfer fees, and trust activities increased due to incremental transaction volumes associated with the ColoEast acquisition.

Noninterest expense was $22.0 million for the three months ended March 31, 2017, compared with $13.6 million for the three months ended March 31, 2016. This increase includes incremental costs associated with the growth in our Banking segment personnel and infrastructure in conjunction with our acquisition of ColoEast, as well as personnel, facilities and infrastructure to support the continued growth in our commercial finance asset based lending and equipment lending. In addition, increases due to merit increases for existing employees, higher health insurance benefit costs, incentive compensation, and 401(k) expense contributed to the increase.

Factoring

(Dollars in thousands)	Three Months Ended March 31,		
Factoring	2017	2016	$ Change
Total interest income	$8,705	$7,185	$1,520
Intersegment interest allocations	(1,289)	(1,001)	(288)
Total interest expense	—	—	—
Net interest income (expense)	7,416	6,184	1,232
Provision for loan losses	582	(470)	1,052
Net interest income (expense) after provision	6,834	6,654	180
Noninterest income	670	445	225
Noninterest expense	5,595	4,573	1,022
Operating income (loss)	$1,909	$2,526	$(617)

Our Factoring segment's operating income for the three months ended March 31, 2017 was $1.9 million, compared with $2.5 million for the three months ended March 31, 2016. This decrease was primarily due to increases in the provision for loan loss and noninterest expenses, partially offset by increases in net interest income and noninterest income.

Factored receivables in our Factoring segment grew 32% from $165.7 million as of March 31, 2016 to $218.6 million as of March 31, 2017. Our average number of clients increased from 2,131 for the three months ended March 31, 2016 to 2,478 for the three months ended March 31, 2017 and the corresponding factored accounts receivable purchases increased from $381.6 million during the three months ended March 31, 2016 to $521.8 million during the three months ended March 31, 2017, an increase of 37%. Our average invoice size increased 7% from $1,295 for the three months ended March 31, 2016 to $1,388 for the three months ended March 31, 2017, and the number of invoices purchased increased 28% period over period.

Net interest income was $7.4 million for the three months ended March 31, 2017 compared to $6.2 million for the three months ended March 31, 2016. Net interest income increased due to a 27% increase in overall average net funds employed from $146.5 million for the three months ended March 31, 2016 to $185.9 million for the three months ended March 31, 2017. Net funds employed represent factored receivable balances net of customer reserves which we hold to settle any payment disputes or collection shortfalls, may be used to pay customers' obligations to various third parties as directed by the customer, are periodically released to or withdrawn by customers, and are reported as deposits in our consolidated balance sheets. This increase in net interest income is offset by pricing pressure on factored receivable balances in the current period due to increased competition and market conditions, resulting in slightly lower yields on net funds employed at our Factoring segment. In addition, a change in the mix within our factored receivables portfolio period over period contributed to the offsetting decrease, as our transportation factoring balances, which generate a higher yield than our non-transportation factoring balances, decreased as a percentage of the overall Factoring segment portfolio to 82% at March 31, 2017 compared to 91% at March 31, 2016 as we continued to expand our non-transportation factoring product lines in 2016 and into 2017.

Our provision for loan losses was $0.6 million for the three months ended March 31, 2017 compared with a negative provision of $(0.5) million for the three months ended March 31, 2016. The provision for loan losses on factored receivables is primarily driven by the allowance allocation for incurred losses recorded on collectively evaluated factored receivables purchased and outstanding for a period. As factored receivables purchased fluctuate period over period, the associated provision for loan losses typically increases or decreases accordingly. In addition, loan loss valuation allowances are recorded on specific at-risk balances, typically consisting of invoices greater than 90 days past due with negative cash reserves. During the three months ended March 31, 2017 factored receivables increased

approximately $6 million from December 31, 2016. During the three months ended March 31, 2016, factored receivables decreased approximately $21 million from December 31, 2015. The increase in factored receivable balances within the three month period ended March 31, 2017 compared to a decrease in the three months ended March 31, 2016 resulted in a higher provision for loan losses.

Noninterest income was $0.7 million for the three months ended March 31, 2017 compared to $0.4 million for the three months ended March 31, 2016. The increase in noninterest income is consistent with the increase in factored receivable purchase volume period over period.

Noninterest expense was $5.6 million for the three months ended March 31, 2017 compared with $4.6 million for the three months ended March 31, 2016, driven primarily by increased personnel, operating, and technology costs incurred in connection with growth in our factoring portfolio, particularly the increase in the number of clients and number of invoices processed period over period.

Asset Management

(Dollars in thousands)	Three Months Ended March 31,		
Asset Management	2017	2016	$ Change
Total interest income	$3	$31	$ (28)
Intersegment interest allocations	—	—	—
Total interest expense	—	—	—
Net interest income (expense)	3	31	(28)
Provision for loan losses	—	—	—
Net interest income (expense) after provision	3	31	(28)
Noninterest income	1,717	1,671	46
Noninterest expense	1,456	1,346	110
Operating income (loss)	$264	$356	$ (92)

Our Asset Management segment's operating income totaled $0.3 million for the three months ended March 31, 2017 compared to $0.4 million for the three months ended March 31, 2016. During the three months ended March 31, 2017, TCA managed $1.4 billion of CLO assets earning approximately 31 basis points on average in asset management fees and provided middle and back office services under staffing and services agreements for $800 million of CLO assets earning approximately 26 basis points on average in fees. On March 31, 2017, we sold our 100% membership interest in TCA. As a result, we will no longer provide fee based services associated with CLOs and the Asset Management segment will have no ongoing operations subsequent to March 31, 2017.

Corporate

(Dollars in thousands)	Three Months Ended March 31,		
Corporate	2017	2016	$ Change
Total interest income	$125	$251	$(126)
Intersegment interest allocations	—	—	—
Total interest expense	1,299	302	997
Net interest income (expense)	(1,174)	(51)	(1,123)
Provision for loan losses	75	83	(8)
Net interest income (expense) after provision	(1,249)	(134)	(1,115)
Gain on sale of subsidiary	20,860	—	20,860
Other noninterest income	507	850	(343)
Noninterest expense	5,817	577	5,240
Operating income (loss)	$14,301	$139	$14,162

The Corporate segment's operating income totaled $14.3 million for the three months ended March 31, 2017, compared with operating income of $0.1 million for the three months ended March 31, 2016. The increase in the operating income is primarily due to the net impact of the TCA sale transaction recorded during the three months ended March 31, 2017. As TCA was a wholly owned subsidiary of our parent company, the $20.9 million gain on sale of TCA was reported as noninterest income and the $5.1 million of bonus expense and transaction related costs associated with the TCA sale were reported as noninterest expense in the Corporate segment. Excluding the impact of the TCA sale, the Corporate segment reported an operating loss of $1.4 million for the three months ended March 31, 2017, primarily due to an increase in interest expense resulting from our subordinated notes offering in the third quarter of 2016.

Financial Condition

Assets

Total assets were $2.635 billion at March 31, 2017, compared to $2.641 billion at December 31, 2016, a decrease of $6 million, the components of which are discussed below.

Loan Portfolio

Loans held for investment were $2.035 billion at March 31, 2017, compared with $2.028 billion at December 31, 2016.

We offer a broad range of lending and credit products. Within our TBK Bank subsidiary, we offer a full range of lending products, including commercial real estate, construction and development, residential real estate, production agriculture, general commercial, mortgage warehouse facilities, farmland and consumer loans, focused on our community banking markets in Iowa, Illinois, Colorado, and Kansas. We also originate a variety of commercial finance products offered on a nationwide basis. These products include our factored receivables, the asset based loans and equipment loans originated under our Triumph Commercial Finance brand, the healthcare asset based loans originated under our Triumph Healthcare Finance brand, and the premium finance loans originated under our Triumph Premium Finance brand.

The following table shows our total loan portfolio by portfolio segments as of March 31, 2017 and December 31, 2016:

(Dollars in thousands)	March 31, 2017	% of Total	December 31, 2016	% of Total
Commercial real estate	$498,099	24 %	$442,237	22 %
Construction, land development, land	109,849	5 %	109,812	5 %
1-4 family residential properties	105,230	5 %	104,974	5 %
Farmland	136,537	7 %	141,615	7 %
Commercial	792,764	40 %	778,643	39 %

Total Loans	$2,035,236	100 %	$2,027,624	100 %

Commercial Real Estate Loans. Our commercial real estate loans were $498.1 million at March 31, 2017, an increase of $55.9 million from $442.2 million at December 31, 2016, due primarily to new loan origination activity during the three months ended March 31, 2017. We have recently allocated internal resources to focus on and source additional commercial real estate opportunities on a nationwide basis.

Construction and Development Loans. Our construction and development loans were $109.8 million at March 31, 2017, relatively flat from $109.8 million at December 31, 2016 due to new loan activity offset by paydowns for the period.

Residential Real Estate Loans. Our one-to-four family residential loans were $105.2 million at March 31, 2017, an increase of $0.2 million from $105.0 million at December 31, 2016, due primarily to an increase in home equity lines of credit originated during the period and reported in this loan classification. As previously discussed, we made the decision to exit the residential mortgage production business in the fourth quarter of 2015. As a result, balances of our first mortgage residential real estate loans have declined and we expect this trend to continue as existing loans payoff.

52

Farmland Loans. Our farmland loans were $136.5 million at March 31, 2017, a decrease of $5.1 compared to $141.6 million at December 31, 2016, due to paydowns in excess of new loan origination activity during three months ended March 31, 2017.

Commercial Loans. Our commercial loans held for investment were $792.8 million at March 31, 2017 an increase of $14.2 million from $778.6 million at December 31, 2016. The increase in commercial loans was driven by growth in the asset based and equipment finance loans originated under our Triumph Commercial Finance brand as we continue to execute on our growth strategy for such products. In addition, our other commercial lending products, comprised primarily of general commercial loans originated in our community banking markets, increased from $215.0 million at December 31, 2016 to $223.9 million at March 31, 2017. This increase included the $10.5 million seller financed loan receivable associated with the TCA sale on March 31, 2017. The following table shows our commercial loans as of March 31, 2017 and December 31, 2016:

(Dollars in thousands)	March 31, 2017	December 31, 2016
Commercial		
Equipment	$ 203,251	$ 190,393
Asset based lending (general)	166,917	161,454
Asset based lending (healthcare)	78,208	79,668
Premium finance	23,162	23,971
Agriculture	97,315	108,197
Other commercial lending	223,911	214,960
Total commercial loans	$ 792,764	$ 778,643

Factored Receivables. Our factored receivables were $242.1 million at March 31, 2017, an increase of $3.9 million from $238.2 million at December 31, 2016 as we continue to execute on our growth strategy for this product at Triumph Business Capital, our factoring subsidiary, as well as through growth in factored receivables purchased under our Triumph Commercial Finance brand. Purchase volumes at Triumph Business Capital, which typically experiences a seasonal downturn during the first quarter of the year, were $521.8 million during the three months ended March 31, 2017 and Triumph Commercial Finance recorded purchase volume of $44.7 million for the three months ended March 31, 2017.

Consumer Loans. Our consumer loans were $28.4 million at March 31, 2017, a decrease of $1.4 million compared to $29.8 million at December 31, 2016, due to paydowns in excess of new loan origination activity during three months ended March 31, 2017.

Mortgage Warehouse. Our mortgage warehouse facilities maintained outstanding balances of $122.2 million at March 31, 2017, a decrease of $60.2 million from $182.4 million at December 31, 2016. The decrease was due to lower utilization by our clients due to typical seasonality associated with the mortgage business during the period. Client utilization of mortgage warehouse facilities may experience significant fluctuation on a day-to-day basis given mortgage origination market conditions.

The following tables set forth the contractual maturities, including scheduled principal repayments, of our loan portfolio and the distribution between fixed and floating interest rate loans as of March 31, 2017.

	March 31, 2017			
(Dollars in thousands)	One Year or Less	After One but within Five Years	After Five Years	Total
Commercial real estate	$60,939	$304,969	$132,191	$498,099
Construction, land development, land	53,318	44,363	12,168	109,849
1-4 family residential properties	7,699	34,661	62,870	105,230
Farmland	15,164	23,029	98,344	136,537
Commercial	307,507	435,142	50,115	792,764
Factored receivables	242,098	—	—	242,098
Consumer	2,622	10,059	15,734	28,415
Mortgage warehouse	122,244	—	—	122,244
	$811,591	$852,223	$371,422	$2,035,236
Sensitivity of loans to changes in interest rates:				
Predetermined (fixed) interest rates		$656,544	$123,506	
Floating interest rates		195,679	247,916	
Total		$852,223	$371,422	

As of March 31, 2017, most of the Company's non-factoring business activity is with customers located within certain states. The states of Texas (24%), Colorado (21%), Illinois (20%), and Iowa (7%) make up 72% of the Company's gross loans, excluding factored receivables. Therefore, the Company's exposure to credit risk is affected by changes in the economies in these states. At December 31, 2016, the states of Texas (23%), Colorado (22%), Illinois (21%) and Iowa (7%) made up 73% of the Company's gross loans, excluding factored receivables.

Further, a majority (74%) of our factored receivables, representing approximately 9% of our total loan portfolio as of March 31, 2017, are receivables purchased from trucking fleets, owner-operators, and freight brokers in the transportation industry. Although such concentration may cause our future interest income with respect to our factoring operations to be correlated with demand for the transportation industry in the United States generally, and small-to-mid-sized operators in such industry specifically, we feel that the credit risk with respect to our outstanding portfolio is appropriately mitigated as we limit the amount of receivables acquired from individual debtors and creditors thereby achieving diversification across a number of companies and industries. At December 31, 2016, 77% of our factored receivables, representing approximately 9% of our total loan portfolio, were receivables purchased from trucking fleets, owner-operators, and freight brokers in the transportation industry.

Nonperforming Assets

We have established procedures to assist us in maintaining the overall quality of our loan portfolio. In addition, we have adopted underwriting guidelines to be followed by our lending officers and require significant senior management review of proposed extensions of credit exceeding certain thresholds. When delinquencies exist, we rigorously monitor them for any negative or adverse trends. Our loan review procedures include approval of lending policies and underwriting guidelines by the Board of Directors of our bank subsidiary, independent loan review, approval of large credit relationships by our bank subsidiary’s Management Loan Committee and loan quality documentation procedures. We, like other financial institutions, are subject to the risk that our loan portfolio will be subject to increasing pressures from deteriorating borrower credit due to general economic conditions.

The following table sets forth the allocation of our nonperforming assets among our different asset categories as of the dates indicated. We classify nonperforming assets as nonaccrual loans, loans modified under restructurings as a result of the borrower experiencing financial difficulties ("TDR"), factored receivables greater than 90 days past due, OREO, and other repossessed assets. The balances of nonperforming loans reflect the recorded investment in these assets, including deductions for purchase discounts.

(Dollars in thousands)	March 31, 2017		December 31, 2016	
Nonperforming loans:				
Commercial real estate	$ 724		$ 1,456	
Construction, land development, land	415		362	
1-4 family residential properties	1,227		1,039	
Farmland	2,920		1,334	
Commercial	22,789		30,640	
Factored receivables	2,470		2,153	
Consumer	133		89	
Mortgage warehouse	—		—	
Purchased credit impaired	5,913		8,233	
Total nonperforming loans	36,591		45,306	
Other real estate owned, net	11,638		6,077	
Other repossessed assets	2,354		817	
Total nonperforming assets	$ 50,583		$ 52,200	
Nonperforming assets to total assets	1.92	%	1.98	%
Nonperforming loans to total loans held for investment	1.80	%	2.23	%
Total past due loans to total loans held for investment	3.16	%	3.61	%

We had $36.6 million and $45.3 million in nonperforming loans, including nonaccrual PCI loans, as of March 31, 2017 and December 31, 2016, respectively. This represents a decrease of $8.7 million, or 19%. Nonperforming loans decreased from December 31, 2016 to March 31, 2017, primarily due to the paydown and/or payoff of certain nonperforming loans, the charge-off of a $2.7 million nonperforming commercial finance loan that was part of our healthcare finance unit, and the foreclosure and transfer of a $7.1 million nonperforming asset based lending relationship. Of the $7.1 million foreclosed asset based loan balance, $5.6 million was collateralized by real estate that was transferred to OREO and the remaining $1.5 million was collateralized by equipment that was transferred to other repossessed assets.

As a result of the above activity, the ratio of nonperforming loans to total loans decreased to 1.80% at March 31, 2017 compared to 2.23% at December 31, 2016, and, offset in part with the increase in our OREO and repossessed asset balances, our ratio of nonperforming assets to total assets decreased to 1.92% at March 31, 2017 compared to 1.98% at December 31, 2016.

We experienced a decrease in our total past due loans to total loans during the three months ended March 31, 2017 to 3.16% from 3.61% at December 31, 2016. This decrease was partially due to the decline in the nonperforming loans described above as well as other payment performance improvements.

Our OREO as of March 31, 2017 totaled $11.6 million, an increase of $5.5 million from $6.1 million as of December 31, 2016. Other repossessed assets as of March 31, 2017 totaled $2.4 million, an increase of $1.6 million

from $0.8 million as of December 31, 2016. These increases were primarily due to OREO with a fair value of $5.6 million and equipment with a fair value of $1.5 million acquired via the $7.1 million asset based loan foreclosure described above.

Potential problem loans consist of loans that are performing in accordance with contractual terms but for which management has concerns about the ability of an obligor to continue to comply with repayment terms because of the obligor's potential operating or financial difficulties. Management monitors these loans and reviews their performance on a regular basis. Potential problem loans contain potential weaknesses that could improve, persist or further deteriorate. At March 31, 2017 and December 31, 2016, we had $23.7 million and $20.1 million in loans of this type which are not included in any of the nonperforming loan categories. All of the loans identified as potential problem loans at March 31, 2017 and December 31, 2016 were graded as "substandard".

Allowance for Loan and Lease Losses

ALLL is a valuation allowance for probable incurred credit losses. Loan losses are charged against the ALLL when management believes the uncollectability of a loan balance is confirmed. Subsequent recoveries, if any, are credited to the ALLL. Management estimates the ALLL balance required using past loan loss experience, the nature and volume of the portfolio, information about specific borrower situations and estimated collateral values, economic conditions and other factors. Allocations of the ALLL may be made for specific loans, but the entire allowance is available for any loan that, in management's judgment, should be charged-off.

The following table sets forth the ALLL by category of loan:

	March 31, 2017			December 31, 2016		
(Dollars in thousands)	Allocated Allowance	% of Loan Portfolio	ALLL to Loans	Allocated Allowance	% of Loan Portfolio	ALLL to Loans
Commercial real estate	$2,243	24 %	0.45 %	$1,813	22 %	0.41 %
Construction, land development, land	566	5 %	0.52 %	465	5 %	0.42 %
1-4 family residential properties	160	5 %	0.15 %	253	5 %	0.24 %
Farmland	214	7 %	0.16 %	170	7 %	0.12 %
Commercial	11,177	40 %	1.41 %	8,014	39 %	1.03 %
Factored receivables	4,064	12 %	1.68 %	4,088	12 %	1.72 %
Consumer	547	1 %	1.93 %	420	1 %	1.41 %
Mortgage warehouse	122	6 %	0.10 %	182	9 %	0.10 %
Total Loans	$19,093	100 %	0.94 %	$15,405	100 %	0.76 %

From December 31, 2016 to March 31, 2017, the ALLL increased from $15.4 million or 0.76% of total loans to $19.1 million or 0.94% of total loans. The increase in ALLL was driven by the $4.0 million of net charge-offs and $1.0 million of net specific allowances recorded on impaired loans during the three months ended March 31, 2017. In addition, recent charge-offs increased the reserve levels recorded against the remaining loan portfolio as a result of higher loss factors incorporated into our ALLL methodology during the three months ended March 31, 2017.

The following table presents the unpaid principal and recorded investment for loans at March 31, 2017. The difference between the unpaid principal balance and recorded investment is principally associated with (1) premiums and discounts associated with acquisition date fair value adjustments on acquired loans (both PCI and non-PCI) of which approximately $11.3 million is expected to be accretable into income over the remaining lives of the acquired loans and (2) net deferred origination costs and fees. The net difference can provide protection from credit loss in addition to the ALLL as future potential charge-offs for an individual loan is limited to the recorded investment plus unpaid accrued interest.

(Dollars in thousands) March 31, 2017	Recorded Investment	Unpaid Principal	Difference
Commercial real estate	$498,099	$503,659	$(5,560)
Construction, land development, land	109,849	113,173	(3,324)

1-4 family residential properties	105,230	106,979	(1,749)
Farmland	136,537	137,587	(1,050)
Commercial	792,764	796,712	(3,948)
Factored receivables	242,098	243,535	(1,437)
Consumer	28,415	28,425	(10)
Mortgage warehouse	122,244	122,244	—
	$2,035,236	$2,052,314	$(17,078)

At March 31, 2017 and December 31, 2016, we had on deposit $23.6 million and $23.6 million, respectively, of customer reserves associated with factored receivables. These deposits represent customer reserves held to settle any payment disputes or collection shortfalls, may be used to pay customers' obligations to various third parties as directed by the customer, are periodically released to or withdrawn by customers, and are reported as deposits on our consolidated balance sheets.

The following table provides an analysis of the provisions for loan losses, net charge-offs and recoveries for the three months ended March 31, 2017 and 2016, and the effects of those items on our ALLL:

	Three Months Ended March 31,	
(Dollars in thousands)	2017	2016
Balance at beginning of period	$ 15,405	$ 12,567
Loans charged-off:		
Commercial real estate	(137)	—
Construction, land development, land	(419)	—
1-4 family residential properties	(28)	(16)
Farmland	—	—
Commercial	(2,852)	—
Factored receivables	(580)	(8)
Consumer	(299)	(43)
Mortgage warehouse	—	—
Total loans charged-off	$ (4,315)	$ (67)
Recoveries of loans charged-off:		
Commercial real estate	—	1
Construction, land development, land	7	—
1-4 family residential properties	5	5
Farmland	—	—
Commercial	222	30
Factored receivables	37	49
Consumer	54	19
Mortgage warehouse	—	—
Total loans recoveries	$ 325	$ 104
Net loans charged-off	$ (3,990)	$ 37
Provision for (reversal of) loan losses:		
Commercial real estate	567	129
Construction, land development, land	513	(169)
1-4 family residential properties	(70)	22
Farmland	44	(1)
Commercial	5,793	25
Factored receivables	519	(440)
Consumer	372	30
Mortgage warehouse	(60)	(107)
Total provision for loan losses	$ 7,678	$ (511)
Balance at end of period	$ 19,093	$ 12,093
Average total loans held for investment	$ 1,947,483	$ 1,225,889
Net charge-offs to average total loans held for investment	0.20 %	0.00 %
Allowance to total loans held for investment	0.94 %	0.97 %

Net loans charged-off for the three months ended March 31, 2017 were $4.0 million compared to net recoveries of $0.04 million for the three months ended March 31, 2016. The commercial loan charge-off activity during the three

months ended March 31, 2017 was primarily due to the $2.7 million charge-off of an individual healthcare finance client relationship. Net charge-offs as a percentage of average total loans held for investment were 0.20% for the three months ended March 31, 2017.

Securities

We held securities classified as available for sale with a fair value of $254.5 million as of March 31, 2017, a decrease of $20.5 million from $275.0 million at December 31, 2016. The decrease is attributable to normal portfolio management activities. There were no sales of securities during the three months ended March 31, 2017. Our available for sale securities can be used for pledging to secure FHLB borrowings and public deposits, or can be sold to meet liquidity needs.

Equity securities classified as available for sale at March 31, 2017 represent investments in a publicly traded Community Reinvestment Act mutual fund and are subject to market pricing volatility.

As of March 31, 2017, we have investments classified as held to maturity with an amortized cost of $28.9 million, a decrease of $0.5 million from $29.4 million at December 31, 2016. Approximately $22.3 million of these securities represent investments in "A" rated floating rate CLO securities. The remaining $6.6 million of held to maturity securities represent a minority investment in the unrated subordinated notes of recently issued CLOs managed by Trinitas Capital Management. Our former subsidiary, TCA, provides certain middle and back office services to Trinitas Capital Management with respect to the CLOs, but does not serve as asset manager.

The following tables set forth the amortized cost and average yield of our securities, by type and contractual maturity as of March 31, 2017:

	Maturity as of March 31, 2017									
	One Year or Less		After One but within Five Years		After Five but within Ten Years		After Ten Years		Total	
(Dollars in thousands)	Amortized Cost	Average Yield	Amortized Cost	Average Yield	Amortized Cost	Average Yield	Amortized Cost	Average Yield	Amortized Cost	Average Yield

Held to maturity securities:	$—	0.00 %	$—	0.00 %	$9,491	5.25 %	$19,391	6.68 %	$28,882	6.16 %

(1) These equity securities do not have a stated maturity.

Liabilities

Our total liabilities were $2.335 billion as of March 31, 2017, a decrease of $17 million, from $2.352 billion at December 31, 2016. The net change was primarily due to a $30 million decrease in Federal Home Loan Bank advances offset in part by an $8 million increase in customer deposits and a $5 million increase in other liabilities.

Deposits

Deposits represent our primary source of funds. We intend to continue to focus on growth in transactional deposit accounts as part of our growth strategy, both in our existing branch networks and through targeted acquisitions.

Our total deposits were $2.024 billion as of March 31, 2017, compared to $2.016 billion as of December 31, 2016, an increase of $8 million. As of March 31, 2017, interest bearing demand deposits, noninterest bearing deposits, money market deposits and savings deposits accounted for 54% of our total deposits, while individual retirement accounts, certificates of deposit, and brokered deposits made up 46% of total deposits. See Note 7 – Deposits in the accompanying condensed notes to consolidated financial statements included elsewhere in this report for details of our deposit balances as of March 31, 2017 and December 31, 2016.

The following table provides information on the maturity distribution of time deposits with individual balances of $100,000 to $250,000 and of time deposits with individual balances of $250,000 or more as of March 31, 2017:

(Dollars in thousands)	$100,000 to $250,000	$250,000 and Over	Total
Maturity			
3 months or less	$62,558	$16,513	$79,071
Over 3 through 6 months	101,670	38,778	140,448
Over 6 through 12 months	143,266	61,937	205,203
Over 12 months	87,999	44,089	132,088
	$395,493	$161,317	$556,810

The following table summarizes our average deposit balances and weighted average rates for the three months ended March 31, 2017 and 2016:

	Three Months Ended March 31, 2017			Three Months Ended March 31, 2016		
(Dollars in thousands)	Average Balance	Weighted Avg Yields	% of Total	Average Balance	Weighted Avg Yields	% of Total
Interest bearing demand	$325,589	0.14 %	16 %	$220,841	0.10 %	18 %

Total interest bearing deposits	1,632,809	0.71 %	81 %	1,083,202	0.74 %	87 %
Noninterest bearing demand	377,769	—	19 %	160,378	—	13 %
Total deposits	$2,010,578	0.58 %	100 %	$1,243,580	0.64 %	100 %

Other Borrowings

Customer Repurchase Agreements

Customer repurchase agreements outstanding totaled $10.5 million at March 31, 2017 and $10.5 million at December 31, 2016. Our customer repurchase agreements generally mature overnight. Variances in these balances are attributable to normal customer behavior and seasonal factors affecting their liquidity positions. The following provides a summary of our customer repurchase agreements as of and for the three months ended March 31, 2017 and the year ended December 31, 2016:

(Dollars in thousands)	March 31, 2017	December 31, 2016
Amount outstanding at end of period	$ 10,468	$ 10,490
Weighted average interest rate at end of period	0.02 %	0.02 %
Average daily balance during the period	$ 8,561	$ 11,984
Weighted average interest rate during the period	0.02 %	0.02 %
Maximum month-end balance during the period	$ 10,468	$ 15,329

FHLB Advances

As part of our overall funding and liquidity management program, we borrow from the Federal Home Loan Bank. Our FHLB advances are collateralized by assets, including a blanket pledge of certain loans. Our FHLB borrowings totaled $200.0 million as of March 31, 2017 and $230.0 million as of December 31, 2016. As of March 31, 2017 and December 31, 2016, we had $250.2 million and $267.1 million, respectively, in unused and available advances from the FHLB.

The following provides a summary of our FHLB advances as of and for the three months ended March 31, 2017 and the year ended December 31, 2016:

(Dollars in thousands)	March 31, 2017	December 31, 2016
Amount outstanding at end of period	$ 200,000	$ 230,000
Weighted average interest rate at end of period	0.82 %	0.58 %
Average amount outstanding during the period	$ 214,000	$ 174,784
Weighted average interest rate during the period	0.65 %	0.41 %
Highest month-end balance during the period	$ 230,000	$ 291,000

Junior Subordinated Debentures

The following provides a summary of our junior subordinated debentures as of March 31, 2017:

(Dollars in thousands)	Face Value	Carrying Value	Maturity Date	Interest Rate
National Bancshares Capital Trust II	$15,464	$12,780	September 2033	LIBOR + 3.00%
National Bancshares Capital Trust III	17,526	12,253	July 2036	LIBOR + 1.64%
ColoEast Capital Trust I	5,155	3,372	September 2035	LIBOR + 1.60%
ColoEast Capital Trust II	6,700	4,435	March 2037	LIBOR + 1.79%
	$44,845	$32,840		

These debentures are unsecured obligations and were issued to trusts that are unconsolidated subsidiaries. The trusts in turn issued trust preferred securities with identical payment terms to unrelated investors. The debentures may be called by the Company at par plus any accrued but unpaid interest; however, we have no current plans to redeem them prior to maturity. Interest on the debentures is calculated quarterly, based on a contractual rate equal to three month LIBOR plus a weighted average spread of 1.82%. As part of the purchase accounting adjustments made with the National Bancshares, Inc. acquisition on October 15, 2013 and the ColoEast acquisition on August 1, 2016, we adjusted the carrying value of the junior subordinated debentures to fair value as of the respective acquisition dates. The discounts on the debentures will continue to be amortized through maturity and recognized as a component of interest expense.

The debentures are included on our consolidated balance sheet as liabilities; however, for regulatory purposes, these obligations are eligible for inclusion in regulatory capital, subject to certain limitations. All of the carrying value of $32.8 million was allowed in the calculation of Tier I capital as of March 31, 2017.

Subordinated Notes

In September 2016, we issued $50,000,000 of Fixed-to-Floating Rate Subordinated Notes due 2026 (the “Notes”). The Notes, which initially bear interest at 6.50% per annum, payable semi-annually in arrears, to, but excluding, September 30, 2021, and, thereafter and to, but excluding, the maturity date or earlier redemption, interest shall be payable quarterly in arrears, at an annual floating rate equal to three-month LIBOR as determined for the applicable quarterly period, plus 5.345%. We may, at our option, beginning on September 30, 2021 and on any scheduled interest payment date thereafter, redeem the Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed plus accrued and unpaid interest to, but excluding, the date of redemption.

The Notes are included on the consolidated balance sheet as liabilities; however, for regulatory purposes, the carrying value of these obligations is eligible for inclusion in Tier 2 regulatory capital.

Issuance costs related to the Notes totaled $1,324,000, including an underwriting discount of 1.5%, or $750,000, and have been netted against the subordinated notes liability on the consolidated balance sheets. The underwriting discount and other debt issuance costs are being amortized using the effective interest method over the life of the Notes as an adjustment to interest expense.

Capital Resources and Liquidity Management

Capital Resources

Our stockholders’ equity totaled $300.4 million as of March 31, 2017, an increase of $11.1 million from $289.3 million as of December 31, 2016. Stockholders’ equity increased during this period primarily due to net income for the period of $10.5 million. Offsetting this increase were dividends paid on our preferred stock.

Liquidity Management

We define liquidity as our ability to generate sufficient cash to fund current loan demand, deposit withdrawals, or other cash demands and disbursement needs, and otherwise to operate on an ongoing basis.

We manage liquidity at the holding company level as well as that of our bank subsidiary. The management of liquidity at both levels is critical, because the holding company and our bank subsidiary have different funding needs and sources, and each are subject to regulatory guidelines and requirements which require minimum levels of liquidity. We believe that our liquidity ratios meet or exceed those guidelines and our present position is adequate to meet our current and future liquidity needs.

Our liquidity requirements are met primarily through cash flow from operations, receipt of pre-paid and maturing balances in our loan and investment portfolios, debt financing and increases in customer deposits. Our liquidity position is supported by management of liquid assets and liabilities and access to other sources of funds. Liquid assets include cash, interest earning deposits in banks, federal funds sold, securities available for sale and maturing or prepaying balances in our investment and loan portfolios. Liquid liabilities include core deposits, federal funds purchased, securities sold under repurchase agreements and other borrowings. Other sources of funds include the sale of loans, brokered deposits, the issuance of additional collateralized borrowings such as FHLB advances, the issuance of debt securities and the issuance of common securities. For additional information regarding our operating, investing and financing cash flows, see the Consolidated Statements of Cash Flows provided in our consolidated financial statements.

In addition to the liquidity provided by the sources described above, our subsidiary bank maintains correspondent relationships with other banks in order to sell loans or purchase overnight funds should additional liquidity be needed. As of March 31, 2017, TBK Bank had unsecured federal funds lines of credit with seven unaffiliated banks totaling $137.5 million, with no amounts advanced against those lines at that time.

Regulatory Capital Requirements

Our capital management consists of providing equity to support our current and future operations. We are subject to various regulatory capital requirements administered by federal and state banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on the Company's or TBK Bank's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Company and TBK Bank each must meet specific capital guidelines that involve quantitative measures of their assets, liabilities and certain off balance sheet items as calculated under regulatory accounting practices. The capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors.

The Company is subject to the Basel III regulatory capital framework. Beginning in January 2016, the implementation of the capital conservation buffer was effective for the Company starting at the 0.625% level and increasing 0.625% each year thereafter, until it reaches 2.5% on January 1, 2019. The capital conservation buffer was 1.25% and 0.625% at March 31, 2017 and December 31, 2016, respectively. The capital conservation buffer is designed to absorb losses during periods of economic stress and requires increased capital levels for the purpose of capital distributions and other payments. Failure to meet the full amount of the buffer will result in restrictions on the Company's ability to make capital distributions, including dividend payments and stock repurchases, and to pay discretionary bonuses to executive officers.

Quantitative measures established by regulations to ensure capital adequacy require the Company and TBK Bank to maintain minimum amounts and ratios (as set forth in the table below) of total, Tier 1, and common equity Tier 1 capital to risk weighted assets, and of Tier 1 capital to average assets. Management believes, as of March 31, 2017, the Company and TBK Bank meet all capital adequacy requirements to which they are subject, including the capital conservation buffer requirement.

As of March 31, 2017, TBK Bank's capital ratios exceeded those levels necessary to be categorized as "well capitalized" under the regulatory framework for prompt corrective action. To be categorized as "well capitalized", TBK Bank must maintain minimum total risk based, common equity Tier 1 risk based, Tier 1 risk based, and Tier 1 leverage ratios as set forth in the table below. There are no conditions or events since March 31, 2017 that management believes would have changed TBK Bank's category.

61

The actual capital amounts and ratios for the Company and TBK Bank are presented in the following table as of March 31, 2017. The capital adequacy amounts and ratios below do not include the capital conservation buffer in effect at March 31, 2017.

(Dollars in thousands)	Actual		Minimum for Capital Adequacy Purposes		To Be Well Capitalized Under Prompt Corrective Action Provisions	
As of March 31, 2017	Amount	Ratio	Amount	Ratio	Amount	Ratio
Total capital (to risk weighted assets)						
Triumph Bancorp, Inc.	$359,884	14.9%	$193,675	8.0%	N/A	N/A
TBK Bank, SSB	$297,150	12.9%	$183,631	8.0%	$229,539	10.0%
Tier 1 capital (to risk weighted assets)						
Triumph Bancorp, Inc.	$291,704	12.0%	$145,256	6.0%	N/A	N/A
TBK Bank, SSB	$277,801	12.1%	$137,723	6.0%	$183,631	8.0%
Common equity Tier 1 capital (to risk weighted assets)						
Triumph Bancorp, Inc.	$249,962	10.3%	$108,942	4.5%	N/A	N/A
TBK Bank, SSB	$277,801	12.1%	$103,292	4.5%	$149,200	6.5%
Tier 1 capital (to average assets)						
Triumph Bancorp, Inc.	$291,704	11.3%	$103,114	4.0%	N/A	N/A
TBK Bank, SSB	$277,801	11.0%	$101,278	4.0%	$126,598	5.0%

Contractual Obligations

The following table summarizes our contractual obligations and other commitments to make future payments as of March 31, 2017. The amount of the obligations presented in the table reflects principal amounts only and exclude the amount of interest we are obligated to pay. Also excluded from the table are a number of obligations to be settled in cash. These excluded items are reflected in our consolidated balance sheet and include deposits with no stated maturity, trade payables, and accrued interest payable.

	Payments Due by Period - March 31, 2017				
(Dollars in thousands)	Total	One Year or Less	After One but within Three Years	After Three but within Five Years	After Five Years
Customer repurchase agreements	$10,468	$10,468	$—	$—	$—
Federal Home Loan Bank advances	200,000	155,000	45,000	—	—

Subordinated notes	50,000	—	—	—	50,000
Junior subordinated debentures	44,845	—	—	—	44,845
Operating lease agreements	7,210	2,020	3,194	1,805	191
Time deposits with stated maturity dates	936,134	678,352	221,684	35,847	251
Total contractual obligations	$1,248,657	$845,840	$269,878	$37,652	$95,287

Off-Balance Sheet Arrangements

In the normal course of business, we enter into various transactions, which, in accordance with GAAP, are not included in our consolidated balance sheets. We enter into these transactions to meet the financing needs of our customers. These transactions include commitments to extend credit and standby and commercial letters of credit, which involve, to varying degrees, elements of credit risk and interest rate risk in excess of the amounts recognized in the consolidated balance sheets.

The following table details our commitments associated with outstanding standby and commercial letters of credit and commitments to extend credit. Since commitments associated with letters of credit and commitments to extend credit may expire unused, the amounts shown do not necessarily reflect actual future cash funding requirements.

(Dollars in thousands)	March 31, 2017	December 31, 2016
Commitments to make loans	$ 38,910	$ 14,925
Unused lines of credit	248,229	255,086
Standby letters of credit	7,499	7,253
Total other commitments	$ 294,638	$ 277,264

Critical Accounting Policies and Estimates

Our accounting policies are fundamental to understanding our management's discussion and analysis of our results of operations and financial condition. We have identified certain significant accounting policies which involve a higher degree of judgment and complexity in making certain estimates and assumptions that affect amounts reported in our consolidated financial statements. The significant accounting policies which we believe to be the most critical in preparing our consolidated financial statements relate to originated loans, purchased loans, factored receivables, ALLL, goodwill and intangibles, and fair values of financial instruments. Since December 31, 2016, there have been no changes in critical accounting policies as further described under "Critical Accounting Policies and Estimates" and in Note 1 to the Consolidated Financial Statements in our 2016 Form 10-K.

Recently Issued Accounting Pronouncements

See Note 1 – Summary of Significant Accounting Policies in the accompanying condensed notes to consolidated financial statements included elsewhere in this report for details of recently issued accounting pronouncements and their expected impact on our consolidated financial statements.

Forward-Looking Statements

This document contains forward-looking statements pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements reflect our current views with respect to, among other things, future events and our financial performance. These statements are often, but not always, made through the use of words or phrases such as "may," "should," "could," "predict," "potential," "believe," "will likely result," "expect," "
"will," "anticipate," "seek," "estimate," "intend," "plan," "projection," "would" and "outlook," or the negative version of those
other comparable of a future or forward-looking nature. These forward-looking statements are not historical facts and are based on current expectations, estimates and projections about our industry, management's beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond our control. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions and uncertainties that are difficult to predict. Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, actual results may prove to be materially different from the results expressed or implied by the forward-looking statements.

There are or will be important factors that could cause our actual results to differ materially from those indicated in these forward-looking statements, including, but are not limited to, the following:

- our limited operating history as an integrated company and our recent acquisitions;
- business and economic conditions generally and in the bank and non-bank financial services industries, nationally and within our local market area;
- our ability to mitigate our risk exposures;
- our ability to maintain our historical earnings trends;
- risks related to the integration of acquired businesses and any future acquisitions;
- changes in management personnel;
- interest rate risk;
- concentration of our factoring services in the transportation industry;
- credit risk associated with our loan portfolio;
- lack of seasoning in our loan portfolio;

- deteriorating asset quality and higher loan charge-offs;
- time and effort necessary to resolve nonperforming assets;
- inaccuracy of the assumptions and estimates we make in establishing reserves for probable loan losses and other estimates;
- lack of liquidity;
- fluctuations in the fair value and liquidity of the securities we hold for sale;
- impairment of investment securities, goodwill, other intangible assets or deferred tax assets;
- our risk management strategies;
- environmental liability associated with our lending activities;
- increased competition in the bank and non-bank financial services industries, nationally, regionally or locally, which may adversely affect pricing and terms;
- the accuracy of our financial statements and related disclosures;
- material weaknesses in our internal control over financial reporting;
- system failures or failures to prevent breaches of our network security;
- the institution and outcome of litigation and other legal proceedings against us or to which we become subject;
- changes in carry-forwards of net operating losses;
- changes in federal tax law or policy;
- the impact of recent and future legislative and regulatory changes, including changes in banking, securities and tax laws and regulations, such as the Dodd-Frank Act and their application by our regulators;
- governmental monetary and fiscal policies;
- changes in the scope and cost of FDIC, insurance and other coverages;
- failure to receive regulatory approval for future acquisitions; and
- increases in our capital requirements

The foregoing factors should not be construed as exhaustive. If one or more events related to these or other risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, actual results may differ materially from what we anticipate. Accordingly, you should not place undue reliance on any such forward-looking statements. Any forward-looking statement speaks only as of the date on which it is made and we do not undertake any obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise. New factors emerge from time to time and it is not possible for us to predict which will arise. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

ITEM 3

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS

Asset/Liability Management and Interest Rate Risk

The principal objective of our asset and liability management function is to evaluate the interest rate risk within the balance sheet and pursue a controlled assumption of interest rate risk while maximizing net income and preserving adequate levels of liquidity and capital. The Board of Directors of our subsidiary bank has oversight of our asset and liability management function, which is managed by our Chief Financial Officer. Our Chief Financial Officer meets with our senior executive management team regularly to review, among other things, the sensitivity of our assets and

liabilities to market interest rate changes, local and national market conditions and market interest rates. That group also reviews our liquidity, capital, deposit mix, loan mix and investment positions.

As a financial institution, our primary component of market risk is interest rate volatility. Fluctuations in interest rates will ultimately impact both the level of income and expense recorded on most of our assets and liabilities, and the fair value of all interest earning assets and interest bearing liabilities, other than those which have a short term to maturity. Interest rate risk is the potential of economic losses due to future interest rate changes. These economic losses can be reflected as a loss of future net interest income and/or a loss of current fair values.

We manage our exposure to interest rates primarily by structuring our balance sheet in the ordinary course of business. We do not typically enter into derivative contracts for the purpose of managing interest rate risk, but we may elect to do so in the future. Based upon the nature of our operations, we are not subject to foreign exchange or commodity price risk. We do not own any trading assets.

We use an interest rate risk simulation model to test the interest rate sensitivity of net interest income and the balance sheet. Instantaneous parallel rate shift scenarios are modeled and utilized to evaluate risk and establish exposure limits for acceptable changes in projected net interest margin. These scenarios, known as rate shocks, simulate an instantaneous change in interest rates and use various assumptions, including, but not limited to, prepayments on loans and securities, deposit decay rates, pricing decisions on loans and deposits, reinvestment and replacement of asset and liability cash flows. We also analyze the economic value of equity as a secondary measure of interest rate risk. This is a complementary measure to net interest income where the calculated value is the result of the fair value of assets less the fair value of liabilities. The economic value of equity is a longer term view of interest rate risk because it measures the present value of all future cash flows. The impact of changes in interest rates on this calculation is analyzed for the risk to our future earnings and is used in conjunction with the analyses on net interest income.

The following table summarizes simulated change in net interest income assuming a static balance sheet versus unchanged rates as of March 31, 2017 and December 31, 2016:

	March 31, 2017		December 31, 2016	
	Following 12 Months	Months 13-24	Following 12 Months	Months 13-24
+400 basis points	10.9 %	11.0 %	5.0 %	1.0 %
+300 basis points	8.1 %	8.5 %	3.6 %	0.8 %
+200 basis points	5.2 %	5.6 %	2.1 %	0.2 %
+100 basis points	2.6 %	3.1 %	0.8 %	(0.2 %)
Flat rates	0.0 %	0.0 %	0.0 %	0.0 %
-100 basis points	(4.0 %)	(6.6 %)	(2.8 %)	(3.6 %)

The following table presents the change in our economic value of equity as of March 31, 2017 and December 31, 2016, assuming immediate parallel shifts in interest rates:

Economic Value of Equity at Risk (%)	
March 31, 2017	December 31, 2016

+400 basis points	1.5	%	(2.0	%)
+300 basis points	(0.4	%)	(3.2	%)
+200 basis points	(2.2	%)	(4.3	%)
+100 basis points	(2.9	%)	(4.1	%)
Flat rates	0.0	%	0.0	%
-100 basis points	(11.6	%)	(12.2	%)

Many assumptions are used to calculate the impact of interest rate fluctuations. Actual results may be significantly different than our projections due to several factors, including the timing and frequency of rate changes, market conditions and the shape of the yield curve. The computations of interest rate risk shown above do not include actions that our management may undertake to manage the risks in response to anticipated changes in interest rates, and actual results may also differ due to any actions taken in response to the changing rates.

As part of our asset/liability management strategy, our management has emphasized the origination of shorter duration loans as well as variable rate loans to limit the negative exposure to a rate increase. We also desire to acquire deposit transaction accounts, particularly noninterest or low interest bearing non-maturity deposit accounts, whose cost is less sensitive to changes in interest rates. We intend to focus our strategy on utilizing our deposit base and operating platform to increase these deposit transaction accounts.

ITEM 4

CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

As of the end of the period covered by this Quarterly Report on Form 10-Q, the Company carried out an evaluation, under the supervision and with the participation of its management, including its Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of its disclosure controls and procedures. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management was required to apply judgment in evaluating its controls and procedures. Based on this evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) were effective as of the end of the period covered by this report.

Changes in Internal Control Over Financial Reporting

There were no changes in the Company's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during the quarter ended March 31, 2017, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

From time to time we are a party to various litigation matters incidental to the conduct of our business. We are not presently party to any legal proceedings the resolution of which we believe would have a material adverse effect on our business, prospects, financial condition, liquidity, results of operation, cash flows or capital levels.

Item 1A. Risk Factors

On March 31, 2017, the Company sold its 100% membership interest in its asset management subsidiary, Triumph Capital Advisors, LLC. As a result, a review of the risk factors related to our asset management business disclosed in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 should consider the fact that the Company does not anticipate engaging in this line of business going forward. There have been no other material changes in the Company's risk factors from those disclosed in the Company's Annual Report on Form 10-K for the year

ended December 31, 2016.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

Not applicable.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None.

Item 6. Exhibits

Exhibits (Exhibits marked with a "†" denote management contracts or compensatory plans or arrangements)

3.1	Second Amended and Restated Certificate of Formation of the Registrant, effective November 7, 2014, incorporated by reference to Exhibit 3.1 to Form 8-K filed with the SEC on November 13, 2014.
3.2	Second Amended and Restated Bylaws of the Registrant, effective November 7, 2014, incorporated by reference to Exhibit 3.2 to Form 8-K filed with the SEC on November 13, 2014.
