PROXY STATEMENT

FOR

THE ANNUAL MEETING OF STOCKHOLDERS

General

The enclosed proxy is solicited on behalf of the Board of Directors of Calmare Therapeutics Incorporated for use at our annual meeting of stockholders to be held at the Princeton Club, 15 West 43rd Street, New York, New York, 10036, on November 9, 2016 at 10:00 A.M. EST. Voting materials, including this proxy statement and the proxy card, are being delivered to all or our stockholders on or about October 21, 2016.

Questions and Answers

Following are some commonly asked questions raised by our stockholders and answers to each of those questions.

What may I vote on at the annual meeting?

At the annual meeting, stockholders will consider and vote upon the following matters:

Proposal 1: To elect our Board to hold office until our 2017 annual meeting of stockholders or until their respective successors have been duly elected and qualified;

Proposal 2: To ratify the appointment of Mayer Hoffman McCann CPAs, the New York Practice of Mayer Hoffman McCann P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2016;

Proposal 3: To amend the Certificate of Incorporation to authorize a new series of preferred stock designated Series D Convertible Preferred Stock;

· **Proposal 4:** To approve the adoption of the 2016 Stock Option Plan.

Stockholders will consider and act upon any other business as may properly come before the annual meeting or any adjournments thereof.

How does the Board recommend that I vote on the proposals?

The Board recommends a vote “**FOR**” the election of each of the nominees identified below to our Board, “**FOR**” the proposal ratifying the appointment of Mayer Hoffman McCann CPAs, the New York Practice of Mayer Hoffman McCann P.C., “**FOR**” the amendment to the Certification of Incorporation to authorize a new series of preferred stock, and “**FOR**” the adoption of the 2016 Stock Option Plan.

How do I vote?

You can vote either in person at the annual meeting or by proxy, by mail, by phone or over the Internet whether or not you attend the annual meeting. To obtain directions to attend the annual meeting, please call (203) 368-6044. If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the stockholder of record with respect to those shares and we are sending a Notice directly to you. As the stockholder of record, you have the right to vote in person at the annual meeting. If you choose to do so, you may vote at the annual meeting using the ballot provided at the meeting. **Even if you plan to attend the annual meeting in person, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting in person.**

Most of our stockholders hold their shares in street name through a stockbroker, bank or other nominee rather than directly in their own name. In that case, you are considered the beneficial owner of shares held in street name and the Notice is being forwarded to you. As the beneficial owner, you are also invited to attend the annual meeting. Because a beneficial owner is not the stockholder of record, you may not vote these shares in person at the annual meeting unless you obtain a “legal proxy” from the stockbroker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. You will need to contact your stockbroker, trustee or nominee to obtain a legal proxy, and you will need to bring it to the annual meeting in order to vote in person.

You can vote by proxy in three ways:

· By mail – If you received your proxy materials by mail, you can vote by mail by using the enclosed proxy card;

· By Internet – You can vote by Internet by following the instructions on the Notice to access the proxy materials or on your proxy card if you received your materials by mail; or

· By phone – You can vote by phone by following the instructions on the Notice to access the proxy materials or on your proxy card if you received your materials by mail.

If you vote by proxy, your shares will be voted at the annual meeting in the manner you indicate.

The Internet and phone voting system for stockholders of record will close at 11:59 p.m. EDT on November 8, 2016. Please refer to the proxy card for details on all methods of voting.

What happens if I do not give specific voting instructions?

If you hold shares in your name and you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board on all matters. If you hold your shares through a stockbroker, bank or other nominee and you do not provide instructions on how to vote, your stockbroker or other nominee may exercise their discretionary voting power with respect to certain proposals that are considered as “routine” matters. For example, Proposal 2 - ratification of the appointment of Mayer Hoffman McCann CPAs, the New York Practice of Mayer Hoffman McCann P.C. as our independent registered public accounting firm is commonly considered as a routine matter, and thus your stockbroker, bank or other nominee may exercise their discretionary voting power with respect to Proposal 2. **If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform us that it does not**

have the authority to vote on these matters with respect to your shares. This is generally referred to as a “broker non-vote.” When the vote is tabulated for any particular matter, broker non-votes will be counted for purposes of determining whether a quorum is present, but will not otherwise be counted. In the absence of specific instructions from you, your broker does not have discretionary authority to vote your shares with respect to Proposal 1 - the election of our Board, with respect to Proposal 3 - Approval of Amendment to Articles of Incorporation to Authorize a new Series of Preferred Stock, or with respect to Proposal 4 – Approval of the 2016 Stock Option Plan. **We encourage you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided in the notice.**

What is the quorum requirement for the annual meeting?

The Company’s bylaws provide that the holders of a majority of the stock issued and outstanding and entitled to vote generally in the election of directors, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum. On October 7, 2016, the Record Date for determining which stockholders are entitled to vote, there were 28,787,831 shares of our common stock outstanding, 2,427 shares of Series A preferred stock issued and outstanding, and 375 shares of Series C convertible preferred stock, issued and outstanding. Each share of common stock and Series A preferred stock entitles the holder to one vote on matters submitted to a vote of our stockholders. Each share of Series C preferred stock entitles the holder to 1,000 votes on matters submitted to a vote of our stockholders. A majority of our outstanding common shares as of the Record Date must be present at the annual meeting, in person or represented by proxy, in order to hold the meeting and conduct business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the annual meeting, if you are present and vote in person at the meeting or have properly submitted a proxy card or voted by phone or by using the Internet.

How can I change my vote after I return my proxy card?

You may revoke your proxy and change your vote at any time before the final vote at the annual meeting. You may do this by signing a new proxy card with a later date, by voting on a later date by using the Internet (only your latest Internet proxy submitted prior to the annual meeting will be counted), or by attending the annual meeting and voting in person. However, your attendance at the annual meeting will not automatically revoke your proxy unless you vote at the annual meeting or specifically request in writing that your prior proxy be revoked.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within our company or to third parties, except:

- As necessary to meet applicable legal requirements;
- To allow for the tabulation of votes and certification of the vote; and
- To facilitate a successful proxy solicitation.

Any written comments that a stockholder might include on the proxy card will be forwarded to our management.

Where can I find the voting results of the annual meeting?

The preliminary voting results will be announced at the annual meeting. The final voting results will be tallied by our Inspector of Elections and reported in a Current Report on Form 8-K which we will file with the SEC within four business days of the date of the annual meeting.

How can I obtain a separate set of voting materials?

To reduce the expense of delivering duplicate voting materials to our stockholders who may have more than one Calmare Therapeutics Incorporated stock account, we are delivering only one Notice to certain stockholders who share an address, unless otherwise requested. If you share an address with another stockholder and have received only one Notice, you may write or call us to request to receive a separate Notice. Similarly, if you share an address with another stockholder and have received multiple copies of the Notice, you may write or call us at the address and phone number below to request delivery of a single copy of this Notice. For future annual and/or annual meetings, you may request separate Notices, or request that we send only one Notice to you if you are receiving multiple copies, by writing or calling us at:

Fairfield, Connecticut 06824-5380

Tel: (203) 368-6044

What is the voting requirement to approve the proposals?

The proposals to approve an amendment to the Company's Articles of Incorporation authorizing a new series of preferred stock and to adopt the 2016 Stock Option Plan will be approved if there is a quorum and the votes cast "FOR" the proposal represent a majority of the shares outstanding. The proposal to ratify the appointment of Mayer Hoffman McCann CPAs, the New York Practice of Mayer Hoffman McCann P.C. as our independent registered public accounting firm will be approved if there is a quorum and the votes cast "FOR" the proposal exceed those cast against the proposal.

The nominees for election to our Board are elected by a plurality of all votes cast by holders of our Common Stock which are issued and outstanding and which are issuable upon conversion of shares of our Preferred Stock, present at the annual meeting, in person or represented by proxy, and entitled to vote on the election of directors. A nominee who receives a plurality means that he has received more votes than any other nominee for the same director's seat. Abstentions and broker non-votes will have no impact on the outcome of the vote on the election of directors.

Abstentions and broker non-votes will be treated as shares that are present, or represented and entitled to vote for purposes of determining the presence of a quorum at the annual meeting. Abstentions will not be counted in determining the number of votes cast in connection with any matter presented at the annual meeting. Broker non-votes will not be counted as a vote cast on any matter presented at the annual meeting.

Do I Have Dissenters' (Appraisal) Rights?

Appraisal rights are not available to our shareholders with any of the proposals described above to be brought before the annual meeting of shareholders.

How can I obtain additional information about the Company?

We are subject to the informational requirements of the Securities Exchange Act of 1934 (the "Exchange Act"), as amended, which requires that we file reports, proxy statements and other information with the SEC. The SEC maintains a website that contains reports, proxy and information statements and other information regarding companies, including Calmare Therapeutics Incorporated, that file electronically with the SEC. The Nominating Committee is to be comprised of not less than three independent directors. The Board has determined that each member of the Nominating Committee is an independent director in accordance with applicable legal or regulatory requirements.

The Nominating Committee will consider nominees recommended by shareholders but have not designated any special procedures shareholders need to follow to submit those recommendations. The Nominating Committee has not designated any such procedures because as discussed below under the heading “Shareholder Communications to the Board,” shareholders are free to send written communications directly to the Board, committees of the Board, and/or individual directors, at our corporate address in care of our Secretary.

Shareholder Communications to the Board

Shareholders may send communications in writing to the Board, committees of the Board, and/or to individual directors, at our corporate address in care of our Secretary. Written communications addressed to the Board are reviewed by the Chairman of the Board for appropriate handling. Written communications addressed to an individual Board member are forwarded to that person directly.

BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and officers, and persons who own more than five percent of the Common Stock to file reports of ownership and changes in ownership with the SEC as per that appropriate SEC regulation(s) that require reporting persons to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of copies of such reports received or written representations from certain reporting persons, we do not believe all reporting persons complied with all applicable reporting requirements.

DIRECTOR COMPENSATION

Each of our non-employee directors is paid an annual cash retainer of \$10,000, paid quarterly in arrears, for their services to the Company. In addition, directors are issued shares of common stock pursuant to our 1996 Directors Stock Participation Plan, as amended, and are granted stock options to purchase common stock pursuant to our 2000 Directors Stock Option Plan, both as described below. In addition, the Chairman of the Board, if a non-employee, is paid fees for the additional responsibilities and time commitments required of him. These fees are equal to an additional \$5,000 cash retainer, in addition to the amount noted above and an additional \$500 for each Board meeting attended.

Each non-employee director is also paid \$1,000 for each Board meeting attended and \$500 for each committee meeting attended. All directors are reimbursed for out-of-pocket expenses incurred to attend Board and committee meetings.

On the first business day of January, each non-employee director who had been elected by the stockholders and had served at least one full year as a director was issued a number of shares of common stock equal to the lesser of \$15,000 divided by the per share fair market value of such stock on the issuance date, or 2,500 shares. If a non-employee director were to leave the Board after serving at least one full year, but prior to the January issuance date, we will issue shares of common stock to the director on a pro-rata basis up to the termination date.

Non-employee directors were granted 10,000 fully vested, non-qualified stock options to purchase our common stock on the date the individual was first elected as a director, whether by the stockholders or by the Board, and were granted 10,000 options on the first business day of January thereafter, provided the individual was still a director. The stock options granted were at an exercise price not less than 100% of the fair market value of the common stock at the grant date and had a term of five (5) years from date of grant; options granted under earlier, now expired plans had ten year terms. If an individual's directorship terminated because of death or permanent disability, the stock options may be exercised within one year after termination. If the termination was for any other reason, the stock options may be exercised within 180 days after termination. However, the Board had the discretion to amend previously granted stock options to provide that such stock options may continue to be exercisable for specified additional periods following termination. In no event may a stock option be exercised after the expiration of its term.

The following table summarizes the total compensation awarded to, earned by or paid by us for services rendered during fiscal year ended December 31, 2015, to the non-employee Board of Director members:

CERTAIN RELATIONSHIPS, RELATED TRANSACTIONS, DIRECTOR INDEPENDENCE

Our Board of Directors determined that when a director's services are outside the normal duties of a director, we compensate the director at the rate of \$1,000 per day, plus expenses, which is the same amount we pay a director for attending a one-day Board meeting. We classify these amounts as consulting expenses, included in personnel and other direct expenses relating to revenues.

On October 15, 2015, the Company entered into a consulting agreement with VADM Robert T. Conway, Jr., USN, Ret. (the “Admiral”), a member of the Company’s Board of Directors. The agreement is for one year and includes compensation of a monthly retainer fee of \$7,500 and a five year warrant to purchase 167,000 shares of common stock of the Company, fully vested on the date of issuance, at a strike price of \$.60 per share with an aggregate estimate fair value of \$33,734. As a result of this agreement, the Board of Directors has determined that the Admiral is no longer an independent director of the Company.

Four of CTI’s Board Directors - Howard, O’Connell, Roehrich, and Yarbro - are considered to be independent directors.

REPORT OF THE COMPENSATION COMMITTEE

This report of the Compensation Committee (the “*Committee*”) shall not be deemed incorporated by reference by any general statement incorporating the Proxy Statement by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934 (collectively the “*Acts*”), except to the extent that CTI specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

CTI's compensation program consists of base salary, bonus, stock options, other incentive awards and other benefits, which the Committee generally reviews annually. The Committee's overall philosophy is to align compensation with our business strategy and to support achievement of our long-term goals. In order to attract and retain competent executives, we believe it is essential to maintain an executive compensation program that provides overall compensation competitive with that paid to executives with comparable qualifications and experience.

We have reviewed and discussed with management certain Executive Compensation and Compensation Discussion and Analysis provisions to be included in the Company’s Annual Report on Form 10-K, filed pursuant to the Exchange Act, as amended (the “*Annual Report*”). Based on the reviews and discussions referred to above, we recommended to the Board of Directors that the Executive Compensation and Compensation Discussion and Analysis provisions referred to above be included in the Company's Annual Report.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

We have a standing Compensation Committee on our Board. Our President, or in the absence of a President, our Chief Executive Officer, makes recommendations to the committee as to employee benefit programs and officer and employee compensation. The Company's compensation program consists of base salary, bonus, stock options, other incentive awards and other benefits, which the Committee generally reviews annually. The Committee's overall philosophy is to align compensation with our business strategy and to support achievement of our long-term goals. In order to attract and retain competent executives, we believe it is essential to maintain an executive compensation program that provides overall compensation competitive with that paid to executives with comparable qualifications and experience. The Committee annually reviews all compensation plans to assure effectiveness and fiduciary responsibility.

Annual Base Salary. The Company provides officers and other employees with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for officers are determined for each executive based on his or her position and responsibility using a) market data, b) an internal review of the executive's compensation, both individually and relative to other executive officers, and c) the individual performance of the executive.

Incentive Stock Options. In August 2016, the Board approved the 2016 Stock Option Plan. This Plan gives the Board the capability to promote high performance and achievement of corporate goals by all employees, encourage the growth of shareholder value, and allow all employees to participate in the long-term growth and profitability of the Company.

Annual Cash Bonus. In addition to the competitive annual base salary, we intend to reward executive officers each year for the achievement of specific goals, which may be financial, operational or technological. We consider objectively measurable goals, such as obtaining new investment capital, negotiating valuable contracts and achieving research and regulatory milestones, and more subjective goals, such as quality of management performance and consistency of effort. CTI's objectives include operating, strategic and financial goals the board considers critical to CTI's overall goal of building shareholder value. Our recommendations for cash bonuses also take into account CTI's liquidity and capital resources in any given year.

In August 2015, the Compensation Committee of the Board of Directors reviewed the performance of the Chief Executive Officer over the previous 12 months. Based on this performance, the Committee recommended that the Board award the Chief Executive Officer 40% of the allowable bonus, which amounted to \$53,000. The Committee also recommended that the Board extend the contract of the Chief Executive Officer until September 30, 2016. Both recommendations were approved by the Board.

Benefits. The Company provides executive officers with retirement and other personal benefits. These include medical, dental, vision, life, AD&D, short-term disability and long-term disability insurance, as well as a Company sponsored 401(k) plan. The Committee believes that these benefits are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for all positions. Officers are eligible to receive the same health and welfare benefits that are generally available to other employees and they contribute to their benefit premium on the same terms as other employees under the same plan and level of coverage.

Assessment of Risk. In the design of executive compensation plans, the Committee considers the desired behavior the Committee wants to incent and how that behavior relates to increasing shareholder value. The Committee does not feel that there are any compensation-related risks that are reasonably likely to have a material effect on the Company.

The annual base salaries and annual cash bonus targets for our current executive officers are shown in the table below.

Executive Officer	Annual Base Salary	Cash Bonus Target
Conrad F. Mir	\$ 270,000	100 %

PROPOSAL 2: TO RATIFY THE APPOINTMENT OF MAYER HOFFMAN MCCANN CPAS, THE NEW YORK PRACTICE OF MAYER HOFFMAN MCCANN, P.C. AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDED DECEMBER 31, 2016

REGISTRANT'S CERTIFYING ACCOUNTANT

Fees Billed by Principal Accountants – The following table presents fees for professional services billed by MHM for the years ended December 31, 2015 and December 31, 2014:

	Year Ended December 31, 2015	Year Ended December 31, 2014
Audit Fees	\$ 93,500	\$ 96,500
Tax Fees	-	-
Audit Related Fees⁽¹⁾	-	-
All other fees	-	-
Total	\$ 93,500	\$ 96,500

⁽¹⁾ Fees for S-1 and S-8 review.

MHM leases substantially all its personnel, who work under the control of MHM shareholders, from wholly-owned subsidiaries of CBIZ, Inc., in an alternative practice structure.

Audit Committee Pre-Approval of Services of Principal Accountants

The Audit Committee has the sole authority and responsibility to select, evaluate, determine the compensation of, and, where appropriate, replace the independent auditor. After determining that providing the non-audit services is compatible with maintaining the auditor's independence, the Audit Committee pre-approves all audits and permitted non-audit services to be performed by the independent auditor, except for de minimis amounts. If it is not practical for the Audit Committee to meet to approve fees for permitted non-audit services, the Audit Committee has authorized its Chairman, currently Mr. Yarbro, to approve them and to review such pre-approvals with the Audit Committee at its next meeting.

Ratification of Selection of Independent Public Accountants

The persons named in the enclosed proxy will vote to ratify the selection of MHM as independent public accountants for the year ending December 31, 2016, unless otherwise directed by the shareholders. Shareholder ratification of MHM as the Company's independent public accountants is not required by the Company's bylaw or otherwise. However, the Company is submitting selection of MHM to the shareholders for ratification as a matter of good corporate practice. If the shareholders do not ratify the selection of MHM as the Company's independent public accountants, the Audit Committee will reconsider the selection of such independent public accountants. If the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of different independent public accountants at any time during the year if it determines that such a change would be in the best interest of the Company and its shareholders.

Vote Required

The affirmative vote of a majority of the voting shares of stock present or represented by proxy at the Annual Meeting is necessary for the ratification of MHM as independent public accountants for the fiscal year ended December 31, 2016.

Recommendation

The Board of Directors recommends that shareholders vote **FOR** the ratification of MHM as independent public accountants for the fiscal year ended December 31, 2016.

PROPOSAL 3: TO AMEND THE CERTIFICATE OF INCORPORATION TO AUTHORIZE A NEW SERIES OF CONVERTIBLE PREFERRED STOCK

The Board has proposed an amendment to the certificate of incorporation to authorize a new series of preferred stock, designated Series D Convertible Preferred Stock (the “New Series”). The “Certificate of the Designations, Preferences and Relative Participating Optional and Other Special Rights and Qualifications, Limitations or Restrictions of Series D Convertible Preferred Stock of Calmare Therapeutics Incorporated” is attached to this Proxy Statement as EXHIBIT A.

In summary, this proposal authorizes a new series of preferred stock, designated Series D Convertible Preferred Stock, at a par value of \$25.00 per share. Each holder of the New Series shall be entitled to receive, when, as and if declared by the Board, a semi-annual dividend of \$0.75 per whole share. Holders of the New Series shall not have any voting rights. Each share of the New Series shall be convertible at any time into the Common Stock of the Company at the ratio of one hundred twenty-five (125) shares of Common Stock to one (1) share of the New Series.

The Board believes it is in the best interest of the Company for the stockholders to authorize the New Series in order to give the Company greater flexibility in considering and planning for future potential business needs. Having the New Series available is important to our continued efforts to execute our plan, including raising capital to support our business and converting some of our outstanding debt into equity. If the authorization of this New Series is postponed until the foregoing specific needs arise, the delay and expense incident to obtaining approval of the stockholders at that time could impair our ability to meet the objectives.

As of October 7, 2016, we had (i) 28,787,831 outstanding shares (ii) 2,593,500 shares potentially issuable for common stock options, (iii) 10,801,512 shares potentially issuable for common stock warrants, (iv) 2,902,477 shares potentially issuable for conversion of Series C convertible preferred stock and (v) 18,500,915 shares potentially issuable for conversion of convertible debt.

Other than those listed above, we currently have no plan, commitment, arrangement, understanding or agreement, either oral or written, regarding the issuance of our common stock subsequent to the proposed authorization of the New Series.

If this proposal is approved, the additional authorized shares may be issued at the discretion of the Board without further stockholder action. The adoption of the amendment would not have any immediate dilutive effect on the proportionate voting power or other rights of existing stockholders. However, the conversion of shares of the New Series into common stock would reduce each stockholder's proportionate interest in the Company. The holders of any of the additional shares of common stock issued in the future would have the same rights and privileges as the holders of the shares of common stock currently authorized and outstanding. Those rights do not include preemptive rights with respect to the future issuance of any additional shares.

If the Certificate of Incorporation amendment is approved, as soon as practicable after the 2016 Annual Meeting, we will file an amendment to the Certificate of Incorporation with the office of the Secretary of State of Delaware to reflect new series of convertible preferred stock. Upon approval and following such filing with the Secretary of State of Delaware, the Certificate of Incorporation amendment will become effective on the date it is filed.

Vote Required to Approve the Increase in Authorized Common Shares

The affirmative vote of the holders of a majority of the voting shares of stock outstanding and entitled to vote at the Annual Meeting is required to adopt and approve the amendment to the Company's Certificate of Incorporation to authorize the issuance of the Series D Convertible Preferred Stock.

Recommendation

The Board of Directors unanimously recommends that you vote "**FOR**" Item 3, The Proposal to amend the Certificate of Incorporation to authorize a new series of convertible preferred stock.

PROPOSAL 4: TO APPROVE THE ADOPTION OF THE 2016 STOCK OPTION PLAN

The Board has proposed a new stock option plan, designated the 2016 Stock Option Plan. The “2016 Stock Option Plan” is attached to this Proxy Statement as EXHIBIT B.

In summary, this proposal authorizes a new stock option plan for directors, employees and consultants. The 2011 Directors’, Employees’, and Consultants’ Stock Option Plan expired on December 31, 2015. The 2016 Stock Option Plan authorizes the Board to issue options to purchase up to Two Million, Five Hundred Thousand (2,500,000) shares of the Company’s common stock. The terms of the 2016 Stock Option Plan are the same as the terms of the 2011 Directors’, Employees’, and Consultants’ Stock Option Plan.

The Board believes it is in the best interest of the Company for the stockholders to approve the 2016 Stock Option Plan in order to enable the Company to attract, retain and motivate its employees, directors and qualified consultants by providing for or increasing the proprietary interests of such employees, directors and consultants in the Company through increased stock ownership.

Vote Required to Approve the Adoption of the 2016 Stock Option Plan

The affirmative vote of the holders of a majority of the voting shares of stock outstanding and entitled to vote at the Annual Meeting is required to adopt and approve the 2016 Stock Option Plan.

Recommendation

The Board of Directors unanimously recommends that you vote “**FOR**” Item 4, The Proposal to approve the 2016 Stock Option Plan.

The Board of Directors is not aware of any matter that is to be presented for action at the meeting other than the matters set forth herein. CERTIFICATE OF THE DESIGNATIONS, PREFERENCES AND RELATIVE PARTICIPATING, OPTIONAL AND OTHER SPECIAL RIGHTS AND QUALIFICATIONS, LIMITATIONS OR RESTRICTIONS OF SERIES D CONVERTIBLE PREFERRED STOCK OF CALMARE THERAPEUTICS INCORPORATED

Pursuant to Section 151 of the General Corporation Law of the State of Delaware, CALMARE THERAPEUTICS INCORPORATED, a corporation organized and existing under the General Corporation Law of the State of Delaware, in accordance with the provisions of Section 103 thereof, DOES HEREBY CERTIFY:

That, pursuant to the authority conferred upon the Board of Directors (the "Board") of CALMARE THERAPEUTICS INCORPORATED (the "Company") on August 8, 2016, adopted a resolution designating a new series of preferred stock as Series D Convertible Preferred Stock:

Section 1. Designation and Amount. The shares of such series shall be designated as "Series D Convertible Preferred Stock" and the number of shares constituting such series shall be Five Hundred Thousand (500,000), par value \$25.00 per share. Such number of shares may be increased or decreased by resolution of the Board of Directors; provided, however, that no decrease shall reduce the number of shares of Series D Convertible Preferred Stock to a number less than the number of shares then outstanding.

Section 2. Dividends and Distributions; Security.

(a) Subject to the superior rights of the holders of shares of any other series of Preferred Stock or other class of capital stock of the Company ranking superior to the shares of Series D Convertible Preferred Stock with respect to dividends, the holders of shares of Series D Convertible Preferred Stock shall be entitled to receive, when, as and if declared by the Board, out of the assets of the Company legally available therefor, (1) Semi-annual dividends payable in cash on the last day of June and the last day of December in each year, or such other dates as the Board shall approve (each such date being referred to herein as a "Semi-Annual Dividend Payment Date"), commencing on the first Semi-Annual Dividend Payment Date after the first issuance of a share or a fraction of a share of Series D Convertible Preferred Stock, in the amount of \$0.75 per whole share (rounded to the nearest cent). In addition, if the Company shall pay any dividend or make any distribution on the Common Stock payable in assets, securities or other forms of noncash consideration (other than dividends or distributions solely in shares of Common Stock), then, in each such case, the Company shall simultaneously pay or make on each outstanding whole share of Series D Convertible Preferred Stock a dividend or distribution in like kind equal to the Formula Number then in effect times such dividend or distribution on each share of Common Stock. As used herein, the "Formula Number" shall be 25;

provided, however, that, if at any time after August 8, 2016, the Company shall (i) declare or pay any dividend on the Common Stock payable in shares of Common Stock or make any distribution on the Common Stock in shares of Common Stock, (ii) subdivide (by a stock split or otherwise) the outstanding shares of Common Stock into a larger number of shares of Common Stock or (iii) combine (by a reverse stock split or otherwise) the outstanding shares of Common Stock into a smaller number of shares of Common Stock, then in each such event the Formula Number shall be adjusted to a number determined by multiplying the Formula Number in effect immediately prior to such event by a fraction, the numerator of which is the number of shares of Common Stock that are outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that are outstanding immediately prior to such event (and rounding the result to the nearest whole number); and provided further that, if at any time after August 8, 2016, the Company shall issue any shares of its capital stock in a merger, reclassification, or change of the outstanding shares of Common Stock, then in each such event the Formula Number shall be appropriately adjusted to reflect such merger, reclassification or change so that each share of Preferred Stock continues to be the economic equivalent of a Formula Number of shares of Common Stock prior to such merger, reclassification or change.

(b) The Company shall declare a cash dividend on the Series D Convertible Preferred Stock as provided in Section 2(a) immediately prior to or at the same time it declares a cash dividend on the Common Stock; provided, however, that, in the event no cash dividend shall have been declared on the Common Stock during the period between any Semi-Annual Dividend Payment Date and the next subsequent Semi-Annual Dividend Payment Date or, with respect to the first Semi-Annual Dividend Payment Date, during the period between the first issuance of any share or fraction of a share of Series D Convertible Preferred Stock, a dividend of \$0.75 per whole share on the Series D Convertible Preferred Stock shall nevertheless accrue on such subsequent Semi-Annual Dividend Payment Date or the first Semi-Annual Dividend Payment Date, as the case may be. The Board may fix a record date for the determination of holders of shares of Series D Convertible Preferred Stock entitled to receive a dividend or distribution declared thereon, which record date shall be the same as the record date for any corresponding dividend or distribution on the Common Stock.

(d) So long as any shares of Series D Convertible Preferred stock are outstanding, no dividends or other distributions shall be declared, paid or distributed, or set aside for payment or distribution, on the Common Stock unless, in each case, the dividend required by this Section 2 to be declared on the Series D Convertible Preferred Stock shall have been declared and set aside.

(e) The holders of shares of Series D Convertible Preferred Stock shall not be entitled to receive any dividends or other distributions except as herein provided.

Section 3. Voting Rights.

The holders of shares of Series D Convertible Preferred Stock shall not have any voting rights.

Section 4. Conversion. Each share of Series D Convertible Preferred Stock shall be convertible at any time by the holder thereof into shares of Common Stock of the Company at a conversion price (the "Conversion Price") for each share of Common Stock at a ratio of one (1) share of Series D Convertible Preferred Stock to one hundred twenty-five (125) shares of Common Stock based on a \$0.20 per common share basis, subject to adjustment for stock splits, stock dividends, recapitalizations, etc.

Section 5. Reacquired Shares. Any shares of Series D Convertible Preferred Stock purchased or otherwise acquired by the Corporation in any manner whatsoever shall be retired and cancelled promptly after the acquisition thereof. All such shares shall upon their cancellation become authorized but unissued shares of Preferred Stock and may be

reissued as part of a new series of Preferred Stock to be created by resolution or resolutions of the Board of Directors, subject to the conditions and restrictions on issuance set forth herein.

Section 6. Liquidation, Dissolution on Winding Up. Upon any liquidation (voluntary or otherwise), dissolution or winding up of the Corporation, the shares of Series D Convertible Preferred Stock shall be treated as an equivalent to the shares of Common Stock into which they are then convertible.

Section 7. Consolidation, Merger, etc. In case the Corporation shall enter into any consolidation, merger, combination or other transaction in which the shares of Common Stock are exchanged for or changed into other stock or securities, cash and/or any other property, then in any such case the shares of Series D Convertible Preferred Stock shall at the same time be similarly exchanged or changed in an amount per share (subject to the provision for adjustment hereinafter set forth) equal to the aggregate amount of stock, securities, cash and/or any other property (payable in kind), as the case may be, into which or for which each share of Common Stock is changed or exchanged. If the Corporation shall at any time declare or pay any dividend on Common Stock payable in shares of Common Stock, or effect a subdivision, combination or consolidation of the outstanding Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the amount set forth in the preceding sentence with respect to the exchange or change of shares of Series D Convertible Preferred Stock shall be adjusted by assuring that the percentage of the Company reflected by the common stock into which the total shares of Series D Convertible Preferred Stock may be converted immediately prior to such event shall remain the same percentage of the company immediately subsequent to such event.

EXHIBIT B

Adoption of this 2016 Employees', Directors' and Consultants' Stock Option Plan (the “*Plan*”) by the Board of Directors authorizes Calmare Therapeutics Incorporated to issue options to purchase up to TWO MILLION, FIVE HUNDRED THOUSAND (2,500,000) shares of common stock. Terms are to be determined pursuant to option agreements extended to its Employees, Directors, and Consultants subject to the following terms.

I. Purpose of the Plan.

The purpose of the Plan is to enable the Company to attract, retain and motivate its employees, directors and qualified consultants by providing for or increasing the proprietary interests of such employees, directors and consultants in the Company through increased stock ownership. Fair Market Value will be determined in good faith by the Committee in accordance with a valuation method which is consistent with the guidelines set forth in Treasury Regulation 1.421-7 (e)(2) or any applicable regulations issued pursuant to Section 422(a) of the Code. Any vacancy occurring on the Committee may be filled by appointment by the Board. The Board at its discretion may from time to time appoint members to the Committee in substitution of members previously appointed, may remove members of the Committee and may fill vacancies, however caused, in the Committee.

(b) **Committee Procedures.** The Committee shall select one of its members as chairman and shall hold meetings at such times and places as it may determine. A quorum of the Committee shall consist of a majority of its members, and the Committee may act by vote of a majority of its members present at a meeting at which there is a quorum, or without a meeting by written consent signed by all members of the Committee. If any powers of the Committee hereunder are limited or denied by the Board or under applicable law, the same powers may be exercised by the Board.

Committee Powers and Responsibilities. The Committee will interpret the Plan, prescribe, amend and rescind any rules or regulations necessary or appropriate for the administration of the Plan, and make such other determinations and take such other actions it deems necessary or advisable, except as otherwise expressly reserved for the Board. Subject to the limitations imposed by the Board or under applicable law and the terms of the Plan, the Committee may periodically determine which Employees, Directors, and/or Consultants should receive Options under the Plan, whether the options shall be Incentive Options or Non-statutory Options, the number of shares covered by (c) such Options, the per share purchase price for such shares, and the terms thereof, including but not limited to transferability of such Options, and shall have full power to grant such Options. In making its determinations, the Committee shall consider, among other relevant factors, the importance of the duties of the Grantee to the Company, his or her experience with the Company, and his or her future value to the Company. All decisions, interpretations and other actions of the Committee shall be final and binding on all Grantees, Optionees and all persons deriving their rights from a Grantee or Optionee. No member of the Board or the Committee shall be liable for any action taken or failed to be taken in good faith or for any determination made pursuant to the Plan.

IV. Stock Subject to Plan.

This Plan authorizes the Committee to grant Options to Employees, Directors and/or Consultants up to the aggregate amount of Two Million, Five Hundred Thousand (2,500,000) shares of Stock, subject to eligibility and any limitations specified herein. Adjustment in the shares subject to the Plan shall be made as provided in Section VIII. Any shares covered by an Option which, for any reason, expires, terminates or is canceled may be re-optioned under the Plan. The Board has the authority to amend the Plan to add additional shares to the amount of shares that may be granted under the Plan.

V. Eligibility.

(a) General Rule. All Employees, Directors and Consultants defined in Section 2(e) and 2(g) shall be eligible.

Ten Percent (10%) Stockholders. An Employee, Director or Consultant who owns more than Ten Percent (10%) of (b) the total combined voting power of all classes of outstanding Stock shall not be eligible for designation as a Grantee of an Incentive Option unless:

1. the exercise price for each share of Stock subject to such Incentive Option is at least One Hundred Ten Percent (110%) of the Fair Market Value of a share of Stock on the date of grant, and

2. such Incentive Option, by its terms, is not exercisable after the expiration of five (5) years from the date of grant.

Attribution Rules. For purposes of Subsection (b) above, in determining stock ownership, an Employee, Director or Consultant shall be deemed to possess the Stock owned, directly or indirectly, by or for his brothers, sisters (c) (whether by whole or half-blood), spouse, ancestors and lineal descendants. Stock owned, directly or indirectly, by or for a corporation, partnership, estate or trust shall be deemed to be owned proportionately by or for its stockholders, partners or beneficiaries.

Outstanding Stock. For purposes of Subsection (b) above, “*Outstanding Stock*” shall include all Stock actually issued (d) and outstanding immediately after the grant. Outstanding Stock shall not include shares authorized for issuance under outstanding options held by the Employee, Director or Consultant, or by any other person.

Individual Limits of Executive Officers. Subject to the provisions of Section 9 hereof, the number of option shares (e) granted in a fiscal year to any Executive Officer shall not exceed One Million (1,000,000) shares for the first fiscal year during which such person becomes an Executive Officer and shall not exceed Five Hundred Thousand (500,000) shares for any subsequent fiscal year during which such person serves as an Executive Officer.

Individual Incentive Option Limitation. The aggregate Fair Market Value of the stock for which Incentive Options granted to any one eligible Employee, Director, or Consultant under this Plan and under all incentive stock option plans of the Company, its parent(s) and subsidiaries, may by their terms first become exercisable during any calendar year shall not exceed One Hundred Thousand Dollars (\$100,000) (the “*Restriction*”), determining Fair Market Value of the stock subject to any Option as of the time that Option is granted. If the date on which one or more Incentive Options could be first exercised would be accelerated pursuant to any other provision of the Plan or (f) any Stock Option Agreement referred to in Section VI(a) below, or an amendment thereto, and the acceleration of such exercise date would result in a violation of the Restriction set forth in the preceding sentence, then notwithstanding any such other provision the exercise date of such Incentive Options shall be accelerated only to the extent, if any, that is permitted under Section 422 of the Code and the exercise date of the Incentive Options with the lowest option prices shall be accelerated first. Any exercise date which cannot be accelerated without violating the Restriction of this section shall nevertheless be accelerated, and the portion of the Option becoming exercisable thereby shall be treated as a Non-statutory Option.

VI. Terms and Conditions of All Options under the Plan.

Option Agreement. All Options granted under the Plan shall be evidenced by a written Option Agreement and shall be subject to all applicable terms and conditions of the Plan and may be subject to any other terms and conditions which are not inconsistent with the Plan and which the Committee deems appropriate for inclusion in an Option Agreement.

(a) Number of Shares. Each Option Agreement shall specify the number of shares of the Stock each such Employee, Director or Consultant will be entitled to purchase pursuant to the Option and shall provide for the adjustment of such number in accordance with Section VIII. Each Option Agreement shall state the minimum number of shares which must be exercised at any time, if any.

(b) Nature of Option. Each Option Agreement shall specify the intended nature of the Option as an Incentive Option, a Non-statutory Option or partly of each type.

(c) Exercise Price. Each Option Agreement shall specify the exercise price. The exercise price of either the Incentive Option or the Non-statutory Option shall not be less than one hundred percent (100%) of the Fair Market Value of a share of Stock on the date of grant. Subject to the foregoing, the exercise price under any Option shall be determined by the Committee in its sole discretion. The exercise price shall be payable in the form described in Section VII.

- (e) Term of Option. The Option Agreement shall specify the term of the Option. The term of any Option granted under this Plan is subject to expiration, termination, and cancellation as set forth within this Plan.

Exercisability. Each Option Agreement shall specify the date when all or any installment of the Option is to become exercisable. Such Option shall not be exercisable after the expiration of such term which shall be fixed by (f) the Committee, but in any event not later than ten years from the date such Option is granted. Subject to the provisions of the Plan, the Committee may grant Options which are vested, or which become vested upon the happening of an event or events as specified by the Committee.

Withholding Taxes. Upon exercise of any Non-statutory Option (or any Incentive Option which is treated as a Non-statutory Option because it fails to meet the requirements set forth in the Code for Incentive Options), the Optionee must tender full payment to the Company for any federal income tax withholding required under the (g) Code in connection with such exercise ("Withholding Tax"). If the Optionee fails to tender to the Company the Withholding Tax, the Committee, at its discretion, shall withhold from the Optionee any and all shares subject to such Option, and accordingly, subject to Withholding Tax until such time as either of the following events has occurred:

1. if the Optionee is not an Employee, then the Optionee tenders a cash payment to the Company to pay the Withholding Tax; or
2. if the Optionee is an Employee, the Company withholds an amount sufficient to pay the Withholding Tax from the Optionee's wages.

- (h) Termination and Acceleration of Options. Upon termination of a Grantee, the treatment of outstanding Options is subject to the following:

1. Termination without cause:

(i) Non-Disabled Grantee. If the employment of a Grantee who is not a Disabled Grantee is terminated without cause, or such Grantee voluntarily quits or retires under any retirement plan of the Company, any then outstanding and exercisable stock option held by such a Grantee shall be exercisable, in accordance with the provisions of the Option Agreement, by such Grantee at any time prior to the expiration date of such Option or within three months after the date of termination of employment or service, whichever is the shorter period.

(ii) Disabled Grantee. If the employment of a Grantee who is a Disabled Grantee is terminated without cause, any then outstanding and exercisable Option held by such a Grantee shall be exercisable, in accordance with the provisions of the Option Agreement, by such a Grantee at any time prior to the expiration date of such Option or within one year after the date of such termination of employment or service, whichever is the shorter period. Whether a Grantee is a Disabled Grantee shall be determined in each case, in its discretion, by the Committee and any such

determination by the Committee shall be final and binding.

2. Termination for cause:

If the Company terminates the employment of a Grantee for cause, all outstanding stock options held by the Grantee at the time of such termination shall automatically terminate unless the Committee notifies the Grantee that his or her options will not terminate. A termination “for cause” shall be defined under each written Option Agreement. The Company assumes no responsibility and is under no obligation to notify a Permitted Transferee (as hereafter defined in section XII) of early termination of an Option on account of a Grantee's termination of employment. Whether termination of employment or other service is a termination “for cause” shall be determined in each case, in its discretion, by the Committee and any such determination by the Committee shall be final and binding.

3. Death of Grantee.

Following the death of a Grantee during employment, any Options outstanding and exercisable held by such Grantee at the time of death shall be exercisable, in accordance with the provisions of the Option Agreement, by the person or persons entitled to do so under the Will of the Grantee, or, if the Grantee shall fail to make testamentary disposition of the stock option or shall die intestate, by the legal representative of the Grantee at any time prior to the expiration date of such Option or within one year after the date of death, whichever is the shorter period.

4. Option Granting.

The Committee may grant Options, or amend Options previously granted, so that such Options continue to be exercisable up to ten years after the date of grant irrespective of the termination of the Grantee's employment with the Company.

5. Option Vesting.

The Committee may grant Options, or amend Options previously granted, so that such Options vest upon grant or become vested upon the happening of an event or events specified by the Committee, although the exercise of such vested Options in the case of Incentive Options more than three (3) months after termination of employment may convert such Options to Non-statutory Options with respect to the income tax consequences of such exercise.

VII. Payment for Shares.

Cash. Payment in cash in full for shares purchased under an Option shall be made in cash (including check, bank (a) draft or money order) or pursuant to a "cashless" exercise provision, if any is available under the Option Agreement, at the time the Option is exercised.

Stock. In lieu of cash an Optionee may, with the consent of the Committee, make payment for Stock purchased under an Option, in whole or in part, by tendering to the Company in good form for transfer, shares of Stock valued at Fair Market Value on the date the Option is exercised. Such shares will have been owned by the Optionee or the (b) Optionee's representative for the time specified by the Committee but in no case shall the Optionee or his representative have held a beneficial interest in such tendered shares for a period less than six months prior to the exercise of the Option. Cash proceeds from the sale of Stock pursuant to Options granted under the Plan constitute general funds of the Company.

VIII. Adjustments.

Changes or adjustments in the Option price, number of shares subject to an Option or other specifics as the Committee should decide will be considered or made pursuant to the following rules:

Upon Changes in Stock. If the outstanding Stock is increased or decreased, or is changed into or exchanged for a different number or kinds of shares or securities, as a result of one or more reorganizations, recapitalization, stock splits, reverse stock splits, split-up, combination of shares, exchange of shares, change in corporate structure, or otherwise, appropriate adjustments will be made in the exercise price and/ or the number and/or kind of shares or securities for which Options may thereafter be granted under this Plan and for which Options then outstanding (a) under this Plan may thereafter be exercised. The Committee will make such adjustments as it may deem fair, just and equitable to prevent substantial dilution or enlargement of the rights granted to or available for Optionees. No adjustment provided for in this Section VIII will require the Company to issue or sell a fraction of a share or other security. Nothing in this Section will be construed to require the Company to make any specific or formula adjustment.

Prohibited Adjustment. If any such adjustment provided for in this Section VIII requires the approval of stockholders in order to enable the Company to grant or amend Options, then no such adjustment will be made without the required stockholder approval. Notwithstanding the foregoing, if the effect of any such adjustment would be to cause an Incentive Option to fail to continue to qualify under Section 422 of the Code or to cause a (b) modification, extension or renewal of such stock option within the meaning described in Section 424 of the Code, the Committee may elect that such adjustment not be made but rather shall cause reasonable efforts to effect such other adjustment of each then outstanding Option as the Committee, in its sole discretion, shall deem equitable and which will not result in any disqualification, modification, extension or renewal (within the meaning of Section 424 of the Code) of such Incentive Option.

- (c) Further Limitations. Nothing in this Section will entitle the Optionee to adjustment of his Option in the following circumstances:
- (i) The issuance or sale of additional shares of the Stock, through public offering or otherwise;
 - (ii) The issuance or authorization of an additional class of capital stock of the Company;
 - (iii) The conversion of convertible preferred stock or debt of the Company into stock;
 - (iv) The payment of dividends except as provided in Section VIII (a).

The grant of an Option shall not affect in any way the right or power of the Company to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, to merge or consolidate or to dissolve, liquidate, sell or transfer all or part of its business assets.

IX. Legal Requirements.

Compliance with All Laws. The Company will not be required to issue or deliver any certificates for shares of Stock prior to the listing of any such Stock to be acquired pursuant to the exercise of any Option on any stock exchange on which the Stock may then be listed and the compliance with any registration requirements or qualification of such shares under any federal securities laws, including without limitation the Securities Act of (a) 1933, as amended (the “1933 Act”), the rules and regulations promulgated thereunder, or state securities laws and regulations, the regulations of any stock exchange or interdealer quotation system on which the Company's securities may then be listed, and/or obtaining any ruling or waiver from any government body which the Company may, in its sole discretion, determine to be necessary or advisable, or which, in the opinion of counsel to the Company, is otherwise required.

Compliance with Specific Code Provisions. It is the intent of the Company that the Plan and its administration conform strictly to the requirements of Section 422 of the Code with respect to Incentive Options. Therefore, (b) notwithstanding any other provision of this Plan, nothing herein will contravene any requirement set forth in Section 422 of the Code with respect to Incentive Options and if inconsistent provisions are otherwise found herein, they will be deemed void and unenforceable or automatically amended to conform, as the case may be.

Plan Subject to Delaware Law. All questions arising with respect to the provisions of the Plan will be determined (c) by application of the Code and the laws of the state of Delaware except to the extent that Delaware laws are preempted by any federal law.

X. Rights as a Stockholder.

An Optionee shall have no rights as a stockholder with respect to any Stock covered by his or her Option until the date of issuance of the stock certificate to him or her after receipt of the consideration in full set forth in the Option Agreement. Except as provided in Section VIII hereof, no adjustments will be made for dividends, whether ordinary or extraordinary, whether in cash, securities, or other property, or for distributions for which the record date is prior to the date on which the Option is exercised.

XI. Restrictions on Shares.

Prior to the issuance or delivery of any shares of the Stock under the Plan, the person exercising the Option may be required to:

(a) represent and warrant that the shares of the Stock to be acquired upon exercise of the Option are being acquired for investment for the account of such person and not with a view to resale or other distribution thereof;

represent and warrant that such person will not, directly or indirectly, sell, transfer, assign, pledge, hypothecate or otherwise dispose of any such share unless the sale, transfer, assignment, pledge, hypothecation or other (b) disposition of the shares is pursuant to the provisions of this Plan and effective registrations under the 1933 Act and any applicable state or foreign securities laws or pursuant to appropriate exemptions from any such registrations; and

execute such further documents as may reasonably be required by the Committee upon exercise of the Option or (c) any part thereof, including but not limited to any stock restriction agreement that the Committee may choose to require.

Nothing in this Plan shall assure any Optionee that shares issuable under this Option are registered on a Form S-8 under the 1933 Act or on any other Form. The certificate or certificates representing the shares of the Stock to be issued or delivered upon exercise of an Option may bear a legend evidencing the foregoing and other legends required by any applicable securities laws. Furthermore, nothing herein or any Option granted hereunder will require the Company to issue any Stock upon exercise of any Option if the issuance would, in the opinion of counsel for the Company, constitute a violation of the 1933 Act, applicable state securities laws, or any other applicable rule or regulation then in effect. The Company shall have no liability for failure to issue shares upon any exercise of Options because of a delay pending the meeting of any such requirements.

XII. Transferability.

The Committee shall retain the authority and discretion to permit a Non-statutory Option, but in no case an Incentive Option, to be transferable as long as such transfers are made only to one or more of the following: family members, limited to children of Grantee, spouse of Grantee, or grandchildren of Grantee, or trusts for the benefit of Grantee and/or such family members (“*Permitted Transferee*”), provided that such transfer is a bona fide gift and accordingly, the Grantee receives no consideration for the transfer, and that the Options transferred continue to be subject to the same terms and conditions that were applicable to the Options immediately prior to the transfer. Options are also subject to transfer by will or the laws of descent and distribution. Options granted pursuant to this Plan shall not be otherwise transferred, assigned, pledged, hypothecated or disposed of in any way, whether by operation of law or otherwise. A Permitted Transferee may not subsequently transfer an Option. The designation of a beneficiary shall not constitute a transfer.

XIII. No Right to Continued Employment.

This Plan and any Option granted under this Plan will not confer upon any Optionee any right with respect to continued employment or engagement by the Company nor shall they alter, modify, limit or interfere with any right or privilege of the Company under any employment agreement heretofore or hereafter executed with any Optionee, including the right to terminate any Optionee's employment or engagement at any time for or without cause, to change his or her level of compensation or to change his or her responsibilities or position.

XIV. Corporate Reorganizations.

Upon the dissolution or liquidation of the Company, or upon a reorganization, merger or consolidation of the Company as a result of which the outstanding securities of the class then subject to Options hereunder are changed into or exchanged for cash or property or securities not of the Company's issue, or upon a sale of substantially all the property of the Company to, or the acquisition of stock representing more than Eighty Percent (80%) of the voting power of the stock of the Company then outstanding by another corporation or person, the Plan will terminate and all Options will lapse. The result described above will not occur if provision is made in writing in connection with such transaction for the continuance of the Plan and/or for the assumption of Options earlier granted, or the substitution for such Options of Options covering the stock of a successor employer corporation, or a parent or a subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices, in which event the Plan and Options theretofore granted will continue in the manner and under the terms so provided. If the Plan and unexercised Options shall terminate pursuant to the foregoing, all persons holding any unexercised portions of Options then outstanding shall have the right at such time prior to the consummation of the transaction causing the termination as the Company shall designate, to exercise the unexercised portions of their options, including the portions thereof which would but for this Section XIV not yet be exercisable.

XV. Modification, Extension and Renewal.

Options. Subject to the conditions of and within the limitations prescribed in the Plan herein, the Committee may
(a) modify, extend, cancel or renew outstanding Options. Notwithstanding the foregoing, no modification will, without the prior written consent of the Optionee, alter, impair or waive any rights or obligations associated with any Option earlier granted under the Plan.

(b) Plan. The Board may at any time and from time to time interpret, amend or discontinue the Plan.

XVI. Plan Date and Duration.

The Plan shall take effect on the date it is adopted by the Board. This Plan shall expire Ten (10) years from the date it is approved by the Board.
