2 Safe Harbor Statement This presentation contains forward-looking statements regarding our trends, our strategies and the anticipated performance of our business, including our guidance for the full year of 2017. These statements are made as of today, and reflect management's current views and expectations, and are subject to various risks, uncertainties and assumptions. If this presentation is viewed after today, the information in the presentation may no longer be current or accurate. We disclaim any obligation to update or revise any forward-looking statements. Please refer to the Company's fourth quarter and full year 2017 financial results press release dated February 15, 2017, and the risk factors included in the company's filings with the Securities and Exchange Commission for discussion of important factors that may cause actual events or results to differ materially from those contained in our forward-looking statements. The guidance provided in this presentation was made on February 15, 2017. The Company does not update its guidance intra-quarter through investor presentations such as this. This presentation also includes certain non-GAAP metrics, such as non-GAAP gross margin, operating expenses, and operating loss, that we believe aid in the understanding of our financial results. A reconciliation to comparable GAAP metrics, on a

historical basis, can be found in the appendix section of this presentation.
