### 1 TO THE STOCKHOLDERS

---

#### General American Investors

Following three down years, the U.S. securities market rallied meaningfully, gaining 28.6% in the year ended December 31, 2003, as measured by our benchmark, the Standard & Poor's 500 Stock Index (including income). General American Investors' net asset value (NAV) per common share (assuming reinvestment of all dividends) increased 27.4%. The return to our common shareholders was 27% as the discount at which our shares trade widened slightly to 10.2% at year-end.

The table that follows, which compares our returns on an annualized basis with the S&P 500, illustrates that over many years General American has produced superior investment results.

Years	Stockholder Return	S&P 500
3	- 1.2%	-4.1%
5	9.8	-0.6
10	14.9	11.0
20	14.3	13.0
30	15.7	12.2
40	13.1	10.6

During 2003, the Company purchased 1,106,600 of its common shares in the open market at an average discount to NAV of 9.7%. The Board of Directors has authorized repurchases of common shares when they are trading at a discount in excess of 8% of NAV.

The cumulative return for our stockholders, as illustrated on pages 4 and 5, is close to the peak reached during the last 20 years. Total assets, meanwhile, are near \$1.2 billion, reflecting, in part, the redemption of \$150 million liquidation value of 7.20% Cumulative Preferred Stock and its replacement with \$200 million of 5.95% Cumulative Preferred Stock. The costs attending this refinancing were fully absorbed in the year just ended.

In the first half of last year, investor concerns were centered on the war in Iraq and on economic weakness and deflation, with the yield on 10-year treasury notes falling to near 3% as investors sought safety. By the end of the third quarter, spurred by the conclusion of the conventional war and aggressive monetary and fiscal policy, the economy was growing at a rapid 7% annualized

## Edgar Filing: GENERAL AMERICAN INVESTORS CO INC - Form N-CSR

pace and investors bid up share prices. Despite the sheltering effects of sharp gains in manufacturing productivity and low cost imports, inflation had become a focus of investor anxiety.

In 2004, an election year, it appears that the monetary authorities will retain their aggressive stance and that the economy will continue to grow with attendant gains in capital spending and employment. America's sizeable trade and budget deficits may continue to weigh on the dollar, however, leading to rising inflationary expectations and interest rates. Although inflation has increased at a rate of only around 2% as measured by the Consumer Price Index, other indicators of inflation like housing prices, energy and other commodity costs have risen more rapidly. Longer term, of course, chronically unbalanced finances cannot endure. With almost 80 million "baby boomers" scheduled to start collecting Social Security within the next five years and Medicare benefits within the next eight, a solution short of selling more bonds or printing money must be found.

The market has moved broadly higher accompanied by the emergence of extremely high valuations centered on technology stocks. Its future course should be determined by the sustainability of the economy's recovery and, while the equity markets are not likely to generate gains of the magnitude experienced last year, we are encouraged by the presence, currently, of select opportunities to invest in high quality companies at reasonable prices.

Information about the Company, including our investment objective, operating policies and procedures, investment results, record of dividend payments, financial reports and press releases, etc. is available on our website which can be accessed at [www.generalamericaninvestors.com](http://www.generalamericaninvestors.com).

2 THE COMPANY

---

General American Investors

Corporate Overview

General American Investors, established in 1927, is one of the nation's oldest closed-end investment companies. It is an independent organization, internally managed. For regulatory purposes, the Company is classified as a diversified, closed-end management investment company; it is registered under and subject to the regulatory provisions of the Investment Company Act of 1940.

Investment Policy

The primary objective of the Company is long-term capital appreciation. Lesser emphasis is placed on current income. In seeking to achieve its primary objective, the Company invests principally in common stocks believed by its management to have better than average growth potential.

The Company's investment approach focuses on the selection of individual stocks, each of which is expected to meet a clearly defined portfolio objective. A continuous investment research program, which stresses fundamental security analysis, is carried on by the officers and staff of the Company under the

## Edgar Filing: GENERAL AMERICAN INVESTORS CO INC - Form N-CSR

oversight of the Board of Directors. A listing of the directors with their principal affiliations, showing a broad range of experience in business and financial affairs, is on page 16 of this report.

### Portfolio Manager

Mr. Spencer Davidson has been responsible for the management of General American's portfolio since he was elected President and Chief Executive Officer of the Company in August 1995. Mr. Davidson, who joined the Company in 1994 as senior investment counselor, has spent his entire business career on Wall Street since first joining an investment and banking firm in 1966.

### "GAM" Common Stock

As a closed-end investment company, General American Investors does not offer its shares continuously. The Common Stock is listed on The New York Stock Exchange (symbol, GAM) and can be bought or sold with commissions determined in the same manner as all listed stocks. Net asset value is computed daily (on an unaudited basis) and is furnished upon request. It is also available on most electronic quotation services using the symbol "XGAMX." The figure for net asset value per share, together with the market price and the percentage discount or premium from net asset value as of the close of each week, is published in The New York Times, The Wall Street Journal and Barron's.

The ratio of market price to net asset value has shown considerable variation over a long period of time. While shares of GAM usually sell at a discount from their underlying net asset value, as do the shares of most other domestic equity closed-end investment companies, they, periodically, sell at a premium over net asset value. The last time the Company's shares sold at a premium for a prolonged period was the year-long period from March 1992 through April 1993. During 2003, the stock sold at discounts from net asset value which ranged from 8.1% (January 7 and April 24) to 10.9% (November 6). At December 31, the price of the stock was at a discount of 10.2% as compared with a discount of 9.9% a year earlier.

### "GAM Pr B" Preferred Stock

On September 24, 2003, the Company issued and sold in an underwritten offering 8,000,000 shares of its 5.95% Cumulative Preferred Stock, Series B with a liquidation preference of \$25 per share (\$200,000,000 in the aggregate).

The Preferred Shares are noncallable for 5 years, are rated "aaa" by Moody's Investors Service, Inc. and are listed and traded on The New York Stock Exchange (symbol, GAM Pr B).

### 3 THE COMPANY

---

#### General American Investors

The preferred capital is available to leverage the investment performance of the Common Stockholders. As is the case for leverage in general, it may also result in higher market volatility for the Common Stockholders.

#### Dividend Policy

The Company's dividend policy is to distribute to stockholders before year-end substantially all ordinary income estimated for the full year and capital gains realized during the ten-month period ending October 31 of that year. If any additional capital gains are realized or ordinary income is earned during the last two months of the year, a "spill-over" distribution of these amounts will be paid early in the following year to Common Stockholders. Dividends on shares

## Edgar Filing: GENERAL AMERICAN INVESTORS CO INC - Form N-CSR

of Preferred Stock are paid quarterly. Distributions from capital gains and ordinary income are allocated proportionately among holders of shares of Common Stock and Preferred Stock.

Dividends from income have been paid continuously on the Common Stock since 1939 and capital gain dividends in varying amounts have been paid for each of the years 1943-2003 (except for the year 1974). (A table listing dividends paid during the 20-year period 1984-2003 is shown at the bottom of page 6.) To the extent that shares can be issued, dividends are paid to Common Stockholders in additional shares of Common Stock unless the stockholder specifically requests payment in cash. Spill-over dividends of nominal amounts are paid in cash only.

### Proxy Voting Policies and Procedures

The policies and procedures used by General American Investors to determine how to vote proxies relating to portfolio securities are available: 1) without charge, upon request, by calling the Company at its toll-free number (1-800-436-8401), (2) on the Company's website at <http://www.generalamericaninvestors.com> and (3) on the Securities and Exchange Commission's website at <http://www.sec.gov>.

### Direct Registration

In December 2002, the Company initiated Direct Registration ("DR") for its Common Shareholders. DR is a system that allows for book-entry ownership and the electronic transfer of our Common Shares. Accordingly, when Common Shareholders, who hold their shares directly, receive new shares resulting from a purchase, transfer or dividend payment, they will receive a statement showing the credit of the new shares as well as their book-entry and certificated share balances. A brochure which describes the features and benefits of Direct Registration, including the ability of shareholders to deposit certificates with our transfer agent, is located at our Website - [www.generalamericaninvestors.com](http://www.generalamericaninvestors.com) - under Additional Information - Transfer Agent Services. The brochure can also be obtained by contacting our Corporate Secretary at 1-800-436-8401.

### Privacy Policy and Practices

General American Investors collects nonpublic personal information about its customers (stockholders) with respect to their transactions in shares of the Company's securities but only for those stockholders whose shares are registered in their names. This information includes the stockholder's address, tax identification or Social Security number and dividend elections. We do not have knowledge of, nor do we collect personal information about, stockholders who hold the Company's securities at financial institutions such as brokers or banks in "street name" registration.

We do not disclose any nonpublic personal information about our stockholders or former stockholders to anyone, except as permitted by law.

We restrict access to nonpublic personal information about our stockholders to those employees who need to know that information to provide services to our stockholders. We maintain physical, electronic and procedural safeguards that comply with federal standards to guard our stockholders' nonpublic personal information.

General American Investors

"Total return on \$10,000 investment 20 years ended December 31, 2003"

## Edgar Filing: GENERAL AMERICAN INVESTORS CO INC - Form N-CSR

The investment return for a common stockholder of General American Investors (GAM) over the 20 years ended December 31, 2003 is shown in the table below and in the accompanying chart. The return based on GAM's net asset value (NAV) per common share in comparison to the change in the Standard & Poor's 500 Stock Index (S&P 500) is also displayed. Each illustration assumes an investment of \$10,000 at the beginning of 1984.

The Stockholder Return is the return a common stock holder of GAM would have achieved assuming reinvestment of all optional dividends at the actual reinvestment price and reinvestment of all cash dividends at the average (mean between high and low) market price on the ex-dividend date.

The GAM Net Asset Value (NAV) Return is the return on shares of the Company's common stock based on the NAV per share, including the reinvestment of all dividends.

The S&P 500 Return is the time-weighted total rate of return on this widely-recognized, unmanaged index which is a measure of general stock market performance, including dividend income.

The results illustrated are a record of past performance and may not be indicative of future results.

12 NOTES TO FINANCIAL STATEMENTS

-----  
General American Investors  
-----

1. SIGNIFICANT ACCOUNTING POLICIES

General American Investors Company, Inc. (the "Company"), established in 1927, is registered under the Investment Company Act of 1940 as a closed-end, diversified management investment company. It is internally managed by its officers under the direction of the Board of Directors.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Certain prior year financial statement items have been reclassified to conform to the current year presentation.

a. SECURITY VALUATION Securities traded on securities exchanges or on the NASDAQ National Market System are valued at the last reported sales price on the last business day of the period. Listed and NASDAQ securities for which no sales are reported on that day and other securities traded in the over-the-counter market are valued at the last bid price (asked price for open short positions) on the valuation date. Corporate discount notes and U.S. Treasury bills are valued at amortized cost, which approximates market value. Special holdings are valued at fair value in the opinion of the Directors. In determining fair value, in the case of restricted shares, consideration is given to cost, operating and other financial data and, where applicable, subsequent private offerings or market price of the issuer's unrestricted shares (to which a 30 percent discount would be applied).

b. SHORT SALES The Company may make short sales of securities for either speculative or hedging purposes. When the Company makes a short sale, it borrows the securities sold short from a broker; in addition, the Company places cash with that broker and securities in a segregated account with the custodian, both as collateral for the short position. The Company may be required to pay a fee to borrow the securities and may also be obligated to pay any dividends declared on the borrowed securities. The Company will realize a gain if the security price decreases and a loss if the security price increases between the date of the short sale and the date on which the Company replaces the borrowed securities.

c. FEDERAL INCOME TAXES The Company's policy is to fulfill the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all taxable income to its stockholders. Accordingly, no provision for Federal income taxes is required.

d. OTHER COMPREHENSIVE INCOME Pursuant to FAS 87, the Company recognizes on an amortized basis the excess of the fair value of its pension plan assets over the present value of accumulated plan benefits.

## Edgar Filing: GENERAL AMERICAN INVESTORS CO INC - Form N-CSR

e. OTHER As customary in the investment company industry, securities transactions are recorded as of the trade date. Dividend income and distributions to stockholders are recorded as of the ex-dividend dates. Interest income, adjusted for amortization of discount and premium on investments, is earned from settlement date and is recognized on the accrual basis. Cost of short-term investments represents amortized cost.

---

### 2. CAPITAL STOCK AND DIVIDEND DISTRIBUTIONS

The authorized capital stock of the Company consists of 50,000,000 shares of Common Stock, \$1.00 par value, and 10,000,000 shares of Preferred Stock, \$1.00 par value, of which 29,789,263 shares and 8,000,000 shares, respectively, were outstanding at December 31, 2003.

On September 23, 2003, the Company redeemed all of its then outstanding 6,000,000 shares of 7.20% Tax-Advantaged Cumulative Preferred Stock, Series A, at a redemption price of \$25.00 per share. The Series A Preferred Shares were issued originally on June 19, 1998.

On September 24, 2003, the Company issued and sold 8,000,000 shares of its 5.95% Cumulative Preferred Stock, Series B in an underwritten offering. The Preferred Shares are noncallable for 5 years and have a liquidation preference of \$25.00 per share plus an amount equal to accumulated and unpaid dividends to the date of redemption. The underwriting discount and other expenses associated with the Preferred Stock offering amounted to \$6,700,000 and were charged to paid-in capital.

The Company is required to allocate distributions from long-term capital gains and other types of income proportionately among holders of shares of Common Stock and Preferred Stock. To the extent that dividends on the shares of Preferred Stock are not paid from long-term capital gains, they will be paid from ordinary income or net short-term capital gains or will represent a return of capital.

Under the Investment Company Act of 1940, the Company is required to maintain an asset coverage of at least 200% for the Preferred Stock. In addition, pursuant to the Rating Agency Guidelines, the Company is required to maintain a certain discounted asset coverage for its portfolio that equals or exceeds the Basic Maintenance Amount under the guidelines established by Moody's Investors Service, Inc. The Company has met these requirements since the issuance of the Preferred Stock. If the Company fails to meet these requirements in the future and does not cure such failure, the Company may be required to redeem in whole or in part, shares of Preferred Stock at a redemption price of \$25.00 per share plus accumulated and unpaid dividends (whether or not earned or declared). In addition, the Company's failure to meet the foregoing asset coverage requirements could restrict its ability to pay dividends on shares of Common Stock and could lead to sales of portfolio securities at inopportune times.

The holders of Preferred Stock have voting rights equivalent to those of the holders of Common Stock (one vote per share) and, generally, vote together with the holders of Common Stock as a single class.

At all times, holders of Preferred Stock will elect two members of the Company's Board of Directors and the holders of Preferred and Common Stock, voting as a single class, will elect the remaining directors. If the Company fails to pay dividends on the Preferred Stock in an amount equal to two full years' dividends, the holders of Preferred Stock will have the right to elect a majority of the directors. In addition, the Investment Company Act of 1940 requires that approval of the holders of a majority of any outstanding Preferred Shares, voting separately as a class, would be required to (a) adopt any plan of

## Edgar Filing: GENERAL AMERICAN INVESTORS CO INC - Form N-CSR

reorganization that would adversely affect the Preferred Stock and (b) take any action requiring a vote of security holders, including, among other things, changes in the Company's subclassification as a closed-end investment company or changes in its fundamental investment policies.

2. CAPITAL STOCK AND DIVIDEND DISTRIBUTIONS - (Continued from bottom of previous page.)

The Company classifies its Preferred Stock pursuant to the requirements of EITF D-98, Classification and Measurement of Redeemable Securities, which require that preferred stock for which its redemption is outside of the Company's control should be presented outside of net assets in the statement of assets and liabilities.

Transactions in Common Stock during 2003 and 2002 were as follows:

	SHARES		AMOUNT	
	2003	2002	2003	2002

### 3. OFFICERS' COMPENSATION AND RETIREMENT AND THRIFT PLANS

The aggregate compensation paid by the Company during 2003 and 2002 to its officers amounted to \$4,994,000 and \$4,419,000, respectively.

The Company has non-contributory retirement plans and a contributory thrift plan which cover substantially all employees. The costs to the Company and the assets and liabilities of the plans are not material. Costs of the plans are funded currently.

### 4. PURCHASES AND SALES OF SECURITIES

Purchases and sales of securities and securities sold short (other than short-term securities) during 2003 amounted to on long transactions \$205,428,471 and \$140,604,387, respectively, and on short sale transactions \$5,283,161 and \$12,815,368, respectively.

At December 31, 2003, the cost of investments for Federal income tax purposes was the same as the cost for financial reporting purposes.

### 6. OPERATING LEASE COMMITMENT

In July 1992, the Company entered into an operating lease agreement for office space which expires in 2007 and provides for future rental payments in the aggregate amount of approximately \$5.6 million. The lease agreement contains a clause whereby the Company received twenty months of free rent beginning in December 1992 and escalation clauses relating to operating costs and real property taxes.

Rental expense approximated \$304,600 for 2003. Minimum rental commitments under the operating lease are approximately \$505,000 per annum in 2004 through 2007.

In January 2003, the Company extended a sublease agreement (originally entered into in March 1996) which expires in 2007 and provides for future rental receipts. Minimum rental receipts under the sublease are approximately \$254,000 per annum in 2004 through 2007. The Company will also receive its proportionate share of operating expenses and real property taxes under the sublease.

### 15 REPORT OF INDEPENDENT AUDITORS

-----  
General American Investors

TO THE BOARD OF DIRECTORS AND STOCKHOLDERS OF GENERAL AMERICAN INVESTORS COMPANY, INC.

We have audited the accompanying statement of assets and liabilities, including the statements of investments and securities sold short, of General American Investors Company, Inc. as of December 31, 2003, and the related statements of operations and changes in net assets for each of the two years in the period then ended, and financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2003, by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of General American Investors Company, Inc. at December 31, 2003, the results of its operations and the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States.

registrant by Ernst & Young LLP must be pre-approved by the audit committee. All services performed during 2003 and 2002 were pre-approved by the committee.

(2) Not applicable.

(f) Not applicable.

(g) The aggregate fees paid or accrued by the registrant for non-audit professional services rendered by Ernst & Young LLP to the registrant for 2003 and 2002 were \$61,400 and \$42,500, respectively.

(h) Not applicable.

### ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

(a) The registrant has a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The members of audit committee are: Sidney R. Knafel, chairman, Arthur G. Altschul, Jr., Lawrence B. Buttenwieser, Lewis B. Cullman and John D. Gordan, III.

(b) Not applicable.

### ITEM 6. [RESERVED BY SEC FOR FUTURE USE.]

### ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

General American Investors Company, Inc.

#### PROXY VOTING POLICIES AND PROCEDURES

General American Investors Company, Inc. (the "Company") is uniquely structured as an internally managed closed-end investment company. Our research efforts, including the receipt and analysis of proxy material, are focused on the securities in the Company's portfolio, as well as alternative investment opportunities. We vote proxies relating to our portfolio securities in the best long-term interests of the Company.

Our investment approach stresses fundamental security analysis, which includes an evaluation of the integrity, as well as the effectiveness of management personnel. In proxy material, we review management proposals and management recommendations relating to shareholder proposals in order to, among other things, gain assurance that management's positions are consistent with its integrity and the long-term interests of the company. We generally find this to be the case and, accordingly, give significant weight to the views of management when we vote proxies.

Proposals that may have an impact on the rights or privileges of the securities held by the Company would be reviewed very carefully. The explanation for a negative impact could justify the proposal; however, if such justification were not present, we would vote against a significant reduction in the rights or privileges associated with any of our holdings.

Proposals relating to corporate governance matters are reviewed on a case-by-case basis. When they involve changes in the state of incorporation, mergers or other restructuring, we would, if necessary, complete our review of the rationale for the proposal by contacting company representatives and, with few exceptions, vote in favor of management's recommendations. Proposals relating to anti-takeover provisions, such as staggered boards, poison pills and supermajorities could be more problematic. They would be considered in light of

## Edgar Filing: GENERAL AMERICAN INVESTORS CO INC - Form N-CSR

our assessment of the capability of current management, the duration of the proposal, the negative impact it might have on the attractiveness of the company to future "investors," among other factors. We can envision circumstances under which we would vote against an anti-takeover provision.

Generally, we would vote with management on proposals relating to changes to the company's capital structure, including increases and decreases of capital and issuances of preferred stock; however, we would review the facts and circumstances associated with each proposal before finalizing our decision.

Well-structured stock option plans and management compensation programs are essential for companies to attract and retain high caliber management personnel. We generally vote in favor of proposals relating to these issues; however, there could be an occasion on which we viewed such a proposal as over reaching on the part of management or having the potential for excessive dilution when we would vote against the proposal.

Corporations should act in a responsible manner toward their employees, the communities in which they are located, the customers they serve and the world at large. We have observed that most stockholder proposals relating to social issues focus on a narrow issue and the corporate position set forth in the proxy material provides a well-considered response demonstrating an appropriate and responsible action or position. Accordingly, we generally support management recommendations on these types of proposals; however, we would consider each proposal on a case-by-case basis.

We take voting proxies of securities held in our portfolio very seriously. As indicated above, it is an integral part of the analytical process at General American Investors. Each proposal and any competing interests are reviewed carefully on a case-by-case basis. Generally, we support and vote in accordance with the recommendations of management; however, the overriding basis for the votes we cast is the best long-term interests of the Company.

### ITEM 10. CONTROLS AND PROCEDURES.

Conclusions of principal officers concerning controls and procedures

(a) As of February 3, 2004, an evaluation was performed under the supervision and with the participation of the officers of General American Investors Company, Inc. (the "Company"), including the principal executive officer ("PEO") and principal financial officer ("PFO"), of the effectiveness of the Company's disclosure controls and procedures. Based on that evaluation, the Company's officers, including the PEO and PFO, concluded that, as of February 3, 2004, the Company's disclosure controls and procedures were reasonably designed so as to ensure that material information relating to the Company is made known to the PEO and PFO.

(b) There have been no significant changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Investment
