Edgar Filing: GENERAL MOTORS CORP - Form 424B2

We will use the net proceeds (approximately \$508,000,000 after deducting underwriting discounts, commissions and expenses or approximately \$557,000,000 if the underwriters exercise their over-allotment option in full) for general corporate purposes, including the repayment of existing indebtedness.

S-3

DESCRIPTION OF THE BONDS

General

The following description of the particular terms of the Bonds offered hereby supplements and, to the extent that the terms are inconsistent, replaces the description of the general terms and provisions of the Debt Securities set forth in the accompanying prospectus. The Bonds are part of the Debt Securities registered by GM in August 1998 to be issued on terms to be determined at the time of sale.

The Bonds offered hereby will be issued in an initial aggregate principal amount of \$525,000,000 pursuant to an Indenture dated as of December 7, 1995, between us and Citibank, N.A. (the "Trustee"), which is more fully described in the accompanying prospectus and the Bonds have been authorized and approved by resolution of our Board of Directors.

The Indenture and the Bonds are governed by, and construed in accordance with, the laws of the State of New York, United States.

The Bonds will be unsecured obligations of GM and will rank equally with all other unsecured and unsubordinated indebtedness of GM. The Bonds will mature on April 15, 2041. The Bonds are expected to be listed on the New York Stock Exchange. The Bonds will bear interest, calculated on the basis of a 360-day year consisting of twelve 30 day months, from April 30, 2001 at a rate of 7.25% per annum, payable on January 15, April 15, July 15 and October 15 of each year, the first payment to be made on July 15, 2001, to the person in whose name the Bonds are registered at the close of business on the last day of the month preceding such January 15, April 15, July 15 or October 15.

If any January 15, April 15, July 15 or October 15 falls on a day that is not a Business Day, then payment of interest will be made on the next succeeding Business Day with the same force and effect as if made on such date.

The Bonds will be issued in book-entry form. See "Book-Entry, Delivery and Form" in the accompanying prospectus.

We may from time to time, without notice to or the consent of the registered holders of the Bonds, create and issue further Bonds ranking pari passu with the Bonds in all respects, or in all respects except for the payment of interest accruing prior to the issue date of such further Bonds or except for the first payment of interest following the issue date of such further Bonds. Such further Bonds may be consolidated and form a single series with the Bonds and have the same terms as to status, redemption or otherwise as the Bonds.

S-4

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

Optional Redemption

We may not redeem the Bonds before April 30, 2006, except for tax reasons as described below under "Redemption for Tax Reasons." On and after April 30, 2006, we may redeem the Bonds, at our option and at any time, in whole or in part at a redemption price equal to 100% of their principal amount plus accrued and unpaid interest up to but not including the date of redemption.

Redemption for Tax Reasons

We may elect to redeem the Bonds, in whole but not in part, at any time at a redemption price of 100% of their principal amount, plus accrued and unpaid interest up to but not including the redemption date, if on or after April 30, 2001, a change in the U.S. tax laws results in a substantial likelihood that we will not be able to deduct the full amount of interest accrued on the Bonds for U.S. federal income tax purposes.

The Bonds describe a change in tax laws broadly and permit us to redeem because of:

- o any actual or proposed change in or amendment to the laws of the U.S. or regulations or rulings promulgated under those laws;
- o any change in the way those laws, rulings or regulations are interpreted, applied or enforced;
- o any action taken by a taxing authority that applies to us;
- o any court decision, whether or not in a proceeding involving us; or
- o any technical advice memorandum, letter ruling or administrative pronouncement issued by the U.S. Internal Revenue Service, based on a fact pattern substantially similar to ours.

Selection and Notice

We will mail notices of redemption by first-class mail at least 30 and not more than 60 days prior to the date fixed for redemption to each registered holder of the Bonds to be redeemed at its registered address. If we redeem less than all of the Bonds at any time, the trustee will select the Bonds to be redeemed on a pro rata basis, by lot or by such other method directed by us. The trustee will make that selection not more than 45 days before the redemption date.

Trading Characteristics

We expect the Bonds to trade at a price that takes into account the value, if any, of accrued but unpaid interest. This means that purchasers will not pay, and sellers will not receive, accrued and unpaid interest on the Bonds that is not included in their trading price. Any portion of the trading price of a Bond that is attributable to accrued interest will be treated as ordinary interest income for federal income tax purposes and will not be treated as part of the amount realized for purposes of determining gain or loss on the disposition of the Bonds. See "U.S. Tax Considerations" below.

S-5

U.S. TAX CONSIDERATIONS

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

The following summary describes the material U.S. federal income and certain estate tax consequences of ownership and disposition of the Bonds to an initial investor purchasing a Bond at its "issue price" that is, the first price to the public at which a substantial amount of the Bonds in an issue is sold (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof (the "Code"), administrative pronouncements, judicial decisions and existing and proposed Treasury regulations, and interpretations of the foregoing, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein, possibly with retroactive effect. This summary discusses only Bonds held as capital assets within the meaning of Section 1221 of the Code. It does not discuss all of the tax consequences that may be relevant to holders in light of their particular circumstances or to holders subject to special rules, such as certain financial institutions, insurance companies, dealers in securities, partnerships or other entities classified as partnerships for U.S. federal income tax purposes, persons holding Bonds in connection with a hedging transaction, "straddle," conversion transaction or other integrated transaction, or persons who have ceased to be U.S. citizens or to be taxed as resident aliens.

Prospective investors should consult their tax advisers with regard to the application of U.S. federal tax laws to their particular situations, as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

U.S. Holders

"U.S. Holder" means a beneficial owner of a Bond that is, for U.S. federal income tax purposes, (i) a citizen or resident of the U.S., (ii) a corporation or other entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the U.S. or any political subdivision, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source, (iv) a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and (b) one or more United States persons have the authority to control all substantial decisions of the trust, or (v) any other holder whose income with respect to a Bond is effectively connected with such holder's conduct of a U.S. trade or business.

Payments of Interest

Stated interest on a Bond will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the U.S. Holder's method of accounting for tax purposes.

Sale, Exchange or Retirement

Upon the sale, exchange or retirement of a Bond, a U.S. Holder will recognize taxable gain or loss equal to the difference between the U.S. Holder's adjusted tax basis in the Bond and the amount realized on the sale, exchange or retirement. For these purposes, the amount realized does not include unpaid interest that has accrued to the date of sale but has not previously been included in income. (See "Description of the Bonds --- Trading Characteristics.") Such amounts are treated as interest as described under "Payment of Interest" above.

S-6

A U.S. Holder's adjusted tax basis in a Bond will generally equal the cost of the Bond to the U.S. Holder. Gain or loss realized on the sale, exchange or retirement of a Bond will be capital gain or loss. Prospective investors should

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

consult their tax advisers regarding the treatment of capital gains (which may be taxed at lower rates than ordinary income for taxpayers who are individuals, trusts or estates and have held their Bonds for more than one year) and losses (the deductibility of which is subject to limitations).

Non-U.S. Holders

"Non-U.S. Holder" means a beneficial owner of a Bond that is, for U.S. federal income tax purposes, (i) a nonresident alien individual, (ii) a foreign corporation or (iii) a nonresident alien fiduciary of a foreign estate or trust.

Under present U.S. federal tax law, and subject to the discussion below concerning backup withholding:

- (a) Payments of principal, interest and premium on the Bonds to any Non-U.S. Holder will be exempt from the 30% U.S. federal withholding tax, provided that in the case of interest, the Non-U.S. Holder does not own, actually or constructively, 10% or more of the total combined voting power of all classes of our stock entitled to vote, is not a controlled foreign corporation related, directly or indirectly, to us through stock ownership, and is not a bank receiving certain types of interest. Interest will not, however, be exempt from withholding tax unless the beneficial owner of the Bond certifies generally on Internal Revenue Service ("IRS") Form W-8BEN under penalties of perjury that it is not a U.S. person. Prospective investors, including foreign partnerships and their partners should consult their tax advisers regarding possible additional reporting requirements;
- (b) a Non-U.S. Holder of a Bond will not be subject to U.S. federal income tax on gain realized on the sale, exchange or other disposition of the Bond, unless (i) the Non-U.S. Holder is an individual who is present in the U.S. for 183 days or more in the taxable year of the disposition, and either the gain is attributable to an office or other fixed place of business maintained by the individual in the U.S. or, generally, the individual has a "tax home" in the U.S. or (ii) the gain is effectively connected with the Holder's conduct of a trade or business in the U.S.; and
- (c) a Bond held by an individual who is not, for U.S. estate tax purposes, a resident or citizen of the U.S. at the time of his death generally will not be subject to U.S. federal estate tax as a result of the individual's death, provided that the individual does not own, actually or constructively, 10% or more of the total combined voting power of all classes of our stock entitled to vote and, at the time of the individual's death, payments with respect to the Bond would not have been effectively connected to the conduct by the individual of a trade or business in the U.S.

If a Non-U.S. Holder of a Bond is engaged in a trade or business in the U.S., and if interest on the Bond (or gain realized on its sale, exchange or other disposition) is effectively connected with the conduct of the trade or business, the Non-U.S. Holder, although exempt from the withholding tax discussed in the preceding paragraphs, will be subject to regular U.S. income

S-7

tax on the effectively connected income, generally in the same manner as if it were a U.S. Holder. See "U.S. Holders" above. In lieu of Form W-8BEN, the non-U.S. Holder will be required to provide to the withholding agent a properly executed IRS Form W-8ECI to claim an exemption from withholding tax. In addition, if the Non-U.S. Holder is a foreign corporation, it may be subject to a 30% branch profits tax (unless reduced or eliminated by an applicable treaty) on its earnings and profits for the taxable year attributable to the

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

effectively connected income, subject to certain adjustments.

Backup Withholding and Information Reporting

U.S. Holders

A 31% backup withholding tax and information reporting requirements apply to certain payments of principal of and interest on an obligation, and to proceeds of disposition of an obligation, to certain noncorporate U.S. Holders if such holders fail to provide correct taxpayer identification numbers and other information or fail to comply with certain other requirements. We, our paying agent, or a broker, as the case may be, will be required to withhold from any payment that is subject to backup withholding a tax equal to 31% of such payment unless the holder furnishes its taxpayer identification number in the manner prescribed in applicable Treasury regulations (generally on an IRS Form W-9) and certain other conditions are met.

Non-U.S. Holders

Backup withholding will not apply to payments of interest made on a Bond or to proceeds from a sale or other disposition of a Bond if the certifications required to claim the exemption from withholding tax or interest described above are received, provided that we or our paying agent, as the case may be, do not have actual knowledge that the payee is a U.S. person.

Holders of Bonds should consult their tax advisers regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom and the procedure for obtaining such an exemption, if available. Backup withholding is not an additional tax. Any amounts withheld from a payment to a holder under the backup withholding rules will be allowed as a credit against such holder's U.S. federal income tax liability and may entitle the holder to a refund, provided that the required information is furnished to the IRS.

The Representative of the underwriters has advised us that the underwriters propose initially to offer the Bonds to the public at the offering price set forth on the cover page of this prospectus supplement and to certain

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

securities dealers at such price less a concession of \$0.50 per Bond. The underwriters may allow, and such dealers may reallocate a concession not in excess of \$0.45 per Bond to certain brokers and dealers. After the initial public offering, the public offering price and concession may be changed.

We have granted the underwriters a right to request from us the opportunity to purchase up to an additional \$50,000,000 aggregate principal amount of Bonds to cover overallocments, if any, at the initial offering price to the public less the underwriting discounts set forth above and within 30 days from the date of this prospectus supplement. Whether or not to approve the underwriters' request is totally at our discretion. To the extent that we approve of the exercise of such option and the underwriters exercise such option, each of the underwriters will have a firm commitment, subject to certain conditions, to purchase from us approximately the same percentages of the aggregate principal amount of Bonds as the amount set forth next to such underwriter's name in the above table bears to the aggregate principal amount of Bonds set forth as the total to be purchased in the above table.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

Prior to the offering, there has been no public market for the Bonds. We intend to list the Bonds on the New York Stock Exchange, and we expect trading in the Bonds on the New York Stock Exchange to begin within 30 days after the original issue date. In order to meet one of the requirements for listing the Bonds, the underwriters will undertake to sell lots of 100 or more Bonds to a minimum of 400 beneficial holders.

The Bonds are a new issue of securities with no established trading market. The underwriters have advised us that the underwriters intend to make a market in the Bonds but are not obligated to do so and may discontinue market making at any time without notice. Neither we nor the underwriters can assure you that the trading market for the Bonds will be liquid.

In connection with the sale of the Bonds, certain of the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Bonds. Specifically, the underwriters may overallocate the offering, creating a short position. In addition, the underwriters may bid for and purchase the Bonds in the open market to cover short positions or to stabilize the price of the Bonds. Any of these activities may stabilize or maintain the market price of the Bonds above independent market levels. The underwriters will not be required to engage in these activities, and may end any of these activities at any time.

S-10

We will deliver the Bonds to the underwriters at the closing of this offering when the underwriters pay us the purchase price of the Bonds. The underwriting agreement provides that the closing will occur on April 30, 2001, which is six business days after the date of this prospectus supplement. Rule 15c6-1 under the Securities Exchange Act of 1934 generally requires that securities trades in the secondary market settle in three business days, unless the parties to a trade expressly agree otherwise.

In the ordinary course of their respective businesses, the agents and their affiliates have engaged, and will in the future engage, in commercial banking and investment banking transactions with GM and certain of our affiliates for which they have received customary fees and expenses.

DESCRIPTION OF DEBT SECURITIES

The following description of the terms of the Debt Securities sets forth certain general terms and provisions of the Debt Securities to which any Prospectus Supplement may relate. The particular terms of the Debt Securities in respect of which this Prospectus is being delivered and the extent, if any, to which such general provisions may not apply thereto will be described in the Prospectus Supplement relating to such Debt Securities.

The Debt Securities offered hereby are to be issued under an Indenture (the "Indenture"), dated as of December 7, 1995, between the Corporation and Citibank, N.A., as Trustee (the "Trustee"), a copy of which is filed as an exhibit to the Registration Statement. The following statements are subject to the detailed provisions of the Indenture. Numerical references in parentheses below are to sections in the Indenture. Wherever particular provisions of the Indenture are referred to, such provisions are incorporated by reference as a part of the statements made, and the statements are qualified in their entirety by such reference. Capitalized terms used in this description but not defined herein have the meanings provided in the Indenture.

The Indenture provides that, in addition to the Debt Securities offered hereby, additional Debt Securities may be issued thereunder without limitation as to aggregate principal amount, except as authorized from time to time by the Corporation's Board of Directors. (Section 2.01 of the Indenture.)

GENERAL

Reference is made to the Prospectus Supplement relating to the particular series of Debt Securities offered thereby for the following terms of the Debt Securities (to the extent such terms are applicable to such Debt Securities):

- (i) the designation of such Debt Securities;
- (ii) the authorized denominations and the aggregate principal amount of such Debt Securities;
- (iii) the percentage of their principal amount at which such Debt Securities will be issued;
- (iv) the date or dates on which such Debt Securities will mature (or the manner of determining the same);
- (v) the rate or rates per annum, if any, which may be fixed or variable, at which such Debt Securities will bear interest, if any, and, if the rate is variable, the manner of calculation thereof;
- (vi) the date or dates from which interest, if any, shall accrue or the method by which such date or dates shall be determined and the date or dates at which such interest, if any, will be payable and the record dates therefor;

- (vii) the period or periods within which, the terms and conditions upon which, such Debt Securities may be redeemed and the redemption price or prices;
- (viii) any mandatory or optional sinking fund or analogous provisions;
- (ix) the provisions, if any, for the defeasance of the Debt Securities;
- (x) the form (registered or bearer) in which Debt Securities may be issued, any restrictions applicable to the exchange of one form for another and to the offer, sale and delivery of Debt Securities in either form;
- (xi) whether and under what circumstances the Corporation will pay additional amounts (the "Additional Amounts") on Debt Securities held by a person who is not a United States person (as defined in the Prospectus Supplement) in respect of specified taxes, assessments or other governmental charges withheld or deducted, and if so, whether the Corporation has the option to redeem the affected Debt Securities rather than pay such Additional Amounts;
- (xii) the Specified Currency for which such Debt Securities may be purchased and the Specified Currency in which the principal of, and premium, if any, and interest, if any, on, such Debt Securities may be payable;
- (xiii) the exchanges, if any, on which such Debt Securities may be listed;
- (xiv) whether such Debt Securities are to be issued in book-entry form and, if so, the identify of the Depositary for such book-entry Securities;
- (xv) the place or places where the principal of, premium, if any, and interest, if any, on the Debt Securities will be payable; and
- (xvi) any other specific terms of the Debt Securities, including any additional covenants applicable to such Debt Securities and any terms which may be required or advisable under applicable laws or regulations. (Sections 2.04 and 4.02 of the Indenture.)

The Debt Securities will be unsecured and will rank equally and ratably with all other unsecured and unsubordinated indebtedness of the Corporation (other than obligations preferred by mandatory provisions of law).

Unless otherwise specified in a Prospectus Supplement, principal, premium, if any, interest, if any, and Additional Amounts, if any, will be payable, and, unless the Debt Securities are issued in book-entry form, the Debt Securities offered hereby will be transferable, at the office of the Trustee, 111 Wall Street, New York, New York 10043, provided that payment of interest may be made at the option of the Corporation by check mailed to the address of the person entitled thereto. Principal of and premium, if any, interest, if any, and Additional Amounts, if any, on Debt Securities in bearer form, and coupons appertaining thereto (the "Coupons"), if any, will be payable against surrender of such Debt Securities or Coupons, as the case may be, subject to any applicable laws and regulations, at such paying agencies outside the United States as the Corporation may appoint from time to time at the places and subject to the restrictions set forth in the Indenture, the Debt Securities and the Prospectus Supplement. (Section 4.02 of the Indenture.) Debt Securities in bearer form and the Coupons, if any, appertaining thereto will be transferable

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

by delivery. No service charge will be made for any transfer or exchange of such Debt Securities, but the Corporation may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. (Section 2.05 of the Indenture.)

Debt Securities may be issued, from time to time, with the principal amount payable on any principal payment date, or the amount of interest payable on any interest payment date, to be determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such Debt Securities may receive a principal amount on any principal payment date, or a payment of interest on any interest payment date, that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value on such dates of the applicable currencies, commodities, equity indices or other factors. Information as to the methods for determining the amount of principal or interest payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked and certain additional United States Federal income tax considerations will be set forth in the Prospectus Supplement relating thereto.

4

As used herein, the term Debt Securities shall include Debt Securities denominated in United States dollars or, at the option of the Corporation if so specified in the applicable Prospectus Supplement, in any other freely transferable currency or units based on or relating to foreign currencies, including European Currency Units.

If a Prospectus Supplement specifies that Debt Securities are denominated in a currency or currency unit other than United States dollars, such Prospectus Supplement shall also specify the denominations in which such Debt Securities will be issued and the coin or currency in which the principal, premium, if any, and interest, if any, on such Debt Securities, will be payable, which may be United States dollars based upon the exchange rate for such other currency existing on or about the time a payment is due.

Some of the Debt Securities may be issued as discounted Debt Securities (bearing no interest or interest at a rate which at the time of issuance is below market rates) to be sold at a substantial discount below their stated principal amount. Special considerations applicable to the Debt Securities of any series, including any United States Federal income tax consequences applicable to any discounted Debt Securities or to certain Debt Securities issued at par which are treated as having been issued at discount or to Debt Securities denominated or payable in foreign currencies or currency units, will be described in the Prospectus Supplement relating thereto.

If a Prospectus Supplement specifies that the Debt Securities will have a redemption option, the "Option to Elect Repurchase" constitutes an issuer tender offer under the Exchange Act. The Corporation will comply with all issuer tender offer rules and regulations under the Exchange Act, including Rule 14e-1, if such redemption option is elected, including making any required filings with the Commission and the furnishing of certain information to the holders of the Debt Securities.

BOOK-ENTRY SECURITIES - DELIVERY AND FORM

Unless otherwise indicated in the Prospectus Supplement, the Debt Securities will be issued in the form of one or more fully registered global securities (collectively, the "Registered Global Debt Securities") which will be deposited with or on behalf of The Depository Trust Corporation ("DTC") or other depository (DTC or such other depository as is specified in the applicable Prospectus Supplement is herein referred to as the "Depository") and registered

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

in the name of the Depositary or the Depositary's nominee. No single Registered Global Security shall exceed U.S.\$200,000,000. Except as set forth below, the Registered Global Debt Securities may be transferred, in whole and not in part, only to another nominee of the Depositary or to a successor of the Depositary or its nominee.

DTC has advised the Corporation that it is a limited-purpose trust company organized under the laws of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the Exchange Act. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers (including the agents and/or underwriters named in any Prospectus Supplement), banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. Persons who are not participants may beneficially own securities held by DTC only through participants. The rules applicable to DTC and its participants are on file with the Commission.

5

Upon the issuance by the Corporation of Securities represented by a Registered Global Debt Security, the Depositary will credit, on its book-entry registration and transfer system, the participants' accounts with, the respective principal amounts of the Securities represented by such Registered Global Debt Security beneficially owned by such participants. The accounts to be credited shall be designated by the agents, underwriters or dealers participating in the distribution of such Securities, or the Corporation, if such Securities are offered and sold directly by the Corporation, as the case may be. Ownership of beneficial interests in a Registered Global Debt Security will be limited to participants or persons that hold interests through participants. Ownership of beneficial interests in Securities represented by a Registered Global Debt Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depositary (with respect to interests of participants in the Depositary), or by participants in the Depositary or persons that may hold interests through such participants (with respect to persons other than participants in the Depositary). The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a Registered Global Debt Security.

So long as the Depositary for a Registered Global Debt Security, or its nominee, is the registered owner of the Registered Global Debt Security, the Depositary or its nominee, as the case may be, will be considered the sole owner or holder of the Book-Entry Securities represented by such Registered Global Debt Security for all purposes under the Indenture. Except as provided below, owners of beneficial interests in Book-Entry Securities represented by a Registered Global Debt Security or Securities will not be entitled to have Book-Entry Securities represented by such Registered Global Debt Securities registered in their names, will not receive or be entitled to receive physical delivery of Book-Entry Securities in definitive form and will not be considered the owners or holders thereof under the Indenture.

Accordingly, each person owning a beneficial interest in a Registered Global Debt Security must rely on the procedures of the Depositary and, if such

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the Indenture or a Registered Global Debt Security. The Corporation understands that under existing policy of the Depositary and industry practices, in the event that the Corporation requests any action of holders or that an owner of a beneficial interest in such a Registered Global Debt Security desires to give any notice or take any action which a holder is entitled to give or take under the Indenture or a Registered Global Debt Security, the Depositary would authorize the participants holding the relevant beneficial interests to give such notice or take such action. Any beneficial owner that is not a participant must rely on the contractual arrangements it has directly, or indirectly through its financial intermediary, with a participant to give such notice or take such action.

Payments of principal of, premium, if any, and interest, if any, on, the Securities represented by a Registered Global Debt Security registered in the name of the Depositary or its nominee will be made by the Corporation through the Trustee to the Depositary or its nominee, as the case may be, as the registered owner of a Registered Global Debt Security. None of the Corporation, the Trustee, any paying agent or any other agent of the Corporation will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of a Registered Global Debt Security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. The Corporation expects that the Depositary, upon receipt of any payment of principal, premium, if any, or interest, if any, in respect of a Registered Global Debt Security, will immediately credit the accounts of the related participants with payment in amounts proportionate to their respective holdings in principal amount of beneficial interest in such Registered Global Debt Security as shown on the records of the Depositary. The Corporation also expects that payments by participants to owners of beneficial interests in a Registered Global Debt Security will be governed by standing customer instructions and customary practices as is now the case with securities held for the accounts of customers in bearer form or registered in "street name" and will be the responsibility of such participants.

If the Depositary is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency under the Exchange Act and a successor depositary registered as a clearing agency under the Exchange Act is not appointed by the Corporation within 90 days, the Corporation will issue Debt

Securities in definitive form in exchange for all the Registered Global Debt Securities. In addition, the Corporation may at any time, and in its sole discretion, determine not to have the Debt Securities represented by the Registered Global Debt Securities and, in such event, will issue Debt Securities in definitive form in exchange for all the Registered Global Debt Securities. In either instance, an owner of a beneficial interest in Registered Global Debt Securities will be entitled to have Debt Securities equal in principal amount to such beneficial interest registered in its name and will be entitled to physical delivery of such Debt Securities in definitive form. Debt Securities so issued in definitive form will be issued in denominations of \$1,000 and integral multiples thereof and will be issued in registered form only, without Coupons; however, Medium-Term Notes issued pursuant to a Prospectus Supplement will be issued in denominations of \$100,000 or any amount in excess thereof which is an integral multiple of \$1,000 (or in such other denominations as shall be provided in an applicable Pricing Supplement) and will be issued in registered form only, without Coupons. No service charge will be made for any transfer or exchange of such Debt Securities, but the Corporation may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

therewith. (Section 2.05 of the Indenture.)

The Debt Securities of a series may also be issued in the form of one or more bearer global securities (a "Bearer Global Debt Security") that will be deposited with a common depository for the Euroclear System and Cedel Bank, societe anonyme or with a nominee for such depository identified in the Prospectus Supplement relating to such series. The specific terms and procedures, including the specific terms of the depository arrangement, with respect to any portion of a series of Debt Securities to be represented by a Bearer Global Debt Security will be described in the Prospectus Supplement relating to such series.

CERTAIN COVENANTS

DEFINITIONS APPLICABLE TO COVENANTS. The following definitions shall be applicable to the covenants specified below:

(i) "Attributable Debt" means, at the time of determination as to any lease, the present value (discounted at the actual rate, if stated, or, if no rate is stated, the implicit rate of interest of such lease transaction as determined by the chairman, president, any vice chairman, any vice president, the treasurer or any assistant treasurer of the Corporation), calculated using the interval of scheduled rental payments under such lease, of the obligation of the lessee for net rental payments during the remaining term of such lease (excluding any subsequent renewal or other extension options held by the lessee). The term "net rental payments" means, with respect to any lease for any period, the sum of the rental and other payments required to be paid in such period by the lessee thereunder, but not including, however, any amounts required to be paid by such lessee (whether or not designated as rental or additional rental) on account of maintenance and repairs, insurance, taxes, assessments, water rates, indemnities or similar charges required to be paid by such lessee thereunder or any amounts required to be paid by such lessee thereunder contingent upon the amount of sales, earnings or profits or of maintenance and repairs, insurance, taxes, assessments, water rates, indemnities or similar charges; provided, however, that, in the case of any lease which is terminable by the lessee upon the payment of a penalty in an amount which is less than the total discounted net rental payments required to be paid from the later of the first date upon which such lease may be so terminated and the date of the determination of net rental payments, "net rental payments" shall include the then-current amount of such penalty from the later of such two dates, and shall exclude the rental payments relating to the remaining period of the lease commencing with the later of such two dates.

(ii) "Debt" means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.

7

(iii) "Manufacturing Subsidiary" means any Subsidiary (A) substantially all the property of which is located within the continental United States of America, (B) which owns a Principal Domestic Manufacturing Property and (C) in which the Corporation's investment, direct or indirect and whether in the form of equity, debt, advances or otherwise, is in excess of \$2,500,000,000 as shown on the books of the Corporation as of the end of the fiscal year immediately preceding the date of determination; provided, however, that "Manufacturing Subsidiary" shall not include Hughes Electronics

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

Corporation and its Subsidiaries, General Motors Acceptance Corporation and its Subsidiaries (or any corporate successor of any of them) or any other Subsidiary which is principally engaged in leasing or in financing installment receivables or otherwise providing financial or insurance services to the Corporation or others or which is principally engaged in financing the Corporation's operations outside the continental United States of America.

(iv) "Mortgage" means any mortgage, pledge, lien, security interest, conditional sale or other title retention agreement or other similar encumbrance.

(v) "Principal Domestic Manufacturing Property" means any manufacturing plant or facility owned by the Corporation or any Manufacturing Subsidiary which is located within the continental United States of America and, in the opinion of the Board of Directors, is of material importance to the total business conducted by the Corporation and its consolidated affiliates as an entity.

(vi) "Subsidiary" means any corporation of which at least a majority of the outstanding stock having by the terms thereof ordinary voting power to elect a majority of the board of directors of such corporation (irrespective of whether or not at the time stock of any other class or classes of such corporation shall have or might have voting power by reason of the happening of any contingency) is at the time owned by the Corporation, or by one or more Subsidiaries, or by the Corporation and one or more Subsidiaries. (Section 4.08 of the Indenture.)

LIMITATION ON LIENS. For the benefit of the Debt Securities, the Corporation will not, nor will it permit any Manufacturing Subsidiary to, issue or assume any Debt secured by a Mortgage upon any Principal Domestic Manufacturing Property of the Corporation or any Manufacturing Subsidiary or upon any shares of stock or indebtedness of any Manufacturing Subsidiary (whether such Principal Domestic Manufacturing Property, shares of stock or indebtedness are now owned or hereafter acquired) without in any such case effectively providing concurrently with the issuance or assumption of any such Debt that the Debt Securities (together with, if the Corporation shall so determine, any other indebtedness of the Corporation or such Manufacturing Subsidiary ranking equally with the Debt Securities and then existing or thereafter created) shall be secured equally and ratably with such Debt, unless the aggregate amount of Debt issued or assumed and so secured by Mortgages, together with all other Debt of the Corporation and its Manufacturing Subsidiaries which (if originally issued or assumed at such time) would otherwise be subject to the foregoing restrictions, but not including Debt permitted to be secured under clauses (i) through (vi) of the immediately following paragraph, does not at the time exceed 20% of the stockholders' equity of the Corporation and its consolidated subsidiaries, as determined in accordance with generally accepted accounting principles and shown on the audited consolidated balance sheet contained in the latest published annual report to the stockholders of the Corporation.

The above restrictions shall not apply to Debt secured by:

(i) Mortgages on property, shares of stock or indebtedness of any corporation existing at the time such corporation becomes a Manufacturing Subsidiary;

(ii) Mortgages on property existing at the time of acquisition of such property by the Corporation or a Manufacturing Subsidiary, or Mortgages to secure the payment of all or any part of the purchase price of such property upon the acquisition of such property by the Corporation or a Manufacturing Subsidiary or to secure any Debt

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

incurred prior to, at the time of, or within 180 days after, the later of the date of acquisition of such property and the date such property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Mortgages to secure any Debt incurred for the purpose of financing the cost to the Corporation or a Manufacturing Subsidiary of improvements to such acquired property;

8

(iii) Mortgages securing Debt of a Manufacturing Subsidiary owing to the Corporation or to another Subsidiary;

(iv) Mortgages on property of a corporation existing at the time such corporation is merged or consolidated with the Corporation or a Manufacturing Subsidiary or at the time of a sale, lease or other disposition of the properties of a corporation as an entirety or substantially as an entirety to the Corporation or a Manufacturing Subsidiary;

(v) Mortgages on property of the Corporation or a Manufacturing Subsidiary in favor of the United States of America or any State thereof, or any department, agency or instrumentality or political subdivision of the United States of America or any State thereof, or in favor of any other country, or any political subdivision thereof, to secure partial, progress, advance or other payments pursuant to any contract or statute or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the property subject to such Mortgages; or

(vi) any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Mortgage referred to in the foregoing clauses (i) to (v); provided, however, that the principal amount of Debt secured thereby shall not exceed by more than 115% the principal amount of Debt so secured at the time of such extension, renewal or replacement and that such extension, renewal or replacement shall be limited to all or a part of the property which secured the Mortgage so extended, renewed or replaced (plus improvements on such property). (Section 4.06 of the Indenture.)

LIMITATION ON SALE AND LEASE-BACK. For the benefit of the Debt Securities, the Corporation will not, nor will it permit any Manufacturing Subsidiary to, enter into any arrangement with any person providing for the leasing by the Corporation or any Manufacturing Subsidiary of any Principal Domestic Manufacturing Property owned by the Corporation or any Manufacturing Subsidiary on the date that the Debt Securities are originally issued (except for temporary leases for a term of not more than five years and except for leases between the Corporation and a Manufacturing Subsidiary or between Manufacturing Subsidiaries), which property has been or is to be sold or transferred by the Corporation or such Manufacturing Subsidiary to such person, unless either:

(i) the Corporation or such Manufacturing Subsidiary would be entitled, pursuant to the provisions of the covenant on limitation on liens described above, to issue, assume, extend, renew or replace Debt secured by a Mortgage upon such property equal in amount to the Attributable Debt in respect of such arrangement without equally and ratably securing the Debt Securities; provided, however, that from and after the date on which such arrangement becomes effective the Attributable Debt in respect of such arrangement shall be deemed for all purposes under the covenant on limitation on liens described above and this covenant on limitation on sale and lease-back to be Debt

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

subject to the provisions of the covenant on limitation on liens described above (which provisions include the exceptions set forth in clauses (i) through (vi) of such covenant), or

(ii) the Corporation shall apply an amount in cash equal to the Attributable Debt in respect of such arrangement to the retirement (other than any mandatory retirement or by way of payment at maturity), within 180 days of the effective date of any such arrangement, of Debt of the Corporation or any Manufacturing Subsidiary (other than Debt owned by the Corporation or any Manufacturing Subsidiary) which by its terms matures at or is extendible or renewable at the option of the obligor to a date more than twelve months after the date of the creation of such Debt. (Section 4.07 of the Indenture.)

DEFEASANCE

If the terms of a particular series of Debt Securities so provide, the Corporation may, at its option, (a) discharge its indebtedness and its obligations under the Indenture with respect to such series or (b) not comply with certain covenants contained in the Indenture with respect to such series, in each case by depositing funds or obligations issued or guaranteed by the United States of America with the Trustee. The Prospectus Supplement will more fully describe the provisions, if any, relating to such defeasance. (Section 12.02 of the Indenture.)

9

MODIFICATION OF THE INDENTURE

The Indenture provides that the Corporation and the Trustee may enter into supplemental indentures without the consent of the holders of the Debt Securities to (a) evidence the assumption by a successor corporation of the obligations of the Corporation, (b) add covenants for the protection of the holders of the Debt Securities, (c) add or change any of the provisions of the Indenture to permit or facilitate the issuance of Debt Securities of any series in bearer form, (d) cure any ambiguity or correct any inconsistency in such Indenture, (e) establish the form or terms of Debt Securities of any series as permitted by the terms of the Indenture and (f) evidence the acceptance of appointment by a successor trustee. (Section 10.01 of the Indenture.)

The Indenture also contains provisions permitting the Corporation and the Trustee to modify or amend the Indenture or any supplemental indenture or the rights of the holders of the Debt Securities issued thereunder, with the consent of the holders of not less than a majority in principal amount of the Debt Securities of all series at the time outstanding under such Indenture which are affected by such modification or amendment (voting as one class), provided that no such modification shall (i) extend the fixed maturity of any Debt Securities, or reduce the principal amount thereof, or premium, if any, or reduce the rate or extend the time of payment of interest or Additional Amounts thereon, or reduce the amount due and payable upon acceleration of the maturity thereof or the amount provable in bankruptcy, or make the principal of, or interest, premium or Additional Amounts on, any Debt Security payable in any coin or currency other than that provided in such Debt Security, (ii) impair the right to initiate suit for the enforcement of any such payment on or after the stated maturity thereof, or (iii) reduce the aforesaid percentage of Debt Securities, the consent of the holders of which is required for any such modification, or the percentage required for the consent of the holders to waive defaults, without the consent of the holder of each Debt Security so affected. (Section 10.02 of the Indenture.)

EVENTS OF DEFAULT

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

An Event of Default with respect to any series of Debt Securities is defined in the Indenture as being: (a) default in payment of any principal or premium, if any, on such series; (b) default for 30 days in payment of any interest or Additional Amounts on such series; (c) default for 90 days after notice in performance of any other covenant applicable to the Debt Securities; or (d) certain events of bankruptcy, insolvency or reorganization. (Section 6.01 of the Indenture.)

No Event of Default with respect to a particular series of Debt Securities issued under the Indenture necessarily constitutes an Event of Default with respect to any other series of Debt Securities issued thereunder. In case an Event of Default under clause (a), (b) or (c) shall occur and be continuing with respect to any series, the Trustee or the holders of not less than 25% in aggregate principal amount of Debt Securities of each such series then outstanding may declare the principal (or, in the case of discounted Debt Securities, the amount specified in the terms thereof) of such series to be due and payable. In case an Event of Default under clause (d) shall occur and be continuing, the Trustee or the holders of not less than 25% in aggregate principal amount of all the Debt Securities then outstanding (voting as one class) may declare the principal (or, in the case of discounted Debt Securities, the amount specified in the terms thereof) of all outstanding Debt Securities to be due and payable. Any Event of Default with respect to a particular series of Debt Securities may be waived by the holders of a majority in aggregate principal amount of the outstanding Debt Securities of such series (or of all the outstanding Debt Securities, as the case may be), except in a case of failure to pay principal or premium, if any, or interest or Additional Amounts in respect of such Debt Security for which payment had not been subsequently made. (Section 6.01 of the Indenture.) The Indenture provides that the Trustee may withhold notice to the securityholders of any default (except in payment of principal, premium, if any, or interest or Additional Amounts) if it considers it in the interests of the securityholders to do so. (Section 6.07 of the Indenture.)

10

Subject to the provisions of the Indenture relating to the duties of the Trustee in case an Event of Default shall occur and be continuing, the Trustee shall be under no obligation to exercise any of its rights or powers under the Indenture at the request, order or direction of any of the securityholders, unless such securityholders shall have offered to the Trustee reasonable indemnity. (Sections 7.01 and 7.02 of the Indenture.) Subject to such provisions for the indemnification of the Trustee and to certain other limitations, the holders of a majority in aggregate principal amount of the Debt Securities of all series affected (voting as one class) at the time outstanding shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee. (Section 6.06 of the Indenture.)

DESCRIPTION OF WARRANTS

GENERAL

The Corporation may issue, together with Debt Securities or separately, Warrants for the purchase of Debt Securities. If the Warrants are issued together with any Debt Securities, they may be attached to or traded separately

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

from such Debt Securities. The Warrants are to be issued under one or more separate Warrant Agreements (each a "Warrant Agreement") between the Corporation and a banking institution organized under the laws of the United States or one of the States thereof (each a "Warrant Agent").

The following statements with respect to the Warrants are summaries of the Warrant Agreement, a form of which is filed as an exhibit to the Registration Statement. Such summaries of certain provisions of the Warrant Agreement and the Warrants do not purport to be complete and such summaries are subject to the detailed provisions of the Warrant Agreement to which reference is hereby made for a full description of such provisions, including the definition of certain terms used herein, and for other information regarding the Warrants. Wherever particular provisions of the Warrant Agreement or terms defined therein are referred to, such provisions or definitions are incorporated by reference as a part of the statements made, and the statements are qualified in their entirety by such reference.

The Warrants will be evidenced by Warrant Certificates (the "Warrant Certificates") and, except as otherwise specified in the Prospectus Supplement accompanying this Prospectus, may be traded separately from any Debt Securities with which they may be issued. Warrant Certificates may be exchanged for new Warrant Certificates of different denominations at the office of the Warrant Agent. The holder of a Warrant does not have any of the rights of a holder of a Debt Security in respect of, and is not entitled to any payments on, any Debt Securities issuable (but not yet issued) upon exercise of the Warrants.

The Warrants may be issued in one or more series, and reference is made to the Prospectus Supplement accompanying this Prospectus relating to the particular series of Warrants offered thereby for the terms of, and other information with respect to, such Warrants, including: (i) the title and the aggregate number of Warrants; (ii) the designation, aggregate principal amount, currency or currencies and terms of the Debt Securities that may be purchased upon exercise of the Warrants; (iii) the price or prices at which such Warrants are exercisable; (iv) the currency or currencies in which such Warrants are exercisable; (v) the places at which such Warrants are exercisable and the date on which the right to exercise the Warrants shall commence and the date on which such right shall expire (the "Warrant Expiration Date") or, if the Warrants are not continuously exercisable throughout such period, the specific date or dates on which they will be exercisable (each, a "Warrant Exercise Date", which term shall also mean, with respect to Warrants continuously exercisable for a period of time, every date during such period); (vi) the terms of any mandatory or optional call provisions; (vii) the price or prices, if any, at which the Warrants may be redeemed at the option of the holder or will be redeemed upon expiration; (viii) the identity of the Warrant Agent; (ix) the exchanges, if any, on which such Warrants may be listed; (x) whether such Warrants shall be issued in book-entry form; (xi) if applicable, the designation and terms of the

Debt Securities with which the Warrants are issued and the number of Warrants issued with each of such Debt Securities; (xii) if applicable, the date on and after which the Warrants and the related Debt Securities will be separately transferable; (xiii) whether the Warrant Certificates will be in registered form or bearer form or both; (xiv) any applicable United States Federal income tax consequences; (xv) the price at which the Warrants will be issued; and (xvi) any other terms of the Warrants.

EXERCISE OF WARRANTS

Warrants in registered form may be exercised by payment to the Warrant Agent of the exercise price, in each case in such currency or currencies as are

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

specified in the Warrant, and by communicating to the Warrant Agent the identity of the Warrantholder and the number of Warrants to be exercised. Upon receipt of payment and the Warrant Certificate properly completed and duly executed, at the office of the Warrant Agent, the Warrant Agent will, as soon as practicable, arrange for the issuance of the applicable Debt Securities, the form of which shall be set forth in the Prospectus Supplement. If less than all of the Warrants evidenced by a Warrant Certificate are exercised, a new Warrant Certificate will be issued for the remaining amounts of Warrants. A more complete summary for the exercise of Warrants in registered form and for exercises of Warrants in bearer form is contained in the Prospectus Supplement accompanying this Prospectus.

PLAN OF DISTRIBUTION

The Corporation may sell the Securities being offered hereby in any of four ways: (i) directly to purchasers, (ii) through agents, (iii) through underwriters, and (iv) through dealers.

Offers to purchase Securities may be solicited directly by the Corporation or by agents designated by the Corporation from time to time. Any such agent, who may be deemed to be an underwriter as that term is defined in the Securities Act of 1933, involved in the offer or sale of the Securities in respect of which this Prospectus is delivered will be named, and any commissions payable by the Corporation to such agent set forth, in the Prospectus Supplement. Unless otherwise indicated in the Prospectus Supplement, any such agent will be acting on a reasonable best efforts basis for the period of its appointment (ordinarily five business days or less). Agents may be entitled under agreements which may be entered into with the Corporation to indemnification by the Corporation against certain civil liabilities, including liabilities under the Securities Act of 1933, and may be customers of, engage in transactions with, or perform services for, the Corporation and its subsidiaries in the ordinary course of business.

If an underwriter or underwriters are utilized in the sale, the Corporation will enter into an underwriting agreement with such underwriters at the time of sale to them and the names of the underwriters and the terms of the transaction will be set forth in the Prospectus Supplement, which will be used by the underwriters to make resales of the Securities in respect of which this Prospectus is delivered to the public. The underwriters may be entitled, under the relevant underwriting agreement, to indemnification by the Corporation against certain liabilities, including liabilities under the Securities Act of 1933. If a dealer is utilized in the sale of the Securities in respect of which this Prospectus is delivered, the Corporation will sell such Securities to the dealer as principal. The dealer may then resell such Securities to the public at varying prices to be determined by such dealer at the time of resale. Dealers may be entitled to indemnification by the Corporation against certain liabilities, including liabilities under the Securities Act of 1933.

If so indicated in the applicable Prospectus Supplement, the Corporation will authorize agents and underwriters to solicit offers by certain institutions to purchase Securities from the Corporation at the public offering price set forth in the Prospectus Supplement pursuant to Delayed Delivery Contracts ("Contracts") providing for payment and delivery on the date stated in the

Edgar Filing: GENERAL MOTORS CORP - Form 424B2

Prospectus Supplement. Each Contract will be for an amount not less than, and unless the Corporation otherwise agrees the aggregate principal amount of Securities sold pursuant to Contracts shall be not less nor more than, the respective amounts stated in the Prospectus Supplement. Institutions with whom Contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions, and other institutions but shall in all cases be subject to the approval of the Corporation. Contracts will not be subject to any conditions except that the purchase by an institution of the Securities covered by its Contract shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which such institution is subject. A commission indicated in the applicable Prospectus Supplement will be paid to underwriters and agents soliciting purchases of Securities pursuant to Contracts accepted by the Corporation.

The place and time of delivery for the Securities in respect of which this Prospectus is delivered are set forth in the accompanying Prospectus Supplement.
