AMREP CORPORATION AND SUBSIDIARIES
Notes to Consolidated Financial Statements (Unaudited)
Six Months Ended October 31, 2009 and 2008

(1) Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared by AMREP Corporation (the "Registrant" or the "Company") pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC") for interim financial information, and do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. The Company, through its subsidiaries, is primarily engaged in four business segments: the Real Estate business operated by AMREP Southwest Inc. and its subsidiaries (collectively, "AMREP Southwest") and the Subscription Fulfillment Services, Newsstand Distribution Services and Product Fulfillment Services businesses operated by Kable Media Services, Inc. and its subsidiaries (collectively, "Kable" or "Media Services").

In the opinion of management, these unaudited consolidated financial statements include all adjustments, which are of a normal recurring nature, considered necessary to reflect a fair presentation of the results for the interim periods presented. The results of operations for such interim periods are not necessarily indicative of what may occur in future periods. Unless otherwise qualified, all references to 2010 and 2009 are to the fiscal years ending April 30, 2010 and 2009 and all references to the second quarter or first six months of 2010 and 2009 mean the fiscal three and six month periods ended October 31, 2009 and 2008.

The unaudited consolidated financial statements herein should be read in conjunction with the Company's annual report on Form 10-K for the year ended April 30, 2009, which was filed with the SEC on July 14, 2009 (the "2009 Form 10-K").

New Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (the "FASB") issued SFAS No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles—a Replacement of FASB Statement No. 162". SFAS No. 168 replaces SFAS No. 162 and establishes the FASB Accounting Standards Codification (the "ASC") as the single source of authoritative generally accepted accounting principles ("U.S. GAAP") recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the SEC under authority of the federal securities laws are also sources of authoritative U.S. GAAP for SEC registrants. The ASC, which modified structure hierarchy and referencing of financial standards, is effective for financial statements issued for interim and annual periods ending after September 15, 2009. The ASC supersedes all existing non-SEC accounting and reporting standards. All other non-grandfathered non-SEC accounting literature not included in the ASC has become non-authoritative. The ASC is not intended to

Edgar Filing: AMREP CORP. - Form 10-Q

change or alter U.S. GAAP and has not had an impact on the Company's results of operations or financial position.

Subsequent Events

In accordance with ASC 855, the Company has evaluated transactions through December 10, 2009 for recognition as subsequent events and has determined that no additional transactions need to be disclosed or given recognition to in the financial statements.

5

(2) Receivables, Net

Receivables, net consist of the following accounts receivable (in thousands):

	October 31, 2009	April 30, 2009
	-----	-----
Real estate operations:		
Mortgage notes and other receivables	\$ 1,348	\$ 3,457
Less allowance for doubtful accounts	(37)	(90)
	-----	-----
	\$ 1,311	\$ 3,367
	=====	=====
Media Services operations:		
Subscription Fulfillment Services	\$ 23,712	\$ 24,711
Newsstand Distribution Services, net of estimated returns	16,933	8,970
Product Fulfillment Services and other	1,761	1,863
	-----	-----
	42,406	35,544
Less allowance for doubtful accounts	(913)	(930)
	-----	-----
	\$ 41,493	\$ 34,614
	=====	=====

Newsstand Distribution Services accounts receivable are net of estimated magazine returns of \$52,957,000 at October 31, 2009 and \$55,212,000 at April 30, 2009. In addition, pursuant to an arrangement with one publisher customer of the Newsstand Distribution Services business, the publisher bears the ultimate credit risk of non-collection of amounts due from the customers to which the Company distributed the publisher's magazines under this arrangement. Accounts receivable subject to this arrangement (\$14,251,000 at October 31, 2009 and \$28,565,000 at April 30, 2009) were netted against the related accounts payable due the publisher on the accompanying consolidated balance sheets.

(3) Investment Assets, Net

Investment assets, net consist of the following (in thousands):

	October 31, 2009	April 30, 2009
	-----	-----

Edgar Filing: AMREP CORP. - Form 10-Q

Land held for long-term investment	\$ 11,982	\$ 10,879
	-----	-----
Other	794	794
Less accumulated depreciation	(284)	(293)
	-----	-----
	501	510
	-----	-----
	\$ 12,483	\$ 11,389
	=====	=====

Land held for long-term investment represents property located in areas that are not planned to be developed in the near term and thus has not been offered for sale.

6

(4) Property, Plant and Equipment, Net

Property, plant and equipment, net consist of the following (in thousands):

	October 31, 2009	April 30, 2009
	-----	-----
Land, buildings and improvements	\$ 27,877	\$ 27,397
Furniture, equipment and other	41,762	41,950
	-----	-----
Less accumulated depreciation	69,639 (37,453)	69,347 (34,691)
	-----	-----
	\$ 32,186	\$ 34,656
	=====	=====

(5) Intangible and Other Assets, Net

Intangible and other assets, net consist of the following (in thousands):

	October 31, 2009		
	-----	-----	-----
	Cost	Accumulated Amortization	Cost
	-----	-----	-----
Software development costs	\$ 10,056	\$ 7,284	\$ 10,056
Deferred order entry costs	3,671	-	4,835
Prepaid expenses	4,879	-	3,681
Customer contracts and relationships	15,000	3,487	15,000
Other	2,750	1,347	2,775
	-----	-----	-----
	\$ 36,356	\$ 12,118	\$ 36,347
	=====	=====	=====

Edgar Filing: AMREP CORP. - Form 10-Q

Software development costs include internal and external costs of the development of new or enhanced software programs and are generally amortized over five years. Deferred order entry costs represent costs incurred in connection with the data entry of customer subscription information to database files and are charged directly to operations over a twelve-month period. Customer contracts and relationships are amortized over twelve years.

(6) Accounts Payable, Net and Accrued Expenses

Accounts payable, net and accrued expenses consist of the following (in thousands):

	October 31, 2009	April 30, 2009
	-----	-----
Publisher payables, net	\$ 79,505	\$ 63,074
Accrued expenses	4,495	4,473
Trade payables	3,434	3,772
Other	8,663	10,380
	-----	-----
	\$ 96,097	\$ 81,699
	=====	=====

Pursuant to an arrangement with a publisher customer of the Newsstand Distribution Services business, the Company has netted \$14,251,000 and \$28,565,000 of accounts receivable against the related accounts payable at October 31, 2009 and April 30, 2009 (see Note 2).

7

(7) Notes Payable

Notes payable consist of the following (in thousands):

	October 31, 2009	April 30, 2009
	-----	-----
Notes payable:		
Line-of-credit borrowings:		
Real estate operations and other	\$ 24,000	\$ 24,000
Media services operations	1,908	8,866
Other notes payable	4,902	5,070
	-----	-----
	\$ 30,810	\$ 37,936
	=====	=====

AMREP Southwest has a revolving credit facility, originally for \$25,000,000, with a bank that was scheduled to expire in September 2009. The facility has been extended to December 17, 2009 on certain revised terms to provide the parties with additional time to attempt to negotiate the terms of a replacement facility. The significant terms of the original facility are described in Note 8 of the Notes to the Company's consolidated financial statements included in the 2009 Form 10-K. The changes to the terms that were effected in connection with the extension are that (i) the outstanding amount under the facility may not exceed \$24,000,000 (which is its present outstanding principal amount), (ii) the interest rate per annum on borrowings was increased to LIBOR plus 3.5%, but not

Edgar Filing: AMREP CORP. - Form 10-Q

less than 5%, (iii) the facility has been collateralized by mortgages on certain real property of AMREP Southwest with an appraised value of not less than 2.5 times the outstanding amount under the facility, and (iv) distributions to the Company have been limited to payment of management fees of up to \$87,500 per month.

On December 9, 2009, the lender issued a commitment letter for a credit facility to replace the existing facility. The replacement facility is a \$22,500,000 non-revolving loan maturing in 364 days under which (i) certain defined excess cash generated by the operations of AMREP Southwest is required to be applied to pay down the loan balance, (ii) a cash reserve, originally \$1,100,000, to fund interest is to be established, and (iii) the Company is required to contribute \$2,500,000 to the capital of AMREP Southwest to be used to pay down the presently outstanding loan balance to \$22,500,000 and to substantially fund the initial interest reserve. The terms of the replacement facility are to be otherwise not materially different from those of the expiring facility as changed in connection with the extension.

There can be no assurance that AMREP Southwest will be able to obtain financing for its operating needs or for its anticipated future capital expenditures. AMREP Southwest is considering the terms of the replacement facility proposed in the lender's commitment letter and no replacement loan agreement has as yet been entered into. The lender has not extended the maturity date of the existing facility and if it does not do so, but demands repayment of amounts due under that facility, AMREP Southwest would not have sufficient funds to satisfy such demand.

During July 2009, Kable and certain of its direct and indirect subsidiaries entered into an Amended and Restated Loan and Security Agreement (the "Media Credit Agreement") with a bank that further amended and restated an earlier agreement with the bank's predecessor. The Media Credit Agreement provides for: (i) a revolving credit loan and letter of credit facility of up to \$20,000,000 ("Facility A") that may be used for general business purposes, including the payment of expenses and other costs associated with the consolidation of Kable's Subscription Fulfillment Services business in Florida; and (ii) a second revolving credit loan facility of up to \$5,000,000 ("Facility D") that may be used exclusively for the payment of accounts payable under a distribution agreement with a customer of Kable's Distribution Services business. At the borrowers' option, up to \$2,500,000 of the bank's lending commitment for

8

Facility D may be transferred to Facility A. At October 31, 2009, no Facility A or D loans were outstanding. Term borrowings for capital expenditures of approximately \$1,908,000 ("Facilities B and C") were outstanding at October 31, 2009, bearing interest from 4.79% to 6.40% per annum and are included in the borrowings under the Media Credit Agreement in addition to Facilities A and D. The revolving credits mature on May 1, 2010 and the term borrowings are due in installments through that date. The borrowers' obligations are collateralized by substantially all of their assets other than (i) real property and (ii) any borrower's interest in the capital securities of any other borrower or any subsidiary of any borrower.

The revolving loans under the Media Credit Agreement bear interest at the borrowers' option at fluctuating rates that are either (i) a LIBOR-based rate (0.243% at October 31, 2009) plus 3.25%, or (ii) the bank's prime rate (3.25% at October 31, 2009) plus 1.75%. The agreement also requires the borrowers to maintain certain financial ratios and contains other customary covenants and restrictions, the most significant of which limit the ability of the borrowers to declare or pay dividends or make other distributions to the Company, limit

Edgar Filing: AMREP CORP. - Form 10-Q

the annual amount that may be incurred for capital expenditures and other purposes and impose certain minimum EBITDA requirements on the borrowers.

(8) Taxes

Unrecognized tax benefits were \$1,585,000 at October 31, 2009 and April 30, 2009. As a result of either the expiration of statutes of limitations or the recognition and measurement considerations under ASC 740-10 (formerly FIN 48), the Company believes that it is reasonably possible that the amount of unrecognized tax benefits will decrease within the next twelve months.

(9) Fair Value Measurements

ASC 820 provides a common definition for fair value to be applied to U.S. GAAP requiring use of fair value, establishes a framework for measuring fair value, and expands disclosure about such fair value measurements, and is effective for financial assets and financial liabilities for fiscal years beginning after November 15, 2007. The adoption of ASC 820 for financial assets and financial liabilities, effective May 1, 2008, did not have an impact on the Company's consolidated financial position or results of operations.

The estimated fair value of financial instruments is determined by reference to various market data and other valuation techniques as appropriate. The carrying amounts of cash and cash equivalents, media services trade receivables and trade payables approximate fair value because of the short maturity of these financial instruments. Debt that bears variable interest rates indexed to prime or LIBOR also approximates fair value as it reprices when market interest rates change. The estimated fair value of the Company's fixed-rate mortgage receivables was \$1,150,000 and \$2,914,000 versus carrying amounts of \$1,158,000 and \$3,176,000 at October 31, 2009 and April 30, 2009. The estimated fair value of the Company's fixed-rate notes payable was \$7,342,000 and \$8,524,000 versus carrying amounts of \$6,810,000 and \$7,869,000 at October 31, 2009 and April 30, 2009.

(10) Restructuring and Fire Recovery Costs

In 2009, the Company announced a project to consolidate its Subscription Fulfillment Services business operations from three locations in Colorado, Florida and Illinois into one existing location at Palm Coast, Florida, which is expected to streamline operations, improve service to clients and create cost efficiencies through reduced overhead costs and the elimination of operating redundancies. This project, which is now well underway and is scheduled to be substantially complete by October 31, 2010, is expected to require capital

expenditures of approximately \$12,000,000 and may involve approximately \$7,000,000 of non-recurring cash costs for severance, training and transition, facility closings and equipment relocation. As of October 31, 2009, the Company has cumulatively incurred approximately \$4,400,000 for capital expenditures and \$4,150,000 of non-recurring cash costs related to the consolidation project. The State of Florida and the City of Palm Coast have agreed to provide incentives for the project, including cash and employee training grants and tax relief, which are largely contingent on existing job retention, new job creation and capital investment. The Company recognized \$21,000 and \$81,000 of income for the second quarter and first six months of 2010 for certain incentives related to the consolidation project, which are netted against restructuring costs of \$1,085,000 and \$1,973,000 for the same periods, principally for severance. As a

Edgar Filing: AMREP CORP. - Form 10-Q

result, the Company reported net charges to operations of \$1,064,000 and \$1,892,000 related to the consolidation project for the second quarter and first six months of 2010 compared to net charges of \$75,000 and \$573,000 for the same periods in 2009, principally for severance and consulting costs. There were no incentives recognized in first six months of 2009. The items of income for incentives and costs related to the consolidation project are included in Restructuring and fire recovery costs in the Company's consolidated statements of operations and retained earnings.

In December 2007, a warehouse leased by a Kable subsidiary in Oregon, Illinois and its contents were totally destroyed by fire. The warehouse was used principally to store back issues of magazines published by certain customers for whom the Company filled back-issue orders as part of its services. The Company was required to provide insurance for that property of certain of those customers. Through October 31, 2009, the Company's insurance carrier had paid approximately \$268,000 to customers for lost materials. The Company believes that the resolution of other pending or unasserted claims related to materials of certain publishers for whom it was required to provide insurance after taking into account the proceeds from its property insurance claims, will not have a material effect on its consolidated financial position, results of operations or cash flows.

The Company has filed various claims with its insurance provider related to the fire. As of November 30, 2009, the Company had been reimbursed a total of approximately \$1,068,000 for assets lost in the fire, other expenses of relocation and professional fees. During 2010, the Company recorded charges to operations totaling approximately \$23,000 for the second quarter and, as a result of reimbursements received during the six months ended October 31, 2009, the Company reported a net gain of \$139,000 related to fire recovery costs. For the same periods in 2009, the Company recorded net charges of \$50,000 and \$139,000. The items of income and expense related to insurance proceeds and the fire recovery costs are included in Restructuring and fire recovery costs in the Company's consolidated statements of operations and retained earnings.

In addition, the Company recorded other income for business interruption claims resulting from the fire that totaled \$31,000 for the second quarter of 2010 and \$173,000 for the first quarter of 2009. These income amounts are included in Media Services operations revenue in the Company's consolidated statements of operations and retained earnings.

(11) Information About the Company's Operations in Different Industry Segments

As a result of the purchase of assets of certain businesses in November 2008, the Company reclassified certain revenues, expenses and capital expenditures for 2009 previously reported as part of its Subscription Fulfillment Services segment and has reported them with revenues, expenses and capital expenditures of those businesses since the date of purchase as a separate segment, "Product Fulfillment Services and Other". The following tables set forth summarized data relative to the industry segments in which the Company operated for the three and six month periods ended October 31, 2009 and 2008 (in thousands):

Edgar Filing: AMREP CORP. - Form 10-Q

Capital expenditures \$ 8 \$ 641 \$ 10 \$

11

- (a) Interest expense, net includes inter-segment interest income and expense that is eliminated in consolidation.
- (b) The Company uses EBITDA (which the Company defines as income before interest expense, net, income taxes and depreciation and amortization) in addition to net income (loss) as key measures of profit or loss for segment performance and evaluation purposes.

Item 2. Management's Discussion and Analysis of Financial Condition and Results ----- of Operations -----

INTRODUCTION -----

The Company, through its subsidiaries, is primarily engaged in four business segments: the Real Estate business operated by AMREP Southwest Inc. and its subsidiaries (collectively, "AMREP Southwest") and the Subscription Fulfillment Services, Newsstand Distribution Services and Product Fulfillment Services businesses operated by Kable Media Services, Inc. and its subsidiaries (collectively, "Kable" or "Media Services"). The Company's foreign sales and activities are not significant.

The following provides information that management believes is relevant to an assessment and understanding of the Company's consolidated results of operations and financial condition. The discussion should be read in conjunction with the April 30, 2009 consolidated financial statements and accompanying notes. Unless otherwise qualified, all references in this Item 2 to 2010 and 2009 are to the fiscal years ending April 30, 2010 and 2009 and all references to the second quarter or first six months of 2010 and 2009 mean the fiscal three and six-month periods ended October 31, 2009 and 2008.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES -----

Management's discussion and analysis of financial condition and results of operations is based on the accounting policies used and disclosed in the 2009 consolidated financial statements and accompanying notes that were prepared in accordance with accounting principles generally accepted in the United States of America and included as part of the Company's annual report on Form 10-K for the year ended April 30, 2009 (the "2009 Form 10-K"). The preparation of those consolidated financial statements required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual amounts or results could differ from those estimates.

The critical accounting policies, assumptions and estimates are described in Part II, "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations, Critical Accounting Assumptions and Estimates" in the Company's 2009 Form 10-K. There have been no changes in these accounting policies.

The significant accounting policies of the Company are described in Note 1 to the 2009 consolidated financial statements contained in the Company's 2009 Form

Edgar Filing: AMREP CORP. - Form 10-Q

10-K. Information concerning the Company's implementation and the impact of recent accounting standards issued by the Financial Accounting Standards Board is included in the notes to the 2009 consolidated financial statements and also in Note 1 to the consolidated financial statements contained in this quarterly report on Form 10-Q. The Company did not adopt any accounting policy during the first six months of 2010 that had a material impact on its consolidated financial statements.

12

RESULTS OF OPERATIONS

For the second quarter of 2010, the Company had a net loss of \$985,000, or \$0.16 per share, compared to net income of \$2,895,000, or \$0.48 per share, for the second quarter of 2009. For the first six months of 2010, the Company had a net loss of \$2,041,000, or \$0.34 per share, compared to net income of \$2,966,000, or \$0.49 per share, for the same period of 2009. Revenues were \$32,333,000 and \$64,790,000 in the second quarter and first six months of 2010 compared to \$40,290,000 and \$75,860,000 for the same periods last year.

Revenues from land sales at AMREP Southwest were \$1,670,000 and \$3,155,000 for the three and six month periods ended October 31, 2009 compared to \$4,810,000 and \$6,073,000 for the same periods of the prior year. These decreases in revenues in 2010 primarily reflected the second quarter 2009 sale of approximately 50 acres of undeveloped land for \$3,849,000 to one purchaser with no similar sale in the first six months of 2010. In Rio Rancho, the Company offers for sale both developed and undeveloped lots to national, regional and local home builders, commercial and industrial property developers and others. For the second quarter and first six months of 2010 and 2009, the Company's land sales in Rio Rancho were as follows:

	Fiscal 2010			Fiscal 2009	
	Acres Sold	Revenues (in 000s)	Revenues Per Acre (in 000s)	Acres Sold	Revenues (in 000s)
Three months:					
Developed					
Residential	2.4	\$ 775	\$ 323	0.4	\$ 86
Commercial	1.7	895	526	-	-
Total Developed	4.1	1,670	407	0.4	86
Undeveloped	-	-	-	87.1	4,724
Total	4.1	\$ 1,670	\$ 407	87.5	\$ 4,810
Six months:					
Developed					
Residential	5.2	\$ 1,445	\$ 278	1.8	\$ 428
Commercial	1.7	895	526	1.0	126
Total Developed	6.9	2,340	339	2.8	554
Undeveloped	26.0	815	31	131.9	5,519

Edgar Filing: AMREP CORP. - Form 10-Q

Total	32.9	\$ 3,155	\$ 96	134.7	\$ 6,073
	-----	-----	-----	-----	-----

The average selling price of land sold by the Company in Rio Rancho in recent years has fluctuated, as the Company offers for sale developed and undeveloped land in Rio Rancho from a number of different projects, and selling prices may vary from project to project and within projects depending on location, the stage of development and other factors. The revenue per acre of developed land for the second quarter of 2010 was higher compared to the same period in 2009 primarily resulting from the sales in 2010 of commercial acreage which generally has a higher average selling price per acre compared to non-commercial acreage. The average gross profit percentage on land sales decreased from 97% and 91% for the second quarter and first six months of 2009 to 40% and 48% for the same periods in 2010. This decrease was primarily attributable to a gross profit of \$3,825,000 (99%) on the previously mentioned second quarter 2009 sale of approximately 50 acres of undeveloped land. Revenues, gross profits and related gross profit percentages from land sales can vary significantly from period to period as a result of many factors, including the nature and timing of specific

13

transactions, and prior results are not necessarily a good indication of what may occur in future periods.

Revenues from Media Services decreased from \$35,254,000 and \$69,277,000 for the second quarter and first six months of 2009 to \$30,625,000 and \$61,393,000 for the same periods in 2010. Magazine publishers, who are the principal customers of the Company's Media Services operations, have continued to suffer from reduced advertising revenues and lower subscription and newsstand sales during 2010, which has caused certain publishers to close magazine titles or seek more favorable terms from Kable or its competitors, all of which has led to reduced business for the Company's Media Services operations. If these trends of reduced advertising revenues and lower subscription and newsstand sales continue, the Company's Media Services operations may experience further declines in revenues, which may contribute to reduced earnings.

Revenues from Kable's Subscription Fulfillment Services operations decreased from \$31,334,000 and \$61,176,000 for the second quarter and first six months of 2009 to \$24,230,000 and \$49,357,000 for the same periods of 2010 primarily due to the industry factors noted above, partly offset by revenues from new and some existing clients. Revenues from Kable's Newsstand Distribution Services operations increased from \$3,096,000 and \$6,451,000 for the second quarter and first six months of 2009 to \$3,595,000 and \$6,800,000 for the same periods of 2010 as a result of changes in product mix and magazine cover price increases. The net decrease in the combined revenues from Subscription Fulfillment Services and Newsstand Distribution Services was partly offset by increased revenues from Kable's Product Fulfillment Services and Other business segment, which increased from \$824,000 and \$1,650,000 for the second quarter and first six months of 2009 to \$2,799,000 and \$5,235,000 for the same periods in 2010, reflecting the inclusion of the revenues of a product repackaging and fulfillment business and a temporary staffing business which were acquired in the third quarter of 2009. Kable's operating expenses decreased by \$3,962,000 and \$6,177,000 for the second quarter and first six months of 2010 compared to the same periods in 2009, primarily attributable to lower payroll and benefits costs and, to a lesser extent, efficiencies related to the ongoing project to consolidate the Subscription Fulfillment Services business from three locations in Colorado, Florida and Illinois into one existing location at Palm Coast, Florida.

In 2009, the Company announced a project to consolidate its Subscription

Edgar Filing: AMREP CORP. - Form 10-Q

Fulfillment Services business operations from three locations in Colorado, Florida and Illinois into one existing location at Palm Coast, Florida, which is expected to streamline operations, improve service to clients and create cost efficiencies through reduced overhead costs and the elimination of operating redundancies. This project, which is now well underway and is scheduled to be substantially complete by October 31, 2010, is expected to require capital expenditures of approximately \$12,000,000 and may involve approximately \$7,000,000 of non-recurring cash costs for severance, training and transition, facility closings and equipment relocation. As of October 31, 2009, the Company has cumulatively incurred approximately \$4,400,000 for capital expenditures and \$4,150,000 of non-recurring cash costs related to the consolidation project. The State of Florida and the City of Palm Coast have agreed to provide incentives for the project, including cash and employee training grants and tax relief, which are largely contingent on existing job retention, new job creation and capital investment. The Company recognized \$21,000 and \$81,000 of income for the second quarter and first six months of 2010 for certain incentives related to the consolidation project, which are netted against restructuring costs of \$1,085,000 and \$1,973,000 for the same periods, principally for severance. As a result, the Company reported net charges to operations of \$1,064,000 and \$1,892,000 related to the consolidation project for the second quarter and first six months of 2010 compared to net charges of \$75,000 and \$573,000 for the same periods in 2009, principally for severance and consulting costs. There were no incentives recognized in first six months of 2009. The items of income for

14

incentives and costs related to the consolidation project are included in Restructuring and fire recovery costs in the Company's consolidated statements of operations and retained earnings.

Interest and other revenues were \$38,000 and \$242,000 second quarter and first six months of 2010 compared to \$226,000 and \$510,000 for the same periods in the prior year. The decrease in the 2010 for both the second quarter and first six months was the result of reduced interest income due to lower cash balances to invest.

Real estate commissions and selling expenses for the second quarter and first six months of 2010 were generally unchanged from the prior year periods, \$84,000 and \$165,000 compared to \$91,000 and \$169,000. Other operating expenses increased \$633,000 and \$817,000 for the second quarter and first six months of 2010 compared to the same periods in 2009 primarily due to an increase in real estate taxes at AMREP Southwest resulting from an increase in both tax rates and assessed land values. Approximately \$315,000 of the increase for the second quarter and first six months of 2010 is attributable to the period prior to the beginning of the second quarter. AMREP Southwest has filed an appeal related to certain of the assessed land values that have contributed to the real estate tax increase.

General and administrative expenses of Media Services operations decreased \$604,000 and \$441,000 in the second quarter and first six months of 2010 compared to the same periods in 2009. The decrease in both the second quarter and first six months was the result of efficiencies related to the ongoing project to consolidate the Subscription Fulfillment Services business from three locations in Colorado, Florida and Illinois into one existing location at Palm Coast, Florida.

Real estate operations and corporate general and administrative expense increased \$48,000 and \$79,000 in the second quarter and first six months of 2010 compared to the same periods in 2009, primarily related to depreciation expense on a warehouse acquired in November 2008.

Edgar Filing: AMREP CORP. - Form 10-Q

The effective rate of the Company's tax benefit was 29.1% and 32.0% for the second quarter and first six months of 2010 compared to an effective rate of 39.0% for the tax provision in the same periods in 2009. The effective rate of the tax benefit attributable to the pretax losses in 2010 was less than the statutory rate primarily due to the tax provision for state taxes and interest accrued for uncertain tax positions in accordance with the Financial Accounting Standards Board Accounting Standards Codification 740-10, formerly FIN 48.

LIQUIDITY AND CAPITAL RESOURCES

During the past several years, the Company has financed its operations from internally generated funds from real estate sales and Media Services operations, and from borrowings under its various lines-of-credit.

Cash Flows From Operating Activities

Real estate receivables decreased from \$3,367,000 at April 30, 2009 to \$1,311,000 at October 31, 2009 primarily reflecting the net effect of the reclassification of approximately \$1,040,000 to real estate inventory and \$1,117,000 to investment assets from mortgage notes receivable resulting from the Company's acceptance of deeds in lieu of foreclosure related to delinquent mortgage notes receivables. The Company believes that the acceptance of deeds in lieu of foreclosure has not had an impact on the Company's results of operations or financial position. Receivables from Media Services operations increased from \$34,614,000 at April 30, 2009 to \$41,943,000 at October 31, 2009, primarily due

15

to the effect of higher quarter-end billings at October 31, 2009 compared to April 30, 2009.

Real estate inventory was \$83,021,000 at October 31, 2009 compared to \$81,561,000 at April 30, 2009. Inventory in the Company's core real estate market of Rio Rancho increased from \$74,121,000 at April 30, 2009 to \$75,524,000 at October 31, 2009. Both increases primarily reflect the reclassification of mortgage notes receivable to inventory discussed above. The balance of real estate inventory consisted of properties in Colorado.

Accounts payable and accrued expenses increased from \$81,699,000 at April 30, 2009 to \$96,097,000 at October 31, 2009, primarily as a result of reduced receivables from customers for one publisher who bears the ultimate credit risk of non-collection of amounts due from the customers to which the Company distributed the publisher's magazines under this arrangement where accounts receivable subject to this arrangement are netted against the related accounts payable due the publisher on the accompanying consolidated balance sheets.

Deferred income taxes and other long-term liabilities increased from \$1,071,000 at April 30, 2009 to \$3,488,000 at October 31, 2009, primarily as a result of Media Services having received a \$3,000,000 award pursuant to an agreement with the State of Florida as part of certain incentives made available to the Company with the announced project to consolidate its magazine subscription, membership and direct mail fulfillment locations into one location at Palm Coast, Florida (the "Award Agreement"). The Award Agreement requires the Company to achieve certain objectives in terms of existing job retention, new job creation and capital investment through December 31, 2011; however, if the objectives are not met, the Company may need to return a portion, or all, of the \$3,000,000. As such, the \$3,000,000 has been recorded as a liability until the Company is

Edgar Filing: AMREP CORP. - Form 10-Q

irrevocably entitled to retain the award, at which time the Company will record income to the extent depreciation is taken on assets acquired with the grant monies received.

Cash Flows From Investing Activities

Capital expenditures totaled \$645,000 and \$660,000 for the first six months of 2010 and 2009, primarily for expenditures related to the consolidation of the Subscription Fulfillment Services operations in 2010 and for computer hardware and software development expenditures in 2009. The Company believes that it has adequate cash and financing capability to provide for its anticipated future capital expenditures.

Cash Flows From Financing Activities

AMREP Southwest has a revolving credit facility, originally for \$25,000,000, with a bank that was scheduled to expire in September 2009. The facility has been extended to December 17, 2009 on certain revised terms to provide the parties with additional time to attempt to negotiate the terms of a replacement facility. The significant terms of the original facility are described in Note 8 of the Notes to the Company's consolidated financial statements included in the 2009 Form 10-K. The changes to the terms that were effected in connection with the extension are that (i) the outstanding amount under the facility may not exceed \$24,000,000 (which is its present outstanding principal amount), (ii) the interest rate per annum on borrowings was increased to LIBOR plus 3.5%, but not less than 5%, (iii) the facility has been collateralized by mortgages on certain real property of AMREP Southwest with an appraised value of not less than 2.5 times the outstanding amount under the facility, and (iv) distributions to the Company have been limited to payment of management fees of up to \$87,500 per month.

16

On December 9, 2009, the lender issued a commitment letter for a credit facility to replace the existing facility. The replacement facility is a \$22,500,000 non-revolving loan maturing in 364 days under which (i) certain defined excess cash generated by the operations of AMREP Southwest is required to be applied to pay down the loan balance, (ii) a cash reserve, originally \$1,100,000, to fund interest is to be established, and (iii) the Company is required to contribute \$2,500,000 to the capital of AMREP Southwest to be used to pay down the presently outstanding loan balance to \$22,500,000 and to substantially fund the initial interest reserve. The terms of the replacement facility are to be otherwise not materially different from those of the expiring facility as changed in connection with the extension.

There can be no assurance that AMREP Southwest will be able to obtain financing for its operating needs or for its anticipated future capital expenditures. AMREP Southwest is considering the terms of the replacement facility proposed in the lender's commitment letter and no replacement loan agreement has as yet been entered into. The lender has not extended the maturity date of the existing facility and if it does not do so, but demands repayment of amounts due under that facility, AMREP Southwest would not have sufficient funds to satisfy such demand.

During July 2009, Kable and certain of its direct and indirect subsidiaries entered into an Amended and Restated Loan and Security Agreement (the "Media Credit Agreement") with a bank that further amended and restated an earlier agreement with the bank's predecessor. The Media Credit Agreement provides for: (i) a revolving credit loan and letter of credit facility of up to \$20,000,000

Edgar Filing: AMREP CORP. - Form 10-Q

("Facility A") that may be used for general business purposes, including the payment of expenses and other costs associated with the consolidation of Kable's Subscription Fulfillment Services business in used exclusively for the payment of accounts payable under a distribution agreement with a customer of Kable's Distribution Services business. At the borrowers' option, up to \$2,500,000 of the bank's lending commitment for Facility D may be transferred to Facility A. At October 31, 2009, no Facility A or D loans were outstanding. Term borrowings for capital expenditures of approximately \$1,908,000 ("Facilities B and C") were outstanding at October 31, 2009, bearing interest from 4.79% to 6.40% per annum and are included in the borrowings under the Media Credit Agreement in addition to Facilities A and D. The revolving credits mature on May 1, 2010 and the term borrowings are due in installments through that date. The borrowers' obligations are collateralized by substantially all of their assets other than (i) real property and (ii) any borrower's interest in the capital securities of any other borrower or any subsidiary of any borrower.

The revolving loans under the Media Credit Agreement bear interest at the borrowers' option at fluctuating rates that are either (i) a LIBOR-based rate (0.243% at October 31, 2009) plus 3.25%, or (ii) the bank's prime rate (3.25% at October 31, 2009) plus 1.75%. The agreement also requires the borrowers to maintain certain financial ratios and contains other customary covenants and restrictions, the most significant of which limit the ability of the borrowers to declare or pay dividends or make other distributions to the Company, limit the annual amount that may be incurred for capital expenditures and other purposes and impose certain minimum EBITDA requirements on the borrowers.

At October 31, 2009, AMREP Southwest and Kable were in compliance with the terms of their respective bank covenants.

Future Payments Under Contractual Obligations

The Company is obligated to make future payments under various contracts, including its debt agreements and lease agreements, and is subject to certain

17

other commitments and contingencies. The table below summarizes significant contractual obligations as of October 31, 2009 for the items indicated (in thousands):

Contractual Obligations	Total	Less than 1 year	1 - 3 years	3 - 5 years
-----	-----	-----	-----	-----
Notes payable	\$ 30,810	\$ 26,188	\$ 249	\$ 225
Operating leases and other	11,236	3,600	6,251	935
	-----	-----	-----	-----
Total	\$ 42,046	\$ 29,788	\$ 6,500	\$ 1,160
	=====	=====	=====	=====

Operating leases and other includes \$2,372,000 of uncertain tax positions and related accrued interest recorded in accordance with the Financial Accounting Standards Board Accounting Standards Codification 740-10. The decrease in contractual obligations for operating leases and other from \$23,344,000 at April 30, 2009 to \$11,236,000 at October 31, 2009 is primarily the result of Kable exercising an option to early terminate the lease for its Colorado location

Edgar Filing: AMREP CORP. - Form 10-Q

effective May 31, 2010 in connection with the project to consolidate its subscription fulfillment services business operations at a single location. The decrease in notes payable from April 30, 2009 was due to reduced borrowings by Kable. Refer to Notes 8, 12, 16 and 17 to the consolidated financial statements included in the 2009 Form 10-K for additional information on long-term debt, taxes and commitments and contingencies.

Risk Factors

In addition to the other information set forth in this report, the factors discussed in Part I, "Item 1A. Risk Factors" in the 2009 Form 10-K, which could materially affect the Company's business, financial condition or future results, should be carefully considered. The risks described in the 2009 Form 10-K are not the only risks facing the Company. Additional risks and uncertainties not currently known to the Company or that currently are deemed to be immaterial also may materially adversely affect the Company's business, financial condition or operating results.

Statement of Forward-Looking Information

The Private Securities Litigation Reform Act of 1995 (the "Act") provides a safe harbor for forward-looking statements made by or on behalf of the Company. The Company and its representatives may from time to time make written or oral statements that are "forward-looking", including statements contained in this report and other filings with the Securities and Exchange Commission, reports to the Company's shareholders and news releases. All statements that express expectations, estimates, forecasts or projections are forward-looking statements within the meaning of the Act. In addition, other written or oral statements, which constitute forward-looking statements, may be made by or on behalf of the Company. Words such as "expects", "anticipates", "intends", "plans", "believes", "seeks", "estimates", "projects", "forecasts", "may", "should", variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and contingencies that are difficult to predict. These risks and uncertainties include, but are not limited to, the risks described above under the heading "Risk Factors". Many of the factors that will determine the Company's future results are beyond the ability of management to control or predict. Therefore, actual outcomes and results may differ materially from what is expressed or forecasted in or suggested by such forward-looking statements. The forward-looking statements contained in this report include, but are not limited to, statements regarding the consolidation project of the Subscription Fulfillment Services business (including the Company's estimated related capital expenditures, severance charges and incentives anticipated to be received from the State of Florida and the City of Palm Coast), future financing requirements and the status of negotiations with

18

the Company's existing real estate lender. The Company undertakes no obligation to revise or update any forward-looking statements, or to make any other forward-looking statements, whether as a result of new information, future events or otherwise.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company has two credit facilities that require the Company to pay interest at a rate that may change periodically. These variable rate obligations expose

Edgar Filing: AMREP CORP. - Form 10-Q

the Company to the risk of increased interest expense in the event of increases in short-term interest rates. At October 31, 2009, borrowings of \$24,000,000 were subject to variable interest rates. Refer to Item 7(A) of the 2009 Form 10-K for additional information regarding quantitative and qualitative disclosures about market risk.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company's management, with the participation of the Company's chief financial officer and the other executive officers whose certifications accompany this quarterly report, has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this report. As a result of such evaluation, the chief financial officer and such other executive officers have concluded that such disclosure controls and procedures are effective to provide reasonable assurance that the information required to be disclosed in the reports the Company files or submits under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and (ii) accumulated and communicated to the Company's management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate, to allow timely decisions regarding disclosure. The Company believes that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

Changes in Internal Control over Financial Reporting

No change in the Company's system of internal control over financial reporting occurred during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

PART II. OTHER INFORMATION
