Item 6. Part III (a) - Executive Compensation

Summary Compensation Table

The following table includes the Chief Executive Officers and the four other most highly compensated executive officers in office as of December 31, 2003, and up to two additional executive officers who would have been included in the table but retired or resigned during the year at Entergy Corporation, Entergy Arkansas, Inc., Entergy Gulf States, Inc., Entergy Louisiana, Inc., Entergy Mississippi, Inc., Entergy New Orleans, Inc., System Energy Resources, Inc., Entergy Operations, Inc., Entergy Services, Inc., System Fuels, Inc., GSG&T, Inc., Prudential Oil and Gas LLC, Southern Gulf Railway Company, Varibus LLC, Entergy District Energy Holdings, LLC, Entergy Enterprises, Inc., Entergy Global Power Operations Corporation, Entergy Global Trading Holdings Ltd., Entergy Holdings Inc., Entergy International Holdings Ltd. LLC, Entergy Nuclear Finance Holding Inc., Entergy Nuclear Holding Company, Entergy Nuclear Holding Company #1, Entergy Nuclear Holding Company #2, Entergy Nuclear Inc., Entergy Operations Services Inc., Entergy Power Inc., Entergy Power Development Corporation, Entergy Power E&C Corporation, Entergy Power Gas Holdings Corporation, Entergy Power Generation Corporation, Entergy Procurement Exchange Holding Corporation, Entergy PTB Holding Company, Entergy Resources Inc., Entergy Retail Holding Company, Entergy Technology Holding Company, Entergy Thermal-UNO LLC, Entergy Ventures Holding Company Inc., and EWO Marketing Holding LLC (collectively, the "Named Executive Officers"). This determination was based on total annual base salary and bonuses from all Entergy sources earned during the year 2003. See Item 6. Part I, "Names, Addresses, and Positions Held," above for information on the principal positions of the Named Executive Officers in the table below.

As shown in Item 6. Part I, most Named Executive Officers are employed by several Entergy companies. Because it would be impracticable to allocate such officers' salaries among the various companies, the table below includes aggregate compensation paid by all Entergy companies.

Accumulated dividends are paid on performance units when vested. The value of performance unit holdings as of December 31, 2003 is determined by multiplying the total number of units held by the closing market price of Entergy common stock on the New York Stock Exchange Composite Transactions on December 31, 2003 (\$57.13 per share). In January 2001, Mr. Leonard was granted 200,000 restricted units. 50,000 of the restricted units vest on each of December 31, 2001, December 31, 2002, December 31, 2003 and December 31, 2004, based on continued service with Entergy. Accumulated dividends will not be paid on Mr. Leonard's restricted units when vested. Ms. Shanks was granted 3,000 restricted units in 2003. Restrictions will be lifted on 1,200 units in 2006 and the remaining 1,800 units in 2011, based on continued service with Entergy. Accumulated dividends will not be paid. The value these individuals may realize is dependent upon both the number of units that vest and the future market price of Entergy common stock.

- (a) Options were granted on January 30, 2003, pursuant to the Equity Ownership Plan. All options granted on this date

have an exercise price equal to the closing price of Entergy common stock on the New York Stock Exchange Composite Transactions on January 30, 2003. These options will vest in equal increments, annually, over a three-year period beginning in 2004.

- (b) Calculation based on the market price of the underlying securities assuming the market price increases over the option period and assuming annual compounding. The column presents estimates of potential values based on simple mathematical assumptions. The actual value, if any, a Named Executive Officer may realize is dependent upon the market price on the date of option exercise.
- (c) During 2003, Ms. Conley, Mr. Denault, Mr. Hebert, Mr. Hintz, Mr. Kenney, Mr. McDonald, Mr. Smith, Mr. Thompson and Mr. Wilder converted presently exercisable stock options into an equivalent total of phantom stock units and reload stock options. They accomplished this by exercising stock options, paying the exercise price for these options by surrendering shares of Entergy stock, and deferring the taxable gain into phantom stock units. Additional options, as indicated above, were granted pursuant to the reload feature of this "stock

for stock" exercise method. Under the reload mechanism, eligible participants are granted an additional number of options equal to the number of shares surrendered to pay the exercise price. The reloaded stock options vest immediately and have an exercise price equal to the price of Entergy common stock on the New York Stock Exchange Composite Transactions on the date of exercise of the original options. The reloaded options retain the original grant's expiration date. The reload feature was removed from the Equity Ownership Plan as approved by the Stockholders in May 2003. Reloads are no longer available for options granted after February 13, 2003.

- (a) Performance units awarded will vest at the end of a three-year period, subject to the attainment of approved performance goals for Entergy. Restrictions are lifted based upon the achievement of the cumulative result of these goals for the performance period. The value any Named Executive Officer may realize is dependent upon the number of units that vest, the future market price of Entergy common stock, and the dividends paid during the performance period.
- (b) The threshold, target, and maximum levels correspond to the achievement of 25%, 100%, and 200%, respectively, of Equity Ownership Plan goals. Achievement of a threshold, target, or maximum level would result in the award of the number of units indicated in the respective column. Achievement of a level between these three specified levels would result in the award of a number of units calculated by means of interpolation.

All of the Named Executive Officers participate in a Retirement Income Plan, a defined benefit plan, that provides a benefit for employees at retirement from Entergy based upon (1) generally all years of service beginning at age 21 through termination, with a forty-year maximum, multiplied by (2) 1.5%, multiplied by (3) the final average compensation. Final average compensation is based on the highest consecutive 60 months of covered compensation in the last 120 months of service. The normal form of benefit for a single employee is a lifetime annuity and for a married employee is a 50% joint and survivor annuity. Other actuarially equivalent options are available to each retiree. Retirement benefits are not subject to any deduction for Social Security or other offset amounts. The amount of the Named Executive Officers' annual compensation covered by the plan as of December 31, 2003, is represented by the salary column in the Summary Compensation Table above.

The credited years of service under the Retirement Income Plan, as of December 31, 2003, for the following Named Executive Officers is as follows: Mr. Brett 2; Mr. Castleberry 19; Mr. Denault 4;

Mr. Domino 30; Mr. Harlan 28; Mr. Henderson 4; Mr. Leonard 5; Mr. McDonald 20; Mr. McNeal 21; Mr. Neikirk 4; Mr. Packer 21; Mr. Reagan 23; Mr. Roberts 3; and Ms. Shanks 18. The credited years of service under the Retirement Income Plan, as of December 31, 2003 for the following Named Executive Officers, as a result of entering into supplemental retirement agreements, is as follows: Mr. Childers 12; Ms. Conley 21; Mr. Hebert 15; Mr. Hintz 32; Mr. Kansler 24; Mr. Kenney 25; Mr. Smith 27; Mr. Taylor 22; and Mr. Wilder 20. Mr. Gallaher, Mr. Jackson, Mr. Thompson and Mr. Yelverton retired in 2003 with 33, 23, 27, and 23 years of service, respectively.

The maximum benefit under the Retirement Income Plan is limited by Sections 401 and 415 of the Internal Revenue Code of 1986, as amended; however, certain companies have elected to participate in the Pension Equalization Plan sponsored by Entergy Corporation. Under this plan, certain executives, including the Named Executive Officers, would receive an additional amount equal to the benefit that would have been payable under the Retirement Income Plan, except for the Sections 401 and 415 limitations discussed above.

In addition to the Retirement Income Plan discussed above, certain companies participate in the Supplemental Retirement Plan of Entergy Corporation and Subsidiaries (SRP) and the Post-Retirement Plan of Entergy Corporation and Subsidiaries (PRP). Participation is limited to one of these two plans and is at the invitation of a participating employer. The participant may receive from the appropriate Entergy company a monthly benefit payment not in excess of .025 (under the SRP) or .0333 (under the PRP) times the participant's average base annual salary (as defined in the plans) for a maximum of 120 months. Mr. Harlan, Mr. Hintz, Mr. Packer and Mr. Yelverton have entered into a

Supplemental Retirement Plan participation contract, and Mr. Gallaher and Mr. Jackson have entered into Post-Retirement Plan participation contracts. Current estimates indicate that the annual payments to each Named Executive Officer under the above plans would be less than the payments to that officer under the System Executive Retirement Plan discussed below.

- (1) Covered pay includes the average of the highest three years of annual base pay and incentive awards earned by the executive during the ten years immediately preceding his retirement. Benefits shown are based on a target replacement ratio of 50% based on the years of service and covered compensation shown. The benefits for 10, 15, and 20 or more years of service at the 45% and 55% replacement levels would decrease (in the case of 45%) or increase (in the case of 55%) by the following percentages: 3.0%, 4.5%, and 5.0%, respectively.

In 1993, Entergy Corporation adopted the System Executive Retirement Plan (SERP). This plan was amended in 1998. Certain of the companies are participating employers in the SERP. The SERP is an unfunded defined benefit plan offered at retirement to certain senior executives, which would currently include all the Named Executive Officers (except for Mr. Brett, Mr. Castleberry, Mr. Childers and Mr. Leonard). Participating executives choose, at retirement, between the retirement benefits paid under provisions of the SERP or those payable under the SRP or PRP discussed above. The plan was amended in 1998 to provide that covered pay is the average of the highest three years annual base pay and incentive awards earned by the executive during the ten years immediately preceding his retirement. Benefits paid under the SERP are calculated by multiplying the covered pay times target pay replacement ratios (45%, 50%, or 55%, dependent on job rating at retirement) that are attained, according to plan design, at 20 years of credited service. The target ratios are increased by 1% for each year of service over 20 years, up to a maximum of 30 years of service. In accordance with the SERP formula, the target ratios are reduced for each year of service below 20 years. The credited years of service under this plan are identical to the years of service for the Named Executive Officers (other than Ms. Conley, Mr. Hebert, Mr. Kansler, Mr. Kenney, Mr. Smith, Mr. Taylor and Mr. Wilder) disclosed above in the section entitled "Pension Plan Tables-Retirement Income Plan Table". The credited years of service under the SERP for the above individuals are as follows: Ms. Conley 4; Mr. Hebert 2; Mr. Kansler 15; Mr. Kenney 13; Mr. Smith 4; Mr. Taylor 13; and Mr. Wilder 5. Mr. Gallaher, Mr. Jackson, Mr. Thompson and Mr. Yelverton retired in 2003 with 33, 30, 22 and 30 years of credited service under the plan, respectively.

The amended plan provides that a single employee receives a lifetime annuity and a married employee receives the reduced benefit with a 50% surviving spouse annuity. Other actuarially equivalent options are available to each retiree. SERP benefits are offset by any and all defined benefit plan payments from Entergy. SERP benefits are not subject to Social Security offsets.

Eligibility for and receipt of benefits under any of the executive plans described above are contingent upon several factors. The participant must agree, without the specific consent of the Entergy company for which such participant was last employed, not to take employment after retirement with any entity that is in competition with, or similar in nature to, any Entergy company. Eligibility for benefits is forfeitable for various reasons, including violation of an agreement with a participating employer, certain resignations of employment, or certain terminations of employment without company permission.

Compensation of Directors

Directors who are Entergy officers do not receive any fee for service as a director. Each non-employee director receives a fee of \$1,500 for attendance at Board meetings, \$1,000 for attendance at committee meetings scheduled in conjunction with Board meetings and \$2,000 for attendance at committee meetings not scheduled in conjunction with a Board meeting. If a director attends a meeting of a committee on which that director does not serve as a member, he or she receives one-half of the fee of an attending member. Directors also receive \$1,000 for participation in any inspection trip or conference not held in conjunction with a Board or committee meeting. In addition, the committee chairpersons of the Audit Committee and Nuclear Committee are paid an additional \$10,000 annually and the committee chairpersons of the Personnel Committee, Corporate Governance Committee and Finance Committee are paid an additional \$5,000 annually. Directors receive only one-half the fees set forth above for telephone attendance at Board or committee meetings. All non-employee directors receive on a quarterly basis 150 shares of Common Stock and one-half the value of the 150 shares in cash. In 2003, Mr. Luft was paid \$200,000 plus 37,000 stock options (granted at market price) to serve as Chairman of the Board. The non-employee Directors have the opportunity to receive annually an executive physical examination either from their local physician or at the Mayo Clinic's Jacksonville, Florida location. The Corporation will pay the cost of the physical examination, and, if at Mayo, travel and living expenses. Non-employee Directors are reimbursed for all normal travel and expenses associated with attending Board and committee meetings as well as inspection trips and conferences associated with their Board duties.

All non-employee directors are credited with 800 "phantom" shares of Common Stock for each year of service on the Board. The "phantom" shares vest after five years of service on the Board and are credited to a specific account for each director that is maintained solely for accounting purposes. After separation from Board service, these directors receive an amount in cash equal to the value of their accumulated "phantom" shares. Payments are made in at least five but no more than 15 annual payments. Each "phantom" share is assigned a value on its payment date equal to the value of a share of Common Stock on that date. Dividends are earned on each "phantom" share from the date of original crediting.

Doris Krick and Joan Dobrzynski are directors at one or more of the Entergy subsidiaries. Entergy pays an external company a fee to perform various corporate functions for the subsidiaries at which Ms. Krick or Ms. Dobrzynski serve as directors. Ms. Krick and Ms. Dobrzynski are salaried employees of this external company. Apart from their salaries, Ms. Krick and Ms. Dobrzynski are not compensated separately for their service on the boards of the subject Entergy subsidiaries. The remaining Entergy subsidiaries currently have no non-employee directors, and none of their

current directors are compensated for their responsibilities as directors.

Retired non-employee directors of Entergy Arkansas, Entergy Louisiana, Entergy Mississippi, and Entergy New Orleans with a minimum of five years of service on the respective Boards of Directors are paid \$200 a month for a term of years corresponding to the number of years of active service as directors. Retired non-employee directors with over ten years of service receive a lifetime benefit of \$200 a month. Years of service as an advisory director are included in calculating this benefit. System Energy has no retired non-employee directors.

Retired non-employee directors of Entergy Gulf States receive retirement benefits under a plan in which all directors who served continuously for a period of years will receive a percentage of their retainer fee in effect at the time of their retirement for life. The retirement benefit is 30 percent of the retainer fee for service of not less than five nor more than nine years, 40 percent for service of not less than ten nor more than fourteen years, and 50 percent for fifteen or more years of service. Benefits are reduced for those directors who retired prior to the retirement age. The plan also provides disability retirement and optional hospital and medical coverage if the director has served at least five years prior to the disability. The retired director pays one-third of the premium for such optional hospital and medical coverage and Entergy Gulf States pays the remaining two-thirds. Years of service as an advisory director are included in calculating this benefit.

Before Entergy Gulf States, Inc. became a subsidiary of Entergy, it established a deferred compensation plan for its officers and non-employee directors. A director could defer a maximum of 100% of his salary, and an officer could defer up to a maximum of 50% of his salary. Both Dr. Murrill, as an officer, and Mr. Steinhagen, as a director, deferred their salaries. The directors' right to receive this deferred compensation is an unsecured obligation of the Corporation, which accrues simple interest compounded annually at the rate set by Entergy Gulf States, Inc. in 1985. In addition to payments received prior to 1997, on January 1, 2000, Dr. Murrill began to receive his deferred compensation plus interest in equal installments annually for 15 years. Beginning on the January 1 after Mr. Steinhagen turns 70, he will receive his deferred compensation plus interest in equal installments annually for 10 years.

On certain occasions, the Corporation provides personal transportation services for the benefit of non-employee directors. During 2003, the value of such transportation services provided by Entergy Corporation to all directors was approximately \$10,138.

Executive Retention and Employment Agreements and Change-in-Control Arrangements

Upon completion of a transaction resulting in a change-in-control of Entergy (a "Merger"), benefits already accrued under Entergy's System Executive Retirement Plan, Post-Retirement Plan, Supplemental Retirement Plan and Pension Equalization Plan will become fully vested if the participant is involuntarily terminated without "cause" or terminates employment for "good reason" (as such terms are defined in such plans).

Retention Agreement with Mr. Leonard

- The retention agreement with Mr. Leonard, as amended effective March 8, 2004, provides that upon a termination of employment while a Merger is pending (a) by Entergy without "cause" or by Mr. Leonard for "good reason", as such terms are defined in the agreement, other than a termination of employment described in the next paragraph, or (b) by reason of Mr. Leonard's death or disability:

- Entergy will pay to him a lump sum cash severance payment equal to 2.99 times the sum of Mr. Leonard's base salary and target annual incentive award; in no event will the cash severance payment exceed 2.99 times the sum of Mr. Leonard's base salary and applicable annual incentive award;

Edgar Filing: ENTERGY CORP /DE/ - Form U5S

- Entergy will pay to him a pro rata annual incentive award, based on an assumed maximum annual achievement of applicable performance goals;
- his supplemental retirement benefit will fully vest, will be determined as if he had remained employed with Entergy until the attainment of age 55, and will commence upon his attainment of age 55;
- he will be entitled to immediate payment of performance awards, based upon an assumed target achievement of applicable performance goals;
- all of his stock options will become fully vested and will remain outstanding for their full ten-year term; and
- Entergy will pay to him a "gross-up" payment in respect of any excise taxes he might incur.

If Mr. Leonard's employment is terminated by Entergy for "cause" at any time, or by Mr. Leonard without "good reason" and without Entergy's permission prior to his attainment of age 55, Mr. Leonard will forfeit his supplemental retirement benefit. If Mr. Leonard's employment is terminated by Mr. Leonard without "good reason" with Entergy's permission prior to his attainment of age 55, Mr. Leonard will be entitled to a supplemental retirement benefit, reduced by 6.5% for each year that the termination date precedes his attainment of age 55, payable commencing upon Mr. Leonard's attainment of age 62. If Mr. Leonard's employment is terminated by Mr. Leonard without "good reason" following his attainment of age 55, Mr. Leonard will be entitled to his full supplemental retirement benefit. The amounts payable under the agreement will be funded in a rabbi trust.

Retention Agreement with Mr. Denault

- The retention agreement with Mr. Denault provides that if he resigns his employment for good reason due to a change of control, he is immediately vested in his accrued benefits under the System Executive Retirement Plan, and he is entitled to a lump-sum parachute payment equal to the lower of: (i) 2.99 times his average five-year (or period of actual employment if less than five years) base salary and annual incentive pay or (ii) 2.99 times his "base amount," which is equal to the maximum amount that can be paid without the payment becoming subject to the excise tax within the meaning of Section 280G(b)(1) of the Internal Revenue Code.

Employment Agreement with Mr. Gallaher

- Mr. Gallaher retired from full-time active employment on October 31, 2003. The employment agreement between Mr. Gallaher and his Entergy employer provides that, upon retirement, and in addition to the normal post-retirement benefits for which he is eligible, Entergy will pay to Mr. Gallaher a severance payment equal to his gross annual salary plus one week's pay for every year of continuous Entergy service, which amount shall not exceed twice his gross annual compensation ("Severance Benefit"), in exchange for a release of claims in favor of Entergy. The severance benefit shall be payable, at the election of Mr. Gallaher, as either a lump sum cash payment or in biweekly installments. He shall also be entitled to benefits under Entergy's Post Retirement Plan or System Executive Retirement Plan in accordance with the terms of such plans. Entergy will reimburse Mr. Gallaher for the household moving expenses associated with the move, prior to September 30, 2004, of his primary residence to another location in the Continental United States under the terms of Entergy's relocation policy.

Employment Agreement with Mr. Hebert

- The employment agreement with Mr. Hebert became effective on September 1, 2001 and provides for his continued employment until September 1, 2004. Upon execution, Mr. Hebert received stock option grants, restricted unit grants and a cash signing bonus, all of which vest over the term of the agreement, and became eligible to participate in a number of executive plans. During the term of the agreement, Mr. Hebert may resign, or Entergy may terminate him for "cause," as defined in the agreement. In either of those events, Mr. Hebert is due no additional compensation or

benefits under the agreement. If there is a "change in control" before September of 2004, he remains eligible for benefits under the System Executive Continuity Plan. If Mr. Hebert resigns for "good reason," as defined in the agreement, or Entergy terminates him without cause, he receives a cash payment equal to two years of base salary and the retention of his signing bonus, which would otherwise be repayable upon early termination. On September 1, 2004, the term of this agreement ends, and the employment converts to an at-will employment relationship, terminable at any time by either party with or without cause.

Retention agreement with Mr. Hintz

- The retention agreement with Mr. Hintz provides that Mr. Hintz will be paid an initial retention payment of approximately \$2.8 million on the date on which a Merger is completed and an additional retention payment of approximately \$2.3 million on the second anniversary of the completion of a Merger if he remains employed on each of those dates. The agreement also provides that upon termination of employment while a Merger is pending and for two years after completion (a) by Mr. Hintz for "good reason" or by Entergy without "cause", as such terms are defined in the agreement or (b) by reason of Mr. Hintz's death or disability:

- Entergy will pay to him a lump sum cash severance payment equal to \$2.8 million if such termination occurs prior to completion of a Merger or equal to \$2.3 million if such termination occurs following completion of a Merger;
- Entergy will pay to him a pro rata annual incentive award, based on an assumed maximum achievement of applicable performance goals, if such termination occurs following completion of a Merger;
- he will be entitled to immediate payment of performance awards based upon an assumed target achievement of applicable performance goals, if such termination occurs prior to completion of a Merger, or based upon an assumed maximum achievement of applicable performance goals, if such termination occurs following completion of a Merger;
- all of his stock options will become fully vested and will remain outstanding for their full ten-year term;
- he will be entitled to receive a supplemental retirement benefit that, when combined with Mr. Hintz's SERP benefit, equals the benefit he would have earned under the terms of the SERP as in effect immediately prior to March 25, 1998; and
- Entergy will pay to him a "gross-up" payment in respect of any excise taxes he might incur.

Retention Agreement with Mr. Jackson

- Mr. Jackson retired from full-time active employment on March 31, 2003. The retention agreement with Mr. Jackson provides that upon retirement in accordance with the agreement, Mr. Jackson: (a) will be entitled to a subsidized retirement benefit equal to the applicable nonqualified retirement benefit payable to Mr. Jackson without reduction for early retirement ("Subsidized Retirement Benefit"); and (b) may enter into a consulting arrangement with Entergy through March 31, 2005, under terms and conditions set forth in the agreement. Mr. Jackson is entitled to certain benefits, as described in the agreement, in the event of a change in control (as defined in the System Executive Continuity Plan) after which Entergy or its successor company fails to honor Mr. Jackson's consulting arrangement.

Employment Agreement with Ms. Shanks

- The employment agreement with Ms. Shanks provides for her continued employment until 2011. During this period, Ms. Shanks will continue to participate in all executive plans, programs, and arrangements for which she is eligible. In October of 2011, Ms. Shanks will become a special project coordinator of Entergy Mississippi or another Entergy

System company until 2016. During her tenure as special project coordinator, Ms. Shanks will continue to receive her same rate of annual base salary in effect immediately prior to her assumption of this post, but will forfeit an amount sufficient to fund this salary from amounts that would otherwise be credited to her non-qualified deferral accounts. Commencing in October of 2016, Ms. Shanks will be eligible to retire with all of the post-retirement compensation and benefits for which she is eligible.

During the term of the agreement, Ms. Shanks may resign, or Entergy may terminate her for "cause," as defined in the agreement. In either of those events, Ms. Shanks is due no additional compensation or benefits under the agreement. If there is a "change in control" before October of 2011, she remains eligible for benefits under the System Executive Continuity Plan. If the change in control occurs while Ms. Shanks is a special project coordinator, and Entergy's obligations under this agreement are breached, she receives:

- a cash payment equal to her remaining unpaid base salary;
- all other benefits to which she would be entitled had she remained employed until the conclusion of the term of the agreement; and
- all legal fees and expenses incurred in disputing in good faith any term of the agreement.

Retention agreement with Mr. Smith

- The retention agreement with Mr. Smith provides that Mr. Smith will be paid a retention payment of approximately \$525,000 on each of the first three anniversaries of the date on which a Merger is completed, if he remains employed on each of those dates. The agreement also provides that upon termination of employment while a Merger is pending and for three years after completion (a) by Mr. Smith for "good reason" or by Entergy without "cause", as such terms are defined in the agreement or (b) by reason of Mr. Smith's death or disability:

- Entergy will pay to him a lump sum cash severance payment equal to the unpaid installments, if any, of the retention payments described above;
- he will be entitled to immediate payment of performance awards based upon an assumed target achievement of applicable performance goals;
- all of his stock options will become fully vested and will remain outstanding for their full ten-year term;
- Entergy will pay to him a "gross-up" payment in respect of any excise taxes he might incur.

Retirement Agreement with Mr. Thompson

- The retirement agreement with Mr. Thompson provides that following his retirement, and if certain conditions are met, Mr. Thompson will provide consulting services to Entergy for a 2-year period for an annual cash consulting fee equal to the highest annual base salary paid to him by Entergy prior to retirement. The agreement also provides that following Mr. Thompson's retirement, Entergy will supplement the nonqualified retirement benefit he elects to receive under either the System Executive Retirement Plan or the Pension Equalization Plan so that the total benefit he receives is equal to the benefit he would have received under the applicable plan without application of a discount rate for early retirement.

Retention Agreement with Mr. Wilder

- Mr. Wilder voluntarily resigned from Entergy employment effective February 20, 2004. The retention agreement Mr. Wilder previously entered into with Entergy provides, among other things, for payments to be made to him upon

termination of employment in certain circumstances in connection with a Merger or otherwise, subject to the terms and conditions of the agreement. In certain circumstances, Mr. Wilder would be entitled to a lump sum cash severance payment equal to three times the sum of his base salary and target annual incentive award and a "gross-up" payment in respect of any excise taxes he might incur. In other circumstances, as a substitute for the above payment, Mr. Wilder (or his beneficiaries) would be entitled to a lump sum cash severance payment equal to four times (in limited circumstances, three times) the sum of his base salary and maximum annual incentive award (in limited circumstances, his target annual incentive award), a pro rata annual incentive award, additional years of credited service under Entergy's supplemental retirement plan, immediate vesting of equity awards, the opportunity to continue to be employed in a special project coordinator position, and a "gross-up" payment in respect of any excise taxes he might incur.

Retention Agreement with Mr. Yelverton

- The retention agreement with Mr. Yelverton provides that he will be paid cash retention payments of \$680,000 on each of the first three anniversaries of the completion of a Merger if he remains employed on each of those dates. The agreement also provides that upon termination of employment while a Merger is pending and for three years after completion (a) by Mr. Yelverton for "good reason" or by Entergy without "cause", as such terms are defined in the agreement or (b) by reason of Mr. Yelverton's death or disability:

- Entergy will pay him a lump sum cash severance payment equal to the remaining unpaid portion of the cash retention payments;
- he will be entitled to immediate payment of performance awards, based upon an assumed target achievement of applicable performance goals;
- all of his stock options will become fully vested and will remain outstanding for their full ten-year term; and
- Entergy will pay to him a "gross-up" payment in respect of any excise taxes he might incur.

System Executive Continuity Plans

- Employees at System Management Levels 1-4 generally are eligible to participate in one of Entergy's two (2) System Executive Continuity Plans. Each plan provides severance pay and benefits under specified circumstances following a change in control. In the event a participant's employment is involuntarily terminated without cause or if a participant terminates for good reason during the change in control period, the participant will be entitled to:

- a cash severance payment equal to 1-3 times (depending on the participant's System Management Level) base annual salary and target award payable over a continuation period of 1-3 years (depending on the participant's System Management Level), but effective March 8, 2004, the cash severance payment under Continuity Plan II is limited to 2.99 times base salary and applicable annual incentive bonus, and participation in Continuity Plan I is closed;
- continued medical and dental insurance coverage for the continuation period (subject to offset for any similar coverage provided by the participant's new employer);
- immediate vesting of performance awards, based upon an assumed achievement of applicable performance targets; and
- payment of a "gross-up" payment in respect of any excise taxes the participant might incur.

Participants in the Continuity Plans are subject to post-employment restrictive covenants, including noncompetition provisions, which run for two years for executive officers, but extend to three years if permissible under applicable law.

THE ARKLAHOMA CORPORATION
 NOTES TO THE FINANCIAL STATEMENTS
 NOVEMBER 30, 2003 AND 2002

1. OPERATIONS:

The Arklahoma Corporation's (the Company) utility plant consists principally of transmission facilities which are being leased to its three stockholder companies from year to year. Pursuant to the terms of the lease agreement, the lessees have agreed to pay all operating costs, including maintenance, repairs, insurance and taxes assessed upon the properties. Such amounts totaled approximately \$374,100 and \$614,100 in fiscal years 2003 and 2002, respectively.

Under the terms of the current lease agreement, annual rentals have been discontinued but can be reinstated upon the agreement of the Company and the lessees/stockholders.

2. NEW ACCOUNTING STANDARD:

In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No.143, "Accounting for Asset Retirement Obligations." Adoption of SFAS No. 143 is required for financial statements for periods beginning after June 15, 2002. The Company will adopt this new standard effective December 1, 2002. The Company does not believe the adoption of this statement will have a material impact on its financial position or results of operation.

3. CASH AND CASH EQUIVALENTS:

For purposes of these financial statements, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. These investments are carried at cost, which approximates market.

4. UTILITY PLANT:

The utility plant balance as of November 30, 2003, represents the value of the land and the salvage value of the plant. The remainder of the plant was fully depreciated as of December 31, 1988.

5. INCOME TAXES:

Income taxes are accounted for in accordance with SFAS No. 109, "Accounting for Income Taxes." This statement requires the liability method of accounting for income taxes. Under the liability method, the deferred tax liability, or asset, is determined based on the difference between the tax reporting and financial reporting bases of assets and liabilities. The effect on deferred taxes of a change in tax rates will be recognized in income in the period of the enactment of the rate change.

Deferred income taxes resulted from temporary differences in financial versus tax bases of fixed assets. The net tax liability is reflected as a deferred income tax liability in the accompanying balance sheets.
