Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On November 21, 2013, National Rural Utilities Cooperative Finance Corporation (“CFC”) closed on the \$500 million committed loan facility (“Series G”) from the U.S. Treasury Department’s Federal Financing Bank (“FFB”) guaranteed by the United States of America, acting through the Rural Utilities Service (“RUS”). Under this Series G facility, CFC is able to borrow any time before October 15, 2016, with each advance having a final maturity not longer than 20 years from the advance date. In connection with any advance, CFC is required to deposit collateral satisfactory to RUS pursuant to the terms of the facility. Interest rates, including all fees (30 basis points of which are used to support the United States Department of Agriculture’s Rural Economic Development Loan and Grant Program), will be at a spread over comparable maturity Treasury Bonds as follows:

1 year or less	52.5 basis points
Greater than 1 year to 5 years	57.5 basis points
Greater than 5 years	65 basis points

This new commitment increases total funding available to CFC under committed loan facilities from the FFB to \$924 million. The proceeds of the guaranteed loans are to be used by CFC to make loans for electrification (excluding generation) or telephone purposes, eligible for assistance under the Rural Electrification Act of 1936, as amended, or to refinance bonds or notes issued for such purposes.
