Dear Shareholders:

It is my pleasure to invite you to PAR Technology Corporation's 2006 Annual Meeting of Shareholders. This year, we are proud to hold the meeting at one of our PAR Springer-Miller customer locations, The New York Palace Hotel; 455 Madison Avenue; New York, New York 10022. The meeting will be held on Thursday, May 11, 2006 at 10:00 AM. During the Annual Meeting, we will discuss each item of business described in the Notice of Annual Meeting and Proxy Statement and give a report on the Company's business operations. There will also be time for questions.

This booklet includes the Notice of Annual Meeting and Proxy Statement. The Proxy Statement provides information about PAR in addition to describing the business we will conduct at the meeting.

We hope you will be able to attend the Annual Meeting. Whether or not you expect to attend, please vote your shares by signing, dating and returning the proxy card in the prepaid envelope; taking advantage of telephone or Internet voting; or voting in person at the meeting.

Sincerely,

John W. Sammon, Jr.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON THURSDAY, MAY 11, 2006

Dear PAR Technology Shareholder:

The Annual Meeting of Shareholders (the "Meeting") of PAR Technology Corporation, a Delaware corporation (the "Company") is scheduled to be held at The New York Palace Hotel; 455 Madison Avenue; New York, New York 10022 (see map on back cover) on Thursday, May 11, 2006, at 10:00 AM, local time, for the following purposes:

1. To elect two Directors of the Company for a term of office to expire at the third succeeding Annual Meeting of Shareholders;
2. To approve the PAR Technology Corporation 2005 Equity Incentive Plan;
3. To approve the amendment of the Certificate of Incorporation to increase the authorized shares of voting Common Stock from 19,000,000 to 29,000,000.
4. To ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for the Company for the 2006 fiscal year; and
5. To transact such other business as may properly come before the Meeting or any adjournments or postponements of the Meeting.

The Board of Directors set March 22, 2006 as the record date for the Meeting. This means that owners of the Company's Common Stock at the close of business on March 22, 2006 are entitled to receive this notice and to vote at the Meeting or any adjournments or postponements of the Meeting. We will make available a list of shareholders as of the close of business on March 22, 2006, for inspection by any shareholder, for any purpose relating to the Meeting, during normal business hours at our principal executive offices, 8383 Seneca Turnpike; New Hartford, New York 13413, for ten (10) days prior to the Meeting. This list will also be available to shareholders at the Meeting.

Every shareholder's vote is important. Whether or not you plan to attend the Meeting, we request you complete, sign, date and return the enclosed proxy card promptly in the enclosed postage prepaid envelope as soon as possible. Most shareholders also have the options of voting their shares on the Internet or by telephone. If such methods are available to you, voting instructions are printed on your proxy card or included with your proxy materials.

The proxy solicited hereby may be revoked at any time prior to its exercise by executing and returning to the address set forth above a proxy bearing a later date or later dated vote by telephone or on the Internet, by giving written notice of revocation to the Secretary of the Company at the address set forth above, or by attending the Meeting and voting in person.

BY ORDER OF THE BOARD OF DIRECTORS

Gregory T. Cortese
Secretary

PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

GENERAL INFORMATION

The enclosed proxy is solicited by the Board of Directors of PAR Technology Corporation (the "Board"), a Delaware corporation (the "Company") for use at the Annual Meeting of Shareholders (the "Annual Meeting" or "Meeting") to be held at 10:00 AM, local time, on Thursday, May 11, 2006, at The New York Palace Hotel; 455 Madison Avenue; New York, New York 10022, and at any postponement or adjournment of the Meeting.

Purpose of Meeting

At the Meeting the Shareholders will be asked to consider and vote on the following matters:

1. To elect two Directors of the Company for a term of office to expire at the third succeeding Annual Meeting of Shareholders;
2. To approve the PAR Technology Corporation 2005 Equity Incentive Plan;
3. To approve the amendment of the Certificate of Incorporation to increase the authorized shares of voting Common Stock from 19,000,000 to 29,000,000.
4. To ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for the Company for the 2006 fiscal year; and
5. To transact such other business as may properly come before the Meeting or any adjournments or postponements of the Meeting.

Each proposal is described in more detail in this Proxy Statement.

Record Date, Voting Rights, Methods of Voting

Only shareholders of record at the close of business on March 22, 2006, will be entitled to notice of and to vote at the Meeting or any postponements or adjournments of the Meeting. As of that date, there were 14,157,620 shares of the Company's Common Stock, par value \$0.02 per share (the "Common Stock") outstanding and entitled to vote. The holders of shares representing 7,078,811 votes, represented in person or by proxy, shall constitute a quorum to conduct business.

Each share of Common Stock entitles the shareholder to one vote on all matters to come before the Meeting including the election of the Directors. Shareholders may vote in person or by proxy. Shareholders of record can vote by telephone, on the Internet, by mail or by attending the Meeting and voting by ballot. If you

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

are a beneficial shareholder, please refer to your proxy card or the information

forwarded by your bank, broker or other holder of record to identify which options are available to you. If you vote by telephone or on the Internet you do not need to return your proxy card. Telephone and Internet voting facilities for shareholders of record will be available 24 hours a day, and will close at 3:00 AM on May 11, 2006. The method by which a shareholder votes will not in any way affect their right to attend the Meeting and vote in person. If shares are held in the name of a bank, broker or other holder of record, the shareholder must obtain a proxy, executed in their favor, from the holder of record to be able to vote at the Meeting. All shares that have been properly voted and not revoked will be voted at the Annual Meeting. When proxies in the form enclosed are returned properly executed, the shares represented by the proxies will be voted in accordance with the directions of the shareholder. If you sign and return your proxy card but do not specify your voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. The proxy solicited hereby may be revoked at any time prior to its exercise by executing and returning to the address set forth above a proxy bearing a later date or later dated vote by telephone or on the Internet, by giving written notice of revocation to the Secretary of the Company at the address set forth above, or by attending the Meeting, withdrawing the proxy and voting in person.

Voting

A shareholder may, with respect to the election of the Directors: (i) vote "FOR" the nominees named herein, or (ii) "WITHHOLD AUTHORITY" to vote for any or all such nominees. The election of the Directors requires a plurality of the votes cast. Accordingly, withholding authority to vote for a Director nominee will not prevent the nominee from being elected.

With respect to the approval of the PAR Technology Corporation 2005 Equity Incentive Plan, a shareholder may: (i) vote "FOR"; (ii) vote "AGAINST"; or (iii) "ABSTAIN" from voting. A "FOR" vote of a majority of votes cast by the holders of capital stock present and represented by proxy and entitled to vote thereon (a quorum being present) is required to approve the 2005 Equity Incentive Plan. A vote to "ABSTAIN" from voting on this matter has the legal effect of a vote "AGAINST" the matter. This is a "non-routine" proposal and therefore, banks and brokers that have not received voting instructions from their clients cannot vote on their clients' behalf in connection with this proposal. These "non-voted shares" will be considered shares not present and entitled to vote on this matter, although such shares may be considered present and entitled to vote for other purposes and will count for purposes of determining the presence of a quorum.

With respect to the approval the amendment of the Certificate of Incorporation to increase the authorized shares of voting Common Stock from 19,000,000 to 29,000,000, a shareholder may: (i) vote "FOR"; (ii) vote "AGAINST"; or (iii) "ABSTAIN" from voting. A "FOR" vote of a majority of all outstanding shares is required to approve the amendment of the Certificate of Incorporation to increase the authorized shares of voting Common Stock. A vote to "ABSTAIN" from voting on this matter has the legal effect of a vote "AGAINST" the matter. This is a "non-routine" proposal and therefore, banks and brokers that have not received voting instructions from their clients cannot vote on their clients' behalf in connection with this proposal. These "non-voted shares" will be considered shares not present and entitled to vote on this matter, although such shares may be considered present and entitled to vote for other purposes and will count for purposes of determining the presence of a quorum.

A shareholder may, with respect to the ratification of the selection of KPMG LLP

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

("KPMG") as the Company's independent registered public accounting firm: (i) vote "FOR"; (ii) vote "AGAINST"; or (iii) "ABSTAIN" from voting. A "FOR" vote of a majority of votes cast by the holders of capital stock present and represented by proxy and entitled to vote thereon (a quorum being present) is required to ratify the selection of the Company's independent registered public accounting firm. A vote to "ABSTAIN" from voting on this matter has the legal effect of a vote "AGAINST" the matter.

Proxy Solicitation Costs

The Company will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others forwarding the solicitation material to beneficial owners of shares of the Company's Common Stock. In addition to the use of the mail, directors, officers, employees and certain stockholders of the Company, none of whom will receive additional compensation for doing so, may solicit proxies on behalf of the Company personally, by telephone or by facsimile transmission.

The Company's Annual Report to its shareholders for the year ended December 31, 2005, including audited consolidated financial statements, accompanies this Proxy Statement. Except as otherwise expressly provided herein, the Company's Annual Report is not incorporated in this Proxy Statement by reference. The approximate date on which this Proxy Statement and the accompanying form of proxy are first being sent or given to shareholders is April 11, 2006.

Proposal 1: Election of Directors

Under the Company's Certificate of Incorporation, the members of the Board of Directors are divided into three classes with approximately one-third of the Directors standing for election at each Annual Meeting. The Directors are elected for a three-year term of office, and will hold office until their respective successors have been duly elected and qualified or until their earlier resignation or removal. There were two Class II Directors elected in 2003 and one Class II Director elected by the Board in November 2005 to hold office commencing January 1, 2006 until the 2006 Annual Meeting of Shareholders. One of the Class II Directors, Mr. Haney, has notified the Company that he does not intend to stand for re-election. Mr. Haney intends to serve on the Board of Directors through the date of the Annual Meeting. The Company's By-Laws provides for a Board of not less than three nor more than fifteen Directors and authorizes the Board to determine the authorized number of Directors within that range. The authorized number of Directors is seven, however, effective immediately prior to the annual meeting, the authorized number of Directors will be reduced to six. Therefore, at this Meeting, two Directors will be elected for a three-year term expiring at the Annual Meeting held in 2009. The nominees of the Board for the Class II Director positions, Mr. Sangwoo Ahn, and Dr. Paul D. Nielsen are currently members of the Board and have been nominated for election by the Board upon recommendation of the Nominating and Corporate Governance Committee and each has decided to stand for re-election.

Each of the nominees for the Class II Director positions, have been determined by the Board to be "independent" as this term is defined by the New York Stock Exchange ("NYSE") in its listing standards and pursuant to the Company's Corporate Governance Guidelines. There is no family relationship among any of the nominees, Directors, or any of the Company's executive officers ("Executive Officers"). The Executive Officers serve at the discretion of the Board.

The Board has no reason to believe that any of the nominees will be unable or unwilling to serve if elected. In the event that any of the nominees shall become unable or unwilling to accept nomination or election as a Director, it is intended that such shares will be voted, by the persons named in the enclosed

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

proxy, for the election of a substitute nominee selected by the Board, unless the Board should determine to reduce the number of Directors pursuant to the By-Laws of the Company.

The names of the nominees and each of the Directors continuing in office, their ages as of April 11, 2006, the year each first became a Director and the expiration of their current term in office are set forth in the following table.

Nominees for Director	Director		
	Age	Since	Term Expires

Sangwoo Ahn	67	1986	2006 Annual Meeting of Shareholders
Dr. Paul D. Nielsen	55	2006	2006 Annual Meeting of Shareholders

Continuing Directors	Director		
	Age	Since	Term Expires

Dr. John W. Sammon, Jr.....	67	1968	2007 Annual Meeting of Shareholders
Charles A. Constantino.....	66	1970	2007 Annual Meeting of Shareholders
Kevin R. Jost	51	2004	2008 Annual Meeting of Shareholders
James A. Simms	46	2001	2008 Annual Meeting of Shareholders

The Board of Directors unanimously recommends a vote FOR the proposal to elect Mr. Ahn and Dr. Nielsen. Unless a contrary direction is indicated, shares represented by valid proxies and not so marked as to withhold authority to vote for the nominees will be voted FOR the election of the nominees.

BIOGRAPHIES OF NOMINEES AND DIRECTORS CONTINUING IN OFFICE

Sangwoo Ahn. Mr. Ahn, age 67, has held the position of Chairman of the Board of Quaker Fabric Corporation since 1993 and is also a member of the Board of Directors of Xanser Corp. Mr. Ahn is a member of Class II of the Company's Board and has been a Director of the Company since March 1986.

Charles A. Constantino. Mr. Constantino, age 66, has held the position of Executive Vice President since 1974 and holds various positions with subsidiaries of the Company. Mr. Constantino is also a member of the Board of Directors of Veramark Technologies, Inc. Mr. Constantino is a member of Class III of the Company's Board and has been a Director of the Company since 1970.

Kevin R. Jost. Mr. Jost, age 51, has been the President and Chief Executive Officer of Hand Held Products, Inc. since its inception as a separate entity in 1999. From 1982 through 1999, Mr. Jost was Vice President and General Manager of Welch Allyn Data Collection, a division of Welch Allyn, Inc. In 1999, Welch Allyn Data Collection division became a separate entity and acquired Hand Held Products, Inc. and continued business under the acquired company's name. Mr. Jost is a member of Class I of the Company's Board and has been a Director of the Company since May 2004.

Dr. Paul D. Nielsen. Dr. Nielsen, age 55, has been Director and CEO of the Software Engineering Institute ("SEI") at Carnegie Mellon University since 2004. Prior to joining SEI, Dr. Nielsen served as a major general in the U.S. Air Force, where he was the commander of the Air Force Research Laboratory and Technology Executive Officer for the Air Force. Dr. Nielsen is a member of Class II of the Company's Board and has been a Director of the Company since January 1, 2006.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Dr. John W. Sammon, Jr. Dr. Sammon, age 67, is the founder of the Company and has been the President, Chief Executive Officer and a Director since its incorporation in 1968. He was elected Chairman of the Board in 1983. Dr. Sammon is also a former President of the Company's subsidiary, ParTech, Inc., serving in that capacity from 1978 to 1987 and again from December 1997 through June 2000 and also currently holds various positions with other subsidiaries of the Company. Dr. Sammon is a member of Class III of the Company's Board.

James A. Simms. Mr. Simms, age 46, has been a Managing Director of Janney Montgomery Scott LLC, a wholly owned subsidiary of The Penn Mutual Life Insurance Company, since November 2004. For the prior seven years, he was a senior executive with Adams, Harkness & Hill, Inc. Mr. Simms is a member of Class I of the Company's Board and has been a Director of the Company since October 2001.

BOARD OF DIRECTORS AND COMMITTEES

The business of the Company is under the general direction of the Board as provided by the By-Laws of the Company and the laws of the State of Delaware, the state of incorporation. In 2005, the Board held six meetings and Committees of the Board held a total of 18 meetings. Each member of the Board attended at least 75% of the aggregate of all meetings of the Board and the committees on which they served. It is the Company's policy to encourage Directors to attend the Annual Meeting but such attendance is not required. Last year, one member of the Board attended the Annual Meeting.

All members of the Board are non-management directors except for the Chairman (Dr. Sammon) and Director Constantino, who are also Executive Officers of the Company. The non-management directors have chosen Director Ahn to preside at the regularly scheduled executive sessions of the non-management directors of the Company. Interested parties may send written communication to the Board of Directors as a group, the non-management directors as a group, the presiding director of executive sessions of non-management directors, or to any individual director by sending the communication c/o Gregory T. Cortese, Secretary, PAR Technology Corporation; PAR Technology Park; 8383 Seneca Turnpike, New Hartford, NY 13413. Upon receipt, the communication will be relayed to the Chairman, if it is addressed to the Board as a whole, to Director Ahn, if it is addressed to the presiding director of executive sessions of the non-management directors or to the non-management directors as a group, or to the individual Director if the communication is addressed to an individual Director. All communications regarding accounting, internal controls and audits will be referred to the Audit Committee. Interested parties may communicate anonymously if they so desire.

The Board has five standing committees: (i) Executive Committee, (ii) Audit Committee, (iii) Compensation Committee, (iv) Stock Option Committee and (v) Nominating and Corporate Governance Committee. The members of each committee and the number of meetings held by each committee in 2005 are set forth in the following table.

Name	Executive	Audit	Compensation	Stock Option	Nominating and Corporate Governance
Mr. Ahn (F1)	X	Chair			X
Mr. Constantino	X			X	
Mr. Haney (F1)		X	X		X

2005 Meetings	2	9	3	2	2

In its annual review of Director independence, the Board has determined all Directors to be independent except Mr. Constantino and Dr. Sammon. For a Director to be considered "independent", the Board must affirmatively determine that the Director has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company. The Board observes all criteria for independence established by the NYSE and other governing laws and regulations.

Executive Committee

The Executive Committee has the delegated authority to exercise all of the powers of the Board in the management and direction of the business and affairs of the Corporation in all cases in which specific directions shall not have been given by the Board and subject to the limitations of the General Corporation Law of the State of Delaware; the Company's Certificate of Incorporation; and the Company's By-Laws. The Executive Committee meets when required on short notice during intervals between meetings of the Board.

Audit Committee

In accordance with its Charter, the Audit Committee consists of at least three members, each of whom has been determined by the Board to meet the independence standards adopted by the Board. The standards adopted by the Board incorporate the independence requirements of the NYSE Corporate Governance Standards and the independence requirements set forth by the Securities and Exchange Commission ("SEC"). The Board has determined the members of the Audit Committee are "independent" as this term is defined by the NYSE in its listing standards and meet SEC standards for independence of audit committee members and that no member of the Audit Committee has a material relationship with the Company that would render that member not to be "independent". At least one member of the Committee shall, in the assessment of the Board, qualify and be identified as an audit committee financial expert as defined by the SEC. The Board has determined that Sangwoo Ahn is an "audit committee financial expert". All members of the Committee are financially literate at the time of their appointment to the Committee or within a reasonable time thereafter. Pursuant to its charter, the Audit Committee assists the Board in oversight of management's conduct and representations of the Company's reporting processes, its systems of internal control, the audit process, and its processes for monitoring compliance with laws and regulations and the Company's code of ethics and conduct. There were 9 meetings of the Audit Committee during 2005 including meetings held separately with management, and separate Executive Sessions with independent Directors, the internal auditor and the independent registered public accounting firm respectively. The Report of the Audit Committee begins on page 8 of this Proxy Statement. The Audit Committee operates under a written charter adopted by the Board. The Charter of the Audit Committee was updated during 2005 and a copy is attached to this Proxy Statement as Appendix A.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Compensation Committee

The Compensation Committee, which meets as required (but no less than once per year), reviews and makes recommendations to those identified in its charter regarding the compensation, benefits, stock options and incentive plans for all Executive Officers of the Company, and in connection with the compensation for outside Directors for service on the Board and committees of the Board. The Compensation Committee Report set forth below describes the responsibilities of this committee, and discloses the basis for the compensation of the Chief Executive Officer, including the factors and criteria upon which that compensation was based; compensation policies applicable to the Company's Executive Officers; and the specific relationship of corporate performance to executive compensation for 2005. The Compensation Committee Report begins on page 16 of this Proxy Statement.

Stock Option Committee

The Stock Option Committee, which meets as required, makes recommendations to the Compensation Committee for stock option awards and otherwise serves as the administrative body for the Company's 1995 Stock Option Plan and the 2005 Equity Incentive Plan. Both members of the Stock Option Committee are "disinterested persons" in compliance with the Company's 1995 Stock Option Plan.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee assists the Board in meeting its responsibilities in connection with the identification and recommendation of qualified nominees for election to the Board, developing, monitoring the compliance with, and making recommendations to the Board regarding the Company's governing principles and Code of Business Conduct and Ethics. The Board has determined that each of the members of this committee has met the independence standards adopted by the Board which incorporate the independence requirements under the NYSE listing standards.

The Nominating and Corporate Governance Committee considers all shareholder recommendations for candidates for the Board. Such shareholder recommendations should be sent to: Nominating and Corporate Governance Committee; c/o Gregory T. Cortese, Secretary; PAR Technology Corporation; PAR Technology Park; 8383 Seneca Turnpike; New Hartford, NY 13413. The committee's minimum qualifications and specific qualities and skills required for Directors are set forth in Company's Corporate Governance Guidelines and Nominating and Corporate Governance Committee Charter. The Company's Corporate Governance guidelines and the committee's charter are posted on the Company's website and a printed copy of both documents may be obtained without charge by written request. The website and address to send such requests may be found under the heading "Available Information" on page 25 of this Proxy Statement. In addition to considering candidates suggested by shareholders, the committee considers potential candidates recommended by current Directors, company officers, employees and others. The committee may sometimes use the services of a third party executive search firm to assist it in identifying and evaluating possible nominees for Director. The committee screens all potential candidates in the same manner regardless of the source of the recommendation. In identifying and considering candidates for nomination to the Board, this committee considers, in addition to the requirements set out in the Company's Corporate Governance Guidelines and Nominating and Corporate Governance Committee Charter, quality of experience, the needs of the Company and the range of talent and experience represented on the Board. When considering a candidate, the committee will determine whether requesting additional information or an interview is appropriate.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Director Nielsen is the only nominee for Director proposed to be elected for the first time by the shareholders at the Annual Meeting. Director Nielsen was appointed by the Board in 2005 with an effective date of January 1, 2006. Director Nielsen's name was first recommended by the Chief Executive Officer.

Committee Charters

Each of the Audit, Compensation, and Nominating and Corporate Governance Committees operate under a written charter approved by the Board that is reviewed regularly by the respective committees which may recommend appropriate changes for approval by the Board. Copies of the charters for the Audit, Compensation, and Nominating and Corporate Governance Committees are posted on the Company's website and a printed copy of these documents may be obtained without charge by written request. Requests can be made via the internet or by mail. The respective website and address for making such requests for printed copies of these and other available documents may be found under the heading "Available Information" on page 25 of this Proxy Statement.

DIRECTOR COMPENSATION

Directors who are employees of the Company are not separately compensated for serving on the Board. In 2005, non-employee Directors received annual retainers of \$25,000 for membership on the Board and an attendance fee of \$1,000 per day for in person attendance at Board meetings and any committee meetings held on the same day and \$500 per day for any committee meetings held on days other than Board meeting days. The attendance fee is \$200 if attendance is via telephone. All Directors are also reimbursed for all reasonable expenses incurred in attending meetings. In addition, any non-employee Director elected or re-elected to the Board of Directors will annually receive a number of Non-Qualified Stock Options or grants of restricted stock based on a formula for so long as the

status of non-employee Director is maintained. The formula aims to provide that number of stock options for the Company's Common Stock, which on the date of the grant, have a fair market value ("FMV"), comparable to the FMV of stock options and/or stock granted to non-employee directors of comparable companies as reported in the most recent survey by The Conference Board, Inc. and/or any other nationally recognized research firm(s) determined by the Board to be appropriate(1). Such stock options shall vest on the first anniversary date of the grant provided that, as of the anniversary date the Director's position had not been vacated by reason of resignation or removal for cause. In addition, from time to time, at the Board's discretion, non-employee Directors may be granted additional Non-Qualified Stock Options under the then existing stock option plan(s).

(1) The formula is expressed: $A/B = C$ where A = FMV of grants by comparable companies to their non-employee directors; B = per share FMV of PAR Common Stock on the date of the grant; and C = the number of shares of PAR Common Stock represented by Non-Qualified Stock Options to be granted. By way of example, if the FMV of comparable companies is determined to be \$20,000 and, on the day of the grant, the FMV of PAR Common Stock is \$20 per share, the Director would be granted Non-Qualified Stock Options representing 1,000 shares of PAR Common Stock.

REPORT OF THE AUDIT COMMITTEE

The information contained in the following report is subject to the disclaimer regarding "soliciting material" and "filed" information immediately following

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

the Compensation Committee Report contained in this Proxy Statement.

For the fiscal year ending December 31, 2005, the Audit Committee consisted of three members, Directors Ahn, Haney and Simms, and operated under a written charter that was updated during the year. A copy of the current Audit Committee Charter as approved by the Committee and the Board is set forth in Appendix A to this Proxy Statement. Director Nielsen was appointed to the Committee in 2006. The Audit Committee reports to, and acts on behalf of the Board by providing oversight of the financial management, independent registered public accounting firm and financial reporting process of the Company. The Company's management has the primary responsibility for the preparation of the Company's consolidated financial statements in accordance with generally accepted accounting principles ("U.S. GAAP"). The Company's management also has the primary responsibility for the financial reporting process, including the system of internal controls and procedures designed to ensure compliance with applicable laws, regulations and accounting standards. The Company's independent registered public accounting firm, KPMG LLP ("KPMG"), is responsible for auditing the Company's consolidated financial statements and expressing an opinion as to whether those consolidated financial statements fairly present, in all material respects, the consolidated financial position, results of operations, cash flows of the Company in conformity with U.S. GAAP and on management's assessment of the effectiveness of the Company's internal control over financial reporting. In addition, KPMG will express its own opinion on the effectiveness of the Company's internal control over financial reporting.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management and KPMG the audited consolidated financial statements in the Annual Report for the year ended December 31, 2005 (including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements); management's assessment of the effectiveness of the Company's internal control over financial reporting; and KPMG's evaluation of the Company's internal control over financial reporting. In addition, the Audit Committee has reviewed and discussed with KPMG such other matters as are required to be discussed with the Audit Committee by Statement on Auditing Standards No. 61 (Communication with Audit Committee), as amended. In addition, the Audit Committee has received from KPMG the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and held discussions with KPMG with respect to KPMG's independence from the Company's management and the Company itself.

The Audit Committee fully considered any non-audit services provided by KPMG and the fees and costs billed and expected to be billed by such firm for those services (described in the next section). In addition, the Audit Committee considered whether those non-audit services provided by KPMG are compatible with maintaining auditor independence. In reliance on the reviews and discussions with the Company's management and the independent registered public accounting firm, the Committee is satisfied that non-audit services provided to the Company by KPMG are compatible with and did not impair the independence of KPMG.

Access to the Audit Committee by the Company's internal auditors and by KPMG is unrestricted. The Audit Committee met and discussed with the Company's internal auditors and KPMG the overall scope and plans for their respective audits. The Audit Committee met with the Company's internal auditors to discuss the results of their examinations, their evaluations of the Company's internal controls, and their assessment of the overall quality of the Company's financial reporting. These meetings were held both within and outside the presence of Company management.

In reliance on the reviews and discussions referred to above, the Audit

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Committee recommended to the Board, and the Board has approved, the inclusion of the audited consolidated financial statements in the Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission.

The Audit Committee has selected KPMG as the Company's independent registered public accounting firm for fiscal 2006. One or more representatives of KPMG are expected to be in attendance at the Annual Shareholder Meeting, where they will have the opportunity to make a statement if they so desire, and will be available to answer appropriate questions.

Fees Paid to Independent Registered Public Accountants

The following table presents fees paid by the Company for professional services by KPMG during the years ended December 31, 2005 and December 31, 2004.

Type of Fees	2005	2004
Audit Fees	\$ 731,000	\$ 264,000
Audit-Related Fees	0	\$ 17,000
Tax Fees	\$ 125,000	\$ 89,000
All Other Fees	0	0
Total:	\$ 856,000	\$ 370,000

The categories of fees in the preceding table, in accordance with the SEC's rules and definitions, are defined as follows:

Audit Fees are fees for professional services rendered for the audit of the Company's consolidated financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by the auditor in connection with statutory and regulatory filings or engagements.

Audit-Related Fees are fees principally for audits of consolidated financial statements of employee benefit plans and due diligence services.

Tax Fees are fees for professional services for federal, state and international tax compliance, tax advice and tax planning.

All Other Fees are for any services not included in the first three categories.

The Audit Committee has concluded that the provision of the non-audit services listed above is compatible with maintaining the independence of the Company's independent registered public accounting firm. Consistent with SEC policies regarding auditor independence, the Audit Committee has established a policy to pre-approve all auditing services and permitted non-audit services, including the fees and terms thereof, performed by the independent registered public accounting firm.

CODE OF BUSINESS CONDUCT AND ETHICS

All of the Company's Directors and employees, including the Chief Executive Officer and the Chief Financial Officer ("and all other Executive Officers") are required to abide by the Company's Code of Business Conduct and Ethics (the "Code") to ensure the Company's business is conducted in a consistently legal and ethical manner. A printed copy of the Code may be obtained without charge by making a written request to the Company. Information regarding where such requests should be directed can be found in this Proxy Statement under the heading "Available Information". The full text of the Company's Code is also available on the Company's website at <http://www.parotech.com/ptc/ptc-ir-front2.cfm>. The Code is designed to deter wrongdoing and to promote: (a) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (b) full, fair, accurate timely and understandable disclosure in reports and documents that the Company files with or submits to the SEC and other public communications; (c) compliance with applicable governmental laws, rules and regulations; (d) the prompt internal reporting of violations of the Code to the appropriate person(s) identified in the Code; and (e) accountability for adherence to the Code. The Company intends to disclose future amendments to, or waivers from, provisions of the Code that apply to the Executive Officers and Directors and relate to the above elements by posting such information on our website within five calendar days following the date of such amendment or waiver.

CERTAIN TRANSACTIONS AND RELATIONSHIPS

John W. Sammon, III and Karen E. Sammon, members of the immediate family of Dr. John W. Sammon, Jr., the Company's Chairman of the Board, President and Chief Executive Officer, are principals in Sammon and Sammon, LLC, doing business as Paragon Racquet Club. Paragon Racquet Club currently leases a portion of the

Company's facilities at New Hartford, New York at a monthly base rate of \$9,775. The Company provides membership to this facility to all local employees.

During the Company's 1996 secondary offering, Mr. Charles A. Constantino, a Director and a named Executive Officer of the Company, desired to sell a significant portion of his stock in the Company to generate liquid assets to be used for a personal purchase of property. The Company, however, believed that the sale of the quantity of shares Mr. Constantino desired to sell would have an adverse impact on the market price of the Company's stock, and therefore requested that Mr. Constantino not participate in the sale of shares during the secondary offering at the level he had proposed. Instead, the Company offered to extend Mr. Constantino loans which would allow him to go forward with his personal purchase. Consequently, during 1999, the Company's subsidiary, Rome Research Corporation, granted loans to Mr. Constantino for the purpose of purchasing a home, with annual interest at the prime rate adjusted quarterly. Mr. Constantino's home served as collateral for these loans. Subsequent to July 30, 2002 the Company has not made any material changes to these loans. The largest aggregate amount outstanding (principal and interest) under these loans to Mr. Constantino throughout 2005 was \$250,902. The principal and interest of these loans were due on demand from the Company. Mr. Constantino paid all outstanding principal and interest on this note in May, 2005.

John Springer-Miller, the President and CEO of the Company's subsidiary, PAR Springer-Miller Systems, Inc., is the owner of the building in Stowe, Vermont, in which the subsidiary maintains its principal offices. The subsidiary currently leases the majority of the building from Mr. Springer-Miller at a

monthly base rate of \$30,000.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Executive Officers and Directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC and the NYSE. Such persons are required by regulations of the SEC to furnish the Company with copies of all such filings. Based solely on its review of the copies of such reports received by the Company and written representations from reporting persons, the Company believes that all ownership filing requirements were timely met during 2005 except that: a Form 4 in connection with a sale of stock was filed late by Mr. J. Whitney Haney, a director; Mr. Albert Lane, Jr., an Executive Officer, was late in filing two Form 4's in connection with two sales of stock; Mr. Gregory T. Cortese, an Executive Officer, was late in filing a Form 4 in connection with a cashless exercise of stock options and was late in filing a Form 4 in connection with a gift of stock; and a Form 4 was filed late in connection with a sale of stock by Mr. Ronald J. Casciano, an Executive Officer.

COMPENSATION COMMITTEE REPORT

The information contained in the following report is subject to the disclaimer regarding "soliciting material" and "filed" information immediately following this Compensation Committee Report.

Committee Membership and Process

For the fiscal year ending December 31, 2005, the Compensation Committee consisted of three members, Directors Jost, Haney and Simms, all of whom have

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

been determined by the Board to be "independent". The responsibilities of the Compensation Committee are set forth in the Committee's charter and include the review and evaluation of the Chief Executive Officer's compensation; review and approval of compensation packages, as recommended by the Chief Executive Officer, for the Executive Officers of the Company; the review and discussion with the Company's Chief Executive Officer, on at least an annual basis, of the incentive compensation programs for the fiscal year as well as the corporate goals and objectives related to such programs; oversight of the administration of the Company's incentive, equity based and other compensatory plans; the recommendation of changes and/or the adoption of new plans to the Board, as appropriate; and the annual review of the Company's retirement and other compensation programs that involve significant cost to the Company.

Executive Compensation Policy

In developing its compensation policies, the Committee has sought to further the Company's objectives of attracting, motivating, retaining and rewarding the management talent necessary to achieve the Company's performance goals and maintaining its leadership position in the industries in which it competes. Accordingly, the Committee has adopted the following overriding policies:

- o Executive compensation must be tied to the Company's general performance and achievement of financial and strategic goals;
- o Executive compensation opportunities should be competitive with those provided by other companies of comparable size engaged in similar businesses; and
- o Executive compensation should provide incentives that align the long-term financial interests of the Company's Executive Officers with those of its shareholders.

Compensation for the Company's Executive Officers in 2005 was consistent with the above policies. The primary responsibility of the Company's Chief Executive Officer and its other Executive Officers is the enhancement of shareholder value through balancing the requirements of long term growth with the achievement of short term performance. The contribution an Executive Officer has made to achieve the Company's short term strategic performance objectives as well as that Executive Officer's anticipated contribution toward long term objectives provide the basis upon which the officer's individual compensation awards are established.

Elements of Executive Compensation

To meet its policy objectives for Executive Officer compensation, the Company's Executive Officers are compensated through a combination of Base Salary, Bonuses, Stock Options, Deferred Compensation and various benefits, including medical and 401(k) plans generally available to employees of the Company.

Base Salary. In setting the annual base salary of the Chief Executive Officer and in reviewing and approving the annual base salaries of the other Executive Officers, the Compensation Committee considered the salaries of relative executives in similar positions, the level and scope of responsibility, experience and performance of the Executive Officer, the financial performance of the Company; and other overall general economic factors. The Compensation Committee believes the companies with which the Company competes for compensation purposes are not necessarily the same companies with which shareholder cumulative returns are compared. The peer groups used in the Performance Graph below include the Standard & Poor's 500 Stock Index and those companies deemed most comparable to the Company's businesses for the purpose of measuring stock performance. In contrast, the salary information utilized by the

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Company and the Compensation Committee includes national third party survey data for salaries in the high technology group within the durable goods industry sector as reported in a nationally recognized report on executive compensation. An objective of the Compensation Committee is to approve a salary for each Executive Officer within a range with a midpoint near the average midpoint for similar positions at comparable companies taking into account variables of the comparable companies, such as the size and industry, geographic location, and

comparison of duties. Consideration is also given to the individual performance of that Executive Officer, the performance of the organization over which the Executive Officer has responsibility, the performance of the Company and general economic conditions (with each factor being weighted as the Compensation Committee deems appropriate).

Bonuses. The purpose of the Company's bonus program for Executive Officers is to provide incentive based compensation to Executive Officers for meeting and exceeding pre-established financial performance goals for the respective business units under their control. In general, the financial performance goals of the Executive Officers (other than the Chief Executive Officer) are approved by the Chief Executive Officer. For 2005, for Executive Officers of all business units, the financial performance measures taken into consideration to determine an appropriate bonus included profit before tax, revenue and accounts receivable collection cycle. Bonuses for Executive Officers overseeing the Company's Hospitality business segment, ParTech, Inc., included the additional element of inventory turns.

Stock Options. In furtherance of the objective of providing long-term financial incentives that relate to improvement in long-term shareholder value, the Company awards stock options to its key employees (including Executive Officers other than Dr. Sammon and Mr. Constantino) under the Company's 1995 Stock Option Plan ("1995 Option Plan"). Stock options ("Options") granted under the 1995 Option Plan may be either Incentive Stock Options as defined by the Internal Revenue Code ("Incentive Stock Options") or Options which are not Incentive Stock Options ("Non-Qualified Stock Options"). Upon review of recommendations from the Compensation Committee, the Stock Option Committee determines the key employees of the Company and its subsidiaries who shall be granted Options, the type of Options to be granted, the terms of the grant and the number of shares to be subject thereto. Option grants become exercisable no less than six months after the grant and typically expire ten (10) years after the date of the grant. Option grants are discretionary and are reflective of the value of the recipient's position, as well as the current performance and continuing contribution of that individual to the Company.

Deferred Compensation. The Company sponsors an unfunded Deferred Compensation Plan for a select group of highly compensated employees that includes the Executive Officers. The Deferred Compensation Plan was adopted effective March 4, 2004. Participants may make voluntary deferrals of their salary to the plan in excess of tax code limitations that apply to the Company's qualified plan. The Company also has the sole discretion to make employer contributions to the plan on behalf of the participants, though it did not make any employer contributions in 2005. Contributions to the plan are held in a rabbi-trust established by the Company and invested in a group variable universal life insurance contract insuring the lives of the participants. The group variable universal life insurance contract is owned by the Company and subject to the claims of its creditors. Contributions to the plan are allocated to a separate account established in each participant's name. Each separate account is credited with the participant's elective deferrals and Company contributions, if any. The value of each participant's account is credited or debited with deemed earnings, gains or losses based on the cash surrender value of the group variable universal life insurance contract. Distribution of a participant's

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

account balance is permitted upon that participant's termination of employment, death, disability or financial hardship. Payment of a participant's account balance will be made in a lump sum payment or in annual installments over a period of two to 15 years, as selected by the participant. The plan also provides that if a participant dies, a death benefit equal to \$10,000 shall be paid in addition to the account balance as of the time of the participant's death.

Benefits and Perquisites. The Company makes available to its Executive Officers the medical, dental, profit sharing plan, 401(k) plan and life insurance benefits that are generally available to Company employees. Under the 401(k) plan, all participants receive a matching contribution at the rate of 10% from

the Company. The amount of any perquisites received by the Company's Executive Officers, as determined in accordance with the rules of the SEC relating to executive compensation, did not exceed 10% of the respective Executive Officer's salary for fiscal 2005.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the Chief Executive Officer or to any of the other four most highly compensated executive officers of a publicly held company will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). The Company's primary objective in designing and administering its compensation policies is to support and encourage the achievement of the Company's long-term strategic goals and to enhance stockholder value. In general, stock options granted under the Company's 2005 Equity Incentive Plan are intended to qualify under and comply with the "performance based compensation" exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives at the time of exercise of such stock options. Because salary and bonuses paid to our Chief Executive Officer and four most highly compensated executive officers, have been below the \$1,000,000 threshold, the Committee has elected, at this time, to retain discretion over bonus payments, rather than to ensure that payments of salary and bonus in excess of \$1,000,000 are deductible. The Committee intends to review periodically the potential impacts of Section 162(m) in structuring and administering the Company's compensation programs.

Chief Executive Officer Compensation for Fiscal 2005

The Compensation Committee reviews, on at least an annual basis, the goals and objectives relevant to the compensation of the Company's Chief Executive Officer and evaluates the Chief Executive Officer's performance in light of those goals and objectives. Based on this evaluation, either as a committee or together with the other independent Directors directed by the Board, the Compensation Committee determines and approves the compensation of the Chief Executive Officer. The Compensation Committee's recommendation to the Board for the 2005 compensation of the Chief Executive Officer was based on the policies and practices described above for Executive Compensation in general. Dr. Sammon's 2005 base salary was established after review of his performance and the comparative information from the third party salary survey data. Dr. Sammon's base salary in 2005 was \$337,886, which is below the midpoint of the compensation peer group contained in the third party survey and reflects an increase of 9% over Dr. Sammon's base salary for 2004.

In establishing Dr. Sammon's total compensation package, the Compensation Committee also considered the financial performance of the Company in 2005 and compared this performance to the 2005 goals the Compensation Committee had established for Dr. Sammon a year earlier during the course of his 2004

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

performance review. The Compensation Committee noted the Company exceeded all of the pre-established financial performance goals to the extent that would entitle the Chief Executive Officer to payment of a 2005 bonus in the amount of \$244,000.

Dr. Sammon, the Company's founder, became a shareholder before the Company became publicly-owned and has not, to date, been granted options under the Option Plan or any of the Company's previous stock option plans in view of his already existing substantial interest in maximizing the value of the Company's Common Stock. In addition, as Chairman of the Stock Option Committee, Dr. Sammon is considered a "disinterested person" and therefore was not eligible to receive stock option grants under the 1995 Option Plan.

PERFORMANCE GRAPH

The following performance graph compares the cumulative total shareholder return on the Company's Common Stock with the Standard & Poor's 500 Index and the common stock of a self constructed peer group made up of companies on an industry basis, which companies' returns are weighted according to their respective market capitalizations at the beginning of each year for which the return is calculated. The graph is constructed on the assumption that \$100 was invested in each of the Company's Common Stock, the S&P 500 Stock Index, and the peer group on December 31, 2000. The year-end values of each investment are based on share price appreciation and the reinvestment of dividends.

Proposal 2: Approval of the PAR Technology Corporation 2005 Equity Incentive Plan

At the Annual Meeting, the stockholders will be requested to consider and act upon a proposal to approve the Corporation's 2005 Equity Incentive Plan, as amended (the "Stock Plan"). On December 28, 2005, the Board of Directors approved, subject to stockholder approval at the Annual Meeting, the adoption of the Stock Plan, and further amended the Stock Plan on March 29, 2006 to increase the number of shares subject to issuance there under to 1,000,000, all subject to stockholder approval.

The stockholders will be requested at the Annual Meeting to consider and act upon a proposal to approve the Stock Plan, as amended. The Board of Directors believes that the Corporation's ability to continue to attract and retain qualified employees is in large part dependent upon the Corporation's ability to provide such employees long-term, equity-based incentives in the form of stock options as part of their compensation. The Corporation's 1995 Stock Option Plan terminated according to its terms in April 2005. The Board of Directors believes that the approval of the Stock Plan, as amended, would allow for the continuation of the Corporation's current equity compensation program for employees, directors and other service providers to the Corporation. An affirmative majority of the votes cast by the stockholders present or represented by proxy and entitled to vote at the Annual Meeting is required to approve the amendment.

The maximum aggregate number of shares of Common Stock available for issuance under the Stock Plan is 1,000,000 shares. The shares of Common Stock available for issuance under the Stock Plan are subject to adjustment for any stock dividend, recapitalization, stock split, stock combination or certain other corporate reorganizations. Shares issued may consist in whole or in part of authorized but unissued shares or treasury shares. Shares subject to an award that expires or is terminated unexercised or is forfeited for any reason or settled in a manner that results in fewer shares outstanding than were initially awarded will again be available for award under the Stock Plan. The maximum number of shares which may be granted to an individual in a fiscal year is the number of shares of Common Stock that are authorized for issuance pursuant to the Stock Plan.

On the record date for the Annual Meeting, the market price, as reported by the New York Stock Exchange, of Common Stock, the class of stock underlying all options, awards and purchases subject to the Stock Plan was \$17.91 per share. As of the record date for the Annual Meeting, no options to purchase shares of Common Stock under the Plan were issued to non-officer employees of the Corporation.

As described under Director Compensation elsewhere in this Proxy Statement, it is the Company's policy to annually grant non-employee Directors a number of Non-Qualified Stock Options based on a formula. The formula aims to provide that number of stock options for the Company's Common Stock, which on the date of the grant, have a fair market value ("FMV"), comparable to the FMV of stock options and/or stock granted to non-employee directors of comparable companies as reported in the most recent survey by The Conference Board, Inc. and/or any other nationally recognized research firm(s) determined by the Board to be appropriate. Such stock options vest on the first anniversary date of the grant provided that, as of the anniversary date the Director's position had not been vacated by reason of resignation or removal for cause.

Other than the planned awards to non-employee Directors as described above, there are currently no plans in place to make any specific awards under the Stock Plan.

A summary of the Stock Plan is set forth below. The full text of the Stock Plan is attached to this Proxy Statement as Appendix B.

The Stock Plan

The Stock Plan was adopted by the Board of Directors on December 28, 2005 and was amended on March 29, 2006. The Stock Plan currently provides for the issuance of a maximum of 1,000,000 shares of Common Stock pursuant to the grant to employees of Incentive Stock Options ("ISOs") within the meaning of Section 422 of the Code and the grant of Non-Qualified Stock Options (the "NQSOs"), stock awards ("Awards") or opportunities to make direct purchases of stock in the Corporation ("Purchases") to employees, consultants, directors and executive officers of the Corporation. As of March 1, 2006, 1,591 employees (including directors who are also employees of the Corporation and executive officers) and 4 non-employee directors are eligible to participate in the Stock Plan.

The Stock Plan is administered by the Board of Directors. The Board may, to the extent permitted by applicable law, delegate any or all of its powers under the Stock Plan to the Corporation's Compensation Committee. Each grant of an ISO, NQSO, Award or right to Purchase shall be evidenced by a written document delivered to the participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Stock Plan as the Board of Directors considers necessary or advisable. Each type of grant may be made alone, in addition to, or in relation to any other type of grant. The terms of each type of award need not be identical and the Board need not treat participants uniformly. The Board may amend, modify or terminate any outstanding grant, including substituting therefor another award, changing the date of exercise or realization and converting an Incentive Stock Option to a Non-Qualified Stock Option, provided that the participant's consent to such action shall be required unless the Board determines that the action would not materially and adversely affect the participant.

The Board of Directors will determine whether grants pursuant to the Stock Plan are settled in whole or in part in cash, Common Stock, other securities of the Company, other property or such other methods as the Board of Directors may deem appropriate. In the Board's discretion, tax obligations required to be withheld in respect of an award may be paid in whole or in part in shares of Common Stock, including shares retained from such award. The Board will determine the effect on an award of the death, disability, retirement or other termination of employment of a participant and the extent to which and period during which the participant's legal representative, guardian or designated beneficiary may receive payment of an award or exercise rights thereunder. Except as otherwise provided by the Board, grants under the Stock Plan are not transferable other than as designated by the participant by will or by the laws of descent and

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

distribution or, in the case of NQSOs and Purchase rights only, pursuant to a valid domestic relations order or to certain trusts or other estate planning vehicles.

The Board of Directors in its discretion may take certain actions in order to preserve a participant's rights in the event of a change in control of the Company, including (i) providing for the acceleration of any time period relating to the exercise or realization of the grant, (ii) providing for the purchase of the grant for an amount of cash or other property that could have been received upon the exercise or realization of the grant had the award been currently exercisable or payable, (iii) adjusting the terms of the award in order to reflect the change in control, (iv) causing the award to be assumed, or new rights substituted therefor, by another entity, or (v) making such other provision as the Board may consider equitable and in the best interest of the Corporation, provided that, in the case of an action taken with respect to an outstanding award, the participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the participant.

The Board of Directors of the Corporation may amend, suspend or terminate the Stock Plan or any portion thereof at any time; provided that no amendment shall be made without stockholder approval if such approval is necessary to comply with any applicable law, rules or regulations.

Options

Subject to the provisions of the Stock Plan, the Board of Directors has the authority to select the optionees and determine the terms of the options granted, including: (i) the number of shares subject to each option, (ii) when the option becomes exercisable, (iii) the exercise price of the option, (iv) the duration of the option and (v) the time, manner and form of payment upon exercise of an option. The Board of Directors determines the exercise price per share for NQSOs, Awards and Purchases under the Stock Plan, so long as such exercise price is no less than the minimum legal consideration required therefor under the laws of any jurisdiction in which the Corporation may be organized. As provided under the Plan, the number of shares of Common Stock underlying a stock option and the exercise price thereof will continue to adjust when the Corporation effects a stock split, stock dividend, merger or similar event. The exercise price per share for each ISO and NQSO to be granted under the Stock Plan may not be less than the fair market value per share of Common Stock on the date of such grant. In the case of an ISO to be granted to an employee owning stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Corporation, the price per share for such ISO shall not be less than one hundred ten percent (110%) of the fair market value per share of Common Stock on the date of grant. Each option granted will expire on the date specified by the Board of Directors, but not more than (i) ten years from the date of grant in the case of options generally and (ii) five years from the date of grant in the case of ISOs granted to an employee owning stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Corporation. Generally, no ISO may be exercised more than 90 days following termination of employment. However, in the event that termination is due to death or disability, the option is exercisable for a maximum of 180 days after such termination.

Purchases

Subject to provisions of the 2005 Stock Plan, the Board of Directors may grant shares of restricted stock to participants, with such restricted periods and other conditions as the Board may determine and for no cash consideration or such other consideration as may be required by applicable law or the Board of Directors. During the restricted period, unless otherwise determined by the Board, stock certificates evidencing the restricted shares will be held by the Company and may not be sold, assigned, transferred, pledged or otherwise

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

encumbered, except as permitted by the Board. At the expiration of the restricted period, the Company will deliver such certificates to the participant or, if the participant has died, to the beneficiary designed by the participant.

Awards

Subject to the provisions of the 2005 Plan, the Board of Directors may award stock awards, which may be designated as award shares by the Board. Shares of Common Stock or other rights awarded in connection with a stock award shall be issued for no cash consideration.

United States Federal Income Tax Consequences

The following discussion of United States federal income tax consequences of the issuance and exercise of options, Awards and Purchases granted under the Stock Plan is based upon the provisions of the Code as in effect on the date of this Proxy Statement, current regulations and existing administrative rulings of the Internal Revenue Service, all of which are subject to change (perhaps with retroactive effect). It is not intended to be a complete discussion of all of the United States federal income tax consequences of these plans or of the requirements that must be met in order to qualify for the described tax treatment. In addition there may be foreign, state, and local tax consequences that are not discussed herein.

Incentive Stock Options: The following general rules will be applicable under current United States federal income tax law to ISOs granted under the Stock Plan:

1. In general, no taxable income results to the optionee upon the grant of an ISO or upon the issuance of shares to him or her upon the exercise of the ISO, and the Corporation is not entitled to a federal income tax deduction upon either the grant or exercise of an ISO. However, under certain circumstances there may be alternative minimum tax, as described above.
2. If shares acquired upon exercise of an ISO are not disposed of within (i) two years following the date the ISO was granted or (ii) one year following the date the shares are issued to the optionee pursuant to the ISO exercise (the "Holding Periods"), the difference between the amount realized on any subsequent disposition of the shares and the exercise price will generally be treated as capital gain or loss to the optionee.
3. If shares acquired upon exercise of an ISO are disposed of and the optionee does not satisfy the requisite Holding Periods (a "Disqualifying Disposition"), then in most cases the lesser of (i) any excess of the fair market value of the shares at the time of exercise of the ISO over the exercise price or (ii) the actual gain on disposition, will be treated as compensation to the optionee and will be taxed as ordinary income in the year of such disposition.
4. In any year that an optionee recognizes ordinary income on a Disqualifying Disposition of stock acquired by exercising an ISO, the Corporation generally will be entitled to a corresponding deduction for federal income tax purposes, provided the Corporation reports the income on a timely provided and filed Form W-2 or 1099, whichever is applicable.
5. The difference between the amount realized by the optionee as the result of a Disqualifying Disposition and the sum of (i) the exercise price and (ii) the amount of ordinary income recognized under the above rules will be treated as capital gain or loss.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

6. Capital gain or loss recognized by an optionee on a disposition of shares will be long-term capital gain or loss if the optionee's holding period for the shares exceeds 12 months.
7. An optionee may be entitled to exercise an ISO by delivering shares of the Corporation's Common Stock to the Corporation in payment of the exercise price, if the optionee's ISO agreement so provides. If an optionee exercises an ISO in such fashion, special rules will apply.
8. In addition to the tax consequences described above, the exercise of ISOs may result in a further "alternative minimum tax" under the Code. The Code provides that an "alternative minimum tax" (at a maximum rate of 28%) will be applied against a taxable base which is equal to "alternative minimum taxable income," reduced by a statutory exemption. In general, the amount by which the value of the Common Stock received upon exercise of the ISO exceeds the exercise price is included in the optionee's alternative minimum taxable income. A taxpayer is required to pay the higher of his regular tax liability or the alternative minimum tax. A taxpayer who pays alternative minimum tax attributable to the exercise of an ISO may be entitled to a tax credit against his or her regular tax liability in later years.
9. Special rules apply if the Common Stock acquired through the exercise of an ISO is subject to vesting, or is subject to certain restrictions on resale under federal securities laws applicable to directors, officers or 10% stockholders.

Non-Qualified Stock Options: The following general rules are applicable under current federal income tax law to NQSOs to be granted under the Stock Plan.

1. The optionee generally does not recognize any taxable income upon the grant of a NQSO, and the Corporation is not entitled to a federal income tax deduction by reason of such grant.
2. The optionee generally will recognize ordinary compensation income at the time of exercise of the NQSO in an amount equal to the excess, if any, of the fair market value of the shares on the date of exercise over the exercise price. The Corporation may be required to withhold income tax on this amount.
3. When the optionee sells the shares acquired through the exercise of a NQSO, he or she generally will recognize a capital gain or loss in an amount equal to the difference between the amount realized upon the sale of the shares and his or her basis in the stock (generally, the exercise price plus the amount taxed to the optionee as ordinary income). If the optionee's holding period for the shares exceeds 12 months, such gain or loss will be a long-term capital gain or loss.
4. The Corporation generally should be entitled to a federal income tax deduction when ordinary income is recognized by the optionee pursuant to the exercise of a NQSO, provided the Corporation reports the income on a timely provided and filed Form W-2 or 1099, whichever is applicable.
5. An optionee may be entitled to exercise a NQSO by delivering shares of the Corporation's Common Stock to the Corporation in payment of the exercise price. If an optionee exercises a NQSO in such fashion, special rules will apply.
6. Special rules apply if the Common Stock acquired through the exercise

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

of a NQSO is subject to vesting, or is subject to certain restrictions on resale under federal securities laws applicable to directors, officers or 10% stockholders.

Awards and Purchases: The following general rules are applicable under current federal income tax law to the grant of Awards and Purchases under the Stock Plan:

1. Persons receiving Common Stock pursuant to an award of Common Stock ("Award") or a grant of an opportunity to purchase Common Stock ("Purchase") generally recognize ordinary income equal to the fair market value of the shares received, reduced by any purchase price paid.
2. The Corporation generally will be entitled to a corresponding federal income tax deduction. When such stock is sold, the seller generally will recognize capital gain or loss.

Special rules apply if the stock acquired pursuant to an Award or Purchase is subject to vesting, or is subject to certain restrictions on resale under federal securities laws applicable to directors, officers or 10% stockholders.

The Board of Directors unanimously recommends a vote FOR the proposal to approve the 2005 Equity Incentive Plan. Proxies solicited by the Board will be so voted unless shareholders specify otherwise in their proxies.

Proposal 3: Approval of the amendment of the Certificate of Incorporation to increase the authorized shares of voting Common Stock from 19,000,000 to 29,000,000.

The Corporation's Certificate of Incorporation (the "Certificate") presently authorizes the issuance of 20,000,000 shares, consisting of 19,000,000 shares of Common Stock, par value \$.02 per share and 1,000,000 shares of Preferred Stock, par value \$.02 per share. The Board of Directors has determined that the Certificate should be amended to increase the number of authorized shares of Common Stock from 19,000,000 to 29,000,000, and has unanimously approved, subject to stockholder approval, an amendment to the Certificate to effect this increase.

As of March 22, 2006, there were 14,157,620 shares of Common Stock issued and outstanding; 1,778,304 shares of Common Stock held in treasury; and 1,237,000 shares of Common Stock reserved for issuance upon the award of restricted stock or the exercise of options or other equity awards under equity compensation plans. This leaves a total of 1,827,076 shares of Common Stock available for future issuance or reservation. There are no shares of Preferred Stock outstanding.

The Board of Directors believes that an increase in the number of authorized shares of Common Stock is necessary to provide the Corporation with additional financial flexibility to meet its future business needs. If the proposed amendment is approved by the stockholders, the Corporation will have additional shares available for acquisitions, financings, stock option plans, stock dividends or stock splits, and other corporate purposes. The additional shares would be available for issuance without further stockholder approval, except as may be required by applicable law or the rules of the New York Stock Exchange. Other than as permitted or required under the Corporation's equity compensation plans, there are no current plans or other existing or proposed agreements or understandings to issue or reserve for further issuance the additional shares of Common Stock.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

If and when issued, the newly authorized shares of Common Stock would have the same rights and privileges as the shares of Common Stock currently authorized. The number of authorized shares of Preferred Stock would not be affected by the proposed amendment.

The issuance of additional shares of Common Stock could have a dilutive effect on earnings per Common Share and on the equity and voting power of those holding shares of Common Stock at the time of issuance, as stockholders do not have preemptive rights. In addition, the proposed amendment could have an anti-takeover effect, as additional shares of Common Stock could be issued to dilute the stock ownership and voting power of, or increase the cost to, a person seeking to obtain control of the Corporation. However, the proposed amendment is not being proposed for such purposes and is not in response to any known effort to accumulate shares of Common Stock or obtain control of the Corporation.

The text of the proposed amendment to the Certificate is attached as Appendix C.

Pursuant to Sections 242 and 245 of the Delaware General Corporations Law, the amendments to the Certificate must be approved also by the holders of a majority of the Corporation's issued and outstanding shares of Common Stock. If approved, this proposed amendment will become effective upon the filing of the Certificate with the Secretary of State of the State of Delaware.

The Board of Directors unanimously recommends a vote FOR the proposal to approve the amendment of the Certificate of Incorporation to increase the authorized shares of voting Common Stock from 19,000,000 to 29,000,000. Proxies solicited by the Board will be so voted unless shareholders specify otherwise in their proxies.

Proposal 4: Ratification of the selection of Independent Registered Public Accounting Firm

On the recommendation of the Audit Committee, the Board has selected KPMG as the independent registered public accounting firm to audit the consolidated financial statements of the Company and its subsidiaries for the 2006 fiscal year. KPMG has been employed to perform this function since October 9, 2003.

Although this appointment is not required to be submitted to a vote of the shareholders, the Board generally requests the shareholders ratify the appointment. If the shareholders do not ratify the appointment, the Audit Committee will investigate the reasons for their rejection and the Board will reconsider the appointment.

The Board of Directors unanimously recommends a vote FOR the proposal to ratify the selection of KPMG. Proxies solicited by the Board will be so voted unless shareholders specify otherwise in their proxies.

OTHER MATTERS

Other than the foregoing, the Board knows of no matters that will be presented at the Annual Meeting for action by shareholders. However, if any other matters properly come before the Meeting, or any postponement or adjournment thereof, the persons acting by authorization of the proxies will vote thereon in accordance with their judgment.

PAR TECHNOLOGY CORPORATION AUDIT COMMITTEE CHARTER

Membership

The Audit Committee (the "Committee") of PAR Technology Corporation (the "Company") shall consist of at least three members of the Board of Directors (the "Board"). Members shall be appointed upon the recommendation of the Nominating and Corporate Governance Committee and may be removed by the Board in its discretion. All members of the Committee will meet the independence and

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

other requirements of the Audit Committee Policy of the New York Stock Exchange, Section 10A(m)(3) of the Securities Exchange Act of 1934 (the "Exchange Act") and the rules and regulations of the Securities and Exchange Commission (the "Commission"). At least one member of the Committee shall, in the assessment of the Board, qualify and be identified as an audit committee financial expert as defined by the Commission. All members of the Committee shall be financially literate at the time of their appointment to the Committee or within a reasonable time thereafter. Members of the Committee shall not simultaneously serve on the audit committees of more than two other public companies unless the Board determines that simultaneous service would not impair the ability of the member to effectively serve on the Committee and the Board discloses this determination in the Company's annual proxy statement.

Purpose

The Company's management is responsible for preparing the Company's financial statements and the Company's independent auditor is responsible for auditing those financial statements. The Audit Committee's purpose shall be to:

1. Prepare an audit committee report as required by the SEC to be included in the Company's annual proxy statement.
2. Assist the Board in its oversight of:
 - a. the integrity of the Company's financial statements;
 - b. the Company's compliance with legal and regulatory requirements;
 - c. the Company's independent auditor's qualifications and independence; and
 - d. the performance of the Company's internal audit function and independent auditors

The financial management and the independent auditors of the Company have more time, knowledge and more detailed information on the Company than do Committee members. Therefore, in carrying out its responsibilities to assist the Board in the above oversight functions, the Committee is not providing any expert or special assurance as to the Company's financial statements or any certification as to the work of the independent auditors.

Meetings

The Committee will meet at least four times a year, with authority to convene additional meetings, as circumstances require. All Committee members are expected to attend each meeting, in person or via teleconference or video-conference. The Committee will invite members of management, auditors or others to attend meetings and provide pertinent information, as necessary. Meeting agendas will be prepared and provided to members in advance, along with appropriate briefing materials. Minutes will be prepared.

In addition to meetings with Company officers and employees, the independent auditor or outside counsel or other advisers as necessary to fulfill its responsibilities, the Committee shall, on a regular basis, hold separate private meetings with the following to discuss any matters either party believes should be discussed privately:

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

- o Company management;
- o the Company's independent auditors; and
- o the Company's internal auditor

Authority & Responsibilities

In carrying out its purpose, the Committee shall have the following authority and responsibilities:

A. Oversight of Independent Auditor

1. The independent auditor is ultimately accountable to the Board and the Committee. Therefore, the Committee, subject to any action that may be taken by the full Board, has the ultimate authority and is directly responsible for the appointment, compensation, evaluation, retention, oversight of the work and when appropriate termination of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. The oversight responsibility includes resolution of disagreements between management and the independent auditor regarding financial reporting. Each such registered public accounting firm shall report directly to the Committee.
2. To assist the Board in its oversight of the independence, qualifications and performance of the independent auditor the Committee shall:
 - a. assess the auditor's independence by at least annually obtaining and reviewing a report from the independent auditor delineating all relationships between the Company and the independent auditor, including non-audit services, consistent with Independence Standards Board Standard Number 1;
 - b. discuss with the independent auditor any such disclosed relationships and their impact or potential impact on the auditor's independence and objectivity, taking into account the opinions of management and the internal auditors;
 - c. set clear policies for the hiring of employees or former employees of the Company's independent auditors who participated in any capacity in the audit of the Company taking into account the pressures that may exist for auditors seeking a job with the company they audit;
 - d. at least annually obtain and review a report from the independent auditor that describes:
 - i. the audit firm's internal quality-control procedures;
 - ii. any material issues raised by the firm's most recent internal quality control review, or peer review, or by any inquiry or investigation by governmental or professional authorities within the most recent five years relating to one or more independent audits carried out by the firm; and
 - iii. any steps taken to deal with any such issues;
 - e. (after reviewing the independent auditor's report and the independent auditor's work throughout the year) review and evaluate the qualifications, performance and independence of the independent auditor and lead partner of the independent auditor team taking into account the opinions of the Company's management and the internal

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

auditors;

- f. discuss with management the timing and process for implementing the rotation of the lead audit partner, and the concurring (review) partner and any other active audit engagement team partner;
 - g. consider and discuss with management whether it is appropriate to adopt a policy of rotating the independent audit firm on a regular basis;
 - h. review and approve the independent auditor's proposed audit scope and approach, including staffing of the audit and coordination of audit effort with internal audit.
3. The Committee shall regularly report to the full Board about Committee activities, issues and related recommendations and present the Committee's conclusions with respect to the audit firm's quality controls, independence, qualifications and performance and review any issues that arise with respect to the performance and independence of the independent auditors.
 4. The Committee shall have the sole authority to approve all audit engagement fees and terms and the Committee, or a member of the Committee, must pre-approve any auditing services and permitted non-audit services, including the fees and terms thereof provided by the Company's independent auditor, subject to the de minimus exception for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act that are approved by the Committee prior to the completion of the audit.

B. Oversight of Internal Audit Function

1. The Committee shall review and discuss with the independent auditor the responsibilities, budget and staffing of the Company's internal audit function.
2. The Committee shall review and discuss with management, the internal audit director and the independent auditor:
 - a. the effectiveness of the internal audit function, including compliance with established internal auditing practice standards;
 - b. the audit risk assessment process and the proposed scope of the Internal Audit department for the upcoming year and coordination of that scope with the independent auditor; and
 - c. the results of the internal auditors' examination of significant internal audit department findings and management responses.
3. The Committee shall assess and confirm there are no restrictions or limitations placed on the performance of internal audit.
4. The Committee shall review the appointment and, when appropriate, the replacement of the senior internal auditing executive.
5. The Committee shall regularly report to the Board about Committee activities, issues and related recommendations with respect to the performance of the internal audit function.

C. Oversight of Management's Conduct of Financial Reporting Process

1. Financial Reporting Practices. The responsibility for the Company's

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

financial statements and disclosures rest with the Company's management. In providing oversight of the Company's financial reporting practices, the Committee shall:

- a. regularly review with the independent auditor any audit problems or difficulties and management's response. The review shall include any restrictions on the scope of the independent auditor's activities or on the access the independent auditor had to requested information and any significant disagreements with management; any accounting adjustments noted or proposed by the auditor that were "passed" (as immaterial or otherwise); any communications between the audit team and the audit firm's national office regarding auditing or accounting issues presented by the engagement; and any "management" or "internal control" letter or schedule of differences issued, or proposed to be issued, by the audit firm to the Company;
 - b. review and discuss with the independent auditor, and with management, major issues regarding accounting principals and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles;
 - c. review and discuss with management and the independent auditor any major issues as to the quality and adequacy of the Company's internal controls and any special steps adopted in light of material control deficiencies, if any;
 - d. review and discuss any analyses prepared by the Company's management and/or independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including any analyses of the effects of alternative GAAP methods on the financial statements; and
 - e. review the effect of recent accounting professional and regulatory initiatives, complex or unusual transactions and highly judgmental areas, material off-balance sheet transactions or structures and other similar relationships on the financial statements of the Company.
2. Audited Financial Statements. With respect to the Company's annual audited financial statements, the Committee shall:
- a. meet with Company management and the independent auditor to review and discuss the Company's annual audited financial statements to be included in SEC Form 10-K (or in the Annual Report to Shareholders if distributed prior to filing Form 10-K) and the Company's specific disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations";
 - b. review and discuss with the independent auditor the matters required to be discussed by the applicable Statement of Auditing Standards ("SAS"); and
 - c. based on these discussions, the Committee will advise the Board whether it recommends the audited financial statements to be included in the Annual Report on Form 10-K (or in the Annual Report to Shareholders if distributed prior to filing Form 10-K).
3. Interim Financial Statements. With respect to the Company's interim financial statements the Committee shall:
- a. meet with Company management and the independent auditor to review and discuss the Company's quarterly financial statements to the SEC (e.g. Form 10-Q) including the results of the independent auditor's review

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

of such financials, prior to the filing thereof and the Company's specific disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations";

- b. review and discuss with the independent auditor and management the matters required to be discussed by the applicable SAS.
4. Disclosure of Financial Information. The Committee shall review and discuss in a general manner (e.g. the type of information to be disclosed and the type of presentation to be made) the Company's earnings press releases (paying particular attention to any use of "pro forma" or "adjusted" non-GAAP information) as well as the financial information and earning guidance provided to analysts and rating agencies. The Committee is not required to discuss in advance each earnings release or each instance in which the Company provides earnings guidance.
5. Risk Assessment. It is the responsibility of the Company's CEO and senior management to assess and manage the Company's exposure to risk. The Committee shall discuss with the Company's management the guidelines and policies to govern the process by which the Company's management undertakes to assess and manage the Company's exposure to risk. Discussion should also include the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.
6. The Committee shall regularly report to the Board about Committee activities, issues and related recommendations with respect to the quality or integrity of the Company's financial statements.
- D. Assist the Board in Oversight of the Company's Compliance with Policies and Procedures Addressing Legal and Ethical Concerns.
 1. The Committee shall establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.
 2. The Committee has authority to conduct or authorize investigations into any matter brought to its attention. Within this scope of responsibility, the Committee has full access to all books, records, facilities and personnel of the Company and is empowered to:
 - a. engage independent counsel or other advisers as it determines necessary to carry out its duties;
 - b. seek any information from any employees - all of whom are directed to cooperate with the Committee's requests - or external parties; and
 - c. meet with Company officers, independent auditor or outside counsel, as necessary to fulfill its responsibilities.
 3. The Committee shall regularly report to the Board about Committee activities, issues and related recommendations with respect to the quality or integrity of the Company's compliance with legal or regulatory requirements.
- E. General
 1. The Committee shall have the power to authorize Company funding necessary and appropriate to carry out its duties, in particular it shall have the

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

power to authorize funding for:

- a. the compensation of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company;
 - b. the compensation of any independent counsel or other advisers as it determines necessary to carry out its duties; and
 - c. the payment of the Committee's ordinary administrative expenses that are necessary and appropriate in carrying out its duties.
2. The Committee's functions are the sole responsibility of the Committee and may not be allocated to a different committee of the Board.
 3. Review and assess the adequacy of this charter annually, requesting Board approval for proposed changes.
 4. Confirm annually that all responsibilities outlined in this charter have been carried out.
 5. Evaluate the Committee's and individual members' performance on an annual basis.
 6. Perform other activities related to areas covered by this charter as requested by the Board.
 7. Institute and oversee special investigations as needed.

PAR TECHNOLOGY CORPORATION 2005 EQUITY INCENTIVE PLAN

(Effective Date: December 28, 2005)

PAR TECHNOLOGY CORPORATION 2005 EQUITY INCENTIVE PLAN

1. Purpose and Eligibility. The purpose of this 2005 Equity Incentive Plan (the "Plan") of PAR Technology Corporation, a Delaware corporation (the "Company") is to provide stock options, stock issuances and other equity interests in the Company (each, an "Award") to (a) key employees, officers, directors, consultants and advisors of the Company and its Subsidiaries, and (b) any other Person who is determined by the Board to have made (or is expected to make) contributions to the Company. Any person to whom an Award has been granted under the Plan is called a "Participant". Additional definitions are contained in Section 10.

2. Administration.

a. Administration by Board of Directors. The Plan will be administered by the Board of Directors of the Company (the "Board"). The Board, in its sole discretion, shall have the authority to grant and amend Awards, to adopt, amend and repeal rules relating to the Plan and to interpret and correct the provisions of the Plan and any Award. The Board shall have authority, subject to

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

the express limitations of the Plan, (i) to construe and determine the respective Stock Option Agreement, Awards and the Plan, (ii) to prescribe, amend and rescind rules and regulations relating to the Plan and any Awards, (iii) to determine the terms and provisions of the respective Stock Option Agreements and Awards, which need not be identical, (iv) to initiate an Option Exchange Program, and (v) to make all other determinations in the judgment of the Board of Directors necessary or desirable for the administration and interpretation of the Plan. The Board may correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Stock Option Agreement or Award in the manner and to the extent it shall deem expedient to carry the Plan, any Stock Option Agreement or Award into effect and it shall be the sole and final judge of such expediency. All decisions by the Board shall be final and binding on all interested persons. Neither the Company nor any member of the Board shall be liable for any action or determination relating to the Plan.

b. Appointment of Committee. To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to the Compensation Committee (the "Committee"). All references in the Plan to the "Board" shall mean such Committee or the Board. The Committee may consult with the Company's Stock Option Committee, which shall make recommendations, with respect to Participants eligible to receive Awards and the number of shares subject to the Award, to the Committee for its review and final approval.

c. Delegation to Executive Officers. To the extent permitted by applicable law, the Board may delegate to one or more executive officers of the Company the power to grant Awards and exercise such other powers under the Plan as the Board may determine, provided that the Board shall fix the maximum number of Awards to be granted and the maximum number of shares issuable to any one Participant pursuant to Awards granted by such executive officers.

d. Applicability of Section Rule 16b-3. Anything to the contrary in the foregoing notwithstanding if, or at such time as, the Common Stock is or becomes registered under Section 12 of the Exchange Act of 1934, as amended (the "Exchange Act"), or any successor statute, the Plan shall be administered in a manner consistent with Rule 16b-3 promulgated thereunder, as it may be amended from time to time, or any successor rules ("Rule 16b-3"), such that all subsequent grants of Awards hereunder to Reporting Persons, as hereinafter defined, shall be exempt under such rule. Those provisions of the Plan which make express reference to Rule 16b-3 or which are required in order for certain option transactions to qualify for exemption under Rule 16b-3 shall apply only to such persons as are required to file reports under Section 16 (a) of the Exchange Act (a "Reporting Person").

e. Applicability of Section 162 (m). Any provisions in this Plan to the contrary notwithstanding, whenever the Board is authorized to exercise its discretion in the administration or amendment of this Plan or any Award hereunder or otherwise, the Board may not exercise such discretion in a manner that would cause any outstanding Award that would otherwise qualify as performance-based compensation under Section 162 (m) of the Code to fail to so qualify under Section 162 (m).

3. Stock Available for Awards.

a. Number of Shares. Subject to adjustment under Section 3(c), the aggregate number of shares of Common Stock of the Company (the "Common Stock") that may be issued pursuant to the Plan is 1,000,000. If any Award expires, or is terminated, surrendered or forfeited, in whole or in part, the unissued Common Stock covered by such Award shall again be available for the grant of Awards under the Plan. If an Award granted under the Plan shall expire or terminate for any reason without having been exercised in full, the unpurchased shares subject to such Award shall again be available for subsequent Awards

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

under the Plan, and if shares of Common Stock issued pursuant to the Plan are repurchased by, or are surrendered or forfeited to, the Company at no more than the price paid for such shares, such shares of Common Stock shall again be available for the grant of Awards under the Plan. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

b. Per-Participant Limit. Subject to adjustment under Section 3(c), no Participant may be granted Awards during any one fiscal year to purchase more than the number of shares of Common Stock that are authorized for issuance pursuant to the Plan.

c. Adjustment to Common Stock. Subject to Section 7, in the event of any stock split, reverse stock split stock dividend, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, liquidation, spin-off, split-up, or other similar change in capitalization or similar event, (i) the number and class of securities

available for Awards under the Plan and the per-Participant share limit, (ii) the number and class of securities, vesting schedule and exercise price per share subject to each outstanding Option, (iii) the repurchase price per security subject to repurchase, and (iv) the terms of each other outstanding Award shall be adjusted by the Company (or substituted Awards may be made if applicable) to the extent the Board shall determine, in good faith, that such an adjustment (or substitution) is appropriate.

4. Stock Options.

a. General. The Board may grant options to purchase Common Stock (each, an "Option") and determine the number of shares of Common Stock to be covered by each Option, the exercise price of each Option and the conditions and limitations applicable to the exercise of each Option and the shares of Common Stock issued upon the exercise of each Option, including, but not limited to, vesting provisions, repurchase provisions and restrictions relating to applicable federal or state securities laws. Each Option will be evidenced by a Stock Option Agreement, consisting of a Notice of Stock Option Award and a Stock Option Award Agreement (collectively, a "Stock Option Agreement").

b. Incentive Stock Options. An Option that the Board intends to be an incentive stock option (an "Incentive Stock Option") as defined in Section 422 of the Code, as amended, or any successor statute ("Section 422"), shall be granted only to an employee of the Company and shall be subject to and shall be construed consistently with the requirements of Section 422 and regulations thereunder. The Board and the Company shall have no liability if an Option or any part thereof that is intended to be an Incentive Stock Option does not qualify as such. An Option or any part thereof that does not qualify as an Incentive Stock Option is referred to herein as a "Nonstatutory Stock Option" or "Non-Qualified Stock Option".

c. Dollar Limitation. For so long as the Code shall so provide, Options granted to any employee under the Plan (and any other incentive stock option plans of the Company) which are intended to qualify as Incentive Stock Options shall not qualify as Incentive Stock Options to the extent that such Options, in the aggregate, become exercisable for the first time in any one calendar year for shares of Common Stock with an aggregate fair market value (determined as of the respective date or dates of grant) of more than \$100,000. The amount of Incentive Stock Options which exceed such \$100,000 limitation shall be deemed to be Non-Qualified Stock Options. For the purpose of this limitation, unless otherwise required by the Code or regulations of the Internal Revenue Service or determined by the Board, Options shall be taken into account in the order

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

granted, and the Board may designate that portion of any Incentive Stock Option that shall be treated as Non-Qualified Option in the event that the provisions of this paragraph apply to a portion of any Option. The designation described in the preceding sentence may be made at such time as the Committee considers appropriate, including after the issuance of the Option or at the time of its exercise.

d. Exercise Price. The Board shall establish the exercise price (or determine the method by which the exercise price shall be determined) at the time each Option is granted and specify the exercise price in the applicable Stock Option Agreement, provided, however, in no event may the per share exercise price be less than the Fair Market Value (as defined below) of the Common Stock. In the case of an Incentive Stock Option granted to a Participant who, at the time of grant of such Option, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any parent or subsidiary, then the exercise price shall be no less than 110% of the fair market value of the Common Stock on the date of grant. In the case of a grant of an Incentive Stock Option to any other Participant, the exercise price shall be no less than 100% of the fair market value of the Common Stock on the date of grant.

e. Duration of Options. Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable Stock Option Agreement; provided, that the term of any Incentive Stock Option may not be more than ten (10) years from the date of grant. In the case of an Incentive Stock Option granted to a Participant who, at the time of grant of such Option, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any parent or subsidiary, the term of the Option shall be no longer than five (5) years from the date of grant.

f. Exercise of Option. Options may be exercised only by delivery to the Company of a written notice of exercise signed by the proper person together with payment in full as specified in Section 4(g) and the Stock Option Agreement for the number of shares for which the Option is exercised.

g. Payment Upon Exercise. Common Stock purchased upon the exercise of an Option shall be paid for by one or any combination of the following forms of payment as permitted by the Board in its sole and absolute discretion:

- i. by check payable to the order of the Company;
- ii. only if the Common Stock is then publicly traded, by delivery of an irrevocable and unconditional undertaking by a creditworthy broker to deliver promptly to the Company sufficient funds to pay the exercise price, or delivery by the Participant to the Company of a copy of irrevocable and unconditional instructions to a creditworthy broker to deliver promptly to the Company cash or a check sufficient to pay the exercise price;
- iii. to the extent explicitly provided in the applicable Stock Option Agreement, by delivery of shares of Common Stock owned by the Participant valued at fair market value (as determined by the Board or as determined pursuant to the applicable Stock Option Agreement); or
- iv. payment of such other lawful consideration as the Board may determine.

The Board shall determine in its sole and absolute discretion and subject to securities laws and its Insider Trading Policy whether to accept consideration

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

other than cash. The fair market value of any shares of the Company's Common Stock or other non-cash consideration which may be delivered upon exercise of an Option shall be determined in such manner as may be prescribed by the Board.

h. Acceleration, Extension, Etc. The Board may, in its sole discretion, and in all instances subject to any relevant tax and accounting considerations which may adversely impact or impair the Company, (i) accelerate the date or dates on which all or any particular Options or Awards granted under the Plan may be

exercised, or (ii) extend the dates during which all or any particular Options or Awards granted under the Plan may be exercised; provided, however, in no event may any extension exceed the lesser of the option term permitted under Section 4(e) herein or the term set forth in the governing Stock Option Agreement.

i. Determination of Fair Market Value. If, at the time an Option is granted under the Plan, the Company's Common Stock is publicly traded under the Exchange Act, "fair market value" shall mean (i) if the Common Stock is listed on any established stock exchange, its fair market value shall be the last reported sales price for such stock (on that date) or the closing bid, if no sales were reported as quoted on such exchange or system as reported in The Wall Street Journal or such other source as the Board deems reliable; or (ii) the average of the closing bid and asked prices last quoted (on that date) by an established quotation service for over-the-counter securities, if the Common Stock is not reported on a national market system. In the absence of an established market for the Common Stock, the fair market value thereof shall be determined in good faith by the Board after taking into consideration all factors which it deems appropriate.

5. Restricted Stock.

a. Grants. The Board may grant Awards entitling recipients to acquire shares of Common Stock, subject to (i) delivery to the Company by the Participant of a check in an amount at least equal to the par value of the shares purchased, and (ii) the right of the Company to repurchase all or part of such shares at their issue price or other stated or formula price from the Participant in the event that conditions specified by the Board in the applicable Award are not satisfied prior to the end of the applicable restriction period or periods established by the Board for such Award (each, a "Restricted Stock Award").

b. Terms and Conditions. The Board shall determine the terms and conditions of any such Restricted Stock Award. Any stock certificates issued in respect of a Restricted Stock Award shall be registered in the name of the Participant and, unless otherwise determined by the Board, deposited by the Participant, together with a stock power endorsed in blank, with the Company (or its designee). After the expiration of the applicable restriction periods, the Company (or such designee) shall deliver the certificates no longer subject to such restrictions to the Participant or, if the Participant has died, to the beneficiary designated by a Participant, in a manner determined by the Board, to receive amounts due or exercise rights of the Participant in the event of the Participant's death (the "Designated Beneficiary"). In the absence of an effective designation by a Participant, Designated Beneficiary shall mean the Participant's estate.

6. Other Stock-Based Awards. The Board shall have the right to grant other Awards based upon the Common Stock having such terms and conditions as the Board may determine, including, without limitation, the grant of shares based upon certain conditions, the grant of securities convertible into Common Stock and the grant of stock appreciation rights, phantom stock awards or stock units.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

7. General Provisions Applicable to Awards.

a. Transferability of Awards. Except as the Board may otherwise determine or provide in an Award, Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution, and, during the life of the Participant, shall be exercisable only by the Participant; provided, however, except as the Board may otherwise determine or provide in an Award, that Nonstatutory Options and Restricted Stock Awards may be transferred pursuant to a qualified domestic relations order (as defined in Employee Retirement Income Security Act of 1974, as amended) or to a grantor-retained annuity trust or a similar estate-planning vehicle in which the trust is bound by all provisions of the Stock Option Agreement and Restricted Stock Award, which are applicable to the Participant. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees.

b. Documentation. Each Award under the Plan shall be evidenced by a written instrument in such form as the Board shall determine or as executed by an officer of the Company pursuant to authority delegated by the Board. Each Award may contain terms and conditions in addition to those set forth in the Plan, provided that such terms and conditions do not contravene the provisions of the Plan or applicable law.

c. Board Discretion. The terms of each type of Award need not be identical, and the Board need not treat Participants uniformly.

d. Additional Award Provisions. The Board may, in its sole discretion, include additional provisions in any Stock Option Agreement, Restricted Stock Award or other Award granted under the Plan, including without limitation restrictions on transfer, repurchase rights, commitments to pay cash bonuses, to make, arrange for or guaranty loans or to transfer other property to Participants upon exercise of Awards, or transfer other property to Participants upon exercise of Awards, or such other provisions as shall be determined by the Board; provided that such additional provisions shall not be inconsistent with any other term or condition of the Plan or applicable law.

e. Termination of Status. The Board shall determine the effect on an Award of the disability (as defined in Code Section 22(e)(3)), death, retirement, authorized leave of absence or other change in the employment or other status of a Participant and the extent to which, and the period during which, the Participant, or the Participant's legal representative, conservator, guardian or Designated Beneficiary, may exercise rights under the Award, subject to applicable law and the provisions of the Code related to Incentive Stock Options.

f. Change of Control of the Company.

i. Unless otherwise expressly provided in the applicable Stock Option Agreement or Restricted Stock Award or other Award, in connection with the occurrence of a Change in Control (as defined below), the Board shall, in its sole discretion as to any outstanding Award (including any portion thereof; on the same basis or on different bases, as the Board shall specify), take one or any combination of the following actions:

A. make appropriate provision for the continuation of such Award by the Company or the assumption of such Award by the surviving or acquiring entity and by substituting on an equitable basis for the shares then subject to such Award

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

either (x) the consideration payable with respect to the outstanding shares of Common Stock in connection with the Change of Control, (y) shares of stock of the surviving or acquiring corporation or (z) such other securities as the Board deems appropriate, the fair market value of which (as determined by the Board in its sole discretion) shall not materially differ from the fair market value of the shares of Common Stock subject to such Award immediately preceding the Change of Control;

- B. accelerate the date of exercise or vesting of such Award; or
- C. permit the exchange of such Award for the right to participate in any stock option or other employee benefit plan of any successor corporation.
- D. For the purpose of this Agreement, a "Change of Control" shall mean:
 - (a) The acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 50% or more of the then outstanding shares of voting stock of the Company (the "Outstanding Voting Stock"); provided, however, that any acquisition by the Company or its subsidiaries, or any employee benefit plan (or related trust) of the Company or its subsidiaries of 50% or more of Outstanding Voting Stock shall not constitute a Change in Control; and provided, further, that any acquisition by a corporation with respect to which, following such acquisition, more than 50% of the then outstanding shares of common stock of such corporation, is then beneficially owned, directly or indirectly, by all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Voting Stock immediately prior to such acquisition in substantially the same proportion as their ownership, immediately prior to such acquisition, of the Outstanding Voting Stock, shall not constitute a Change in Control; or
 - (b) Individuals who, as of the Effective Date, constitute the Board (the "Incumbent Directors") cease for any reason to constitute a majority of the members of this Board; provided that any individual who becomes a director after the Effective Date whose election or nomination for election by the Company's Shareholders was approved by a majority of the members of the Incumbent Directors (other than an election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened "election contest" relating to the election of the Directors of the Company (as such terms are used in Rule 14a-11 under the Exchange Act), "tender offer" (as such term is used in Section 14(d) of the Exchange Act) or a proposed Merger (as defined below) shall be deemed to be members of the Incumbent Directors; or

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

- (c) The consummation of (i) a reorganization, merger or consolidation (any of the foregoing, a "Merger"), in each case, with respect to which all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Voting Stock immediately prior to such Merger do not, following such Merger, beneficially own, directly or indirectly, more than 50% of the then outstanding shares of common stock of the corporation resulting from Merger, (ii) a complete liquidation or dissolution of the Company or (iii) the sale or other disposition of all or substantially all of the assets of the Company, excluding a sale or other disposition of assets to a subsidiary of the Company.

g. Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Board shall notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Board in its sole discretion may provide for a Participant to have the right to exercise his or her Award until fifteen (15) days prior to such transaction as to all of the shares of Common Stock covered by the Option or Award, including shares as to which the Option or Award would not otherwise be exercisable, which exercise may in the sole discretion of the Board, be made subject to and conditioned upon the consummation of such proposed transaction. In addition, the Board may provide that any Company repurchase option applicable to any shares of Common Stock purchased upon exercise of an Option or Award shall lapse as to all such shares of Common Stock, provided the proposed dissolution and liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Award will terminate upon the consummation of such proposed action.

h. Assumption of Options Upon Certain Events. In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant Awards under the Plan in substitution for stock and stock-based awards issued by such entity or an affiliate thereof.

i. The substitute Awards shall be granted on such terms and conditions as the Board considers appropriate in the circumstances.

j. Parachute Payments and Parachute Awards. Notwithstanding the provisions of Section 7(f), if, in connection with a Change of Control described therein, a tax under Section 4999 of the Code would be imposed on the Participant (after taking into account the exceptions set forth in Sections 280G(b)(4) and 280G(b)(5) of the Code, if applicable), then the number of Awards which shall become exercisable, realizable or vested as provided in such Section shall be reduced (or delayed), to the minimum extent necessary, so that no such tax would be imposed on the Participant (the Awards not becoming so accelerated, realizable or vested, the "Parachute Awards"); provided, however, that if the "aggregate present value" of the Parachute Awards would exceed the tax that, but for this sentence, would be imposed on the Participant under Section 4999 of the Code in connection with the Change of Control, then the Awards shall become immediately exercisable, realizable and vested without regard to the provisions of this sentence. For purposes of the preceding sentence, the "aggregate present value" of an Award shall be calculated on an after-tax basis (other than taxes imposed by Section 4999 of the Code) and shall be based on economic principles rather than the principles set forth under Section 280G of the Code and the regulations promulgated thereunder. All determinations required to be made under this Section 7(j) shall be made by the Company.

k. Amendment of Awards. The Board may amend, modify or terminate any

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

outstanding Award including, but not limited to, substituting therefor another Award of the same or a different type, changing the date of exercise or realization, and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that the Participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

l. Conditions on Delivery of Stock. The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

m. Acceleration. The Board may at any time provide that any Options shall become immediately exercisable in full or in part, that any Restricted Stock Awards shall be free of some or all restrictions, or that any other stock-based Awards may become exercisable in full or in part or free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be, despite the fact that the foregoing actions may (i) cause the application of Sections 280G and 4999 of the Code if a change in control of the Company occurs, or (ii) disqualify all or part of the Option as an Incentive Stock Option.

8. Withholding. The Company shall have the right to deduct from payments of any kind otherwise due to the optionee or recipient of an Award any federal, state or local taxes of any kind required by law to be withheld with respect to any shares issued upon exercise of Options under the Plan or the purchase of shares subject to the Award. Subject to the prior approval of the Company, including without limitation, its determination that such withholding complies with applicable tax and securities laws, which may be withheld by the Company in its sole discretion, the optionee or recipient of an Award may elect to satisfy such obligation, in whole or in part, (a) by causing the Company to withhold shares of Common Stock otherwise issuable pursuant to the exercise of an Option or the purchase of shares subject to an Award or (b) by delivering to the Company shares of Common Stock already owned by the optionee or Award recipient of an Award. The shares so delivered or withheld shall have a fair market value of the shares used to satisfy such withholding obligation as shall be determined by the Company as of the date that the amount of tax to be withheld is to be determined. An optionee or recipient of an Award who has made an election pursuant to this Section may only satisfy his or her withholding obligation with shares of Common Stock which are not subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements.

9. No Exercise of Option if Engagement or Employment Terminated for Cause. If the employment or engagement of any Participant is terminated "for Cause," the Award may terminate, upon a determination of the Board, on the date of such termination and the Option shall thereupon not be exercisable to any extent whatsoever and the Company shall have the right to repurchase any shares of Common Stock subject to a Restricted Stock Award whether or not such shares have vested. For purposes of this Section 9, "for Cause" shall be defined as follows: (i) if the Participant has executed an employment agreement, the definition of "Cause" contained therein, if any, shall govern, or (ii) conduct, as determined by the Board of Directors, involving one or more of the following: (a) gross misconduct; or (b) the commission of an act of embezzlement, fraud or theft, which results in economic loss, damage or injury to the Company; or (c) the

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

unauthorized disclosure of any trade secret or confidential information of the Company (or any client, customer, supplier or other third party who has a business relationship with the Company) or the violation of any noncompetition or nonsolicitation covenant or assignment of inventions obligation with the Company; or (d) the commission of an act which constitutes unfair competition with the Company or which induces any customer or prospective customer of the

Company to breach a contract with the Company or to decline to do business with the Company; or (e) the indictment of the Participant for a felony or serious misdemeanor offense, either in connection with the performance of his or her obligations to the Company or which shall adversely affect the Participant's ability to perform such obligations; or (f) the commission of an act of fraud or breach of fiduciary duty which results in loss, damage or injury to the Company; or (g) the failure of the Participant to perform in a material respect his or her employment, consulting or advisory obligations without proper cause; or (h) intentional violation of securities laws or the Company's Insider Trading Policy. In making such determination, the Board shall act fairly and in utmost good faith. The Board may in its discretion waive or modify the provisions of this Section at a meeting of the Board with respect to any individual Participant with regard to the facts and circumstances of any particular situation involving a determination under this Section.

10. Miscellaneous.

a. Definitions.

- i. "Company", for purposes of eligibility under the Plan, shall include any present or future subsidiary corporations of PAR Technology Corporation, as defined in Section 424(f) of the Code (a "Subsidiary"), and any present or future parent corporation of the Company, as defined in Section 424(e) of the Code. For purposes of Awards other than Incentive Stock Options, the term "Company" shall include any other business venture in which the Company has a direct or indirect significant interest, as determined by the Board in its sole discretion.
- ii. "Code" means the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder.
- iii. "Employee" for purposes of eligibility under the Plan shall include a person to whom an offer of employment has been extended by the Company.
- iv. "Option Exchange Program" means a program whereby outstanding options are exchanged for options with a lower exercise price.

b. No Right To Employment or Other Status. No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan.

c. No Rights As Stockholder. Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed with respect to an Award until becoming the record holder thereof.

d. Effective Date and Term of Plan. The Plan shall become effective on the date on which it is adopted by the Board (the "Effective Date". No Awards shall

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

be granted under the Plan after the completion of ten years from the date on which the Plan was adopted by the Board, but Awards previously granted may extend beyond that date.

e. Amendment of Plan. The Board may amend, suspend or terminate the Plan or any portion thereof at any time.

f. Settlement of Awards. Any other provision of the Plan to the contrary notwithstanding, if any provisions of the Plan permits a Participant, at his or her election, to receive a cash settlement of Options or other Awards under the Plan, or requires the Company to pay a cash settlement of Options or Awards under the Plan, the Participant shall be entitled to receive the cash settlement, and the Company shall be obligated to pay the cash settlement, only if the Company determines, in its sole and absolute discretion, to make such payment.

g. Governing Law. The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the state of incorporation of the Company Delaware, without regard to any applicable conflicts of law.

AMENDMENT TO CERTIFICATE OF INCORPORATION

PAR Technology Corporation (the "Corporation"), a corporation organized and existing under and by virtue of the General Corporation Law of the State of Delaware, DOES HEREBY CERTIFY:

FIRST: That at a meeting of the Board of Directors of the Corporation, resolutions were duly adopted setting forth a proposed amendment to the Certificate of Incorporation of the Corporation, declaring said amendment to be advisable and subject to consideration at a meeting of the stockholders of said corporation for consideration thereof. The proposed amendment is as follows:

RESOLVED, that the Certificate of Incorporation of the Corporation be amended by changing Section 1 of Article FOURTH thereof so that, as amended said Section 1 shall be and read as follows:

The total number of shares of capital stock which the Corporation shall have the authority to issue is thirty million (30,000,000) shares of stock, par value \$0.02 per share, consisting of twenty-nine million (29,000,000)

shares of Common Stock, and one million (1,000,000) shares of Preferred Stock.

SECOND: That thereafter, pursuant to resolution of its Board of Directors, an annual meeting of the stockholders of said corporation was duly called and held, upon notice in accordance with Section 222 of the General Corporation Law of the State of Delaware at which meeting the necessary number of shares as required by statute were voted in favor of the amendment.

THIRD: That said amendment was duly adopted in accordance with the provisions of Section 242 of the General Corporation Law of the State of Delaware.

IN WITNESS WHEREOF, the Corporation has caused this certificate to be signed by Gregory T. Cortese, its Secretary, this ___ day of May, 2006.

THE FUND

MuniYield Quality Fund II, Inc. (the Fund) is a non-diversified, closed-end fund. The Fund was incorporated under the laws of the State of Maryland on July 9, 1992, and has registered under the Investment Company Act of 1940, as amended (1940 Act). The Fund's principal executive office is located at 800 Scudders Mill Road, Plainsboro, New Jersey 08536, and its telephone number is (609) 282-2800.

The Board of Directors of the Fund may at any time consider a merger, consolidation or other form of reorganization of the Fund with one or more other investment companies advised by Fund Asset Management, L.P. (the Investment Adviser) that have similar investment objectives and policies as the Fund. Any such merger, consolidation or other form of reorganization would require the prior approval of the Board of Directors and, if the Fund is the acquired fund, the stockholders of the Fund. See Description of Capital Stock Certain Provisions of the Charter and By-laws.

USE OF PROCEEDS

The net proceeds of this offering will be approximately \$9,755,000 after payment of offering expenses (estimated to be approximately \$145,000) and the deduction of the underwriting discount.

The net proceeds of the offering will be invested in accordance with the Fund's investment objective and policies within approximately three months after completion of this offering, depending on market conditions and the availability of appropriate securities. Pending such investment, it is anticipated that the proceeds will be invested in short term, tax exempt securities. See Investment Objective and Policies.

INVESTMENT OBJECTIVE AND POLICIES

The Fund's investment objective is to provide shareholders with as high a level of current income exempt from Federal income taxes as is consistent with its investment policies and prudent investment management. The Fund seeks to achieve its investment objective by investing, as a fundamental policy, at least 80% of an aggregate of the Fund's net assets (including proceeds from the issuance of preferred stock), and the proceeds of any borrowings for investment purposes, in a portfolio of municipal obligations issued by or on behalf of states, territories and possessions of the United States and their political subdivisions, agencies or instrumentalities, each of which pays interest that, in the opinion of bond counsel to the issuer, is excludable from gross income for Federal income tax purposes (except that the interest may be includable in taxable income for purposes of the Federal alternative minimum tax) (Municipal Bonds). The Fund invests in Municipal Bonds which are rated in the three highest quality rating categories (A or better) or, if unrated, are considered by the Investment Adviser to be of comparable quality.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

The Fund's investment objective and its policy of investing at least 80% of an aggregate of the Fund's net assets (including proceeds from the issuance of preferred stock), and the proceeds of any borrowings for investment purposes, in Municipal Bonds are fundamental policies that may not be changed without a vote of a majority of the outstanding voting securities of the Fund (as defined in the 1940 Act). There can be no assurance that the Fund's investment objective will be realized.

The Fund may invest in certain tax exempt securities classified as private activity bonds (or industrial development bonds, under pre-1986 law) (PABs) (in general, bonds that benefit non-governmental entities) that may subject certain investors in the Fund to an alternative minimum tax. See Taxes. The percentage of the Fund's total assets invested in PABs will vary from time to time. The Fund will not invest more than 25% of its total assets (taken at market value) in Municipal Bonds whose issuers are located in the same state.

The Municipal Bonds in which the Fund invests are those Municipal Bonds rated at the date of purchase in the three highest quality ratings as determined by either Moody's Investors Service, Inc. (Moody's) (currently Aaa, Aa and A), Standard & Poor's (S&P) (currently AAA, AA and A) or Fitch Ratings (Fitch) (currently AAA, AA and A). In the case of short term notes, these quality rating categories are SP-1+ through SP-2 for S&P, MIG-1 through MIG-3 for Moody's and F-1+ through F-2 for Fitch. In the case of tax exempt commercial paper, these quality rating categories are A-1+ through A-2 for S&P, Prime-1 through Prime-2 for Moody's and F-1+ through F-2 for Fitch. There may be sub-categories or gradations indicating relative standing within the rating categories set forth above. In assessing the quality of Municipal Bonds with respect to the foregoing requirements, the Investment Adviser takes into account the nature of any letters of credit or similar credit enhancement to which particular Municipal Bonds are entitled and the creditworthiness of the financial institution that provided such credit enhancement. See Appendix A Description of Municipal Bond Ratings to the statement of additional information. If unrated, such securities will possess creditworthiness comparable, in the opinion of the Investment Adviser, to other obligations in which the Fund may invest.

All percentage and ratings limitations on securities in which the Fund may invest apply at the time of making an investment and shall not be considered violated if an investment rating is subsequently downgraded to a rating that would have precluded the Fund's initial investment in such security. In the event that the Fund disposes of a portfolio security subsequent to its being downgraded, the Fund may experience a greater risk of loss than if such security had been sold prior to such downgrade.

The net asset value of the shares of common stock of a closed-end investment company, such as the Fund, which invests primarily in fixed income securities, changes as the general levels of interest rates fluctuate. When interest rates decline, the value of a fixed income portfolio can be expected to rise. Conversely, when interest rates rise, the value of a fixed income portfolio can be expected to decline. Prices of longer term securities in which the Fund primarily invests generally fluctuate more in response to interest rate changes than do shorter term securities. These changes in net asset value are likely to be greater in the case of a fund having a leveraged capital structure, such as the Fund.

The Fund intends to invest primarily in long term Municipal Bonds with maturities of more than ten years. However, the Fund also may invest in intermediate term Municipal Bonds with maturities of between three years and ten years. The Fund also may invest from time to time in short term Municipal Bonds with maturities of less than three years. The average maturity of the Fund's portfolio securities will vary based upon the Investment Adviser's assessment of economic and market conditions. As of April 30, 2005, the weighted average maturity of the Fund's portfolio was approximately 19.89 years.

18

For temporary periods or to provide liquidity, the Fund has the authority to invest as much as 20% of its total assets in tax exempt and taxable money market obligations with a maturity of one year or less (such short term obligations being referred to herein as Temporary Investments). In addition, the Fund reserves the right as a defensive measure to invest temporarily a greater portion of its assets in Temporary Investments, when, in the opinion of the Investment Adviser, prevailing market or financial conditions warrant. Taxable money market obligations will yield taxable income. The Fund also may invest in variable rate demand obligations (VRDOs) and VRDOs in the form of participation interests (Participating VRDOs) in variable rate tax exempt obligations held by a financial institution. See Other Investment Policies Temporary Investments. The Fund's hedging strategies, which are described in more detail under Hedging Transactions Financial Futures Transactions and Options, are not fundamental policies and may be modified by the Board of Directors of the Fund without the approval of the Fund's stockholders. The Fund is also authorized to invest in indexed and inverse floating rate obligations for hedging purposes and to seek to enhance return.

The Fund may invest in securities not issued by or on behalf of a state or territory or by an agency or instrumentality thereof, if the Fund receives an opinion of counsel to the issuer that such securities pay interest that is excludable from gross income for Federal income tax purposes (Non-Municipal Tax Exempt Securities). Non-Municipal Tax Exempt Securities could include trust certificates, partnership interests or other instruments evidencing interest in one or more long term municipal securities. Non-Municipal Tax Exempt Securities also may include securities issued by other investment companies that invest in Municipal Bonds, to the extent such investments are permitted by the Fund's

investment restrictions and applicable law. Non-Municipal Tax Exempt Securities are subject to the same risks associated with an investment in Municipal Bonds as well as many of the risks associated with investments in derivatives. While the Fund receives opinions of legal counsel to the effect that the income from the Non-Municipal Tax Exempt Securities in which the Fund invests is excludable from gross income for Federal income tax purposes to the same extent as the underlying municipal securities, the Internal Revenue Service (IRS) has not issued a ruling on this subject. Were the IRS to issue an adverse ruling or take an adverse position with respect to the taxation of these types of securities, there is a risk that the interest paid on such securities would be deemed taxable at the Federal level.

The Fund ordinarily does not intend to realize significant investment income not exempt from Federal income tax. From time to time, the Fund may realize taxable capital gains.

Federal tax legislation has limited the types and volume of bonds the interest on which qualifies for a Federal income tax exemption. As a result, this legislation and legislation that may be enacted in the future may affect the availability of Municipal Bonds for investment by the Fund.

Risk Factors and Special Considerations Relating to Municipal Bonds

The risks and special considerations involved in investment in Municipal Bonds vary with the types of instruments being acquired. Investments in Non-Municipal Tax Exempt Securities may present similar risks, depending on the particular product. Certain instruments in which the Fund may invest may be characterized as derivative instruments. See Description of Municipal Bonds and Hedging Transactions Financial Futures Transactions and Options.

The value of Municipal Bonds generally may be affected by uncertainties in the municipal markets as a result of legislation or litigation, including legislation or litigation that changes the taxation of Municipal Bonds or the rights of Municipal Bond holders in the event of a bankruptcy. Municipal bankruptcies are rare, and certain provisions of the U.S. Bankruptcy Code governing such bankruptcies are unclear. Further, the application of state law to Municipal Bond issuers could produce varying results among the states or among Municipal Bond issuers within a state. These uncertainties could have a significant impact on the prices of the Municipal Bonds in which the Fund invests.

Description of Municipal Bonds

Set forth below is a detailed description of the Municipal Bonds and Temporary Investments in which the Fund may invest. Information with respect to ratings assigned to tax exempt obligations that the Fund may purchase is set forth in Appendix A Description of Municipal Bond Ratings to the statement of additional information. Obligations are included within the term Municipal Bonds if the interest paid thereon is excluded from gross income for Federal income tax purposes in the opinion of bond counsel to the issuer.

Municipal Bonds include debt obligations issued to obtain funds for various public purposes, including the construction of a wide range of public facilities, refunding of outstanding obligations and obtaining funds for general operating expenses and loans to other public institutions and facilities. In addition, certain types of bonds are issued by or on behalf of public authorities to finance various privately owned or operated facilities, including certain facilities for the local furnishing of electric energy or gas, sewage facilities, solid waste disposal facilities and other specialized facilities. Other types of industrial development bonds or private activity bonds, the proceeds of which are used for the construction, equipment or improvement of privately operated industrial or commercial facilities, may constitute Municipal Bonds, although the current Federal tax laws place substantial limitations on the size of such issues. The interest on Municipal Bonds may bear a fixed rate or be payable at a variable or floating rate. The two principal classifications of Municipal Bonds are general obligation and revenue bonds, which latter category includes PABs.

The Fund has not established any limit on the percentage of its portfolio that may be invested in PABs. The Fund may not be a suitable investment for investors who are already subject to the Federal alternative minimum tax or who would become subject to the Federal alternative minimum tax as a result of an investment in the Fund's common stock. See Taxes.

General Obligation Bonds. General obligation bonds are secured by the issuer's pledge of its faith, credit and taxing power for the payment of principal and interest. The taxing power of any governmental entity may be limited, however, by provisions of its state constitution or laws, and an entity's creditworthiness will depend on many factors, including potential erosion of its tax base due to population declines, natural disasters, declines in the state's industrial base or inability to attract new industries, economic limits on the ability to tax without eroding the tax base, state legislative proposals or voter initiatives to limit *ad valorem* real property taxes and the extent to which the entity relies on Federal or

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

state aid, access to capital markets or other factors beyond the state's or entity's control. Accordingly, the capacity of the issuer of a general obligation bond as to the timely payment of interest and the repayment of principal when due is affected by the issuer's maintenance of its tax base.

Revenue Bonds. Revenue bonds are payable only from the revenues derived from a particular facility or class of facilities or, in some cases, from the proceeds of a special excise tax or other specific revenue sources such as payments from the user of the facility being financed. Accordingly, the timely payment of interest and the repayment of principal in accordance with the terms of the revenue or special obligation bond is a function of the economic viability of such facility or such revenue source.

PABs. The Fund may purchase PABs. PABs are, in most cases, tax exempt securities issued by states, municipalities or public authorities to provide funds, usually through a loan or lease arrangement, to a private entity for the purpose of financing construction or improvement of a facility to be used by the entity. Such bonds are secured primarily by revenues derived from loan repayments or lease payments due from the entity which may or may not be guaranteed by a parent company or otherwise secured. PABs generally are not secured by a pledge of the taxing power of the issuer of such bonds. Therefore, an investor should be aware that repayment of such bonds generally depends on the revenues of a private entity and be aware of the risks that such an investment may entail. Continued ability of an entity to generate sufficient revenues for the payment of principal and interest on such bonds will be affected by many factors including the size of the entity, capital structure, demand for its products or services, competition, general economic conditions, government regulation and the entity's dependence on revenues for the operation of the particular facility being financed.

Moral Obligation Bonds. The Fund also may invest in moral obligation bonds, which are normally issued by special purpose public authorities. If an issuer of moral obligation bonds is unable to meet its obligations, the repayment of such bonds becomes a moral commitment but not a legal obligation of the state or municipality in question.

20

Municipal Lease Obligations. Also included within the general category of Municipal Bonds are certificates of participation (COPs) issued by government authorities or entities to finance the acquisition or construction of equipment, land and/or facilities. COPs represent participations in a lease, an installment purchase contract or a conditional sales contract (hereinafter collectively called lease obligations) relating to such equipment, land or facilities. Although lease obligations do not constitute general obligations of the issuer for which the issuer's unlimited taxing power is pledged, a lease obligation is frequently backed by the issuer's covenant to budget for, appropriate and make the payments due under the lease obligation. However, certain lease obligations contain non-appropriation clauses which provide that the issuer has no obligation to make lease or installment purchase payments in future years unless money is appropriated for such purpose on a yearly basis. Although non-appropriation lease obligations are secured by the leased property, disposition of the property in the event of foreclosure might prove difficult and the value of the property may be insufficient to issue lease obligations. Certain investments in lease obligations may be illiquid.

Indexed and Inverse Floating Rate Securities. The Fund may invest in Municipal Bonds (and Non-Municipal Tax Exempt Securities) that yield a return based on a particular index of value or interest rates. For example, the Fund may invest in Municipal Bonds that pay interest based on an index of Municipal Bond interest rates. The principal amount payable upon maturity of certain Municipal Bonds also may be based on the value of the index. To the extent the Fund invests in these types of Municipal Bonds, the Fund's return on such Municipal Bonds will be subject to risk with respect to the value of the particular index. Interest and principal payable on the Municipal Bonds may also be based on relative changes among particular indices. Also, the Fund may invest in so-called inverse floating obligations or residual interest bonds on which the interest rates vary inversely with a short term floating rate (which may be reset periodically by a dutch auction, a remarketing agent, or by reference to a short term tax exempt interest rate index). The Fund may purchase synthetically created inverse floating rate bonds evidenced by custodial or trust receipts. Generally, income on inverse floating rate bonds will decrease when short term interest rates increase, and will increase when short term interest rates decrease. Such securities have the effect of providing a degree of investment leverage, since they may increase or decrease in value in response to changes, as an illustration, in market interest rates at a rate which is a multiple (typically two) of the rate at which fixed rate long term tax exempt securities increase or decrease in response to such changes. As a result, the market values of such securities will generally be more volatile than the market values of fixed rate tax exempt securities. To seek to limit the volatility of these securities, the Fund may purchase inverse floating obligations with shorter-term maturities or which contain limitations on the extent to which the interest rate may vary. Certain investments in such obligations may be illiquid.

When Issued Securities, Delayed Delivery Securities and Forward Commitments. The Fund may purchase or sell securities that it is entitled to receive on a when issued basis. The Fund may also purchase or sell securities on a delayed delivery basis. The Fund may also purchase or sell securities through a forward commitment. These transactions involve the purchase or sale of securities by the Fund at an established price with payment and delivery taking place in the future. The purchase will be recorded on the date the Fund enters into the commitment and the value of the securities will thereafter be reflected in the Fund's net asset value. The Fund enters into these transactions to obtain what is considered an

advantageous price to the Fund at the time of entering into the transaction. The Fund has not established any limit on the percentage of its assets that may be committed in connection with these transactions. When the Fund purchases securities in these transactions, the Fund segregates liquid securities in an amount equal to the amount of its purchase commitments.

There can be no assurance that a security purchased on a when issued basis will be issued or that a security purchased or sold through a forward commitment will be delivered. A default by a counterparty may result in the Fund missing the opportunity of obtaining a price considered to be advantageous. The value of securities in these transactions on the delivery date may be more or less than the Fund's purchase price. The Fund may bear the risk of a decline in the value of the security in these transactions and may not benefit from an appreciation in the value of the security during the commitment period.

Call Rights. The Fund may purchase a Municipal Bond issuer's right to call all or a portion of such Municipal Bond for mandatory tender for purchase (a Call Right). A holder of a Call Right may exercise such right to require a mandatory tender for the purchase of related Municipal Bonds, subject to certain conditions. A

21

Call Right that is not exercised prior to maturity of the related Municipal Bond will expire without value. The economic effect of holding both the Call Right and the related Municipal Bond is identical to holding a Municipal Bond as a non-callable security. Certain investments in such obligations may be illiquid.

Yields. Yields on Municipal Bonds are dependent on a variety of factors, including the general condition of the money market and of the municipal bond market, the size of a particular offering, the financial condition of the issuer, the maturity of the obligation and the rating of the issue. The ability of the Fund to achieve its investment objective is also dependent on the continuing ability of the issuers of the securities in which the Fund invests to meet their obligations for the payment of interest and principal when due. There are variations in the risks involved in holding Municipal Bonds, both within a particular classification and between classifications, depending on numerous factors. Furthermore, the rights of owners of Municipal Bonds and the obligations of the issuer of such Municipal Bonds may be subject to applicable bankruptcy, insolvency and similar laws and court decisions affecting the rights of creditors generally and to general equitable principles, which may limit the enforcement of certain remedies.

Hedging Transactions

The Fund may hedge all or a portion of its portfolio investments against fluctuations in interest rates through the use of options and certain financial futures contracts and options thereon. While the Fund's use of hedging strategies is intended to reduce the volatility of the net asset value of the Fund's shares of common stock, the net asset value of the Fund's shares of common stock will fluctuate. No assurance can be given that the Fund's hedging transactions will be effective. The Fund only may engage in hedging activities from time to time and may not necessarily be engaging in hedging activities when movements in interest rates occur. The Fund has no obligation to enter into hedging transactions and may choose not to do so. Furthermore, for so long as the AMPS are rated by Moody's and S&P, the Fund's use of options and certain financial futures and options thereon will be subject to the limitations described under Rating Agency Guidelines.

Financial Futures Transactions and Options. The Fund is authorized to purchase and sell certain exchange traded financial futures contracts (financial futures contracts) in order to hedge its investments in Municipal Bonds against declines in value, and to hedge against increases in the cost of securities it intends to purchase or to seek to enhance the Fund's return. However, any transactions involving financial futures or options (including puts and calls associated therewith) will be in accordance with the Fund's investment policies and limitations. A financial futures contract obligates the seller of a contract to deliver and the purchaser of a contract to take delivery of the type of financial instrument covered by the contract, or in the case of index-based futures contracts to make and accept a cash settlement, at a specific future time for a specified price. To hedge its portfolio, the Fund may take an investment position in a futures contract which will move in the opposite direction from the portfolio position being hedged. A sale of financial futures contracts may provide a hedge against a decline in the value of portfolio securities because such depreciation may be offset, in whole or in part, by an increase in the value of the position in the financial futures contracts. A purchase of financial futures contracts may provide a hedge against an increase in the cost of securities intended to be purchased because such appreciation may be offset, in whole or in part, by an increase in the value of the position in the futures contracts.

Distributions, if any, of net long term capital gains from certain transactions in futures or options are taxable at long term capital gains rates for Federal income tax purposes. See Taxes.

Futures Contracts. A futures contract is an agreement between two parties to buy and sell a security or, in the case of an index-based futures contract, to make and accept a cash settlement for a set price on a future date. A majority of transactions in futures contracts, however, do

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

not result in the actual delivery of the underlying instrument or cash settlement, but are settled through liquidation, *i.e.*, by entering into an offsetting transaction. Futures contracts have been designed by boards of trade which have been designated contracts markets by the Commodity Futures Trading Commission (CFTC).

The purchase or sale of a futures contract differs from the purchase or sale of a security in that no price or premium is paid or received. Instead, an amount of cash or securities acceptable to the broker and the relevant contract market, which varies, but is generally about 5% of the contract amount, must be deposited with the broker. This amount is known as initial margin and represents a good faith deposit assuring the performance of both the purchaser and seller under the futures contract. Subsequent payments to and from the broker, called

22

variation margin, are required to be made on a daily basis as the price of the futures contract fluctuates making the long and short positions in the futures contract more or less valuable, a process known as marking to the market. At any time prior to the settlement date of the futures contract, the position may be closed out by taking an opposite position that will operate to terminate the position in the futures contract. A final determination of variation margin is then made, additional cash is required to be paid to or released by the broker and the purchaser realizes a loss or gain. In addition, a nominal commission is paid on each completed sale transaction.

The Fund deals in financial futures contracts based on a long term municipal bond index developed by the Chicago Board of Trade (CBT) and The Bond Buyer (the Municipal Bond Index). The Municipal Bond Index is comprised of 40 tax exempt municipal revenue and general obligation bonds. Each bond included in the Municipal Bond Index must be rated A or higher by Moody's or S&P and must have a remaining maturity of 19 years or more. Twice a month new issues satisfying the eligibility requirements are added to, and an equal number of old issues are deleted from, the Municipal Bond Index. The value of the Municipal Bond Index is computed daily according to a formula based on the price of each bond in the Municipal Bond Index, as evaluated by six dealer-to-dealer brokers.

The Municipal Bond Index futures contract is traded only on the CBT. Like other contract markets, the CBT assures performance under futures contracts through a clearing corporation, a nonprofit organization managed by the exchange membership which is also responsible for handling daily accounting of deposits or withdrawals of margin.

The Fund may also purchase and sell financial futures contracts on U.S. Government securities as a hedge against adverse changes in interest rates as described below. With respect to U.S. Government securities, currently there are financial futures contracts based on long term U.S. Treasury bonds, U.S. Treasury notes, Government National Mortgage Association (GNMA) Certificates and three-month U.S. Treasury bills. The Fund may purchase and write call and put options on futures contracts on U.S. Government securities and purchase and sell Municipal Bond Index futures contracts in connection with its hedging strategies.

The Fund also may engage in other futures contracts transactions such as futures contracts on other municipal bond indices that may become available if the Investment Adviser should determine that there is normally a sufficient correlation between the prices of such futures contracts and the Municipal Bonds in which the Fund invests to make such hedging appropriate.

Futures Strategies. The Fund may sell a financial futures contract (*i.e.*, assume a short position) in anticipation of a decline in the value of its investments in Municipal Bonds resulting from an increase in interest rates or otherwise. The risk of decline could be reduced without employing futures as a hedge by selling such Municipal Bonds and either reinvesting the proceeds in securities with shorter maturities or by holding assets in cash. This strategy, however, entails increased transaction costs in the form of dealer spreads and typically would reduce the average yield of the Fund's portfolio securities as a result of the shortening of maturities. The sale of futures contracts provides an alternative means of hedging against declines in the value of its investments in Municipal Bonds. As such values decline, the value of the Fund's positions in the futures contracts will tend to increase, thus offsetting all or a portion of the depreciation in the market value of the Fund's Municipal Bond investments that are being hedged. While the Fund will incur commission expenses in selling and closing out futures positions, commissions on futures transactions are lower than transaction costs incurred in the purchase and sale of Municipal Bonds. In addition, the ability of the Fund to trade in the standardized contracts available in the futures markets may offer a more effective defensive position than a program to reduce the average maturity of the portfolio securities due to the unique and varied credit and technical characteristics of the municipal debt instruments available to the Fund. Employing futures as a hedge also may permit the Fund to assume a defensive posture without reducing the yield on its investments beyond any amounts required to engage in futures trading.

When the Fund intends to purchase Municipal Bonds, the Fund may purchase futures contracts as a hedge against any increase in the cost of such Municipal Bonds resulting from a decrease in interest rates or otherwise, that may occur before such purchases can be effected. Subject to the degree of correlation between the Municipal Bonds and the futures contracts, subsequent increases in the cost of Municipal Bonds should be reflected in the value of the futures held by the Fund. As such purchases are made, an equivalent amount of futures contracts will be closed

out. Due to changing market conditions and interest rate forecasts, however, a futures position may be terminated without a corresponding purchase of portfolio securities.

Call Options on Futures Contracts. The Fund may also purchase and sell exchange traded call and put options on financial futures contracts. The purchase of a call option on a futures contract is analogous to the purchase of a call option on an individual security. Depending on the pricing of the option compared to either the futures contract upon which it is based or the price of the underlying debt securities, it may or may not be less risky than ownership of the futures contract or underlying debt securities. Like the purchase of a futures contract, the Fund will purchase a call option on a futures contract to hedge against a market advance when the Fund is not fully invested.

The writing of a call option on a futures contract constitutes a partial hedge against declining prices of the securities which are deliverable upon exercise of the futures contract. If the futures price at expiration is below the exercise price, the Fund will retain the full amount of the option premium which provides a partial hedge against any decline that may have occurred in the Fund's portfolio holdings.

Put Options on Futures Contracts. The purchase of a put option on a futures contract is analogous to the purchase of a protective put option on portfolio securities. The Fund will purchase a put option on a futures contract to hedge the Fund's portfolio against the risk of rising interest rates.

The writing of a put option on a futures contract constitutes a partial hedge against increasing prices of the securities which are deliverable upon exercise of the futures contract. If the futures price at expiration is higher than the exercise price, the Fund will retain the full amount of the option premium which provides a partial hedge against any increase in the price of Municipal Bonds which the Fund intends to purchase.

The writer of an option on a futures contract is required to deposit initial and variation margin pursuant to requirements similar to those applicable to futures contracts. Premiums received from the writing of an option will be included in initial margin. The writing of an option on a futures contract involves risks similar to those relating to futures contracts.

Under regulations of the CFTC, the futures trading activity described herein will not result in the Fund being deemed a commodity pool and the Fund need not be operated by a person registered with the CFTC as a commodity pool operator.

When the Fund purchases a futures contract, or writes a put option or purchases a call option thereon, an amount of cash, cash equivalents (*e.g.*, high grade commercial paper and daily tender adjustable notes) or liquid securities will be segregated, so that the amount so segregated plus the amount of initial and variation margin held in the account of its broker equals the market value of the futures contracts, thereby ensuring that the use of such futures contract is unleveraged. It is not anticipated that transactions in futures contracts will have the effect of increasing portfolio turnover.

Risk Factors in Futures Transactions and Options. Investment in futures contracts involves the risk of imperfect correlation between movements in the price of the futures contract and the price of the security being hedged. The hedge will not be fully effective when there is imperfect correlation between the movements in the prices of two financial instruments. For example, if the price of the futures contract moves more or less than the price of the hedged security, the Fund will experience either a loss or gain on the futures contract which is not completely offset by movements in the price of the hedged securities. To compensate for imperfect correlations, the Fund may purchase or sell futures contracts in a greater dollar amount than the hedged securities if the volatility of the hedged securities is historically greater than the volatility of the futures contracts. Conversely, the Fund may purchase or sell fewer futures contracts if the volatility of the price of the hedged securities is historically less than that of the futures contracts.

The particular municipal bonds comprising the index underlying the Municipal Bond Index financial futures contract may vary from the bonds held by the Fund. As a result, the Fund's ability to hedge effectively all or a portion of the value of its Municipal Bonds through the use of such financial futures contracts will depend in part on the degree to which price movements in the index underlying the financial futures contract correlate with the price movements of the Municipal Bonds held by the Fund. The correlation may be affected by disparities in the average maturity, ratings, geographical mix or structure of the Fund's investments as compared to those comprising the Municipal Bond Index and general economic or political factors. In addition, the correlation between movements in the value of the Municipal Bond Index may be subject to change over time as additions to and deletions from the Municipal Bond Index alter its structure. The correlation between futures contracts on U.S.

Government securities and the Municipal Bonds held by the Fund may be adversely affected by similar factors and the risk of imperfect correlation between movements in the prices of such futures contracts and the prices of Municipal Bonds held by the Fund may be greater. Municipal Bond Index futures contracts were approved for trading in 1986. Trading in such futures contracts may tend to be less liquid than trading in other futures contracts. The trading of futures contracts also is subject to certain market risks, such as inadequate trading activity, which could at times make it difficult or impossible to liquidate existing positions.

The Fund expects to liquidate a majority of the futures contracts it enters into through offsetting transactions on the applicable contract market. There can be no assurance, however, that a liquid secondary market will exist for any particular futures contract at any specific time. Thus, it may not be possible to close out a futures position. In the event of adverse price movements, the Fund would continue to be required to make daily cash payments of variation margin. In such situations, if the Fund has insufficient cash, it may be required to sell portfolio securities to meet daily variation margin requirements at a time when it may be disadvantageous to do so. The inability to close out futures positions also could have an adverse impact on the Fund's ability to hedge effectively its investments in Municipal Bonds. The liquidity of a secondary market in a futures contract may be adversely affected by daily price fluctuation limits established by commodity exchanges which limit the amount of fluctuation in a futures contract price during a single trading day. Once the daily limit has been reached in the contract, no trades may be entered into at a price beyond the limit, thus preventing the liquidation of open futures positions. Prices have in the past moved beyond the daily limit on a number of consecutive trading days. The Fund will enter into a futures position only if, in the judgment of the Investment Adviser, there appears to be an actively traded secondary market for such futures contracts.

The successful use of transactions in futures and related options also depends on the ability of the Investment Adviser to forecast correctly the direction and extent of interest rate movements within a given time frame. To the extent interest rates remain stable during the period in which a futures contract or option is held by the Fund or such rates move in a direction opposite to that anticipated, the Fund may realize a loss on the hedging transaction which is not fully or partially offset by an increase in the value of portfolio securities. As a result, the Fund's total return for such period may be less than if it had not engaged in the hedging transaction.

Because of low initial margin deposits made upon the opening of a futures position, futures transactions involve substantial leverage. As a result, relatively small movements in the price of the futures contracts can result in substantial unrealized gains or losses. There is also the risk of loss by the Fund of margin deposits in the event of bankruptcy of a broker with whom the Fund has an open position in a financial futures contract. Because the Fund will engage in the purchase and sale of futures contracts for hedging purposes or to seek to enhance the Fund's return, any losses incurred in connection therewith should, if the hedging strategy is successful, be offset in whole or in part by increases in the value of securities held by the Fund or decreases in the price of securities the Fund intends to acquire.

The amount of risk the Fund assumes when it purchases an option on a futures contract is the premium paid for the option plus related transaction costs. In addition to the correlation risks discussed above, the purchase of an option on a futures contract also entails the risk that changes in the value of the underlying futures contract will not be fully reflected in the value of the option purchased.

OTHER INVESTMENT POLICIES

The Fund has adopted certain other policies as set forth below.

Temporary Investments

The Fund may invest in short term tax exempt and taxable securities subject to the limitations set forth above. The tax exempt money market securities may include municipal notes, municipal commercial paper, municipal bonds with a remaining maturity of less than one year, variable rate demand notes and participations therein. Municipal notes include tax anticipation notes, bond anticipation notes, revenue anticipation notes and grant anticipation notes. Anticipation notes are sold as interim financing in anticipation of tax collection, bond sales, government grants or revenue receipts. Municipal commercial paper refers to short term unsecured promissory notes generally issued to finance short term credit needs. The taxable money market securities in which the Fund may invest as Temporary Investments consist of U.S. Government securities, U.S. Government

agency securities, domestic bank or savings institution certificates of deposit and bankers' acceptances, short term corporate debt securities such as commercial paper and repurchase agreements. These Temporary Investments must have a stated maturity not in excess of one year from the date of purchase. The Fund may not invest in any security issued by a commercial bank or a savings institution unless the bank or institution is organized and operating in the United States, has total assets of at least one billion dollars and is a member of the Federal Deposit Insurance Corporation (FDIC), except that up to 10% of total assets may be invested in certificates of deposit of smaller institutions if such certificates are fully insured by the FDIC.

Interest Rate Swap Transactions

In order to seek to hedge the value of the Fund against interest rate fluctuations, to hedge against increases in the Fund's costs associated with the dividend payments on any preferred stock, including the AMPS, or to seek to increase the Fund's return, the Fund may enter into interest rate swap transactions such as Municipal Market Data AAA Cash Curve swaps (MMD Swaps) or Bond Market Association Municipal Swap Index swaps (BMA Swaps). To the extent that the Fund enters into these transactions, the Fund expects to do so primarily to preserve a return or spread on a particular investment or portion of its portfolio as a duration management technique or to protect against any increase in the price of securities the Fund anticipates purchasing at a later date. The Fund may enter into these transactions primarily as a hedge or for duration or risk management rather than as a speculative investment. However, the Fund also may invest in MMD Swaps and BMA Swaps to seek to enhance return or gain or to increase the Fund's yield, for example, during periods of steep interest rate yield curves (*i.e.*, wide differences between short term and long term interest rates).

The Fund may purchase and sell BMA Swaps in the BMA swap market. In a BMA Swap, the Fund exchanges with another party their respective commitments to pay or receive interest (*e.g.*, an exchange of fixed rate payments for floating rate payments linked to the Bond Market Association Municipal Swap Index). Because the underlying index is a tax exempt index, BMA Swaps may reduce cross-market risks incurred by the Fund and increase the Fund's ability to hedge effectively. BMA Swaps are typically quoted for the entire yield curve, beginning with a seven day floating rate index out to 30 years. The duration of a BMA Swap is approximately equal to the duration of a fixed rate Municipal Bond with the same attributes as the swap (*e.g.*, coupon, maturity, call feature).

The Fund also may purchase and sell MMD Swaps, also known as MMD rate locks. An MMD Swap permits the Fund to lock in a specified municipal interest rate for a portion of its portfolio to preserve a return on a particular investment or a portion of its portfolio as a duration management technique or to protect against any increase in the price of securities to be purchased at a later date. By using an MMD Swap, the Fund can create a synthetic long or short position, allowing the Fund to select the most attractive part of the yield curve. An MMD Swap is a contract between the Fund and an MMD Swap provider pursuant to which the parties agree to make payments to each other on a notional amount, contingent upon whether the Municipal Market Data AAA General Obligation Scale is above or below a specified level on the expiration date of the contract. For example, if the Fund buys an MMD Swap and the Municipal Market Data AAA General Obligation Scale is below the specified level on the expiration date, the counterparty to the contract will make a payment to the Fund equal to the specified level minus the actual level, multiplied by the notional amount of the contract. If the Municipal Market Data AAA General Obligation Scale is above the specified level on the expiration date, the Fund will make a payment to the counterparty equal to the actual level minus the specified level, multiplied by the notional amount of the contract.

In connection with investments in BMA and MMD Swaps, there is a risk that municipal yields will move in the opposite direction than anticipated by the Fund, which would cause the Fund to make payments to its counterparty in the transaction that could adversely affect the Fund's performance.

The Fund has no obligation to enter into BMA or MMD Swaps and may not do so. The net amount of the excess, if any, of the Fund's obligations over its entitlements with respect to each interest rate swap will be accrued on a daily basis, and the Fund will segregate liquid securities having an aggregate net asset value at least equal to the accrued excess.

Credit Default Swap Agreements

The Fund may enter into credit default swap agreements for hedging purposes or to seek to increase its return. The credit default swap agreement may have as reference obligations one or more securities that are not currently held by the Fund. The protection buyer in a credit default contract may be obligated to pay the protection seller an upfront or a periodic stream of payments over the term of the contract provided

that no credit event on a reference obligation has occurred. If a credit event occurs, the seller generally must pay the buyer the par value (full notional value) of the swap in exchange for an equal face amount of deliverable obligations of the reference entity described in the swap, or the seller may be required to deliver the related net cash amount, if the swap is cash settled. The Fund may be either the buyer or seller in the transaction. If the Fund is a buyer and no credit event occurs, the Fund may recover nothing if the swap is held through its termination date. However, if a credit event occurs, the buyer generally may elect to receive the full notional value of the swap in exchange for an equal face amount of deliverable obligations of the reference entity whose value may have significantly decreased. As a seller, the Fund generally receives an upfront payment or a fixed rate of income throughout the term of the swap, which typically is between six months and three years, provided that there is no credit event. If a credit event occurs, generally the seller must pay the buyer the full notional value of the swap in exchange for an equal face amount of deliverable obligations of the reference entity whose value may have significantly decreased. As the seller, the Fund would effectively add leverage to its portfolio because, in addition to its total net assets, the Fund would be subject to investment exposure on the notional amount of the swap.

Credit default swap agreements involve greater risks than if the Fund had invested in the reference obligation directly since, in addition to general market risks, credit default swaps are subject to illiquidity risk, counterparty risk and credit risks. The Fund will enter into credit default swap agreements only with counterparties who are rated investment grade quality by at least one nationally recognized statistical rating organization at the time of entering into such transaction or whose creditworthiness is believed by the Investment Adviser to be equivalent to such rating. A buyer generally also will lose its investment and recover nothing should no credit event occur and the swap is held to its termination date. If a credit event were to occur, the value of any deliverable obligation received by the seller, coupled with the upfront or periodic payments previously received, may be less than the full notional value it pays to the buyer, resulting in a loss of value to the seller. The Fund's obligations under a credit default swap agreement will be accrued daily (offset against any amounts owing to the Fund). The Fund will at all times segregate with its custodian in connection with each such transaction liquid securities or cash with a value at least equal to the Fund's exposure (any accrued but unpaid net amounts owed by the Fund to any counterparty), on a marked-to-market basis (as calculated pursuant to requirements of the Securities and Exchange Commission). Such segregation will ensure that the Fund has assets available to satisfy its obligations with respect to the transaction and will avoid any potential leveraging of the Fund's portfolio. Such segregation will not limit the Fund's exposure to loss.

VRDOs and Participating VRDOs

VRDOs are tax exempt obligations that contain a floating or variable interest rate adjustment formula and right of demand on the part of the holder thereof to receive payment of the unpaid principal balance plus accrued interest upon a short notice period not to exceed seven days. There is, however, the possibility that because of default or insolvency the demand feature of VRDOs and Participating VRDOs may not be honored. The interest rates are adjustable at intervals (ranging from daily to up to one year) to some prevailing market rate for similar investments, such adjustment formula being calculated to maintain the market value of the VRDOs, at approximately the par value of the VRDOs on the adjustment date. The adjustments typically are based upon the Public Securities Association Index or some other appropriate interest rate adjustment index. The Fund may invest in all types of tax exempt instruments currently outstanding or to be issued in the future which satisfy its short term maturity and quality standards.

Participating VRDOs provide the Fund with a specified undivided interest (up to 100%) of the underlying obligation and the right to demand payment of the unpaid principal balance plus accrued interest on the Participating VRDOs from the financial institution upon a specified number of days' notice, not to exceed seven days. In addition, the Participating VRDO is backed by an irrevocable letter of credit or guaranty of the financial institution. The Fund would have an undivided interest in the underlying obligation and thus participate on the same basis as the financial institution in such obligation except that the financial institution typically retains fees

out of the interest paid on the obligation for servicing the obligation, providing the letter of credit and issuing the repurchase commitment. The Fund has been advised by its counsel that the Fund should be entitled to treat the income received on Participating VRDOs as interest from tax exempt obligations as long as the Fund does not invest more than 20% of its total assets in such investments and certain other conditions are met. It is contemplated that the Fund will not invest more than 20% of its assets in Participating VRDOs.

VRDOs that contain an unconditional right of demand to receive payment of the unpaid principal balance plus accrued interest on a notice period exceeding seven days may be deemed to be illiquid securities. The Directors may adopt guidelines and delegate to the Investment Adviser the daily function of determining and monitoring liquidity of such VRDOs. The Directors, however, will retain sufficient oversight and will be ultimately responsible for such determinations.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

The Temporary Investments, VRDOs and Participating VRDOs in which the Fund may invest will be in the following rating categories at the time of purchase: MIG-1/VMIG-1 through MIG-3/VMIG-3 for notes and VRDOs and Prime-1 through Prime-3 for commercial paper (as determined by Moody's), SP-1 through SP-2 for notes and A-1 through A-3 for VRDOs and commercial paper (as determined by S&P), or F-1 through F-3 for notes, VRDOs and commercial paper (as determined by Fitch). Temporary Investments, if not rated, must be of comparable quality in the opinion of the Investment Adviser. In addition, the Fund reserves the right to invest temporarily a greater portion of its assets in Temporary Investments for defensive purposes, when, in the judgment of the Investment Adviser, market conditions warrant.

Repurchase Agreements

The Fund may invest in securities pursuant to repurchase agreements. Repurchase agreements may be entered into only with a member bank of the Federal Reserve System or a primary dealer or an affiliate thereof, in U.S. Government securities. Under such agreements, the bank or primary dealer or an affiliate thereof agrees, upon entering into the contract, to repurchase the security at a mutually agreed upon time and price, thereby determining the yield during the term of the agreement. This results in a fixed rate of return insulated from market fluctuations during such period. In repurchase agreements, the prices at which the trades are conducted do not reflect accrued interest on the underlying obligations. Such agreements usually cover short periods, such as under one week. Repurchase agreements may be construed to be collateralized loans by the purchaser to the seller secured by the securities transferred to the purchaser. In a repurchase agreement, the Fund will require the seller to provide additional collateral if the market value of the securities falls below the repurchase price at any time during the term of the repurchase agreement. In the event of default by the seller under a repurchase agreement construed to be a collateralized loan, the underlying securities are not owned by the Fund but only constitute collateral for the seller's obligation to pay the repurchase price. Therefore, the Fund may suffer time delays and incur costs or possible losses in connection with the disposition of the collateral. In the event of a default under such a repurchase agreement, instead of the contractual fixed rate of return, the rate of return to the Fund shall be dependent upon intervening fluctuations of the market value of such security and the accrued interest on the security. In such event, the Fund would have rights against the seller for breach of contract with respect to any losses arising from market fluctuations following the failure of the seller to perform.

In general, for Federal income tax purposes, repurchase agreements are treated as collateralized loans secured by the securities sold. Therefore, amounts earned under such agreements will not be considered tax exempt interest. The treatment of purchase and sales contracts is less certain.

Borrowings

The Fund is authorized to borrow money in amounts of up to 5% of the value of its total assets at the time of such borrowings; provided, however, that the Fund is authorized to borrow moneys in amounts of up to 33¹/₃% of the value of its total assets at the time of such borrowings to finance the repurchase of its own common stock pursuant to tender offers or otherwise to redeem or repurchase shares of preferred stock. Borrowings by the Fund (commonly known, as with the issuance of preferred stock, as leveraging) create an opportunity for greater total return since, for example, the Fund will not be required to sell portfolio securities to repurchase or redeem shares but, at the same time, increase exposure to capital risk. In addition, borrowed funds are subject to interest costs that may offset or exceed the return earned on the borrowed funds.

DESCRIPTION OF AMPS

Certain of the capitalized terms used herein not otherwise defined in this prospectus have the meaning provided in the Glossary at the back of this prospectus.

General

The Series D AMPS will be shares of preferred stock that entitle their holders to receive dividends when, as and if declared by the Board of Directors, out of funds legally available therefor, at a rate per annum that may vary for the successive Dividend Periods. After the Initial Dividend Period, each Subsequent Dividend Period for the Series D AMPS generally will be a 7-Day Dividend Period; provided however, that prior to any Auction, the Fund may elect, subject to certain limitations described herein, upon giving notice to holders thereof, a special dividend period of up to five years (a Special Dividend Period). The Applicable Rate for a particular Dividend Period will be determined by an Auction conducted on the Business Day before the start of such Dividend Period. Beneficial Owners and Potential Beneficial Owners of shares of AMPS may participate in Auctions therefor, although, except in the case of a Special Dividend Period of more than 28 days, Beneficial Owners desiring to continue to hold all of their shares of AMPS regardless of the Applicable Rate resulting from Auctions need not participate. For an explanation of Auctions and the method of determining the Applicable Rate, see The Auction herein and in the statement of additional

information.

The Fund has outstanding 6,000 shares of three other series of Auction Market Preferred Stock, each with a liquidation preference of \$25,000 per share, plus accumulated but unpaid dividends, for an aggregate initial liquidation preference of \$150,000,000 (the Other AMPS). The Other AMPS are as follows: 2,000 shares of Auction Market Preferred Stock, Series A; 2,000 shares of Auction Market Preferred Stock, Series B; and 2,000 shares of Auction Market Preferred Stock, Series C. The Series D AMPS offered hereby rank on a parity with the Other AMPS with respect to dividends and liquidation preference. The terms of the shares of Other AMPS are substantially the same as the terms of the shares of AMPS described below.

The following is a brief description of the terms of the shares of the Series D AMPS. This description does not purport to be complete and is subject to and qualified in its entirety by reference to the Fund's Charter and Articles Supplementary, including the provisions thereof establishing the Series D AMPS. The Fund's Charter and the form of Articles Supplementary establishing the terms of the Series D AMPS have been filed as exhibits to the Registration Statement of which this prospectus is a part.

Dividends

General. The holders of shares of AMPS will be entitled to receive, when, as and if declared by the Board of Directors of the Fund, out of funds legally available therefor, cumulative cash dividends on their shares, at the Applicable Rate determined as set forth below under

Determination of Dividend Rate, payable on the respective dates set forth below. Dividends on the shares of AMPS so declared and payable shall be paid (i) in preference to and in priority over any dividends so declared and payable on the Fund's common stock, and (ii) to the extent permitted under the Code, and to the extent available, out of net tax exempt income earned on the Fund's investments. Generally, dividends on shares of AMPS, to the extent that they are derived from interest paid on Municipal Bonds, will be exempt from Federal income taxes, subject to possible application of the alternative minimum tax. See Taxes.

Dividends on the shares of AMPS will accumulate from the date on which the Fund originally issues the shares of AMPS (the Date of Original Issue) and will be payable on the dates described below. Dividends on shares of AMPS with respect to the Initial Dividend Period shall be payable on the Initial Dividend Payment Date. Following the Initial Dividend Payment Date for AMPS, dividends on AMPS will be payable, at the option of the Fund, either (i) with respect to any 7-Day Dividend Period and any Short Term Dividend Period of 35 or fewer days, on the day next succeeding the last day thereof or (ii) with respect to any Short Term Dividend Period of more than 35 days and with respect to any Long Term Dividend Period, monthly on the first Business Day of each calendar month during such Short Term Dividend Period or Long Term Dividend Period and on the day next succeeding the last day thereof (each such date referred to in clause (i) or (ii) being referred to herein as a Normal Dividend Payment Date), except that if such Normal Dividend Payment Date is not a Business Day, the Dividend Payment Date shall be the first Business Day next succeeding such Normal Dividend Payment Date.

29

Thus, following the Initial Dividend Payment Date for AMPS, dividends generally will be payable (in the case of Dividend Periods which are not Special Dividend Periods) on each succeeding Tuesday in the case of the Series D AMPS. Although any particular Dividend Payment Date may not occur on the originally scheduled date because of the exceptions discussed above, the next succeeding Dividend Payment Date, subject to such exceptions, will occur on the next following originally scheduled date. If for any reason a Dividend Payment Date cannot be fixed as described above, then the Board of Directors shall fix the Dividend Payment Date. The Board of Directors by resolution prior to authorization of a dividend by the Board of Directors may change a Dividend Payment Date if such change does not adversely affect the contract rights of the holders of shares of AMPS set forth in the Charter. The Initial Dividend Period, 7-Day Dividend Periods and Special Dividend Periods are hereinafter sometimes referred to as Dividend Periods. Each dividend payment date determined as provided above is hereinafter referred to as a Dividend Payment Date.

Prior to each Dividend Payment Date, the Fund is required to deposit with the Auction Agent sufficient funds for the payment of declared dividends. The Fund does not intend to establish any reserves for the payment of dividends.

Each dividend will be paid to the record holder of the AMPS, which holder is expected to be the nominee of the Securities Depository. See The Auction Securities Depository. The Securities Depository will credit the accounts of the Agent Members of the Existing Holders in accordance with the Securities Depository's normal procedures which provide for payment in same-day funds. The Agent Member of an Existing Holder will be responsible for holding or disbursing such payments on the applicable Dividend Payment Date to such Existing Holder in accordance with the instructions of such Existing Holder. Dividends in arrears for any past Dividend Period may be declared and paid at any time, without reference to any regular Dividend Payment Date, to the nominee of the Securities Depository. Any dividend payment made on shares of AMPS first shall be credited against the earliest declared but unpaid dividends accumulated with respect to such shares.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Holders of shares of AMPS will not be entitled to any dividends, whether payable in cash, property or stock, in excess of full cumulative dividends except as described below under *Additional Dividends* in this prospectus and under *Description of AMPS Dividends Non-Payment Period; Late Charge* in the statement of additional information. No interest will be payable in respect of any dividend payment or payments on the shares of AMPS that may be in arrears.

The amount of cash dividends per share of the AMPS payable (if declared) on the Initial Dividend Payment Date, and on each Dividend Payment Date of each 7-Day Dividend Period and each Short Term Dividend Period shall be computed by multiplying the Applicable Rate for such Dividend Period by a fraction, the numerator of which will be the number of days in such Dividend Period or part thereof that such share was outstanding and for which dividends are payable on such Dividend Payment Date and the denominator of which will be 365, multiplying the amount so obtained by \$25,000, and rounding the amount so obtained to the nearest cent. During any Long Term Dividend Period, the amount of cash dividends per share of AMPS payable (if declared) on any Dividend Payment Date shall be computed by multiplying the Applicable Rate for such Dividend Period by a fraction, the numerator of which will be such number of days in such part of such Dividend Period that such share was outstanding and for which dividends are payable on such Dividend Payment Date and the denominator of which will be 360, multiplying the amount so obtained by \$25,000, and rounding the amount so obtained to the nearest cent.

Notification of Dividend Period. With respect to each Dividend Period that is a Special Dividend Period, the Fund, at its sole option and to the extent permitted by law, by telephonic and written notice (a *Request for Special Dividend Period*) to the Auction Agent and to each Broker-Dealer, may request that the next succeeding Dividend Period for the AMPS will be a number of days (other than seven), evenly divisible by seven, and not fewer than seven nor more than 364 in the case of a Short Term Dividend Period or one whole year or more but not greater than five years in the case of a Long Term Dividend Period, specified in such notice, provided that the Fund may not give a Request for Special Dividend Period (and any such request shall be null and void) unless, for any Auction occurring after the initial Auction, Sufficient Clearing Bids were made in the last occurring Auction and unless full cumulative dividends and any amounts due with respect to redemptions, and any Additional Dividends payable prior to such date have been paid in full. Such Request for Special Dividend Period, in the case of a Short Term Dividend Period, shall be given on or prior to the second Business Day but not more than seven Business Days prior to an Auction Date for the AMPS and, in the case of a Long Term Dividend Period, shall be

30

given on or prior to the second Business Day but not more than 28 days prior to an Auction Date for the AMPS. Upon receiving such Request for Special Dividend Period, the Broker-Dealers jointly shall determine whether, given the factors set forth below, it is advisable that the Fund issue a Notice of Special Dividend Period for the AMPS as contemplated by such Request for Special Dividend Period and the Optional Redemption Price of the AMPS during such Special Dividend Period and the Specific Redemption Provisions and shall give the Fund written notice (a *Response*) of such determination by no later than the second Business Day prior to such Auction Date. In the event the Response indicates that it is advisable that the Fund give a notice of a Special Dividend Period for the AMPS, the Fund, by no later than the second Business Day prior to such Auction Date may give a notice (a *Notice of Special Dividend Period*) to the Auction Agent, the Securities Depository and each Broker-Dealer. See *Description of AMPS Dividends Notification of Dividend Period* in the statement of additional information for a detailed description of these procedures.

Determination of Dividend Rate. The dividend rate on shares of the AMPS during the period from and including the Date of Original Issue for the AMPS to but excluding the Initial Dividend Payment Date (the *Initial Dividend Period*) with respect to the AMPS will be the rate per annum set forth above under *Prospectus Summary Dividends and Dividend Periods*. Commencing on the Initial Dividend Payment Date for the AMPS, the Applicable Rate on the AMPS for each Subsequent Dividend Period, which Subsequent Dividend Period shall be a period commencing on and including a Dividend Payment Date and ending on and including the calendar day prior to the next Dividend Payment Date (or calendar day prior to the last Dividend Payment Date in a Dividend Period if there is more than one Dividend Payment Date), shall be equal to the rate per annum that results from the Auction with respect to such Subsequent Dividend Period. The Initial Dividend Period and Subsequent Dividend Period for AMPS is referred to herein as a *Dividend Period*. Cash dividends shall be calculated as set forth above under *Dividends General*.

Restrictions on Dividends and Other Payments. Under the 1940 Act, the Fund may not declare dividends or make other distributions on shares of common stock or purchase any such shares if, at the time of the declaration, distribution or purchase, as applicable (and after giving effect thereto), asset coverage (as defined in the 1940 Act) with respect to the outstanding shares of AMPS (and Other AMPS) would be less than 200% (or such other percentage as in the future may be required by law). The Fund estimates that, based on the composition of its portfolio at April 30, 2005, asset coverage with respect to shares of AMPS would be approximately 291% representing approximately 34% of the Fund's capital and 52% of the Fund's common stock equity immediately after the issuance of the shares of AMPS offered hereby. Under the Code, the Fund, among other things, must distribute at least 90% of its investment company taxable income each year in order to maintain its qualification for tax treatment as a regulated investment company. The foregoing limitations on dividends, distributions and purchases under certain

circumstances may impair the Fund's ability to maintain such qualification. See *Taxes* in the statement of additional information.

Upon any failure to pay dividends on shares of AMPS for two years or more, the holders of the shares of AMPS will acquire certain additional voting rights. See *Voting Rights* below. Such rights shall be the exclusive remedy of the holders of shares of AMPS upon any failure to pay dividends on shares of the Fund.

Additional Dividends. If the Fund retroactively allocates any net capital gain or other income subject to regular Federal income taxes to shares of AMPS without having given advance notice thereof to the Auction Agent as described under *The Auction Auction Procedures Auction Date; Advance Notice of Allocation of Taxable Income; Inclusion of Taxable Income in Dividends* below, which may only happen when such allocation is made as a result of the redemption of all or a portion of the outstanding shares of AMPS or the liquidation of the Fund (the amount of such allocation referred to herein as a *Retroactive Taxable Allocation*), the Fund, within 90 days (and generally within 60 days) after the end of the Fund's fiscal year for which a *Retroactive Taxable Allocation* is made, will provide notice thereof to the Auction Agent and to each holder of shares (initially Cede as nominee of the Securities Depository) during such fiscal year at such holder's address as the same appears or last appeared on the stock books of the Fund. The Fund, within 30 days after such notice is given to the Auction Agent, will pay to the Auction Agent (who then will distribute to such holders of shares of AMPS), out of funds legally available therefor, an amount equal to the aggregate *Additional Dividend* (as defined below) with respect to all *Retroactive Taxable Allocations* made to such holders during the fiscal year in question.

An *Additional Dividend* means payment to a present or former holder of shares of AMPS of an amount which, when taken together with the aggregate amount of *Retroactive Taxable Allocations* made to such holder with respect to the fiscal year in question, would cause such holder's dividends in dollars (after Federal income tax consequences) from the aggregate of both the *Retroactive Taxable Allocations* and the *Additional Dividend* to be equal to the dollar amount of the dividends which would have been received by such holder if the amount of the aggregate *Retroactive Taxable Allocations* had been excludable from the gross income of such holder. Such *Additional Dividend* shall be calculated (i) without consideration being given to the time value of money; (ii) assuming that no holder of shares of AMPS is subject to the Federal alternative minimum tax with respect to dividends received from the Fund; and (iii) assuming that each *Retroactive Taxable Allocation* would be taxable in the hands of each holder of shares of AMPS at the greater of: (a) the maximum marginal regular Federal individual income tax rate applicable to ordinary income or capital gains depending on the taxable character of the distribution (including any surtax); or (b) the maximum marginal regular Federal corporate income tax rate applicable to ordinary income or capital gains depending on the taxable character of the distribution (disregarding in both (a) and (b) the effect of any state or local taxes and the phase out of, or provision limiting, personal exemptions, itemized deductions, or the benefit of lower tax brackets). Although the Fund generally intends to designate any *Additional Dividend* as an exempt-interest dividend to the extent permitted by applicable law, it is possible that all or a portion of any *Additional Dividend* will be taxable to the recipient thereof. See *Taxes* in the statement of additional information. The Fund will not pay a further *Additional Dividend* with respect to any taxable portion of an *Additional Dividend*.

If the Fund does not give advance notice of the amount of taxable income to be included in a dividend on shares of AMPS in the related Auction, the Fund may include such taxable income in a dividend on shares of AMPS if it increases the dividend by an additional amount calculated as if such income were a *Retroactive Taxable Allocation* and the additional amount were an *Additional Dividend* and notifies the Auction Agent of such inclusion at least five Business Days prior to the applicable *Dividend Payment Date*. See *The Auction Auction Procedures Auction Date; Advance Notice of Allocation of Taxable Income; Inclusion of Taxable Income in Dividends* below.

Asset Maintenance

The Fund will be required to satisfy two separate asset maintenance requirements under the terms of the *Articles Supplementary*. These requirements are summarized below.

1940 Act AMPS Asset Coverage. The Fund will be required under the *Articles Supplementary* to maintain, with respect to shares of AMPS, as of the last Business Day of each month in which any shares of AMPS are outstanding, asset coverage of at least 200% with respect to senior securities that are stock, including the shares of AMPS and Other AMPS (or such other asset coverage as in the future may be specified in or under the 1940 Act as the minimum asset coverage for senior securities that are stock of a closed-end investment company as a condition of paying dividends on its common stock) (*1940 Act AMPS Asset Coverage*). If the Fund fails to maintain *1940 Act AMPS Asset Coverage* and such failure is not cured as of the last Business Day of the following month (the *1940 Act Cure Date*), the Fund will be required under certain circumstances to redeem certain of the shares of AMPS. See *Redemption* below.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Based upon the composition of the Fund's portfolio on April 30, 2005, the 1940 Act AMPS Asset Coverage immediately following the issuance of AMPS offered hereby (after giving effect to the deduction of the underwriting discount and offering expenses for the shares of AMPS) will be computed as follows:

Value of Fund assets less liabilities not constituting senior securities	=	\$466,337,118	=	291%
Senior securities representing indebtedness plus liquidation value of the shares of AMPS		\$160,023,040		

AMPS Basic Maintenance Amount. So long as shares of AMPS are outstanding, the Fund will be required under the Articles Supplementary to maintain as of the last Business Day of each week (a Valuation Date) Moody's Eligible Assets and S&P Eligible Assets each having in the aggregate a Discounted Value at least equal to the AMPS Basic Maintenance Amount. The AMPS Basic Maintenance Amount includes the sum of (i) the aggregate liquidation value of AMPS and Other AMPS then outstanding and (ii) certain accrued and projected

32

payment obligations of the Fund. See Description of AMPS Asset Maintenance AMPS Basic Maintenance Amount in the statement of additional information. If the Fund fails to meet such requirement as of any Valuation Date and such failure is not cured on or before the sixth Business Day after such Valuation Date (the AMPS Basic Maintenance Cure Date), the Fund will be required under certain circumstances to redeem certain of the shares of AMPS. Upon any failure to maintain the required Discounted Value, the Fund will use its best efforts to alter the composition of its portfolio to reattain a Discounted Value at least equal to the AMPS Basic Maintenance Amount on or prior to the AMPS Basic Maintenance Cure Date. See Redemption herein and in the statement of additional information.

Redemption

Optional Redemption. To the extent permitted under the 1940 Act and under Maryland law, upon giving a Notice of Redemption, as provided in the statement of additional information, the Fund, at its option, may redeem shares of AMPS, in whole or in part, out of funds legally available therefor, at the Optional Redemption Price per share on any Dividend Payment Date; provided that no share of AMPS may be redeemed at the option of the Fund during (a) the Initial Dividend Period with respect to such share or (b) a Non-Call Period to which such share is subject. Optional Redemption Price means \$25,000 per share of AMPS plus an amount equal to accumulated but unpaid dividends (whether or not earned or declared) to the date fixed for redemption plus any applicable redemption premium, if any, attributable to the designation of a Premium Call Period. In addition, holders of AMPS may be entitled to receive Additional Dividends in the event of redemption of such AMPS to the extent provided herein. See Dividends Additional Dividends. The Fund has the authority to redeem the AMPS for any reason and may redeem all or part of the outstanding shares of AMPS if it anticipates that the Fund's leveraged capital structure will result in a lower rate of return to holders of common stock for any significant period of time than that obtainable if the common stock were unleveraged.

Mandatory Redemption. The Fund will be required to redeem, out of funds legally available therefor, at the Mandatory Redemption Price per share, shares of AMPS to the extent permitted under the 1940 Act and Maryland law, on a date fixed by the Board of Directors, if the Fund fails to maintain Moody's Eligible Assets and S&P Eligible Assets each with an aggregate Discounted Value equal to or greater than the AMPS Basic Maintenance Amount or to satisfy the 1940 Act AMPS Asset Coverage and such failure is not cured on or before the AMPS Basic Maintenance Cure Date or the 1940 Act Cure Date (herein collectively referred to as a Cure Date), as the case may be. Mandatory Redemption Price means \$25,000 per share of AMPS plus an amount equal to accumulated but unpaid dividends (whether or not earned or declared) to the date fixed for redemption. In addition, holders of AMPS may be entitled to receive Additional Dividends in the event of redemption of such AMPS to the extent provided herein. See Dividends Additional Dividends.

For a discussion of the allocation procedures to be used if fewer than all of the outstanding shares of AMPS are to be redeemed and for a discussion of other redemption procedures, see Description of AMPS Redemption in the statement of additional information.

Liquidation Rights

Upon any liquidation, dissolution or winding up of the Fund, whether voluntary or involuntary, the holders of shares of AMPS will be entitled to receive, out of the assets of the Fund available for distribution to stockholders, before any distribution or payment is made upon any shares of common stock or any other capital stock of the Fund ranking junior in right of payment upon liquidation of AMPS, \$25,000 per share together with the amount of any dividends accumulated but unpaid (whether or not earned or declared) thereon to the date of distribution, and

after such payment the holders of AMPS will be entitled to no other payments except for Additional Dividends. If such assets of the Fund shall be insufficient to make the full liquidation payment on the outstanding shares of AMPS and liquidation payments on any other outstanding class or series of preferred stock of the Fund ranking on a parity with the AMPS as to payment upon liquidation, including the Other AMPS, then such assets will be distributed among the holders of such shares of AMPS and the holders of shares of such other class or series, including the Other AMPS, ratably in proportion to the respective preferential amounts to which they are entitled. After payment of the full amount of liquidation distribution to which they are entitled, the holders of AMPS will not be entitled to any further participation in any distribution of assets by the Fund. A consolidation,

merger or share exchange of the Fund with or into any other entity or entities or a sale, whether for cash, shares of stock, securities or properties, of all or substantially all or any part of the assets of the Fund shall not be deemed or construed to be a liquidation, dissolution or winding up of the Fund.

Voting Rights

Except as otherwise indicated in this prospectus and the statement of additional information and except as otherwise required by applicable law, holders of shares of AMPS will be entitled to one vote per share on each matter submitted to a vote of stockholders of the Fund and will vote together with holders of shares of common stock as a single class.

The 1940 Act and the Articles Supplementary require that the holders of preferred stock, including the AMPS and Other AMPS, voting as a separate class, have the rights to elect two of the Fund's Directors at all times and to elect a majority of the Directors at any time that two full years' dividends on the AMPS (and Other AMPS) are unpaid. The holders of AMPS (and Other AMPS) will vote as a separate class or classes on certain other matters as required under the Articles Supplementary, the 1940 Act and Maryland law. In addition, the Series D AMPS (and Other AMPS) may vote as a separate series under certain circumstances. See Description of AMPS Voting Rights in the statement of additional information.

THE AUCTION

Certain of the capitalized terms used herein not otherwise defined in this prospectus have the meaning provided in the Glossary at the back of this prospectus.

General

Holders of the shares of the Series D AMPS will be entitled to receive cumulative cash dividends on their shares when, as and if declared by the Board of Directors of the Fund, out of funds legally available therefor, on the Initial Dividend Payment Date with respect to the Initial Dividend Period and, thereafter, on each Dividend Payment Date with respect to a Subsequent Dividend Period (generally a period of seven days, subject to certain exceptions set forth under Description of AMPS Dividends General) at the rate per annum equal to the Applicable Rate for each such Dividend Period.

The provisions of the Articles Supplementary establishing the terms of the shares of the Series D AMPS offered hereby will provide that the Applicable Rate for the shares of AMPS for each Dividend Period after the Initial Dividend Period therefor will be equal to the rate per annum that the Auction Agent advises has resulted on the Business Day preceding the first day of such Dividend Period due to implementation of the auction procedures set forth in the Articles Supplementary (the Auction Procedures) in which persons determine to hold or offer to purchase or sell shares of AMPS. The Auction Procedures are attached as Appendix C to the statement of additional information.

Each periodic operation of such procedures with respect to the shares of AMPS is referred to hereinafter as an Auction. If, however, the Fund should fail to pay or duly provide for the full amount of any dividend on shares of AMPS or the redemption price of shares of AMPS called for redemption, the Applicable Rate for shares of AMPS will be determined as set forth under Description of AMPS Dividends Non-Payment Period; Late Charge in the statement of additional information.

Auction Agent Agreement. The Fund has entered into an agreement with The Bank of New York (together with any successor bank or trust company or other entity entering into a similar agreement with this Fund, the Auction Agent) (the Auction Agent Agreement), which provides, among other things, that the Auction Agent will follow the Auction Procedures for the purpose of determining the Applicable Rate for the AMPS. The Fund will pay the Auction Agent compensation for its services under the Auction Agent Agreement.

Broker-Dealer Agreements. The Auction Agent has entered into agreements with Merrill Lynch and more than 15 other broker-dealers and may enter into similar agreements (collectively, the Broker-Dealer Agreements) with one or more other broker-dealers (collectively, the Broker-Dealers) selected by the Fund, which provide for the participation of such Broker-Dealers in Auctions. Merrill Lynch is an affiliate of the Investment Adviser in that they share a common parent, Merrill Lynch & Co., Inc.

34

Securities Depository. The Depository Trust Company initially will act as the Securities Depository for the Agent Members with respect to the shares of Series D AMPS. One or more registered certificates for all of the shares of the Series D AMPS initially will be registered in the name of Cede, as nominee of the Securities Depository. The certificate will bear a legend to the effect that such certificate is issued subject to the provisions restricting transfers of shares of AMPS to which it relates contained in the Articles Supplementary. Cede initially will be the holder of record of all shares of AMPS, and Beneficial Owners will not be entitled to receive certificates representing their ownership interest in such shares. The Securities Depository will maintain lists of its participants and will maintain the positions (ownership interests) of shares of AMPS held by each Agent Member, whether as the Beneficial Owner thereof for its own account or as nominee for the Beneficial Owner thereof. Payments made by the Fund to holders of AMPS will be duly made by making payments to the nominee of the Securities Depository.

Auction Procedures

The following is a brief discussion of the procedures to be used in conducting Auctions. This summary is qualified by reference to the Auction Procedures set forth in Appendix C to the statement of additional information. The Settlement Procedures to be used with respect to Auctions are set forth in Appendix B to the statement of additional information.

Auction Date; Advance Notice of Allocation of Taxable Income; Inclusion of Taxable Income in Dividends. An Auction to determine the Applicable Rate for the shares of the Series D AMPS offered hereby for each Dividend Period (other than the Initial Dividend Period therefor) will be held on the first Business Day (as hereinafter defined) preceding the first day of such Dividend Period, which first day is also a Dividend Payment Date for the preceding Dividend Period (the date of each Auction being referred to herein as an Auction Date). Business Day means a day on which the New York Stock Exchange (the NYSE) is open for trading and which is not a Saturday, Sunday or other day on which banks in the City of New York are authorized or obligated by law to close. Auctions for shares of the Series D AMPS for Dividend Periods after the Initial Dividend Period normally will be held every Monday after the preceding Dividend Payment Date, and each subsequent Dividend Period normally will begin on the following Tuesday (also a Dividend Payment Date). The Auction Date and the first day of the related Dividend Period for the Series D AMPS (both of which must be Business Days) need not be consecutive calendar days. For example, in most cases, if the Monday that normally would be an Auction Date for Series D AMPS is not a Business Day, then such Auction Date will be the preceding Friday and the first day of the related Dividend Period will continue to be the following Tuesday. See Description of AMPS Dividends for information concerning the circumstances under which a Dividend Payment Date may fall on a date other than the days specified above, which may affect the Auction Date.

Except as noted below, whenever the Fund intends to include any net capital gain or other income subject to regular Federal income taxes in any dividend on shares of AMPS, the Fund will notify the Auction Agent of the amount to be so included at least five Business Days prior to the Auction Date on which the Applicable Rate for such dividend is to be established. Whenever the Auction Agent receives such notice from the Fund, in turn it will notify each Broker-Dealer, who, on or prior to such Auction Date, in accordance with its Broker-Dealer Agreement, will notify its customers who are Beneficial Owners and Potential Beneficial Owners believed to be interested in submitting an Order in the Auction to be held on such Auction Date. The Fund also may include such income in a dividend on shares of AMPS without giving advance notice thereof if it increases the dividend by an additional amount calculated as if such income were a Retroactive Taxable Allocation and the additional amount were an Additional Dividend; provided that the Fund will notify the Auction Agent of the additional amounts to be included in such dividend at least five Business Days prior to the applicable Dividend Payment Date. See Description of AMPS Dividends Additional Dividends above.

Orders by Beneficial Owners, Potential Beneficial Owners, Existing Holders and Potential Holders. On or prior to each Auction Date:

(a) each Beneficial Owner may submit to its Broker-Dealer by telephone a:

(i) Hold Order indicating the number of outstanding shares, if any, of AMPS that such Beneficial Owner desires to continue to hold without regard to the Applicable Rate for the next Dividend Period for such shares;

(ii) Bid indicating the number of outstanding shares, if any, of AMPS that such Beneficial Owner desires to continue to hold, provided that the Applicable Rate for the next Dividend Period for such shares is not less than the rate per annum then specified by such Beneficial Owner; and/or

(iii) Sell Order indicating the number of outstanding shares, if any, of AMPS that such Beneficial Owner offers to sell without regard to the Applicable Rate for the next Dividend Period for such shares; and

(b) Broker-Dealers will contact customers who are Potential Beneficial Owners of shares of AMPS to determine whether such Potential Beneficial Owners desire to submit Bids indicating the number of shares of AMPS which they offer to purchase provided that the Applicable Rate for the next Dividend Period for such shares is not less than the rates per annum specified in such Bids.

The communication by a Beneficial Owner or Potential Beneficial Owner to a Broker-Dealer and the communication by a Broker-Dealer, whether or not acting for its own account, to the Auction Agent of the foregoing information is hereinafter referred to as an Order and collectively as Orders. A Beneficial Owner or a Potential Beneficial Owner placing an Order, including a Broker-Dealer acting in such capacity for its own account, is hereinafter referred to as a Bidder and collectively as Bidders. Any Order submitted by a Beneficial Owner or a Potential Beneficial Owner to its Broker-Dealer, or by a Broker-Dealer to the Auction Agent, prior to the Submission Deadline on any Auction Date shall be irrevocable.

In an Auction, a Beneficial Owner may submit different types of Orders with respect to shares of AMPS then held by such Beneficial Owner, as well as Bids for additional shares of AMPS. For information concerning the priority given to different types of Orders placed by Beneficial Owners, see Submission of Orders by Broker-Dealers to Auction Agent below.

The Maximum Applicable Rate for shares of AMPS will be the higher of (A) the Applicable Percentage of the Reference Rate or (B) the Applicable Spread plus the Reference Rate. The Auction Agent will round each applicable Maximum Applicable Rate to the nearest one-thousandth (0.001) of one percent per annum, with any such number ending in five ten-thousandths of one percent being rounded upwards to the nearest one-thousandth (0.001) of one percent. The Auction Agent will not round the applicable Reference Rate as part of its calculation of the Maximum Applicable Rate.

The Maximum Applicable Rate for shares of AMPS will depend on the credit rating or ratings assigned to such shares. The Applicable Percentage and the Applicable Spread will be determined based on (i) the lower of the credit rating or ratings assigned on such date to such shares by Moody's and S&P (or if Moody's or S&P or both shall not make such rating available, the equivalent of either or both of such ratings by a Substitute Rating Agency or two Substitute Rating Agencies or, in the event that only one such rating shall be available, such rating) and (ii) whether the Fund has provided notification to the Auction Agent prior to the Auction establishing the Applicable Rate for any dividend that net capital gain or other taxable income will be included in such dividend on shares of AMPS as follows:

Credit Ratings		Applicable Percentage of Reference Rate No Notification	Applicable Percentage of Reference Rate Notification	Applicable Spread Over Reference Rate No Notification	Applicable Spread Over Reference Rate Notification
Moody's	S&P				
Aaa	AAA	110%	125%	1.10%	1.25%
Aa3 to Aa1	AA- to AA+	125%	150%	1.25%	1.50%
A3 to A1	A- to A+	150%	200%	1.50%	2.00%
Baa3 to Baa1	BBB- to BBB+	175%	250%	1.75%	2.50%
Below Baa3	Below BBB-	200%	300%	2.00%	3.00%

There is no minimum Applicable Rate in respect of any Dividend Period.

The Applicable Percentage and the Applicable Spread as so determined may be further subject to upward but not downward adjustment in the discretion of the Board of Directors of the Fund after consultation with the Broker-Dealers, provided that immediately following any such increase, the Fund would be in compliance with the AMPS Basic Maintenance Amount. The Fund will take all reasonable action necessary to enable either S&P or Moody's, or both to provide a rating for the AMPS, subject to the Fund's ability to terminate compliance with

the rating agency guidelines as discussed under Rating Agency Guidelines. If either S&P or Moody's, or both, shall not make such a rating available, and subject to the Fund's ability to terminate compliance with the rating agency guidelines discussed under Rating Agency Guidelines, Merrill Lynch or its affiliates and successors, after obtaining the Fund's approval, will select another NRSRO (a Substitute Rating Agency) or two other NRSROs (Substitute Rating Agencies) to act as a Substitute Rating Agency or Substitute Rating Agencies, as the case may be.

Any Bid by a Beneficial Owner specifying a rate per annum higher than the Maximum Applicable Rate will be treated as a Sell Order, and any Bid by a Potential Beneficial Owner specifying a rate per annum higher than the Maximum Applicable Rate will not be considered. See Determination of Sufficient Clearing Bids, Winning Bid Rate and Applicable Rate and Acceptance and Rejection of Submitted Bids and Submitted Sell Orders and Allocation of Shares.

Neither the Fund nor the Auction Agent will be responsible for a Broker-Dealer's failure to comply with the foregoing.

A Broker-Dealer also may hold AMPS in its own account as a Beneficial Owner. A Broker-Dealer thus may submit Orders to the Auction Agent as a Beneficial Owner or a Potential Beneficial Owner and therefore participate in an Auction as an Existing Holder or Potential Holder on behalf of both itself and its customers. Any Order placed with the Auction Agent by a Broker-Dealer as or on behalf of a Beneficial Owner or a Potential Beneficial Owner will be treated in the same manner as an Order placed with a Broker-Dealer by a Beneficial Owner or a Potential Beneficial Owner. Similarly, any failure by a Broker-Dealer to submit to the Auction Agent an Order in respect of any AMPS held by it or its customers who are Beneficial Owners will be treated in the same manner as a Beneficial Owner's failure to submit to its Broker-Dealer an Order in respect of AMPS held by it, as described in the next paragraph. Inasmuch as a Broker-Dealer participates in an Auction as an Existing Holder or a Potential Holder only to represent the interests of a Beneficial Owner or Potential Beneficial Owner, whether it be its customers or itself, all discussion herein relating to the consequences of an Auction for Existing Holders and Potential Holders also applies to the underlying beneficial ownership interests represented thereby. For information concerning the priority given to different types of Orders placed by Existing Holders, see Submission of Orders by Broker-Dealers to Auction Agent. Each purchase or sale in an Auction will be settled on the Business Day next succeeding the Auction Date at a price per share equal to \$25,000. See Notification of Results; Settlement below.

If one or more Orders covering in the aggregate all of the outstanding shares of AMPS held by a Beneficial Owner are not submitted to the Auction Agent prior to the Submission Deadline, either because a Broker-Dealer failed to contact such Beneficial Owner or otherwise, the Auction Agent shall deem a Hold Order (in the case of an Auction relating to a Dividend Period which is not a Special Dividend Period of more than 28 days) and a Sell Order (in the case of an Auction relating to a Special Dividend Period of more than 28 days) to have been submitted on behalf of such Beneficial Owner covering the number of outstanding shares of AMPS held by such Beneficial Owner and not subject to Orders submitted to the Auction Agent.

If all of the outstanding shares of AMPS are subject to Submitted Hold Orders, the Dividend Period next succeeding the Auction automatically shall be the same length as the immediately preceding Dividend Period, and the Applicable Rate for the next Dividend Period for all shares of AMPS will be 60% of the Reference Rate on the date of the applicable Auction (or 90% of such rate if the Fund has provided notification to the Auction Agent prior to the Auction establishing the Applicable Rate for any dividend that net capital gain or other taxable income will be included in such dividend on shares of AMPS).

For the purposes of an Auction, shares of AMPS for which the Fund shall have given notice of redemption and deposited moneys therefor with the Auction Agent in trust or segregated in an account at the Fund's custodian bank for the benefit of holders of AMPS to be redeemed and for payment to the Auction Agent, as set forth under Description of AMPS Redemption in the statement of additional information, will not be considered as outstanding and will not be included in such Auction. Pursuant to the Articles Supplementary of the Fund, the Fund will be prohibited from reissuing and its affiliates (other than Merrill Lynch) will be prohibited from transferring (other than to the Fund) any shares of AMPS they may acquire. Neither the Fund nor any affiliate of the Fund may submit an Order in any Auction, except that an affiliate of the Fund that is a Broker-Dealer (*i.e.*, Merrill Lynch) may submit an Order.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Submission of Orders by Broker-Dealers to Auction Agent. Prior to 1:00 p.m., Eastern time, on each Auction Date, or such other time on the Auction Date as may be specified by the Auction Agent (the *Submission Deadline*), each Broker-Dealer will submit to the Auction Agent in writing or through a mutually acceptable electronic means all Orders obtained by it for the Auction to be conducted on such Auction Date, designating itself (unless otherwise permitted by the Fund) as the Existing Holder or Potential Holder in respect of the shares of AMPS subject to such Orders. Any Order submitted by a Beneficial Owner or a Potential Beneficial Owner to its Broker-Dealer, or by a Broker-Dealer to the Auction Agent, prior to the Submission Deadline on any Auction Date, shall be irrevocable.

If the rate per annum specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent will round such rate per annum up to the next highest one-thousandth (.001) of 1%.

If one or more Orders of an Existing Holder are submitted to the Auction Agent and such Orders cover in the aggregate more than the number of outstanding shares of AMPS held by such Existing Holder, such Orders will be considered valid in the following order of priority:

(a) any Hold Order will be considered valid up to and including the number of outstanding shares of AMPS held by such Existing Holder, provided that if more than one Hold Order is submitted by such Existing Holder and the number of shares of AMPS subject to such Hold Orders exceeds the number of outstanding shares of AMPS held by such Existing Holder, the number of shares of AMPS subject to each of such Hold Orders will be reduced pro rata so that such Hold Orders, in the aggregate, will cover exactly the number of outstanding shares of AMPS held by such Existing Holder;

(b) any Bids will be considered valid, in the ascending order of their respective rates per annum if more than one Bid is submitted by such Existing Holder, up to and including the excess of the number of outstanding shares of AMPS held by such Existing Holder over the number of outstanding shares of AMPS subject to any Hold Order referred to in clause (a) above (and if more than one Bid submitted by such Existing Holder specifies the same rate per annum and together they cover more than the remaining number of shares that can be the subject of valid Bids after application of clause (a) above and of the foregoing portion of this clause (b) to any Bid or Bids specifying a lower rate or rates per annum, the number of shares subject to each of such Bids will be reduced pro rata so that such Bids, in the aggregate, cover exactly such remaining number of outstanding shares); and the number of outstanding shares, if any, subject to Bids not valid under this clause (b) shall be treated as the subject of a Bid by a Potential Holder; and

(c) any Sell Order will be considered valid up to and including the excess of the number of outstanding shares of AMPS held by such Existing Holder over the sum of the number of shares of AMPS subject to Hold Orders referred to in clause (a) above and the number of shares of AMPS subject to valid Bids by such Existing Holder referred to in clause (b) above; provided that, if more than one Sell Order is submitted by any Existing Holder and the number of shares of AMPS subject to such Sell Orders is greater than such excess, the number of shares of AMPS subject to each of such Sell Orders will be reduced pro rata so that such Sell Orders, in the aggregate, will cover exactly the number of shares of AMPS equal to such excess.

If more than one Bid of any Potential Holder is submitted in any Auction, each Bid submitted in such Auction will be considered a separate Bid with the rate per annum and number of shares of AMPS therein specified.

Determination of Sufficient Clearing Bids, Winning Bid Rate and Applicable Rate. Not earlier than the Submission Deadline for each Auction, the Auction Agent will assemble all Orders submitted or deemed submitted to it by the Broker-Dealers (each such Hold Order, Bid or Sell Order as submitted or deemed submitted by a Broker-Dealer hereinafter being referred to as a Submitted Hold Order, a Submitted Bid or a Submitted Sell Order, as the case may be, or as a Submitted Order) and will determine the excess of the number of outstanding shares of AMPS over the number of outstanding shares of AMPS subject to Submitted Hold Orders (such excess being referred to as the Available AMPS) and whether Sufficient Clearing Bids have been made in such Auction. Sufficient Clearing Bids will have been made if the number of outstanding shares of AMPS that are the subject of Submitted Bids of Potential Holders with rates per annum not higher than the Maximum Applicable Rate equals or exceeds the number of outstanding shares that are the subject of Submitted Sell Orders (including the number of shares subject to Bids of Existing Holders specifying rates per annum higher than the Maximum Applicable Rate).

If Sufficient Clearing Bids have been made, the Auction Agent will determine the lowest rate per annum specified in the Submitted Bids (the *Winning Bid Rate*) which would result in the number of shares subject to Submitted Bids specifying such rate per annum or a lower rate per annum being at least equal to the Available AMPS. If Sufficient Clearing Bids have been made, the Winning Bid Rate will be the Applicable Rate for the next Dividend Period for all shares of AMPS then outstanding.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

If Sufficient Clearing Bids have not been made (other than because all outstanding shares of AMPS are the subject of Submitted Hold Orders), the Dividend Period next following the Auction automatically will be a 7-Day Dividend Period in the case of the Series D AMPS, and the Applicable Rate for such Dividend Period will be equal to the Maximum Applicable Rate.

If Sufficient Clearing Bids have not been made, Beneficial Owners that have Submitted Sell Orders will not be able to sell in the Auction all, and may not be able to sell any, shares of AMPS subject to such Submitted Sell Orders. See Acceptance and Rejection of Submitted Bids and Submitted Sell Orders and Allocation of Shares. Thus, under some circumstances, Beneficial Owners may not have liquidity of investment.

Acceptance and Rejection of Submitted Bids and Submitted Sell Orders and Allocation of Shares. Based on the determinations described under Determination of Sufficient Clearing Bids, Winning Bid Rate and Applicable Rate and subject to the discretion of the Auction Agent to round as described below, Submitted Bids and Submitted Sell Orders will be accepted or rejected in the order of priority set forth in the Auction Procedures with the result that Existing Holders and Potential Holders of AMPS will sell, continue to hold and/or purchase shares of AMPS as set forth below. Existing Holders that submit or are deemed to have submitted Hold Orders will continue to hold the shares of AMPS subject to such Hold Orders.

If Sufficient Clearing Bids have been made:

(a) each Existing Holder that placed a Submitted Bid specifying a rate per annum higher than the Winning Bid Rate or a Submitted Sell Order will sell the outstanding shares of AMPS subject to such Submitted Bid or Submitted Sell Order;

(b) each Existing Holder that placed a Submitted Bid specifying a rate per annum lower than the Winning Bid Rate will continue to hold the outstanding shares of AMPS subject to such Submitted Bid;

(c) each Potential Holder that placed a Submitted Bid specifying a rate per annum lower than the Winning Bid Rate will purchase the number of shares of AMPS subject to such Submitted Bid;

(d) each Existing Holder that placed a Submitted Bid specifying a rate per annum equal to the Winning Bid Rate will continue to hold the outstanding shares of AMPS subject to such Submitted Bids, unless the number of outstanding shares of AMPS subject to all such Submitted Bids of Existing Holders is greater than the excess of the Available AMPS over the number of shares of AMPS accounted for in clauses (b) and (c) above, in which event each Existing Holder with such a Submitted Bid will sell a number of outstanding shares of AMPS determined on a pro rata basis based on the number of outstanding shares of AMPS subject to all such Submitted Bids of such Existing Holders; and

(e) each Potential Holder that placed a Submitted Bid specifying a rate per annum equal to the Winning Bid Rate will purchase any Available AMPS not accounted for in clause (b), (c) or (d) above on a pro rata basis based on the shares of AMPS subject to all such Submitted Bids of Potential Holders.

If Sufficient Clearing Bids have not been made (other than because all outstanding shares of AMPS are the subject of Submitted Hold Orders):

(a) each Existing Holder that placed a Submitted Bid specifying a rate per annum equal to or lower than the Maximum Applicable Rate will continue to hold the outstanding shares of AMPS subject to such Submitted Bid;

(b) each Potential Holder that placed a Submitted Bid specifying a rate per annum equal to or lower than the Maximum Applicable Rate will purchase the number of shares of AMPS subject to such Submitted Bid; and

(c) each Existing Holder that placed a Submitted Bid specifying a rate per annum higher than the Maximum Applicable Rate or a Submitted Sell Order will sell a number of outstanding shares of AMPS determined on a *pro rata* basis based on the outstanding shares of AMPS subject to all such Submitted Bids and Submitted Sell Orders.

If as a result of the Auction Procedures described above any Existing Holder would be entitled or required to sell, or any Potential Holder would be entitled or required to purchase, a fraction of a share of AMPS, the Auction Agent, in such manner as, in its sole discretion, it shall determine, will round up or down the number of shares of AMPS being sold or purchased on such Auction Date so that each share sold or

purchased by each Existing Holder or Potential Holder will be a whole share of AMPS. If any Potential Holder would be entitled or required to purchase less than a whole share of AMPS, the Auction Agent, in such manner as, in its sole discretion, it shall determine, will allocate shares of AMPS for purchase among Potential Holders so that only whole shares of AMPS are purchased by any such Potential Holder, even if such allocation results in one or more of such Potential Holders not purchasing any shares of AMPS.

Notification of Results; Settlement. The Auction Agent will advise each Broker-Dealer who submitted a Bid or Sell Order in an Auction whether such Bid or Sell Order was accepted or rejected in whole or in part and of the Applicable Rate for the next Dividend Period for the related shares of AMPS by telephone at approximately 3:00 p.m., Eastern time, on the Auction Date for such Auction. Each such Broker-Dealer that submitted an Order for the account of a customer then will advise such customer whether such Bid or Sell Order was accepted or rejected, will confirm purchases and sales with each customer purchasing or selling shares of AMPS as a result of the Auction and will advise each customer purchasing or selling shares of AMPS to give instructions to its Agent Member of the Securities Depository to pay the purchase price against delivery of such shares or to deliver such shares against payment therefor as appropriate. If a customer selling shares of AMPS as a result of an Auction shall fail to instruct its Agent Member to deliver such shares, the Broker-Dealer that submitted such customer's Bid or Sell Order will instruct such Agent Member to deliver such shares against payment therefor. Each Broker-Dealer that submitted a Hold Order in an Auction on behalf of a customer also will advise such customer of the Applicable Rate for the next Dividend Period for the AMPS. The Auction Agent will record each transfer of shares of AMPS on the record book of Existing Holders to be maintained by the Auction Agent. In accordance with the Securities Depository's normal procedures, on the day after each Auction Date, the transactions described above will be executed through the Securities Depository, and the accounts of the respective Agent Members at the Securities Depository will be debited and credited as necessary to effect the purchases and sales of shares of AMPS as determined in such Auction. Purchasers will make payment through their Agent Members in same-day funds to the Securities Depository against delivery through their Agent Members; the Securities Depository will make payment in accordance with its normal procedures, which now provide for payment in same-day funds. If the procedures of the Securities Depository applicable to AMPS shall be changed to provide for payment in next-day funds, then purchasers may be required to make payment in next day funds. If any Existing Holder selling shares of AMPS in an Auction fails to deliver such shares, the Broker-Dealer of any person that was to have purchased shares of AMPS in such Auction may deliver to such person a number of whole shares of AMPS that is less than the number of shares that otherwise was to be purchased by such person. In such event, the number of shares of AMPS to be so delivered will be determined by such Broker-Dealer. Delivery of such lesser number of shares will constitute good delivery. Each Broker-Dealer Agreement also will provide that neither the Fund nor the Auction Agent will have responsibility or liability with respect to the failure of a Potential Beneficial Owner, Beneficial Owner or their respective Agent Members to deliver shares of AMPS or to pay for shares of AMPS purchased or sold pursuant to an Auction or otherwise.

Broker-Dealers

General. The Broker-Dealer Agreements provide that a Broker-Dealer may submit Orders in Auctions for its own account, unless the Fund notifies all Broker-Dealers that they no longer may do so; provided that Broker-Dealers may continue to submit Hold Orders and Sell Orders. If a Broker-Dealer submits an Order for its own account in any Auction of the AMPS, it may have knowledge of Orders placed through it in that Auction and therefore have an advantage over other Bidders, but such Broker-Dealer would not have knowledge of Orders submitted by other Broker-Dealers in that Auction. As a result of bidding by a Broker-Dealer in an Auction, the Applicable Rate may be higher or lower than the rate that would have prevailed had the Broker-Dealer not Bid.

A Broker-Dealer may also Bid in an Auction in order to prevent what would otherwise be (i) a failed Auction, (ii) an all-hold Auction, or (iii) an Applicable Rate that the Broker-Dealer believes, in its sole discretion, does not reflect the market for the AMPS at the time of the Auction. A Broker-Dealer may, but is not obligated to, advise Beneficial Owners of AMPS that the Applicable Rate that would apply in an all-hold

Auction (*i.e.*, all of the outstanding AMPS are subject to Submitted Hold Orders) may be lower than would apply if Beneficial Owners submit Bids and such advice, if given, may facilitate the submission of Bids by Beneficial Owners that would avoid the occurrence of an all-hold Auction.

Commission Inquiries. Merrill Lynch has advised the Fund that it and various other broker-dealers and other firms that participate in the auction rate securities market received letters from the staff of the Securities and Exchange Commission last spring. The letters requested that each of these firms voluntarily conduct an investigation regarding its respective practices and procedures in that market. Pursuant to this request, Merrill Lynch conducted its own voluntary review and reported its findings to the Commission staff. At the Commission staff's request, Merrill Lynch, together with certain other broker-dealers and other firms that participate in the auction rate securities market, is engaging in discussions with the Commission staff concerning its inquiry. Neither Merrill Lynch nor the Fund can predict the ultimate outcome of the inquiry or how

that outcome will affect the market for the AMPS or the auctions.

Fees. The Auction Agent after each Auction will pay a service charge from funds provided by the Fund to each Broker-Dealer on the basis of the purchase price of shares of AMPS placed by such Broker-Dealer at such Auction. The service charge (i) for any 7-Day Dividend Period shall be payable at the annual rate of 0.25% of the purchase price of the shares of AMPS placed by such Broker-Dealer in any such Auction and (ii) for any Special Dividend Period shall be determined by mutual consent of the Fund and any such Broker-Dealer or Broker-Dealers and shall be based upon a selling concession that would be applicable to an underwriting of fixed or variable rate preferred shares with a similar final maturity or variable rate dividend period, respectively, at the commencement of the Dividend Period with respect to such Auction. For the purposes of the preceding sentence, shares of AMPS will be placed by a Broker-Dealer if such shares were (i) the subject of Hold Orders deemed to have been made by Beneficial Owners that were acquired by such Beneficial Owners through such Broker-Dealer or (ii) the subject of the following Orders submitted by such Broker-Dealer: (A) a Submitted Bid of a Beneficial Owner that resulted in such Beneficial Owner continuing to hold such shares as a result of the Auction, (B) a Submitted Bid of a Potential Beneficial Owner that resulted in such Potential Beneficial Owner purchasing such shares as a result of the Auction or (C) a Submitted Hold Order. A Broker-Dealer may share a portion of any such fees with non-participating broker-dealers that submit Orders to the Broker-Dealer for an Auction that are placed by that Broker-Dealer in such Auction.

Secondary Trading Market. Broker-Dealers have no obligation to maintain a secondary trading market in the AMPS outside of Auctions and there can be no assurance that a secondary market for the AMPS will develop or, if it does develop, that it will provide holders with a liquid trading market (*i.e.*, trading will depend on the presence of willing buyers and sellers and the trading price is subject to variables to be determined at the time of the trade by the Broker-Dealers). The AMPS will not be registered on any stock exchange or on any automated quotation system. An increase in the level of interest rates, particularly during any Long-Term Dividend Period, likely will have an adverse effect on the secondary market price of the AMPS, and a selling stockholder may sell AMPS between Auctions at a price per share of less than \$25,000.

RATING AGENCY GUIDELINES

Certain of the capitalized terms used herein not otherwise defined in this prospectus have the meaning provided in the Glossary at the back of this prospectus.

The Fund currently intends that, so long as shares of AMPS are outstanding and the AMPS are rated by Moody's and S&P, the composition of its portfolio will reflect guidelines established by Moody's and S&P in connection with the Fund's receipt of a rating for such shares on or prior to their Date of Original Issue of at least Aaa from Moody's and AAA from S&P. Moody's and S&P, which are NRSROs, issue ratings for various securities reflecting the perceived creditworthiness of such securities. The Board of Directors of the Fund, however, may determine that it is not in the best interest of the Fund to continue to comply with the guidelines of Moody's or S&P (described below). If the Fund voluntarily terminates compliance with Moody's or S&P guidelines, the Fund will no longer be required to maintain a Moody's Discounted Value or a S&P Discounted Value, as applicable, at least equal to the AMPS Basic Maintenance Amount. If the Fund voluntarily terminates compliance with Moody's or S&P guidelines, or both, at the time of termination, it must continue to be rated by at least one NRSRO.

The guidelines described below have been developed by Moody's and S&P in connection with issuances of asset-backed and similar securities, including debt obligations and variable rate preferred stock, generally on a case-by-case basis through discussions with the issuers of these securities. The guidelines are designed to ensure that assets underlying outstanding debt or preferred stock will be varied sufficiently and will be of sufficient quality and amount to justify investment-grade ratings. The guidelines do not have the force of law but have been adopted by the Fund in order to satisfy current requirements necessary for Moody's and S&P to issue the above-described ratings for shares of AMPS, which ratings generally are relied upon by institutional investors in purchasing such securities. The guidelines provide a set of tests for portfolio composition and asset coverage that supplement (and in some cases are more restrictive than) the applicable requirements under the 1940 Act. See *Description of AMPS Asset Maintenance* herein and in the statement of additional information.

The Fund intends to maintain a Discounted Value for its portfolio at least equal to the AMPS Basic Maintenance Amount. Moody's and S&P each has established separate guidelines for determining Discounted Value. To the extent any particular portfolio holding does not satisfy the applicable rating agency's guidelines, all or a portion of such holding's value will not be included in the calculation of Discounted Value (as defined by such rating agency). The Moody's and S&P guidelines do not impose any limitations on the percentage of Fund assets that may be invested in holdings not eligible for inclusion in the calculation of the Discounted Value of the Fund's portfolio.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Upon any failure to maintain the required Discounted Value, the Fund will seek to alter the composition of its portfolio to regain a Discounted Value at least equal to the AMPS Basic Maintenance Amount on or prior to the AMPS Basic Maintenance Cure Date, thereby incurring additional transaction costs and possible losses and/or gains on dispositions of portfolio securities. To the extent any such failure is not cured in a timely manner, shares of AMPS will be subject to redemption. See Description of AMPS Asset Maintenance and Description of AMPS Redemption herein and in the statement of additional information.

The Fund may, but is not required to, adopt any modifications to these guidelines that hereafter may be established by Moody's or S&P. Failure to adopt any such modifications, however, may result in a change in the ratings described above or a withdrawal of ratings altogether. In addition, any rating agency providing a rating for the shares of AMPS, at any time, may change or withdraw any such rating. As set forth in the Articles Supplementary, the Board of Directors, without stockholder approval, may modify certain definitions or restrictions that have been adopted by the Fund pursuant to the rating agency guidelines, provided the Board of Directors has obtained written confirmation from Moody's and S&P that any such change would not impair the ratings then assigned by Moody's and S&P to the AMPS.

As described by Moody's and S&P, a preferred stock rating is an assessment of the capacity and willingness of an issuer to pay preferred stock obligations. The ratings on the AMPS are not recommendations to purchase, hold or sell shares of AMPS, inasmuch as the ratings do not comment as to market price or suitability for a particular investor, nor do the rating agency guidelines described above address the likelihood that a holder of shares of AMPS will be able to sell such shares in an Auction. The ratings are based on current information furnished to Moody's and S&P by the Fund and the Investment Adviser and information obtained from other sources. The ratings may be changed, suspended or withdrawn as a result of changes in, or the unavailability of, such information. The common stock has not been rated by a nationally recognized statistical rating organization.

For additional information concerning the Moody's and S&P ratings guidelines, see Rating Agency Guidelines in the statement of additional information.

INVESTMENT ADVISORY AND MANAGEMENT ARRANGEMENTS

The Investment Adviser, which is owned and controlled by Merrill Lynch & Co. Inc. (ML & Co.), a financial services holding company and the parent of Merrill Lynch, provides the Fund with investment advisory and administrative services. The Investment Adviser acts as the investment adviser to more than 50 registered investment companies and offers investment advisory services to individuals and institutional accounts. As of June 30, 2005, the Investment Adviser and its affiliates, including Merrill Lynch Investment Managers, L.P. (MLIM), had a total of approximately \$474 billion in investment company and other portfolio assets under management, including approximately \$221 billion in fixed income assets. This amount includes assets managed by certain

42

affiliates of the Investment Adviser. The Investment Adviser is a limited partnership, the partners of which are ML & Co. and Princeton Services. The principal business address of the Investment Adviser is 800 Scudders Mill Road, Plainsboro, New Jersey 08536.

The Investment Advisory Agreement provides that, subject to the oversight of the Fund's Board of Directors, the Investment Adviser is responsible for the actual management of the Fund's portfolio. The responsibility for making decisions to buy, sell or hold a particular security rests with the Investment Adviser, subject to oversight by the Board of Directors.

The portfolio manager primarily responsible for the Fund's day-to-day management is Michael A. Kalinoski. Mr. Kalinoski has been a Vice President and portfolio manager at MLIM since 1999 and has 12 years of experience investing in Municipal Bonds, including six years as a portfolio manager on behalf of registered investment companies. He has been the portfolio manager of the Fund since 2000. The Fund's portfolio manager will consider analyses from various sources, make the necessary investment decisions, and place orders for transactions accordingly. The statement of additional information provides additional information about the Fund's portfolio manager's compensation, other accounts managed by the portfolio manager, and the portfolio manager's ownership of securities of the Fund.

For its services, the Fund pays the Investment Adviser a monthly fee at the annual rate of 0.50% of the Fund's average weekly net assets (average weekly net assets means the average weekly value of the total assets of the Fund, including the amount obtained from leverage and any proceeds from the issuance of preferred stock, minus the sum of (i) accrued liabilities of the Fund, (ii) any accrued and unpaid interest on outstanding borrowings and (iii) accumulated dividends on shares of preferred stock). For purposes of this calculation, average weekly net assets is determined at the end of each month on the basis of the average net assets of the Fund for each week during the month. The assets for each weekly period are determined by averaging the net assets at the last business day of a week with the net assets at the last business day of the prior week. The liquidation preference of any outstanding preferred stock (other than accumulated dividends) is not considered a liability in

determining the Fund's average weekly net assets.

The Investment Advisory Agreement obligates the Investment Adviser to provide investment advisory services and to pay all compensation of and furnish office space for officers and employees of the Fund connected with investment and economic research, trading and investment management of the Fund, as well as the compensation of all Directors of the Fund who are affiliated persons of the Investment Adviser or any of its affiliates. The Fund pays all other expenses incurred in the operation of the Fund, including, among other things, expenses for legal and auditing services, taxes, costs of preparing, printing and mailing proxies, listing fees, stock certificates and stockholder reports, charges of the custodian and the transfer agent, dividend disbursing agent and registrar, Securities and Exchange Commission fees, fees and expenses of non-interested Directors, accounting and pricing costs, insurance, interest, brokerage costs, litigation and other extraordinary or non-recurring expenses, mailing and other expenses properly payable by the Fund. Certain accounting services are provided to the Fund by State Street Bank and Trust Company (State Street) pursuant to an agreement between State Street and the Fund. The Fund will pay the costs of these services. In addition, the Fund will reimburse the Investment Adviser for certain additional accounting services.

TAXES

To the extent derived from Municipal Bond interest income, dividends on the AMPS will be excludable from gross income for Federal income tax purposes in the hands of holders of such AMPS, subject to the possible application of the Federal alternative minimum tax and any state or local income taxes. Interest income from other investments may produce taxable dividends. The Fund is required to allocate net capital gain and other taxable income, if any, proportionately among the common stock and the AMPS and Other AMPS in accordance with the current position of the IRS described under the heading "Taxes" in the statement of additional information. The Fund may notify the Auction Agent of the amount of any net capital gain or other anticipated taxable income to be included in any dividend on the AMPS prior to the Auction establishing the Applicable Dividend Rate for such dividend. The Auction Agent will in turn notify holders of the AMPS and prospective purchasers. The Fund also may include such income in a dividend on shares of AMPS without giving advance notice thereof if it increases the dividend by an additional amount calculated as if such income were a Retroactive Taxable Allocation and the additional amount were an Additional Dividend. See "The Auction" Auction Procedures Auction Date; Advance Notice of Allocation of Taxable Income; Inclusion of Taxable Income in Dividends. The amount of taxable income allocable to the AMPS will depend upon the amount of such income realized by the Fund and cannot be determined with certainty prior to the end of the Fund's fiscal year, but it is not generally expected to be significant.

43

If the Fund makes a Retroactive Taxable Allocation, it will pay Additional Dividends to holders of AMPS who are subject to the Retroactive Taxable Allocation. See "Description of AMPS" Dividends Additional Dividends. The Federal income tax consequences of Additional Dividends under existing law are uncertain. The Fund intends to treat a holder as receiving a dividend distribution in the amount of any Additional Dividend only as and when such Additional Dividend is paid. An Additional Dividend generally will be designated by the Fund as an exempt-interest dividend except as otherwise required by applicable law. However, the IRS may assert that all or part of an Additional Dividend is a taxable dividend either in the taxable year for which the Retroactive Taxable Allocation is made or in the taxable year in which the Additional Dividend is paid.

Generally within 60 days after the end of the Fund's taxable year, the Fund will tell you the amount of exempt-interest dividends and capital gain dividends you received during that year. Capital gain dividends are taxable as long-term capital gains to you regardless of how long you have held your shares.

The Fund will only purchase a Municipal Bond or Non-Municipal Tax Exempt Security if it is accompanied by an opinion of counsel to the issuer, which is delivered on the date of issuance of the security, that the interest paid on such security is excludable from gross income for Federal income tax purposes (*i.e.*, tax exempt). To the extent that the dividends distributed by the Fund are from interest income that is excludable from gross income for Federal income tax purposes, they are exempt from Federal income tax. There is a possibility that events occurring after the date of issuance of a security, or after the Fund's acquisition of a security, may result in a determination that the interest on that security is, in fact, includable in gross income for Federal income tax purposes retroactively to its date of issue. Such a determination may cause a portion of prior distributions received by stockholders, including holders of AMPS, to be taxable to those stockholders in the year of receipt. The Fund will not pay an Additional Dividend to a holder of AMPS under these circumstances.

Because the Fund may from time to time invest a substantial portion of its portfolio in Municipal Bonds bearing income that could increase an AMPS holder's tax liability under the Federal alternative minimum tax, the Fund would not ordinarily be a suitable investment for investors who are subject to the alternative minimum tax.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

If at any time when AMPS are outstanding the Fund does not meet the asset coverage requirements of the 1940 Act, the Fund will be required to suspend distributions to holders of common stock until the asset coverage is restored. See *Description of AMPS Dividends Restrictions on Dividends and Other Payments* herein and in the statement of additional information. This may prevent the Fund from meeting certain distribution requirements for qualification as a RIC. Upon any failure to meet the asset coverage requirements of the 1940 Act, the Fund, in its sole discretion, may, and under certain circumstances will be required to, redeem AMPS in order to maintain or restore the requisite asset coverage and avoid the adverse consequences to the Fund and its stockholders of failing to qualify as a RIC. See *Description of AMPS Redemption* herein and in the statement of additional information. There can be no assurance, however, that any such action would achieve such objectives.

By law, your dividends and redemption proceeds will be subject to a withholding tax if you have not provided a tax identification number or social security number or if the number you have provided is incorrect.

This section summarizes some of the consequences of an investment in the Fund under current Federal income tax laws. It is not a substitute for personal tax advice. Stockholders are urged to consult their tax advisers regarding the applicability of any state or local taxes and with specific questions regarding Federal taxes.

DESCRIPTION OF CAPITAL STOCK

The Fund is authorized to issue 200,000,000 shares of capital stock, par value \$.10 per share, all of which shares initially were classified as common stock. The Board of Directors is authorized, however, to classify and reclassify any unissued shares of capital stock into one or more additional or other classes or series as may be established from time to time by setting or changing in any one or more respects the designations, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends, qualifications or terms or conditions of redemption of such shares of stock and pursuant to such classification or reclassification to increase or decrease the number of authorized shares of any existing class or series. In this regard, the Board of Directors previously reclassified 6,000 shares of unissued common stock as Other AMPS and reclassified 400 shares of unissued common stock as AMPS, which are being offered hereby. See *Description of AMPS* herein and in the statement of additional information.

Series C	2,000	- 0 -	2,000

The Fund will send unaudited reports at least semi-annually and audited annual financial statements to all of its stockholders.

Common Stock

Holders of common stock are entitled to share equally in dividends declared by the Board of Directors payable to holders of common stock and in the net assets of the Fund available for distribution to holders of common stock after payment of the preferential amounts payable to holders of any outstanding preferred stock. Neither holders of common stock nor holders of preferred stock have pre-emptive or conversion rights and shares of common stock are not redeemable. The outstanding shares of common stock are fully paid and non-assessable.

Holders of common stock are entitled to one vote for each share held and will vote with the holders of any outstanding shares of AMPS or other preferred stock, including the Other AMPS on each matter submitted to a vote of holders of common stock, except as described under *Description of AMPS Voting Rights* herein and in the statement of additional information.

Stockholders are entitled to one vote for each share held. The shares of common stock, AMPS, Other AMPS and any other preferred stock do not have cumulative voting rights, which means that the holders of more than 50% of the shares of common stock, AMPS, Other AMPS and any other preferred stock voting for the election of Directors can elect all of the Directors standing for election by such holders, and, in such event, the holders of the remaining shares of common stock, AMPS, Other AMPS and any other preferred stock will not be able to elect any of such Directors.

So long as any shares of the Fund's preferred stock are outstanding, including the AMPS and Other AMPS, holders of common stock will not be entitled to receive any net income or other distributions from the Fund unless all accumulated dividends on preferred stock have been paid, and unless asset coverage (as defined in the 1940 Act) with respect to preferred stock would be at least 200% after giving effect to such distributions. See Description of AMPS Dividends Restrictions on Dividends and Other Payments herein and in the statement of additional information.

Preferred Stock

The Fund has issued an aggregate of 6,000 shares of Other AMPS. Under the Articles Supplementary for the AMPS, the Fund is authorized to issue an aggregate of 400 shares of Series D AMPS. The terms of the shares of the Other AMPS are substantially the same as the terms of the shares of the AMPS. See Description of AMPS. Under the 1940 Act, the Fund is permitted to have outstanding more than one series of preferred stock as long as no single series has priority over another series as to the distribution of assets of the Fund or the payment of dividends. Neither holders of common stock nor holders of preferred stock have pre-emptive rights to purchase any shares of AMPS, Other AMPS or any other preferred stock that might be issued. It is anticipated that the net asset value per share of the AMPS will equal its original purchase price per share plus accumulated dividends per share.

Certain Provisions of the Charter and By-laws

The Fund's Charter includes provisions that could have the effect of limiting the ability of other entities or persons to acquire control of the Fund or to change the composition of its Board of Directors and could have the

effect of depriving common stockholders of an opportunity to sell their shares at a premium over prevailing market prices by discouraging a third party from seeking obtain control of the Fund. A Director may be removed from office with or without cause but only by vote of the holders of at least 66²/₃% of the shares entitled to vote in an election to fill that directorship. A director elected by all of the holders of capital stock may be removed only by action of such holders, and a director elected by the holders of AMPS and any other preferred stock may be removed only by action of the holders of AMPS and any other preferred stock.

In addition, the Charter requires the favorable vote of the holders of at least 66 ²/₃ % of the Fund's shares to approve, adopt or authorize the following:

- a merger or consolidation or statutory share exchange of the Fund with any other corporation;
- a sale of all or substantially all of the Fund's assets (other than in the regular course of the Fund's investment activities); or
- a liquidation or dissolution of the Fund;

unless such action has been approved, adopted or authorized by the affirmative vote of at least two-thirds of the total number of Directors fixed in accordance with the By-laws, in which case the affirmative vote of a majority of the Fund's shares of capital stock is required. The approval, adoption or authorization of the foregoing also requires the favorable vote of a majority of the Fund's outstanding shares (as defined in the 1940 Act) of preferred stock, including the AMPS and the Other AMPS, then entitled to be voted, voting as a separate class.

In addition, conversion of the Fund to an open-end investment company would require an amendment to the Fund's Charter. The amendment would have to be declared advisable by the Board of Directors prior to its submission to stockholders. Such an amendment would require the favorable vote of the holders of at least 66²/₃% of the Fund's outstanding shares of capital stock (including the AMPS, the Other AMPS and any other preferred stock) entitled to be voted on the matter, voting as a single class (or a majority of such shares if the amendment was previously approved, adopted or authorized by at least two-thirds of the total number of Directors fixed in accordance with the By-laws), and the affirmative vote of a majority of outstanding shares (as defined in the 1940 Act) of preferred stock of the Fund (including the AMPS and the Other AMPS), voting as a separate class. Such a vote also would satisfy a separate requirement in the 1940 Act that the change be approved by the stockholders. Stockholders of an open-end investment company may require the company to redeem their shares of common stock at any

time (except in certain circumstances as authorized by or under the 1940 Act) at their net asset value, less such redemption charge, if any, as might be in effect at the time of a redemption. If the Fund is converted to an open-end investment company, it could be required to liquidate portfolio securities to meet requests for redemption, and the common stock would no longer be listed on a stock exchange. Conversion to an open-end investment company would also require redemption of all outstanding shares of preferred stock (including the AMPS and the Other AMPS) and would require changes in certain of the Fund's investment policies and restrictions, such as those relating to the issuance of senior securities, the borrowing of money and the purchase of illiquid securities.

The Charter and By-laws provide that the Board of Directors has the power to make, amend, alter or repeal any of the By-laws (except for any By-law specified not to be altered or repealed by the Board), subject to the requirements of the 1940 Act. Neither this provision of the Charter, nor any of the foregoing provisions of the Charter requiring the affirmative vote of 66²/₃% of shares of capital stock of the Fund, can be amended or repealed except by the vote of such required number of shares.

The Board of Directors has determined that the 66²/₃% voting requirements described above, which are greater than the minimum requirements under Maryland law or the 1940 Act, are in the best interests of stockholders generally. Reference should be made to the Charter on file with the Securities and Exchange Commission for the full text of these provisions.

CUSTODIAN

The Fund's securities and cash are held under a custodian agreement with The Bank of New York, 1010 Church Street, New York, New York 10286.

UNDERWRITING

Merrill Lynch, Pierce, Fenner & Smith Incorporated (the Underwriter) has agreed, subject to the terms and conditions contained in a purchase agreement with the Fund and the Investment Adviser, to purchase from the Fund all of the shares of AMPS offered hereby. The Underwriter has agreed to purchase all such shares if any are purchased.

The Fund and the Investment Adviser have agreed to indemnify the Underwriter against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the Underwriter may be required to make in respect of those liabilities.

The Underwriter is offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by its counsel, including the validity of the shares, and other conditions contained in the purchase agreement, such as the receipt by the Underwriter of officer's certificates and legal opinions. The Underwriter reserves the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The Underwriter has advised the Fund that it proposes initially to offer the shares of AMPS to the public at the initial public offering price on the cover page of this prospectus and to dealers at that price less a concession not in excess of \$137.50 per share. There is a sales charge or underwriting discount of \$250 per share, which is equal to 1% of the initial public offering price per share. After the initial public offering, the public offering price and concession may be changed. Investors must pay for any AMPS purchased in the offering on or before September 21, 2005.

The expenses of the offering, excluding underwriting discount, are estimated at \$145,000 and are payable by the Fund.

Other Relationships

Merrill Lynch acts in Auctions as a Broker-Dealer as set forth under The Auction General Broker-Dealer Agreements and will be entitled to fees for services as a Broker-Dealer as set forth under The Auction Broker-Dealers. Merrill Lynch also may provide information to be used in ascertaining the Reference Rate.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

The Fund also anticipates that Merrill Lynch may from time to time act as a broker in connection with the execution of its portfolio transactions. Merrill Lynch is an affiliate of the Investment Adviser. See **Investment Restrictions** and **Portfolio Transactions** in the statement of additional information.

The address of the Underwriter is 4 World Financial Center, New York, New York 10080.

TRANSFER AGENT, DIVIDEND DISBURSING AGENT AND REGISTRAR

Subsequent Dividend Period means each Dividend Period after the Initial Dividend Period.

Substitute Rating Agency and **Substitute Rating Agencies** shall mean a NRSRO or two NRSROs, respectively, selected by Merrill Lynch, Pierce, Fenner & Smith Incorporated, or its respective affiliates and successors, after obtaining the Fund's approval, to act as a substitute rating agency or substitute rating agencies, as the case may be, to determine the credit ratings of the AMPS.

Sufficient Clearing Bids has the meaning set forth on page 38 of this prospectus.

Taxable Equivalent of the Short-Term Municipal Bond Rate on any date means 90% of the quotient of (A) the per annum rate expressed on an interest equivalent basis equal to the Kenny S&P 30-day High Grade Index (the **Kenny Index**) or any successor index, made available for the Business Day immediately preceding such date but in any event not later than 8:30 a.m. Eastern time, on such date by Kenny Information Systems Inc. or any successor thereto, based upon 30-day yield evaluations at par of bonds the interest on which is excludable for regular Federal income tax purposes under the Code of high grade component issuers selected by Kenny Information Systems Inc. or any such successor from time to time in its discretion, which component issuers shall include, without limitation, issuers of general obligation bonds but shall exclude any bonds the interest on which constitutes an item of tax preference under Section 57(a)(5) of the Code, or successor provisions, for purposes of the alternative minimum tax, divided by (B) 1.00 minus the Marginal Tax Rate (expressed as a decimal); provided, however, that if the Kenny Index is not made so available by 8:30 a.m. Eastern time, on such date by Kenny Information Systems Inc. or any successor, the **Taxable Equivalent of the Short-Term Municipal Bond Rate** shall mean the quotient of (A) the per annum rate expressed on an interest equivalent basis equal to the most recent Kenny Index so made available for any preceding Business Day, divided by (B) 1.00 minus the Marginal Tax Rate (expressed as a decimal). The Fund may not utilize a successor index to the Kenny Index unless Moody's and S&P provide the Fund with written confirmation that the use of such successor index will not adversely affect the then-current respective Moody's and S&P ratings of the AMPS.

Treasury Bonds means U.S. Treasury Bonds or Notes.

Treasury Index Rate means the average yield to maturity for actively traded marketable fixed interest rate U.S. Treasury Securities having the same number of 30-day periods to maturity as the length of the applicable Dividend Period, determined, to the extent necessary, by linear interpolation based upon the yield for such securities having the next shorter and next longer number of 30-day periods to maturity treating all Dividend Periods with a length greater than the longest maturity for such securities as having a length equal to such longest maturity, in all cases based upon data set forth in the most recent weekly statistical release published by the Board of Governors of the Federal Reserve System (currently in H.15(519)); provided, however, if the most recent such

statistical release shall not have been published during the 15 days preceding the date of computation, the foregoing computations shall be based upon the average of comparable data as quoted to the Fund by at least three recognized dealers in U.S. Government Securities selected by the Fund.

U.S. Treasury Securities means direct obligations of the United States Treasury that are entitled to the full faith and credit of the United States government.

Valuation Date has the meaning set forth on page 32 of this prospectus.

Variation Margin means, in connection with an outstanding futures contract owned or sold by the Fund, the amount of cash or securities paid to or received from a broker (subsequent to the Initial Margin payment) from time to time as the price of such futures contract fluctuates.

Winning Bid Rate has the meaning set forth on page 39 of this prospectus.

MuniYield Quality Fund II, Inc. (the Fund) is a non-diversified, closed-end management investment company seeking to provide shareholders with as high a level of current income exempt from Federal income taxes as is consistent with its investment policies and prudent investment management. The Fund seeks to achieve its investment objective by investing, as a fundamental policy, at least 80% of an aggregate of the Fund's net assets (including proceeds from the issuance of preferred stock), plus the amounts of any borrowings for investment purposes, in a portfolio of municipal obligations the interest on which, in the opinion of bond counsel to the issuer, is excludable from gross income for Federal income tax purposes (except that the interest may be includable in taxable income for purposes of the Federal alternative minimum tax). The Fund invests in a portfolio of municipal obligations which are rated in the three highest quality rating categories (A or better) or, if unrated, are considered by the Investment Adviser to be of comparable quality. The Fund may invest in certain tax exempt securities classified as private activity bonds, as discussed within, that may subject certain investors in the Fund to an alternative minimum tax. There can be no assurance that the Fund's investment objective will be realized.

Certain capitalized terms not otherwise defined in this statement of additional information have the meaning provided in the Glossary included as part of the prospectus.

This statement of additional information is not a prospectus, but should be read in conjunction with the prospectus of the Fund, which has been filed with the Securities and Exchange Commission (the Commission) and can be obtained, without charge, by calling (800) 543-6217. INVESTMENT OBJECTIVE AND POLICIES

MuniYield Quality Fund II, Inc. is a non-diversified, closed-end management investment company seeking to provide shareholders with as high a level of current income exempt from Federal income taxes as is consistent with its investment policies and prudent investment management. The Fund seeks to achieve its investment objective by investing, as a fundamental policy, at least 80% of an aggregate of the Fund's net assets (including proceeds from the issuance of preferred stock), and the proceeds of any borrowings for investment purposes, in a portfolio of municipal obligations issued by or on behalf of states, territories and possessions of the United States and their political subdivisions, agencies or instrumentalities, each of which pays interest that, in the opinion of bond counsel to the issuer, is excludable from gross income for Federal income tax purposes (except that the interest may be includable in taxable income for purposes of the Federal alternative minimum tax) (Municipal Bonds). The Fund invests in Municipal Bonds which are rated in the three highest quality rating categories (A or better) or, if unrated, are considered by the Investment Adviser to be of comparable quality. The Fund may invest in certain tax exempt securities classified as private activity bonds, as discussed within, that may subject certain investors in the Fund to an alternative minimum tax. There can be no assurance that the Fund's investment objective will be realized.

Reference is made to Investment Objective and Policies and Other Investment Policies in the prospectus for information regarding other types of securities that the Fund may invest in to achieve its objective.

INVESTMENT RESTRICTIONS

The following are fundamental investment restrictions of the Fund and may not be changed without the approval of the holders of a majority of the Fund's outstanding shares of common stock and outstanding shares of AMPS, Other AMPS and any other preferred stock, voting together as a single class, and a majority of the outstanding shares of AMPS, Other AMPS and any other preferred stock, voting as a separate class (which for this purpose and under the 1940 Act means the lesser of (i) 67% of the shares of each class of capital stock represented at a meeting at which more than 50% of the outstanding shares of each class of capital stock are represented or (ii) more than 50% of the outstanding shares of each class of capital stock). The Fund may not:

1. Make investments for the purpose of exercising control or management.
2. Purchase securities of other investment companies, except (i) in connection with a merger, consolidation, acquisition or reorganization, (ii) by purchase of shares of tax-exempt money market funds advised by the Investment Adviser or its affiliates (as defined in the 1940 Act) to the extent permitted by an exemptive order issued to the Fund by the Securities and Exchange Commission, or (iii) by purchase in the open market of securities of closed-end investment companies and only if immediately thereafter no more than 10% of the Fund's total assets would be invested in such securities.
3. Purchase or sell real estate, real estate limited partnerships, commodities or commodity contracts; provided that the Fund may invest in securities secured by real estate or interests therein or issued by companies that invest in real estate or interests therein, and the Fund may purchase and sell financial futures contracts and options thereon.
4. Issue senior securities other than preferred stock or borrow amounts in excess of 5% of its total assets taken at market value; provided, however, that the Fund is authorized to borrow money in excess of 5% of the value of its total assets for the purpose of repurchasing shares of common stock or redeeming shares of preferred stock.
5. Underwrite securities of other issuers except insofar as the Fund may be deemed an underwriter under the Securities Act of 1933, as amended, in selling portfolio securities.
6. Make loans to other persons, except that the Fund may purchase Municipal Bonds and other debt securities in accordance with its investment objective, policies and limitations.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

7. Purchase any securities on margin, except that the Fund may obtain such short-term credit as may be necessary for the clearance of purchases and sales of portfolio securities (the deposit or payment by the Fund of initial or variation margin in connection with financial futures contracts and options thereon is not considered the purchase of a security on margin).

3

8. Make short sales of securities or maintain a short position or invest in put, call, straddle or spread options, except that the Fund may write, purchase and sell options and futures on Municipal Bonds, U.S. Government obligations and related indices or otherwise in connection with bona fide hedging activities.

9. Invest more than 25% of its total assets (taken at market value at the time of each investment) in the securities of issuers in a single industry; provided that, for purposes of this restriction, states, municipalities and their political subdivisions are not considered to be part of any industry.

For purposes of investment restriction (4) above, the Fund may borrow moneys in excess of 5% of the value of its total assets to the extent permitted by Section 18 of the 1940 Act or otherwise as permitted by applicable law for the purpose of repurchasing shares of common stock or redeeming shares of preferred stock. For purposes of investment restriction (9) above, the exception for states, municipalities and their political subdivisions applies only to tax exempt securities issued by such entities.

An additional investment restriction adopted by the Fund, which may be changed by the Board of Directors without stockholder approval, provides that the Fund may not mortgage, pledge, hypothecate or in any manner transfer, as security for indebtedness, any securities owned or held by the Fund except as may be necessary in connection with borrowings mentioned in investment restriction (4) above or except as may be necessary in connection with transactions in financial futures contracts and options thereon.

If a percentage restriction on investment policies or the investment or use of assets set forth above is adhered to at the time a transaction is effected, later changes in percentage resulting from changing values will not be considered a violation.

The Fund is classified as non-diversified within the meaning of the 1940 Act, which means that the Fund is not limited by the 1940 Act in the proportion of its assets that it may invest in securities of a single issuer. As a non-diversified fund, the Fund's investments are limited, however, in order to allow the Fund to continue to qualify as a regulated investment company under the Internal Revenue Code of 1986, as amended (the Code). See Taxes. To qualify, the Fund complies with certain requirements, including limiting its investments so that at the close of each quarter of the taxable year (i) not more than 25% of the market value of the Fund's total assets will be invested in the securities of a single issuer or in qualified publicly traded partnerships as defined in the Code and (ii) with respect to 50% of the market value of its total assets, not more than 5% of the market value of its total assets will be invested in the securities of a single issuer and the Fund will not own more than 10% of the outstanding voting securities of a single issuer. For purposes of this restriction, the Fund will regard each state and each political subdivision, agency or instrumentality of such state and each multi-state agency of which such state is a member and each public authority which issues securities on behalf of a private entity as a separate issuer, except that if the security is backed only by the assets and revenues of a non-government entity then the entity with the ultimate responsibility for the payment of interest and principal may be regarded as the sole issuer. These tax-related limitations may be changed by the Board of Directors of the Fund to the extent necessary to comply with changes in the Federal tax requirements. A fund that elects to be classified as diversified under the 1940 Act must satisfy the foregoing 5% and 10% requirements with respect to 75% of its total assets.

The Investment Adviser of the Fund and Merrill Lynch, Pierce, Fenner & Smith Incorporated (Merrill Lynch) are owned and controlled by Merrill Lynch & Co., Inc. (ML & Co.). Because of the affiliation of Merrill Lynch with the Investment Adviser, the Fund is prohibited from engaging in certain transactions involving Merrill Lynch except pursuant to an exemptive order or otherwise in compliance with the provisions of the 1940 Act and the rules and regulations thereunder. Included among such restricted transactions will be purchases from or sales to Merrill Lynch of securities in transactions in which it acts as principal. See Portfolio Transactions in this statement of additional information.

DESCRIPTION OF AMPS

Certain of the capitalized terms used herein and not otherwise defined in this statement of additional information have the meaning provided in the Glossary at the back of the prospectus.

The Series D AMPS will be shares of preferred stock that entitle their holders to receive dividends when, as and if declared by the Board of Directors, out of funds legally available therefor, at a rate per annum that may vary for the successive Dividend Periods. After the Initial

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Dividend Period, each Subsequent Dividend Period for the Series D AMPS generally will be a 7-Day Dividend Period; provided however, that prior to any Auction, the

4

Fund may elect, subject to certain limitations described herein, upon giving notice to holders thereof, a Special Dividend Period. The Applicable Rate for a particular Dividend Period will be determined by an Auction conducted on the Business Day before the start of such Dividend Period. Beneficial Owners and Potential Beneficial Owners of shares of AMPS may participate in Auctions therefor, although, except in the case of a Special Dividend Period of more than 28 days, Beneficial Owners desiring to continue to hold all of their shares of AMPS regardless of the Applicable Rate resulting from Auctions need not participate. For an explanation of Auctions and the method of determining the Applicable Rate, see Appendix C Auction Procedures.

Except as otherwise required by law or unless there is no Securities Depository, all outstanding shares of the AMPS will be represented by one or more certificates registered in the name of the nominee of the Securities Depository (initially expected to be Cede), and no person acquiring shares of AMPS will be entitled to receive a certificate representing such shares. See Appendix C Auction Procedures. As a result, the nominee of the Securities Depository is expected to be the sole holder of record of the shares of AMPS. Accordingly, each purchaser of AMPS must rely on (i) the procedures of the Securities Depository and, if such purchaser is not a member of the Securities Depository, such purchaser's Agent Member, to receive dividends, distributions and notices and to exercise voting rights (if and when applicable) and (ii) the records of the Securities Depository and, if such purchaser is not a member of the Securities Depository, such purchaser's Agent Member, to evidence its beneficial ownership of shares of AMPS.

When issued and sold, the shares of AMPS will have a liquidation preference of \$25,000 per share plus an amount equal to accumulated but unpaid dividends (whether or not earned or declared) and will be fully paid and non-assessable. See Description of AMPS Liquidation Rights in the prospectus. The shares of AMPS will not be convertible into shares of common stock or other capital stock of the Fund, and the holders thereof will have no preemptive rights. The AMPS will not be subject to any sinking fund but will be subject to redemption at the option of the Fund at the Optional Redemption Price on any Dividend Payment Date (except during the Initial Dividend Period and during a Non-Call Period) and, under certain circumstances, will be subject to mandatory redemption by the Fund at the Mandatory Redemption Price stated in the prospectus. See Description of AMPS Redemption in the prospectus.

The Fund also has outstanding three series of shares of Other AMPS with terms that are substantially the same as the terms of the shares of AMPS described herein and in the prospectus. Cede, the nominee of the Securities Depository, 55 Water Street, New York, New York 10041-0099, is the sole holder of record of the shares of Other AMPS. The Series D AMPS offered hereby rank on a parity with the Other AMPS with respect to dividends and liquidation preference.

In addition to serving as the Auction Agent in connection with the Auction Procedures described in the prospectus, The Bank of New York will be the transfer agent, registrar, dividend disbursing agent and redemption agent for the shares of AMPS. The Auction Agent, however, will serve merely as the agent of the Fund, acting in accordance with the Fund's instructions, and will not be responsible for any evaluation or verification of any matters certified to it.

Except in an Auction, the Fund will have the right (to the extent permitted by applicable law) to purchase or otherwise acquire any shares of AMPS so long as the Fund is current in the payment of dividends on AMPS and on any other capital stock of the Fund ranking on a parity with the AMPS, including the Other AMPS, with respect to the payment of dividends or upon liquidation.

The following supplements the description of the terms of the shares of AMPS set forth in the prospectus. This description does not purport to be complete and is subject to and qualified in its entirety by reference to the Fund's Charter and Articles Supplementary, including the provisions thereof establishing the AMPS. The Fund's Charter and the form of Articles Supplementary establishing the terms of the AMPS have been filed as exhibits to the Registration Statement of which this statement of additional information is a part.

Dividends

General. The holders of shares of the Series D AMPS will be entitled to receive, when, as and if declared by the Board of Directors of the Fund, out of funds legally available therefor, cumulative cash dividends on their shares, at the Applicable Rate. Dividends on the shares of AMPS so declared and payable shall be paid (i) in

preference to and in priority over any dividends so declared and payable on the common stock, and (ii) to the extent permitted under the Code and to the extent available, out of net tax-exempt income earned on the Fund's investments. Generally, dividends on shares of AMPS, to the extent that they are derived from interest paid on Municipal Bonds, will be exempt from Federal income taxes, subject to possible application of the alternative minimum tax. See Taxes.

Notification of Dividend Period. In determining whether the Fund should issue a Notice of Special Dividend for the AMPS, the Broker-Dealers will consider (i) existing short-term and long-term market rates and indices of such short-term and long-term rates, (ii) existing market supply and demand for short-term and long-term securities, (iii) existing yield curves for short-term and long-term securities comparable to the AMPS, (iv) industry and financial conditions that may affect the AMPS, (v) the investment objective of the Fund, and (vi) the Dividend Periods and dividend rates at which current and potential beneficial holders of the AMPS would remain or become beneficial holders. If the Broker-Dealers shall not give the Fund a Response by such second Business Day or if the Response states that given the factors set forth above it is not advisable that the Fund give a Notice of Special Dividend Period for the AMPS, the Fund may not give a Notice of Special Dividend Period in respect of such Request for Special Dividend Period. In the event the Response indicates that it is advisable that the Fund give a Notice of Special Dividend Period for the AMPS, the Fund, by no later than the second Business Day prior to such Auction Date, may give a notice (a Notice of Special Dividend Period) to the Auction Agent, the Securities Depository and each Broker-Dealer, which notice will specify (i) the duration of the Special Dividend Period, (ii) the Optional Redemption Price as specified in the related Response and (iii) the Specific Redemption Provisions, if any, as specified in the related Response. The Fund also shall provide a copy of such Notice of Special Dividend Period to Moody's and S&P. The Fund shall not give a Notice of Special Dividend Period, and, if such Notice of Special Dividend Period shall have been given already, shall give telephonic and written notice of its revocation (a Notice of Revocation) to the Auction Agent, each Broker-Dealer, and the Securities Depository on or prior to the Business Day prior to the relevant Auction Date if (x) either the 1940 Act AMPS Asset Coverage is not satisfied or the Fund shall fail to maintain S&P Eligible Assets and Moody's Eligible Assets each with an aggregate Discounted Value at least equal to the AMPS Basic Maintenance Amount, in each case on the Valuation Date immediately preceding the Business Day prior to the relevant Auction Date on an actual basis and on a pro forma basis giving effect to the proposed Special Dividend Period (using as a pro forma dividend rate with respect to such Special Dividend Period the dividend rate which the Broker-Dealers shall advise the Fund is an approximately equal rate for securities similar to the AMPS with an equal dividend period), (y) sufficient funds for the payment of dividends payable on the immediately succeeding Dividend Payment Date have not been segregated in an account at the Fund's custodian bank or on the books of the Fund by the close of business on the third Business Day preceding the related Auction Date or (z) the Broker-Dealers jointly advise the Fund that, after consideration of the factors listed above, they have concluded that it is advisable to give a Notice of Revocation. The Fund also shall provide a copy of such Notice of Revocation to Moody's and S&P. If the Fund is prohibited from giving a Notice of Special Dividend Period as a result of the factors enumerated in clause (x), (y) or (z) above or if the Fund gives a Notice of Revocation with respect to a Notice of Special Dividend Period, the next succeeding Dividend Period will be a 7-Day Dividend Period. In addition, in the event Sufficient Clearing Bids are not made in any Auction or an Auction is not held for any reason, the next succeeding Dividend Period will be a 7-Day Dividend Period, and the Fund may not again give a Notice of Special Dividend Period (and any such attempted notice shall be null and void) until Sufficient Clearing Bids have been made in an Auction with respect to a 7-Day Dividend Period.

Non-Payment Period; Late Charge. A Non-Payment Period will commence if the Fund fails to (i) declare, prior to the close of business on the second Business Day preceding any Dividend Payment Date, for payment on or (to the extent permitted as described below) within three Business Days after such Dividend Payment Date to the persons who held such shares as of 12:00 noon, Eastern time, on the Business Day preceding such Dividend Payment Date, the full amount of any dividend on shares of AMPS payable on such Dividend Payment Date or (ii) deposit, irrevocably in trust, in same-day funds, with the Auction Agent by 12:00 noon, Eastern time, (A) on such Dividend Payment Date the full amount of any cash dividend on such shares (if declared) payable on such Dividend Payment Date or (B) on any redemption date for shares of AMPS called for redemption, the Mandatory Redemption Price per share of such AMPS or, in the case of an optional redemption, the Optional Redemption Price per share. Such Non-Payment Period will consist of the period commencing on and including the aforementioned Dividend Payment Date or redemption date, as the case may be, and ending on and including the

Business Day on which, by 12:00 noon, Eastern time, all unpaid cash dividends and unpaid redemption prices shall have been so deposited or otherwise shall have been made available to the applicable holders in same-day funds, provided that a Non-Payment Period for AMPS will not end unless the Fund shall have given at least five days' but no more than 30 days' written notice of such deposit or availability to the Auction

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Agent, the Securities Depository and all holders of shares of AMPS. Notwithstanding the foregoing, the failure by the Fund to deposit funds as provided for by clause (ii) (A) or (ii) (B) above within three Business Days after any Dividend Payment Date or redemption date, as the case may be, in each case to the extent contemplated below, shall not constitute a Non-Payment Period.

The Applicable Rate for each Dividend Period for shares of AMPS, commencing during a Non-Payment Period, will be equal to the Non-Payment Period Rate; and each Dividend Period commencing after the first day of, and during, a Non-Payment Period shall be a 7-Day Dividend Period. Any dividend on shares of AMPS due on any Dividend Payment Date for such shares (if, prior to the close of business on the second Business Day preceding such Dividend Payment Date, the Fund has declared such dividend payable on such Dividend Payment Date to the persons who held such shares as of 12:00 noon, Eastern time, on the Business Day preceding such Dividend Payment Date) or redemption price with respect to such shares not paid to such persons when due may be paid to such persons in the same form of funds by 12:00 noon, Eastern time, on any of the first three Business Days after such Dividend Payment Date or due date, as the case may be, provided that such amount is accompanied by a late charge calculated for such period of non-payment at the Non-Payment Period Rate applied to the amount of such non-payment based on the actual number of days comprising such period divided by 365. In the case of a willful failure of the Fund to pay a dividend on a Dividend Payment Date or to redeem any shares of AMPS on the date set for such redemption, the preceding sentence shall not apply and the Applicable Rate for the Dividend Period commencing during the Non-Payment Period resulting from such failure shall be the Non-Payment Period Rate. For the purposes of the foregoing, payment to a person in same-day funds on any Business Day at any time will be considered equivalent to payment to that person in New York Clearing House (next-day) funds at the same time on the preceding Business Day, and any payment made after 12:00 noon, Eastern time, on any Business Day shall be considered to have been made instead in the same form of funds and to the same person before 12:00 noon, Eastern time, on the next Business Day.

The Non-Payment Period Rate initially will be 200% of the applicable Reference Rate (or 300% of such rate if the Fund has provided notification to the Auction Agent prior to the Auction establishing the Applicable Rate for any dividend that net capital gain or other taxable income will be included in such dividend on shares of AMPS), provided that the Board of Directors of the Fund shall have the authority to adjust, modify, alter or change from time to time by resolution or otherwise the initial Non-Payment Period Rate if the Board of Directors of the Fund determines and Moody's and S&P (and any Substitute Rating Agency or Substitute Rating Agencies, as the case may be, in lieu of Moody's or S&P, or both, in the event either or both of such parties shall not rate the AMPS) advise the Fund in writing that such adjustment, modification, alteration or change will not adversely affect their then current ratings on the AMPS.

Restrictions on Dividends and Other Payments. For so long as any shares of AMPS are outstanding, the Fund will not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or options, warrants or rights to subscribe for or purchase, common stock or other stock, if any, ranking junior to shares of AMPS as to dividends or upon liquidation) in respect of common stock or any other stock of the Fund ranking junior to or on a parity with shares of AMPS as to dividends or upon liquidation, or call for redemption, redeem, purchase or otherwise acquire for consideration any shares of common stock or any other such junior stock (except by conversion into or exchange for stock of the Fund ranking junior to AMPS as to dividends and upon liquidation) or any such parity stock (except by conversion into or exchange for stock of the Fund ranking junior to or on a parity with AMPS as to dividends and upon liquidation), unless (A) immediately after such transaction, the Fund would have S&P Eligible Assets and Moody's Eligible Assets each with an aggregate Discounted Value equal to or greater than the AMPS Basic Maintenance Amount, and the 1940 Act AMPS Asset Coverage (see Asset Maintenance and Redemption below) would be satisfied, (B) full cumulative dividends on shares of AMPS and shares of the Other AMPS due on or prior to the date of the transaction have been declared and paid or shall have been declared and sufficient funds for the payment thereof deposited with the Auction Agent, (C) any Additional Dividend required to be paid on or before the date of such declaration or payment has been paid, and (D) the Fund has redeemed the full number of shares of AMPS required to be redeemed by any provision for mandatory redemption contained in the Articles Supplementary.

Asset Maintenance

1940 Act AMPS Asset Coverage. The Fund will be required under the Articles Supplementary to maintain, with respect to shares of AMPS, as of the last Business Day of each month in which any shares of AMPS are outstanding, asset coverage of at least 200% with respect to senior securities that are stock, including the shares of AMPS and Other AMPS (or such other asset coverage as in the future may be specified in or under the 1940 Act as the minimum asset coverage for senior securities that are stock of a closed-end investment company as a condition of paying dividends on its common stock) (1940 Act AMPS Asset Coverage). If the Fund fails to maintain 1940 Act AMPS Asset Coverage and such failure is not cured as of the last Business Day of the following month (the 1940 Act Cure Date), the Fund will be required under certain circumstances to redeem certain of the shares of AMPS. See Description of AMPS Redemption in the prospectus and Redemption below.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

AMPS Basic Maintenance Amount. So long as shares of AMPS are outstanding, the Fund will be required under the Articles Supplementary as of the last Business Day of each week (a Valuation Date) to maintain S&P Eligible Assets and Moody s Eligible Assets each having in the aggregate a Discounted Value at least equal to the AMPS Basic Maintenance Amount. If the Fund fails to meet such requirement as of any Valuation Date and such failure is not cured on or before the sixth Business Day after such Valuation Date (the AMPS Basic Maintenance Cure Date), the Fund will be required under certain circumstances to redeem certain of the shares of AMPS. See Description of AMPS Redemption in the prospectus and Redemption below. Upon any failure to maintain the required Discounted Value, the Fund will use its best efforts to alter the composition of its portfolio to attain a Discounted Value at least equal to the AMPS Basic Maintenance Amount on or prior to the AMPS Basic Maintenance Cure Date.

The AMPS Basic Maintenance Amount as of any Valuation Date, means the dollar amount equal to (i) the sum of (A) the product of the number of shares of AMPS and Other AMPS outstanding on such Valuation Date multiplied by the sum of \$25,000 and any applicable redemption premium attributable to the designation of a Premium Call Period; (B) the aggregate amount of cash dividends (whether or not earned or declared) that will have accumulated for the AMPS and Other AMPS outstanding to (but not including) the end of the current Dividend Period for the AMPS that follows such Valuation Date in the event the then current Dividend Period will end within 49 calendar days of such Valuation Date or through the 49th day after such Valuation Date in the event the then current Dividend Period will not end within 49 calendar days of such Valuation Date; (C) in the event the then current Dividend Period will end within 49 calendar days of such Valuation Date, the aggregate amount of cash dividends that would accumulate at the Maximum Applicable Rate applicable to a Dividend Period of 28 or fewer days on any shares of AMPS and Other AMPS outstanding from the end of such Dividend Period through the 49th day after such Valuation Date, multiplied by the larger of the Moody s Volatility Factor and the S&P Volatility Factor, determined from time to time by Moody s and S&P, respectively (except that if such Valuation Date occurs during a Non-Payment Period, the cash dividend for purposes of calculation would accumulate at the then current Non-Payment Period Rate); (D) the amount of anticipated expenses of the Fund for the 90 days subsequent to such Valuation Date; (E) the amount of current outstanding balances of any indebtedness that is senior to the AMPS plus interest actually accrued together with 30 days additional interest on the current outstanding balances calculated at the current rate; (F) the amount of the Fund s maximum potential Additional Dividend liability as of such Valuation Date; and (G) any current liabilities as of such Valuation Date to the extent not reflected in any of (i)(A) through (i)(F) (including, without limitation, and immediately upon determination, any amounts due and payable by the Fund for portfolio securities purchased as of such Valuation Date and any liabilities incurred for the purpose of clearing securities transactions) less (ii) either (A) the Discounted Value of any of the Fund s assets, or (B) the face value of any of the Fund s assets if such assets mature prior to or on the date of redemption of AMPS or payment of a liability and are either securities issued or guaranteed by the United States Government or Deposit Securities, in both cases irrevocably deposited by the Fund for the payment of the amount needed to redeem shares of AMPS subject to redemption or to satisfy any of (i)(B) through (i)(G).

The Discount Factors and guidelines for determining the market value of the Fund s portfolio holdings have been based on criteria established in connection with rating the AMPS. These factors include, but are not limited to, the sensitivity of the market value of the relevant asset to changes in interest rates, the liquidity and depth of the market for the relevant asset, the credit quality of the relevant asset (for example, the lower the rating of a debt obligation, the higher the related discount factor) and the frequency with which the relevant asset is marked to

market. In no event shall the Discounted Value of any asset of the Fund exceed its unpaid principal balance or face amount as of the date of calculation. The Discount Factor relating to any asset of the Fund and the AMPS Basic Maintenance Amount, the assets eligible for inclusion in the calculation of the Discounted Value of the Fund s portfolio and certain definitions and methods of calculation relating thereto may be changed from time to time by the Fund, without stockholder approval, but only in the event the Fund receives written confirmation from S&P, Moody s and any Substitute Rating Agency that any such changes would not impair the rating then assigned to the shares of AMPS by S&P or Moody s or any Substitute Rating Agency.

On or before the seventh Business Day in the case of Moody s and the next Business Day in the case of S&P after a Valuation Date on which the Fund fails to maintain S&P Eligible Assets and Moody s Eligible Assets each with an aggregate Discounted Value equal to or greater than the AMPS Basic Maintenance Amount, the Fund is required to (i) deliver to Moody s a report with respect to the calculation of the AMPS Basic Maintenance Amount, the value of its portfolio holdings and the net asset value and market price of the Fund s common stock as of the date of such failure (an AMPS Basic Maintenance Report) and (ii) send S&P an electronic notification of such failure. The Fund also will deliver an AMPS Basic Maintenance Report as of the 21st day of each month (or if such day is not a Business Day, as of the next succeeding Business Day) or as of the last Business Day of the month in which the Fund s fiscal year ends on or before the seventh Business Day after such day. Within ten Business Days after delivery of such report relating to the month in which the Fund s fiscal year ends, the Fund will deliver a letter prepared by the Fund s independent accountants regarding the accuracy of the calculations made by the Fund in such AMPS Basic Maintenance Report. If any such letter prepared by the Fund s independent accountants shows that an error was made in the AMPS Basic Maintenance Report, the calculation or determination made by the Fund s independent accountants will be conclusive and binding on the Fund. The Fund will also (i) provide Moody s with an AMPS Basic Maintenance Report and (ii) send S&P an electronic notification, as of each Valuation Date on or before

the seventh Business Day in the case of Moody's and the next Business Day in the case of S&P after such date when the Discounted Value of Moody's Eligible Assets or S&P Eligible Assets, as the case may be, fails to exceed the AMPS Basic Maintenance Amount by 10% or more. Also, on or before 5:00 p.m., Eastern time, on the first Business Day after shares of common stock are repurchased by the Fund, the Fund will complete and deliver to Moody's an AMPS Basic Maintenance Report as of the close of business on such date that common stock is repurchased.

Redemption

Mandatory Redemption. The number of shares of AMPS to be redeemed will be equal to the lesser of (a) the minimum number of shares of AMPS the redemption of which, if deemed to have occurred immediately prior to the opening of business on the Cure Date, together with all other shares of the preferred stock subject to redemption or retirement, would result in the Fund having S&P Eligible Assets and Moody's Eligible Assets each with an aggregate Discounted Value equal to or greater than the AMPS Basic Maintenance Amount or satisfaction of the 1940 Act AMPS Asset Coverage, as the case may be, on such Cure Date (provided that, if there is no such minimum number of shares the redemption of which would have such result, all shares of AMPS then outstanding will be redeemed), and (b) the maximum number of shares of AMPS, together with all other shares of preferred stock subject to redemption or retirement, that can be redeemed out of funds expected to be legally available therefor on such redemption date. In determining the number of shares of AMPS required to be redeemed in accordance with the foregoing, the Fund shall allocate the number required to be redeemed which would result in the Fund having S&P Eligible Assets and Moody's Eligible Assets each with an aggregate Discounted Value equal to or greater than the AMPS Basic Maintenance Amount or satisfaction of the 1940 Act AMPS Asset Coverage, as the case may be, pro rata among shares of AMPS, Other AMPS and other preferred stock subject to redemption pursuant to provisions similar to those set forth below; provided that, shares of AMPS which may not be redeemed at the option of the Fund due to the designation of a Non-Call Period applicable to such shares (A) will be subject to mandatory redemption only to the extent that other shares are not available to satisfy the number of shares required to be redeemed and (B) will be selected for redemption in an ascending order of outstanding number of days in the Non-Call Period (with shares with the lowest number of days to be redeemed first) and by lot in the event of shares having an equal number of days in such Non-Call Period. The Fund is required to effect such a mandatory redemption on a Business Day which is not later than 30 days after such Cure Date, except that if the Fund does not have funds legally available for the redemption of all of the required number of shares of AMPS and shares of other preferred stock which are subject to mandatory redemption or the Fund otherwise is

unable to effect such redemption on a Business Day which is on or prior to 30 days after such Cure Date, the Fund will redeem those shares of AMPS that it was unable to redeem on the earliest practicable date on which it is able to effect such redemption out of funds legally available therefor.

Notice of Redemption. If shares of AMPS are to be redeemed, a notice of redemption will be mailed to each record holder of such shares of AMPS (initially Cede as nominee of the Securities Depository) and to the Auction Agent not less than 17 nor more than 60 days prior to the date fixed for the redemption thereof. Each notice of redemption will include a statement setting forth: (i) the redemption date, (ii) the redemption price, (iii) the aggregate number of shares of AMPS to be redeemed, (iv) the place or places where shares of AMPS are to be surrendered for payment of the redemption price, (v) a statement that dividends on the shares to be redeemed will cease to accumulate on such redemption date (except that holders may be entitled to Additional Dividends) and (vi) the provision of the Articles Supplementary pursuant to which such shares are being redeemed. The notice also will be published in the eastern and national editions of The Wall Street Journal. No defect in the notice of redemption or in the mailing or publication thereof will affect the validity of the redemption proceedings, except as required by applicable law.

In the event that less than all of the outstanding shares of AMPS are to be redeemed, the shares to be redeemed will be selected by lot or such other method as the Fund shall deem fair and equitable, and the results thereof will be communicated to the Auction Agent. The Auction Agent will give notice to the Securities Depository, whose nominee will be the record holder of all shares of AMPS, and the Securities Depository will determine the number of shares to be redeemed from the account of the Agent Member of each Existing Holder. Each Agent Member will determine the number of shares to be redeemed from the account of each Existing Holder for which it acts as agent. An Agent Member may select for redemption shares from the accounts of some Existing Holders without selecting for redemption any shares from the accounts of other Existing Holders. Notwithstanding the foregoing, if neither the Securities Depository nor its nominee is the record holder of all of the shares of AMPS, the particular shares to be redeemed shall be selected by the Fund by lot or by such other method as the Fund shall deem fair and equitable.

If the Fund gives notice of redemption, and concurrently or thereafter deposits in trust with the Auction Agent, or segregates in an account at the Fund's custodian bank for the benefit of the holders of the AMPS to be redeemed and for payment to the Auction Agent, Deposit Securities (with a right of substitution) having an aggregate Discounted Value equal to the redemption payment for the shares of AMPS as to which notice of redemption has been given, with irrevocable instructions and authority to pay the redemption price to the record holders thereof, then upon the

date of such deposit or, if no such deposit is made, upon such date fixed for redemption (unless the Fund shall default in making payment of the redemption price), all rights of the holders of such shares called for redemption will cease and terminate, except the right of such holders to receive the redemption price in respect thereof and any Additional Dividends, but without interest, and such shares no longer will be deemed to be outstanding. The Fund will be entitled to receive, from time to time, the interest, if any, earned on such Deposit Securities deposited with the Auction Agent, and the holders of any shares so redeemed will have no claim to any such interest. Any funds so deposited which are unclaimed at the end of one year from such redemption date will be repaid, upon demand, to the Fund, after which the holders of the shares of AMPS so called for redemption may look only to the Fund for payment thereof.

So long as any shares of AMPS are held of record by the nominee of the Securities Depository (initially Cede), the redemption price for such shares will be paid on the redemption date to the nominee of the Securities Depository. The Securities Depository's normal procedures now provide for it to distribute the amount of the redemption price to Agent Members who, in turn, are expected to distribute such funds to the persons for whom they are acting as agent. Notwithstanding the provisions for redemption described above, no shares of AMPS shall be subject to optional redemption (i) unless all dividends in arrears on the outstanding shares of AMPS, and all capital stock of the Fund ranking on a parity with the AMPS with respect to the payment of dividends or upon liquidation, including the Other AMPS, have been or are being contemporaneously paid or declared and set aside for payment and (ii) if redemption thereof would result in the Fund's failure to maintain Moody's Eligible Assets or S&P Eligible Assets with an aggregate Discounted Value equal to or greater than the AMPS Basic Maintenance Amount.

Voting Rights

In connection with the election of the Fund's directors, holders of shares of AMPS, Other AMPS and any other preferred stock, voting separately as a single class, shall be entitled at all times to elect two of the Fund's directors, and the remaining directors will be elected by holders of shares of common stock and shares of AMPS, Other AMPS and any other preferred stock, voting together as a single class. In addition, if at any time dividends on outstanding shares of AMPS shall be unpaid in an amount equal to at least two full years' dividends thereon or if at any time holders of any shares of preferred stock, including Other AMPS, are entitled, together with the holders of AMPS, to elect a majority of the directors of the Fund under the 1940 Act, then the number of directors constituting the Board of Directors automatically shall be increased by the smallest number that, when added to the two directors elected exclusively by the holders of shares of AMPS, Other AMPS and any other preferred stock as described above, would constitute a majority of the Board of Directors as so increased by such smallest number, and at a special meeting of stockholders which will be called and held as soon as practicable, and at all subsequent meetings at which directors are to be elected, the holders of shares of AMPS, Other AMPS and any other preferred stock, voting as a separate class, will be entitled to elect the smallest number of additional directors that, together with the two directors that such holders in any event will be entitled to elect, constitutes a majority of the total number of directors of the Fund as so increased. The terms of office of the persons who are directors at the time of that election will continue. If the Fund thereafter shall pay, or declare and set apart for payment in full, all dividends payable on all outstanding shares of AMPS and any other preferred stock, including Other AMPS, for all past Dividend Periods, the additional voting rights of the holders of shares of AMPS and any other preferred stock, including Other AMPS, as described above shall cease, and the terms of office of all of the additional directors elected by the holders of shares of AMPS, Other AMPS and any other preferred stock (but not of the directors with respect to whose election the holders of common stock were entitled to vote or the two directors the holders of shares of AMPS, Other AMPS and any other preferred stock have the right to elect in any event) will terminate automatically.

The affirmative vote of a majority of the votes entitled to be cast by holders of outstanding shares of AMPS and any other preferred stock, including Other AMPS, voting as a separate class, will be required to (i) authorize, create or issue any class or series of stock ranking prior to the AMPS or any other series of preferred stock with respect to the payment of dividends or the distribution of assets on dissolution, liquidation or winding up the affairs of the Fund, or (ii) amend, alter or repeal the provisions of the Charter, whether by merger, consolidation or otherwise, so as to adversely affect any of the contract rights expressly set forth in the Charter of holders of shares of AMPS or any other preferred stock. To the extent permitted under the 1940 Act, in the event shares of more than one series of preferred stock are outstanding, the Fund shall not approve any of the actions set forth in clause (i) or (ii) which adversely affects the contract rights expressly set forth in the Charter of a holder of shares of AMPS differently than those of a holder of shares of any other series of preferred stock without the affirmative vote of at least a majority of votes entitled to be cast by holders of the shares of AMPS adversely affected and outstanding at such time (voting separately as a class). The Board of Directors, however, without stockholder approval, may amend, alter or repeal any or all of the various rating agency guidelines described herein in the event the Fund receives confirmation from the rating agencies that any such amendment, alteration or repeal would not impair the ratings then assigned to shares of AMPS. Furthermore, the Board of Directors, without stockholder approval, may terminate compliance with the Moody's or S&P guidelines as discussed under "Rating Agency Guidelines" in the prospectus. Unless a higher percentage is provided for under "Description of Capital Stock - Certain Provisions of the Charter and By-laws" in the prospectus, the affirmative vote of the holders of a majority of the outstanding shares of preferred stock (as defined under "Investment Restrictions"), including AMPS and Other AMPS, entitled to be cast, voting as a separate class, will be required to approve any plan of reorganization (including bankruptcy

proceedings) adversely affecting such shares or any action requiring a vote of security holders under Section 13(a) of the 1940 Act including, among other things, changes in the Fund's investment objective or changes in the investment policies and restrictions described as fundamental policies in the prospectus and under Investment Restrictions. So long as any shares of AMPS are outstanding, the affirmative vote of the holders of a majority of the outstanding shares of preferred stock (as defined under Investment Restrictions), including AMPS and Other AMPS, voting together as a single class, will be required to approve any voluntary application by the Fund for relief under Federal bankruptcy law or any similar application under state law for so long as the Fund is solvent and does not foresee becoming insolvent. The class vote of holders of shares of AMPS, Other AMPS and any other preferred stock described above in each case will

be in addition to a separate vote of the requisite percentage of shares of common stock and shares of AMPS, Other AMPS and any other preferred stock, voting together as a single class, necessary to authorize the action in question. An increase in the number of authorized shares of preferred stock pursuant to the Charter or the issuance of additional shares of any series of preferred stock (including AMPS and Other AMPS) pursuant to the Charter shall not in and of itself be considered to adversely affect the contract rights of the holders of the AMPS.

Notwithstanding the foregoing, and except as otherwise required by the 1940 Act, (i) holders of outstanding shares of the AMPS will be entitled as a series, to the exclusion of the holders of all other securities, including other preferred stock, common stock and other classes of capital stock of the Fund, to vote on matters affecting the AMPS that do not materially adversely affect any of the contract rights of holders of such other securities, including other preferred stock, common stock and other classes of capital stock, as expressly set forth in the Charter, and (ii) holders of outstanding shares of AMPS will not be entitled to vote on matters affecting any other preferred stock that do not materially adversely affect any of the contract rights of holders of the AMPS, as expressly set forth in the Charter.

The foregoing voting provisions will not apply to any shares of AMPS if, at or prior to the time when the act with respect to which such vote otherwise would be required shall be effected, such shares shall have been (i) redeemed or (ii) called for redemption and sufficient funds shall have been deposited in trust to effect such redemption.

THE AUCTION

Auction Agent Agreement

The Auction Agent will act as agent for the Fund in connection with Auctions. In the absence of bad faith or negligence on its part, the Auction Agent will not be liable for any action taken, suffered or omitted, or for any error of judgment made, by it in the performance of its duties under the Auction Agent Agreement, and will not be liable for any error of judgment made in good faith unless the Auction Agent shall have been negligent in ascertaining, or failing to ascertain, the pertinent facts. Pursuant to the Auction Agent Agreement, the Fund is required to indemnify the Auction Agent for certain losses and liabilities incurred by the Auction Agent without negligence or bad faith on its part in connection with the performance of its duties under such agreement.

The Auction Agent may terminate the Auction Agent Agreement upon notice to the Fund, which termination may be no earlier than 60 days following delivery of such notice. If the Auction Agent resigns, the Fund will use its best efforts to enter into an agreement with a successor Auction Agent containing substantially the same terms and conditions as the Auction Agent Agreement. The Fund may terminate the Auction Agent Agreement at any time, provided that prior to such termination the Fund shall have entered into such an agreement with respect thereto with a successor Auction Agent.

Broker-Dealer Agreements

The Auctions require the participation of one or more broker-dealers. A Broker-Dealer Agreement may be terminated by the Auction Agent or a Broker-Dealer on five days' notice to the other party, provided that the Broker-Dealer Agreement with Merrill Lynch may not be terminated without the prior written consent of the Fund, which consent may not be unreasonably withheld.

For the six months ended April 30, 2005 and the fiscal years ended October 31, 2004, 2003 and 2002, Merrill Lynch, an affiliate of the Investment Adviser, earned \$103,601, \$171,550, \$143,340 and \$178,506, respectively, pursuant to its Broker-Dealer Agreement with the Fund.

RATING AGENCY GUIDELINES

S&P AAA Rating Guidelines

The Discounted Value of the Fund's S&P Eligible Assets is calculated on each Valuation Date. See Description of AMPS Asset Maintenance AMPS Basic Maintenance Amount. S&P Eligible Assets include cash, Receivables for Municipal Bonds Sold (as defined below), Rule 2a-7 Money Market Funds and Municipal Bonds eligible for consideration under S&P's current guidelines. For purposes of calculating the Discounted Value of the Fund's portfolio under current S&P guidelines, the fair market value of Municipal Bonds eligible for consideration under such guidelines must be discounted by the applicable S&P Discount Factor set forth in the table below. The Discounted Value of a Municipal Bond eligible for consideration under S&P guidelines is the fair market value thereof divided by the S&P Discount Factor. The S&P Discount Factor used to discount a particular Municipal Bond will be determined by reference to the rating by S&P, Moody's or Fitch on such Municipal Bond; provided, however, for purposes of determining the S&P Discount Factor applicable to Municipal Bonds not rated by S&P, the Municipal Bonds will carry an S&P rating one full rating category lower than the S&P rating category that is the equivalent of the rating category in which such Municipal Bond is placed by a NRSRO, in accordance with the table set forth below:

S&P's Rating Category (1)

AAA*(2)	AA*	A*	BBB*	BB*	B*	CCC*	NR**
144.75%	147.75%	150.75%	153.75%	175.11%	195.11%	215.11%	220.00%

* S&P rating.

** Not rated.

- (1) For Municipal Bonds of any one issuer rated at least BBB- by S&P, or if not rated by S&P, rated at least A- by another NRSRO, 2% is added to the applicable S&P Discount Factor for every 1% by which the fair market value of such Municipal Bonds exceeds 5% of the aggregate fair market value of the S&P Eligible Assets, but in no event greater than 10%; or for any percentage over 5% add 10 percentage points to the applicable S&P Discount Factor.
- (2) For zero coupon Municipal Bonds, the S&P Discount Factor is 441.80%.

Notwithstanding the foregoing, (i) the S&P Discount Factor for short-term Municipal Bonds will be 115%, so long as such Municipal Bonds are rated A-1+ or SP-1+ by S&P and mature or have a demand feature exercisable in 30 days or less, or 120% so long as such Municipal Bonds are rated A-1 or SP-1 by S&P and mature or have a demand feature exercisable in 30 days or less, or 125% if such Municipal Bonds are not rated by S&P but are rated VMIG-1, P-1 or MIG-1 by Moody's or F-1+ by Fitch; provided, however, such short-term Municipal Bonds rated by Moody's or Fitch but not rated by S&P having a demand feature exercisable in 30 days or less must be backed by a letter of credit, liquidity facility or guarantee from a bank or other financial institution having a short-term rating of at least A-1+ from S&P; and further provided that such short-term Municipal Bonds rated by Moody's or Fitch but not rated by S&P may comprise no more than 50% of short-term Municipal Bonds that qualify as S&P Eligible Assets, (ii) the S&P Discount Factor for Rule 2a-7 Money Market Funds will be 110%, (iii) the S&P Discount Factor for Receivables for Municipal Bonds Sold that are due in more than five Business Days from such Valuation Date will be the S&P Discount Factor applicable to the Municipal Bonds sold and (iv) no S&P Discount Factor will be applied to cash or to Receivables for Municipal Bonds Sold if such receivables are due within five Business Days of such Valuation Date. Receivables for Municipal Bonds Sold, for purposes of calculating S&P Eligible Assets as of any Valuation Date, means the book value of receivables for Municipal Bonds sold as of or prior to such Valuation Date. For purposes of the foregoing, Anticipation Notes rated SP-1 or, if not rated by S&P, rated VMIG-1 by Moody's or F-1+ by Fitch, which do not mature or have a demand feature exercisable in 30 days and which do not have a long-term rating, shall be considered to be short-term Municipal Bonds.

The S&P guidelines require certain minimum issue size and impose other requirements for purposes of determining S&P Eligible Assets. In order to be considered S&P Eligible Assets, Municipal Bonds must:

- (i) be issued by any of the 50 states of the United States, its territories and their subdivisions, counties, cities, towns, villages, and school districts, agencies, such as authorities and special districts created by the states, and certain federally sponsored agencies

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

such as local housing authorities (payments made on these bonds are exempt from regular Federal income taxes and are generally exempt from state and local taxes in the state of issuance);

13

- (ii) except for zero coupon Municipal Bonds rated AAA by S&P that mature in 30 years or less, be interest bearing and pay interest at least semi-annually;
- (iii) be payable with respect to principal and interest in U.S. dollars;
- (iv) not be subject to a covered call or covered put option written by the Fund;
- (v) except for Inverse Floaters, not be part of a private placement; and
- (vi) except for Inverse Floaters and legally defeased bonds that are secured by securities issued or guaranteed by the United States Government, be part of an issue with an original issue size of at least \$10 million or, if of an issue with an original issue size below \$10 million, is rated at least AA or higher by S&P.

Notwithstanding the foregoing:

(i) Municipal Bonds issued by issuers in any one state or territory will be considered S&P Eligible Assets only to the extent the fair market value of such Municipal Bonds does not exceed 25% of the aggregate fair market value of S&P Eligible Assets;

(ii) Municipal Bonds which are escrow bonds or defeased bonds may compose up to 100% of the aggregate fair market value of S&P Eligible Assets if such Bonds initially are assigned a rating by S&P in accordance with S&P's legal defeasance criteria or rerated by S&P as economic defeased escrow bonds and assigned an AAA rating. Municipal Bonds may be rated as escrow bonds by another NRSRO or rerated as an escrow bond and assigned the equivalent of an S&P AAA rating, provided that such equivalent rated Bonds are limited to 50% of the aggregate fair market value of S&P Eligible Assets and are deemed to have an AA S&P rating for purposes of determining the S&P Discount Factor applicable to such Municipal Bonds. The limitations on Municipal Bonds in clause (i) above and clauses (iii) and (iv) below are not applicable to escrow bonds;

(iii) Municipal Bonds which are not rated by any NRSRO may comprise no more than 10% of S&P Eligible Assets;

(iv) Municipal Bonds rated at least BBB- by S&P, or if not rated by S&P, rated at least A- by another NRSRO, of any one issuer or guarantor (excluding bond insurers) will be considered S&P Eligible Assets only to the extent the fair market value of such Municipal Bonds does not exceed 10% of the aggregate fair market value of the S&P Eligible Assets, High Yield Municipal Bonds of any issuer may comprise no more than 5% of S&P Eligible Assets, and Municipal Bonds of any one issuer which are not rated by any NRSRO will be considered S&P Eligible Assets only to the extent the fair market value of such Municipal Bonds does not exceed 5% of the aggregate fair market value of the S&P Eligible Assets. In the aggregate, the maximum issuer exposure is limited to 10% of the S&P Eligible Assets; and

(v) Municipal Bonds not rated by S&P but rated by another NRSRO will be included in S&P Eligible Assets only to the extent the fair market value of such Municipal Bonds does not exceed 50% of the aggregate fair market value of the S&P Eligible Assets.

As discussed in the prospectus, the Fund may engage in options or futures transactions. For so long as any shares of AMPS are rated by S&P, the Fund will not purchase or sell financial futures contracts, write, purchase or sell options on financial futures contracts or write put options (except covered put options) or call options (except covered call options) on portfolio securities unless it receives written confirmation from S&P that engaging in such transactions will not impair the ratings then assigned to the shares of AMPS by S&P, except that the Fund may purchase or sell financial futures contracts based on the Bond Buyer Municipal Bond Index (the Municipal Index) or Treasury Bonds and write, purchase or sell put and call options on such contracts (collectively, S&P Hedging Transactions), subject to the following limitations:

- (i) the Fund will not engage in any S&P Hedging Transaction based on the Municipal Index (other than transactions that terminate a financial futures contract or option held by the Fund by the Fund's taking an opposite position thereto (Closing Transactions)), that would cause the Fund at the time of such transaction to own or have sold the least of (A) more than 1,000 outstanding financial futures contracts based on the Municipal Index, (B) outstanding financial futures contracts based on the Municipal Index exceeding in number 25% of the quotient of the fair market value of the Fund's total assets divided by

\$1,000 or (C) outstanding financial futures contracts based on the Municipal Index exceeding in number 10% of the average number of daily traded financial futures contracts based on the Municipal Index in the 30 days preceding the time of effecting such transaction as reported by *The Wall Street Journal*;

(ii) the Fund will not engage in any S&P Hedging Transaction based on Treasury Bonds (other than Closing Transactions) that would cause the Fund at the time of such transaction to own or have sold the lesser of (A) outstanding financial futures contracts based on Treasury Bonds exceeding in number 50% of the quotient of the fair market value of the Fund's total assets divided by \$100,000 (\$200,000 in the case of the two-year United States Treasury Note) or (B) outstanding financial futures contracts based on Treasury Bonds exceeding in number 10% of the average number of daily traded financial futures contracts based on Treasury Bonds in the 30 days preceding the time of effecting such transaction as reported by *The Wall Street Journal*;

(iii) the Fund will engage in Closing Transactions to close out any outstanding financial futures contract that the Fund owns or has sold or any outstanding option thereon owned by the Fund in the event (A) the Fund does not have S&P Eligible Assets with an aggregate Discounted Value equal to or greater than the AMPS Basic Maintenance Amount on two consecutive Valuation Dates and (B) the Fund is required to pay Variation Margin on the second such Valuation Date;

(iv) the Fund will engage in a Closing Transaction to close out any outstanding financial futures contract or option thereon in the month prior to the delivery month under the terms of such financial futures contract or option thereon unless the Fund holds the securities deliverable under such terms; and

(v) when the Fund writes a financial futures contract or an option thereon, it will either maintain an amount of cash, cash equivalents or liquid assets in a segregated account with the Fund's custodian, so that the amount so segregated plus the amount of Initial Margin and Variation Margin held in the account of or on behalf of the Fund's broker with respect to such financial futures contract or option equals the fair market value of the financial futures contract or option, or, in the event the Fund writes a financial futures contract or option thereon that requires delivery of an underlying security, it shall hold such underlying security in its portfolio.

For purposes of determining whether the Fund has S&P Eligible Assets with a Discounted Value that equals or exceeds the AMPS Basic Maintenance Amount, the Discounted Value of cash or securities held for the payment of Initial Margin or Variation Margin shall be zero and the aggregate Discounted Value of S&P Eligible Assets shall be reduced by an amount equal to (i) 30% of the aggregate settlement value, as marked to market, of any outstanding financial futures contracts based on the Municipal Index that are owned by the Fund plus (ii) 25% of the aggregate settlement value, as marked to market, of any outstanding financial futures contracts based on Treasury Bonds which contracts are owned by the Fund.

Moody's Aaa Rating Guidelines

The Discounted Value of the Fund's Moody's Eligible Assets is calculated on each Valuation Date. See Description of AMPS Asset Maintenance AMPS Basic Maintenance Amount. Moody's Eligible Assets include cash, Receivables for Municipal Bonds Sold (as defined below), Rule 2a-7 Money Market Funds and Municipal Bonds eligible for consideration under Moody's guidelines. For purposes of calculating the Discounted Value of the Fund's portfolio under current Moody's guidelines, the fair market value of Municipal Bonds eligible for consideration under such guidelines must be discounted by the applicable Moody's Discount Factor set forth in the table below. The Discounted Value of a Municipal Bond eligible for consideration under Moody's guidelines is the lower of par and the quotient of the fair market value thereof divided by the Moody's Discount Factor. The Moody's Discount Factor used to discount a particular Municipal Bond will be determined by reference to the rating by Moody's, S&P or Fitch on such Municipal Bond, in accordance with the tables set forth below:

Moody's Rating Category (1)

Aaa	Aa	A	Baa	Other (2)
151%	159%	160%	173%	225%

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Ratings assigned by S&P or Fitch are generally accepted by Moody's at face value. However, adjustments to face value may be made to particular categories of credits for which the S&P and/or Fitch rating does not seem to approximate a Moody's rating equivalent. Split rated securities assigned by S&P and Fitch will be accepted at the lower of the two ratings.

15

- (2) Municipal Bonds rated Ba1 to B3 by Moody's or, if not rated by Moody's, rated BB+ to B- by S&P or Fitch. In addition, Municipal Bonds not explicitly rated by Moody's, S&P or Fitch, but rated at least the equivalent of B3 internally by the Investment Adviser, provided that Moody's reviews and achieves sufficient comfort with the Investment Adviser's internal credit rating processes, will be included under "Other" in the table. Unless conclusions regarding liquidity risk as well as estimates of both the probability and severity of default for the Fund's assets can be derived from other sources as well as combined with a number of sources as presented by the Fund to Moody's, unrated Municipal Bonds which are rated at least the equivalent of B3 by the Investment Adviser internally are limited to 10% of Moody's Eligible Assets.

Moody's Rating Category

MIG-1, VMIG-1, P-1 (1)	MIG-1, VMIG-1, P-1 (2)
100%	136%
(1) Moody's rated Municipal Bonds that have a maturity less than or equal to 49 days and Municipal Bonds not rated by Moody's but rated the equivalent to MIG-1, VMIG-1, or P-1 by S&P or Fitch that have a maturity less than or equal to 49 days.	
(2) Moody's rated Municipal Bonds that have a maturity greater than 49 days and Municipal Bonds not rated by Moody's but rated the equivalent to MIG-1, VMIG-1, or P-1 by S&P or Fitch that have a maturity greater than 49 days.	

Notwithstanding the foregoing, no Moody's Discount Factor will be applied to cash or to Receivables for Municipal Bonds Sold that are due within five Business Days of such Valuation Date. The Moody's Discount Factor for Receivables for Municipal Bonds Sold that are due within six and 30 Business Days of such Valuation Date will be the Moody's Discount Factor applicable to the Municipal Bonds sold. Receivables for Municipal Bonds Sold, for purposes of calculating Moody's Eligible Assets as of any Valuation Date, means the book value of receivables for Municipal Bonds sold as of or prior to such Valuation Date if such receivables are due within 30 Business Days of such Valuation Date.

The Moody's Discount Factor for Inverse Floaters shall be the product of (x) the percentage determined by reference to the rating on the security underlying such Inverse Floaters multiplied by (y) 1.25.

The Moody's Discount Factor for Rule 2a-7 Money Market Funds shall be 110%.

The Moody's guidelines impose certain requirements as to minimum issue size, issuer diversification and geographical concentration, as well as other requirements for purposes of determining whether Municipal Bonds constitute Moody's Eligible Assets, as set forth in the table on the following page:

Rating	Minimum Issue Size (\$ Millions)	Maximum Underlying Obligor (%) (1)	Maximum State Allowed (%) (1) (3)
Aaa	*	100	100
Aa	10	20	60
A	10	10	40
Baa	10	6	20
Ba	10	4	12
B	10	3	12
Other (2)	10	2	12

* Not applicable.

- (1) The referenced percentages represent maximum cumulative totals for the related rating category and each lower rating category.
- (2) Municipal Bonds not rated by Moody's, S&P or Fitch, but rated at least the equivalent of B3 internally by the Investment Adviser.
- (3) Territorial bonds (other than those issued by Puerto Rico and counted collectively) are each limited to 10% of Moody's Eligible Assets. For diversification purposes, Puerto Rico will be treated as a state.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

For purposes of the maximum underlying obligor requirement described above, any Municipal Bond backed by the guaranty, letter of credit or insurance issued by a third party will be deemed to be issued by such third party if the issuance of such third party credit is the sole determinant of the rating on such Bond.

Current Moody's guidelines also require that Municipal Bonds constituting Moody's Eligible Assets pay interest in cash, are publicly rated B3 or higher by Moody's or, if not rated by Moody's, but rated by S&P or Fitch, are publicly rated at least B- by S&P or Fitch, or if not explicitly rated by Moody's, S&P or Fitch, be rated at least the equivalent of B3 internally by the Investment Adviser, provided that Moody's reviews and achieves

16

sufficient comfort with the Investment Adviser's internal credit rating processes, not have suspended ratings by Moody's, if an Inverse Floater, be explicitly rated by Moody's, and be part of an issue of Municipal Bonds of at least \$10,000,000 (except for issues rated Aaa by Moody's, as provided in the chart above).

When the Fund sells a Municipal Bond and agrees to repurchase it at a future date, the Discounted Value of such Municipal Bond will constitute a Moody's Eligible Asset and the amount the Fund is required to pay upon repurchase of such Bond will count as a liability for purposes of calculating the AMPS Basic Maintenance Amount. For so long as the AMPS are rated by Moody's, the Fund will not enter into any such reverse repurchase agreements unless it has received written confirmation from Moody's that such transactions would not impair the rating then assigned the AMPS by Moody's. When the Fund purchases a Municipal Bond and agrees to sell it at a future date to another party, cash receivable by the Fund thereby will constitute a Moody's Eligible Asset if the long-term debt of such other party is rated at least A2 by Moody's and such agreement has a term of 30 days or less; otherwise the Discounted Value of such Bond will constitute a Moody's Eligible Asset.

High Yield Municipal Bonds may comprise no more than 20% of Moody's Eligible Assets. Unless conclusions regarding liquidity risk as well as estimates of both the probability and severity of default for the Fund's assets can be derived from other sources as well as combined with a number of sources as presented by the Fund to Moody's, unrated High Yield Municipal Bonds which are rated at least the equivalent of B3 by the Investment Adviser internally are limited to 10% of Moody's Eligible Assets.

Inverse Floaters, including primary market and secondary market residual interest bonds, may constitute no more than 10% of Moody's Eligible Assets.

Notwithstanding the foregoing, an asset will not be considered a Moody's Eligible Asset if it is (i) held in a margin account, (ii) subject to any material lien, mortgage, pledge, security interest or security agreement of any kind, (iii) held for the purchase of a security pursuant to a Forward Commitment or (iv) irrevocably deposited by the Fund for the payment of dividends or redemption.

For so long as shares of AMPS are rated by Moody's, in managing the Fund's portfolio, the Investment Adviser will not alter the composition of the Fund's portfolio if, in the reasonable belief of the Investment Adviser, the effect of any such alteration would be to cause the Fund to have Moody's Eligible Assets with an aggregate Discounted Value, as of the immediately preceding Valuation Date, less than the AMPS Basic Maintenance Amount as of such Valuation Date; provided, however, that in the event that, as of the immediately preceding Valuation Date, the aggregate Discounted Value of Moody's Eligible Assets exceeded the AMPS Basic Maintenance Amount by 5% or less, the Investment Adviser will not alter the composition of the Fund's portfolio in a manner reasonably expected to reduce the aggregate Discounted Value of Moody's Eligible Assets unless the Fund shall have confirmed that, after giving effect to such alteration, the aggregate Discounted Value of Moody's Eligible Assets would exceed the AMPS Basic Maintenance Amount.

For so long as any shares of AMPS are rated by Moody's, the Fund will not engage in Bond Market Association Municipal Swap Index swap transactions (BMA swap transactions), buy or sell financial futures contracts, write, purchase or sell call options on financial futures contracts or purchase put options on financial futures contracts or write call options (except covered call options) on portfolio securities unless it receives written confirmation from Moody's that engaging in such transactions would not impair the ratings then assigned to the shares of AMPS by Moody's, except that the Fund may engage in BMA swap transactions, purchase or sell exchange-traded financial futures contracts based on any index approved by Moody's or Treasury Bonds, and purchase, write or sell exchange-traded put options on such financial futures contracts, and purchase, write or sell exchange-traded call options on such financial futures contracts (collectively, Moody's Hedging Transactions), subject to the following limitations:

(i) the Fund will not engage in any Moody's Hedging Transaction based on the Municipal Index (other than Closing Transactions) that would cause the Fund at the time of such transaction to own or have sold (A) outstanding financial futures contracts based on the Municipal Index exceeding in number 10% of the average number of daily traded financial futures contracts based on the Municipal

Index in the 30 days preceding the time of effecting such transaction as reported by The Wall Street Journal or (B) outstanding financial futures contracts based on the Municipal Index having a fair market value exceeding 50% of the fair market value of all Municipal Bonds constituting Moody's Eligible Assets owned by the Fund (other than Moody's Eligible Assets already subject to a Moody's Hedging Transaction);

17

(ii) the Fund will not engage in any Moody's Hedging Transaction based on Treasury Bonds (other than Closing Transactions) that would cause the Fund at the time of such transaction to own or have sold (A) outstanding financial futures contracts based on Treasury Bonds having an aggregate fair market value exceeding 40% of the aggregate fair market value of Moody's Eligible Assets owned by the Fund and rated Aa by Moody's (or, if not rated by Moody's but rated by S&P, rated AAA by S&P) or (B) outstanding financial futures contracts based on Treasury Bonds having an aggregate fair market value exceeding 80% of the aggregate fair market value of all Municipal Bonds constituting Moody's Eligible Assets owned by the Fund (other than Moody's Eligible Assets already subject to a Moody's Hedging Transaction) and rated Baa or A by Moody's (or, if not rated by Moody's but rated by S&P, rated A or AA by S&P) (for purposes of the foregoing clauses (i) and (ii), the Fund shall be deemed to own the number of financial futures contracts that underlie any outstanding options written by the Fund);

(iii) the Fund will engage in Closing Transactions to close out any outstanding financial futures contract based on the Municipal Index if the amount of open interest in the Municipal Index as reported by The Wall Street Journal is less than 5,000;

(iv) the Fund will engage in a Closing Transaction to close out any outstanding financial futures contract by no later than the fifth Business Day of the month in which such contract expires and will engage in a Closing Transaction to close out any outstanding option on a financial futures contract by no later than the first Business Day of the month in which such option expires;

(v) the Fund will engage in Moody's Hedging Transactions only with respect to financial futures contracts or options thereon having the next settlement date or the settlement date immediately thereafter;

(vi) the Fund (A) will not engage in options and futures transactions for leveraging or speculative purposes, except that the Fund may engage in an option or futures transaction so long as the combination of the Fund's non-derivative positions, together with the relevant option or futures transaction, produces a synthetic investment position, or the same economic result, that could be achieved by an investment, consistent with the Fund's investment objective and policies, in a security that is not an option or futures transaction, subject to the Investment Adviser periodically demonstrating to Moody's that said economic results are achieved, and (B) will not write any call options or sell any financial futures contracts for the purpose of hedging the anticipated purchase of an asset prior to completion of such purchase;

(vii) the Fund will not enter into an option or futures transaction unless, after giving effect thereto, the Fund would continue to have Moody's Eligible Assets with an aggregate Discounted Value equal to or greater than the AMPS Basic Maintenance Amount; and

(viii) the Fund will not engage in BMA swap transactions with respect to more than 20% of the Fund's net assets; provided that the Fund's use of futures will proportionately decrease as the Fund's use of BMA swap transactions increases, and vice-versa.

For purposes of determining whether the Fund has Moody's Eligible Assets with an aggregate Discounted Value that equals or exceeds the AMPS Basic Maintenance Amount, the Discounted Value of Moody's Eligible Assets that the Fund is obligated to deliver or receive pursuant to an outstanding futures contract or option shall be as follows: (i) assets subject to call options written by the Fund that are either exchange-traded and readily reversible or that expire within 49 days after the date as of which such valuation is made shall be valued at the lesser of (A) Discounted Value and (B) the exercise price of the call option written by the Fund; (ii) assets subject to call options written by the Fund not meeting the requirements of clause (i) of this sentence shall have no value; (iii) assets subject to put options written by the Fund shall be valued at the lesser of (A) the exercise price and (B) the Discounted Value of the subject security; (iv) futures contracts shall be valued at the lesser of (A) settlement price and (B) the Discounted Value of the subject security, provided that, if a contract matures within 49 days after the date as of which such valuation is made, where the Fund is the seller the contract may be valued at the settlement price and where the Fund is the buyer the contract may be valued at the Discounted Value of the subject securities; and (v) where delivery may be made to the Fund with any security of a class of securities, the Fund shall assume that it will take delivery of the security with the lowest Discounted Value.

For purposes of determining whether the Fund has Moody's Eligible Assets with an aggregate Discounted Value that equals or exceeds the AMPS Basic Maintenance Amount, the following amounts shall be subtracted from the aggregate Discounted Value of the Moody's Eligible Assets held by the Fund: (i) 10% of the exercise price

of a written call option; (ii) the exercise price of any written put option; (iii) where the Fund is the seller under a financial futures contract, 10% of the settlement price of the financial futures contract; (iv) where the Fund is the purchaser under a financial futures contract, the settlement price of assets purchased under such financial futures contract; (v) the settlement price of the underlying financial futures contract if the Fund writes put options on a financial futures contract; and (vi) 105% of the fair market value of the underlying financial futures contracts if the Fund writes call options on a financial futures contract and does not own the underlying contract.

For so long as any shares of AMPS are rated by Moody's, the Fund will not enter into any contract to purchase securities for a fixed price at a future date beyond customary settlement time (other than such contracts that constitute Moody's Hedging Transactions), except that the Fund may enter into such contracts to purchase newly-issued securities on the date such securities are issued (Forward Commitments), subject to the following limitations:

(i) the Fund will maintain in a segregated account with its custodian cash, cash equivalents or short-term, fixed-income securities rated P-1, MIG-1 or VMIG-1 by Moody's and maturing prior to the date of the Forward Commitment with a fair market value that equals or exceeds the amount of the Fund's obligations under any Forward Commitments to which it is from time to time a party or long-term, fixed income securities with a Discounted Value that equals or exceeds the amount of the Fund's obligations under any Forward Commitment to which it is from time to time a party, and

(ii) the Fund will not enter into a Forward Commitment unless, after giving effect thereto, the Fund would continue to have Moody's Eligible Assets with an aggregate Discounted Value equal to or greater than the AMPS Basic Maintenance Amount.

For purposes of determining whether the Fund has Moody's Eligible Assets with an aggregate Discounted Value that equals or exceeds the AMPS Basic Maintenance Amount, the Discounted Value of all Forward Commitments to which the Fund is a party and of all securities deliverable to the Fund pursuant to such Forward Commitments shall be zero.

For so long as shares of AMPS are rated by S&P or Moody's, the Fund, unless it has received written confirmation from S&P and/or Moody's, as the case may be, that such action would not impair the ratings then assigned to the AMPS by S&P and/or Moody's, as the case may be, will not (i) borrow money except for the purpose of clearing transactions in portfolio securities (which borrowings under any circumstances shall be limited to the lesser of \$10 million and an amount equal to 5% of the fair market value of the Fund's assets at the time of such borrowings and which borrowings shall be repaid within 60 days and not be extended or renewed and shall not cause the aggregate Discounted Value of Moody's Eligible Assets and S&P Eligible Assets to be less than the AMPS Basic Maintenance Amount), (ii) engage in short sales of securities, (iii) lend any securities, (iv) issue any class or series of stock ranking prior to or on a parity with the AMPS with respect to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up of the Fund, (v) reissue any AMPS previously purchased or redeemed by the Fund, (vi) merge or consolidate into or with any other corporation or entity, (vii) change the Fund's pricing service or (viii) engage in reverse repurchase agreements.

For as long as the AMPS are rated by S&P, the Fund will not, unless it has received written confirmation from S&P that such action would not impair the rating then assigned to the shares of AMPS by S&P, engage in interest rate swaps, caps and floors, except that the Fund may, without obtaining the written consent described above, engage in swaps, caps and floors if: (i) the counterparty to the swap transaction has a short-term rating of A-1 or, if the counterparty does not have a short-term rating, the counterparty's senior unsecured long-term debt rating is A- or higher, (ii) the original aggregate notional amount of the interest rate swap transaction or transactions is not to be greater than the liquidation preference of the AMPS, (iii) the interest rate swap transaction will be marked-to-market weekly by the swap counterparty, (iv) if the Fund fails to maintain an aggregate discounted value at least equal to the AMPS Basic Maintenance Amount on two consecutive Valuation Dates then the agreement shall terminate immediately, (v) for the purpose of calculating the Discounted Value of S&P Eligible Assets, 90% of any positive mark-to-market valuation of the Fund's rights will be S&P Eligible Assets, 100% of any negative mark-to-market valuation of the Fund's rights will be included in the calculation of the AMPS Basic Maintenance Amount, and (vi) the Fund must maintain liquid assets with a value at least equal to the net amount of the excess, if any, of the Fund's obligations over its entitlement with respect to each swap. For caps/floors, the Fund must maintain liquid assets with a value at least equal to the Fund's obligations with respect to such caps or floors.

DIRECTORS AND OFFICERS

The Directors of the Fund consist of eight individuals, seven of whom are not interested persons of the Fund as defined in the 1940 Act (the non-interested Directors or independent Directors). The Directors are responsible for the overall supervision of the operations of the Fund and perform the various duties imposed on the directors of investment companies by the 1940 Act.

Each non-interested Director is a member of the Fund's Audit Committee (the Audit Committee). The principal responsibilities of the Audit Committee are the appointment, compensation, retention and oversight of the Fund's independent registered public accounting firm, including the resolution of disagreements regarding financial reporting between Fund management and such independent registered public accounting firm. The Audit Committee's responsibilities include, without limitation, to (i) review with the independent registered public accounting firm the arrangements for and scope of annual and special audits and any other services provided by the independent registered public accounting firm to the Fund; (ii) review with the independent registered public accounting firm any audit problems or difficulties encountered during or relating to the conduct of the audit; (iii) ensure that the independent registered public accounting firm submits on a periodic basis a formal written statement with respect to their independence, discuss with the independent registered public accounting firm any relationships or services that may impact the objectivity and independence of the Fund's independent registered public accounting firm; and (iv) consider information and comments of the independent registered public accounting firm with respect to the Fund's accounting and financial reporting policies, procedures and internal control over financial reporting and Fund management's responses thereto. The Board of Directors of the Fund has adopted a written charter for the Audit Committee. The Audit Committee has retained independent legal counsel to assist it in connection with these duties. The Audit Committee met four times during the Fund's fiscal year ended October 31, 2004.

Ms. Ramo and Messrs. London and Salomon are the members of the Fund's Nominating Committee (the Nominating Committee). The principal responsibilities of the Nominating Committee are to identify individuals qualified to serve as non-interested Directors of the Fund and to recommend its nominees for consideration by the full Board. While the Nominating Committee is solely responsible for the selection and nomination of the Fund's non-interested Directors, the Nominating Committee may consider nominations for the office of the Director made by Fund stockholders in such manner as it deems appropriate. Fund stockholders who wish to recommend a nominee should send nominations to the Secretary of the Fund that include biographical information and set forth the qualifications of the proposed nominee. The Nominating Committee did not meet during the Fund's fiscal year ended October 31, 2004.

** Mr. Froot was not a Director of the Fund at December 31, 2004.

As of the date of this statement of additional information none of the Directors and officers of the Fund owned any outstanding shares of common stock or Other AMPS of the Fund. As of the date of this statement of additional information, none of the non-interested Directors of the Fund or their immediate family members owned beneficially or of record any securities in ML & Co.

Compensation of Directors

Pursuant to its investment advisory agreement with the Fund (the Investment Advisory Agreement), the Investment Adviser pays all compensation of officers and employees of the Fund as well as the fees of all Directors of the Fund who are affiliated persons of ML & Co. or its subsidiaries as well as such Directors' actual out-of-pocket expenses relating to attendance at meetings.

The Fund pays fees to each non-interested Director for service to the Fund. Each non-interested Director receives an aggregate annual retainer of \$125,000 for his or her services to MLIM/FAM-advised funds, including the Fund. The portion of the annual retainer allocated to each MLIM/FAM-advised fund is determined quarterly based on the relative net assets of each fund. In addition, each non-interested Director receives a fee per in-person Board meeting attended and per in-person Audit Committee meeting attended. The annual per meeting fees paid to each non-interested Director aggregate \$100,000 for all MLIM/FAM-advised funds for which that Director serves and are allocated equally among those funds. Each Co-Chair of the Audit Committee receives an additional annual retainer in the amount of \$50,000, which is paid quarterly and allocated to each MLIM/FAM-advised fund for which such Co-Chair provides services based on the relative net assets of each such fund.

INVESTMENT ADVISORY AND MANAGEMENT ARRANGEMENTS

The Investment Adviser, which is owned and controlled by ML & Co., a financial services holding company and the parent of Merrill Lynch, provides the Fund with investment advisory and administrative services. The Investment Adviser acts as the investment adviser to more than 50 registered investment companies and offers investment advisory services to individuals and institutional accounts. As of June 30, 2005, the Investment Adviser and its affiliates, including MLIM, had a total of approximately \$474 billion in investment company and other portfolio assets under management, including approximately \$221 billion in fixed income assets. This amount includes assets managed by certain affiliates of the Investment Adviser. The Investment Adviser is a limited partnership, the partners of which are ML & Co. and Princeton Services. The principal business address of the Investment Adviser is 800 Scudders Mill Road, Plainsboro, New Jersey 08536.

The Investment Advisory Agreement provides that, subject to the oversight of the Fund's Board of Directors, the Investment Adviser is responsible for the actual management of the Fund's portfolio. The responsibility for making decisions to buy, sell or hold a particular security rests with the Investment Adviser, subject to oversight by the Board of Directors.

The portfolio manager primarily responsible for the Fund's day-to-day management is Michael A. Kalinoski. Mr. Kalinoski has been a portfolio manager and Vice President of MLIM since 1999 and has 12 years of experience investing in Municipal Bonds, including six years as a portfolio manager on behalf of registered investment companies. He has been the portfolio manager of the Fund since 2000. The Fund's portfolio manager will consider analyses from various sources, make the necessary investment decisions, and place orders for transactions accordingly.

For its services, the Fund pays the Investment Adviser a monthly fee at the annual rate of 0.50% of the Fund's average weekly net assets (average weekly net assets means the average weekly value of the total assets of the Fund, including the amount obtained from leverage and any proceeds from the issuance of preferred stock, minus the sum of (i) accrued liabilities of the Fund, (ii) any accrued and unpaid interest on outstanding borrowings and (iii) accumulated dividends on shares of preferred stock). For purposes of this calculation, average weekly net assets is determined at the end of each month on the basis of the average net assets of the Fund for each week during the month. The assets for each weekly period are determined by averaging the net assets at the last business day of a week with the net assets at the last business day of the prior week. It is understood that the liquidation preference of any outstanding preferred stock (other than accumulated dividends) is not considered a liability in determining the Fund's average weekly net assets.

For the six months ended April 30, 2005 and the fiscal years ended October 31, 2004, 2003, and 2002, the fees paid by the Fund to the Investment Adviser pursuant to the Investment Advisory Agreement were \$1,135,612, \$2,249,920, \$2,265,983 and \$2,202,564, respectively.

For the six months ended April 30, 2005 and the fiscal years ended October 31, 2004, 2003 and 2002, the Investment Adviser reimbursed the Fund \$1,491, \$12,710, \$9,311 and \$3,111, respectively.

The Investment Advisory Agreement obligates the Investment Adviser to provide investment advisory services and to pay all compensation of and furnish office space for officers and employees of the Fund connected with investment and economic research, trading and investment management of the Fund, as well as the compensation of all Directors of the Fund who are affiliated persons of the Investment Adviser or any of its affiliates. The Fund pays all other expenses incurred in the operation of the Fund, including, among other things, expenses for legal and auditing services, taxes, costs of preparing, printing and mailing proxies, listing fees, stock certificates and stockholder reports, charges of the custodian and the transfer agent, dividend disbursing agent and registrar, Commission fees, fees and expenses of non-interested Directors, accounting and pricing costs, insurance, interest, brokerage costs, litigation and other extraordinary or non-recurring expenses, mailing and other expenses properly payable by the Fund. Certain accounting services are provided to the Fund by State Street Bank and Trust Company (State Street) pursuant to an agreement between State Street and the Fund. The Fund will pay the costs of these services. In addition, the Fund will reimburse the Investment Adviser for certain additional accounting services.

The table below shows the amounts paid by the Fund to State Street and to the Investment Adviser for accounting services for the periods indicated:

Period:	Paid by the Fund to State Street	Paid by the Fund to the Investment Adviser
Six months ended April 30, 2005	\$ 73,851	\$ 4,794
Fiscal year ended October 31, 2004	\$142,467	\$ 8,773
Fiscal year ended October 31, 2003	\$141,916	\$ 9,804
Fiscal year ended October 31, 2002	\$139,688	\$18,351

Unless earlier terminated as described below, the Investment Advisory Agreement will remain in effect from year to year if approved annually (a) by the Board of Directors of the Fund or by a majority of the outstanding shares of the Fund and (b) by a majority of the Directors who are not parties to such contract or interested persons (as defined in the 1940 Act) of any such party. Such contract is not assignable and may be terminated without penalty on 60 days written notice at the option of either party thereto or by the vote of the stockholders of the Fund. The Board of Directors most recently approved the Investment Advisory Agreement at its meeting on August 10, 2005.

Activities of and Composition of the Board of Directors

All but one member of the Board of Directors is an independent Director whose only affiliation with the Investment Adviser or other Merrill Lynch affiliates is as a Director of the Fund and certain other funds advised by the Investment Adviser or its affiliates. The Co-Chairmen of the Board are also independent Directors. New Director nominees are chosen as nominees by a Nominating Committee of independent Directors. All independent Directors are also members of the Board's Audit Committee and the independent Directors meet in executive session at each in-person Board meeting. The Board and the Audit Committee meet in person for at least two days each quarter and conduct other in-person and telephone meetings throughout the year, some of which are formal Board meetings, and some of which are informational meetings. The independent counsel to the independent Directors attend all in-person Board and Audit Committee meetings and other meetings at the independent Directors' request.

Investment Advisory Agreement Matters Considered by the Board

Every year, the Board considers approval of the Fund's Investment Advisory Agreement and throughout each year reviews and evaluates the performance and services provided by the Investment Adviser. The Board assesses the nature, scope and quality of the services provided to the Fund by the personnel of the Investment Adviser and its affiliates, including administrative services, shareholder services, oversight of fund accounting, marketing services and assistance in meeting legal and regulatory requirements. The Board also receives and assesses information regarding the services provided to the Fund by certain unaffiliated service providers.

At various times throughout the year, the Board also considers a range of information in connection with its oversight of the services provided by the Investment Adviser and its affiliates. Among the matters considered are: (a) fees (in addition to management fees) paid to the Investment Adviser and its affiliates by the Fund, including fees associated with the Fund's auction market preferred stock; (b) Fund operating expenses paid to third parties; (c) the resources devoted to and compliance reports relating to the Fund's investment objective, policies and restrictions, and its compliance with its Code of Ethics and the Investment Adviser's compliance policies and procedures; and (d) the nature, cost and character of non-investment management services provided by the Investment Adviser and its affiliates.

The Board believes that the Investment Adviser is one of the most experienced global asset management firms and considers the quality of overall services provided by the Investment Adviser to be of high quality. The Board also believes that the Investment Adviser is financially sound and well managed and notes that the Investment Adviser is affiliated with one of America's largest financial firms. The Board believes that for many of the Fund's shareholders, the investment decision involved the selection of the Investment Adviser as the investment adviser to the Fund. The Board works closely with the Investment Adviser in overseeing the Investment Adviser's efforts to achieve good performance. As part of this effort, the Board discusses portfolio manager effectiveness and, when performance is not satisfactory, discusses with the Investment Adviser taking steps such as changing investment personnel.

Annual Consideration of Approval by the Board of Directors

In the period prior to the Board meeting to consider renewal of the Investment Advisory Agreement, the Board requests and receives materials specifically relating to the Fund's Investment Advisory Agreement. These materials include (a) information compiled by Lipper Inc. (Lipper) on the fees and expenses and the investment performance of the Fund as compared to a comparable group of funds as classified by Lipper; (b) information comparing the Fund's market price with its net asset value per share; (c) a discussion by the Fund's portfolio management team of investment strategies used by the Fund during its most recent fiscal year; and (d) information on the profitability to the Investment Adviser and its affiliates of the Investment Advisory Agreement and other relationships with the Fund. The Board also considers other matters it deems important to the approval process such as services related to the valuation and pricing of Fund portfolio holdings and information relating to the status of the Fund's managed dividend program, the fund's portfolio turnover statistics, and direct and indirect benefits to the Investment Adviser and its affiliates from their relationship with the Fund.

Certain Specific Renewal Data

In connection with the most recent renewal of the Fund's Investment Advisory Agreement, the independent directors and Board's review included the following:

The Investment Adviser's Services and Fund Performance. The Board reviewed the nature, extent and quality of services provided by the Investment Adviser, including the investment advisory services and the resulting performance of the Fund. The Board focused primarily on the Investment Adviser's investment advisory services and the Fund's investment performance, having concluded that the other services provided to the Fund by the Investment Adviser were satisfactory. The Board compared Fund performance both including and excluding the effects of the Fund's fees and expenses to the performance of a comparable group of funds, and the performance of a relevant index or combination of indices. While the Board reviews performance data at least quarterly, consistent with the Investment Adviser's investment goals, the Board attaches more importance to performance over relatively long periods of time, typically three to five years. The Board noted that the Fund's performance after fees and expenses ranked in the first quintile for the one year, three year and five year periods ended May 31, 2005. The Board concluded that the Fund's performance, considered in the context of the other services provided by the Investment Adviser, supported the continuation of the Investment Advisory Agreement.

The Investment Adviser's Personnel and Investment Process. The Board reviews at least annually the Fund's investment objectives and strategies. The Board discusses with senior management of the Investment Adviser responsible for investment operations and the senior management of the Investment Adviser's municipal investing group the strategies being used to achieve the stated objectives. Among other things, the Board considers the size, background and experience of the Investment Adviser's investment staff, its use of technology, and the Investment Adviser's approach to training and retaining portfolio managers and other research, advisory and management

personnel. The Board also reviews the Investment Adviser's compensation policies and practices with respect to the Fund's portfolio manager. The Board noted that the Investment Adviser has over twenty-five years experience investing in the types of investments used by Fund and that Mr. Kalinoski, the Fund's portfolio manager, has over ten years' experience investing in tax exempt fixed income securities. The Board noted that the Investment Adviser and the portfolio manager have a high level of expertise in managing the types of investments used by the Fund and concluded that the Fund benefits, and should continue to benefit, from that expertise; moreover the Investment Adviser and its investment staff

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

have extensive experience in analyzing and managing the types of investments used by the Fund. The Board concluded that the Fund benefits from that expertise.

Management Fees and Other Expenses. The Board reviews the Fund's contractual management fee rate and actual management fee rate (including applicable fee waivers) as a percentage of total assets at common asset levels – the actual rate includes advisory and administrative service fees and the effects of any fee waivers – compared to the other funds in its Lipper category. The Board considers information regarding waivers provided by such other funds. It also compares the Fund's total expenses to those of other, comparable funds. The Board did not consider the services provided to and the fees charged by the Investment Adviser to other types of clients with similar investment mandates because the Investment Adviser advised the Board that it had no comparable investment mandates from its institutional clients. The Board noted that the Fund's contractual and actual management fee rates, as well as the Fund's total expenses, were lower than the median fees and expenses charged by its peer group. The Board has concluded that the Fund's management fee and fee rate and overall expense ratio are reasonable compared to those of other, comparable funds.

Profitability. The Board considers the cost of the services provided to the Fund by the Investment Adviser, and the Investment Adviser's and its affiliates' profits relating to the management of the Fund and the MLIM/FAM-advised funds. As part of its analysis, the Board reviewed the Investment Adviser's methodology in allocating its costs to the management of the Fund and concluded that there was a reasonable basis for the allocation. The Board believes the Investment Adviser's profits are reasonable in relation to the scope and quality of services provided.

Economies of Scale. The Board considered whether there have been economies of scale in respect of the management of MLIM/FAM-advised funds, whether the MLIM/FAM-advised funds (including the Fund) have appropriately benefited from any economies of scale, and whether there is potential for realization of any further economies of scale. The Board considered economies of scale to the extent applicable to the Fund's closed end structure and determined that no changes were currently necessary.

Conclusion

After the independent Directors deliberated in executive session, the entire Board, including all of the independent Directors, approved the renewal of the existing Investment Advisory Agreement, concluding that the advisory fee rate was reasonable in relation to the services provided and that a contract renewal was in the best interests of the shareholders.

Portfolio Manager Compensation

Portfolio Manager Compensation

The Portfolio Manager Compensation Program of MLIM and its affiliates, including the Investment Adviser, is critical to MLIM's ability to attract and retain the most talented asset management professionals. This program ensures that compensation is aligned with maximizing investment returns and it provides a competitive pay opportunity for competitive performance.

Compensation Program

The elements of total compensation for MLIM and its affiliates portfolio managers are fixed base salary, annual performance-based cash and stock compensation (cash and stock bonus) and other benefits. MLIM has balanced these components of pay to provide portfolio managers with a powerful incentive to achieve consistently superior investment performance. By design, portfolio manager compensation levels fluctuate both up and down with the relative investment performance of the portfolios that they manage.

Base Salary

Under the MLIM approach, like that of many asset management firms, base salaries represent a relatively small portion of a portfolio manager's total compensation. This approach serves to enhance the motivational value of the performance-based (and therefore variable) compensation elements of the compensation program.

Performance-Based Compensation

MLIM believes that the best interests of investors are served by recruiting and retaining exceptional asset management talent and managing their compensation within a consistent and disciplined framework that emphasizes pay for performance in the context of an intensely competitive market for talent. To that end, MLIM and its affiliates portfolio manager incentive compensation is based on a formulaic compensation program. MLIM's formulaic portfolio manager compensation program includes: investment performance relative to a subset of general closed-end, leveraged, municipal debt funds over 1-, 3- and 5-year performance periods and a measure of operational efficiency. If a portfolio manager's tenure is less than 5 years, performance periods will reflect time in position. Portfolio managers are compensated based on products they manage. A discretionary element of portfolio manager compensation may include consideration of: financial results, expense control, profit margins, strategic planning and implementation, quality of client service, market share, corporate reputation, capital allocation, compliance and risk control, leadership, workforce diversity, supervision, technology and innovation. MLIM and its affiliates also consider the extent to which individuals exemplify and foster ML & Co.'s principles of client focus, respect for the individual, teamwork, responsible citizenship and integrity. All factors are considered collectively by MLIM management.

Cash Bonus

Performance-based compensation is distributed to portfolio managers in a combination of cash and stock. Typically, the cash bonus, when combined with base salary, represents more than 60% of total compensation for portfolio managers.

Stock Bonus

A portion of the dollar value of the total annual performance-based bonus is paid in restricted shares of ML & Co. stock. Paying a portion of annual bonuses in stock puts compensation earned by a portfolio manager for a given year at risk based on the company's ability to sustain and improve its performance over future periods. The ultimate value of stock bonuses is dependent on future ML & Co. stock price performance. As such, the stock bonus aligns each portfolio manager's financial interests with those of the ML & Co. shareholders and encourages a balance between short-term goals and long-term strategic objectives. Management strongly believes that

providing a significant portion of competitive performance-based compensation in stock is in the best interests of investors and shareholders. This approach ensures that portfolio managers participate as shareholders in both the downside risk and upside opportunity of the company's performance. Portfolio managers therefore have a direct incentive to protect ML & Co.'s reputation for integrity.

Other Compensation Programs

Portfolio managers who meet relative investment performance and financial management objectives during a performance year are eligible to participate in a deferred cash program. Awards under this program are in the form of deferred cash that may be benchmarked to a menu of MLIM mutual funds (including their own fund) during a five-year vesting period. The deferred cash program aligns the interests of participating portfolio managers with the investment results of MLIM products and promotes continuity of successful portfolio management teams.

Other Benefits

Portfolio managers are also eligible to participate in broad-based plans offered generally to employees of ML & Co. and its affiliates, including broad-based retirement, 401(k), health, and other employee benefit plans.

Potential Material Conflicts of Interest

Real, potential or apparent conflicts of interest may arise when a portfolio manager has day-to-day portfolio management responsibilities with respect to more than one fund or account, including the following:

Certain investments may be appropriate for the Fund and also for other clients advised by the Investment Adviser and its affiliates, including other client accounts managed by the Fund's portfolio management team. Investment decisions for the Fund and other clients are made with a view to achieving their respective investment objectives and after consideration of such factors as their current holdings, availability of cash for investment and the size of their investments generally. Frequently, a particular security may be bought or sold for only one client or in different amounts and at different times for more than one but less than all clients. Likewise, because clients of the Investment Adviser and its affiliates may have differing investment strategies, a particular security may be bought for one or more clients when one or more other clients are selling the security. The investment results for the Fund may differ from the results achieved by other clients of the Investment Adviser and its affiliates and results among clients may differ. In addition, purchases or sales of the same security may be made for two or more clients on the same day. In such event, such transactions will be allocated among the clients in a manner believed by the Investment Adviser and its affiliates to be equitable to each. The Investment Adviser will not determine allocations based on whether it receives a performance based fee from the client. In some cases, the allocation procedure could have an adverse effect on the price or amount of the securities purchased or sold by the Fund. Purchase and sale orders for the Fund may be combined with those of other clients of the Investment Adviser and its affiliates in the interest of achieving the most favorable net results to the Fund.

To the extent that the Fund's portfolio management team has responsibilities for managing accounts in addition to the Fund, a portfolio manager will need to divide his time and attention among relevant accounts.

In some cases, a real, potential or apparent conflict may also arise where (i) the Investment Adviser may have an incentive, such as a performance based fee, in managing one account and not with respect to other accounts it manages or (ii) where a member of the Fund's portfolio management team owns an interest in one fund or account he or she manages and not another.

Code of Ethics

The Fund's Board of Directors approved a Code of Ethics under Rule 17j-1 of the 1940 Act that covers the Fund and the Investment Adviser. The Code of Ethics establishes procedures for personal investing and restricts certain transactions. Employees subject to the Code of Ethics may invest in securities for their personal investment accounts, including securities that may be purchased or held by the Fund.

Proxy Voting Policies and Procedures

The Fund's Board of Directors has delegated to the Investment Adviser authority to vote all proxies relating to the Fund's portfolio securities. The Investment Adviser has adopted policies and procedures (Proxy Voting Procedures) with respect to the voting of proxies related to the portfolio securities held in the account of one or more of its clients, including the Fund. Pursuant to these Proxy Voting Procedures, the Investment Adviser's primary objective when voting proxies is to make proxy voting decisions solely in the best interests of the Fund and its stockholders, and to act in a manner that the Investment Adviser believes is most likely to enhance the economic value of the securities held by the Fund. The Proxy Voting Procedures are designed to ensure that the Investment Adviser considers the interests of its clients, including the Fund, and not the interests of the Investment Adviser, when voting proxies and that real (or perceived) material conflicts that may arise between

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

the Investment Adviser's interest and those of the Investment Adviser's clients are properly addressed and resolved.

In order to implement the Proxy Voting Procedures, the Investment Adviser has formed a Proxy Voting Committee (the Proxy Committee). The Proxy Committee is comprised of the Investment Adviser's Chief Investment Officer (the CIO), one or more other senior investment professionals appointed by the CIO, portfolio managers and investment analysts appointed by the CIO and any other personnel the CIO deems appropriate. The Proxy Committee will also include two non-voting representatives from the Investment Adviser's Legal department appointed by the Investment Adviser's General Counsel. The Proxy Committee's membership shall be limited to full-time employees of the Investment Adviser. No person with any investment banking, trading, retail brokerage or research responsibilities for the Investment Adviser's affiliates may serve as a member of the Proxy Committee or participate in its decision making (except to the extent such person is asked by the Proxy Committee to present information to the Proxy Committee, on the same basis as other interested knowledgeable parties not affiliated with the Investment Adviser might be asked to do so). The Proxy Committee determines how to vote the proxies of all clients, including the Fund, that have delegated proxy voting authority to the Investment Adviser and seeks to ensure that all votes are consistent with the best interests of those clients and are free from unwarranted and inappropriate influences. The Proxy Committee establishes general proxy voting policies for the Investment Adviser and is responsible for determining how those policies are applied to specific proxy votes, in light of each issuer's unique structure, management, strategic options and, in certain circumstances, probable economic and other anticipated consequences of alternate actions. In so doing, the Proxy Committee may determine to vote a particular proxy in a manner contrary to its generally stated policies. In addition, the Proxy Committee will be responsible for ensuring that all reporting and recordkeeping requirements related to proxy voting are fulfilled.

The Proxy Committee may determine that the subject matter of a recurring proxy issue is not suitable for general voting policies and requires a case-by-case determination. In such cases, the Proxy Committee may elect not to adopt a specific voting policy applicable to that issue. The Investment Adviser believes that certain proxy voting issues require investment analysis—such as approval of mergers and other significant corporate transactions—akin to investment decisions, and are, therefore, not suitable for general guidelines. The Proxy Committee may elect to adopt a common position for the Investment Adviser on certain proxy votes that are akin to investment decisions, or determine to permit the portfolio manager to make individual decisions on how best to maximize economic value for the Fund (similar to normal buy/sell investment decisions made by such portfolio managers). While it is expected that the Investment Adviser will generally seek to vote proxies over which the Investment Adviser exercises voting authority in a uniform manner for all the Investment Adviser's clients, the Proxy Committee, in conjunction with the Fund's portfolio manager, may determine that the Fund's specific circumstances require that its proxies be voted differently.

To assist the Investment Adviser in voting proxies, the Proxy Committee has retained Institutional Shareholder Services (ISS). ISS is an independent adviser that specializes in providing a variety of fiduciary-level proxy-related services to institutional investment managers, plan sponsors, custodians, consultants, and other institutional investors. The services provided to the Investment Adviser by ISS include in-depth research, voting recommendations (although the Investment Adviser is not obligated to follow such recommendations), vote execution, and recordkeeping. ISS will also assist the Fund in fulfilling its reporting and recordkeeping obligations under the 1940 Act.

The Investment Adviser's Proxy Voting Procedures also address special circumstances that can arise in connection with proxy voting. For instance, under the Proxy Voting Procedures, the Investment Adviser generally will not seek to vote proxies related to portfolio securities that are on loan, although it may do so under certain circumstances. In addition, the Investment Adviser will vote proxies related to securities of foreign issuers only on a best efforts basis and may elect not to vote at all in certain countries where the Proxy Committee determines that the costs associated with voting generally outweigh the benefits. The Proxy Committee may at any time override these general policies if it determines that such action is in the best interests of the Fund.

From time to time, the Investment Adviser may be required to vote proxies in respect of an issuer where an affiliate of the Investment Adviser (each, an Affiliate), or a money management or other client of the Investment Adviser, including investment companies for which the Investment Adviser provides investment advisory, administrative and/or other services (each, a Client) is involved. The Proxy Voting Procedures and the Investment Adviser's adherence to those procedures are designed to address such conflicts of interest. The Proxy Committee intends to strictly adhere to the Proxy Voting Procedures in all proxy matters, including matters involving Affiliates and Clients. If, however, an issue representing a non-routine matter that is material to an Affiliate or a widely known Client is involved such that the Proxy Committee does not reasonably believe it is able to follow its guidelines (or if the particular proxy matter is not addressed by the guidelines) and vote impartially, the Proxy Committee may, in its discretion for the purposes of ensuring that an independent determination is reached, retain an independent fiduciary to advise the Proxy Committee on how to vote or to cast votes on behalf of the Investment Adviser's clients.

In the event that the Proxy Committee determines not to retain an independent fiduciary, or it does not follow the advice of such an independent fiduciary, the Proxy Committee may pass the voting power to a subcommittee, appointed by the CIO (with advice from the

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Secretary of the Proxy Committee), consisting solely of Proxy Committee members selected by the CIO. The CIO shall appoint to the subcommittee, where appropriate, only persons whose job responsibilities do not include contact with the Client and whose job evaluations would not be affected by the Investment Adviser's relationship with the Client (or failure to retain such relationship). The subcommittee shall determine whether and how to vote all proxies on behalf of the Investment Adviser's clients or, if the proxy matter is, in their judgment, akin to an investment decision, to defer to the applicable portfolio managers, provided that, if the subcommittee determines to alter the Investment Adviser's normal voting guidelines or, on matters where the Investment Adviser's policy is case-by-case, does not follow the voting recommendation of any proxy voting service or other independent fiduciary that may be retained to provide research or advice to the Investment Adviser on that matter, no proxies relating to the Client may be voted unless the Secretary, or in the Secretary's absence, the Assistant Secretary of the Proxy Committee concurs that the subcommittee's determination is consistent with the Investment Adviser's fiduciary duties.

In addition to the general principles outlined above, the Investment Adviser has adopted voting guidelines with respect to certain recurring proxy issues that are not expected to involve unusual circumstances. These policies are guidelines only, and the Investment Adviser may elect to vote differently from the recommendation set forth in a voting guideline if the Proxy Committee determines that it is in the Fund's best interest to do so. In addition, the guidelines may be reviewed at any time upon the request of a Proxy Committee member and may be amended or deleted upon the vote of a majority of Proxy Committee members present at a Proxy Committee meeting at which there is a quorum.

The Investment Adviser has adopted specific voting guidelines with respect to the following proxy issues:

Proposals related to the composition of the board of directors of issuers other than investment companies. As a general matter, the Proxy Committee believes that a company's board of directors (rather than stockholders) is most likely to have access to important, nonpublic information regarding a company's business and prospects, and is therefore best-positioned to set corporate policy and oversee management. The Proxy Committee, therefore, believes that the foundation of good corporate governance is the election of qualified, independent corporate directors who are likely to diligently represent the interests of stockholders and oversee management of the corporation in a manner that will seek to maximize stockholder value over time. In individual cases, the Proxy Committee may look at a nominee's number of other directorships, history of representing stockholder interests as a director of other companies or other factors, to the extent the Proxy Committee deems relevant.

32

Proposals related to the selection of an issuer's independent auditors. As a general matter, the Proxy Committee believes that corporate auditors have a responsibility to represent the interests of stockholders and provide an independent view on the propriety of financial reporting decisions of corporate management. While the Proxy Committee will generally defer to a corporation's choice of auditor, in individual cases, the Proxy Committee may look at an auditor's history of representing stockholder interests as auditor of other companies, to the extent the Proxy Committee deems relevant.

Proposals related to management compensation and employee benefits. As a general matter, the Proxy Committee favors disclosure of an issuer's compensation and benefit policies and opposes excessive compensation, but believes that compensation matters are normally best determined by an issuer's board of directors, rather than stockholders. Proposals to micro-manage an issuer's compensation practices or to set arbitrary restrictions on compensation or benefits will, therefore, generally not be supported.

Proposals related to requests, principally from management, for approval of amendments that would alter an issuer's capital structure. As a general matter, the Proxy Committee will support requests that enhance the rights of common stockholders and oppose requests that appear to be unreasonably dilutive.

Proposals related to requests for approval of amendments to an issuer's charter or by-laws. As a general matter, the Proxy Committee opposes poison pill provisions.

Routine proposals related to requests regarding the formalities of corporate meetings.

Proposals related to proxy issues associated solely with holdings of investment company shares. As with other types of companies, the Proxy Committee believes that a fund's board of directors (rather than its stockholders) is best-positioned to set fund policy and oversee management. However, the Proxy Committee opposes granting boards of directors authority over certain matters, such as changes to a fund's investment objective, that the Investment Company Act envisions will be approved directly by stockholders.

Proposals related to limiting corporate conduct in some manner that relates to the stockholder's environmental or social concerns. The Proxy Committee generally believes that annual stockholder meetings are inappropriate forums for discussion of larger social issues, and opposes stockholder resolutions micro-managing corporate conduct or requesting release of information that would not help a stockholder evaluate an investment in the corporation as an economic matter. While the Proxy Committee is generally supportive of proposals to require corporate disclosure of matters that seem relevant and material to the economic interests of stockholders, the Proxy Committee is generally not supportive of proposals to require disclosure of corporate matters for other purposes.

Information about how the Fund voted proxies relating to securities held by the Fund's portfolio during the most recent 12 month period ended June 30 is available without charge (i) at www.mutualfunds.ml.com, and (ii) the Commission's website at www.sec.gov.

PORTFOLIO TRANSACTIONS

Subject to policies established by the Board of Directors, the Investment Adviser is primarily responsible for the execution of the Fund's portfolio transactions and the allocation of brokerage. The Fund has no obligation to deal with any dealer or group of dealers in the execution of transactions in portfolio securities of the Fund. Where possible, the Fund deals directly with the dealers who make a market in the securities involved except in those circumstances where better prices and execution are available elsewhere. It is the policy of the Fund to obtain the best results in conducting portfolio transactions for the Fund, taking into account such factors as price (including the applicable dealer spread or commission), the size, type and difficulty of the transaction involved, the firm's general execution and operations facilities and the firm's risk in positioning the securities involved. The cost of portfolio securities transactions of the Fund primarily consists of dealer or underwriter spreads and brokerage commissions. While reasonable competitive spreads or commissions are sought, the Fund will not necessarily be paying the lowest spread or commission available on any particular transaction.

33

Subject to obtaining the best net results, dealers who provide supplemental investment research (such as quantitative and modeling information assessments and statistical data and provide other similar services) to the Investment Adviser may receive orders for transactions by the Fund. Information so received will be in addition to and not in lieu of the services required to be performed by the Investment Adviser under the Investment Advisory Agreement and the expense of the Investment Adviser will not necessarily be reduced as a result of the receipt of such supplemental information. Supplemental investment research obtained from such dealers might be used by the Investment Adviser in servicing all of its accounts and such research might not be used by the Investment Adviser in connection with the Fund.

The Fund invests in securities traded in the over-the-counter markets, and the Fund intends to deal directly with dealers who make markets in the securities involved, except in those circumstances where better execution is available elsewhere. Under the 1940 Act, except as permitted by exemptive order, persons affiliated with the Fund, including Merrill Lynch, are prohibited from dealing with the Fund as principal in the purchase and sale of securities. Since transactions in the over-the-counter market usually involve transactions with dealers acting as principals for their own accounts, the Fund does not deal with Merrill Lynch and its affiliates in connection with such principal transactions except that, pursuant to exemptive orders obtained by the Investment Adviser, the Fund may engage in principal transactions with Merrill Lynch in high quality, short term, tax exempt securities. See Investment Restrictions. However, affiliated persons of the Fund, including Merrill Lynch, may serve as its brokers in certain over-the-counter transactions conducted on an agency basis. In addition, the Fund has received an exemptive order, under which it may purchase investment grade Municipal Bonds through group orders from an underwriting syndicate of which Merrill Lynch is a member subject to conditions set forth in such order (the Group Order Exemptive Order). A group order is an order for securities held in an underwriting syndicate for the account of all members of the syndicate, and in proportion to their respective participation in the syndicate.

The Fund also may purchase tax exempt debt instruments in individually negotiated transactions with the issuers. Because an active trading market may not exist for such securities, the prices that the Fund may pay for these securities or receive on their resale may be lower than that for similar securities with a more liquid market.

Certain court decisions have raised questions as to the extent to which investment companies should seek exemptions under the 1940 Act in order to seek to recapture underwriting and dealer spreads from affiliated entities. The Fund's Board of Directors has considered all factors deemed relevant and has made a determination not to seek such recapture at this time. The Fund's Board of Directors will reconsider this matter from time to time.

For the six months ended April 30, 2005, the Fund paid no brokerage commissions. For the fiscal years ended October 31, 2004, 2003 and 2002, the Fund paid brokerage commissions of \$2,000, \$12,210 and \$17,970, respectively. All of the brokerage commissions paid for the fiscal year ended October 31, 2004 were paid to Merrill Lynch. None of the brokerage commissions paid for the fiscal years ended October 31, 2003 and 2002 were paid to Merrill Lynch or its affiliates.

Securities held by the Fund may also be held by, or be appropriate investments for, other funds or investment advisory clients for which the Investment Adviser or its affiliates act as an adviser. Because of different investment objectives or other factors, a particular security may be bought for an advisory client when other clients are selling the same security. If purchases or sales of securities by the Investment Adviser for the Fund or other funds for which it acts as investment adviser or for other advisory clients arise for consideration at or about the same time, transactions in such securities will be made, insofar as feasible, for the respective funds and clients in a manner deemed equitable to all. Transactions effected by the Investment Adviser (or its affiliates) on behalf of more than one of its clients during the same period may increase

the demand for securities being purchased or the supply of securities being sold, causing an adverse effect on price.

Section 11(a) of the Securities Exchange Act of 1934 generally prohibits members of the U.S. national securities exchanges from executing exchange transactions for their affiliates and institutional accounts that they manage unless the member (i) has obtained prior express authorization from the account to effect such transactions, (ii) at least annually furnishes the account with a statement setting forth the aggregate compensation received by the member in effecting such transactions, and (iii) complies with any rules the Commission has prescribed with respect to the requirements of clauses (i) and (ii). To the extent Section 11(a) would apply to Merrill Lynch acting as a broker for the Fund in any of its portfolio transactions executed on any such securities exchange of which it is a member, appropriate consents have been obtained from the Fund and annual statements as to aggregate compensation will be provided to the Fund.

Portfolio Turnover

Generally, the Fund does not purchase securities for short term trading profits. However, the Fund may dispose of securities without regard to the time they have been held when such actions, for defensive or other reasons, appear advisable to the Investment Adviser. While it is not possible to predict turnover rates with any certainty, at present it is anticipated that the Fund's annual portfolio turnover rate, under normal circumstances, should be less than 100%. (The portfolio turnover rate is calculated by dividing the lesser of purchases or sales of portfolio securities for the particular fiscal year by the monthly average of the value of the portfolio securities owned by the Fund during the particular fiscal year. For purposes of determining this rate, all securities whose maturities at the time of acquisition are one year or less are excluded.) A high portfolio turnover rate results in greater transaction costs, which are borne directly by the Fund and may have certain tax consequences for stockholders.

For the six months ended April 30, 2005 and the fiscal years ended October 31, 2004 and 2003, the Fund's portfolio turnover rates were 10.58%, 32.30% and 42.06%, respectively.

TAXES

The Fund has elected to qualify for the special tax treatment afforded regulated investment companies (RICs) under the Internal Revenue Code of 1986, as amended (the Code). As long as it so qualifies, in any taxable year in which it distributes at least 90% of its taxable net income and 90% of its tax exempt net income (see below), the Fund (but not its stockholders) will not be subject to Federal income tax to the extent that it distributes its net investment income and net realized capital gains. The Fund intends to distribute substantially all of such income. If, in any taxable year, the Fund fails to qualify as a RIC under the Code, it would be taxed in the same manner as an ordinary corporation and all distributions from earnings and profits (as determined under U.S. Federal income tax principles) to its stockholders would be taxable as ordinary dividend income eligible for the maximum 15% tax rate for non-corporate shareholders and the dividends-received deduction for corporate shareholders. However, the Fund's distributions derived from income on tax exempt obligations, as defined herein, would no longer qualify for treatment as exempt interest.

The Code requires a RIC to pay a nondeductible 4% excise tax to the extent the RIC does not distribute, during each calendar year, 98% of its ordinary income, determined on a calendar year basis, and 98% of its capital gains, determined, in general, on an October 31 year-end, plus certain undistributed amounts from previous years. The required distributions, however, are based only on the taxable income of a RIC. The excise tax, therefore, generally will not apply to the tax exempt income of a RIC, such as the Fund, that pays exempt-interest dividends.

The Internal Revenue Service (the IRS), in a revenue ruling, held that certain auction rate preferred stock would be treated as stock for Federal income tax purposes. The terms of the AMPS are substantially similar, but not identical, to the auction rate preferred stock discussed in the revenue ruling, and in the opinion of Sidley Austin Brown & Wood LLP, counsel to the Fund, the shares of AMPS will constitute stock of the Fund and distributions with respect to shares of AMPS (other than distributions in redemption of shares of AMPS subject to Section 302(b) of the Code) will constitute dividends to the extent of the Fund's current and accumulated earnings and profits as calculated for Federal income tax purposes. Nevertheless, it is possible that the IRS might take a contrary position, asserting, for example, that the shares of AMPS constitute debt of the Fund. If this position were upheld, the discussion of the treatment of distributions below would not apply. Instead, distributions by the Fund to holders of shares of AMPS would constitute taxable interest income, whether or not they exceeded the earnings and profits of the Fund, would be included in full in the income of the recipient and would be taxed as ordinary income. Counsel believes that such a position, if asserted by the IRS, would be unlikely to prevail.

The Fund will only purchase a Municipal Bond or Non-Municipal Tax-Exempt Security if it is accompanied by an opinion of counsel to the issuer, which is delivered on the date of issuance of the security, that the interest paid on such security is excludable from gross income for

Federal income tax purposes (*i.e.*, tax-exempt). The Fund intends to qualify to pay exempt-interest dividends as defined in Section 852(b)(5) of the Code. Under such section if, at the close of each quarter of its taxable year, at least 50% of the value of its total assets consists of obligations that pay interest which is excludable from gross income for Federal income tax purposes (tax exempt obligations) under Section 103(a) of the Code (relating generally to obligations of a state or local governmental unit), the Fund shall be qualified to pay exempt-interest dividends to its stockholders. Exempt-interest dividends are dividends or any part thereof paid by the Fund that are attributable to interest on tax exempt

35

obligations and designated by the Fund as exempt-interest dividends in a written notice mailed to the Fund's stockholders within 60 days after the close of its taxable year. To the extent that the dividends distributed to the Fund's stockholders are derived from interest income exempt from tax under Code Section 103(a) and are properly designated as exempt-interest dividends, they will be excludable from a stockholder's gross income for Federal tax purposes. Exempt-interest dividends are included, however, in determining the portion, if any, of a person's social security and railroad retirement benefits subject to Federal income taxes. Each stockholder is advised to consult a tax adviser with respect to whether exempt-interest dividends retain the exclusion under Code Section 103(a) if such stockholder would be treated as a substantial user or related person under Code Section 147(a) with respect to property financed with the proceeds of an issue of PABs, if any, held by the Fund.

To the extent that the Fund's distributions are derived from interest on its taxable investments or from an excess of net short-term capital gains over net long-term capital losses (ordinary income dividends), such distributions generally are considered ordinary income for Federal income tax purposes. Distributions by the Fund, whether from exempt-interest income, ordinary income or capital gains, are not eligible for the dividends received deduction allowed to corporations under the Code or the reduced tax rates available to non-corporate shareholders. Distributions, if any, from an excess of net long-term capital gains over net short-term capital losses derived from the sale of securities or from certain transactions in futures, or options and swaps (capital gain dividends) are taxable as long-term capital gains for Federal income tax purposes, regardless of the length of time the stockholder has owned Fund shares. Generally not later than 60 days after the close of its taxable year, the Fund will provide its stockholders with a written notice designating the amounts of any exempt-interest dividends and capital gain dividends. If the Fund pays a dividend in January which was declared in the previous October, November or December to stockholders of record on a specified date in one of such months, then such dividend will be treated for tax purposes as being paid by the Fund and received by its stockholders on December 31 of the year in which such dividend was declared.

All or a portion of the Fund's gain from the sale or redemption of tax exempt obligations purchased at a market discount will be treated for Federal income tax purposes as ordinary income rather than capital gain. This rule may increase the amount of ordinary income dividends received by stockholders. Distributions in excess of the Fund's earnings and profits will first reduce the adjusted tax basis of a holder's shares and, after such adjusted tax basis is reduced to zero, will constitute capital gains to such holder (assuming the shares are held as a capital asset). The sale or exchange of AMPS could result in capital gain or loss to holders of AMPS who hold their shares as capital assets. Generally, a stockholder's gain or loss will be long-term capital gain or loss if the shares have been held for more than one year. Any loss upon the sale or exchange of Fund shares held for six months or less will be disallowed to the extent of any exempt-interest dividends received by the stockholder. In addition, any such loss that is not disallowed under the rule stated above will be treated as long-term capital loss to the extent of any capital gain dividends received by the stockholder.

If you borrow money to buy the Fund's AMPS, you may not be permitted to deduct the interest on that loan. Under Federal income tax rules, the Fund's AMPS may be treated as having been bought with borrowed money even if the purchase cannot be traced directly to borrowed money. Stockholders should consult their own tax advisers regarding the impact of an investment in AMPS upon the deductibility of interest payable by the stockholder.

The IRS has taken the position in a revenue ruling that if a RIC has two or more classes of shares, it may designate distributions made to each class in any year as consisting of no more than such class's proportionate share of particular types of income, including exempt-interest income and net long-term capital gains. A class's proportionate share of a particular type of income is determined according to the percentage of total dividends paid by the RIC during such year that was paid to such class. Thus, the Fund is required to allocate a portion of its net capital gain and other taxable income to the shares of AMPS and Other AMPS of each series. Accordingly, the Fund intends to designate dividends paid to the Series D AMPS and Other AMPS as tax exempt interest, capital gains or other taxable income, as applicable, in proportion to each series share of total dividends paid during the year. The Fund may notify the Auction Agent of the amount of any net capital gain and other taxable income to be included in any dividend on shares of AMPS prior to the Auction establishing the Applicable Rate for such dividend. The Fund also may include such income in a dividend on shares of AMPS without giving advance notice thereof if it increases the dividend by an additional amount calculated as if such income were a Retroactive Taxable Allocation and the additional amount were an Additional Dividend, provided that the Fund will notify the

Auction Agent of the additional amounts to be included in such dividend prior to the applicable Dividend Payment Date. See "The Auction Auction Procedures" Auction Date; Advance Notice of Allocation of Taxable Income; Inclusion of Taxable Income in Dividends" in the prospectus. Except for the portion of any dividend that it informs the Auction Agent will be treated as capital gains or other taxable income, the Fund anticipates that the dividends paid on the shares of AMPS will constitute exempt-interest dividends. The amount of net capital gain and ordinary income allocable to shares of AMPS (the "taxable distribution") will depend upon the amount of such gains and income realized by the Fund and the total dividends paid by the Fund on shares of common stock and shares of the series of AMPS during a taxable year, but the taxable distribution generally is not expected to be significant.

If the Fund makes a Retroactive Taxable Allocation, it will pay Additional Dividends to holders of AMPS who are subject to the Retroactive Taxable Allocation. See "Description of AMPS" Dividends" Additional Dividends" in the prospectus. The Federal income tax consequences of Additional Dividends under existing law are uncertain. The Fund intends to treat a holder as receiving a dividend distribution in the amount of any Additional Dividend only as and when such Additional Dividend is paid. An Additional Dividend generally will be designated by the Fund as an exempt-interest dividend except as otherwise required by applicable law. However, the IRS may assert that all or part of an Additional Dividend is a taxable dividend either in the taxable year for which the Retroactive Taxable Allocation is made or in the taxable year in which the Additional Dividend is paid.

In the opinion of Sidley Austin Brown & Wood LLP, counsel to the Fund, under current law the manner in which the Fund intends to allocate items of tax exempt income, net capital gain and other taxable income among shares of common stock and shares of AMPS will be respected for Federal income tax purposes. However, the tax treatment of Additional Dividends may affect the Fund's calculation of each class's allocable share of capital gains and other taxable income. In addition, there is currently no direct guidance from the IRS or other sources specifically addressing whether the Fund's method for allocating tax exempt income, net capital gain and other taxable income, if any, among shares of common stock and shares of the AMPS will be respected for Federal income tax purposes, and it is possible that the IRS could disagree with counsel's opinion and attempt to reallocate the Fund's net capital gain or other taxable income. In the event of a reallocation, some of the dividends identified by the Fund as exempt-interest dividends to holders of shares of AMPS may be recharacterized as additional capital gains or other taxable income. In the event of such recharacterization, the Fund would not be required to make payments to such stockholders to offset the tax effect of such reallocation. In addition, a reallocation may cause the Fund to be liable for income tax and excise tax on any reallocated taxable income. Sidley Austin Brown & Wood LLP has advised the Fund that, in its opinion, if the IRS were to challenge in court the Fund's allocations of income and gain, the IRS would be unlikely to prevail. A holder should be aware, however, that the opinion of Sidley Austin Brown & Wood LLP represents only its best legal judgment and is not binding on the IRS or the courts.

The Code subjects interest received on certain otherwise tax exempt securities to a Federal alternative minimum tax. The Federal alternative minimum tax applies to interest received on PABs issued after August 7, 1986. PABs are bonds that, although tax exempt, are used for purposes other than those performed by governmental units and that benefit non-governmental entities (e.g., bonds used for industrial development or housing purposes). Income received on such bonds is classified as an item of tax preference, which could subject certain investors in such bonds, including stockholders of the Fund, to an increased Federal alternative minimum tax. The Fund intends to purchase such PABs and will report to stockholders at the close of the calendar year-end the portion of its dividends declared during the year which constitutes an item of tax preference for Federal alternative minimum tax purposes. The Code further provides that corporations are subject to a Federal alternative minimum tax based, in part, on certain differences between taxable income as adjusted for other tax preferences and the corporation's adjusted current earnings, which more closely reflect a corporation's economic income. Because an exempt-interest dividend paid by the Fund will be included in adjusted current earnings, a corporate stockholder may be required to pay a Federal alternative minimum tax on exempt-interest dividends paid by the Fund.

The Fund may invest in instruments the return on which includes nontraditional features such as indexed principal or interest payments ("nontraditional instruments"). These instruments may be subject to special tax rules under which the Fund may be required to accrue and distribute income before amounts due under the obligations are paid. In addition, it is possible that all or a portion of the interest payments on such nontraditional instruments could be recharacterized as taxable ordinary income.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

The Fund may engage in interest rate and credit default swaps. The Federal income tax rules governing the taxation of swaps are not entirely clear and may require the Fund to treat payments received under such arrangements as ordinary income and to amortize payments under certain circumstances. Because payments received by the Fund in connection with swap transactions will be taxable rather than tax exempt, they may result in increased taxable distributions to stockholders.

Certain transactions entered into by the Fund are subject to complex Federal income tax provisions that may, among other things, (a) affect the character of gains and losses realized, (b) disallow, suspend or otherwise limit the allowance of certain losses or deductions, and (c) accelerate the recognition of income. Operation of these tax rules could, therefore, affect the character, amount and timing of distributions and result in increased taxable distributions to stockholders. Special tax rules also will require the Fund to mark-to-market certain types of positions in its portfolio (*i.e.*, treat them as sold on the last day of the taxable year), and may result in the recognition of income without a corresponding receipt of cash. The Fund intends to monitor its transactions, make appropriate tax elections and make appropriate entries in its books and records to lessen the effect of these tax rules and avoid any possible disqualification for the special treatment afforded RICs under the Code.

The Fund's ability to distribute dividends exempt from Federal income tax depends on the exclusion from gross income of the interest income that it receives on the securities in which it invests. The Fund will only purchase Municipal Bonds and Non-Municipal Tax Exempt Securities if they are accompanied by an opinion of counsel to the issuer, which is delivered on the date of issuance of that security, that interest on such securities is excludable from gross income for Federal income tax purposes (the tax exemption opinion).

Events occurring after the date of issuance of the Municipal Bonds and Non-Municipal Tax Exempt Securities in which the Fund invests, however, may cause the interest on such securities to be includable in gross income for Federal income tax purposes. For example, the Code establishes certain requirements, such as restrictions as to the investment of the proceeds of the issue, limitations as to the use of proceeds of such issue and the property financed by such proceeds, and the payment of certain excess earnings to the Federal government, that must be met after the issuance of securities for interest on such securities to remain excludable from gross income for Federal income tax purposes. The issuers and the conduit borrowers of the Municipal Bonds or Non-Municipal Tax Exempt Securities generally covenant to comply with such requirements, and the tax exemption opinion generally assumes continuing compliance with such requirements. Failure to comply with these continuing requirements, however, may cause the interest on such securities to be includable in gross income for Federal income tax purposes retroactive to their date of issue.

In addition, the IRS has an ongoing enforcement program that involves the audit of tax exempt bonds to determine whether an issue of bonds satisfies all of the requirements that must be met for interest on such bonds to be excludable from gross income for Federal income tax purposes. From time to time, some of the securities held by the Fund may be the subject of such an audit by the IRS, and the IRS may determine that the interest on such securities is includable in gross income for Federal income tax purposes, either because the IRS has taken a legal position adverse to the conclusion reached by counsel to the issuer in the tax exemption opinion or as a result of an action taken or not taken after the date of issue of such obligation. If a Municipal Bond or Non-Municipal Tax Exempt Security in which the Fund invests is determined to pay taxable interest subsequent to the Fund's acquisition of such security, the IRS may demand that the Fund pay taxes on the affected interest income. If the Fund agrees to do so, the Fund's yield on its common stock could be adversely affected. A determination that interest on a security held by the Fund is includable in gross income for Federal income tax purposes retroactively to its date of issue may, likewise, cause a portion of prior distributions received by stockholders, including holders of AMPS, to be taxable to those stockholders in the year of receipt. The Fund will not pay an Additional Dividend to a holder of AMPS under these circumstances.

If at any time when shares of AMPS are outstanding the Fund does not meet the asset coverage requirements of the 1940 Act, the Fund will be required to suspend distributions to holders of common stock until the asset coverage is restored. See Description of AMPS Dividends Restrictions on Dividends and Other Payments and in the prospectus. This may prevent the Fund from distributing at least 90% of its net income, and may, therefore, jeopardize the Fund's qualification for taxation as a RIC. If the Fund were to fail to qualify as a RIC, some or all of the distributions paid by the Fund would be fully taxable for Federal income tax purposes. Upon any failure to meet the asset coverage requirements of the 1940 Act, the Fund, in its sole discretion, may, and under certain circumstances will be required to, redeem shares of AMPS in order to maintain or restore the requisite asset coverage and avoid the adverse consequences to the Fund and its stockholders of failing to qualify as a RIC. See Description of AMPS Redemption herein and in the prospectus. There can be no assurance, however, that any such action would achieve such objectives.

As noted above, the Fund must distribute annually at least 90% of its net taxable and tax exempt interest income. A distribution will only be counted for this purpose if it qualifies for the dividends paid deduction under the Code. Additional preferred stock that the Fund has authority to issue may raise an issue as to whether distributions on such preferred stock are preferential under the Code and therefore not eligible for the dividends paid deduction. The Fund intends to issue preferred stock that counsel advises will not result in the payment of a preferential dividend.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

If the Fund ultimately relies on a legal opinion with regard to such preferred stock, there is no assurance that the IRS would agree that dividends on the preferred stock are not preferential. If the IRS successfully disallowed the dividends paid deduction for dividends on the preferred stock, the Fund could lose the benefit of the special treatment afforded RICs under the Code. In this case, dividends paid by the Fund would not be exempt from Federal income taxes. Additionally, the Fund would be subject to Federal income tax, including the alternative minimum tax.

Under certain Code provisions, some stockholders may be subject to a withholding tax on ordinary income dividends, capital gain dividends and redemption payments (backup withholding). Backup withholding may also be required on distributions paid by the Fund, unless it reasonably estimates that at least 95% of its distributions during the taxable year are comprised of exempt-interest dividends. Generally, stockholders subject to backup withholding will be those for whom no certified taxpayer identification number is on file with the Fund or who, to the Fund's knowledge, have furnished an incorrect number. When establishing an account, an investor must certify under penalty of perjury that such number is correct and that such investor is not otherwise subject to backup withholding. Backup withholding is not an additional tax. Any amount withheld generally may be allowed as a refund or a credit against a stockholder's Federal income tax liability, provided that the required information is timely forwarded to the IRS.

The Fund is generally not an appropriate investment for retirement plans, other entities that are not subject to tax and foreign stockholders.

State and Local Taxes

The exemption from Federal income tax for exempt-interest dividends does not necessarily result in an exemption for such dividends under the income or other tax laws of any state or local taxing authority. Stockholders are advised to consult their own tax advisers concerning state and local matters.

In some states, the portion of any exempt-interest dividend that is derived from interest received by a RIC on its holdings of that state's securities and its political subdivisions and instrumentalities is exempt from that state's income tax. Therefore, the Fund will report annually to its stockholders the percentage of interest income earned by the Fund during the preceding year on tax exempt obligations indicating, on a state-by-state basis, the source of such income.

The foregoing is a general and abbreviated summary of the applicable provisions of the Code and Treasury Regulations presently in effect. For the complete provisions, reference should be made to the pertinent Code sections and the Treasury Regulations promulgated thereunder. The Code and the Treasury Regulations are subject to change by legislative, judicial or administrative action either prospectively or retroactively.

Stockholders are urged to consult their tax advisers regarding specific questions as to Federal, state, local or foreign taxes.

CONFLICTS OF INTEREST

The investment activities of the Investment Adviser, Merrill Lynch and other affiliates of Merrill Lynch for their own accounts and other accounts they manage may give rise to conflicts of interest that could disadvantage the Fund and its stockholders. The Investment Adviser has adopted written policies and procedures that, collectively, address investment activities of, and other arrangements involving, the Investment Adviser that may give rise to such conflicts of interest.

Merrill Lynch, as a diversified global financial services firm, is involved with a broad spectrum of financial services and asset management activities. Certain of Merrill Lynch's affiliates that are not service providers to the Fund engage in a broad range of activities over which the Investment Adviser has no control or ability to exercise oversight. Although there are no formal written policies and procedures that cover all potential or actual conflicts of interest, Merrill Lynch has established a number of committees and related policies and procedures that are designed to identify, analyze and/or resolve such conflicts of interest. No assurance can be given that Merrill Lynch will be able to identify each conflict of interest or that each identified conflict of interest will be resolved in favor of the Fund.

Merrill Lynch and its affiliates, including, without limitation, the Investment Adviser and its advisory affiliates may have proprietary interests in, and may manage or advise with respect to, accounts or funds (including separate accounts and other funds and collective investment vehicles) that have investment objectives similar to those of the Fund and/or that engage in transactions in the same types of securities and instruments as the Fund. Merrill Lynch and its affiliates are also major participants in, among others, the options, swaps, and equities markets, in each case both on a proprietary basis and for the accounts of customers. As such, Merrill Lynch and its affiliates are actively engaged in transactions in the same securities and instruments in which the Fund invests. Such activities could affect the prices and availability of the

securities and instruments in which the Fund invests, which could have an adverse impact on the Fund's performance. Such transactions, particularly in respect of most proprietary accounts or customer accounts, will be executed independently of the Fund's transactions and thus at prices or rates that may be more or less favorable than those obtained by the Fund.

The results of the Fund's investment activities may differ significantly from the results achieved by the Investment Adviser and its affiliates for its proprietary accounts or other accounts (including investment companies or collective investment vehicles) managed or advised by the Investment Adviser. It is possible that the Investment Adviser and its affiliates and such other accounts will achieve investment results that are substantially more or less favorable than the results achieved by the Fund. Moreover, it is possible that the Fund will sustain losses during periods in which the Investment Adviser and its affiliates achieve significant profits on their trading for proprietary or other accounts. The opposite result is also possible.

From time to time, the Fund's activities may also be restricted because of regulatory restrictions applicable to Merrill Lynch and its affiliates, and/or their internal policies designed to comply with such restrictions. As a result, there may be periods, for example, when the Investment Adviser, and/or its affiliates, will not initiate or recommend certain types of transactions in certain securities or instruments with respect to which the Investment Adviser and/or its affiliates are performing services or when position limits have been reached.

In connection with its management of the Fund, the Investment Adviser may have access to certain fundamental analysis and proprietary technical models developed by Merrill Lynch. The Investment Adviser will not be under any obligation, however, to effect transactions on behalf of the Fund in accordance with such analysis and models. In addition, neither Merrill Lynch nor any of its affiliates will have any obligation to make available any information regarding their proprietary activities or strategies, or the activities or strategies used for other accounts managed by them, for the benefit of the management of the Fund and it is not anticipated that the Investment Adviser will have access to such information for the purpose of managing the Fund. The proprietary activities or portfolio strategies of Merrill Lynch and its affiliates or the activities or strategies used for accounts managed by them or other customer accounts could conflict with the transactions and strategies employed by the Investment Adviser in managing the Fund.

In addition, certain principals and certain employees of the Investment Adviser are also principals or employees of Merrill Lynch or its affiliated entities. As a result, the performance by these principals and employees of their obligations to such other entities may be a consideration of which investors in the Fund should be aware.

The Investment Adviser may enter into transactions and invest in securities and instruments on behalf of the Fund in which customers of Merrill Lynch (or, to the extent permitted by the SEC, Merrill Lynch) serve as the counterparty, principal or issuer. In such cases, such party's interests in the transaction will be adverse to the interests of the Fund, and such party may have no incentive to assure that the Fund obtains the best possible prices or terms in connection with the transactions. In addition, the purchase, holding and sale of such investments by the Fund may enhance the profitability of Merrill Lynch. Merrill Lynch and its affiliates may also create, write or issue derivative instruments for customers of Merrill Lynch or its affiliates, the underlying securities or instruments of which may be those in which the Fund invests or which may be based on the performance of the Fund. The Fund may, subject to applicable law, purchase investments that are the subject of an underwriting or other distribution by Merrill Lynch or its affiliates and may also enter into transactions with other clients of Merrill Lynch or its affiliates where such other clients have interests adverse to those of the Fund. At times, these activities may cause departments of Merrill Lynch or its affiliates to give advice to clients that may cause these clients to take actions adverse to the interests of the Fund. To the extent affiliated transactions are permitted, the Fund will deal with Merrill Lynch and its affiliates on an arms-length basis.

The Fund will be required to establish business relationships with its counterparties based on the Fund's own credit standing. Neither Merrill Lynch nor its affiliates will have any obligation to allow their credit to be used in connection with the Fund's establishment of its business relationships, nor is it expected that the Fund's counterparties will rely on the credit of Merrill Lynch or any of its affiliates in evaluating the Fund's creditworthiness.

It is also possible that, from time to time, Merrill Lynch or any of its affiliates, may, although they are not required to, purchase, hold or sell shares of the Fund.

It is possible that the Fund may invest in securities of companies with which Merrill Lynch has or is trying to develop investment banking relationships as well as securities of entities in which Merrill Lynch makes a market. The Fund also may invest in securities of companies that Merrill Lynch provides or may someday provide research coverage. Such investments could cause conflicts between the interests of the Fund and the interests of other Merrill Lynch clients. In providing services to the Fund, the Investment Adviser is not permitted to obtain or use material non-public information acquired by any division, department or affiliate of Merrill Lynch in the course of these activities. In addition,

from time to time, Merrill Lynch's activities may limit the Fund's flexibility in purchases and sales of securities. When Merrill Lynch is engaged in an underwriting or other distribution of securities of an entity, the Investment Adviser may be prohibited from purchasing or recommending the purchase of certain securities of that entity for the Fund.

The Investment Adviser, its affiliates, and its directors, officers and employees, may buy and sell securities or other investments for their own accounts, and may have conflicts of interest with respect to investments made on behalf of the Fund. As a result of differing trading and investment strategies or constraints, positions may be taken by directors, officers and employees and affiliates of the Investment Adviser that are the same, different from or made at different times than positions taken for the Fund. To lessen the possibility that the Fund will be adversely affected by this personal trading, each of the Fund and the Investment Adviser has adopted a Code of Ethics in compliance with Section 17(j) of the 1940 Act that restricts securities trading in the personal accounts of investment professionals and others who normally come into possession of information regarding the Fund's portfolio transactions.

The Investment Adviser and its affiliates will not purchase securities or other property from, or sell securities or other property to, the Fund, except that the Fund may, in accordance with rules adopted under the 1940 Act, engage in transactions with accounts that are affiliated with the Fund as a result of common officers, directors, or investment advisers. These transactions would be effected in circumstances in which the Investment Adviser determined that it would be appropriate for the Fund to purchase and another client to sell, or the Fund to sell and another client to purchase, the same security or instrument on the same day.

Present and future activities of Merrill Lynch and its affiliates, including of the Investment Adviser, in addition to those described in this section, may give rise to additional conflicts of interest.

NET ASSET VALUE

Net asset value per share of common stock is determined Monday through Friday as of the close of business on the NYSE (generally, the NYSE closes at 4:00 p.m., Eastern time), on each business day during which the NYSE is open for trading. For purposes of determining the net asset value of a share of common stock, the value of the securities held by the Fund plus any cash or other assets (including interest accrued but not yet received) minus all liabilities (including accrued expenses) and the aggregate liquidation value of any outstanding shares of preferred stock is divided by the total number of shares of common stock outstanding at such time. Expenses, including the fees payable to the Investment Adviser, are accrued daily.

The Municipal Bonds and other portfolio securities in which the Fund invests are traded primarily in over-the-counter (OTC) municipal bond and money markets and are valued at the last available bid price for long positions and at the last available ask price for short positions in the OTC market or on the basis of yield equivalents as obtained from one or more dealers or pricing services approved by the Directors. One bond is the yield equivalent of another bond when, taking into account market price, maturity, coupon rate, credit rating and ultimate return of principal, both bonds will theoretically produce an equivalent return to the bondholder. Financial futures contracts and options thereon, which are traded on exchanges, are valued at their settlement prices as of the close of such exchanges. Short-term investments with a remaining maturity of 60 days or less are valued on an amortized cost basis, which approximates market value, unless the Investment Adviser believes that this method no longer produces fair valuations. Repurchase agreements will be valued at cost plus accrued interest. The value of swaps, including interest rate swaps, caps and floors, will be determined by obtaining dealer quotations. Repurchase agreements will be valued at cost plus accrued interest. Securities and assets for which market quotations are not readily available are valued at fair value as determined in good faith by or under the direction of the Directors, including valuations furnished by a pricing service retained by the Fund, which may use a matrix system for valuations. The procedures of the pricing service and its valuations are reviewed by the officers of the Fund under the general supervision of the Directors.

The Fund makes available for publication the net asset value of its shares of common stock determined as of the last business day each week. Currently, the net asset values of shares of publicly traded closed-end investment companies investing in debt securities are published in *Barron's*, the Monday edition of *The Wall Street Journal* and the Monday and Saturday editions of *The New York Times*.

APPENDIX A

RATINGS OF MUNICIPAL BONDS

DESCRIPTION OF MUNICIPAL BOND RATINGS

Description of Moody's Municipal Bond Ratings

- Aaa Issuers or issues rated Aaa demonstrate the strongest creditworthiness relative to other US municipal or tax-exempt issuers or issues.
- Aa Issuers or issues rated Aa demonstrate very strong creditworthiness relative to other US municipal or tax-exempt issuers or issues.
- A Issuers or issues rated A present above-average creditworthiness relative to other US municipal or tax-exempt issuers or issues.
- Baa Issuers or issues rated Baa represent average creditworthiness relative to other US municipal or tax-exempt issuers or issues.
- Ba Issuers or issues rated Ba demonstrate below-average creditworthiness relative to other US municipal or tax-exempt issuers or issues.
- B Issuers or issues rated B demonstrate weak creditworthiness relative to other US municipal or tax-exempt issuers or issues.
- Caa Issuers or issues rated Caa demonstrate very weak creditworthiness relative to other US municipal or tax-exempt issuers or issues.
- Ca Issuers or issues rated Ca demonstrate extremely weak creditworthiness relative to other US municipal or tax-exempt issuers or issues.
- C Issuers or issues rated C demonstrate the weakest creditworthiness relative to other US municipal or tax-exempt issuers or issues.

Note: Moody's applies numerical modifiers 1, 2, and 3 in each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

Description of Moody's Municipal Short-Term Debt Ratings

- MIG 1 This designation denotes superior credit quality. Excellent protection is afforded by established cash flows, highly reliable liquidity support, or demonstrated broad-based access to the market for refinancing.
- MIG 2 This designation denotes strong credit quality. Margins of protection are ample, although not as large as in the preceding group.
- MIG 3 This designation denotes acceptable credit quality. Liquidity and cash-flow protection may be narrow, and market access for refinancing is likely to be less well-established.
- SG This designation denotes speculative-grade credit quality. Debt instruments in this category may lack sufficient margins of protection.

Description of Moody's U.S. Municipal Demand Obligation Ratings

In the case of variable rate demand obligations (VRDOs), a two-component rating is assigned; a long or short-term debt rating and a demand obligation rating. The first element represents Moody's evaluation of the degree of risk associated with scheduled principal and interest

payments. The second element represents Moody's evaluation of the degree of risk associated with the ability to receive purchase price upon demand (demand feature), using a variation of the MIG rating scale, the Variable Municipal Investment Grade or VMIG rating.

A-1

When either the long- or short-term aspect of a VRDO is not rated, that piece is designated NR, e.g., Aaa/NR or NR/VMIG 1.

VMIG rating expirations are a function of each issue's specific structural or credit features.

- VMIG 1** This designation denotes superior credit quality. Excellent protection is afforded by the superior short-term credit strength of the liquidity provider and structural and legal protections that ensure the timely payment of purchase price upon demand.
- VMIG 2** This designation denotes strong credit quality. Good protection is afforded by the strong short-term credit strength of the liquidity provider and structural and legal protections that ensure the timely payment of purchase price upon demand.
- VMIG 3** This designation denotes acceptable credit quality. Adequate protection is afforded by the satisfactory short-term credit strength of the liquidity provider and structural and legal protections that ensure the timely payment of purchase price upon demand.
- SG** This designation denotes speculative-grade credit quality. Demand features rated in this category may be supported by a liquidity provider that does not have an investment grade short-term rating or may lack the structural and/or legal protections necessary to ensure the timely payment of purchase price upon demand.

Description of Moody's Short-Term Ratings

Moody's Commercial Paper ratings are opinions of the ability of issuers to honor short-term financial obligations not having an original maturity in excess of thirteen months. Moody's employs the following three designations, all judged to be investment grade, to indicate the relative repayment capacity of rated issuers:

- P-1 Issuers (or supporting institutions) rated Prime-1 have a superior ability to repay short-term debt obligations.
- P-2 Issuers (or supporting institutions) rated Prime-2 have a strong ability to repay short-term debt obligations.
- P-3 Issuers (or supporting institutions) rated Prime-3 have an acceptable ability to repay short-term obligations.
- NP Issuers (or supporting institutions) rated Not Prime do not fall within any of the Prime rating categories.

Description of Standard & Poor's, a Division of The McGraw-Hill Companies, Inc. (Standard & Poor's), Debt Ratings

A Standard & Poor's issue credit rating is a current opinion of the creditworthiness of an obligor with respect to a specific financial obligation, a specific class of financial obligations or a specific program. It takes into consideration the creditworthiness of guarantors, insurers, or other forms of credit enhancement on the obligation.

The issue credit rating is not a recommendation to purchase, sell or hold a financial obligation, inasmuch as it does not comment as to market price or suitability for a particular investor.

The issue credit ratings are based on current information furnished by the obligors or obtained by Standard & Poor's from other sources Standard & Poor's considers reliable. Standard & Poor's does not perform an audit in connection with any rating and may, on occasion, rely on unaudited financial information. The ratings may be changed, suspended, or withdrawn as a result of changes in, or unavailability of, such information, or based on other circumstances.

The issue credit ratings are based, in varying degrees, on the following considerations:

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

- I. Likelihood of payment capacity and willingness of the obligor as to the timely payment of interest and repayment of principal in accordance with the terms of the obligation;
- II. Nature of and provisions of the obligation;

A-2

- III. Protection afforded to, and relative position of, the obligation in the event of bankruptcy, reorganization or other arrangement under the laws of bankruptcy and other laws affecting creditors' rights.

Long Term Issue Credit Ratings

- AAA An obligation rated AAA has the highest rating assigned by Standard & Poor's. Capacity to meet its financial commitment on the obligation is extremely strong.
- AA An obligation rated AA differs from the highest rated issues only in small degree. The Obligor's capacity to meet its financial commitment on the obligation is very strong.
- A An obligation rated A is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than debt in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong.
- BBB An obligation rated BBB exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.
- BB An obligation rated BB, B, CCC, CC and C are regarded as having significant speculative characteristics. BB indicates the least of speculation and C the highest degree of speculation. While such debt will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major risk exposures to adverse conditions.
- CC
- C
- D An obligation rated D is in payment default. The D rating category is used when payments on an obligation are not made on the date due even if the applicable grace period has not expired, unless Standard & Poor's believes that such payments will be made during such grace period. The D rating also will be used upon the filing of a bankruptcy petition or the taking of similar action if payments on an obligation are jeopardized.
- c The c subscript is used to provide additional information to investors that the bank may terminate its obligation to purchase tendered bonds if the long term credit rating of the issuer is below an investment-grade level and/or the issuer's bonds are deemed taxable.
- p The letter p indicates that the rating is provisional. A provisional rating assumes the successful completion of the project financed by the debt being rated and indicates that payment of debt service requirements is largely or entirely dependent upon the successful, timely completion of the project. This rating, however, while addressing credit quality subsequent to the completion of the project, makes no comment on the likelihood of or the risk of default upon failure of such completion. The investor should exercise his own judgment with respect to such likelihood and risk.
- * Continuance of the ratings is contingent upon Standard & Poor's receipt of an executed copy of the escrow agreement or closing documentation confirming investments and cash flows.
- r This symbol is attached to the ratings of instruments with significant noncredit risks. It highlights risks to principal or volatility of expected returns which are not addressed in the credit rating.
- N.R. This indicates that no rating has been requested, that there is insufficient information on which to base a rating, or that Standard & Poor's does not rate a particular obligation as a matter of policy.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Plus (+) or Minus (-): The ratings from AA to CCC may be modified by the addition of a plus or minus sign to show relative standing within the major rating categories.

Description of Standard & Poor's Short-Term Issue Credit Ratings

A Standard & Poor's short-term issue credit rating is a current assessment of the likelihood of timely payment of debt having an original maturity of no more than three years. Ratings are graded into several categories, ranging from A-1 for the highest-quality obligations to D for the lowest. These categories are as follows:

A-3

-
- A-1 A short-term obligation rated A-1 is rated in the highest category by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong.
- A-2 A short-term obligation rated A-2 is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rating categories. However, the obligor's capacity to meet its financial commitment on the obligation is satisfactory.
- A-3 A short-term obligation rated A-3 exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.
- B A short-term obligation rated B is regarded as having significant speculative characteristics. The obligor currently has the capacity to meet its financial commitment on the obligation; however, it faces major ongoing uncertainties which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation.
- C A short-term obligation rated C is currently vulnerable to nonpayment and is dependent upon favorable business, financial and economic conditions for the obligor to meet its financial commitment on the obligation.
- D A short-term obligation rated D is in payment default. The D rating category is used when interest payments or principal payments are not made on the date due even if the applicable grace period has not expired, unless Standard & Poor's believes that such payments will be made during such grace period. The D rating will also be used upon the filing of a bankruptcy petition or the taking of a similar action if payments on an obligation are jeopardized.
- c The c subscript is used to provide additional information to investors that the bank may terminate its obligation to purchase tendered bonds if the long term credit rating of the issuer is below an investment-grade level and/or the issuer's bonds are deemed taxable.
- p The letter p indicates that the rating is provisional. A provisional rating assumes the successful completion of the project financed by the debt being rated and indicates that payment of debt service requirements is largely or entirely dependent upon the successful, timely completion of the project. This rating, however, while addressing credit quality subsequent to completion of the project, makes no comment on the likelihood of or the risk of default upon failure of such completion. The investor should exercise his own judgment with respect to such likelihood and risk.
- * Continuance of the ratings is contingent upon Standard & Poor's receipt of an executed copy of the escrow agreement or closing.
- r The r highlights derivative, hybrid, and certain other obligations that Standard & Poor's believes may experience high volatility or high variability in expected returns as a result of noncredit risks. Examples of such obligations are securities with principal or interest return indexed to equities, commodities, or currencies; certain swaps and options, and interest-only and principal-only mortgage securities. The absence of an r symbol should not be taken as an indication that an obligation will exhibit no volatility or variability in total return.

A short-term issue credit rating is not a recommendation to purchase or sell a security. The ratings are based on current information furnished to Standard & Poor's by the issuer or obtained by Standard & Poor's from other sources it considers reliable. The ratings may be changed, suspended, or withdrawn as a result of changes in, or unavailability of, such information.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

A Standard & Poor's note rating reflects the liquidity factors and market access risks unique to notes. Notes due in three years or less will likely receive a note rating. Notes maturing beyond three years will most likely receive a long term debt rating. The following criteria will be used in making that assessment.

Amortization schedule the larger the final maturity relative to other maturities, the more likely it will be treated as a note.

A-4

Source of payment the more dependent the issue is on the market for its refinancing, the more likely it will be treated as a note.

Note rating symbols are as follows:

- SP-1 Strong capacity to pay principal and interest. An issue determined to possess a very strong capacity to pay debt service is given a plus (+) designation.
- SP-2 Satisfactory capacity to pay principal and interest with some vulnerability to adverse financial and economic changes over the term of the notes.
- SP-3 Speculative capacity to pay principal and interest.

Description of Fitch Ratings (Fitch) Investment Grade Bond Ratings

Fitch investment grade bond ratings provide a guide to investors in determining the credit risk associated with a particular security. The rating represents Fitch's assessment of the issuer's ability to meet the obligations of a specific debt issue or class of debt in a timely manner.

The rating takes into consideration special features of the issue, its relationship to other obligations of the issuer, the current and prospective financial condition and operating performance of the issuer and any guarantor, as well as the economic and political environment that might affect the issuer's future financial strength and credit quality.

Fitch ratings do not reflect any credit enhancement that may be provided by insurance policies or financial guarantees unless otherwise indicated.

Bonds carrying the same rating are of similar but not necessarily identical credit quality since the rating categories do not fully reflect small differences in the degrees of credit risk.

Fitch ratings are not recommendations to buy, sell, or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular investor, or the tax exempt nature or taxability of payments made in respect of any security.

Fitch ratings are based on information obtained from issuers, other obligors, underwriters, their experts, and other sources Fitch believes to be reliable. Fitch does not audit or verify the truth or accuracy of such information. Ratings may be changed, suspended, or withdrawn as a result of changes in, or the unavailability of, information or for other reasons.

- AAA Bonds considered to be investment grade and of the highest credit quality. The obligor has an exceptionally strong ability to pay interest and repay principal, which is unlikely to be affected by reasonably foreseeable events.
- AA Bonds considered to be investment grade and of very high credit quality. The obligor's ability to pay interest and repay principal is very strong, although not quite as strong as bonds rated AAA. Because bonds rated in the AAA and AA categories are not significantly vulnerable to foreseeable future developments, short term debt of these issuers is generally rated F-1+.
- A Bonds considered to be investment grade and of high credit quality. The obligor's ability to pay interest and repay principal is considered to be strong, but may be more vulnerable to adverse changes in economic conditions and circumstances than bonds with higher ratings.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

BBB Bonds considered to be investment grade and of satisfactory-credit quality. The obligor's ability to pay interest and repay principal is considered to be adequate. Adverse changes in economic conditions and circumstances, however, are more likely to have adverse impact on these bonds, and therefore impair timely payment. The likelihood that the ratings of these bonds will fall below investment grade is higher than for bonds with higher ratings.

Plus (+) or Minus (-): Plus and minus signs are used with a rating symbol to indicate the relative position of a credit within the rating category. Plus and minus signs, however, are not used in the AAA category.

A-5

Description of Fitch's Speculative Grade Bond Ratings

Fitch speculative grade bond ratings provide a guide to investors in determining the credit risk associated with a particular security. The ratings (BB to C) represent Fitch's assessment of the likelihood of timely payment of principal and interest in accordance with the terms of obligation for bond issues not in default. For defaulted bonds, the rating (DDD to D) is an assessment of the ultimate recovery value through reorganization or liquidation. The rating takes into consideration special features of the issue, its relationship to other obligations of the issuer, the current and prospective financial condition and operating performance of the issuer and any guarantor, as well as the economic and political environment that might affect the issuer's future financial strength.

Bonds that have the rating are of similar but not necessarily identical credit quality since rating categories cannot fully reflect the differences in degrees of credit risk.

- BB** Bonds are considered speculative. The obligor's ability to pay interest and repay principal may be affected over time by adverse economic changes. However, business and financial alternatives can be identified which could assist the obligor in satisfying its debt service requirements.
- B** Bonds are considered highly speculative. While bonds in this class are currently meeting debt service requirements, the probability of continued timely payment of principal and interest reflects the obligor's limited margin of safety and the need for reasonable business and economic activity throughout the life of the issue.
- CCC** Bonds have certain identifiable characteristics which, if not remedied, may lead to default. The ability to meet obligations requires an advantageous business and economic environment.
- CC** Bonds are minimally protected. Default in payment of interest and/or principal seems probable over time.
- C** Bonds are in imminent default in payment of interest or principal.
- D** Bonds are in default on interest and/or principal payments. Such bonds are extremely speculative and should be valued on the basis of their ultimate recovery value in liquidation or reorganization of the obligor. **DDD** represents the highest potential for recovery on these bonds, and **D** represents the lowest potential for recovery.

Plus (+) or Minus (-): Plus and minus signs are used with a rating symbol to indicate the relative position of a credit within the rating category. Plus and minus signs, however, are not used in the DDD, DD, or D categories.

Description of Fitch's Short Term Ratings

Fitch's short term ratings apply to debt obligations that are payable on demand or have original maturities of up to three years, including commercial paper, certificates of deposit, medium-term notes, and investment notes.

The short term rating places greater emphasis than a long term rating on the existence of liquidity necessary to meet the issuer's obligations in a timely manner.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Fitch short term ratings are as follows:

- F-1+ Exceptionally Strong Credit Quality. Issues assigned this rating are regarded as having the strongest degree of assurance for timely payment.
- F-1 Very Strong Credit Quality. Issues assigned this rating reflect an assurance of timely payment only slightly less in degree than issues rated F-1+.
- F-2 Good Credit Quality. Issues assigned this rating have a satisfactory degree of assurance for timely payment, but the margin of safety is not as great as for issues assigned F-1+ and F-1 ratings.
- F-3 Fair Credit Quality. Issues assigned this rating have characteristics suggesting that the degree of assurance for timely payment is adequate; however, near-term adverse changes could cause these securities to be rated below investment grade.

A-6

-
- F-S Weak Credit Quality. Issues assigned this rating have characteristics suggesting a minimal degree of assurance for timely payment and are vulnerable to near-term adverse changes in financial and economic conditions.
 - D Default. Issues assigned this rating are in actual or imminent payment default.
 - LOC The symbol LOC indicates that the rating is based on a letter of credit issued by a commercial bank.
 - NR Indicates that Fitch does not rate the specific issue.
 - Conditional A conditional rating is premised on the successful completion of a project or the occurrence of a specific event.
 - Suspended A rating is suspended when Fitch deems the amount of information available from the issuer to be inadequate for rating purposes.
 - Withdrawn A rating will be withdrawn when an issue matures or is called or refinanced and, at Fitch's discretion, when an issuer fails to furnish proper and timely information.
 - FitchAlert Ratings are placed on FitchAlert to notify investors of an occurrence that is likely to result in a rating change and the likely direction of such change. These are designated as Positive, indicating a potential upgrade, Negative, for potential downgrade, or Evolving, where ratings may be raised or lowered. FitchAlert is relatively short term, and should be resolved within 12 months.

Ratings Outlook: An outlook is used to describe the most likely direction of any rating change over the intermediate term. It is described as Positive or Negative. The absence of a designation indicates a stable outlook.

APPENDIX B

SETTLEMENT PROCEDURES

The following summary of Settlement Procedures sets forth the procedures expected to be followed in connection with the settlement of each Auction and will be incorporated by reference in the Auction Agent Agreement and each Broker-Dealer Agreement. Nothing contained in this Appendix B constitutes a representation by the Fund that in each Auction each party referred to herein actually will perform the procedures described herein to be performed by such party. Capitalized terms used herein shall have the respective meanings specified in the Glossary in the

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

prospectus or this Appendix B hereto, as the case may be.

(a) On each Auction Date, the Auction Agent shall notify by telephone or through the Auction Agent's Processing System the Broker-Dealers that participated in the Auction held on such Auction Date and submitted an Order on behalf of any Beneficial Owner or Potential Beneficial Owner of:

(i) the Applicable Rate fixed for the next succeeding Dividend Period;

(ii) whether Sufficient Clearing Bids existed for the determination of the Applicable Rate;

(iii) if such Broker-Dealer (a Seller's Broker-Dealer) submitted a Bid or a Sell Order on behalf of a Beneficial Owner, the number of shares, if any, of AMPS to be sold by such Beneficial Owner;

(iv) if such Broker-Dealer (a Buyer's Broker-Dealer) submitted a Bid on behalf of a Potential Beneficial Owner, the number of shares, if any, of AMPS to be purchased by such Potential Beneficial Owner;

(v) if the aggregate number of shares of AMPS to be sold by all Beneficial Owners on whose behalf such Broker-Dealer submitted a Bid or a Sell Order exceeds the aggregate number of shares of AMPS to be purchased by all Potential Beneficial Owners on whose behalf such Broker-Dealer submitted a Bid, the name or names of one or more Buyer's Broker-Dealers (and the name of the Agent Member, if any, of each such Buyer's Broker-Dealer) acting for one or more purchasers of such excess number of shares of AMPS and the number of such shares to be purchased from one or more Beneficial Owners on whose behalf such Broker-Dealer acted by one or more Potential Beneficial Owners on whose behalf each of such Buyer's Broker-Dealers acted;

(vi) if the aggregate number of shares of AMPS to be purchased by all Potential Beneficial Owners on whose behalf such Broker-Dealer submitted a Bid exceeds the aggregate number of shares of AMPS to be sold by all Beneficial Owners on whose behalf such Broker-Dealer submitted a Bid or a Sell Order, the name or names of one or more Seller's Broker-Dealers (and the name of the Agent Member, if any, of each such Seller's Broker-Dealer) acting for one or more sellers of such excess number of shares of AMPS and the number of such shares to be sold to one or more Potential Beneficial Owners on whose behalf such Broker-Dealer acted by one or more Beneficial Owners on whose behalf each of such Seller's Broker-Dealers acted; and

(vii) the Auction Date of the next succeeding Auction with respect to the AMPS.

(b) On each Auction Date, each Broker-Dealer that submitted an Order on behalf of any Beneficial Owner or Potential Beneficial Owner shall:

(i) in the case of a Broker-Dealer that is a Buyer's Broker-Dealer, instruct each Potential Beneficial Owner on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, to instruct such Potential Beneficial Owner's Agent Member to pay to such Broker-Dealer (or its Agent Member) through the Securities Depository the amount necessary to purchase the number of shares of AMPS to be purchased pursuant to such Bid against receipt of such shares and advise such Potential Beneficial Owner of the Applicable Rate for the next succeeding Dividend Period;

(ii) in the case of a Broker-Dealer that is a Seller's Broker-Dealer, instruct each Beneficial Owner on whose behalf such Broker-Dealer submitted a Sell Order that was accepted, in whole or in part, or a Bid that was accepted, in whole or in part, to instruct such Beneficial Owner's Agent Member to deliver to such Broker-Dealer (or its Agent Member) through the Securities Depository the number of shares of AMPS to be sold pursuant to such Order against payment therefor and advise any such Beneficial Owner that will continue to hold shares of AMPS of the Applicable Rate for the next succeeding Dividend Period;

B-1

(iii) advise each Beneficial Owner on whose behalf such Broker-Dealer submitted a Hold Order of the Applicable Rate for the next succeeding Dividend Period;

(iv) advise each Beneficial Owner on whose behalf such Broker-Dealer submitted an Order of the Auction Date for the next succeeding Auction; and

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

(v) advise each Potential Beneficial Owner on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, of the Auction Date for the next succeeding Auction.

(c) On the basis of the information provided to it pursuant to (a) above, each Broker-Dealer that submitted a Bid or a Sell Order on behalf of a Potential Beneficial Owner or a Beneficial Owner shall, in such manner and at such time or times as in its sole discretion it may determine, allocate any funds received by it pursuant to (b)(i) above and any shares of AMPS received by it pursuant to (b)(ii) above among the Potential Beneficial Owners, if any, on whose behalf such Broker-Dealer submitted Bids, the Beneficial Owners, if any, on whose behalf such Broker-Dealer submitted Bids that were accepted or Sell Orders, and any Broker-Dealer or Broker-Dealers identified to it by the Auction Agent pursuant to (a)(v) or (a)(vi) above.

(d) On each Auction Date:

(i) each Potential Beneficial Owner and Beneficial Owner shall instruct its Agent Member as provided in (b)(i) or (ii) above, as the case may be;

(ii) each Seller's Broker-Dealer which is not an Agent Member of the Securities Depository shall instruct its Agent Member to (A) pay through the Securities Depository to the Agent Member of the Beneficial Owner delivering shares to such Broker-Dealer pursuant to (b)(ii) above the amount necessary to purchase such shares against receipt of such shares, and (B) deliver such shares through the Securities Depository to a Buyer's Broker-Dealer (or its Agent Member) identified to such Seller's Broker-Dealer pursuant to (a)(v) above against payment therefor; and

(iii) each Buyer's Broker-Dealer which is not an Agent Member of the Securities Depository shall instruct its Agent Member to (A) pay through the Securities Depository to a Seller's Broker-Dealer (or its Agent Member) identified pursuant to (a)(vi) above the amount necessary to purchase the shares to be purchased pursuant to (b)(i) above against receipt of such shares, and (B) deliver such shares through the Securities Depository to the Agent Member of the purchaser thereof against payment therefor.

(e) On the day after the Auction Date:

(i) each Bidder's Agent Member referred to in (d)(i) above shall instruct the Securities Depository to execute the transactions described in (b)(i) or (ii) above, and the Securities Depository shall execute such transactions;

(ii) each Seller's Broker-Dealer or its Agent Member shall instruct the Securities Depository to execute the transactions described in (d)(ii) above, and the Securities Depository shall execute such transactions; and

(iii) each Buyer's Broker-Dealer or its Agent Member shall instruct the Securities Depository to execute the transactions described in (d)(iii) above, and the Securities Depository shall execute such transactions.

(f) If a Beneficial Owner selling shares of AMPS in an Auction fails to deliver such shares (by authorized book-entry), a Broker-Dealer may deliver to the Potential Beneficial Owner on behalf of which it submitted a Bid that was accepted a number of whole shares of AMPS that is less than the number of shares that otherwise was to be purchased by such Potential Beneficial Owner. In such event, the number of shares of AMPS to be so delivered shall be determined solely by such Broker-Dealer. Delivery of such lesser number of shares shall constitute good delivery. Notwithstanding the foregoing terms of this paragraph (f), any delivery or non-delivery of shares which shall represent any departure from the results of an Auction, as determined by the Auction Agent, shall be of no effect unless and until the Auction Agent shall have been notified of such delivery or non-delivery in accordance with the provisions of the Auction Agent Agreement and the Broker-Dealer Agreements.

APPENDIX C

AUCTION PROCEDURES

The following procedures will be set forth in provisions of the Articles Supplementary relating to the AMPS, and will be incorporated by reference in the Auction Agent Agreement and each Broker-Dealer Agreement. The terms not defined below are defined in the prospectus or in the Glossary in the prospectus. Nothing contained in this Appendix C constitutes a representation by the Fund that in each Auction each party referred to herein actually will perform the procedures described herein to be performed by such party.

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

Paragraph 10(a) Certain Definitions.

As used in this Paragraph 10, the following terms shall have the following meanings, unless the context otherwise requires:

- (i) **AMPS** shall mean the shares of AMPS being auctioned pursuant to this Paragraph 10.
- (ii) **Auction Date** shall mean the first Business Day preceding the first day of a Dividend Period.
- (iii) **Available AMPS** shall have the meaning specified in Paragraph 10(d)(i) below.
- (iv) **Bid** shall have the meaning specified in Paragraph 10(b)(i) below.
- (v) **Bidder** shall have the meaning specified in Paragraph 10(b)(i) below.
- (vi) **Hold Order** shall have the meaning specified in Paragraph 10(b)(i) below.
- (vii) **Maximum Applicable Rate** for any Dividend Period will be the higher of the Applicable Percentage of the Reference Rate or the Applicable Spread plus the Reference Rate. The Applicable Percentage and the Applicable Spread will be determined based on (i) the lower of the credit rating or ratings assigned on such date to such shares by Moody's and S&P (or if Moody's or S&P or both shall not make such rating available, the equivalent of either or both of such ratings by a Substitute Rating Agency or two Substitute Rating Agencies or, in the event that only one such rating shall be available, such rating) and (ii) whether the Fund has provided notification to the Auction Agent prior to the Auction establishing the Applicable Rate for any dividend that net capital gains or other taxable income will be included in such dividend on shares of AMPS as follows:

Credit Ratings		Applicable Percentage of Reference Rate Notification	Applicable Percentage of Reference Rate Notification	Applicable Spread Over Reference Rate No Notification	Applicable Spread Over Reference Rate Notification
Moody's	S&P				
Aaa	AAA	110%	125%	1.10%	1.25%
Aa3 to Aa1	AA- to AA+	125%	150%	1.25%	1.50%
A3 to A1	A- to A+	150%	200%	1.50%	2.00%
Baa3 to Baa1	BBB- to BBB+	175%	250%	1.75%	2.50%
Below Baa3	Below BBB-	200%	300%	2.00%	3.00%

The Applicable Percentage and the Applicable Spread as so determined may be further subject to upward but not downward adjustment in the discretion of the Board of Directors of the Fund after consultation with the Broker-Dealers, provided that immediately following any such increase the Fund would be in compliance with the AMPS Basic Maintenance Amount. Subject to the provisions of paragraph 12 of the Articles Supplementary entitled Termination of Rating Agency Provisions, the Fund shall take all reasonable action necessary to enable S&P and Moody's to provide a rating for the AMPS. If either S&P or Moody's shall not make such a rating available or if neither S&P nor Moody's shall make such a rating available, subject to the provisions of paragraph 12 of the Articles Supplementary entitled Termination of Rating Agency Provisions, Merrill Lynch, Pierce, Fenner & Smith Incorporated or its affiliates and successors, after obtaining the Fund's approval, shall select a NRSRO or two NRSROs to act as a Substitute Rating Agency or Substitute Rating Agencies, as the case may be.

- (viii) **Order** shall have the meaning specified in Paragraph 10(b)(i) below.
- (ix) **Sell Order** shall have the meaning specified in Paragraph 10(b)(i) below.

C-1

(x) **Submission Deadline** shall mean 1:00 p.m., Eastern time, on any Auction Date or such other time on any Auction Date as may be specified by the Auction Agent from time to time as the time by which each Broker-Dealer must submit to the Auction Agent in writing all Orders obtained by it for the Auction to be conducted on such Auction Date.

- (xi) **Submitted Bid** shall have the meaning specified in Paragraph 10(d)(i) below.

- (xii) Submitted Hold Order shall have the meaning specified in Paragraph 10(d)(i) below.
- (xiii) Submitted Order shall have the meaning specified in Paragraph 10(d)(i) below.
- (xiv) Submitted Sell Order shall have the meaning specified in Paragraph 10(d)(i) below.
- (xv) Sufficient Clearing Bids shall have the meaning specified in Paragraph 10(d)(i) below.
- (xvi) Winning Bid Rate shall have the meaning specified in Paragraph 10(d)(i) below.

Paragraph 10(b) Orders by Beneficial Owners, Potential Beneficial Owners, Existing Holders And Potential Holders.

(i) Unless otherwise permitted by the Fund, Beneficial Owners and Potential Beneficial Owners may only participate in Auctions through their Broker-Dealers. Broker-Dealers will submit the Orders of their respective customers who are Beneficial Owners and Potential Beneficial Owners to the Auction Agent, designating themselves as Existing Holders in respect of shares subject to Orders submitted or deemed submitted to them by Beneficial Owners and as Potential Holders in respect of shares subject to Orders submitted to them by Potential Beneficial Owners. A Broker-Dealer may also hold shares of AMPS in its own account as a Beneficial Owner. A Broker-Dealer may thus submit Orders to the Auction Agent as a Beneficial Owner or a Potential Beneficial Owner and therefore participate in an Auction as an Existing Holder or Potential Holder on behalf of both itself and its customers. On or prior to the Submission Deadline on each Auction Date:

(A) each Beneficial Owner may submit to its Broker-Dealer information as to:

(1) the number of outstanding shares, if any, of AMPS held by such Beneficial Owner which such Beneficial Owner desires to continue to hold without regard to the Applicable Rate for the next succeeding Dividend Period;

(2) the number of outstanding shares, if any, of AMPS held by such Beneficial Owner which such Beneficial Owner desires to continue to hold, provided that the Applicable Rate for the next succeeding Dividend Period shall not be less than the rate per annum specified by such Beneficial Owner; and/or

(3) the number of outstanding shares, if any, of AMPS held by such Beneficial Owner which such Beneficial Owner offers to sell without regard to the Applicable Rate for the next succeeding Dividend Period; and

(B) each Broker-Dealer, using a list of Potential Beneficial Owners that shall be maintained in good faith for the purpose of conducting a competitive Auction, shall contact Potential Beneficial Owners, including Persons that are not Beneficial Owners, on such list to determine the number of outstanding shares, if any, of AMPS which each such Potential Beneficial Owner offers to purchase, provided that the Applicable Rate for the next succeeding Dividend Period shall not be less than the rate per annum specified by such Potential Beneficial Owner.

For the purposes hereof, the communication by a Beneficial Owner or Potential Beneficial Owner to a Broker-Dealer, or the communication by a Broker-Dealer acting for its own account to the Auction Agent, of information referred to in clause (A) or (B) of this Paragraph 10(b)(i) is hereinafter referred to as an Order and each Beneficial Owner and each Potential Beneficial Owner placing an Order, including a Broker-Dealer acting in such capacity for its own account, is hereinafter referred to as a Bidder; an Order containing the information referred to in clause (A)(1) of this Paragraph 10(b)(i) is hereinafter referred to as a Hold Order; an Order containing the information referred to in clause (A)(2) or (B) of this Paragraph 10(b)(i) is hereinafter referred to as a Bid; and an Order containing the information referred to in clause (A)(3) of this Paragraph 10(b)(i) is hereinafter referred to as a Sell Order. Inasmuch as a Broker-Dealer participates in an Auction as an Existing

Edgar Filing: PAR TECHNOLOGY CORP - Form DEF 14A

(ii) (A) A Bid by an Existing Holder shall constitute an irrevocable offer to sell:

(1) the number of outstanding shares of AMPS specified in such Bid if the Applicable Rate determined on such Auction Date shall be less than the rate per annum specified in such Bid; or

(2) such number or a lesser number of outstanding shares of AMPS to be determined as set forth in Paragraph 10(e)(i)(D) if the Applicable Rate determined on such Auction Date shall be equal to the rate per annum specified therein; or

(3) a lesser number of outstanding shares of AMPS to be determined as set forth in Paragraph 10(e)(ii)(C) if such specified rate per annum shall be higher than the Maximum Applicable Rate and Sufficient Clearing Bids do not exist.

(B) A Sell Order by an Existing Holder shall constitute an irrevocable offer to sell:

(1) the number of outstanding shares of AMPS specified in such Sell Order, or

(2) such number or a lesser number of outstanding shares of AMPS to be determined as set forth in Paragraph 10(e)(ii)(C) if Sufficient Clearing Bids do not exist.

(C) A Bid by a Potential Holder shall constitute an irrevocable offer to purchase:

(1) the number of outstanding shares of AMPS specified in such Bid if the Applicable Rate determined on such Auction Date shall be higher than the rate per annum specified in such Bid; or

(2) such number or a lesser number of outstanding shares of AMPS to be determined as set forth in Paragraph 10(e)(i)(E) if the Applicable Rate determined on such Auction Date shall be equal to the rate per annum specified therein.

Paragraph 10(c) Submission of Orders by Broker-Dealers to Auction Agent.

(i) Each Broker-Dealer shall submit in writing or through a mutually acceptable electronic means to the Auction Agent prior to the Submission Deadline on each Auction Date all Orders obtained by such Broker-Dealer, designating itself (unless otherwise permitted by the Fund) as an Existing Holder in respect of shares subject to Orders submitted or deemed submitted to it by Beneficial Owners and as a Potential Holder in respect of shares subject to Orders submitted to it by Potential Beneficial Owners, and specifying with respect to each Order:

(A) the name of the Bidder placing such Order (which shall be the Broker-Dealer unless otherwise permitted by the Fund);

(B) the aggregate number of outstanding shares of AMPS that are the subject of such Order;

(C) to the extent that such Bidder is an Existing Holder

(1) the number of outstanding shares, if any, of AMPS subject to any Hold Order placed by such Existing Holder;

(2) the number of outstanding shares, if any, of AMPS subject to any Bid placed by such Existing Holder and the rate per annum specified in such Bid; and

(3) the number of outstanding shares, if any, of AMPS subject to any Sell Order placed by such Existing Holder; and

(D) to the extent such Bidder is a Potential Holder, the rate per annum specified in such Potential Holder's Bid.

(ii) If any rate per annum specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one-thousandth (.001) of 1%.

(iii) If an Order or Orders covering all of the outstanding shares of AMPS held by an Existing Holder are not submitted to the Auction Agent prior to the Submission Deadline, the Auction Agent shall deem a Hold Order (in the case of an Auction relating to a Dividend Period which is not a Special Dividend Period of more than 28 days) and a Sell Order (in the case of an Auction relating to a Special Dividend Period of more than 28 days) to have been submitted on behalf of such Existing Holder covering the number of outstanding shares of AMPS held by such Existing Holder and not subject to Orders submitted to the Auction Agent.

(iv) If one or more Orders on behalf of an Existing Holder covering in the aggregate more than the number of outstanding shares of AMPS held by such Existing Holder are submitted to the Auction Agent, such Orders shall be considered valid as follows and in the following order of priority:

(A) any Hold Order submitted on behalf of such Existing Holder shall be considered valid up to and including the number of outstanding shares of AMPS held by such Existing Holder; provided that if more than one Hold Order is submitted on behalf of such Existing Holder and the number of shares of AMPS subject to such Hold Orders exceeds the number of outstanding shares of AMPS held by such Existing Holder, the number of shares of AMPS subject to each of such Hold Orders shall be reduced pro rata so that such Hold Orders, in the aggregate, cover exactly the number of outstanding shares of AMPS held by such Existing Holder;

(B) any Bids submitted on behalf of such Existing Holder shall be considered valid, in the ascending order of their respective rates per annum if more than one Bid is submitted on behalf of such Existing Holder, up to and including the excess of the number of outstanding shares of AMPS held by such Existing Holder over the number of shares of AMPS subject to any Hold Order referred to in Paragraph 10(c)(iv)(A) above (and if more than one Bid submitted on behalf of such Existing Holder specifies the same rate per annum and together they cover more than the remaining number of shares that can be the subject of valid Bids after application of Paragraph 10(c)(iv)(A) above and of the foregoing portion of this Paragraph 10(c)(iv)(B) to any Bid or Bids specifying a lower rate or rates per annum, the number of shares subject to each of such Bids shall be reduced pro rata so that such Bids, in the aggregate, cover exactly such remaining number of shares); and the number of shares, if any, subject to Bids not valid under this Paragraph 10(c)(iv)(B) shall be treated as the subject of a Bid by a Potential Holder; and

(C) any Sell Order shall be considered valid up to and including the excess of the number of outstanding shares of AMPS held by such Existing Holder over the number of shares of AMPS subject to Hold Orders referred to in Paragraph 10(c)(iv)(A) and Bids referred to in Paragraph 10(c)(iv)(B); provided that if more than one Sell Order is submitted on behalf of any Existing Holder and the number of shares of AMPS subject to such Sell Orders is greater than such excess, the number of shares of AMPS subject to each of such Sell Orders shall be reduced pro rata so that such Sell Orders, in the aggregate, cover exactly the number of shares of AMPS equal to such excess.

(v) If more than one Bid is submitted on behalf of any Potential Holder, each Bid submitted shall be a separate Bid with the rate per annum and number of shares of AMPS therein specified.

(vi) Any Order submitted by a Beneficial Owner or a Potential Beneficial Owner to its Broker-Dealer, or by a Broker-Dealer to the Auction Agent, prior to the Submission Deadline on any Auction Date shall be irrevocable.

Paragraph 10(d) Determination of Sufficient Clearing Bids, Winning Bid Rate and Applicable Rate.

(i) Not earlier than the Submission Deadline on each Auction Date, the Auction Agent shall assemble all Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to individually as a Submitted Hold Order, a Submitted Bid or a Submitted Sell Order, as the case may be, or as a Submitted Order) and shall determine:

(A) the excess of the total number of outstanding shares of AMPS over the number of outstanding shares of AMPS that are the subject of Submitted Hold Orders (such excess being hereinafter referred to as the Available AMPS);

(B) from the Submitted Orders whether the number of outstanding shares of AMPS that are the subject of Submitted Bids by Potential Holders specifying one or more rates per annum equal to or lower than the Maximum Applicable Rate exceeds or is equal to the sum of:

(1) the number of outstanding shares of AMPS that are the subject of Submitted Bids by Existing Holders specifying one or more rates per annum higher than the Maximum Applicable Rate, and

(2) the number of outstanding shares of AMPS that are subject to Submitted Sell Orders (if such excess or such equality exists (other than because the number of outstanding shares of AMPS in clauses (1) and (2) above are each zero because all of the outstanding shares of AMPS are the subject of Submitted Hold Orders), such Submitted Bids by Potential Holders hereinafter being referred to collectively as Sufficient Clearing Bids); and

(C) if Sufficient Clearing Bids exist, the lowest rate per annum specified in the Submitted Bids (the Winning Bid Rate) that if:

(1) each Submitted Bid from Existing Holders specifying the Winning Bid Rate and all other submitted Bids from Existing Holders specifying lower rates per annum were rejected, thus entitling such Existing Holders to continue to hold the shares of AMPS that are the subject of such Submitted Bids, and

(2) each Submitted Bid from Potential Holders specifying the Winning Bid Rate and all other Submitted Bids from Potential Holders specifying lower rates per annum were accepted, thus entitling the Potential Holders to purchase the shares of AMPS that are the subject of such Submitted Bids, would result in the number of shares subject to all Submitted Bids specifying the Winning Bid Rate or a lower rate per annum being at least equal to the Available AMPS.

(ii) Promptly after the Auction Agent has made the determinations pursuant to Paragraph 10(d)(i), the Auction Agent shall advise the Fund of the Maximum Applicable Rate and, based on such determinations, the Applicable Rate for the next succeeding Dividend Period as follows:

(A) if Sufficient Clearing Bids exist, that the Applicable Rate for the next succeeding Dividend Period shall be equal to the Winning Bid Rate;

(B) if Sufficient Clearing Bids do not exist (other than because all of the outstanding shares of AMPS are the subject of Submitted Hold Orders), that the Applicable Rate for the next succeeding Dividend Period shall be equal to the Maximum Applicable Rate; or

(C) if all of the outstanding shares of AMPS are the subject of Submitted Hold Orders, the Dividend Period next succeeding the Auction automatically shall be the same length as the immediately preceding Dividend Period and the Applicable Rate for the next succeeding Dividend Period shall be equal to 60% of the Reference Rate (or 90% of such rate if the Fund has provided notification to the Auction Agent prior to establishing the Applicable Rate for any dividend that net capital gain or other taxable income will be included in such dividend on shares of AMPS) on the date of the Auction.

Paragraph 10(e) Acceptance and Rejection of Submitted Bids and Submitted Sell Orders and Allocation of Shares.

Based on the determinations made pursuant to Paragraph 10(d)(i), the Submitted Bids and Submitted Sell Orders shall be accepted or rejected and the Auction Agent shall take such other action as set forth below:

(i) If Sufficient Clearing Bids have been made, subject to the provisions of Paragraph 10(e)(iii) and Paragraph 10(e)(iv), Submitted Bids and Submitted Sell Orders shall be accepted or rejected in the following order of priority and all other Submitted Bids shall be rejected:

(A) the Submitted Sell Orders of Existing Holders shall be accepted and the Submitted Bid of each of the Existing Holders specifying any rate per annum that is higher than the Winning Bid Rate shall be accepted, thus requiring each such Existing Holder to sell the outstanding shares of AMPS that are the subject of such Submitted Sell Order or Submitted Bid;

(B) the Submitted Bid of each of the Existing Holders specifying any rate per annum that is lower than the Winning Bid Rate shall be rejected, thus entitling each such Existing Holder to continue to hold the outstanding shares of AMPS that are the subject of such Submitted Bid;

(C) the Submitted Bid of each of the Potential Holders specifying any rate per annum that is lower than the Winning Bid Rate shall be accepted;

(D) the Submitted Bid of each of the Existing Holders specifying a rate per annum that is equal to the Winning Bid Rate shall be rejected, thus entitling each such Existing Holder to continue to hold the outstanding shares of AMPS that are the subject of such Submitted Bid, unless the number of outstanding shares of AMPS subject to all such Submitted Bids shall be greater than the number of outstanding shares of AMPS (Remaining Shares) equal to the excess of the Available AMPS over the number of outstanding shares of AMPS subject to Submitted Bids described in Paragraph 10(e)(i)(B) and Paragraph 10(e)(i)(C), in which event the Submitted Bids of each such Existing Holder shall be accepted, and each such Existing Holder shall be required to sell outstanding shares of AMPS, but only in an amount equal to the difference between (1) the number of outstanding shares of AMPS then held by such Existing Holder subject to such Submitted Bid and (2) the number of shares of AMPS obtained by multiplying (x) the number of Remaining Shares by (y) a fraction the numerator of which shall be the number of outstanding shares of AMPS held by such Existing Holder subject to such Submitted Bid and the denominator of which shall be the sum of the numbers of outstanding shares of AMPS subject to such Submitted Bids made by all such Existing Holders that specified a rate per annum equal to the Winning Bid Rate; and

(E) the Submitted Bid of each of the Potential Holders specifying a rate per annum that is equal to the Winning Bid Rate shall be accepted but only in an amount equal to the number of outstanding shares of AMPS obtained by multiplying (x) the difference between the Available AMPS and the number of outstanding shares of AMPS subject to Submitted Bids described in Paragraph 10(e)(i)(B), Paragraph 10(e)(i)(C) and Paragraph 10(e)(i)(D) by (y) a fraction the numerator of which shall be the number of outstanding shares of AMPS subject to such Submitted Bid and the denominator of which shall be the sum of the number of outstanding shares of AMPS subject to such Submitted Bids made by all such Potential Holders that specified rates per annum equal to the Winning Bid Rate.

(ii) If Sufficient Clearing Bids have not been made (other than because all of the outstanding shares of AMPS are subject to Submitted Hold Orders), subject to the provisions of Paragraph 10(e)(iii), Submitted Orders shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids shall be rejected:

(A) the Submitted Bid of each Existing Holder specifying any rate per annum that is equal to or lower than the Maximum Applicable Rate shall be rejected, thus entitling such Existing Holder to continue to hold the outstanding shares of AMPS that are the subject of such Submitted Bid;

(B) the Submitted Bid of each Potential Holder specifying any rate per annum that is equal to or lower than the Maximum Applicable Rate shall be accepted, thus requiring such Potential Holder to purchase the outstanding shares of AMPS that are the subject of such Submitted Bid; and

(C) the Submitted Bids of each Existing Holder specifying any rate per annum that is higher than the Maximum Applicable Rate shall be accepted and the Submitted Sell Orders of each Existing Holder shall be accepted, in both cases only in an amount equal to the difference between (1) the number of outstanding shares of AMPS then held by such Existing Holder subject to such Submitted Bid or Submitted Sell Order and (2) the number of shares of AMPS obtained by multiplying (x) the difference between the Available AMPS and the aggregate number of outstanding shares of AMPS subject to Submitted Bids described in Paragraph 10(e)(ii)(A) and Paragraph 10(e)(ii)(B) by (y) a fraction the numerator of which shall be the number of outstanding shares of AMPS held by such Existing Holder subject to such Submitted Bid or Submitted Sell Order and the denominator of which shall be the number of outstanding shares of AMPS subject to all such Submitted Bids and Submitted Sell Orders.

(iii) If, as a result of the procedures described in Paragraph 10(e)(i) or Paragraph 10(e)(ii), any Existing Holder would be entitled or required to sell, or any Potential Holder would be entitled or required to purchase, a fraction of a share of AMPS on any Auction Date, the Auction Agent shall, in such manner as in its sole discretion it shall determine, round up or down the number of shares of AMPS to be purchased or sold by any Existing Holder or Potential Holder on such Auction Date so that each outstanding share of AMPS purchased or sold by each Existing Holder or Potential Holder on such Auction Date shall be a whole share of AMPS.

(iv) If, as a result of the procedures described in Paragraph 10(e)(i), any Potential Holder would be entitled or required to purchase less than a whole share of AMPS on any Auction Date, the Auction Agent, in such manner as in its sole discretion it shall determine, shall allocate shares of AMPS for purchase among Potential Holders so that only whole shares of AMPS are purchased on such Auction Date by any Potential Holder, even if such allocation results in one or more of such Potential Holders not purchasing any shares of AMPS on such Auction Date.

(v) Based on the results of each Auction, the Auction Agent shall determine, with respect to each Broker-Dealer that submitted Bids or Sell Orders on behalf of Existing Holders or Potential Holders, the aggregate number of the outstanding shares of AMPS to be purchased and the aggregate number of outstanding shares of AMPS to be sold by such Potential Holders and Existing Holders and, to the extent that such aggregate number of outstanding shares to be purchased and such aggregate number of outstanding shares to be sold differ, the Auction Agent shall determine to which other Broker-Dealer or Broker-Dealers acting for one or more purchasers such Broker-Dealer shall deliver, or from which other Broker-Dealer or Broker-Dealers acting for one or more sellers such Broker-Dealer shall receive, as the case may be, outstanding shares of AMPS.

Paragraph 10(f) Miscellaneous.

The Fund may interpret the provisions of this Paragraph 10 to resolve any inconsistency or ambiguity, remedy any formal defect or make any other change or modification that does not substantially adversely affect the rights of Beneficial Owners of AMPS. A Beneficial Owner or an Existing Holder (A) may sell, transfer or otherwise dispose of shares of AMPS only pursuant to a Bid or Sell Order in accordance with the procedures described in this Paragraph 10 or to or through a Broker-Dealer, provided that in the case of all transfers other than pursuant to Auctions such Beneficial Owner or Existing Holder, its Broker-Dealer, if applicable, or its Agent Member advises the Auction Agent of such transfer and (B) except as otherwise required by law, shall have the ownership of the shares of AMPS held by it maintained in book entry form by the Securities Depository in the account of its Agent Member, which in turn will maintain records of such Beneficial Owner's beneficial ownership. Neither the Fund nor any affiliate (other than Merrill Lynch, Pierce, Fenner & Smith Incorporated) shall submit an Order in any Auction. Any Beneficial Owner that is an affiliate (other than Merrill Lynch, Pierce, Fenner & Smith Incorporated) shall not sell, transfer or otherwise dispose of shares of AMPS to any person other than the Fund. All of the outstanding shares of AMPS of a series shall be represented by a single certificate registered in the name of the nominee of the Securities Depository unless otherwise required by law or unless there is no Securities Depository. If there is no Securities Depository, at the Fund's option and upon its receipt of such documents as it deems appropriate, any shares of AMPS may be registered in the Stock Register in the name of the Beneficial Owner thereof and such Beneficial Owner thereupon will be entitled to receive certificates therefor and required to deliver certificates thereof or upon transfer or exchange thereof.
