PAR TECHNOLOGY CORPORATION ANNOUNCES

2012 SECOND QUARTER RESULTS

New Hartford, NY- August 1, 2012 -- PAR Technology Corporation (NYSE: PAR) today announced results for the second quarter ended June 30, 2012. PAR reported revenues of \$62.1 million and net loss from continuing operations of \$511,000 or \$0.03 loss per diluted share. For the second quarter of 2011, PAR reported revenue of \$56.4 million and net loss from continuing operations of \$17.5 million or \$1.17 loss per diluted share. On an adjusted, non-GAAP basis, excluding the impact of non-recurring charges incurred during the period and reflecting the reclassification of continuing operations, PAR recorded net income of \$1.3 million or \$0.09 per diluted share for the second quarter of 2011.

Included in the current period net loss was a non-operating loss of \$0.02 per share associated with the second quarter of 2012 sale of common stock received as consideration as part of the Company's divestiture of its Logistics Management business in January.

Commenting on the second quarter, Paul B. Domorski, Chairman and Chief Executive Officer, stated, "I said on last quarter's earnings conference call that the second quarter would be challenging due to the slowdown of our McDonalds business, and as we begin to ramp new deployments. Despite this, hospitality revenue increased sequentially, as we recognized revenue from several ongoing deployments with other restaurant chains, which we expect to continue for the coming quarters. We remain encouraged about PAR's prospects. Our two new cloud based products, ATRIO™ and EverServ SureCheck™, continue to draw increasing interest in the marketplace, and we are engaged in numerous discussions with large potential customers. Our momentum in restaurants received a major boost with last week's introduction of our new PAR EverServ® 7000 point-of-sale platform, for which early interest has been very encouraging. The 7000 Series POS terminal has a sleek design, innovative technology featuring multi-touch capability, and delivers the rugged durability for which PAR is renowned. Our Government business reported record revenues this past quarter driven by the Eagle Intel-X contract along with newly signed and additional add-on contracts with the U.S. Department of Defense."

"In closing, PAR's financial strength remains strong, as we have more than \$17 million of cash and investments and very little debt. While business in the second quarter was challenging, we believe we are in a good position to expand and improve our results in the second half of 2012."

Certain Company information in this release or statements made by its spokespersons from time to time may contain forward-looking statements. Any statements in this document that do not describe historical facts are forward-looking

statements. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Investors are cautioned that all forward-looking statements involve risks and uncertainties, including without limitation, delays in new product introduction, risks in technology development and commercialization, risks in product development and market acceptance of and demand for the Company's products, risks of downturns in economic conditions generally, and in the quick service sector of the restaurant market specifically, risks of intellectual property rights associated with competition and competitive pricing pressures, risks associated with foreign sales and high customer concentration, and other risks detailed in the Company's filings with the Securities and Exchange Commission.

## About PAR Technology Corporation

PAR Technology Corporation's stock is traded on the New York Stock Exchange under the symbol PAR. PAR has two operating segments:

- PAR's Hospitality segment has been a leading provider of restaurant and retail technology for more than 30 years. ParTech, Inc. offers technology solutions for the full spectrum of restaurant operations, from large chain and independent table service restaurants to international quick service chains. PAR Springer-Miller Systems, Inc. offers hotel management systems that provide a complete suite of powerful tools for guest management, recreation management, and timeshare/condo management. PAR Springer-Miller Systems also provides the spa industry a leading management application that was specifically designed to support the unique needs of the resort spa and day spa markets, a rapidly growing hospitality segment. Products from PAR also can be found in retailers, cinemas, cruise lines, stadiums and food service companies.
- PAR's Government segment is comprised of PAR Government Systems Corporation, which provides system solutions to Federal/State Government agencies, and Rome Research Corporation, which is a leading provider of communications and information technology support services to the United States Department of Defense.

Visit [www.partech.com](http://www.partech.com) for more information.

There will be a conference call at 10:00 a.m. (Eastern) on August 1, 2012, during which the Company's management will discuss the financial results for the second quarter of 2012. If you would like to participate in this conference call, please dial 1-800-260-8140 approximately 10 minutes before the scheduled beginning and use the PAR passcode 26579296. Individual and institutional investors also will have the opportunity to listen to the conference call live over the Internet. Individual investors can listen by visiting PAR's website at [www.partech.com](http://www.partech.com) or by visiting CCBN's individual investor center at [www.companyboardroom.com](http://www.companyboardroom.com) or any of the investor sites in CCBN's Individual Investor Network. Institutional investors can access the call via CCBN's password-protected site, StreetEvents ([www.streetevents.com](http://www.streetevents.com)). If you are unable to participate in the conference call, an automatic replay will be available until August 8, 2012 via [www.companyboardroom.com](http://www.companyboardroom.com) or via telephone by dialing 1-888-286-8010 and using the passcode 96484302.

The Company reports its financial results in accordance with GAAP. However, non-GAAP adjusted financial measures, as defined in the reconciliation table above, are provided herein because management uses such measures in evaluating the results of the continuing operations of the Company and believes this information provides investors better insight into underlying business trends and performance. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company's reported results prepared in accordance with GAAP.

For the three and six months ended June 30, 2011, the Company recorded total charges of \$29.4 million primarily related to an impairment of goodwill and intangible assets of —\$20.8 million. Additionally, the Company recorded a charge of \$7.7 million related to a non-recurring write-down of certain inventory associated with discontinued products, and charges of \$0.9 million related to the consolidation of some of its facilities. The aforementioned charges have been recorded net of tax benefit of \$10.6 million and have been excluded in the Company's non-GAAP measures because they are considered non-recurring in nature and are quantitatively and qualitatively different from the Company's core operations during any particular period.
