ELECTION OF DIRECTORS

General Information

The Bylaws of Franklin Financial provide that the Board of Directors shall consist of not less than five nor more than twenty-five persons and that the directors shall be classified with respect to the time they shall severally hold office by dividing them into three classes, each consisting as nearly as possible of one-third of the number of the whole Board of Directors. The Bylaws further provide that the directors of each class shall be elected for a term of three years so that the term of office of one class of directors shall expire in each year. Finally, the Bylaws provide that the number of directors in each class of directors shall be determined by the Board of Directors.

A majority of the Board of Directors may increase the number of directors between meetings of shareholders. Any vacancy occurring in the Board of Directors, whether due to an increase in the number of directors, resignation, retirement, death, or any other

reason, may be filled by appointment by the remaining directors. Any director who is appointed to fill a vacancy shall hold office until his successor is duly elected by the shareholders at the next Annual Meeting at which directors in his class are elected.

Franklin Financial's Bylaws provide for the mandatory retirement of directors at the end of the calendar year in which a director reaches age 72. The Corporate Governance Guidelines provide that no director may be nominated to a new term if he or she would be age 72 or older at the time of election. Director Walker will reach the mandatory retirement age in 2019.

The Board of Directors has determined that the Board shall consist of twelve directors. There are four directors whose terms of office will expire at the 2019 Annual Meeting and one continuing director whose term will end at the end of 2019, and seven continuing directors whose terms of office will expire at the 2020 or 2021 Annual Meeting. The Board of Directors has nominated the following persons for election to the Board of Directors at the 2019 Annual Meeting to the class and for the term specified below:

CLASS B

For a Term of Three Years

Martin R. Brown Gregory A. Duffey Allan E. Jennings, Jr. Patricia D. Lacy

In the event that any of the foregoing nominees are unable to accept nomination or election, the shares represented by any proxy given pursuant to this solicitation will be voted in favor of such other persons as the Board of Directors of Franklin Financial may recommend. The Board of Directors, however, has no reason to believe that any of its nominees will be unable to accept nomination or to serve as a director if elected.

Nominations for Election of Directors

In accordance with Section 3.5 of the Bylaws of Franklin Financial, any shareholder of record entitled to vote for the election of directors who is a shareholder on the record date and on the date of the meeting at which directors are to be elected may nominate a candidate for election to the Board of Directors, provided that the shareholder has given proper written notice of the nomination, which notice must contain certain prescribed information and must be delivered to the President of Franklin Financial not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting. The Chairman of the meeting must determine whether a nomination has been made in accordance with the requirements of the Bylaws and, if he determines that a nomination is defective, such nomination and any votes cast for the nominee shall be disregarded.

Shareholders may also recommend qualified persons for consideration by the Nominating and Corporate Governance Committee to be included in Franklin Financial's proxy materials as a nominee of the Board of Directors. A shareholder who wishes to make such a recommendation must submit his recommendation in writing addressed to the Chairman of the Board, Franklin Financial Services Corporation, P.O. Box 6010, Chambersburg, Pennsylvania 17201-6010. The recommendation must include the proposed nominee's name and qualifications and must be delivered not less than 120 days prior to the anniversary date of the immediately preceding annual meeting.

Nominating and Corporate Governance Committee Process for the Selection and Evaluation of Nominees

Franklin Financial's Board of Directors has adopted a Job Description identifying the qualifications expected of a member of the Board of Directors and the criteria to be applied by the Nominating and Corporate Governance Committee in evaluating candidates who will be recommended to the Board of Directors as nominees for election to the Board. A candidate must possess good business judgment and must be free of any relationship which would compromise their ability to properly perform the duties of a director. A candidate must have sufficient financial background and experience to be able to read and understand financial statements and to evaluate financial performance. A candidate should have proven leadership skills and management experience and should be actively involved in the community served by Franklin Financial and its subsidiaries. A candidate must be willing and able to commit the time and attention necessary to actively participate in Board affairs. In addition, a candidate must be a person of integrity and sound character. Although the Nominating and Corporate Governance Committee does not have a policy with regard to considering diversity in identifying nominees for director, the Committee does consider whether a candidate's age, background, skills and experience will compliment or supplement those of other members of the Board of Directors in order to achieve an appropriate balance and diversity of such qualities and characteristics.

The Nominating and Corporate Governance Committee uses a variety of methods for identifying and evaluating potential nominees for election to the Board of Directors. The Nominating and Corporate Governance Committee regularly assesses the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that a vacancy is anticipated or otherwise arises, the Nominating and Corporate Governance Committee typically considers and interviews several potential candidates for appointment to fill the vacancy. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, shareholders and other persons. These candidates are evaluated by the Nominating and Corporate Governance Committee and may be considered at any time during the year. In evaluating potential

nominees, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, skills and experience on the Board. The Nominating and Corporate Governance Committee has not engaged third party consultants in connection with the identification or evaluation of potential nominees.

The Nominating and Corporate Governance Committee will consider persons recommended by shareholders as potential nominees for election to the Board of Directors, provided that recommendations are made in accordance with the procedures described above under the caption "Nominations for Election of Directors." A potential nominee who is recommended by a shareholder will be evaluated by the Nominating and Corporate Governance Committee in the same fashion as other persons who are considered by the Committee as potential candidates for election to the Board of Directors.

Director Independence

The Board of Directors has determined that each director is an "independent director," as such term is defined in the NASDAQ Stock Market Rules except for Timothy G. Henry, President and CEO, Franklin Financial Services Corporation and Farmers and Merchants Trust Company.

- (1) The amount reported is the aggregate dollar value of all fees earned (even if deferred) or paid in cash for services as a director in 2018, including annual retainer fees, committee and/or chairmanship fees and meeting fees.
- (2) The amounts reported in this column consist of payouts earned in the indicated year in respect of the Company's performance for the previous year under the Director Pay for Performance Program, a non-equity incentive compensation plan described below.
- (3) The amount reported is the annual premium paid by Franklin Financial on a split-dollar life insurance policy maintained for the benefit of the director.
- (4) The amount reported is the amount paid to the Director under a deferred compensation arrangement known as the Brick Plan described below.

Director fees payable by F&M Trust are eligible to be deferred pursuant to the Farmers and Merchants Trust Company of Chambersburg Directors' Deferred Compensation Plan (the "Director Deferred Compensation Plan"). Participation in the Director Deferred Compensation Plan is voluntary and each participant may elect each year to defer all or a portion of their F&M Trust director's fees. Each participant directs the investment of his own account among various publicly available mutual funds designated by the Bank's Investment and Trust Services department. Growth of each participant's account is a result of investment performance and is not the result of an interest factor or interest formula established by the participant or the Bank. The balance in such director's deferred benefit account is payable to a designated beneficiary within 60 days upon the first to occur of the director's retirement from the Board or death. The director may select a lump sum payout or may elect to receive a payout over a period of up to five years. Directors participating in this plan and amounts deferred for 2018 are: Brown, Fisher, Fry, Lacy and Walker. Each participating director deferred \$18,048.

Director fees payable by F&M Trust from 1982 to 1988 were eligible to be deferred under a deferred compensation arrangement known as the Brick Plan. The components of the plan were life insurance policies on the lives of the participating directors with the Bank as beneficiary and an individual agreement between the Bank and each director that outlined future payments

to the director commencing at age 65. The director is to be paid a fixed amount monthly over a ten year period beginning at age 65. Director Walker received a payout of \$16,392 in 2018 and is the only director in the plan.

In January, 2008, the Board of Directors adopted the Director Pay for Performance Program (the "Pay for Performance Program") under the terms of which non-employee directors are eligible to receive an annual cash bonus if Franklin Financial achieves certain financial targets established in advance by the Board. The financial targets are expressed in terms of the average annual increase in diluted earnings per share over rolling measurement periods of three calendar years each. The target bonus payable under the Pay for Performance Program is an amount equal to 10% of the total Franklin Financial and F&M Trust retainer fees earned by a participant during the third calendar year of the three year measurement period. A director may receive a bonus which is more or less than the target bonus, depending upon the extent to which Franklin Financial meets or exceeds the financial target established by the Board for the three-year measurement period. Bonuses earned under the Pay for Performance Program are paid in the second quarter of the calendar year following the third calendar year of the three-year measurement period.

The following table shows the potential payouts, as described above, under the Pay for Performance Program.

(1) The Compensation and Personnel Committee met in February 2018 to address the Directors Pay for Performance Program. As part of this review, the Committee considered action taken by the Board of Directors in January 2018 to exclude the negative effect of the legal reserve and the write-down of the net deferred tax assets on the Company's net income in 2017 and for any future period calculations. This action was taken due to the unique and nonrecurring nature of these events. The effect of this adjustment increased the reported 2017 diluted earnings per share from \$.50 to \$2.84 as shown in the table above.

BOARD STRUCTURE AND COMMITTEES

Leadership of the Board of Directors is placed in an independent Chairman. The Board performs its risk management oversight role through its committee structure. In addition to the Audit, Nominating and Corporate Governance, and Compensation and Personnel committees described below, the Board also has Asset-Liability, Credit Risk Oversight, and Investment and Trust committees. An independent director chairs each of these committees. Board members are selected to serve on committees where it is believed that their knowledge and experience will be most beneficial to the Company. Each board committee meets at least quarterly.

The following table shows the committee structure of Franklin Financial and F&M Trust.

Audit Committee

Number of Meetings in 2018: 4

The Audit Committee assists the Board of Directors in fulfilling its responsibilities in providing oversight over the integrity of Franklin Financial's financial statements, Franklin Financial's compliance with applicable legal and regulatory requirements and the performance of Franklin Financial's internal audit function. The Audit Committee is responsible for the appointment, compensation, oversight and termination of Franklin Financial's independent auditors and regularly evaluates the independent auditors' independence from Franklin Financial and Franklin Financial's management. The Audit Committee reviews and approves the scope of the annual audit and is also responsible for, among other things, reporting to the Board on the results of the annual audit and reviewing the financial statements and related financial and nonfinancial disclosures included in Franklin Financial's Annual Report on Form 10-K and Quarterly Reports on Form 10-Q. The Audit Committee also reviews Franklin Financial's disclosure controls and procedures and internal controls. The Audit Committee prepares the Audit Committee Report for inclusion in the annual proxy statement and oversees investigations into complaints concerning accounting and auditing matters. The Audit Committee also meets periodically with Franklin Financial's independent auditors and with Franklin Financial's

internal auditors outside of the presence of management and has authority to retain outside legal, accounting and other professionals to assist it in meeting its responsibilities.

The Audit Committee operates under a charter adopted by the Board of Directors, which is posted on Franklin Financial's website at www.franklinfin.com. All members of the Audit Committee were at all times during 2018 "independent directors" as such term is defined by the rules of the NASDAQ Stock Market. The Board of Directors has not designated an "audit committee financial expert" as such term is defined in the Sarbanes-Oxley Act and applicable SEC rules and regulations because it believes that each member of the Audit Committee is qualified in terms of background and experience to perform his duties as a member of the Committee and because it believes that an audit committee financial expert is not necessary in light of Franklin Financial's size, the nature of its business and the relative lack of complexity of its financial statements.

Nominating and Corporate Governance Committee

Number of Meetings in 2018: 4

The Nominating and Corporate Governance Committee is responsible, among other things, for recommending to the Board of Directors persons to be nominated for election to the Board, persons to be appointed to fill vacancies on the Board and persons to be elected as officers of the Board. The Nominating and Corporate Governance Committee operates under a charter adopted by the Board of Directors, which is posted on Franklin Financial's website at www.franklinfin.com. All members of the Nominating Committee were at all times during 2018 "independent directors" as such term is defined by the rules of the NASDAQ Stock Market.

Compensation and Personnel Committee

Number of Meetings in 2018: 5

The Compensation and Personnel Committee assists the Board of Directors in fulfilling its responsibilities in providing oversight over Franklin Financial's compensation policies and procedures. The Compensation and Personnel Committee is responsible for reviewing and approving senior officer compensation, for evaluating the President and Chief Executive Officer, for overseeing the administration of the Company's compensation program generally as it affects all other officers and employees, for administering the Company's incentive compensation programs (including the Incentive Stock Option Plan), for approving and overseeing the administration of the Company's employee benefits programs, for providing insight and guidance to management with respect to employee compensation generally, and for reviewing and making recommendations to the Board with respect to director compensation. The Committee operates under a charter adopted by the Board of Directors, which is posted on Franklin Financial's website at www.franklinfin.com. All members of the Compensation and Personnel Committee were at all times during 2018 "independent directors" as such term is defined by the rules of the NASDAQ Stock Market.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation and Personnel Committee is an employee or former employee of Franklin Financial or F&M Trust. There were no compensation committee "interlocks" at any time during 2018, which in general terms means that no executive officer or director of Franklin Financial served as a director or member of the compensation committee of another entity at the same time as an executive officer of such other entity served as a director of Franklin Financial.

EXECUTIVE COMPENSATION

The Compensation and Personnel Committee of the Company's Board of Directors administers the Company's executive compensation program. The Company currently has nine senior officers, including the President and Chief Executive Officer. The Compensation and Personnel Committee, which is composed entirely of independent directors, is responsible for reviewing and approving senior officer compensation, for evaluating the President and Chief Executive Officer, for overseeing the administration of the Company's compensation program generally as it affects all other officers and employees, for administering the Company's incentive compensation programs (including the Incentive Stock Option Plan), for approving and overseeing the administration of the Company's employee benefits programs, for providing insight and guidance to management with respect to employee compensation generally, and for reviewing and making recommendations to the Board with respect to director compensation.

The Compensation and Personnel Committee operates under a charter adopted by the Board of Directors. The Committee annually reviews the adequacy of its charter and recommends changes to the Board for approval. The Committee meets at scheduled times during the year and on an "as necessary" basis, The Chairman of the

Compensation and Personnel Committee reports on Committee activities and makes Committee recommendations at meetings of the Board of Directors.

The Compensation and Personnel Committee believes that executive compensation should be tied to individual performance, should vary with the Company's performance in achieving its financial and non-financial objectives, and should be structured so as to be closely aligned with the interests of the Company's shareholders. The Committee also believes that the compensation package of each senior officer should include an at-risk, performance-based component and that this component should increase as an officer's authority and responsibility increase. The Committee's philosophy is reflected in the Company's compensation objectives for its senior officers, which are as follows:

- Create a merit-based, pay for performance incentive-driven system which is linked to the Company's financial results and other factors that directly and indirectly influence shareholder value;
- Establish a compensation system that enables the Company to attract and retain talented executives who are motivated to advance the interests of the Company's shareholders; and
- Provide a total compensation package that is fair in relation to the compensation practices of comparable financial institutions.

The elements of total compensation paid by the Company to its senior officers, including the Chief Executive Officer (the "CEO") and the other executive officers (collectively, together with the CEO, the "Named Executive Officers") identified in the Summary Compensation Table following this discussion, include:

- Base salary;
- Short-term incentive compensation in the form of cash awards granted under the Company's Management Group Pay for Performance Program;
- Long-term incentive compensation in the form of stock options granted under the Company's Incentive Stock Option Plan;
- Benefits under the Company's retirement plan; and

- Benefits under the Company's health and welfare benefits plans.

Base Salary

The base salaries of the Named Executive Officers are reviewed by the Compensation and Personnel Committee annually in December of each year, as well as at the time of any promotion or significant change in job responsibilities. Base salaries for our senior officers are established based upon the scope of their responsibilities, taking into account compensation paid by comparable financial institutions for similar positions.

Short-Term Incentive Compensation

The Company has adopted the Management Group Pay for Performance Program (the "PFP Program") for purposes of linking a portion of the compensation of its senior officers, including the Named Executive Officers, to the success of the Company in meeting certain financial targets which are established annually by the Compensation and Personnel Committee. Under the terms of the PFP Program, the Committee establishes in February of each year five distinct financial targets for the following: (1) tax equivalent net interest income, (2) noninterest income, (3) noninterest expense, (4) loan quality, and (5) corporate net income. Target (4) is measured against national peer group loan quality data published by the Federal Reserve System in the Bank Holding Company Performance Report.

Each PFP Program target is evaluated separately and is assigned a payout range expressed as a percentage of annual base salary. Payouts under the PFP Program are determined on the basis of the Company's performance relative to the targets established by the Committee. The potential annual payout for targets one through four range from 0% to 2.5%, and from 0 – 12% for target five, resulting in an aggregate payout range from 0% to 22% percent of an executive's annual base salary. To earn a payout in any target category, the established target must be met or exceeded. In addition, the PFP Program payout level is dependent upon the executive's annual performance rating and receipt of the peer group data which is usually unavailable until after the mailing of the Proxy Statement.

In February 2018, the Committee reviewed the 2017 PFP Program targets. The Committee determined that the targets for measurements (1), (2) and (3) were achieved. Measurement (4) was not achieved. With regard to measurement (5), the Committee considered action taken by the Board of Directors in January 2018 to exclude the negative effect of the legal reserve and the write-down of the net deferred tax assets on the Company's net income in 2017. This action was taken due to the unique and nonrecurring nature of these events. Excluding the effect of the previously mentioned items, measurement (5) was achieved. Based on these results, the 2017 PFP Program award was 8.5% and was paid out in 2018.

Long-Term Incentive Compensation

The Company uses the grant of incentive stock options under its Incentive Stock Option Plan as the primary vehicle for providing long-term incentive compensation opportunities to its senior officers, including the Named Executive Officers. The Plan provides for the grant of incentive stock options to purchase shares of Company common stock at a per share exercise price which is not less than 100% of the fair market value of such shares on the date that the option is granted. The award is based on the Company's average annual increase in diluted earnings per share over a three-year period. Incentive stock options are the only form of award provided for under the Plan.

The following table shows the potential incentive stock option award using a salary grade with a 1,000 shares award target for illustration.

Average Annual Increase In Diluted Earnings Per Share During a Three-year Measurement Period	Salary Grade Shares Target	Shares Awarded as a % of Target	Shares Awarded
0% or less		0%	0
.01% to 4.99%		50%	500
5.00% to 7.99%	1,000	100%	1,000
8.00% to 9.99%		125%	1,250
10.00% or greater		150%	1,500

The Company's average annual increase in diluted earnings per share as reported for calendar years 2015 through 2017 was -25.0%. Excluding the effect of the previously mentioned items, the adjusted average annual increase in diluted earnings per share for the years 2015 through 2017 was 16.5%. As a result of this increase, the Committee granted an incentive stock option award in 2018 to the Named Executive Officers at 150% of the target level.

All employees, including the Company's executive officers, are employed at will and do not have employment contracts, severance pay agreements or "golden parachute" arrangements that would be triggered upon the occurrence of a change in control of the Company.

At the Company's annual meeting of shareholders held in 2018, the shareholders approved the compensation paid to our Named Executive Officers (as defined below) in 2017 in a non-binding advisory vote by a majority of the votes cast. In consideration, in part, of that vote, the Compensation and Personnel Committee did not make any material changes to its compensation policies, procedures or practices for 2018.

ADVISORY VOTE ON COMPENSATION PAID TO NAMED EXECUTIVE OFFICERS

(“Say-On-Pay”)

The Board of Directors recognizes the interest shareholders have in the compensation of our executives. In recognition of this interest and as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), we are providing shareholders with the opportunity to cast a non-binding advisory vote to approve the compensation paid to our named executive officers as disclosed in this proxy statement.

As disclosed in the Executive Compensation Discussion, we believe that executive compensation should be tied to individual performance, should vary with the Company’s performance in achieving its financial and non-financial objectives, and should be structured so as to be closely aligned with the interests of the Company’s shareholders. We also believe that executive compensation should include an at-risk, performance based component and that this component should increase as an officer’s authority and responsibility increase. To the extent that established performance goals are exceeded, we believe that executive officers should be financially rewarded.

Base salaries for our executive officers are established based upon salary ranges for each position developed by reference to published salary surveys for comparable positions at similar financial institutions within central Pennsylvania to assure that base salaries fall within the market value for each position.

The Management Group Pay for Performance Program links a portion of executive compensation to the success of the Company in meeting certain financial targets established annually by the Compensation and Personnel Committee of the Board of Directors.

The Company uses incentive stock options as the primary vehicle for providing long term incentive compensation. Options are awarded based upon the Company’s annual increase in diluted earnings per share during the three most recent calendar year periods. The Company uses this performance measure because it believes that long term growth in diluted earnings per share is the

primary driver of both market value of the Company's common stock and of the Company's capacity to increase the amount of cash dividends it is able to pay to its shareholders.

The Company also provides health and welfare benefits to all of its employees on a nondiscriminatory basis. It also maintains a 401(k) plan for all employees and a defined benefit pension plan for persons employed prior to April 1, 2007.

Based upon the foregoing, and as discussed in the Executive Compensation Discussion and disclosed in the compensation tables and related narrative, we believe that our executive compensation programs, executive compensation levels and individual compensation actions align with our executive compensation philosophy, support its goals and provide an appropriate balance between risk and reward. For these reasons, we are asking our shareholders to approve the compensation paid to our named executive officers as disclosed in this proxy statement.

Shareholder Resolution

“RESOLVED, that the compensation of the Named Executive Officers as disclosed in the Company's proxy statement for the Annual Meeting to be held April 30, 2019 is hereby approved.”

The approval of a majority of the votes cast by shareholders present in person or by proxy and entitled to vote at the annual meeting, assuming a quorum is present, is required to approve this proposal. Although the vote is advisory and not binding in any way, the Board of Directors and the Compensation and Personnel Committee value the opinions of our shareholders and will carefully consider the result of the vote in connection with future compensation decisions for our named executive officers.

The Board of Directors recommends that you vote FOR approval of the compensation paid to our Named Executive Officers as disclosed in this proxy statement.

PROPOSAL NO. 3:

AMENDMENT TO ARTICLES OF INCORPORATION TO ADD NEW ARTICLE 13 TO AUTHORIZE
UNCERTIFICATED SHARES

The Company is seeking to amend the Articles of Incorporation to add new Article 13 which authorizes the Company to issue uncertificated shares of any or all classes and series of shares of the Company. Currently, the Company's shares may only be represented by shares with certificates. However, Pennsylvania law permits a company's shares to be issued without certificates which are called uncertificated, or book-entry, shares. However, in order for a company to issue uncertificated shares, the Company's governing documents must permit it. Currently, the Company's Articles of Incorporation do not provide for uncertificated shares.

If shareholders approve and adopt the proposed amendment to the Articles of Incorporation, the amendment will become effective upon the filing of amended and restated Articles of Incorporation with the Pennsylvania Department of State.

We recommend that the shareholders approve and adopt a proposal to amend the Company's Articles of Incorporation by adding new Article 13 to read in full and in its entirety as follows:

13. Any or all classes and series of shares of the corporation, or any part thereof, may be uncertificated shares to the extent determined by the Board of Directors from time to time; provided, however, that in no event shall any shares represented by a certificate be deemed uncertificated until the certificate is surrendered to the corporation.

Purpose of Adding Article 13

Under Pennsylvania law, the governing documents of a company may provide for shares of the company to be represented by uncertificated shares. On December 20, 2018, the Board of Directors of the Company approved and adopted amendments to the Company's Bylaws to provide for uncertificated shares. To ensure that the Company is authorized to issue uncertificated shares, on the same date, the Board of Directors approved and adopted an amendment to the Articles of Incorporation adding new Article 13 and directed that the proposed amendment to the Articles of Incorporation be submitted to the shareholders of the Corporation for their approval and adoption at the Corporation's 2019 Annual Meeting of Shareholders.

By permitting the Company's shares to be uncertificated, it provides the Company's shareholders with a greater ability to track, manage and safeguard their shares of common stock, it enables the Company to reduce and limit expenses related to the issuance of and accounting for paper certificates, including expenses related to lost certificates, it conforms to the record keeping requirements of major stock exchanges to permit book entry stock registers, and it puts the Company on equal footing with the vast majority of other financial institutions in the United States. While the Company intends to continue offering certificated shares to

those shareholders who wish to keep stock certificates, the ability to provide uncertificated shares permits the Company to meet the needs of those shareholders who wish to have their shares held in uncertificated or book-entry form.

Amendment Resolution

The board of directors proposes and recommends that shareholders approve and adopt the following resolution:

RESOLVED, that the Articles of Incorporation are hereby amended to add new Article 13 to read in full and in its entirety as follows and to be effective upon the filing and effectiveness of Articles of Amendment with the Pennsylvania Secretary of State:

13. Any or all classes and series of shares of the Corporation, or any part thereof, may be uncertificated shares to the extent determined by the Board of Directors from time to time; provided, however, that in no event shall any shares represented by a certificate be deemed uncertificated until the certificate is surrendered to the Corporation.

Required Vote and Recommendation

The amendment to the Articles of Incorporation to add new Article 13 requires the affirmative vote of the holders of a majority of the shares entitled to vote at the Annual Meeting of Shareholders.

The Board of Directors recommends that you vote FOR approval and adoption of the amendment to the Articles of Incorporation to add new Article 13.

PROPOSAL NO. 4:

aAPPROVAL AND RATIFICATION OF THE Franklin Financial Services Corporation

2019 Omnibus Stock Incentive Plan

On February 28, 2019, the Board of Directors approved and adopted the Franklin Financial Services Corporation 2019 Omnibus Stock Incentive Plan [upon the recommendation of the Compensation and Personnel Committee] (the “Omnibus Plan”). We are asking shareholders to approve and ratify the Omnibus Plan. If approved, the effective date of the Omnibus Plan will be February 28, 2019.

At the 2013 Annual Meeting of Shareholders, the Board of Directors recommended and shareholders approved the Franklin Financial Services Corporation Incentive Stock Option Plan of 2013 (the “2013 Plan”). The 2013 Plan was effected as the successor plan to the Incentive Stock Option Plan of 2002 (the “2002 Plan”) which had expired in 2012. Under the terms of the 2013 Plan, only qualified (or incentive) stock options are authorized for issuance only to officers of the Corporation. After conducting a review of the types of equity award plans available to and implemented by other similarly sized financial institutions in Pennsylvania, the Board of Directors determined that the 2013 Plan was obsolete (due to its narrow capacity) and should be replaced with the Omnibus Plan which will allow greater flexibility to the Corporation to issue different types of equity awards to officers, directors and employees of the Corporation consistent with the Corporation’s goals and objectives. If the Omnibus Plan is approved and ratified by shareholders, the 2013 Plan will be frozen and no further new awards will be granted thereunder, and all of the shares of Common Stock authorized but unissued for the awards under the 2013 Plan (including shares from forfeited or lapsed awards) will become authorized for awards under the Omnibus Plan.

The Omnibus Plan will be in effect for ten (10) years. Over the course of the ten (10) years, the most effective form of equity compensation necessary to further the best interests of the Company may evolve. The Compensation and Personnel Committee may determine that in 2019, the most effective form of equity compensation is restricted stock, but in 2020 the most effective form may be options. The Omnibus Plan provides the Compensation and Personnel Committee with a variety of options for utilizing equity compensation to incentivize employees and directors. The Compensation and Personnel Committee does not intend to deviate from its current compensation philosophy. The purpose of the Omnibus Plan is to provide flexibility to the Company to attract, retain and motivate employees and directors, to provide additional incentives to certain employees and directors and to improve the growth and financial condition of the Company and its subsidiaries.

Reasons for Shareholder Approval

Consistent with the Corporation’s long history of transparency, the Board is seeking shareholder approval of the Plan. The Board believes that by having additional flexibility with the awarding of equity as compensation, the Board can adjust the types of compensation awarded to directors and executives based upon industry standards and safety and soundness principles. In addition, certain equity awards require shareholder approval to qualify for certain preferential tax treatment under the Internal Revenue Code.

Summary of the Material Terms of the Omnibus Plan

The following is a summary of the material terms of the Omnibus Plan. The summary is qualified in its entirety by the full Omnibus Plan, a copy of which is attached to this proxy statement as Exhibit A.

Effective Date; Duration

The Omnibus Plan will become effective upon the approval by the Company's shareholders. If any awards are granted under the Omnibus Plan prior to such shareholder approval, such awards will be conditioned upon shareholder approval and will not be exercisable prior to such approval and lapse upon failure of such approval. Except with respect to awards then outstanding, unless sooner terminated by the Board of Directors, the Omnibus Plan will expire on February 28, 2029 and no further awards may be granted after that date.

Administration

The Omnibus Plan will be administered by the Board of Directors or by a committee of the Board. The Board or committee will have authority and discretion to, among other things, interpret the Omnibus Plan, amend and rescind any rules or regulations relating to the Omnibus Plan, determine who will be granted awards under the Omnibus Plan, prescribe the terms and conditions of each award and make any and all determinations that may be necessary or advisable for the administration of the Omnibus Plan. The Board or committee shall also have the authority to determine what, to whom, when and under what facts and circumstances awards will be made.

Eligibility

Directors, key officers and other employees of the Company and its subsidiaries are eligible to receive awards as determined by the Board or committee. Approximately 22 employees and 11 non-employee directors would be eligible to participate in the Omnibus Plan if it were currently in place.

Shares Available for Awards; Limits on Awards

The Company has reserved an aggregate of 400,000 shares of common stock to be awarded under the Omnibus Plan. This total includes 259,123 shares of common stock currently reserved but unissued under the 2013 Plan which the Board of Directors intends to freeze if the Omnibus Plan is approved and ratified. There are currently 103,214 shares

subject to outstanding awards under the 2013 Plan, and if any of those awards, for any reason, are forfeited or lapse, they will also become available for issuance under the Omnibus Plan. The total share reserve was determined by analyzing similar plan established by our peers. We considered the asset size of our peers, their number of shares outstanding, the number of shares available under their respective plan, and the overall percentage that the numbers of shares under their plan represented to their total number of shares outstanding.

Up to 400,000 shares of common stock may be issued under the Omnibus Plan, in the aggregate, with respect to qualified stock options.

The aggregate number of shares of common stock granted to any employee during any calendar year shall not exceed 50,000 shares (whether such awards may be settled in shares, cash or any combination of shares and cash), subject to adjustment pursuant to the terms of Omnibus Plan. The aggregate number of shares of common stock granted to any non-employee director during any calendar year shall not exceed 50,000 shares (whether such awards may be settled in shares, cash or any combination of shares and cash), subject to adjustment pursuant to the terms of the Omnibus Plan.

Any shares subject to an award, under the Omnibus Plan, that for any reason, lapses or terminates prior to exercise, shall again become available for grant under the Omnibus Plan.

The Board or committee will make appropriate adjustments to the limits above to prevent dilution or enlargement of the rights of a participant under the Omnibus Plan.

Awards Available

Awards that may be granted under the Omnibus Plan include stock options (including qualified stock options and non-qualified stock options), stock appreciation rights (“SARs”), stock awards, restricted stock, stock units and restricted stock units (“RSUs”), performance awards, and director compensation. All awards and the terms and conditions of such awards will be set forth in a written agreement. The Company does not foresee awarding multiple forms of awards in a given year, but will use the variety of awards available to determine which form of award will further the Company’s best interests.

Stock Options

A stock option is the right to purchase shares of common stock at a future date at a specified price per share called the exercise price. An option may be either a qualified stock option or a non-qualified stock option. Qualified stock options are intended to qualify for certain tax treatment as incentive stock options under Internal Revenue Code Sections 421 and 422, and therefore, qualified stock options and non-qualified stock options are taxed differently, as described below under "Federal Income Tax Consequences of Awards". The exercise price of a stock option may not be less than the fair market value (or in the case of a qualified stock option granted to a ten percent shareholder, 110% of the fair market value) of a share of common stock on the grant date. The time period during which any stock option is exercisable, as determined by the Board or committee, shall not commence before the expiration of 6 months or continue beyond 10 years after the date of grant.

As of March 1, 2019, the closing price of our common stock was \$36.05.

Stock Appreciation Rights

A SAR is the right to receive payment of an amount equal to the excess of the fair market value of a share of common stock on the date of exercise of the SAR over the exercise price. The exercise price of a SAR may not be less than the fair market value of a share of common stock on the grant date. SARs may be granted alone ("freestanding rights") or in tandem with another award ("related rights").

Stock Awards and Restricted Stock Awards

A stock award is an award of actual shares of common stock subject to such terms and conditions as determined by the Board or committee and may be issued for consideration or no consideration. A restricted stock award is a stock award which is subject to certain restrictions for a period of time determined by the Board or committee. Restricted stock may be held by the Company in escrow or delivered to the participant pending the release of the restrictions. The participant generally has the rights and privileges of a shareholder as to such restricted stock during the restricted period, including the right to vote the restricted stock and the right to receive dividends.

Stock Units and Restricted Stock Units

A stock unit is an award of hypothetical common stock units having a value equal to the fair market value of an identical number of shares of common stock subject to such terms and conditions as determined by the Board or committee and may be issued for consideration or no consideration. An RSU is a stock unit, which is subject to certain

restrictions for a period of time determined by the Board or committee. No shares of common stock are issued at the time an RSU is granted, and the Company is not required to set aside any funds for the payment of any RSU award. Prior to settlement of an RSU award and the receipt of shares, the participant does not have any rights as a shareholder with respect to such shares. The Board or committee may grant RSUs with a deferral feature (deferred stock units or DSUs), whereby settlement of the RSU is deferred beyond the vesting date until a future payment date or event set out in the participant's award agreement. The Board or committee has the discretion to credit RSUs or DSUs with dividend equivalents.

Performance Awards

A performance award is an award of cash, shares of common stock, or a combination of cash and shares of common stock that are only earned if certain conditions are met. The Board or committee has the discretion to determine: the number of shares of common stock or stock-denominated units subject to a performance share award; the applicable performance period; the conditions that must be satisfied for a participant to earn an award; and the other terms, conditions and restrictions of the award. The performance goals to be achieved during any performance period shall be determined by the Board or committee upon the grant of each performance award. The Board or committee shall determine whether, and the extent to which, the applicable performance goals have been achieved or satisfied and the amount of the performance awards that shall be distributed based upon such determination. Except as otherwise provided in a written agreement, performance awards shall be distributed only after the end of a relevant performance period. A performance award may be determined to be a qualified performance-based compensation under Section 162(m) of the Internal Revenue Code.

Director Compensation

The Board or committee may permit, in its sole discretion, a director to elect to receive all or a portion of his or her annual cash retainer payment in the form of options or shares of stock. The number of options or shares will be calculated by dividing the amount of foregone cash compensation by the fair market value of a share of stock.

Adjustments upon Changes in Stock

In the event that the shares of the Company shall be changed into or exchanged for a different number or kind of common stock or other securities of the Company or of another corporation or entity (whether by reason of merger, consolidation, recapitalization, reclassification, split-up, combination of shares or otherwise) or if the number of such common stock shall be increased through a payment of a stock dividend, stock split or similar transaction, then, there shall be substituted for or added to each share of common stock of the Company that was theretofore appropriated, or previously awarded under the Omnibus Plan, or which thereafter may become subject to an award under the Omnibus Plan, the number and kind of common stock or other securities into which each outstanding share of common stock of the Company shall be so changed or for which each such share shall be exchanged or to which each such share shall be entitled, as the case may be. Each outstanding award shall be appropriately amended as to price and other terms, as may be necessary to reflect the foregoing events.

Acceleration

The Board or committee may permit acceleration of previously established exercise terms of any awards as, when, under such facts and circumstances, and subject to such other or further requirements and conditions as the Board or committee may deem necessary or appropriate.

If the Company or its shareholders execute an agreement to dispose of all or substantially all of the Company's assets or capital stock by means of sale, merger, consolidation, reorganization, liquidation or otherwise, as a result of which the Company's shareholders, as of immediately before the transaction, will not own at least fifty percent (50%) of the total combined voting power of all classes of voting capital stock of the surviving entity (be it the Company or otherwise) immediately after the consummation of the transaction, then any and all outstanding awards shall immediately become and remain exercisable or, if the transaction is not consummated, until the agreement relating to the transaction expires or is terminated, in which case, all awards shall be treated as if the agreement was never executed.

If there is an actual, attempted or threatened change in the ownership of at least thirty percent (30%) of any class of voting stock of the Company through the acquisition of, or an offer to acquire such percentage of the Company's voting stock by any person or entity, or persons or entities acting in concert or as a group, and such acquisition or offer has not been duly approved by the Board, then any and all outstanding awards shall immediately become and remain exercisable.

Amendment or Termination

To the extent permitted by applicable law, the Board may amend, modify, suspend or terminate the Omnibus Plan at any time. The amendment, modification or termination of the Omnibus Plan shall not, without the consent of the participants, alter or impair any rights or obligations under any award. Additionally, the Omnibus Plan is intended to satisfy the requirements of Section 409A Internal Revenue Code and the Board or committee may amend or modify the terms or conditions of an award to the extent the committee determines, in its sole discretion, that the terms and conditions of an award violate or may violate Section 409A of the Internal Revenue Code. The Omnibus Plan shall terminate on February 28, 2029.

Clawback and Recoupment

Any award granted under the Omnibus Plan is subject to any clawback policy in effect at the Company or a subsidiary or as otherwise indicated in the grant agreement.

Federal Income Tax Consequences of Awards

The following is a summary of the U.S. federal income tax consequences of awards granted under the Omnibus Plan. This summary is based on U.S. federal income tax laws and regulations in effect on the date of this proxy statement and is not a complete description of the U.S. federal income tax laws. This summary is not intended to be exhaustive and does not constitute legal or tax advice. This summary does not address municipal, state or foreign income tax consequences of awards, or federal employment taxes.

Non-Qualified Stock Options

The grant of a non-qualified stock option will not result in taxable income to the participant. The participant will recognize ordinary income at the time of exercise equal to the excess of the fair market value of the shares on the date of exercise over the exercise price and the Company will be entitled to a corresponding deduction for tax purposes. Gains or losses realized by the participant upon the sale of the shares acquired on exercise will be treated as capital gains or losses.

Qualified Stock Options

The grant of a qualified stock option will not result in taxable income to the participant. The exercise of a qualified stock option will not result in taxable income to the participant if at the time of exercise the participant has been employed by the Company or its subsidiaries at all times beginning on the date the qualified stock option was granted and ending not more than 90 days before the date of exercise. However, the excess of the fair market value of the shares on the date of exercise over the exercise price is an adjustment that is included in the calculation of the participant's alternative minimum tax liability for the year the shares are sold.

If the participant does not sell the shares acquired on exercise within two years from the date of grant and one year from the date of exercise then on the sale of the shares any amount realized in excess of the exercise price will be taxed as capital gain. If the amount realized in the sale is less than the exercise price, then the participant will recognize a capital loss.

If these holding requirements are not met, then the participant will generally recognize ordinary income at the time the shares are sold in an amount equal to the lesser of (a) the excess of the fair market value of the shares on the date of exercise over the exercise price, or (b) the excess, if any, of the amount realized on the sale of the shares over the exercise price, and the Company will be entitled to a corresponding deduction.

SARs

The grant of a SAR will not result in taxable income to the participant. The participant will recognize ordinary income at the time of exercise equal to the amount of cash received or the fair market value of the shares received and the Company will be entitled to a corresponding deduction for tax purposes. If the SARs are settled in shares, then when the shares are sold the participant will recognize capital gain or loss on the difference between the sale price and the amount recognized at exercise. Whether it is a long-term or short-term gain or loss depends on how long the shares are held.

Restricted Stock and Performance Shares

Unless a participant makes an election to accelerate the recognition of income to the grant date (as described below), the grant of restricted stock or performance shares awards will not result in taxable income to the participant. When the restrictions lapse, the participant will recognize ordinary income on the excess of the fair market value of the shares on the vesting date over the amount paid for the shares, if any, and the Company will be entitled to a corresponding deduction.

If the participant makes an election under Internal Revenue Code Section 83(b) within thirty days after the grant date, the participant will recognize ordinary income as of the grant date equal to the fair market value of the shares on the grant date over the amount paid, if any, and the Company will be entitled to a corresponding deduction. Any future

appreciation will be taxed at capital gains rates. However, if the shares are later forfeited, the participant will not be able to recover any taxes paid.

Stock Units and RSUs

The grant of a stock unit or RSU will not result in taxable income to the participant. When the stock unit or RSU is settled, the participant will recognize ordinary income equal to the fair market value of the shares or the cash provided on settlement and the Company will be entitled to a corresponding deduction. Any future appreciation will be taxed at capital gains rates.

Section 409A

Internal Revenue Code Section 409A imposes complex rules on non-qualified deferred compensation arrangements, including requirements with respect to elections to defer compensation and the timing of payment of deferred amounts. Depending on how they are structured, certain equity-based awards may be subject to Section 409A, while others are exempt. If an award is subject to Section 409A and a violation occurs, the compensation is includible in income when no longer subject to a substantial risk of forfeiture and the participant may be subject to a 20% penalty tax and, in some cases, interest penalties. The Omnibus Plan and awards granted under the Omnibus Plan are intended to be exempt from or conform to the requirements of Section 409A.

Section 162(m) and the Company's Deduction

Generally, whenever a participant recognizes ordinary income under the Omnibus Plan, a corresponding deduction is available to the Company provided that the Company complies with certain reporting requirements. However, under Internal Revenue Code Section 162(m), the Company will be denied a deduction for compensation paid to certain senior executives that exceeds \$1,000,000.

Beginning January 1, 2018, with the passage and signing of the Tax Cuts and Jobs Act (the "Act"), this limitation applies to the Company's Chief Executive Officer, Chief Financial Officer, the Company's other named executive officers, and anyone who was a covered person after December 31, 2016. Prior to January 1, 2018, certain performance-based compensation was excluded from the \$1,000,000 deduction limit. With the passage and signing of the Act, beginning January 1, 2018 (with an exception for certain

grandfathered arrangements), the Company will be denied a deduction for any compensation exceeding \$1,000,000 for such covered individuals, regardless of whether the compensation is performance-based compensation.

New Plan Benefits

No determination has yet been made as to the awards, if any, that any eligible individuals will be granted in the future and, therefore, the benefits to be awarded under the Omnibus Plan are not determinable.

Required Vote and Recommendation

Approval and ratification of the Franklin Financial Services Corporation 2019 Omnibus Stock Incentive Plan requires the affirmative vote of the holders of a majority of the votes cast at the annual meeting.

The Board of Directors recommends a vote FOR approval and ratification of the Franklin Financial Services Corporation 2019 Omnibus Stock Incentive Plan.

These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent auditors. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent auditor is required to provide detailed back-up documentation at the time of approval or such other detailed information as the Audit Committee deems appropriate. The Audit Committee may delegate to subcommittees of one or more of its members the authority to pre-approve all auditing and permitted non-audit services (including the authority to approve non-audit services pursuant to the de minimis exception set forth in applicable SEC rules and regulations), provided that such decisions are presented to the full Committee at its next scheduled meeting. All audit and permissible non-audit services provided by BDO USA, LLP in 2018 were either pre-approved by the Audit Committee, or approved and reported under the de minimis exception set forth in the applicable SEC rules and regulations.

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Under the Audit Committee's Charter, the Audit Committee is responsible for selecting the Company's independent auditors. The Audit Committee evaluates and monitors the auditors' qualifications, performance and independence. You can learn more about the Audit Committee's responsibilities with respect to the independent auditors in the Audit Committee's charter, which is posted on our website at www.franklinfin.com.

The Audit Committee presented its conclusions regarding the independent auditors to our Board of Directors. Following this presentation, the Board voted to recommend that shareholders vote to ratify the Audit Committee's selection of BDO USA, LLP as the Company's independent registered public accounting firm for 2019.

The Audit Committee and Board have adopted a policy that if a majority of the votes cast at the annual meeting is against ratification, the Audit Committee will reconsider its selection of BDO USA, LLP. The Audit Committee, however, will be under no obligation to select new independent auditors. If the Audit Committee does select new independent auditors for 2019, the Company will not seek shareholder ratification of the Audit Committee's new selection.

The Board of Directors recommends a vote FOR the ratification of the Audit Committee's selection of BDO USA, LLP, as the independent registered public accounting firm for 2019.

APPENDIX A – 2019 OMNIBUS STOCK INCENTIVE PLAN

Franklin Financial Services Corporation

2019 Omnibus Stock Incentive Plan

1. Purpose. The purpose of the 2019 Omnibus Stock Incentive Plan (the “Plan”) is to provide flexibility to Franklin Financial Services Corporation (the “Corporation”) to attract, retain and motivate employees and directors, to provide additional incentives to certain employees and directors, and to improve the growth and financial condition of the Corporation and any subsidiary now or hereafter existing (a “Subsidiary”).

2. Term. The Plan shall become effective as of February 28, 2019, the date it is adopted by the Corporation’s Board of Directors (the “Board”), and shall be presented for approval at the next meeting of the Corporation’s shareholders. Any and all options and rights awarded under the Plan (the “Awards”) before it is approved by the Corporation’s shareholders shall be conditioned upon, and may not be exercised before, receipt of shareholder approval, and shall lapse upon failure to receive such approval. Unless previously terminated by the Board, the Plan shall terminate on, and no Awards shall be granted after, the tenth anniversary of the effective date of the Plan.

3. Shares.

(a) Available Shares. Shares of the Corporation’s common stock, \$1.00 par value (the “Shares”), that may be issued under the Plan shall not exceed, 400,000 shares, which shall include any shares authorized but not issued under the Corporation’s Incentive Stock Option Plan of 2013, and additionally, any shares subject to awards previously granted under the Corporation’s Incentive Stock Option Plan of 2013 that, for any reason, lapse or terminate prior to exercise, all of which may be issued in respect to Qualified Options (as defined below), as may be adjusted pursuant to Section 23 hereof. Shares issued under the Plan may be (1) authorized and unissued Shares, (2) authorized Shares issued by and subsequently reacquired by the Corporation as treasury stock, or (3) Shares purchased in the open market or in privately negotiated transactions. Except as may be otherwise provided in the Plan, any Shares subject to an Award, under the Plan or under the Corporation’s Incentive Stock Option Plan of 2013, that for any reason, lapses or terminates prior to exercise, shall again become available for grant under the Plan. While the Plan is in effect, the Corporation shall reserve and keep available the number of Shares needed to satisfy the requirements of the Plan. Awards that do not entitle the participant to receive or purchase Shares shall not be counted against the aggregate number of Shares available for Awards under the Plan.

The Corporation shall apply for any requisite governmental approvals to issue Shares under the Plan. The Corporation’s failure to obtain any such governmental approval, deemed necessary by the Corporation’s legal counsel for the lawful issuance and sale of Shares under the Plan, shall relieve the Corporation of any duty, or liability, for the failure to issue or sell the Shares.

(b) Share Limitations. The aggregate number of Shares that may be granted to any employee of the Corporation or a Subsidiary during any calendar year shall not exceed 50,000 Shares (whether such Awards may be settled in Shares, cash, or any combination thereof), subject to the adjustments as provided by Section 23 hereof.

The aggregate number of Shares that may be granted to a non-employee director of the Corporation or a Subsidiary during any calendar year shall not exceed 50,000 Shares (whether such Awards may be settled in Shares, cash, or any combination thereof), subject to the adjustments as provided by Section 23 hereof.

4. Administration. The ability to control and manage the operation and administration of the Plan shall be vested in the Board or in a committee of three or more members of the Board, selected by the Board in compliance with all federal and state laws, the rules and regulations promulgated by the Securities and Exchange Commission, and the rules and regulations of any stock exchange or quotation system on which the Corporation's stock is listed or quoted (the "Committee"). The Committee shall have the authority and discretion to interpret the Plan, to establish, amend and rescind any rules and regulations relating to the Plan, to determine the terms and provisions of any Award Agreements (as defined below) made pursuant to the Plan, and to make any and all determinations that may be necessary or advisable for the administration of the Plan. Any interpretations of the Plan by the Committee and any decisions made by the Committee under the Plan are final and binding.

The Committee shall be responsible and shall have full, absolute and final power of authority to determine what, to whom, when and under what facts and circumstances Awards shall be made, the form, number, terms, conditions and duration thereof, including but not limited to when exercisable, the number of Shares subject thereto, and the purchase prices. The Committee shall make all other determinations and decisions, take all actions and do all things necessary or appropriate in and for the administration of the Plan. No member of the Committee or of the Board shall be liable for any decision, determination or action made or taken in good faith by such person under or with respect to the Plan or its administration.

Except as prohibited by applicable law, the Committee may delegate any portion of its responsibilities and powers to one or more officers or such other persons selected by it.

5. Awards. Awards may be made under the Plan in the form of: (a) "Qualified Options" to purchase Shares, which are intended to qualify for certain tax treatment as incentive stock options under Internal Revenue Code of 1986, as amended ("Code") Sections 421 and 422, (b) "Non-Qualified Options" to purchase Shares, which are not intended to qualify under Code Sections 421 through 424, (c) "Stock Appreciation Rights" ("SARs"), (d) "Stock Awards" and "Restricted Stock," (e) "Stock Units" and "Restricted Stock Units," (f) "Performance Awards" and (g) Directors' Fees. More than one Award may be granted to an Eligible Person (as defined below) ("Grantee"), and the grant of any Award shall not prohibit the grant of another Award, either to the same person or otherwise, or impose any obligation to exercise on the participant. All Awards and the terms and conditions thereof shall be set forth in written agreements, in such form and content as approved by the Committee from time to time, and shall be subject to the provisions of the Plan whether or not contained in such agreements ("Award Agreement"). Multiple Awards for a particular person may be set forth in a single written agreement or in multiple agreements, as determined by the Committee.

6. Eligibility. Persons eligible to receive Awards shall be the directors, key officers and other employees of the Corporation and of each Subsidiary, as determined by the Committee ("Eligible Person"). A person's eligibility to receive an Award shall not confer upon him or her any right to receive an Award. Except as otherwise provided, a person's eligibility to receive, or actual receipt of an Award under the Plan shall not limit or affect his or her benefits under or eligibility to participate in any other incentive or benefit plan or program of the Corporation or a Subsidiary.

7. Qualified Options. In addition to other applicable provisions of the Plan, all Qualified Options and Awards thereof shall be under and subject to the following terms and conditions:

(a) No Qualified Option shall be awarded more than ten (10) years after the date the Plan is adopted by the Board or the date the Plan is approved by the Corporation's shareholders, whichever is earlier.

(b) The time period during which any Qualified Option is exercisable, as determined by the Committee, shall not commence before the expiration of six (6) months or continue beyond the expiration of ten (10) years after the date the Qualified Option is awarded.

(c) If a participant, who was awarded a Qualified Option, ceases to be employed by the Corporation or any Subsidiary for any reason other than his or her death, the Committee may permit the participant thereafter to exercise the option during its remaining term for a period of not more than three (3) months after cessation of employment to the extent that the Qualified Option was then and remains exercisable, unless such employment cessation was due to the participant's disability, as defined in Code Section 22(e)(3) ("Disability"), in which case the three (3) month period shall be twelve (12) months. If the participant dies while employed by the

Corporation or a Subsidiary, the Committee may permit the participant's qualified personal representatives, or any persons who acquire the Qualified Option pursuant to his or her will or laws of descent and distribution, to exercise the Qualified Option during its remaining term for a period of not more than twelve (12) months after the participant's death to the extent that the Qualified Option was then and remains exercisable. The Committee may impose terms and conditions upon and for the exercise of a Qualified Option after the cessation of the participant's employment or his or her death.

(d) The purchase price of Shares subject to any Qualified Option shall not be less than the Shares' Fair Market Value (as defined below) at the time the Qualified Option is awarded.

(e) Qualified Options may not be sold, transferred or assigned by the participant, except as determined by the Committee or as designated by the participant by will and the laws of descent and distribution.

(f) At the time a Qualified Option is awarded, the aggregate Fair Market Value of the Shares subject thereto and of any Shares or other capital stock with respect to which Qualified Options first become exercisable by the participant during any calendar year under the Plan and any other plans of the Corporation or its affiliates, shall not exceed \$100,000.00 or such other amount as permitted by the Code.

(g) No Qualified Option shall be awarded to any person if, at the time of the Award, the person owns shares of the stock of the Corporation possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Corporation or its affiliates, unless, at the time the Qualified Option is awarded, the purchase price of the Qualified Option is at least one hundred and ten percent (110%) of the Fair Market Value of the Shares on the date of grant and the option, by its terms, is not exercisable after the expiration of five (5) years from the date it is awarded.

(h) The shares granted pursuant to each Qualified Option shall be subject to the holding period requirements of Code Section 422.

(i) Each Qualified Option shall be subject to such other and additional terms, conditions and provisions as the Committee may deem necessary or appropriate in order to qualify as a Qualified Option under Section 422 of the Code.

(j) To the extent that a Qualified Option fails to be qualified under Code Section 422, then such Option shall be treated as a Non-Qualified Option.

8. Non-Qualified Options. In addition to other applicable provisions of the Plan, all Non-Qualified Options and Awards thereof shall be under and subject to the following terms and conditions:

(a) The time period during which any Non-Qualified Option is exercisable, as determined by the Committee, shall not commence before the expiration of six (6) months or continue beyond the expiration of ten (10) years after the date the Non-Qualified Option is awarded.

(b) If a participant, who was awarded a Non-Qualified Option, ceases to be eligible under the Plan, before lapse or full exercise of the option, the Committee may permit the participant to exercise the option during its remaining term, to the extent that the option was then and remains exercisable, or for such time period and under such terms and conditions as may be prescribed by the Committee.

(c) The purchase price of a Share subject to any Non-Qualified Option shall not be less than the Share's Fair Market Value at the time the Non-Qualified Option is awarded.

(d) Except as otherwise provided by the Committee, Non-Qualified Options granted under the Plan are not transferable, except as determined by the Committee or as designated by the participant by will and the laws of descent and distribution.

9. Stock Appreciation Rights. In addition to other applicable provisions of the Plan, all SARs and Awards thereof shall be under and subject to the following terms and conditions:

(a) SARs may be granted either alone, or in connection with another previously or contemporaneously granted Award (other than another SAR) so as to operate in tandem therewith by having the exercise of one affect the right to exercise the other, as and when the Committee may determine; however, no SAR shall be awarded in connection with a Qualified Option more than ten (10) years after the date the Plan is adopted by the Board or the date the Plan is approved by the Corporation's shareholders, whichever date is earlier.

(b) Each SAR shall entitle the participant to receive upon exercise of the SAR all or a portion of the excess of (i) the Fair Market Value at the time of such exercise of a specified number of Shares as determined by the Committee, over (ii) a specified price as determined by the Committee of such number of Shares that, on a per share basis, is not less than the Share's Fair Market Value at the time the SAR is awarded, or if the SAR is connected with another Award, such lesser percentage of the Share's purchase price thereunder as may be determined by the Committee.

(c) Upon exercise of any SAR, the participant shall be paid either in cash or in Shares, or in any combination thereof, as the Committee shall determine; if such payment is to be made in Shares, the number of shares thereof to be issued pursuant to the exercise shall be determined by dividing the amount payable upon exercise by the Share's Fair Market Value at the time of exercise.

(d) The time period during which any SAR is exercisable, as determined by the Committee, shall not commence before the expiration of six (6) months after the date the SAR is awarded; however, no SAR connected with another Award shall be exercisable beyond the last date that such other connected Award may be exercised.

(e) If a participant holding a SAR, before its lapse or full exercise, ceases to be eligible under the Plan, the Committee may permit the participant thereafter to exercise such SAR during its remaining term, to the extent that the SAR was then and remains exercisable, for such time period and under such terms and conditions as may be prescribed by the Committee.

(f) No SAR shall be awarded in connection with any Qualified Option unless the SAR (i) lapses no later than the expiration date of such connected Qualified Option, (ii) is for not more than the difference between the Share's purchase price under such connected Qualified Option and the Share's Fair Market Value at the time the SAR is exercised, (iii) is transferable only when and as such connected Qualified Option is transferable and under the same conditions, (iv) may be exercised only when such connected Qualified Option may be exercised, and (v) may be exercised only when the Share's Fair Market Value exceeds the Share's purchase price under such connected Qualified Option.

10. Stock Awards and Restricted Stock. In addition to other applicable provisions of the Plan, all Stock Awards and Restricted Stock Awards shall be under and subject to the following terms and conditions:

(a) Subject to the provisions of the Plan, the Committee is authorized to grant Stock Awards to any Eligible Person in such amounts and subject to such terms and conditions as determined by the Committee.

(b) Shares issued pursuant to a Stock Award may be issued for consideration or no consideration, and may be subject to restrictions or no restrictions, as determined by the Committee. A Stock Award that is issued subject to restrictions is referred to in this Plan as "Restricted Stock."

(c) Restricted Stock shall consist of Shares that may be acquired by and issued to a participant at such time, for such or no purchase price, and under and subject to such transfer, forfeiture and other restrictions, conditions or terms as shall be determined by the Committee, including but not limited to prohibitions against transfer, and substantial risks of forfeiture within the meaning of Code Section 83, and attainment of performance or other goals, objectives or standards, all for or applicable to such time periods as determined by the Committee.

(d) Except as otherwise provided in the Plan or the Restricted Stock Award, a participant holding shares of Restricted Stock shall have all the rights as does a holder of Shares, including without limitation the right to vote such shares and receive dividends with respect thereto; however, during the time period of any restrictions, conditions or terms applicable to such Restricted Stock, the shares thereof and the right to vote the same and receive dividends thereon shall not be sold, assigned, transferred, exchanged, pledged, hypothecated, encumbered or otherwise disposed of except as permitted by the Plan or the Restricted Stock Award.

(e) Restricted Shares granted pursuant to the Plan shall be uncertificated or book-entry.

(f) Unless otherwise provided in the Award Agreement, if a participant's employment with the Corporation or a Subsidiary ceases for any reason prior to the lapse of the restrictions, conditions or terms applicable to his or her Restricted Stock, all of the participant's Restricted Stock still subject to unexpired restrictions, conditions or terms shall be forfeited absolutely by the participant to the Corporation without payment or delivery of any consideration or other thing of value by the Corporation or its affiliates, and thereupon and thereafter neither the participant nor his or her heirs, personal or legal representatives, successors, assigns, beneficiaries, or any claimants under the participant's will or laws of descent and distribution, shall have any rights or claims to or interests in the forfeited Restricted Stock, or claims against the Corporation or its affiliates with respect thereto.

11. Stock Units and Restricted Stock Units. In addition to other applicable provisions of the Plan, all Awards of Stock Units and Restricted Stock Units shall be under and subject to the following terms and conditions:

(a) Subject to the provisions of the Plan, the Committee may grant Stock Units to any Eligible Person, upon such terms and conditions as the Committee deems appropriate. Each Stock Unit shall represent the right of the Grantee to receive a Share or an amount in cash based on the value of a Share, upon such terms and conditions as the Committee deems appropriate.

(b) Stock Units may be issued for consideration or no consideration and may be subject to restrictions or no restrictions, as determined by the Committee. A Stock Unit that is issued subject to restrictions is referred to in this

Plan as a Restricted Stock Unit.

(c) Stock Units may be granted under the Plan in connection with, and at the same time as, the grant of another Award to an Eligible Person, independently of any Award granted under the Plan or as otherwise determined by the Committee; however, a Stock Unit may not be granted in connection with, or by amendment to, a Qualified Option.

(d) Stock Units may be paid at the end of a specified period, or payment may be deferred to a date authorized by the Committee in accordance with the deferral requirements set forth in Code Section 409A, to the extent applicable, provided that no restrictions shall lapse on Restricted Stock Units prior to the expiration of at least twelve (12) months from the date of grant (except that this limitation need not apply in the event of the death or Disability of the Grantee or as otherwise permitted by the Award Agreement).

(e) Payment with respect to Stock Units shall be made in Shares, in cash, or in a combination of the two, as determined by the Committee and set forth in the Award Agreement. The Award Agreement shall specify the maximum number of Shares (which may be determined by a formula) that shall be paid under the Stock Units.

12. Performance Awards. In addition to other applicable provisions of the Plan, all Performance Awards shall be under and subject to the following terms and conditions:

(a) The Committee is authorized to grant Performance Awards to any Eligible Person payable in cash, in Shares, or in a combination thereof, on terms and conditions established by the Committee. The amount, terms and conditions of any Performance Award granted under the Plan shall be set forth in an Award Agreement, which shall contain provisions determined by the Committee. The Committee may provide in the Award Agreement that Awards shall be payable, in whole or in part, in the event of the Grantee's death or Disability, a change of control, or under other circumstances consistent with the Code.

(b) The performance goals to be achieved during any performance period shall be determined by the Committee upon the grant of each Performance Award, may be based upon performance criteria or any other criteria that the Committee, in its sole discretion, may determine, and may be particular to an Eligible Person or to the department, branch, Subsidiary or other unit in which the Eligible Person works, or may be based on the performance of the Corporation or a Subsidiary.

(c) The Committee shall determine whether, and the extent to which, the applicable performance goals have been achieved or satisfied and the amount of the Performance Awards that shall be distributed based upon such determination. Except as provided in an Award Agreement, Performance Awards shall be distributed only after the end of the relevant performance period. Performance Awards may be paid in a lump sum or in installments or, in accordance with procedures established by the Committee, on a deferred basis.

13. Payment of Directors' Fees. The Committee may permit, in its sole discretion, a Director of the Corporation or a Subsidiary to elect to receive all or any portion of his or her annual cash retainer payment from the Corporation or a Subsidiary in the form of Non-Qualified Options or Stock Awards. The number of Options or Stock Awards granted as a result of such election shall be determined by dividing the amount of foregone cash compensation by the Fair Market Value of a Share on the date the cash compensation would have otherwise been paid to the Director, or such other date as determined by the Committee. Such Options shall be issued under and subject to the terms of this Plan.

14. Deferral. The Committee may, at its sole discretion, allow selected Grantees to make elections to defer any or all of an amount otherwise payable in connection with an Award in accordance with the provisions of a deferred compensation plan, provided that the terms of the deferred compensation plan and the election to defer under this Plan comply with Code Section 409A.

15. Exercise. Except as otherwise provided in the Plan, Awards may be exercised in whole or in part by giving written notice thereof to the Secretary of the Corporation, or his or her designee, identifying the Award to be exercised, the number of Shares with respect thereto, and other information pertinent to exercise of the Award. The purchase price of the Shares with respect to which an Award is exercised shall be paid with the written notice of exercise, either in cash or in securities of the Corporation, including securities issuable hereunder, at its then current Fair Market Value, or in any combination thereof, as the Committee shall determine. Funds received by the Corporation from the exercise of any Award shall be used for its general corporate purposes.

The number of Shares subject to an Award shall be reduced by the number of Shares with respect to which the participant has exercised rights under the Award. If a SAR is awarded in connection with another Award, the number of Shares that may be acquired by the participant under the other connected Award shall be reduced by the number of Shares with respect to which the participant has exercised his or her SAR, and the number of Shares subject to the participant's SAR shall be reduced by the number of Shares acquired by the participant pursuant to the other connected Award.

The Committee may permit an acceleration of previously established exercise terms of any Awards as, when, under such facts and circumstances, and subject to such other or further requirements and conditions as the Committee may deem necessary or appropriate.

In addition:

(a) if the Corporation or its shareholders execute an agreement to dispose of all or substantially all of the Corporation's assets or capital stock by means of sale, merger, consolidation, reorganization, liquidation or otherwise, as a result of which the Corporation's shareholders, as of immediately before the transaction, will not own at least fifty percent (50%) of the total combined voting power of all classes of voting capital stock of the surviving entity (be it the Corporation or otherwise) immediately after the consummation of the transaction, then any and all outstanding Awards shall immediately become and remain exercisable or, if the transaction is not consummated, until the agreement relating to the transaction expires or is terminated, in which case, all Awards shall be treated as if the agreement was never executed; or

(b) if there is an actual, attempted or threatened change in the ownership of at least thirty percent (30%) of any class of voting stock of the Corporation through the acquisition of, or an offer to acquire such percentage of the Corporation's voting stock by any person or entity, or persons or entities acting in concert or as a group, and such acquisition or offer has not been duly approved by the Board of Directors, then any and all outstanding Awards shall immediately become and remain exercisable.

16. Right of First Refusal. Each Award Agreement may contain a provision that requires as a condition to exercising a Qualified Option or a Non-Qualified Option that the participant agree prior to selling, transferring or otherwise disposing of any Shares obtained through the exercise of the Award to first offer the Shares to the Corporation for purchase. The terms and conditions of such right of first refusal shall be determined by the Committee in its sole and absolute discretion, provided that the purchase price shall be at least equal to the Share's Fair Market Value as determined under Paragraph 18 below, and shall be subject to all applicable federal and state laws, rules and regulations.

17. Taxes and Withholding. The issuance of Shares under the Plan shall be subject to any applicable taxes or other laws or regulations of the United States of America and any state or local authority having jurisdiction there over. When a participant exercises a stock option or SAR awarded under the Plan, the Corporation, in its discretion and as required by law, may require the participant to remit to the Corporation an amount sufficient to satisfy fully any federal, state and other jurisdictions' income and other tax withholding requirements prior to the delivery of Shares.

At the Committee's discretion, remittance may be made in cash, Shares already held by the participant, or by the withholding by the Corporation of sufficient Shares issuable pursuant to the Award to satisfy the participant's withholding obligation.

18. Value. Where used in the Plan, the "Fair Market Value" of Shares or any options or rights with respect thereto, including Awards, shall mean and be determined at the discretion of the Board of Directors by any of the following valuation methods:

(a) if the Shares are listed on an established securities market, the closing price on the trading day before the date of the grant or the arithmetic mean of the high and low prices on the trading day before the grant; or

(b) if the Committee determines that the Fair Market Value as determined by (a) above does not represent the Fair Market Value of the Shares, the Committee may consider such other factors as it deems appropriate and fix the Fair Market Value for the purposes of this Plan. Notwithstanding the foregoing, the Committee shall not set the Fair Market Value at any price other than as determined by (a) above unless (i) the Board or Committee shall have approved the methodology of establishing the purchase price, and (ii) the Board or Committee, at or prior to the time the grant is approved, shall also have approved a written description of the rationale and methodology by which the Fair Market Value is being determined and such methodology is applied consistently. Furthermore, the methodology approved under this subsection (b) shall comply with the determination of fair market value provided in Code Section 409A.

19. Amendment. To the extent permitted by applicable law, the Board may amend, modify, suspend or terminate the Plan at any time. The amendment, modification or termination of this Plan shall not, without the consent of the participants, alter or impair any rights or obligations under any Award previously granted hereunder, unless required by law.

From time to time, the Committee may delete, omit or waive any of the terms conditions or provisions that are no longer required by reason of changes of applicable laws, rules or regulations and the Committee may rescind, revise and add to any of the terms, conditions and provisions of the Plan or of an Award as necessary or appropriate to have the Plan and any Awards thereunder be or remain qualified and in compliance with all applicable laws, rules and regulations, including but not limited to the provisions of the Code, Section 16 of the Securities Exchange Act of 1934, as amended (the "1934 Act"), the rules and regulations promulgated by the Securities and

Exchange Commission, and the rules and regulations of any stock exchange or quotation system on which the Corporation's stock is listed or quoted.

Additionally, it is intended that the Plan satisfy the requirements of Section 409A or an exception or exclusion therefrom to avoid the imposition of any accelerated or additional taxes pursuant to Section 409A. The Committee may amend or modify the terms and conditions of an Award to the extent that the Committee determines, in its sole discretion, that the terms and conditions of the Award violate or may violate Section 409A of the Code; provided, however, that unless the Committee determines otherwise, any such amendment or modification of an Award made pursuant to this Section 19 shall maintain, to the maximum extent practicable, the original intent of the applicable Award provision without contravening the provisions of Section 409A of the Code. The amendment or modification of any Award pursuant to this section shall be at the Committee's sole discretion and the Committee shall not be obligated to amend or modify any Award or the Plan, nor shall the Corporation be liable for any adverse tax or other consequences to a participant resulting from such amendments or modifications or the Committee's failure to make any such amendments or modifications for purposes of complying with Section 409A of the Code or for any other purpose. To the extent the Committee amends or modifies an Award pursuant to this section, the participant shall receive notification of any such changes to his or her Award, and unless the Committee determines otherwise, the changes described in such notification shall be deemed to amend the terms and conditions of the applicable Award and Award Agreement.

20. Continued Employment. Nothing in the Plan or any Award shall confer upon any participant or other persons any right to continue in the service of, employ of, or maintain any particular relationship with, the Corporation or its Subsidiaries, or limit or affect any rights, powers or privileges that the Corporation or its Subsidiaries may have to supervise, discipline, sever and/or terminate the participant. However, the Committee may require, as a condition of making and/or exercising any Award, that a participant agree to, and in fact provide services, either as a director, an employee or in another capacity, to or for the Corporation or any Subsidiary for such time period as the Committee may prescribe. The immediately preceding sentence shall not apply to any Qualified Option, to the extent such application would result in disqualification of the option under Code Sections 421 and 422.

21. General Restrictions. If the Committee or Board determines that it is necessary or desirable to: (a) list, register or qualify the Shares subject to the Award, or the Award itself, upon any securities exchange or under any federal or state securities or other

laws, (b) obtain the approval of any governmental authority, or (c) enter into an agreement with the participant with respect to disposition of any Shares (including, without limitation, an agreement that, at the time of the participant's exercise of the Award, any Shares thereby acquired is being and will be acquired solely for investment purposes and without any intention to sell or distribute the Shares), then such Award shall not be consummated, in whole or in part, unless the listing, registration, qualification, approval or agreement, as the case may be, shall have been appropriately effected or obtained to the satisfaction of the Committee and legal counsel for the Corporation.

22. Rights. Except as otherwise provided in the Plan, participants shall have no rights as a holder of the Shares unless and until the Shares are issued and delivered to the participant.

23. Adjustments. In the event that the Shares of the Corporation, as presently constituted, shall be changed into or exchanged for a different number or kind of Shares or other securities of the Corporation or of another corporation or entity (whether by reason of merger, consolidation, recapitalization, reclassification, split-up, combination of shares or otherwise) or if the number of such Shares shall be increased through the payment of a stock dividend, stock split or similar transaction, then, there shall be substituted for or added to each Share of the Corporation that was theretofore appropriated, or previously Awarded under the Plan, or which thereafter may become subject to an Award under the Plan, the number and kind of Shares or other securities into which each outstanding Share of the Corporation shall be so changed or for which each such Share shall be exchanged or to which each such Shares shall be entitled, as the case may be. Each outstanding Award shall be appropriately amended as to price and other terms, as may be necessary to reflect the foregoing events.

If there shall be any other change in the number or kind of the outstanding Shares of the Corporation, or of any Shares or other securities into which such Shares shall have been changed, or for which it shall have been exchanged, and if a majority of the Board of Directors shall, in its sole discretion, determine that such change equitably requires an adjustment in any Award that was theretofore granted or that may thereafter be granted under the Plan, then such adjustment shall be made in accordance with such determination.

The grant of an Award under the Plan shall not affect in any way the right or power of the Corporation to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, to merge, to consolidate, to dissolve, to liquidate or to sell or transfer all or any part of its business or assets.

Fractional shares resulting from any adjustment in Awards pursuant to this Section 23 may be settled as a majority of the members of the Board of Directors or of the Committee, as the case may be, shall determine.

To the extent that the foregoing adjustments relate to Shares or securities of the Corporation, such adjustments shall be made by a majority of the members of the Board or of the Committee, as the case may be, whose determination in that respect shall be final, binding and conclusive. The Corporation shall give notice of any adjustment to each holder of an Award that is so adjusted.

24. Forfeiture. Notwithstanding anything to the contrary in this Plan, if the Committee finds, after full consideration of the facts presented on behalf of the Corporation and the involved participant, that he or she has been engaged in fraud, embezzlement, theft, commission of a felony, or dishonesty and such action has damaged the Corporation or the Subsidiary, as the case may be, or that the participant has disclosed trade secrets of the Corporation or its affiliates, the participant shall forfeit all rights under and to all unexercised Awards, and under and to all exercised Awards under which the Corporation has not yet delivered payment or certificates for shares of Stock (as the case may be), all of which Awards and rights shall be automatically canceled. The decision of the Committee as to the cause of the participant's discharge from employment with the Corporation or any Subsidiary and the damage thereby suffered shall be final for purposes of the Plan, but shall not affect the finality of the participant's discharge by the Corporation or Subsidiary for any other purposes. The preceding provisions of this paragraph shall not apply to any Qualified Option to the extent such application would result in disqualification of the option as a qualified option under Code Sections 421 and 422.

25. Indemnification. In and with respect to the administration of the Plan, the Corporation shall indemnify each member of the Committee and/or of the Board and/or each person to whom the Committee has delegated authority under the Plan ("Delegate"), each of whom shall be entitled, without further action on his or her part, to indemnification from the Corporation for all damages, losses, judgments, settlement amounts, punitive damages, excise taxes, fines, penalties, costs and expenses (including without limitation attorneys' fees and disbursements) incurred by the member or the Delegate in connection with any threatened, pending or completed action, suit or other proceedings of any nature, whether civil, administrative, investigative or criminal, whether formal or informal, and whether by or in the right or name of the Corporation, any class of its security holders, or otherwise, in which the member or the Delegate may be or may have been involved, as a party or otherwise, by reason of his or her being or having been a member of the Committee and/or of the Board or their Delegate, whether or not he or she continues to be a member of the Committee or of the Board or a Delegate. The provisions, protection and benefits of this Section shall apply and exist to the fullest extent permitted by applicable law to and for the benefit of all present and future members of the Committee and/or of the Board and/or their Delegate and their respective heirs, personal and legal representatives, successors and assigns, in addition to all other rights that they may have as a matter of law, by contract, or otherwise, except (a) to the extent there is entitlement to insurance proceeds under

insurance coverages provided by the Corporation on account of the same matter or proceeding for which indemnification hereunder is claimed, or (b) to the extent there is entitlement to indemnification from the Corporation, other than under this Section 25, on account of the same matter or proceeding for which indemnification hereunder is claimed.

26. Clawback. Any Award granted hereunder shall be subject to any clawback policy in effect at the Corporation or a Subsidiary, or as otherwise indicated in any Award Agreement.

27. Repricing. Notwithstanding any provision herein to the contrary, the repricing of Options or SARs is prohibited without the prior approval of the Corporation's shareholders. For this purpose, a "repricing" means any of the following (or any other action that has the same effect as any of the following): (a) changing the terms of an Option or SAR to lower its purchase or grant price; (b) any other action that is treated as a "repricing" under generally accepted accounting principles; and (c) repurchasing for cash or canceling an Option or SAR at a time when its purchase or grant price is greater than the Fair Market Value of the underlying Shares in exchange for another Award, unless the cancellation and exchange occurs in connection with a change in capitalization or similar change under Section 23. Such cancellation and exchange would be considered a "repricing" regardless of whether it is treated as a "repricing" under generally accepted accounting principles and regardless of whether it is voluntary on the part of the participant.

28. Miscellaneous.

(a) Any reference contained in this Plan to a particular section or provision of law, rule or regulation, including but not limited to the Code and the 1934 Act, shall include any subsequently enacted or promulgated section or provision of law, rule or regulation, as the case may be. With respect to persons subject to Section 16 of the 1934 Act, transactions under this Plan are intended to comply with all applicable conditions of Section 16 and the rules and regulations promulgated thereunder, or any successor rules and regulations that may be promulgated by the Securities and Exchange Commission, and to the extent any provision of this Plan or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by applicable law and deemed advisable by the Committee.

(b) Where used in this Plan, the plural shall include the singular, and unless the context otherwise clearly requires, the singular shall include the plural; and the term "affiliates" shall mean each and every Subsidiary and any parent of the Corporation.

(c) The captions of the numbered sections contained in this Plan are for convenience only, and shall not limit or affect the meaning, interpretation or construction of any of the provisions of the Plan.

(d) This Plan is an unfunded and unsecured obligation of the Corporation.
