Item 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On September 11, 2014, Brady Corporation (the "Company") issued a press release announcing its fiscal 2014 fourth quarter financial results. A copy of the press release announcing the fourth quarter financial results is being furnished to the Securities and Exchange Commission as Exhibit 99.1 attached hereto and is incorporated herein by reference.

Item 2.06 MATERIAL IMPAIRMENTS

On September 9, 2014, the Company concluded that under generally accepted accounting principles a material charge of approximately \$149 million for impairment of goodwill and other long-lived assets primarily within its PeopleID reporting unit will be recorded in the Company's fourth fiscal quarter ended July 31, 2014. This non-cash impairment charge does not impact the Company's future cash flow, liquidity, or compliance with its debt covenants in various agreements.

The PeopleID reporting unit is primarily comprised of the Company's December 2012 acquisition of Precision Dynamics Corporation ("PDC"), which sells identification products into the healthcare industry. Organic sales within the PDC business declined in the low single digit percentages from fiscal 2013 to fiscal 2014. This was primarily due to a contraction in the overall healthcare industry, as the Company believes there was a decline of approximately 2% in hospital admission rates during fiscal 2014. Sales and profit growth may not materialize as expected within the PDC business given slower than anticipated industry growth and fewer sales synergies than originally planned.

As a result, management is implementing a modified strategy within the PDC business to focus on the full continuum of care within the healthcare industry. Although management believes the modified strategy will improve organic sales and profitability of the PeopleID reporting unit in future years, there is risk associated with any strategy. As such, the Company's annual goodwill impairment test performed as of May 1, 2014, incorporated revised assumptions for the PeopleID reporting unit and resulted in an impairment of approximately \$100 million in goodwill and approximately \$49 million in other intangible assets during the three months ended July 31, 2014.
