INDEPENDENT AUDITORS' REPORT

To the Administrative Committee - U.S. Plans
Pharmacia Savings Plan:

We have audited the accompanying statement of net assets available for plan benefits of the Pharmacia Savings Plan (the Plan) as of December 31, 2002, and the related statement of changes in net assets available for plan benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of December 31, 2001, were audited by other auditors whose report dated June 21, 2002, expressed an unqualified opinion on the statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform an audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2002 financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits as of December 31, 2002 and the changes in net assets available for plan benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i - schedule of assets (held at end of year) and schedule H, line 4j - schedule of reportable transactions, as of and for the year ended December 31, 2002 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PHARMACIA SAVINGS PLAN
Notes to Financial Statements
December 31, 2002 and 2001

1. Description of Plan

The following brief description of the Pharmacia Savings Plan (the "Plan") (formerly the Pharmacia & Upjohn Employee Savings Plan) is provided only for general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

On April 16, 2003, Pfizer Inc. ("Pfizer") completed a merger with Pharmacia Corporation ("Pharmacia") including its subsidiary, Pharmacia & Upjohn Company (the "Company"). In connection with the merger, Pfizer adopted and assumed the Plan. The Plan is a defined contribution plan with two component parts: a section 401(k) plan and a section 410 (m) plan. The section 401(m) plan consists of Employee Stock Ownership Plan ("ESOP") funds (collectively, the Pharmacia ESOP Funds) and funds that do not constitute an ESOP. The Pharmacia ESOP Funds consist of a Preferred Employee Stock Ownership Plan (the "Preferred ESOP") and a Common Employee Stock Ownership Plan (the "Common ESOP"). The Plan covers substantially all domestic employees of the Company not otherwise covered by another defined contribution plan of the Company. The Plan continues to cover employees of business units aligned with Pharmacia prior to the merger.

Effective March 1, 2002, the Plan changed trustees from State Street Bank to the Northern Trust Company.

On July 1, 2002, the Plan became part of the Pharmacia Retirement Choice Program ("Choice Program") for all employees except those on long-term disability benefits, those employed by the Company in Puerto Rico, those covered under the Pre-Retirement Terminated Leave of Absence program or those covered under the Special Severance Package. The Choice Program is made up of a traditional pension plan and a 401(k) savings plan. Under the Choice Program, eligible employees select either Option 1 which provides greater pension plan benefits or Option 2 which provides greater savings plan benefits.

Effective July 1, 2002, the Pharmacia Corporation Savings and Investment Plan (Pharmacia SIP) merged into the Plan. Participant accrued balances in the Pharmacia SIP transferred to the Plan as of the effective date. Pharmacia SIP participants consisted of certain employees and former employees of Monsanto Company ("Monsanto") (as it existed prior to its merger with Pharmacia & Upjohn Company in 2000). The Pharmacia SIP included the Common ESOP and a Solutia Stock Fund, which were added to the Plan on the effective date. Employee contributions are not allowed to be allocated to the Solutia Stock Fund, only transfers or payments out of the fund are permitted.

Effective July 7, 2002, Plan participants may elect to receive a distribution of any cash dividends paid to the portion of their account balance that is invested in the Pharmacia Common Stock Fund.

On August 13, 2002, Pharmacia spun off all of its remaining shares of stock of Monsanto (the agricultural products division of the former Monsanto that was merged into Pharmacia & Upjohn Company in 2000) by issuing a special one-time stock dividend of Monsanto shares to all Pharmacia shareholders. Each share of Pharmacia stock held as of that date received 0.170593 shares of Monsanto Company as a result of the spin-off. A new fund, the Monsanto Stock Fund, was added to the Plan to accept the spin-off dividend posted to participant accounts. Contributions are not allowed to be allocated to the Monsanto Stock Fund, only transfers or payments out of the fund are permitted. Shares

of Monsanto common stock distributed to the unallocated portion of the Common ESOP were exchanged for shares of Pharmacia Common Stock held in the Monsanto Savings and Investment Plan, the plan covering employees of the spun-off Monsanto.

Administration

The Administrative Committee is responsible for administering plan operations in accordance with the Employee Retirement Income Security Act of 1974, as amended ("ERISA") plan documents. The Global Benefits Investment Committee is responsible for monitoring plan investments.

Contributions

Participants (other than Puerto Rico participants) can elect to contribute on a before-tax or after-tax basis from 1% to 20%, in 1% increments, of their Total Pay, as defined in the Plan document. Puerto Rico participants can elect to contribute on a before-tax basis or after-tax basis from 1% to 18%, in 1% increments, of their Total Pay, as defined in the Plan document. The Internal Revenue Code ("IRC") contains certain limits on participant contributions to a qualified plan, such as an \$11,000 limit on a participant's before-tax contributions during the 2002 calendar year. Other limits also apply to highly compensated employees participating in the Plan. Effective January 1, 2002, participants that reach age 50 before the end of 2002 or any year thereafter are eligible to make additional before-tax catch-up contributions. Catch-up contributions in 2002 are limited to the lesser of \$1,000 or 100% of eligible pay. Catch-up contributions max out at \$5,000 in 2006. After 2006, the limit will increase by \$500 per year.

Participants may also elect to make rollover contributions to the Plan from other qualified defined contribution plans.

Since 1990, matching contributions have been made through the Preferred ESOP. The Company matching contributions are the basis for allocating shares of the Company's Convertible Perpetual Preferred Stock ("Preferred Stock") to participants' accounts. The Company's Preferred Stock remains unallocated until it is distributed (allocated) to participant accounts in accordance with provisions of the Plan. Dividends paid to the participants' Preferred ESOP accounts are also allocated in Preferred Stock.

Effective July 1, 2002, for employees eligible for the Choice Program, the Company match depends on the amount of the participant's before-tax and after-tax contribution and whether Option 1 or Option 2 under the Choice Program is selected. Under both Options, the Company will match 100% of participant contributions, from 1% to 5% of Total Pay as defined by the Plan. The match is allocated as a combination of the Preferred ESOP and the Common ESOP shares (the percentage split for the 2002 plan year was 65% to the Preferred ESOP and 35% to the Common ESOP). The Preferred ESOP and Common ESOP will allocate shares of stock to participants such that, at the time of allocation, the total value of the shares allocated is equivalent to the Company match. Under Option 2 of the Choice Program there is an additional \$0.25 to \$1.00 Company match on the first 5% of eligible pay which is based on the participant's ages as follows:

- Under age 35: \$0.25 additional match
- Age 35 - 44: \$0.50 additional match
- Age 45 - 49: \$0.75 additional match
- Age 50 and older: \$1.00 additional match

The additional match under Option 2 is made in cash and allocated to the participant's current investment fund elections (not into the Pharmacia ESOP Stock Funds).

Effective July 1, 2002, for Puerto Rico participants, the Company matched 100% of participant contributions, from 1% to 5% of Total Pay, in the form of Preferred Stock within the Preferred ESOP. The Preferred ESOP allocated shares of Preferred Stock to participants such that, at the time of allocation, the total value of the shares allocated is equivalent to the Company match. The value of a share of Preferred Stock for 2002 and 2001 was the closing price of one share of Pharmacia common stock multiplied by a 1.83919 and a 1.7255 conversion factor, respectively.

The Company contributes to the Common and Preferred ESOP's cash amounts that are necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on each ESOP's outstanding debt and to release stock to cover allocations to participant accounts. Employer dividends paid to each ESOP and certain other funds are also used to repay the outstanding ESOP debt.

Investment Options

Participant contributions received by the Plan are invested at the direction of the participants in accordance with the terms of the Plan document. Investment fund options available to all plan participants for the January 1, 2002 - June 30, 2002 period are listed below.

- a) Income Fund
- b) American Balanced Fund
- c) Indexed Stock Fund
- d) Neuberger Berman Guardian Fund
- e) American Century Ultra Fund
- f) Templeton Foreign Fund
- g) Pharmacia Common Stock Fund
- h) Any combination of the above, provided that a minimum of five percent and a multiple of one percent is directed to each fund selected.

Participants may elect to transfer or allocate their participant contribution balances and earnings thereon to any of the above funds.

For Puerto Rico participants, company matching contributions and earnings thereon are only posted to the Preferred ESOP Fund. Upon completing ten years of employment service and attaining age 55, participants are allowed to transfer a portion of their Pharmacia Common Stock Fund balance (i.e., pertaining to Company contributions and earnings thereon) and their ESOP Fund balance into the other investment fund options. For participants age 55-59 and for participants age 60 and older, 25% and 50% can be transferred to other investment funds, respectively. Those age

60 and older that have already diversified their current Common Stock 25%, may only diversify another 25%.

Effective July 1, 2002, all Plan participants eligible for the Choice Program, were provided with new fund options as outlined below.

- a) Income Fund
- b) Core Bond Fund
- c) Value Stock Fund
- d) Large Company Stock Fund
- e) Growth Stock Fund
- f) Mid-Small Company Stock Fund
- g) International Stock Fund
- h) Pharmacia Common Stock Fund
- i) Any combination of the above, provided that a minimum of five percent and a multiple of one percent is directed to each fund selected.

In addition, the Plan includes four asset allocation funds, which allow Choice Program participants varying degrees of risk and return, including (in order of risk tolerance, least to greatest), the Conservative Portfolio Fund, the Moderate Portfolio Fund, the Moderately Aggressive Portfolio Fund, and the Aggressive Portfolio Fund. Investments in the Core Bond Fund, Large Company Stock Fund, Mid-Small Company Stock Fund and the International Stock Fund are used in predetermined mixes to form the asset allocation funds.

For Choice Program participants, company matching contributions and earnings thereon are only posted to the Preferred ESOP Fund and Common ESOP Fund. Upon attaining age 50, participants are allowed to transfer the balance of the Company Matching Account into the other investment fund options.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and plan earnings. Participant accounts are valued on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Prior to the Pharmacia SIP merger into the Plan, employer contributions vested and became non-forfeitable at the rate of 20% per year of service, such that employer contributions were 100% vested after five years of service. Pre-existing participants in the Plan were always 100% vested in their account balance. Effective July 1, 2002, all participants in the Plan became 100% vested in their account balances.

Participant Loans

The Plan has a loan provision which allows participants to borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 (reduced by the highest outstanding

loan balance within the previous twelve months). Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. Loans for the purchase of a home have a \$3,000 minimum loan amount. The loans are secured by the balance in the participant's account and bear interest at a rate that is equal to the prime rate effective as of the beginning of the quarter in which the loan originates, plus 1%. Interest is credited to the account of the participant. Repayments may not necessarily be made to the same fund from which amounts were borrowed. Repayments are credited to the applicable funds based on the participant's investment elections at the time of repayment.

Payment of Benefits

Benefits are paid either in cash or in cash and Pharmacia common stock. Pharmacia common stock is issued only with respect to the participant's accounts in the Pharmacia Common Stock Fund and the ESOP Funds. Upon retirement or death, the full value of the participant's accounts is paid in either a lump sum, in installments or by the purchase of an annuity contract. If a participant elected to receive common stock on or prior to August 13, 2002 (Monsanto spin-off), each share of the Preferred Stock (based on participant records) was converted into 1.7255 shares of Pharmacia common stock. If a participant elected to receive common stock after August 13, 2002, each share of the Preferred Stock (based on participant records) was converted into 1.83919 shares of Pharmacia common stock.

Participants may also elect to make in-service withdrawals from their account balances subject to the provisions of the Plan.

2. Summary of Accounting Policies

Method of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments

Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Common/collective trust funds are stated at redemption value as determined by the trustees of such funds based upon the underlying securities stated at fair value. Investments in money market instruments are generally short-term and are valued at cost, which approximates market. Investments in guaranteed investment contracts ("GICs") and synthetic investment contracts ("SICs") are reported at their contract value by the insurance companies and underlying banks, respectively, because these investments have fully benefit-responsive features (see Note 5). Pharmacia common stock is valued at quoted market price as of the last business day of the Plan year. The value of outstanding participant loans is determined based on the outstanding principal balance as of the last day of the Plan year, which approximates fair value since such loans are subject to variable interest rates.

Pharmacia preferred stock is valued using the higher of the per-share equivalent stated value of \$40.30 or the quoted market price of Pharmacia common stock multiplied by 1.83919 on the last business day of the plan year. (**Note:** *Preferred Stock share balances maintained by the plan's trustee and recordkeeper are on a basis equal to a multiple of 1,000 of the share balance and one-thousandth of the \$40,300 stated value, as reflected on the Company's financial statements*).

Edgar Filing: PFIZER INC - Form 11-K

Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

The Plan presents in the statement of changes in net assets available for plan benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

The Plan pays certain outside service provider expenses (e.g., recordkeeping and trustee fees) incurred in the operation of the Plan. Investment manager fees are paid by the Plan and are netted against investment income. Certain other expenses are paid by the Company.

Forfeitures

On July 1, 2002, forfeitures in the amount of \$1,489,851 were transferred into the Plan. Forfeited amounts are used to pay expenses of the Plan, interest on ESOP debt incurred by the Plan (paid in February of each year) and to reduce Company contributions. Forfeitures which have not been applied for these uses amounted to \$2,030,774 and \$737 as of December 31, 2002 and 2001, respectively and are reported as part of other payables in the statements of net assets.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is possible that changes in their values could occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

3. Investments

The following investments represent 5 percent or more of the plan's net assets.

	\$ (58,107,736)

4. Nonparticipant-directed Funds

The Plan includes the following nonparticipant-directed funds: *Pharmacia Common Stock Fund, Preferred Leverage ESOP and the Common Leveraged ESOP*. These funds and their related activity were as follows:

Pharmacia Common Stock Fund

Effective April 1, 1999, the Pharmacia Common Stock Fund was added as an investment option into which participants can direct their contributions and/or transfer existing balances. However, certain Company contribution balances (and earnings thereon) within the Pharmacia Common Stock Fund can only be transferred out of the fund into other investment options after participants satisfy certain age and service requirements. All assets and activity within this fund have been disclosed as nonparticipant-directed for purposes of this report.

Preferred Leveraged ESOP and Notes Payable

On March 1, 1990, the Preferred ESOP borrowed \$275 million from the Bank of New York through the issuance of amortizing notes. These notes, which are guaranteed by the Company, mature in 2004 and pay interest at an annual rate of 9.79%. The remaining principal balance on these notes was \$111,200,000 with unpaid interest of \$10,886,480 and \$154,900,000 with unpaid interest of \$15,164,710 as of December 31, 2002 and 2001, respectively.

As of March 1, 1990, the Preferred ESOP issued a note to the Company in the amount of \$25 million, which carries an interest rate of 6.25% per annum. Interest accrues and is payable, along with principal, no later than the maturity date of February 1, 2005. The balance of this note, including unpaid interest, was \$54,442,419 and \$51,239,923 at December 31, 2002 and 2001, respectively.

Effective January 31, 1997, the Preferred ESOP and State Street Bank entered into an agreement, whereby the Preferred ESOP can borrow amounts that in the aggregate cannot exceed \$95,000,000 (collectively the "New Loans"). Any such borrowings bear interest at 7.00% per annum and will be due no later than December 31, 2010. No interest shall be due until the maturity date of any New Loans. The proceeds of the New Loans are to be used to pay principal and interest then due on any existing Preferred ESOP loans. In relation to New Loans, the Preferred ESOP had

Edgar Filing: PFIZER INC - Form 11-K

drawings of \$22,000,000 with unpaid interest of \$7,958,314 and \$22,000,000 with unpaid interest of \$5,998,425 as of December 31, 2002 and 2001, respectively.

Projected principal loan payments on the Preferred ESOP debt are as follows:

Year		Amount
2003	\$	52,600,000
2004		58,600,000
2005		25,000,000

Common Leveraged ESOP and Notes Payable

The Common ESOP became part of the Plan as a result of the July 1, 2002 Pharmacia SIP merger.

As of December 31, 2002, the outstanding principal balance on the Common ESOP's external debt was \$7,340,200 (carrying an interest rate of 8.13% and maturing on December 15, 2006). In addition, the Common ESOP carried two separate internal notes payable to Pharmacia. The outstanding principal balance of the first internal note as of December 31, 2002 was \$17,899,572 (carrying an interest rate of 5.71% and maturing on December 15, 2006). The outstanding principal balance of the second internal note as of December 31, 2002 was \$353,773 (carrying an interest rate of 7.00% and maturing on December 15, 2021).

Projected principal loan payments on the Common ESOP debt are as follows:

Year	Amount
2003	\$ 5,949,052
2004	6,569,950
2005	6,477,302
2006 to 2021	6,597,241
Total	\$ 25,593,545

The proceeds of the borrowings were used to purchase Company common stock. This stock is maintained in the Common ESOP as unallocated. This stock is released for allocation to participants' accounts in accordance with the terms of the Plan as interest and principal on the borrowings are paid.

5. Investment Contracts with Insurance Companies

The Income Fund consists primarily of benefit responsive GICs and SICs. The contract value of the GICs and SICs represents the cost or face-value of the contract plus accrued interest. At December 31, 2002 and 2001, the Plan held GICs with a contract value of \$26,883,231 and \$25,303,802, respectively. The contract value of the SICs represents fair value of the underlying asset plus the contract value of the wrapper contract associated with the underlying asset. At December 31, 2002 and 2001, fair values of assets underlying the SIC's were \$603,738,524 and \$231,584,946, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The average portfolio yield and crediting interest rates were approximately 6% for both 2002 and 2001. For GICs, the crediting interest rate, specified in the contract, is agreed upon with the issuers and is maintained for the life of the contract. For SICs, the rate is based on a formula which consists of the yield to maturity, duration, and the book and market values. The rate for SICs is periodically reset, usually quarterly, and cannot be reset below 0%.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits according to the financial statements to Form 5500.

Less: Amounts allocated to withdrawing participants at December 31, 2001	(1,144,000)
Benefits paid to participants per Form 5500	\$ 131,898,284

Amounts allocated to withdrawing participants are recorded on Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

7. Related-Party Transactions

The Plan holds shares of Pharmacia common stock and preferred stock. At December 31, 2002 and 2001, the Plan owned 13,539,523 and 5,370,542 shares of Pharmacia common stock at a cost of \$341,555,589 and \$117,753,110, respectively. At December 31, 2002 and 2001, the Plan owned 6,130,324 and 6,399,670 shares of Pharmacia preferred stock at a cost of \$247,052,057 and \$257,920,598, respectively. In addition, Plan funds are invested in short-term investment funds with Northern Trust Company and State Street Bank & Trust Company, trustees of the Plan at December 31, 2002 and 2001 respectively. At December 31, 2002 the fair value of the Northern Trust Company short-term investment account was \$41,206,686. At December 31, 2001 the fair value of the State Street Bank & Trust Company short-term investment account was \$21,542,503.

8. Plan Termination

The Company expects to continue the Plan indefinitely, but reserves the right to amend, suspend or discontinue it in whole or in part at any time by action of the Company's Board of Directors. In the event of termination of the Plan, each participant shall be entitled to the full value of his or her account balance as though she had retired as of the date of such termination. No part of the invested assets established pursuant to the Plan will at any time revert to the Company.

9. Tax Status of the Plan

The Plan obtained its latest determination letter dated May 31, 2002 in which the Internal Revenue Service indicated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Company's legal and tax counsel believe that the Plan is currently designed and being operated in material compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

10. Transfer In from the Pharmacia Savings and Investment Plan

Effective July 1, 2002, \$1,253,244,564 in net assets of the Pharmacia SIP was transferred into the Plan and Pharmacia SIP participants became eligible to participate in the Plan. Pharmacia SIP participants were 100% vested in their Pharmacia SIP account balances.

Included in the transfer were 1,968,630 in unallocated Pharmacia common shares with a value of \$73,725,194 and three outstanding loans with a total principal balance of \$28,604,006 which were transferred to the Plan's unallocated Common ESOP account. The outstanding principal balance of the external note transferred to the Common ESOP was \$8,179,080 as of July 1, 2002 (carrying an interest rate of 8.13% and maturing on December 15, 2006). In addition, two internal notes payable to Pharmacia were transferred to the Common ESOP. The outstanding principal balance of the first internal note was \$20,071,153 as of July 1, 2002 (carrying an interest rate of 5.71% and maturing on December 15, 2006). The outstanding principal balance of the second internal note was \$353,773 as of July 1, 2002 (carrying an interest rate of 7.00% and maturing on December 15, 2021).

11. Subsequent Events

Effective February 2003, the Plan began offering a self-directed brokerage account investment option.

Effective April 16, 2003, Pharmacia was acquired by Pfizer. As a result of this acquisition, outstanding shares of Pharmacia common stock in the Pharmacia Common Stock Fund and Common ESOP accounts were converted to Pfizer common stock at a rate of 1.4 shares of Pfizer stock for each share of Pharmacia share held on April 16, 2003. In addition the name of the Pharmacia Common Stock Fund was changed to the Pfizer Common Stock Fund and the Pharmacia ESOP Common Fund was changed to the Pfizer ESOP Common Stock Fund. Within the Preferred ESOP, the conversion factor for the Convertible Perpetual Preferred stock in the Preferred ESOP Stock Fund was changed to 1.83919 shares of Pfizer common stock for each preferred share. The name of the Pharmacia Preferred ESOP Stock Fund was changed to the Pfizer ESOP Preferred Stock Fund.

Report of Independent Accountants

To the Participants and Administrator of
The Pharmacia Savings Plan (formerly the Pharmacia & Upjohn Employee Savings Plan)

In our opinion, the accompanying statement of net assets available for plan benefits presents fairly, in all material respects, the net assets available for benefits of the Pharmacia Savings Plan (the "Plan") at December 31, 2001 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
