INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of
Brown & Brown, Inc. Employees' Savings Plan and Trust
Daytona Beach, Florida

We have audited the accompanying statement of net assets available for benefits of Brown & Brown, Inc. Employees' Savings Plan and Trust (the "Plan") as of December 31, 2002, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of Brown & Brown, Inc. Employees' Savings Plan and Trust for the year ended December 31, 2001 were audited by other auditors who have ceased operations. Those auditors expressed an unqualified opinion on those financial statements in their report dated May 17, 2002.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002, and the changes in net assets available for benefits for the year then ended in

conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic 2002 financial statements taken as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2002 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2002 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

BROWN & BROWN, INC. EMPLOYEES' SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2002 AND 2001

1. DESCRIPTION OF THE PLAN

The following brief description of the Brown & Brown, Inc. Employees' Savings Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General- The Plan, established effective January 1, 1985, and, as amended and restated effective January 1, 1997, is a defined contribution plan under which substantially all employees who are at least age 18 and who have completed 30 continuous days of service are eligible to participate. The Plan is intended to assist Brown & Brown, Inc. and its subsidiaries (the "Employer") in its efforts to attract and retain competent employees by enabling eligible employees to share in the profits of the Employer and to supplement retirement income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits Payments- Benefits under the Plan are payable upon normal (after age 65) or early (after age 59 ½) retirement, death, disability, severe financial hardship or termination of service, and are based on the vested balance in the participant's account. Distributions of vested account balances will be made in the form of a single lump-sum payment or in some other optional form of payment, as defined in the Plan. If the participant's vested account is \$5,000 or less, the participant will receive an immediate lump sum distribution.

Administration- The Plan is administered by the 401(k) Plan Employee Benefits Administrative Committee (the "Committee"), which has been appointed by the Board of Directors (the "Board") of the Employer. Information about the Plan agreement, such as provisions for allocations to participants' accounts, vesting, benefits and withdrawals, is contained in the Summary Plan Description. Copies of this document are available from the Committee. Diversified Investment Advisors, Inc. ("Diversified") has been appointed as the recordkeeper of the Plan and Investors Bank & Trust Company of Boston, Massachusetts (the "Trustee"), has been appointed as the trustee of the Plan.

Administrative Expenses- All investment-related expenses for the year ended December 31, 2002 were charged against Plan earnings. All other expenses were paid by the Employer.

Contributions - Participants may elect to contribute, subject to certain limitation, between 1 percent and 15 percent of annual compensation as contributions to the Plan, up to a maximum contribution of \$11,000 for the year ended December 31, 2002. The Employer makes matching contributions to the Plan of 100 percent of each participant's contribution, not to exceed 2.5 percent of each participant's salary. The Plan permits the Board of the Employer to authorize optional profit sharing contributions allocated to participants based on salary. The Board authorized an optional profit sharing contribution of 1.5 percent of salary for all participants for the year ended December 31, 2002.

Vesting - Participants employed prior to October 1, 1996, are 100 percent vested in their entire account balance. Participants employed on or after October 1, 1996, are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer matching contributions and optional

BROWN & BROWN, INC. EMPLOYEES' SAVINGS PLAN AND TRUST

**NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2002 AND 2001 (Continued)**

contributions are based on years of credited service and are subject to the following vesting schedule:

Years of Credited Service	Vested Interest
Less than 1	0%
1	20%

2	40%
3	60%
4	80%
5 or more	100%

Forfeited balances of terminated participants' nonvested accounts are used to offset Plan expenses and to reduce future Employer matching contributions.

Investment Income and Expenses- Each participant's account shall be allocated the investment income and expenses of each fund based on the value of each participant's account invested in each fund, in proportion to the total value of all accounts in each fund, taking into account any contributions to or distributions from the participant's account in each fund. General expenses of the Plan not attributable to any particular fund shall be allocated among participants' accounts in proportion to the value of each account, taking into consideration the participant's contributions and distributions.

Participant Loans- A participant may, with the approval of the Committee, borrow from his or her own account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of the participant's vested account balance. Participants may not have more than two loans outstanding at any time. Loans, which are repayable monthly over periods generally up to five years, are collateralized by a security interest in the borrower's vested account balance. The loans bear interest at the rate of prime plus 1 percent, determined at the time the loan is approved. As of December 31, 2002, interest rates ranged from 5.25 percent to 10.5 percent.

Plan Termination- Although it has not expressed any intent to do so, the Employer may terminate the Plan at any time, either wholly or partially, by notice in writing to the participants and the Trustee. Upon termination, the rights of participants in their accounts will become 100 percent vested. The Employer may temporarily discontinue contributions to the Plan, either wholly or partially, without terminating the Plan.

2. USE OF ESTIMATES AND SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from the net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2002 AND 2001 (Continued)

Basis of Accounting - The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments - The Plan's investments in money market funds, common/collective trust funds, Employer common stock and the personal choice retirement account, which includes investments in mutual funds and common stock, are stated at fair value based on quoted market prices at year-end. Participant loans are valued at cost, which approximates fair value.

Diversified manages a guaranteed pooled separate account of AUSA Life Insurance Company called the Stable Five Fund. The guaranteed investment contract is stated at contract value and approximates fair value. Contract value represents contributions made under the contract, plus interest, less expenses and benefits. The crediting interest rate is effective for a twelve-month period and is set annually. The crediting interest rate is determined based on (i) the projected market yield-to-maturity of the market value of assets, net of expenses, (ii) the timing and amounts of deposits, transfers and withdrawals expected to be made during the interest crediting period, and (iii) the amortization of the difference between the fair value of Pooled Account No. 24 and the balance of the Stable Five Fund. The crediting interest rate for this Diversified account for the years ended December 31, 2002 and 2001, was 5.90 percent and 6.30 percent, respectively. The average yield for this Diversified account for the years ended December 31, 2002 and 2001, was 5.90 percent and 6.30 percent, respectively.

3. INVESTMENTS

The fair value of individual investments that represent 5 percent or more of the Plan's net assets available for benefits as of December 31, 2002 and 2001, are summarized as follows:

	2002	2001
Fair value, as determined by quoted market value:		
Employer common stock	\$ 57,273,301	\$ 46,842,926
Diversified Stock Index Fund	-	6,091,421
Diversified Balanced Fund	-	4,692,209
Diversified Value and Income Fund	-	5,781,667
Diversified Stable Five Fund	10,043,560	6,232,805

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2002 AND 2001 (Continued)
