ELLSWORTH FUND LTD.

2006 ANNUAL REPORT  
SEPTEMBER 30, 2006

Ellsworth Fund LTD. (successor to Ellsworth Convertible Growth and Income Fund, Inc.) operates as a closed-end, diversified management investment company and invests primarily in convertible securities, with the objectives of providing income and the potential for capital appreciation -- which objectives the Fund considers to be relatively equal, over the long-term, due to the nature of the securities in which it invests.

Volatility is a measure of risk based on the standard deviation of the return. The greater the volatility, the greater the chance of a profit or risk of a loss. gains. Our largest realized gains came from our energy industry investments in Valero Energy, The Williams Companies and Maverick Tube. While we did take some losses (banking and pharmaceuticals had the largest realized losses), the gains we made in the energy sector were bigger.

While the convertible securities market as a whole continues to provide attractive investment opportunities, it appears to be at a modest premium to certain measures of theoretical value. Citigroup has measured the average current yield of their convertible index at 3.2%, down from 3.7% a year ago, while the average premium has dropped to 27.6%, down from 33.5% a year ago; these imply a more equity sensitive convertible market. This leads us to the conclusion that convertibles as a group appear to be fairly valued, and opportunities are more likely to be found in individual convertible issues with compelling underlying common stocks.

As cited above, the Fund made profits from its energy holdings. These holdings have been less profitable since early summer but we still believe that energy is attractive due to our expectation of global economic growth. The Fund's exposure to banking, entertainment and retail has been helpful of late. On the other hand, performance has been hurt by our exposure to aerospace and defense.

As seen in the Highlights section of this report, we have added a new column which reflects the ten year volatility (as measured by the standard deviation) of the various performance figures. We have also added the Merrill Lynch All Convertibles Index, a market-weighted index consisting of every domestic security in the convertibles universe rated B- or higher, and with a market value of more than \$50 million at the time of inclusion. We believe this index provides a useful comparison to the Fund's performance because over the past five years while the Fund has remained predominately invested in convertibles, many of our peers have migrated away from such a predominance to a mixture of convertibles and non-convertibles.

On December 31, 2006 boardmember Donald M. Halsted, Jr. will retire. He is one of the Fund's original independent trustees. Mr. Halsted has been indispensable and his contributions to the Fund's governance are too many to recount here. He served on the Audit and Governance Committees and was the prime mover of the Board's retirement policy. We will miss his presence.

Visit our website, [www.ellsworthfund.com](http://www.ellsworthfund.com), for additional information such as a monthly portfolio summary which lists the Fund's largest holdings. Quarterly updates may be found in the Financial Reports section, and other financial data is often included in press releases.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

(a) Organization -- Ellsworth Fund Ltd. (successor to Ellsworth Convertible Growth and Income Fund, Inc. (established in 1986)) (the "Fund"), is registered under the Investment Company Act of 1940 as a diversified, closed-end management investment company. On February 17, 2006, the Fund was reorganized as a Delaware statutory trust from a Maryland corporation.

(b) Use of Estimates -- The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Indemnification -- Under the Fund's organizational documents, each trustee,

## Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

officer or other agent of the Fund (including the Fund's investment adviser) is indemnified against certain liabilities that may arise out of performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts that contain a variety of indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. The risk of material loss as a result of such indemnification is considered remote.

(d) Federal Income Taxes -- The Fund's policy is to distribute substantially all of its taxable income within the prescribed time and to otherwise comply with the provisions of the Internal Revenue Code applicable to regulated investment companies. Therefore, no provision for federal income or excise taxes is believed necessary. At September 30, 2006, the Fund utilized capital loss carryforward of \$3,010,788 available to the extent allowed by tax law to offset net capital gains.

On July 13, 2006, the Financial Accounting Standards Board (FASB) released FASB Interpretation No. 48 "Accounting for Uncertainty in Income Taxes" (FIN 48). FIN 48 provides guidance for how uncertain tax positions should be recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Fund's tax return to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense in the current year. Adoption of FIN 48 is required for fiscal years beginning after December 15, 2006 and is to be applied to all open tax years as of the effective date. Management has not completed their analysis on whether the adoption of FIN 48 will have an impact to the financial statements.

### NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

(e) Security Valuation - Investments in securities traded on a national securities exchange are valued at market using the last reported sales price as of the close of regular trading. Listed securities, for which no sales were reported, are valued at the mean between closing reported bid and asked prices as of the close of regular trading. Unlisted securities traded in the over-the-counter market are valued using an evaluated quote provided by an independent pricing service. The independent pricing service derives an evaluated quote by obtaining dealer quotes, analyzing the listed markets, reviewing trade execution data and employing sensitivity analysis. Evaluated quotes may also reflect appropriate factors such as individual characteristics of the issue, communications with broker-dealers, and other market data. Securities for which quotations are not readily available, restricted securities and other assets are valued at fair value as determined in good faith by management pursuant to procedures approved by the Board of Trustees. Short-term debt securities with original maturities of 60 days or less are valued at amortized cost.

(f) Securities Transactions and Related Investment Income - Security transactions are accounted for on the trade date (date the order to buy or sell is executed) with gain or loss on the sale of securities being determined based upon identified cost. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis, including accretion of

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

discounts and amortization of non-equity premium. For certain securities, known as "contingent payment debt instruments," Federal tax regulations require the Fund to record non-cash, "contingent" interest income in addition to interest income actually received. Contingent interest income amounted to 6 cents per share for the year ended September 30, 2006. In addition, Federal tax regulations require the Fund to reclassify realized gains on contingent payment debt instruments to interest income. At September 30, 2006 there were unrealized losses of approximately 4 cents per share on contingent payment debt instruments.

(g) Change in Method of Accounting - Effective October 1, 2004, the Fund began amortizing discounts and premiums on all debt securities. Prior to October 1, 2004, the Fund amortized discounts on original issue discount debt securities. The new method of amortization was adopted in accordance with the provisions of the AICPA Audit and Accounting Guide, Audits of Investment Companies and the financial highlights presented herein have been restated to reflect the new method retroactive to October 1, 2001. The effect of this accounting change is included in the financial highlights for the years ended September 30, 2002, 2003 and 2004. The cumulative effect of this accounting change had no impact on the total net assets of the Fund or on distributions for tax purposes, but resulted in a \$79,579 increase in the cost of securities held and a corresponding \$79,579 reduction in the net unrealized gains based on the securities held on October 1, 2001. These changes had no effect on previously reported total net assets or total returns.

(h) Distributions to Shareholders - Distributions to shareholders from net investment income are recorded by the Fund on the ex-dividend date. Distributions from capital gains, if any, are recorded on the ex-dividend date and paid annually. The amount and character of income and capital gains to be distributed are determined in accordance with income tax regulations, which may differ from generally accepted accounting principles. The tax character of distributions paid during the fiscal years ended September 30, 2006 and 2005 were \$3,815,429 and \$3,641,418, respectively, both from ordinary income.

At September 30, 2006 the components of distributable net assets and federal tax cost were as follows:

Unrealized appreciation	\$ 8,604,708
Unrealized depreciation	(4,467,394)
	-----
Net unrealized appreciation	4,137,314
Undistributed ordinary income	1,584,336
Undistributed capital gains	3,308,160
	-----
Total distributable net assets	9,029,810
	=====
Cost for federal income tax purposes	\$112,605,095

Page 12

-----  
Notes to Financial Statements (continued)-----

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

(i) Market Risk - It is the Fund's policy to invest at least 65% of its assets in convertible securities. Although convertible securities do derive part of their value from that of the securities into which they are convertible, they are not considered derivative financial instruments. However, certain of the Fund's investments include features which render them more sensitive to price changes of their underlying securities. Thus they expose the Fund to greater downside risk than traditional convertible securities, but generally less than

## Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

that of the underlying common stock. The market value of those securities was \$21,217,136 at September 30, 2006, representing 17.8% of net assets.

(j) New Accounting Pronouncements - In September 2006, the Financial Accounting Standards Board (FASB) issued Statement on Financial Accounting Standards (SFAS) No. 157, "Fair Value Measurements." This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements. SFAS No. 157 applies to fair value measurements already required or permitted by existing standards. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. The changes to current generally accepted accounting principles from the application of this Statement relate to the definition of fair value, the methods used to measure fair value, and the expanded disclosures about fair value measurements. As of September 30, 2006, the Fund does not believe the adoption of SFAS No. 157 will impact the financial statement amounts, however, additional disclosures may be required about the inputs used to develop the measurements and the effect of certain of the measurements on changes in net assets for the period.

### NOTE 2 - MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The Fund has entered into an investment advisory agreement with Davis-Dinsmore Management Company ("Davis-Dinsmore"). Pursuant to the investment advisory agreement, Davis-Dinsmore provides the Fund with investment advice, office space and facilities. Under the terms of the investment advisory agreement, the Fund pays Davis-Dinsmore on the last day of each month an advisory fee for such month computed at an annual rate of 0.75% of the first \$100,000,000 and 0.50% of the excess over \$100,000,000 of the Fund's net asset value in such month.

The Fund, pursuant to an administrative services agreement with Davis-Dinsmore, has agreed to pay Davis-Dinsmore for certain accounting and other administrative services provided to the Fund. Under the administrative services agreement, the Fund pays Davis-Dinsmore compensation in the amount of \$25,000 per year, payable on a monthly basis.

Certain officers and trustees of the Fund are officers and directors of Davis-Dinsmore.

### NOTE 3 - PORTFOLIO ACTIVITY

At September 30, 2006 there were 12,429,083 shares of beneficial interest outstanding, with a par value of \$0.01 per share. During the years ended September 30, 2006 and 2005, 66,814 shares and 64,142 shares were issued in connection with reinvestment of dividends from net investment income, resulting in an increase in paid-in capital of \$501,102 and \$506,725, respectively.

Purchases and sales of investments, exclusive of corporate short-term notes, aggregated \$67,000,607 and \$69,337,731, respectively, for the year ended September 30, 2006.

A distribution of \$0.395 per share, consisting of \$0.13 from net investment income, and \$0.265 long-term capital gains was declared on October 16, 2006, payable November 22, 2006 to shareholders of record at the close of business October 27, 2006.

Report of Independent Registered-----  
Public Accounting Firm

To the Shareholders and Board of Trustees of  
Ellsworth Fund Ltd.

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments of Ellsworth Fund Ltd. (formerly Ellsworth Convertible Growth and Income Fund, Inc.) (the "Fund") as of September 30, 2006, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the two years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. The financial highlights for each of the years in the three year period ended September 30, 2004 have been audited by other auditors, whose report dated October 29, 2004 expressed an unqualified opinion thereon.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Fund is not required to have, nor were we engaged to perform an audit of the Fund's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of September 30, 2006, by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Ellsworth Fund Ltd. as of September 30, 2006, the results of its operations for the year then ended, the changes in its net assets and its financial highlights for each of the two years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Automatic Dividend Investment and Cash Payment Plan

The Fund has an Automatic Dividend Investment and Cash Payment Plan (the "Plan"). Any shareholder may elect to join the Plan by sending an application to American Stock Transfer & Trust Company, P.O. Box 922, Church Street Station, NY 10269-0560 (the "Plan Agent"). You may also obtain additional information about the Plan as well as the Plan application by calling the Plan Agent toll free at (800) 937-5449. If your shares are held by a broker or other nominee, you should instruct the nominee to join the Plan on your behalf. Some brokers may require that your shares be taken out of the broker's "street name" and re-registered in your own name. Shareholders should also contact their broker to determine whether shares acquired through participation in the Plan can be transferred to another broker, and thereafter, whether the shareholder can continue to participate in the Plan.

Under the Plan, all dividends and distributions are automatically invested in additional Fund shares. Depending on the circumstances, shares may either be issued by the Fund or acquired through open market purchases at the current market price or net asset value, whichever is lower (but not less than 95% of market price). When the market price is lower, the Plan Agent will combine your dividends with those of other Plan participants and purchase shares in the market, thereby taking advantage of the lower commissions on larger purchases. There is no other charge for this service.

All dividends and distributions made by the Fund (including capital gain dividends and dividends designated as qualified dividend income, which are eligible for taxation at lower rates) remain taxable to Plan participants, regardless of whether such dividends and distributions are reinvested in additional shares of the Fund through open market purchases or through the issuance of new shares. Plan participants will be treated as receiving the cash used to purchase shares on the open market and, in the case of any dividend or distribution made in the form of newly issued shares, will be treated as receiving an amount equal to the fair market value of such shares as of the reinvestment date. Accordingly, a shareholder may incur a tax liability even though such shareholder has not received a cash distribution with which to pay the tax.

Plan participants may also voluntarily send cash payments of \$100 to \$10,000 per month to the Plan Agent, to be combined with other Plan monies, for purchase of additional Fund shares in the open market. You pay only a bank service charge of \$1.25 per transaction, plus your proportionate share of the brokerage commission. All shares and fractional shares purchased will be held by the Plan Agent in your dividend reinvestment account. You may deposit with the Plan Agent any Ellsworth share certificates you hold, for a one-time fee of \$7.50.

At any time, a Plan participant may instruct the Plan Agent to liquidate all or any portion of such Plan participant's account. To do so, a Plan participant must deliver written notice to the Plan Agent prior to the record date of any dividend or distribution requesting either liquidation or a share certificate. The Plan Agent will combine all liquidation requests it receives from Plan participants on a particular day and will then sell shares of the Fund that are subject to liquidation requests in the open market. The amount of proceeds a Plan participant will receive shall be determined by the average sales price per share, after deducting brokerage commissions, of all shares sold by the Plan Agent for all Plan participants who have given the Plan Agent liquidation requests.

The Plan Agent or the Fund may terminate the Plan for any reason at any time by

## Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

sending written notice addressed to Plan participant's address as shown on the Plan Agent's records. Following the date of termination, the Plan Agent shall send the Plan participant either the proceeds of liquidation, or a share certificate or certificates for the full shares held by the Plan Agent in the Plan participant's account. Additionally, a check will be sent for the value of any fractional interest in the Plan participant's account based on the market price of the Fund's shares on that date.

Bancroft Fund Ltd.  
Ellsworth Fund Ltd.  
Davis-Dinsmore Management Company  
Proxy Voting Guidelines

## Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

(Adopted April 14, 2003)

These proxy voting guidelines have been adopted by the Boards of Trustees of Bancroft Fund Ltd. and Ellsworth Fund Ltd. (collectively, the "Funds"), as well as by the Board of Directors of Davis-Dinsmore Management Company ("Davis-Dinsmore").

The Boards of Trustees of the Funds have delegated to Davis-Dinsmore responsibility for voting proxies received by the Funds in their capacities as shareholders of various companies. The Boards recognize that, due to the nature of the Funds' investments, the Funds do not frequently receive proxies.

Davis-Dinsmore exercises its voting responsibility with the overall goal of maximizing the value of the Funds' investments. The portfolio managers at Davis-Dinsmore oversee the voting policies and decisions for the Funds. In evaluating voting issues, the portfolio managers may consider information from many sources, including management of a company presenting a proposal, shareholder groups, research analysts, and independent proxy research services.

Set forth below are the proxy voting guidelines:

### A. Matters Related to the Board of Directors

1. The Funds generally will support the election of nominees recommended by management for election as directors. In determining whether to support a particular nominee, Davis-Dinsmore will consider whether the election of that nominee will cause a company to have less than a majority of independent directors.

2. The Funds generally will support proposals to de-classify boards of directors if fewer than 66 2/3% of the directors are independent, and will generally vote against proposals to classify boards of directors.

3. The Funds generally will withhold a vote in favor of a director who has served on a committee which has approved excessive compensation arrangements or proposed equity-based compensation plans that unduly dilute the ownership interests of stockholders.

### B. Matters Related to Independent Auditors

1. The Funds generally will vote in favor of independent accountants approved by the company. Prior to such vote, however, Davis-Dinsmore will take into consideration whether non-audit fees make up more than 50 to 75% of the total fees paid by the company to the independent auditors, and the nature of the non-audit services provided.

### C. Corporate Governance Matters

1. As a general rule, the Funds will vote against proposals recommended by management of a company that are being made primarily to implement anti-takeover measures, and will vote in favor of proposals to eliminate policies that are primarily intended to act as anti-takeover measures.

2. Subject to the other provisions of these guidelines, including without limitation provision C.1. above, the Funds generally will vote in accordance with management's recommendations regarding routine matters, including the following:

- a. Fixing number of directors;
- b. Stock splits; and

## Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

c. Change of state of incorporation for specific corporate purposes.

### D. Matters Related to Equity-Based Compensation Plans

1. The Fund generally will vote in favor of broad-based stock option plans for executives, employees or directors which would not increase the aggregate number of shares of stock available for grant under all currently active plans to over 10% of the total number of shares outstanding.

2. The Funds generally will vote in favor of employee stock purchase plans and employee stock ownership plans permitting purchase of company stock at 85% or more of fair market value.

### E. Contested Matters

1. Contested situations will be evaluated on a case by case basis by the portfolio manager at Davis-Dinsmore principally responsible for the particular portfolio security.

### F. Miscellaneous Matters

1. The Funds may in their discretion abstain from voting shares that have been recently sold.

2. The Funds generally will abstain from voting on issues relating to social and/or political responsibility.

3. Proposals that are not covered by the above-stated guidelines will be evaluated on a case by case basis by the portfolio manager at Davis-Dinsmore principally responsible for the particular portfolio security.

### G. Material Conflicts of Interest

1. Conflicts of interest may arise from time to time between Davis-Dinsmore and the Funds. Examples of conflicts of interests include:

a. Davis-Dinsmore may manage a pension plan, administer employee benefit plans, or provide services to a company whose management is soliciting proxies;

b. Davis-Dinsmore or its officers or directors may have a business or personal relationship with corporate directors, candidates for directorships, or participants in proxy contests;

c. Davis-Dinsmore may hold a position in a security contrary to shareholder interests.

2. If a conflict of interest arises with respect to a proxy voting matter, the portfolio manager will promptly notify the Funds' Audit Committee and counsel for independent directors and the proxies will be voted in accordance with direction received from the Audit Committee.

## ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

(a) (1) Mr. Thomas H. Dinsmore, Chairman and Chief Executive Officer, serves as the Portfolio Manager of the Registrant. He has served in that capacity since 1996. This information is as of November 13, 2006. Mr. Dinsmore usually receives investment recommendations from a team of research analysts prior to making investment decisions about transactions in the portfolio.

Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

(2) The following table provides information relating to other (non-registrant) accounts where this portfolio manager is primarily responsible for day-to-day management as of November 13, 2006. The portfolio manager does not manage such accounts or assets with performance-based advisory fees, or other pooled investment vehicles.

Portfolio Manager	Registered Investment Companies	Other Pooled Investment Vehicles	Other Accounts
Thomas H. Dinsmore	Number: 1	n/a	n/a
	Assets: \$126,846,701	n/a	n/a

Mr. Dinsmore is the Portfolio Manager of one other account, Bancroft Fund Ltd. (Bancroft), a registered investment company with total net assets of \$126,846,701 as of October 31, 2006. Mr. Dinsmore is Chairman and Chief Executive Officer of Bancroft. This information is as of November 13, 2006. The Registrant and Bancroft have similar investment objectives and strategies. As a result, conflicts of interest may arise between the two funds if a security is not available in a sufficient amount to fill open orders for both funds. To deal with these situations, the investment adviser for the Registrant and Bancroft has adopted Trade Allocation Procedures (the "Allocation Procedures"). The Allocation Procedures set forth a method to allocate a partially filled order among the funds. Pursuant to the method, the amount of shares that each fund purchases is allocated pro rata based on the dollar amount of each fund's intended trade or, if the order is subject to a minimum lot size, as closely as possibly to pro rata.

The Allocation Procedures permit the adviser to allocate an order in a way that is different from the method set forth above if (i) each fund is treated fairly and equitably and neither fund is given preferential treatment, and (ii) the allocation is reviewed by the adviser's chief compliance officer.

(3) The Portfolio Manager is compensated by Davis-Dinsmore Management Company, the Adviser, through a three-component plan, consisting of a fixed base salary, annual cash bonus, and benefit retirement plan. His compensation is reviewed and approved by the Adviser's Board of Directors annually. His compensation may be adjusted from year to year based on the perception of the Adviser's Board of Directors of the portfolio manager's overall performance and his management responsibilities. His compensation is not based on (i) a formula specifically tied to the performance of the Registrant or Bancroft, including performance against an index, or (ii) the value of assets held in the Registrant's portfolio.

(4) As of November 13, 2006, Mr. Dinsmore's beneficial ownership in the Registrant's shares was in the range of \$100,001-\$500,000.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

During the period covered by this report, there were no purchases made by or on behalf of the registrant or any "affiliated purchaser," as defined in Rule 10b-18(a)(3) under the Exchange Act (17 CFR 240.10b-18(a)(3)), of shares or other units of any class of the registrant's equity securities that is registered by the registrant pursuant to Section 12 of the Exchange Act (15 U.S.C. 781).

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There have been no material changes to the procedures by which shareholders may

## Edgar Filing: ELLSWORTH FUND LTD - Form N-CSR

recommend nominees to the Registrant's board of trustees since those procedures were last disclosed in response to the requirements of Item 7(d)(2)(ii)(G) of Schedule 14A (17 CFR 240.14a-101), or this Item 10 of Form N-CSR.

### ITEM 11. CONTROLS AND PROCEDURES.

Conclusions of principal officers concerning controls and procedures

(a) As of November 28, 2006, an evaluation was performed under the supervision and with the participation of the officers of Ellsworth Fund Ltd. (the "Registrant"), including the Principal Executive Officer ("PEO") and Principal Financial Officer ("PFO"), to assess the effectiveness of the Registrant's disclosure controls and procedures, as that term is defined in Rule 30a-3(c) under the Investment Company Act of 1940 (the "Act"), as amended. Based on that evaluation, the Registrant's officers, including the PEO and PFO, concluded that, as of November 28, 2006, the Registrant's disclosure controls and procedures were reasonably designed so as to ensure: (1) that information required to be disclosed by the Registrant on Form N-CSR is recorded, processed, summarized and reported within the time periods specified by the rules and forms of the Securities and Exchange Commission; and (2) that material information relating to the Registrant is made known to the PEO and PFO as appropriate to allow timely decisions regarding required disclosure.

(b) There have been no changes in the Registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Act (17 CFR 270.30a-3(d)) that occurred during the Registrant's second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting.
