TRAFFIC AND CAPACITY STATISTICS October 2003

Summary of the headline figures

In October 2003, passenger capacity, measured in Available Seat Kilometres, was 4.2 per cent above October 2002 and traffic, measured in Revenue Passenger Kilometres, was higher by 3.9 per cent. This resulted in a passenger load factor down 0.2 points versus last year, to 73.0 per cent. The increase in traffic comprised a 3.4 per cent increase in premium traffic and a 4.0 per cent increase in non-premium traffic. Cargo, measured in Cargo Tonne Kilometres, rose by 7.3 per cent. Overall load factor fell 0.6 points to 68.2 per cent

Market conditions

In total, market conditions seen over the last few months point to a more stable outlook for revenue. Traffic volumes continue to be sensitive to yield. Premium traffic remains under pressure despite some improvement in longhaul.

Strategic Developments

Edgar Filing: BRITISH AIRWAYS PLC - Form 6-K

British Airways and Swiss International Air Lines began codesharing on each others services between London Heathrow, Geneva and Zurich.

Concorde made its last commercial flight. British Airways then announced the locations for the retirement of the seven Concorde which include Airbus UK, Filton Bristol; Manchester Airport Museum of Flight; National Museum of Scotland, near Edinburgh; Heathrow Airport; The Museum of Flight, Seattle; US The Intrepid Sea, Air and Space Museum, New York, US; and Grantley Adams Airport, Bridgetown, Barbados.

British Airways introduced the award-winning Club World flat bed as well as World Traveller Plus, its premier economy cabin, on services from London Gatwick to Houston, Dallas and Bermuda operated by Boeing 777s. Other services will follow.

A major programme of British Airways flight switches between Heathrow terminals begins with the transfer of two British Airways long haul destinations from Terminal 4 to Terminal 1. The full programme of flight switches will be phased over the next six months.

Certain information included in this statement is forward-looking and involves risks and uncertainties that could cause actual results to differ materially from those expressed or implied by the forward looking statements.

Forward-looking statements include, without limitation, projections relating to results of operations and financial conditions and the Companys plans and objectives for future operations, including, without limitation, discussions of the Companys Future Size and Shape programme, expected future revenues, financing plans and expected expenditures and divestments. All forward-looking statements in this report are based upon information known to the Company on the date of this report. The Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

Edgar Filing: BRITISH AIRWAYS PLC - Form 6-K

It is not reasonably possible to itemise all of the many factors and specific events that could cause the Companys forward looking statements to be incorrect or that could otherwise have a material adverse effect on the future operations or results of an airline operating in the global economy. Information on some factors which could result in material difference to the results is available in the Companys SEC filings, including, without limitation the Companys Report on Form 20-F for the year ended March 2003.
