## ITEM 8.01 Other Events

On November 14, 2008, Cordia Corporation ( Cordia ) Cordia issued a press release and on November 17, 2008 Cordia held a conference call, the topic of which was its quarter ended September 30, 2008 results. Both the press release and the conference call contained reference to Cordia s EBITDA for that period.

Consistent with Securities and Exchange Commission's Regulation G, the following table provides a reconciliation of Cordia's EBITDA for the three-month periods ended September 30, 2008 and 2007, to the Generally Accepted Accounting Principles (GAAP) measure of net income. EBITDA is not a measure under GAAP, is not meant to be a replacement for GAAP and should not be considered as an alternative to net income as a measure of performance or to cash flows as a measure of liquidity. We have included EBITDA data to assist in understanding our operating results. EBITDA is a measure commonly used in the telecommunications industry, and many securities analysts use EBITDA as a way of evaluating our financial performance.

	For the Quarter Ended September 30,	
	2008	2007
Reconciliation of EBITDA with net (loss) income		
Net income (loss)	\$ (754,000)	\$ (304,000)
Depreciation and amortization	445,000	292,000
Other (income) expense	533,000	206,000
Income tax expense (benefit)	9,000	-
EBITDA	\$ 233,000	\$ 194,000
