Item 2.05. Costs Associated with Exit or Disposal Activities.

On July 5, 2017, Fuel Tech, Inc. (“Fuel Tech,” the “Company,” “we,” “us” and “our”) filed a Current Report on Form 8-K (the “Original 8-K”) announcing its strategic decision to suspend further development activity for its pre-revenue developmental Fuel Conversion business segment. At such time, the Company was unable to determine an expected completion date for these activities, or a good faith estimate of the major types of costs or amount or range of amounts that may be incurred in connection with this suspension, or determine a reasonable estimate of the amount or range of amounts of any charges that would result in future cash expenditures. The Company is filing this Current Report on Form 8-K/A to amend the Original 8-K to update the disclosures made therein under Item 2.05. No other amendments to the Original 8-K are being made by this Current Report on Form 8-K/A.

The Company expects to incur \$582,000 of severance costs relating to the suspension of the Fuel Conversion business segment, of which \$402,000 will be paid in 2017, \$120,000 will be paid in 2018 and \$60,000 will be paid in 2019. The Company expects to incur storage fees and other disposal costs associated with certain property, plant and equipment and contractual termination payments or other miscellaneous expenses but an estimated amount or range of amounts has not yet been determined.

To the extent required by applicable rules, the Company will continue to file additional amendments to the Original 8-K upon the determination of any further costs and charges to be incurred.

Fuel Tech undertakes no obligation to update such factors or to publicly announce the results of any of the forward-looking statements contained herein to reflect future events, developments, or changed circumstances or for any other reason.
