SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-K

(Mark One)

ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES
EXCHANGE ACT OF 1934

For the fiscal year ended December 31, 2005

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number 1-5440

AZTAR CORPORATION

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of
incorporation or organization)

86-0636534

(I.R.S. Employer
Identification No.)

2390 East Camelback Road, Suite 400, Phoenix, Arizona 85016

(Address of principal executive offices)

(Zip code)

Registrant's telephone number, including area code

(602) 381-4100

Securities registered pursuant to Section 12(b) of the Act:

<u>Title of each class</u>	<u>Name of each exchange on which registered</u>
Common stock, \$.01 par value	New York
Preferred share purchase rights	New York

Securities registered pursuant to Section 12(g) of the Act:

None

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Facing Page (Continued)

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K. [X]

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. See definition of "accelerated filer and large accelerated filer" in Rule 12b-2 of the Exchange Act. (Check one): Large Accelerated Filer Accelerated Filer Non-Accelerated Filer

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The aggregate market value of the voting common equity held by non-affiliates of the registrant was \$1,218,414,501 at June 30, 2005 and is based on a closing price of \$34.25 and 35,574,146 common shares outstanding.

At January 31, 2006, the registrant had outstanding 35,892,798 shares of its common stock, \$.01 par value.

DOCUMENTS INCORPORATED BY REFERENCE

Certain information contained in the registrant's 2006 definitive Proxy Statement, to be filed with the Commission, is incorporated by reference into this Form 10-K. The following cross-referenced index details the location of such information. All other sections of the 2006 Proxy Statement are not required in Form 10-K and should not be

considered a part thereof.

PART I

ITEM 1. BUSINESS

Aztar Corporation was incorporated in Delaware in June 1989 to operate the gaming business of Ramada Inc. after the restructuring of Ramada Inc. The terms "Aztar", "we", "our", and "us", as used in this Form 10-K, refer to Aztar Corporation and its subsidiaries as a combined entity, except where it is clear that these terms mean only Aztar Corporation.

The restructuring of Ramada Inc. involved the disposition of Ramada Inc.'s hotel and restaurant businesses with Ramada Inc.'s shareholders retaining their interest in the gaming business. As part of the restructuring of Ramada Inc., the gaming business and certain other assets and liabilities of Ramada Inc. were transferred to Aztar, and a wholly-owned subsidiary of New World Hotels (U.S.A.), Inc. was merged with Ramada Inc. In this merger, each

share of Ramada Inc. common stock was converted into the right to receive \$1.00 and one share of Aztar common stock.

Aztar operates in major domestic gaming markets with casino hotel facilities in Atlantic City, New Jersey, and Las Vegas and Laughlin, Nevada. Aztar operates riverboat casinos in Caruthersville, Missouri, and Evansville, Indiana. Aztar is an experienced developer and operator of casinos that provide an excellent gaming environment. Each of our casinos is designed and operated to serve the unique demographics of its particular market.

AVAILABLE INFORMATION

You may obtain access, free of charge, to our annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports through our internet website, www.aztar.com, as soon as reasonably practicable after those reports are electronically filed with, or furnished to, the Securities and Exchange Commission.

In addition, our code of ethics, our corporate governance guidelines, our charters for the audit committee, compensation and stock option committee and corporate governance and nominating committee, our code of business conduct and ethics and our audit committee complaint(s) procedures are available on our internet website, www.aztar.com. A copy of this information may be obtained upon request, without charge, by contacting our Corporate Communications Department at (602)381-4100, or by writing to us at Aztar Corporation, Corporate Communications, 2390 E. Camelback Road, Suite 400, Phoenix, AZ 85016-3452.

TROPICANA ATLANTIC CITY

Tropicana Casino and Resort encompasses approximately 14 acres of land, including the adjoining site where we completed and opened an expansion during 2004, with 220 yards of ocean frontage along the boardwalk in Atlantic City. Tropicana Atlantic City features 2,129 hotel rooms and approximately 151,000 square feet of casino space with 4,318 slot machines and 198 table games, including poker. This facility has parking facilities to accommodate 5,477 vehicles. Tropicana Atlantic City also features:

- "The Quarter at Tropicana," a 200,000-square-foot dining, entertainment and retail center, which includes nine restaurants, five entertainment facilities and twenty-six retail outlets;
- a 1,970-seat theatrical showroom which regularly presents headliner entertainment;

3

- approximately 122,000 square feet of meeting, convention and banquet space;
- three gourmet restaurants and several medium-priced restaurants; and
- other amenities including indoor and outdoor swimming pools, tennis courts, a health and fitness club and a jogging track.

During 2004, we completed work on an expansion of our Tropicana Atlantic City. The expansion included the addition of 502 hotel rooms, 20,000 square feet of meeting space, 2,400 parking spaces, and the Quarter, the project's centerpiece, a 200,000-square-foot dining, entertainment and retail center. The expansion had been expected to open

near the end of the first quarter of 2004. Because of a construction accident, which occurred on October 30, 2003, there was a significant delay in the completion of the project. The expansion opened in late November 2004 on a limited basis and was substantially completed by December 30, 2004. Some tenants in the Quarter opened in early 2005.

The Atlantic City gaming market has historically demonstrated continued growth despite the emergence of new gaming venues across the country. The 12 hotel casinos in Atlantic City generated approximately \$5.0 billion in gaming revenues in 2005, a 4% increase over 2004. The primary target market for Tropicana Atlantic City is the area consisting of New Jersey, New York and Pennsylvania. Based on the most recent census data, accumulated in 2000, there are approximately 27 million persons within a 120-mile radius of Atlantic City and 62 million persons within a 300-mile radius. The Borgata Hotel, Casino and Spa, a major casino resort located in the Marina District of Atlantic City, opened in July 2003. Several major casino operators have announced plans to develop projects or expand existing facilities in the marina or the boardwalk areas. The Borgata has and other possible projects, when complete, will create increased competition in Atlantic City. However, our view is that the Borgata will continue to attract new patrons and these new projects, if well-designed and executed, may also attract new patrons to the Atlantic City gaming market. If so, this will mitigate concern about the ultimate impact on our Atlantic City operations.

TROPICANA LAS VEGAS

Tropicana Resort and Casino is located on approximately 34 acres on the "Strip" in Las Vegas, Nevada. The Tropicana has 1,880 hotel rooms and suites and approximately 61,000 square feet of casino space with 1,316 slot machines and 39 table games, including poker. The facility also has parking to accommodate approximately 2,400 vehicles. Tropicana Las Vegas also features:

- one of the world's largest indoor/outdoor swimming pools;
- a five-acre water park and tropical garden;
- approximately 110,000 square feet of convention and exhibit space;
- seven restaurants; and
- the Folies Bergere, the longest-running production show in Las Vegas.

Together with the MGM Grand, Excalibur, Luxor, Monte Carlo and New York-New York mega-resorts, the Tropicana Las Vegas is located at the intersection known as the "New Four Corners" at Las Vegas Boulevard and Tropicana Avenue. The Las Vegas gaming market consisted of approximately 133,000 hotel rooms at the end of 2005.

Gaming revenues in Las Vegas were \$7.6 billion and \$6.8 billion in 2005 and 2004, respectively.

Our master plan for a potential development of our Las Vegas Tropicana site envisions the creation of two separate but essentially equal and inter-connected sites. We would develop the north site and we would hold the south site for our future development, joint venture development, or sale for development by another party. For development of a potential project on the north site, a detailed design has substantially been completed. The design calls for 2,725 hotel

rooms and suites, 200,000 square feet of dining, entertainment and retail facilities, a 100,000-square-foot casino, a 3,800-car parking garage, and a four-acre rooftop pool recreation deck overlooking the Strip. We have not yet made a decision about whether and when we will proceed with this development. The amount and timing of any future expenditure, and the extent of any impact on existing operations, will depend on the nature and timing of the development we ultimately undertake, if any.

RAMADA EXPRESS

Ramada Express Hotel and Casino is located on approximately 31 acres in Laughlin, Nevada. Laughlin is situated on the Colorado River at Nevada's southern tip. The Ramada Express features a Victorian-era railroad theme, which includes a train that carries guests between the parking areas and the casino hotel. The property has 1,498 hotel rooms and approximately 54,000 square feet of casino space with 1,356 slot machines and 31 table games, including poker. The facility also has parking to accommodate 2,700 vehicles. Ramada Express also features:

- five restaurants;
- an entertainment lounge and a premium lounge for the high-end player; and
- special events and retail space.

The Laughlin gaming market consists of approximately 11,000 rooms and its gaming revenue for 2005 and 2004 was \$0.6 billion.

CASINO AZTAR EVANSVILLE

Casino Aztar Evansville was the first gaming facility to open in Indiana. It operates on the Ohio River in Evansville. The facility encompasses approximately 15 acres and contains approximately 38,000 square feet of casino space with 1,357 slot machines and 52 table games, including poker. Casino Aztar Evansville has a 250-room hotel, an executive conference center and parking for 1,700 vehicles. The casino riverboat is certified to carry 2,700 passengers and a crew of 300. The 44,000-square-foot pavilion which accompanies the riverboat contains passenger ticketing and pre-boarding facilities, including:

- four restaurants;
- an entertainment lounge;
- a gift shop; and
- a full-service Starbucks

Casino Aztar Evansville is located in the heart of metropolitan Evansville and has developed strong brand recognition in Southwest Indiana. The closest casino property is approximately 100 miles and over a two-hour drive away. Gaming revenue in the Southern Indiana market (five riverboats) remained constant in 2005 versus 2004 at \$1.2 billion. Although we believe that Casino Aztar Evansville has a

strong base of loyal customers, future additional competition is certain since the Indiana Gaming Commission recently

awarded the eleventh and final license in West Baden, Indiana to Blue Sky Casino, LLC. However, West Baden is over 70 miles from Evansville and this facility is expected to open in late 2006. The Indiana General Assembly passed legislation allowing flexible boarding that went into effect August 1, 2002. Dockside gaming increased accessibility to our casino riverboat by eliminating cruise schedules. This change incorporates a progressive wagering tax schedule and a change in admissions tax to \$3.00 per entry from \$3.00 per person per cruise. The wagering tax schedule starts at 15% of casino revenue and rises to 20%, 25%, 30% and 35% based on incremental casino revenue and based on the state's fiscal year (July 1 of one year through June 30 of the following year).

CASINO AZTAR CARUTHERSVILLE

Casino Aztar Caruthersville operates on a 37-acre site on the Mississippi River in Caruthersville, Missouri. The property is located in the "boot heel" of Missouri in close proximity to I-55, the major north-south interstate running along the Mississippi River. It serves the southeast Missouri market including the neighboring states of Illinois, Kentucky, Tennessee and Arkansas. The casino riverboat has a capacity of 1,200 passengers plus crew and contains approximately 21,000 square feet of casino space with 696 slot machines and 21 table games, including poker. The facility has parking for 1,000 vehicles including recreational vehicles. The property's passenger pavilion provides ticketing and pre-boarding facilities, including:

- a restaurant;
- a sports and entertainment lounge; and
- a snack bar and other amenities.

In addition, a climate-controlled pavilion and an outdoor arena are used for exhibitions, entertainment, rodeo competitions and other events. We have some unused land at this site and we are encouraging third-party developers to develop facilities on this land that would complement our operations.

SEGMENT INFORMATION

Segment information required by Item 1 is included in this report on pages F-33 and F-34.

COMPETITION

We face intense competition in each of the markets in which our gaming facilities are located. All of our casinos primarily compete with other casinos in their geographic markets and, to a lesser extent, with casinos in other locations, including on Native American lands and on cruise ships, and with other forms of legalized gaming in the United States, including state-sponsored lotteries, racetracks, off-track wagering and card parlors. We expect this competition to intensify as new gaming operators enter our markets and existing competitors expand their operations. Some of our competitors have significantly greater financial resources than we and as a result we may not be able to successfully compete against them in the future. Several states have considered legalizing casino gaming and others may in the future. Legalization of large-scale, unlimited casino gaming in or near any major metropolitan area or increased gaming in other areas could have an adverse economic impact on the business of any or all of our gaming facilities by diverting our customers to competitors in those areas. In particular, the expansion of casino gaming in or near any geographic area from which we attract or expect to attract a significant number of our customers could have a material adverse effect on us.

Tropicana Atlantic City. Tropicana Atlantic City competes with 11 other casinos in Atlantic City. It also competes with two large Native American casinos in Connecticut. In 2004, Pennsylvania passed legislation to legalize slots at 7 horse racing tracks, 5 independent slot parlors and 2 resort slot parlors. At least four of these facilities will be in the greater Philadelphia area, an important market for our Atlantic City property. In December 2005, we filed an application for one of the five independent slot licenses to be awarded in Pennsylvania. If successful, we plan to develop and operate a destination entertainment facility in Allentown, the third largest city in Pennsylvania. The Borgata Hotel, Casino and Spa, a joint venture between Boyd Gaming Corporation and MGM Mirage, opened in July 2003, in Atlantic City's Marina District. The Borgata was the first casino to open in Atlantic City since April 1990, although many of the existing casinos have increased their gaming capacities and a few casino hotels have had major expansions. Other companies have announced a desire to open new casino hotels or expand existing properties in Atlantic City in the future. The Atlantic City market also faces additional future competition from the growing Native American casinos in Connecticut and the possibility of competition from the potential legalization of various forms of casino gaming in Delaware, Maryland and New York. In addition, New Jersey has considered allowing a limited number of video lottery terminals at the Meadowlands race track in northern New Jersey and slot machines have been added to race tracks in Delaware and West Virginia.

Tropicana Las Vegas. Tropicana Las Vegas operates in the intensely competitive Las Vegas market. In April 2005, Wynn Resorts opened Wynn Las Vegas, the first new resort to open on the Strip since Mandalay Bay opened in March 1999. In addition, a number of other competitors made announcements during 2005 regarding their plans for new developments on the Strip, which are currently scheduled to occur through 2010. The Las Vegas Sands' expansion named "Palazzo" is expected to open adjacent to its Venetian Resort and Casino in the first quarter of 2007. Wynn Resorts has announced its latest full-scale resort project, which will be located adjacent to the Wynn Las Vegas. Wynn's project, named "Encore", is scheduled for completion by 2010. Boyd Gaming has announced its plan to tear down its Stardust Resort and Casino and replace it with a \$4 billion hotel-casino-shopping complex called "Echelon Place". Likewise, MGM Mirage has announced a \$7 billion project named "City Center", which is expected to include 2,800 condominiums and a 4,000-room hotel-casino connected to a major shopping mall. In addition, several casino hotels have opened or have been expanded in other parts of Las Vegas or near Las Vegas. We cannot assure you that we will be able to compete successfully with this additional capacity in this active market of mega-casinos.

Ramada Express. Ramada Express competes with several other casinos in Laughlin. Ramada Express also competes with casinos outside of Laughlin, including the Mojave tribe's casino hotel located approximately 8 miles south of Laughlin. The Laughlin market is also affected by the Native American casinos in Arizona and California and additional capacity in Las Vegas and the surrounding area.

Casino Aztar Evansville. Casino Aztar Evansville competes primarily with an Indiana riverboat casino in the Louisville, Kentucky market area and a riverboat casino in Metropolis, Illinois. Casino Aztar Evansville also indirectly competes with the Belterra Casino Resort, a riverboat casino in Switzerland County, Indiana. In addition, Casino Aztar Evansville competes with other Indiana riverboat casinos on the Ohio River in the Cincinnati, Ohio market area and to a lesser extent with riverboat casinos in other Indiana locations, none of which are in its primary 50-mile radius market area. Casino Aztar Evansville also competes with a pari-mutuel racing facility in Evansville. Casino Aztar Evansville will face additional future competition from an eleventh Indiana riverboat license, which was awarded during 2005 in the West Baden area to Blue Sky Casino, LLC. The new riverboat, which is

expected to open in late 2006, will be outside of Casino Aztar Evansville's 50-mile radius market area. There is also the potential for the legalization of casino gaming in Kentucky.

Casino Aztar Caruthersville. Casino Aztar Caruthersville competes primarily with other riverboat casinos in nearby states, including a riverboat casino in Metropolis, Illinois and riverboat casinos in Mississippi that attract residents of Casino Aztar Caruthersville's secondary Memphis, Tennessee market. Casino Aztar Caruthersville also competes to a lesser extent with riverboat casinos in other cities in Missouri, none of which are in its primary 60-mile radius market area. Casino Aztar Caruthersville may also face additional future competition from the potential legalization of casino gaming in Arkansas.

General. Competition involves not only the quality of casino, room, restaurant, entertainment and convention facilities, but also room, food and beverage prices. The level of gaming activity also varies significantly from time to time depending on factors including:

- general economic conditions;
- offering of special events and promotions;
- hotel occupancies;
- the extent and quality of complimentary services to attract high-stakes players;
- in Atlantic City, casino customers arriving under bus programs;
- personal attention offered to guests and casino customers;
- advertising;
- entertainment;
- slot machine pay-out rates; and
- credit policies with respect to high-stakes players.

As a result, our operating results can be adversely affected by significant cash outlays for advertising and promotion and complimentary services to patrons, the amount and timing of which are partially dictated by the policies of competitors. If our operating revenues are insufficient to allow management the flexibility to match the promotions of competitors, the number of our casino patrons may decline, which may have an adverse effect on our financial performance.

SEASONALITY

We experience significant fluctuations in our operating results due to seasonality. Tropicana Atlantic City experiences seasonal fluctuation in casino play that is higher during the months of May through October. As a result, Aztar's revenues during the first and fourth quarters have generally been lower than for the second and third quarters and from time to time Aztar has experienced losses in the first and fourth quarters. Because Atlantic City Tropicana's operating results especially depend upon operations in the summer months, any event that adversely affects the operating results of the Atlantic City Tropicana during that period could have a material adverse effect on our operations and financial condition. Given Atlantic City's location, it is also subject to occasional adverse weather

conditions including storms and hurricanes that would impede access to Atlantic City and adversely impact our operations.

The gaming markets in Las Vegas and Laughlin experience a slight decrease in gaming activity in the hot summer months and during the holiday period between Thanksgiving and Christmas.

PLAYER CREDIT

We conduct our gaming activities on a credit as well as a cash basis, except in Missouri, which prohibits gaming on a credit basis. Table games players are typically extended more credit than slot players, and high-stakes players are typically extended more credit than patrons who tend to wager lower amounts. Our credit policy varies from facility to facility based upon the various types of customers at each facility and regulatory requirements in each jurisdiction. In general, credit is extended to new credit customers after verification of certain banking information and evaluation of the customer's credit history from other casinos, the customer's income and net worth, and traditional consumer credit reports. Additional credit may be extended to existing credit customers after evaluating the above factors plus the player's prior gaming and credit history with our casino. Gaming debts are legally enforceable under the current laws of Indiana, New Jersey and Nevada; however, it is not clear that all other states or that foreign countries will honor these policies. At December 31, 2005, receivables due from non-United States customers were 9% of our accounts receivable before the allowance for doubtful accounts. We have made provisions for estimated uncollectible gaming receivables in order to reduce gaming receivables to amounts deemed to be collectible. However, our inability to collect gaming receivables could have a material adverse effect on our results of operations.

WORKING CAPITAL DEFICIT

Consistent with gaming industry practice, we conduct our operations with a net working capital deficit. Unlike traditional industrial companies, a gaming company's balance sheet has limited accounts receivable and inventories. In addition, casinos generate significant cash on a daily basis. We generally apply our daily cash flows to pay down indebtedness under our revolving credit facility and pay our current liabilities pursuant to their normal cycles. Given the significant daily cash flows generated by our operations and the financial flexibility provided by our credit facility, the existence of a working capital deficit has no impact on our ability to operate our business or meet our obligations as they become due.

SECURITY AND SURVEILLANCE

Gaming operations at our casinos are also subject to risk of substantial loss as a result of employee or patron dishonesty, credit fraud or illegal slot machine manipulation. We have in place stringent control procedures to minimize these risks including supervision of employees, monitoring by electronic surveillance equipment and use of two-way mirrors. However, we cannot assure you that losses will not occur. In New Jersey, our activities are observed and monitored on an ongoing basis by agents of both the New Jersey Casino Control Commission and the New Jersey Division of Gaming Enforcement, each of which maintains a staff on the premises of Tropicana Atlantic City. Similarly, in Nevada our gaming subsidiaries must comply with certain regulatory requirements concerning casino and game security and surveillance. The gaming operations of Tropicana Las Vegas and Ramada Express are subject to routine audit and supervision by agents of the Nevada State Gaming Control Board. In Missouri and Indiana, our casino riverboat operations are subject to the control procedures of the Missouri Gaming Commission and the Indiana Gaming Commission, respectively. The Missouri Gaming Commission maintains a staff at Casino Aztar Caruthersville and the Indiana Gaming Commission maintains a staff at Casino Aztar Evansville.

REGULATION AND LICENSING

General

Regulatory aspects of the gaming business are pervasive in nature and the following description should not be construed as a complete summary of all the regulatory requirements faced by Aztar. Gaming authorizations, once obtained, can be suspended or revoked for a variety of reasons. If Aztar is ever precluded from operating one of its gaming facilities, it would, to the extent permitted by law, seek to recover its investment by sale of the property affected, but Aztar cannot guarantee that it would recover its full investment.

From time to time, legislative and regulatory changes are proposed, and court decisions rendered, that could be adverse to Aztar. In addition, from time to time, investigations are conducted relating to the gaming industry. We are required to report particular cash transactions to the U.S. Department of the Treasury pursuant to the Bank Secrecy Act. Violation of the reporting requirements of the Bank Secrecy Act could result in civil as well as criminal penalties, including fines, imprisonment or both, which in turn could result in the revocation, suspension, imposition of conditions upon or failure to renew the casino license of the affected facility. The States of Nevada and Indiana have adopted regulations similar to the Bank Secrecy Act that require the Nevada and Indiana facilities to document and report specific currency transactions to the Nevada State Gaming Control Board and the Indiana Gaming Commission, respectively in addition to reporting to the U.S. Department of the Treasury. Violation of these regulations could result in action by Nevada or Indiana authorities to fine or revoke, suspend, impose conditions upon or fail to renew the Nevada or Indiana facilities' licenses and Aztar's licensing approval. Except to the extent of a violation as noted above, these reporting requirements are not expected to have any adverse effects on Aztar's casino operations.

Regulation and Licensing - Nevada

The ownership and operation of casino gaming facilities in Nevada are subject to (a) the Nevada Gaming Control Act and the regulations promulgated under that Act, referred to collectively as the "Nevada Act" and (b) various local regulations. The gaming operations of the Tropicana Las Vegas and Ramada Express are subject to the licensing and regulatory control of the Nevada Gaming Commission (the "Nevada Commission"), the Nevada State Gaming Control Board (the "Nevada Board") and the Clark County Liquor and Gaming Licensing Board (the "Clark County Board"). Each of the Nevada Commission, Nevada Board and Clark County Board are collectively referred to as the "Nevada Gaming Authorities".

The laws, regulations and supervisory procedures of the Nevada Gaming Authorities are based upon declarations of public policy which are concerned with, among other things:

- the prevention of unsavory or unsuitable persons from having a direct or indirect involvement with gaming at any time or in any capacity;
- the establishment and maintenance of responsible accounting practices and procedures;
- the maintenance of effective controls over the financial practices of licensees, including the establishment of minimum procedures for internal fiscal affairs and the safeguarding of assets and revenues, providing reliable record keeping and requiring the filing of periodic reports with the Nevada Gaming Authorities;

- the prevention of cheating and fraudulent practices; and
- the provision of a source of state and local revenues through taxation and licensing fees.

Change in these or other laws, regulations and procedures that apply to Aztar could have an adverse effect on Aztar.

Hotel Ramada of Nevada is Aztar's wholly-owned subsidiary which operates the casino at Tropicana Las Vegas. Ramada Express, Inc. is Aztar's wholly-owned subsidiary which operates the Ramada Express casino in Laughlin. Hotel Ramada of Nevada and Ramada Express are both required to be licensed by the Nevada Gaming Authorities. The gaming licenses require the periodic payment of fees and taxes and are not transferable. Aztar is registered by the Nevada Commission as a publicly traded corporation ("Registered Corporation") and is therefore required periodically to submit detailed financial and operating reports to the Nevada Commission and furnish any other information which the Nevada Commission may require. No person may become a stockholder of, or receive any percentage of profits from, Hotel Ramada of Nevada or Ramada Express without first obtaining licenses and approvals from the Nevada Gaming Authorities. Aztar, Hotel Ramada of Nevada, and Ramada Express have obtained from the Nevada Gaming Authorities the various registrations, approvals, permits and licenses required in order to engage in gaming activities in Nevada.

The Nevada Gaming Authorities may investigate any individual who has a material relationship to, or material involvement with, Aztar, Hotel Ramada of Nevada or Ramada Express in order to determine whether the individual is suitable or should be licensed as a business associate of a gaming licensee. Officers, directors and some key employees of Hotel Ramada of Nevada and Ramada Express must file applications with the Nevada Gaming Authorities and may be required to be licensed or found suitable by the Nevada Gaming Authorities. Some officers, directors and key employees of Aztar who are actively and directly involved in gaming activities of Hotel Ramada of Nevada and Ramada Express may be required to be licensed or found suitable by the Nevada Gaming Authorities. The Nevada Gaming Authorities may deny an application for licensing or a finding of suitability for any cause which they deem reasonable. A finding of suitability is comparable to licensing, and both require submission of detailed personal and financial information followed by a thorough investigation. The applicant for licensing or a finding of suitability, or the gaming licensee by whom the applicant is employed or for whom the applicant serves, must pay all the costs of the investigation. Changes in licensed positions must be reported to the Nevada Gaming Authorities and in addition to their authority to deny an application for a finding of suitability or licensure, the Nevada Gaming Authorities have jurisdiction to disapprove a change in a corporate position.

If the Nevada Gaming Authorities were to find an officer, director or key employee unsuitable for licensing or unsuitable to continue having a relationship with Aztar, Hotel Ramada of Nevada or Ramada Express, the companies involved would have to sever all relationships with this person. In addition, the Nevada Commission may require Aztar, Hotel Ramada of Nevada or Ramada Express to terminate the employment of any person who refuses to file appropriate applications. Determinations of suitability or of questions pertaining to licensing are not subject to judicial review in Nevada.

Aztar, Hotel Ramada of Nevada and Ramada Express are required to submit detailed financial and operating reports to the Nevada Commission. Substantially all material loans, leases, sales of securities and similar financing transactions by Hotel Ramada of Nevada and Ramada Express must be reported to, or approved by, the Nevada Commission.

If it were determined that the Nevada Act was violated by Hotel Ramada of Nevada or Ramada Express, the gaming licenses held by Hotel Ramada of Nevada or Ramada Express could be limited, conditioned, suspended or revoked, subject to compliance with particular statutory and regulatory procedures. In addition, Hotel Ramada of Nevada, Ramada Express, Aztar and the persons involved could be subject to substantial fines for each separate violation of the Nevada Act at the discretion of the Nevada Commission. Further, a supervisor could be appointed by the Nevada Commission to operate Aztar's Nevada gaming properties and, under some circumstances, earnings generated during the supervisor's appointment (except for the reasonable rental value of Aztar's Nevada gaming properties) could be forfeited to the State of Nevada. Limitation, conditioning or suspension of any gaming license or the appointment of a supervisor could (and revocation of any gaming license would) materially adversely affect Aztar.

Any beneficial holder of Aztar's voting securities, regardless of the number of shares owned, may be required to file an application, be investigated, and have his suitability as a beneficial holder of Aztar's voting securities determined if the Nevada Commission has reason to believe that this ownership would otherwise be inconsistent with the declared policies of the State of Nevada. The applicant must pay all costs of investigation incurred by the Nevada Gaming Authorities in conducting this investigation.

The Nevada Act requires any person who acquires more than 5% of any class of Aztar's voting securities to report the acquisition to the Nevada Commission. The Nevada Act requires that beneficial owners of more than 10% of any class of Aztar's voting securities apply to the Nevada Commission for a finding of suitability within thirty days after the chairman of the Nevada Board mails the written notice requiring this filing. Under some circumstances, an "institutional investor," as defined in the Nevada Act, which acquires more than 10%, but not more than 15%, of Aztar's voting securities may apply to the Nevada Commission for a waiver of the finding of suitability if this institutional investor holds the voting securities for investment purposes only. An institutional investor will not be deemed to hold voting securities for investment purposes unless the voting securities were acquired and are held in the ordinary course of business as an institutional investor and not for the purpose of causing, directly or indirectly, the election of a majority of the members of the board of directors of Aztar, any change in Aztar's corporate charter, bylaws, management, policies or operations of Aztar, or any of its gaming affiliates, or any other action which the Nevada Commission finds to be inconsistent with holding Aztar's voting securities for investment purposes only. Activities which are not deemed to be inconsistent with holding voting securities for investment purposes only include:

- voting on all matters voted on by stockholders;
- making financial and other inquiries of management of the type normally made by securities analysts for informational purposes and not to cause a change in its management, policies or operations; and
- other activities as the Nevada Commission may determine to be consistent with this investment intent.

If the beneficial holder of voting securities who must be found suitable is a corporation, partnership or trust, it must submit detailed business and financial information including a list of beneficial owners. The applicant is required to pay all costs of investigation.

Under the Nevada Act and in certain circumstances, an "institutional investor" as defined in the Nevada Act, which intends to acquire not more than 15% of any class of nonvoting securities of a privately-held corporation, limited partnership or

limited liability company that is also a registered holding or intermediary company or the holder of a gaming license, may apply to the Nevada Commission for a waiver of the usual prior licensing or finding of suitability requirement if such institutional investor holds such nonvoting securities for investment purposes only. An institutional investor shall not be deemed to hold nonvoting securities for investment purposes unless the nonvoting securities were acquired and are held in the ordinary course of business as an institutional investor, do not give the institutional investor management authority, and do not, directly or indirectly, allow the institutional investor to vote for the election or appointment of members of the board of directors, a general partner or manager, cause any change in the articles of organization, operating agreement, other organic document, management, policies or operations, or cause any other action that the Nevada Commission finds to be inconsistent with holding nonvoting securities for investment purposes only. Activities that are not deemed to be inconsistent with holding nonvoting securities for investment purposes only include: (i) nominating any candidate for election or appointment to the entity's board of directors or equivalent in connection with a debt restructuring; (ii) making financial and other inquiries of management of the type normally made by securities analysts for informational purposes and not to cause a change in the entity's management, policies or operations; and (iii) such other activities as the Nevada Commission may determine to be consistent with such investment intent. If the beneficial holder of nonvoting securities who must be found suitable is a corporation, partnership or trust, it must submit detailed business and financial information including a list of beneficial owners. The applicant is required to pay all costs of investigation.

Any person who fails or refuses to apply for a finding of suitability or a license within thirty days after being ordered to do so by the Nevada Commission or the chairman of the Nevada Board, may be found unsuitable. The same restrictions apply to a record owner if the record owner, after request, fails to identify the beneficial owner. Any stockholder found unsuitable and who holds, directly or indirectly, any beneficial ownership of the common stock of a Registered Corporation beyond the period of time as may be prescribed by the Nevada Commission may be guilty of a criminal offense. Aztar is subject to disciplinary action if, after it receives notice that a person is unsuitable to be a stockholder or to have any other relationship with Aztar, Hotel Ramada of Nevada or Ramada Express, Aztar:

- pays that person any dividend or interest upon its voting securities;
- allows that person to exercise, directly or indirectly, any voting right conferred through securities held by that person;
- pays remuneration in any form to that person for services rendered or otherwise; or
- fails to pursue all lawful efforts to require the unsuitable person to relinquish his voting securities for cash at fair market value.

Additionally, the Clark County Board has taken the position that it has the authority to approve all persons owning or controlling the stock of any corporation controlling a gaming license.

The Nevada Commission may, in its discretion, require the holder of any debt security of a Registered Corporation, including Aztar, to file applications, be investigated and be found suitable to own the debt security of a Registered Corporation. If the Nevada Commission determines that a person is unsuitable to own the debt security, then pursuant to the Nevada Act, the Registered Corporation

can be sanctioned, including the loss of its approvals, if without the prior approval of the Nevada Commission, it:

- pays to the unsuitable person any dividend, interest, or any distribution whatsoever;
- recognizes any voting right by such unsuitable person in connection with the securities;
- pays the unsuitable person remuneration in any form; or
- makes any payment to the unsuitable person by way of principal, redemption, conversion, exchange, liquidation, or similar transaction.

Aztar is required to maintain a current stock ledger in Nevada which may be examined by the Nevada Gaming Authorities at any time. If any securities are held in trust by an agent or by a nominee, the record holder may be required to disclose the identity of the beneficial owner to the Nevada Gaming Authorities. A failure to make such disclosure may be grounds for finding the record holder unsuitable. Aztar is also required to render maximum assistance in determining the identity of the beneficial owner. The Nevada Commission has the power to require Aztar's stock certificates to bear a legend indicating that the securities are subject to the Nevada Act. However, to date, the Nevada Commission has not imposed this requirement on Aztar.

Aztar may not make a public offering of any securities without the prior approval of the Nevada Commission if the securities or the proceeds therefrom are intended to be used to construct, acquire or finance gaming facilities in Nevada, or to retire or extend obligations incurred for these purposes. This approval, if given, does not constitute a finding, recommendation or approval by the Nevada Commission or the Nevada Board as to the accuracy or adequacy of the prospectus or the investment merits of the securities offered. Any representation to the contrary is unlawful.

On May 19, 2005, the Nevada Commission granted Aztar prior approval to make public offerings for a period of two years subject to some conditions (the "Shelf Approval"). However, the Shelf Approval may be rescinded for good cause without prior notice upon the issuance of an interlocutory stop order by the chairman of the Nevada Board. The Shelf Approval does not constitute a finding, recommendation or approval by the Nevada Commission or the Nevada Board as to the accuracy or adequacy of the prospectus or the investment merits of the securities offered. Any representation to the contrary is unlawful.

Changes in control of Aztar through merger, consolidation, stock or asset acquisitions, management or consulting agreements, or any act or conduct by a person whereby he obtains control, may not occur without the prior approval of the Nevada Commission. Entities seeking to acquire control of a Registered Corporation must satisfy the Nevada Board and Nevada Commission in a variety of stringent standards prior to assuming control of the Registered Corporation. The Nevada Commission may also require controlling stockholders, officers, directors and other persons having a material relationship or involvement with the entity proposing to acquire control, to be investigated and licensed as part of the approval process relating to the transaction.

The Nevada legislature has declared that some corporate acquisitions opposed by management, repurchases of voting securities and corporate defense tactics affecting Nevada gaming licensees and Registered Corporations that are affiliated with those operations, may be injurious to stable and productive corporate gaming. The Nevada Commission has established a regulatory scheme to ameliorate the

potentially adverse effects of these business practices upon Nevada's gaming industry and to further Nevada's policy to:

- assure the financial stability of corporate gaming operators and their affiliates;
- preserve the beneficial aspects of conducting business in the corporate form; and
- promote a neutral environment for the orderly governance of corporate affairs.

Approvals are, in some circumstances, required from the Nevada Commission before Aztar can make exceptional repurchases of voting securities above the current market price thereof and before a corporate acquisition opposed by management can be consummated. The Nevada Act also requires prior approval of a plan of recapitalization proposed by Aztar's board of directors in response to a tender offer made directly to the Registered Corporation's stockholders for the purposes of acquiring control of the Registered Corporation.

License fees and taxes, computed in various ways depending on the type of gaming or activity involved, are payable to the State of Nevada and to the counties and cities in which the Nevada licensee's respective operations are conducted. Depending upon the particular fee or tax involved, these fees and taxes are payable either monthly, quarterly or annually and are based upon:

- a percentage of the gross revenues received;
- the number of gaming devices operated; or
- the number of table games operated.

An excise tax is also paid by Hotel Ramada of Nevada and Ramada Express on charges for admission to any facility where certain forms of live entertainment are provided.

Any person who is licensed, required to be licensed, registered, required to be registered or is under common control with these persons (a "Licensee", or collectively, "Licensees"), and who proposes to become involved in a gaming venture outside of Nevada is required to deposit with the Nevada Board, and thereafter maintain, a revolving fund in the amount of \$10,000 to pay the expenses of investigation of the Nevada Board of their participation in this foreign gaming. The revolving fund is subject to increase or decrease in the discretion of the Nevada Commission. Thereafter, Licensees are required to comply with specific reporting requirements imposed by the Nevada Act. Licensees are also subject to disciplinary action by the Nevada Commission if they knowingly violate any laws of the foreign jurisdiction pertaining to the foreign gaming operation, fail to conduct the foreign gaming operation in accordance with the standards of honesty and integrity required of Nevada gaming operations, engage in any activity or enter into any association that is unsuitable because it poses an unreasonable threat to the control of gaming in Nevada, reflects or tends to reflect discredit or disrepute upon the State of Nevada or gaming in Nevada, or is contrary to the gaming policies of Nevada, engage in any activity or enter into any association that interferes with the ability of the State of Nevada to collect gaming taxes and fees, or employ, contract with or associate with any person in the foreign gaming operation who has been denied a license or a finding of suitability in Nevada on the ground of personal unsuitability, or who has been found guilty of cheating at gambling.

The sale of alcoholic beverages by Hotel Ramada of Nevada and Ramada Express is subject to licensing, control and regulation by the Clark County Board. All licenses are revocable and are not transferable. The Clark County Board has full power to limit, condition, suspend or revoke any license, and any disciplinary action could (and revocation would) have a material adverse effect upon the operations of Aztar, Hotel Ramada of Nevada or Ramada Express.

Regulation and Licensing - New Jersey

The ownership and operation of casino hotel facilities and gaming activities in Atlantic City, New Jersey, are subject to extensive state regulation under the New Jersey Casino Control Act, referred to as the "New Jersey Act," and the regulations of the New Jersey Casino Control Commission, referred to as the "New Jersey Commission."

The New Jersey Act and regulations concern primarily the financial stability and character of casino licensees, their intermediary and holding companies, their employees, their security holders and others financially interested in casino operations, the nature of hotel and casino facilities and a wide range of gaming and non-gaming related operations. The New Jersey Act and regulations include detailed provisions concerning, among other things:

- financial and accounting practices used in connection with casino operations;
- residence and equal employment opportunities for employees of casino operators;
- registration and licensing of contractors and other vendors for casino facilities;
- rules of games, levels of supervision of games and methods of selling and redeeming chips;
- manner of granting credit, duration of credit and enforceability of gaming debts;
- manufacture, distribution and sale of gaming equipment;
- security standards;
- management control procedures;
- accounting and cash control methods;
- reports to gaming authorities;
- advertising of casinos; and
- standards for entertainment and distribution of alcoholic beverages in casinos.

The New Jersey Act also established the New Jersey Division of Gaming Enforcement, referred to as the "New Jersey Division," to investigate all license applications, enforce the provisions of the New Jersey Act and attendant regulations and prosecute all proceedings for violations of the New Jersey Act and regulations before the New Jersey Commission. The New Jersey Division also conducts audits and continuing reviews of all casino operations.

Adamar of New Jersey, Inc., a wholly-owned subsidiary of Aztar, has been licensed (subject to quadrennial renewal) by the New Jersey Commission to operate Tropicana Atlantic City. In November 1982, the New Jersey Commission granted a plenary license to Adamar of New Jersey, Inc. In November 2003, the license was renewed for a period of four years.

Aztar and Ramada New Jersey Holdings Corporation, another of Aztar's New Jersey gaming subsidiaries, have been approved as qualified holding companies for Adamar of New Jersey, Inc.'s casino license. Officers and directors of Aztar, Ramada New Jersey Holdings Corporation and Adamar of New Jersey, Inc. and employees who work at casino hotel facilities operated by Adamar of New Jersey, Inc. also have been or must be qualified, licensed or registered. In addition, all contracts affecting the facilities are subject to approval, and all enterprises that conduct business with Adamar of New Jersey, Inc. must register with the New Jersey Commission and those enterprises that conduct gaming related businesses or that conduct business on a regular and continuing basis, as defined by the regulations under the New Jersey Act, must be licensed by the New Jersey Commission.

The New Jersey Commission has broad discretion regarding the issuance, renewal, revocation and suspension of casino licenses. Casino licenses are not transferable. A casino hotel facility must also continually satisfy specific requirements concerning, among other things, the number of qualifying sleeping units and the relationship between the number of qualifying sleeping units and the square footage of casino space. Aztar believes that Tropicana Atlantic City continues to meet these requirements.

The New Jersey Act further provides that each person who directly or indirectly holds any beneficial interest or ownership of the securities issued by a casino licensee or any of its intermediary or holding companies, those persons who, in the opinion of the New Jersey Commission, have the ability to control the casino licensee or its intermediary or holding companies or elect a majority of the board of directors of said companies, other than a banking or other licensed lending institution which makes a loan or holds a mortgage or other lien acquired in the ordinary course of business, and lenders and underwriters of said companies may be required to seek qualification from the New Jersey Commission. However, because Aztar is a publicly traded holding company, in accordance with the provisions of the New Jersey Act, a waiver of qualification may be granted by the New Jersey Commission, with the concurrence of the director of the New Jersey Division, if it is determined that said persons or entities are not significantly involved in the activities of Adamar of New Jersey, Inc. and, in the case of security holders, do not have the ability to control Aztar or elect one or more of its directors. There exists a rebuttable presumption that any person holding 5% or more of the equity securities of a casino licensee's intermediary or holding company or a person having the ability to elect one or more of the directors of such a company has the ability to control the company and thus must obtain qualification from the New Jersey Commission.

Notwithstanding this presumption of control, the New Jersey Act provides for a waiver of qualification for passive "institutional investors," as defined by the New Jersey Act, if the institutional investor purchased the securities for investment purposes only and where the securities constitute:

- less than 10% of the equity securities of a casino licensee's holding or intermediary company; or
- debt securities of a casino licensee's holding or intermediary company representing a percentage of the outstanding debt of the company not exceeding 20% or a percentage of any issue of the outstanding debt of the company not exceeding 50%.

The waiver of qualification is subject to some conditions including, upon request of the New Jersey Commission, filing a certified statement that the institutional investor has no intention of influencing or affecting the affairs of the issuer. A waiver of qualification may also be granted to institutional investors holding a higher percentage of securities of a casino licensee's holding or intermediary company upon a showing of good cause.

If the institutional investor is granted a waiver and subsequently determines to influence or affect the affairs of the

issuer, it must provide not less than 30 days notice of this intent and file with the New Jersey Commission an application for qualification before taking any action which may influence or affect the affairs of the issuer, except that an institutional investor holding voting securities will be permitted to vote on matters put to the vote of the holders of outstanding voting securities. If an institutional investor that has been granted a waiver subsequently changes its investment intent, or if the New Jersey Commission finds reasonable cause to believe that the institutional investor may be found unqualified, no action other than divestiture will be taken by the investor with respect to the security holdings until the investor complies with the provisions of the New Jersey Act concerning Interim Casino Authorization. The provisions of the New Jersey Act concerning Interim Casino Authorization provide that whenever a security holder of either equity or debt is required to qualify pursuant to the New Jersey Act, the security holder will, within 30 days after the New Jersey Commission determines that qualification is required or declines to waive qualification,

- file a completed application for qualification, along with an executed and approved Trust Agreement, wherein all securities of the holding or intermediary company held by that security holder are placed in trust pending qualification, or
- file a notice of intent to divest itself of the securities as the New Jersey Commission may require so as to remove the need for qualification, which securities must be divested within 120 days from the date the determination was made.

The New Jersey Act further requires that corporate licensees and their subsidiaries, intermediaries and holding companies adopt specific provisions in their certificates of incorporation that require some remedial action in the event that an individual owner of any security of such company is found disqualified under the New Jersey Act. The required certificate of incorporation provisions vary depending on whether the stock of the company subject to the requirements of the New Jersey Act is publicly or privately traded. Pursuant to the New Jersey Act, the certificate of incorporation of a publicly held company must provide that any securities of the corporation are held subject to the condition that if a holder is found to be disqualified by the New Jersey Commission pursuant to the New Jersey Act the holder will dispose of his interest in the company. The certificate of incorporation of a privately held company must create the absolute right of the company to repurchase at the market price or purchase price, whichever is the lesser, any security, share or other interest in the company in the event the New Jersey Commission disapproves a transfer in accordance with the provisions of the New Jersey Act.

Aztar is a publicly held company and, accordingly, a provision has been placed in its restated certificate of incorporation which provides that a holder of its securities must dispose of the securities if the holder is found disqualified under the New Jersey Act. In addition, Aztar's restated certificate of incorporation provides that it may redeem the stock of any holder found to be disqualified.

If, at any time, it is determined that Adamar of New Jersey, Inc. has violated the New Jersey Act or regulations, or if any security holder of Aztar, Adamar of New Jersey, Inc. or Ramada New Jersey Holdings Corporation who is required to be qualified under the New Jersey Act is found disqualified but does not dispose of the securities, Adamar of New Jersey, Inc. could be subject to fines or its license could be suspended or revoked. If Adamar of New Jersey, Inc.'s license is revoked, the New Jersey Commission could appoint a conservator to operate and to dispose of any casino hotel facilities of Adamar of New Jersey, Inc. Net proceeds of a sale by a conservator and net profits of operations by a conservator (at least up to an amount equal to a fair return on Adamar of New Jersey, Inc.'s investment

which is reasonable for casinos or hotels) would be paid to Adamar of New Jersey, Inc.

In addition to compliance with the New Jersey Act and regulations relating to gaming, any facility built in Atlantic City by Adamar of New Jersey, Inc. or any other subsidiary of Aztar must comply with the New Jersey and Atlantic City laws and regulations relating to, among other things, the Coastal Area Facilities Review Act, construction of buildings, environmental considerations, operation of hotels and the sale of alcoholic beverages.

The New Jersey Commission is authorized to establish fees for the issuance or renewal of casino licenses. Yearly casino hotel alcoholic beverage license fees are payable for each facility in any of five specified categories in any licensed casino hotel. There is also an annual license fee on each slot machine. The New Jersey Commission is also authorized by regulation to establish annual fees for the issuance and renewal of licenses other than casino licenses.

The New Jersey Act imposes an annual tax of eight percent on gross revenues (as defined in the New Jersey Act). In addition, casino licensees are required to invest one and one-quarter percent of gross casino revenues for the purchase of bonds to be issued by the Casino Reinvestment Development Authority or make other approved investments equal to that amount; in the event the investment requirement is not met, the casino licensee is subject to a tax in the amount of two and one-half percent on gross revenues.

Regulation and Licensing - Missouri

On November 3, 1992, a statewide referendum authorized gaming in the State of Missouri on the Missouri and the Mississippi Rivers. Local approval from the home dock municipality, as required by the legislation, was also obtained from the City of Caruthersville in the November 3, 1992 election. On April 29, 1993, Missouri enacted revised legislation (as amended, the "Missouri Gaming Law") which amended the existing legislation. The Missouri Gaming Law established the Missouri Gaming Commission, which is responsible for the licensing and regulation, and enforcement with respect to some aspects, of riverboat gaming in Missouri and has the discretion to approve license applications for riverboat gaming facilities as well as employees and key persons associated with the facilities. In July 1993, Aztar was chosen by the City of Caruthersville as the preferred applicant to develop a gaming facility, and on September 20, 1993, Aztar's subsidiary, Aztar Missouri Gaming Corporation, predecessor in interest to the current licensee, Aztar Missouri Riverboat Gaming Company, L.L.C. ("Aztar Missouri"), filed its initial application with the Missouri Gaming Commission. The Missouri Gaming Commission conducted a formal investigation of Aztar Missouri's application and granted an owner/operator gaming license to Aztar Missouri on April 26, 1995.

In a decision handed down on January 25, 1994, the Missouri Supreme Court held that games of chance were prohibited under the Missouri constitution. On April 5, 1994, Missouri voters narrowly defeated the adoption of a constitutional amendment that

would have excepted excursion boats and floating facilities from the constitutional prohibition on lotteries. Local voters did re-approve gaming in the City of Caruthersville in the April 5, 1994 election. Following the April 5, 1994 election, the Missouri legislature amended the existing Missouri Gaming Law to clarify some definitions and to resolve some constitutional questions raised in the Missouri Supreme Court decision. Pursuant to the Missouri Gaming Law, there are eleven operating riverboat gaming facility sites in Missouri: one in Caruthersville; one in Boonville; three in the St. Louis area; four in the Kansas City area; one in La Grange; and one in St. Joseph. The Missouri Gaming Commission has also preliminarily approved additional casinos in St. Louis City and St. Louis

County.

In a statewide election held on November 8, 1994, Missouri voters approved the adoption of an amendment to the Missouri Constitution which permits the legislature to allow games of chance to be conducted on excursion boats and floating facilities on the Mississippi River and the Missouri River. As a result of the amendment, full-scale gaming, subject to Missouri Gaming Law, is now available in Missouri.

Opponents of gaming in Missouri have brought several legal challenges to gaming in the past and may possibly bring similar challenges in the future. On November 25, 1997, the Missouri Supreme Court overturned a state lower court and held that a portion of the Missouri Gaming Law that authorized excursion gaming facilities in "artificial basins" up to 1,000 feet from the Mississippi or Missouri rivers was unconstitutional. This ruling created uncertainty as to the legal status of several excursion gaming riverboat facilities in the state; however, as Aztar Missouri's facilities were fully on the Mississippi River, they did not appear to be affected. On November 3, 1998, a statewide referendum was held, whereby the voters amended the constitution to allow "artificial basins" for existing facilities, effectively overturning the above Missouri Supreme Court decision. There can be no assurances that any future challenges, if brought, would not further interfere with full-scale gaming operations in Missouri, including the operations of Aztar Missouri.

Under the Missouri Gaming Law, the ownership and operation of riverboat gaming facilities in Missouri are subject to extensive state and local regulation. Aztar, Aztar Missouri, any subsidiaries, and some of their officers and employees are and will be subject to specific regulations, including licensing requirements. As part of the application and licensing process for a gaming license, the applicant must submit detailed financial, operating and other reports to the Missouri Gaming Commission. Each applicant has an ongoing duty to update the information provided to the Missouri Gaming Commission in the application. Aztar Missouri has frequently updated its application materials since it was initially licensed. In addition to the information required of the applicant, directors, officers and other defined "key persons" (which include individuals designated by the Missouri Gaming Commission) must submit Personal Disclosure Forms, which include detailed personal financial information, and are subject to thorough investigations. In addition, some officers and directors of Aztar, as well as Aztar itself, have submitted Personal Disclosure Forms and applications to the Missouri Gaming Commission. All gaming employees must obtain an occupational license issued by the Missouri Gaming Commission.

The operators' licenses (or "Class A" gaming licenses) are issued through application to the Missouri Gaming Commission, which requires, among other things:

- investigations into an applicant's character, financial responsibility and experience qualifications and

- that applicants furnish:
 - financial information, referenced above;
 - detailed information about the applicant's history, business, affiliations, officers, directors and owners;

- an affirmative action plan for the hiring and training of minorities and women; and
- an economic development or impact report.

License fees are a minimum of \$50,000 for the initial application and \$25,000 annually thereafter. Aztar Missouri has undergone a full relicensing investigation and hearing in connection with its licensing in 2003. Aztar Missouri's gaming license was renewed on April 26, 2005 and expires on April 25, 2007.

The Missouri Gaming Law regulations impose restrictions on the use and transfer of the gaming licenses as well as limitations on transactions engaged in by licensees. The licenses issued by the Missouri Gaming Commission may not be transferred nor pledged as collateral. The Missouri Gaming Law regulations bar a licensee from taking any of the following actions without prior notice to, and approval by, the Missouri Gaming Commission:

- any transfer or issuance of an ownership interest of five percent or more of the issued and outstanding ownership interest;
- any private incurrence of debt by the licensee or any holding company of \$1,000,000 or more;
- any public issuance of debt by a licensee or its holding company; and
- defined "significant related party transactions."

In addition, the licensee must notify the Missouri Gaming Commission of other transactions, including the transfer of five percent or more of an ownership interest in the licensee or holding company if publicly held and any transaction of at least \$1,000,000. The restrictions on transfer of ownership apply to Aztar as well as the direct licensee, Aztar Missouri. Gaming equipment and corporate stock of some licensees may not be pledged except in narrow circumstances and subject to some regulatory conditions.

Missouri statutes and administrative rules contain detailed requirements concerning the operation of a licensed excursion gaming boat facility, including:

- a charge of two dollars per gaming customer per excursion, as discussed below, that licensees must pay to the Missouri Gaming Commission;
- requirements regarding minimum payouts;
- a 20% tax on adjusted gross receipts;
- prohibitions against providing credit to gaming customers, except for the use of credit cards and cashing checks; and
- a requirement that each licensee reimburse the Missouri Gaming Commission for all costs of any Missouri Gaming Commission staff, including Missouri Highway Patrol Officers, necessary to protect the public on the licensee's riverboat.

Licensees also must submit monthly, quarterly and annual reports of financial and statistical data and quarterly and annual audited financial information and compliance reports to the Missouri Gaming Commission and pay the associated auditing fees. Other areas of operation which are subject to regulation under the Missouri rules are the color, denomination and handling of chips and tokens; the surveillance methods and computer monitoring of electronic games; accounting and audit methods and procedures; and approval of an extensive internal control system. The Missouri Gaming Commission requires comprehensive safety inspections and compliance with local and federal safety requirements. Liquor licenses are issued and regulated by the Missouri Gaming Commission. The Missouri rules also require that all of an operator's purchases must be from suppliers licensed by the Missouri Gaming Commission or another entity approved by the Commission.

The Missouri Gaming Commission has the power, as well as broad discretion in exercising this power, to revoke or suspend gaming or occupational licenses and impose other penalties for violations of the Missouri Gaming Law and the rules and regulations promulgated thereunder, including without limitation, forfeiture of all gaming equipment used for improper gaming and fines of up to three times a licensee's highest daily gross receipts during the preceding twelve months.

Although the Missouri Gaming Law provides no limit on the amount of riverboat space that may be used for gaming, the Missouri Gaming Commission is empowered to impose space limitations through the adoption of rules and regulations. In addition, the Missouri Gaming Law imposes a \$500 loss limit per two-hour period established by each licensee with the approval of the Missouri Gaming Commission. In order to establish an excursion schedule, which allows patrons to enter and exit the gaming floor at any time during the excursion the licensee must prove to the Missouri Gaming Commission that it can enforce the \$500 loss limit.

In addition, the Missouri Gaming Commission is empowered to determine on a city and county-specific basis where "dockside" or permanently-docked gaming is appropriate and may be permitted. The Missouri Gaming Commission has authorized all eleven licensed sites to operate all or a portion of their facilities on a continuously docked basis. On February 15, 1996, the Commission granted Aztar Missouri the authority to operate gambling games on part of its floating facility previously used for non-gaming activities, including ticketing, under the continuous docking provision of the Missouri Gaming Law. On February 15, 1997, the Commission granted Aztar Missouri the authority to permanently dock the excursion gambling riverboat facility known as the "City of Caruthersville."

Regulation and Licensing - Indiana

The ownership and operation of riverboat casinos in specific designated waters are subject to extensive state regulation under the Indiana Riverboat Gambling Act (the "Indiana Act") and regulations which the Indiana Gaming Commission ("Indiana Commission") is authorized to adopt under the Indiana Act. The Indiana Act extends broad and pervasive regulatory powers and authority to the Indiana Commission. The Indiana Act and the regulations of the Indiana Commission are significant to Aztar's prospects for successfully operating its riverboat casino and associated developments based in Evansville, Indiana.

The Indiana Commission has issued:

- five riverboat owner's licenses on Lake Michigan, and
- five riverboat owner's licenses on the Ohio River, including Aztar's facility.

In addition, pursuant to legislation effective July 1, 2003, the Indiana Commission is authorized to enter into a contract with an Operating Agent on behalf of the Indiana Commission for one riverboat in a historic hotel district in Orange County in southern Indiana. In November 2003, Orange County voters passed the requisite referendum permitting riverboat gambling in Orange County. On July 20, 2004, the Indiana Commission awarded the Operating Agent Contract ("Contract") to Trump Indiana Casino Management, LLC ("Trump"). After further investigation of Trump's financing proposal and other issues, the Indiana Commission withdrew the award of the Contract to Trump on March 23, 2005. The Indiana Commission requested new proposals for a riverboat in Orange County. On June 23, 2005, the Indiana Commission conditionally awarded the Contract to Blue Sky Casino, LLC, which Contract was approved by the Indiana Commission on November 9, 2005.

Effective July 1, 2003, an entity may own up to a one hundred percent interest in two riverboat owner licenses. Previously, an entity could not own more than a 10% interest in any other owner's license. There is a \$2 million transfer fee if a riverboat owner purchases a second riverboat owner license. The Indiana Commission adopted a rule on April 21, 2005, imposing a transfer fee upon a licensed owner who sold, transferred or relinquished a controlling interest in a riverboat owner's license ("Rule"); however, the Indiana General Assembly subsequently passed, and the Governor signed, P.L. 246-2005, and section 259 therein, voided this Rule.

The Indiana Commission has adopted regulations under the Indiana Act which cover numerous operational matters concerning licensed riverboat casinos, including rules for authorized games, internal control procedures, accounting records, security, gaming equipment, and extensions of credit.

Aztar, through an Indiana subsidiary, Aztar Indiana Gaming Corporation, has received from the Indiana Commission a riverboat owner's license for the Evansville, Indiana market. Aztar Indiana Gaming Corporation completed requirements for formal licensing and commenced operations in Evansville on December 7, 1995. On August 20, 1999, the Indiana Commission authorized a transfer of the assets of Aztar Indiana Gaming Corporation, including the riverboat owner's license, to Aztar Indiana Gaming Company, L.L.C. ("Aztar Indiana"), a recently-formed limited liability company, in which Aztar Riverboat Holding Company, L.L.C. owns all of the membership interests. Aztar Riverboat Holding Company, L.L.C. is 100% owned by Aztar through wholly-owned subsidiaries. On December 31, 1999, Aztar Indiana Gaming Corporation transferred its assets and riverboat owner's license to Aztar Indiana.

A riverboat owner's license has an initial effective period of five years but is subject to an annual renewal thereafter. The Indiana Commission has broad discretion with respect to the initial issuance of licenses and also with respect to the renewal, revocation, suspension and control of riverboat owner's licenses. The Indiana Act requires a reinvestigation after three years to ensure the owner continues to be suitable for licensure. On December 7, 2000, the Indiana Commission made a preliminary determination to renew Aztar Indiana's riverboat owner's license until such time as Aztar Indiana has an opportunity to make a presentation to the Indiana Commission at a regular business meeting. On March 2, 2001, the Indiana Commission renewed Aztar Indiana's riverboat owner's license for a period of one year with an annual review. On December 6, 2001, the Indiana Commission renewed Aztar Indiana's riverboat owner's license for a period of one year, from December 8, 2001, to December 7, 2002. The Indiana Commission renewed Aztar Indiana's riverboat owner's license each year thereafter, most recently on December 10, 2005. The Indiana Commission has adopted a rule which requires, in the event a riverboat owner's license is terminated, the riverboat licensee to secure all the assets of the riverboat gambling operation, and the licensee may not dispose of any of these assets without the written approval of the Indiana

Commission. Officers, directors and principal owners of the actual license holder and employees who are to work on the riverboat are subject to substantial disclosure requirements as a part of securing and maintaining necessary licenses. Significant contracts are subject to disclosure.

A riverboat owner licensee may not enter into or perform any contract or transaction in which it transfers or receives consideration which is not commercially reasonable or which does not reflect the fair market value of the goods or services rendered or received. All contracts are subject to disapproval by the Indiana Commission. Suppliers of gaming equipment and materials must also be licensed under the Indiana Act.

The Indiana Act requires licensees to disclose to the Indiana Commission the identity of all directors, officers and persons holding direct or indirect beneficial interests of 1% or greater. The Indiana Commission also requires a broad and comprehensive disclosure of financial and operating information on licensees and their principal officers. Aztar has provided full information and documentation to the Indiana Commission and it must continue to do so during the term of the license. The Indiana Act prohibits, among other things:

- a key person or a person holding an ownership interest in a riverboat licensee, or an employee of a riverboat licensee, from participating in a game conducted on a riverboat which is the subject of a license; and
- contributions to a candidate for a state, legislative, or local office, or to a candidate's committee or to a regular party committee by the holder of a riverboat owner's license or a supplier's license, by an officer of a licensee, by an officer of a person that holds at least a 1% interest in the licensee, or by a person holding at least a 1% interest in the licensee.

The Indiana Commission has adopted a rule requiring quarterly reporting by the holder of a riverboat owner's license, including Aztar Indiana, or a holder of a supplier's license, of the officers of the licensee, officers of persons that hold at least a 1% interest in the licensee, including Aztar, and of persons who directly or indirectly own a 1% interest in the licensee, including beneficial owners of Aztar.

The Indiana Commission has adopted rules which (a) prohibit the distribution by a riverboat licensee, including Aztar Indiana, to its partners, shareholders, itself, or any affiliated entity, if the distribution would impair the financial viability of the riverboat gambling operation, (b) require riverboat licensees, including Aztar Indiana, to maintain on a quarterly basis a cash reserve in the amount of the actual payout for three days, and the cash reserve would include cash in the casino cage, cash in a bank account in Indiana, or cash equivalents not committed or obligated, and (c) require independent financial audits annually by firms licensed in Indiana and approved by the Executive Director of the Indiana Commission of riverboat licensees, including Aztar Indiana, and disclosure to the Indiana Commission of material errors and irregularities, or illegal acts, or significant deficiencies discovered during the course of the audit.

In addition to receiving a license to conduct riverboat casino operations from the Indiana Commission, Aztar Indiana has secured permits and approvals from the United States Army Corps of Engineers to develop the facilities it is using to conduct operations. Aztar Indiana has received three alcoholic beverage permits which are subject to annual renewal: one for the riverboat and two for land support facilities. All building permits and other approvals for the permanent facilities have been received, and the project is complete.

The Indiana General Assembly amended the Indiana Act in 2002 to allow riverboats to choose between continuing to conduct excursions or operate dockside. The Indiana Commission authorized riverboats to commence dockside operations on August 1, 2002. Aztar opted to operate dockside and commenced dockside operations on August 1, 2002. Pursuant to the legislation, the tax rate was increased from 20% to 22.5%, retroactive to July 1, 2002, during any time an Indiana riverboat does not operate dockside. For those riverboats that operate dockside and for the Operating Agent, the following graduated tax rate is applicable: (i) 15% of the first \$25 million of adjusted gross receipts ("AGR"), (ii) 20% of AGR in excess of \$25 million, but not exceeding \$50 million; (iii) 25% of AGR in excess of \$50 million, but not exceeding \$75 million; (iv) 30% of AGR in excess of \$75 million, but not exceeding \$150 million; and (v) 35% of AGR in excess of \$150 million. AGR is based on the State's fiscal year (July 1 of one year through June 30 of the following year). The Indiana Act requires that riverboat licensees pay a \$3.00 admission tax for each person, and that the Operating Agent pay a \$4.00 admission tax for each person. A riverboat that opts to continue excursions pays the admission tax on a per excursion basis while a riverboat that operates dockside pays the admission tax on a per entry basis. The Indiana Act provides for the suspension or revocation of a license whose owner does not timely submit the wagering or admission tax.

Effective July 1, 2002, riverboats must withhold adjusted gross state income tax from slot winnings of \$1,200 or more and Keno winnings of \$1,500 or more. Riverboats are assessed for property tax purposes as real property at rates to be determined by local taxing authorities. Sales on a riverboat are subject to applicable use, excise and retail taxes. The Indiana Act requires a riverboat owner licensee to directly reimburse the Indiana Commission for the costs of inspectors and agents required to be present during the conduct of gaming operations. Effective July 1, 2002, each riverboat must contribute \$25,000 annually to the Indiana Department of Gaming Research.

The Indiana General Assembly amended the Indiana Act in 2005 to (a) change the residency requirements of the members of the Indiana Commission, (b) authorize the Indiana Commission to employ its own agents, rather than enter into a contract with the Indiana State Police, (c) authorize the Indiana Commission to adopt an alternative certification process if the U.S. Coast Guard were to discontinue issuing certificates of inspection of Indiana riverboats, and (d) require the Indiana Commission to study alternative forms of gaming and to submit a report to the General Assembly in October 2005 ("the Report"). The Report submitted focused on a proposal to transmit via satellite, images of a live roulette game or other live game from one of Indiana's riverboats to other states, so citizens outside Indiana could wager on the live game.

The Indiana Act places special emphasis upon minority and women's business enterprise participation in the riverboat industry. Any person issued a riverboat owner's license must establish goals of at least 10% of the total dollar value of the licensee's contracts for goods and services with minority business enterprises and 5% of the total dollar value of the licensee's contracts for goods and services with women's business enterprises. The Indiana Commission may suspend, limit or revoke the owner's license or impose a fine for failure to comply with the statutory requirements.

Minimum and maximum wagers on games on the riverboat are left to the discretion of the licensee. Wagering may not be conducted with money or other negotiable currency. Effective July 1, 2003, the Indiana Commission may approve a riverboat owner licensee's plan to conduct twenty-four hour gambling, and Aztar Indiana's plan was approved. No person under the age of 21 is permitted to wager on a riverboat. It is a Class A misdemeanor for a person to aid, induce or cause a person under the age of 21 to enter or attempt to enter a riverboat. In accordance

with an amendment to the Indiana Act, the Indiana Commission has adopted voluntary exclusion rules for persons to be included on a list of persons excluded from all Indiana riverboats, which also require riverboat owners to make

reasonable efforts to cease direct marketing efforts to such persons and to prohibit riverboat owners from cashing checks or extending credit to persons participating in the voluntary exclusion program.

An institutional investor which acquires 5% or more of any class of voting securities of a holding company of a licensee is required to notify the Indiana Commission and to provide additional information, and may be subject to a finding of suitability. A person who acquires 5% or more of any class of voting securities of a holding company of a licensee is required to apply to the Indiana Commission for a finding of suitability. A riverboat licensee or an affiliate may not enter into a debt transaction of \$1 million or more without approval of the Indiana Commission. The Indiana Commission has delegated authority to its Executive Director to waive preapproval of financing transactions, provided prior discussions have been held with the Chair and the CPA member, or if there is no CPA member, the outside financial analyst, of the Indiana Commission. The Executive Director must report the waiver at the next Indiana Commission meeting and the Indiana Commission may direct the Executive Director to take different action with respect to the waiver. The Indiana Commission approved the intercompany loan of Aztar Riverboat Holding Company, L.L.C. to Aztar on June 23, 2005.

A riverboat owner's license is a revocable privilege and is not a property right under the Indiana Act. A riverboat owner licensee or any other person may not lease, hypothecate, borrow money against or loan money against a riverboat owner's license.

Environmental Matters

Aztar is subject to federal, state and local environmental laws, regulations and ordinances that (a) govern activities or operations that may have adverse environmental effects, such as discharges to air and water as well as handling and disposal practices for solid and hazardous wastes, and (b) impose liability for the costs of cleaning up, and some damages resulting from, past spills, disposals or other releases of hazardous substances. Aztar uses some substances and generates some wastes that are regulated or may be deemed hazardous under applicable environmental laws. From time to time, our operations have resulted, or may result, in some noncompliance with applicable requirements under environmental laws. Aztar has also incurred, and in the future may incur, costs related to cleaning up contamination relating to historical uses of some of our current or former properties. Specifically, the riverboat properties have been used for various industrial purposes in the past. Any noncompliance with applicable requirements or liability under environmental laws has not had, and is not expected to have, a material adverse effect on our consolidated financial position, results of operations or cash flows.

Other Regulations

Aztar's businesses are subject to various federal, state and local laws and regulations in addition to those discussed above. These laws and regulations include but are not limited to restrictions and conditions concerning employees, taxation, zoning and building codes, and marketing and advertising. Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted. Material changes, new laws or regulations, or material differences in interpretations by courts or governmental authorities could adversely affect Aztar.

Aztar employs approximately 9,800 people. Approximately 3,300 Aztar employees are represented by unions. Of the approximately 5,100 employees at Tropicana Atlantic City, approximately 2,100 are covered by collective bargaining contracts. Substantially all of these employees are covered by a contract that expires on September 14, 2009 and a small number are covered by contracts that expire in 2006 or 2008. At Tropicana Las Vegas, approximately 1,200 of the 2,000 employees are covered by collective bargaining contracts. Substantially all of these employees are covered by contracts that expire in 2007. The remainder of employees are covered by contracts that expire in 2006, 2008, 2009 or 2010. At Ramada Express there are approximately 1,200 employees, none of which are covered by collective bargaining agreements. Aztar has approximately 1,200 employees and 300 employees, respectively, at Casino Aztar Evansville and Casino Aztar Caruthersville, none of which are covered by collective bargaining agreements.

TRADEMARKS

We use a variety of trade names, service marks and trademarks and believe that we have all the licenses necessary to conduct our business. We have registered several service marks and trademarks with the United States Patent and Trademark Office or otherwise acquired the licenses to use those which are material to the conduct of our business.

Substantially all of our trademarks and service names have been assigned to the lenders under Aztar's bank credit facility.

Ramada Inc. has licensed Aztar to use the name "Ramada" in conjunction with the operation of Ramada Express, and will not use or permit the use of the name "Ramada" in Laughlin, Nevada by any other person or entity.

We have registered the following important trademarks or service marks: Aztar, Casino Aztar, Trop, Tropicana, Trop Park, and The Island of Las Vegas. Aztar believes there are no other trademarks or service marks the use of which is material to the conduct of our business as a whole.

CATASTROPHIC EVENTS

Certain catastrophic events such as major fires, floods, storms, earthquakes, hurricanes, tornadoes, tidal waves, civil disorders, riots, biological attacks, war, acts of sabotage or terrorism or other similar events could result in a significant negative impact on our business, financial condition and results of operations.

ITEM 1A. RISK FACTORS

The following risk factors, among others, could cause our financial performance to differ significantly from the goals, plans, objectives, intentions and expectations expressed in this report on Form 10-K. If any of the following risks and uncertainties or other risks and uncertainties not currently known to us or not currently considered to be material actually occur, our business, financial condition or operating results could be harmed substantially.

If we were to redevelop Tropicana Las Vegas, we could encounter problems during demolition, development and construction that could substantially increase the construction costs or delay the re-opening of Tropicana Las Vegas.

We may undertake a major redevelopment project at Tropicana Las Vegas. Construction projects like Tropicana Las Vegas are subject to significant development and construction risks, any of which could cause unanticipated cost increases and delays. These include the following:

- adverse weather that damages the project or causes delays;
- delays in obtaining or inability to obtain necessary permits, licenses and approvals, including re-licensure from the Nevada Gaming Commission;
- changes in statutes, regulations, policies and agency interpretations of laws applicable to gaming projects;
- changes to the plans or specifications;
- shortages of materials and skilled labor;
- engineering problems;
- labor disputes and work stoppages with contractors, subcontractors or others that are constructing the project;
- environmental issues;
- shortages of qualified employees;
- labor issues;
- fire, flooding and other natural disasters, construction accidents; and
- geological, construction, excavation, regulatory and equipment problems.

During redevelopment, the casino would not be open and would not generate revenue. If we were to redevelop Tropicana Las Vegas, we may not complete the redevelopment on time or within budget, which could have a material adverse effect on our results of operations and prospects.

We depend on the results of Tropicana Atlantic City. Any material adverse effect on the operations of Tropicana Atlantic City could have a material adverse effect on us.

Approximately 54% of our consolidated revenues and 51% of our operating income for the fiscal year ended December 31, 2005 were derived from the operations of Tropicana Atlantic City. Because of the importance of Tropicana Atlantic City to

our consolidated operating results, poor performance at Tropicana Atlantic City could have a material adverse effect on us. Tropicana Atlantic City experiences seasonal fluctuations in casino play that management believes are typical of casino hotel operations in Atlantic City. Operating results indicate that casino play is seasonally higher from May through October. Consequently, our revenues during the first and fourth quarters have generally been lower than for the second and third quarters, and from time to time we have experienced losses in the first and fourth quarters. Any event that adversely affects the operating results of Tropicana Atlantic City could have a material adverse effect on our operations and financial condition. Because Atlantic City Tropicana's operating results especially depend upon operations in the summer months, any event that adversely affects the operating results of the Atlantic City Tropicana during that period could have a material adverse effect on our operations and financial condition. Given Atlantic City's location, it is also subject to occasional adverse weather conditions, including storms and hurricanes that would impede access to Atlantic City and adversely impact our operations. In addition, competition is expected to intensify in the Atlantic City market in light of recent and proposed expansion and new development activities.

Non-reimbursed losses related to our October 30, 2003 construction accident could have a material adverse effect on us.

An accident occurred on the site of the construction of the expansion of the Atlantic City Tropicana on October 30, 2003. The accident resulted in a loss of life and serious injuries, as well as extensive damage to the facilities under construction. Construction on the expansion project was substantially completed by year-end 2004. During the fiscal year ended December 31, 2005, we incurred \$4,276,000 of construction accident related costs and expenses that may not be reimbursed by insurance. These costs and expenses primarily consist of professional fees incurred as a result of the accident. Insurance claims for business interruption that occurred from the date of the accident through December 31, 2005 have been filed with our insurers in the amount of approximately \$52,100,000, of which we have received \$3,500,000. In addition, we have filed insurance claims for lost profits and additional costs as a result of the delay in the opening of the expansion. The total of these claims is approximately \$70,100,000, of which we have received \$9,200,000. We have also filed insurance claims of \$9,000,000 for other costs we have incurred that are related to the construction accident, of which we have received \$1,500,000. In order to ensure that the construction proceed expeditiously and in order to settle certain disputes, we and the general contractor entered into a settlement agreement that delineates how we and the contractor will share the cost of and the insurance proceeds received for the dismantlement, debris removal, and rebuild. At December 31, 2005, our share of claims outstanding for dismantlement, debris removal and rebuild was approximately \$37,000,000.

Intense competition could result in our losing market share or profitability.

We face intense competition in each of the markets in which our gaming facilities are located. All of our casinos primarily compete with other casinos in their geographic market and, to a lesser extent, with casinos in other locations, including on Native American lands and on cruise ships, and with other forms of legalized gaming in the United States, including state sponsored lotteries, racetracks, off-track wagering and card parlors. We expect this competition to intensify as new gaming operators enter our markets and existing competitors expand their operations. Some of our

competitors have significantly greater financial resources than we and as a result we may not be able to successfully compete

against them in the future. Several states have considered legalizing casino gaming and others may in the future. Legalization of large-scale, unlimited casino gaming in or near any major metropolitan area or increased gaming in other areas could have an adverse economic impact on the business of any or all of our gaming facilities by diverting our customers to competitors in those areas. In particular, the expansion of casino gaming in or near any geographic area from which we attract or expect to attract a significant number of our customers could have a material adverse effect on us.

In addition, online gaming is a growing sector within the gaming industry. Online casinos offer a variety of games, including slot machines, roulette, poker and blackjack. Web-enabled technologies allow individuals to game using a variety of credit or debit cards. We are unable to assess the impact that online gaming will have on our operations in the future and there is no assurance that the impact will not be material.

Competition involves not only the quality of casino, room, restaurant, entertainment and convention facilities, but also room, food and beverage prices. Our operating results can be adversely affected by significant cash outlays for advertising and promotion and complimentary services to patrons, the amount and timing of which are partially dictated by the policies of competitors. If our operating revenues are insufficient to allow management the flexibility to match the promotions of competitors, the number of our casino patrons may decline, which may have an adverse effect on our financial performance.

Atlantic City. Tropicana Atlantic City competes with 11 other casinos in Atlantic City. It also competes with two large Native American casinos in Connecticut. The Borgata Hotel, Casino and Spa, a joint venture between Boyd Gaming Corporation and MGM Mirage, opened in July 2003, in Atlantic City's Marina District. The Borgata was the first casino to open in Atlantic City since April 1990, although many of the existing casinos have increased their gaming capacities and a few casino hotels have had major expansions. Other companies have announced a desire to open new casino hotels or expand existing properties in Atlantic City in the future. The Atlantic City market also faces additional future competition from the growing Native American casinos in Connecticut and the future casinos in Pennsylvania and the potential legalization of casino gaming in Delaware, Maryland and New York. In addition, slot machines have been added to race tracks in Delaware and West Virginia.

Las Vegas. Tropicana Las Vegas operates in the intensely competitive Las Vegas market. Competitors of Tropicana Las Vegas include resorts on the Las Vegas Strip, among which are Bally's Las Vegas, the Bellagio, Caesars Palace, Wynn Las Vegas, Harrah's Las Vegas Hotel and Casino, Luxor Hotel and Casino, Mandalay Bay Resort & Casino, MGM Grand Hotel and Casino, The Mirage, Monte Carlo Hotel and Casino, New York-New York Hotel and Casino, Paris Las Vegas, Treasure Island at The Mirage and The Venetian, and resorts off the Las Vegas Strip, such as Las Vegas Hilton, the Palms Casino Resort and Rio All-Suite Hotel & Casino. The Venetian Resort and Casino has announced an expansion named "Palazzo" which they expect to open on the Las Vegas Strip adjacent to the existing property in the first quarter of 2007. Wynn Resorts' expansion named "Encore" is expected to open adjacent to its Wynn Las Vegas by 2010. The Stardust Resort and Casino has announced its plan to tear down the existing resort to make way for an approximately \$4 billion hotel-casino-shopping complex called "Echelon Place." According to such

announcement, the Stardust will be demolished in early 2007 and Echelon Place opened in 2010. MGM has announced a \$7 billion project named "City Center", which is expected to open in phases in 2009 with completion in 2010.

Laughlin. Ramada Express competes with several other casinos in Laughlin. Ramada Express also competes with casinos outside of Laughlin, including the Mojave tribe's casino hotel located approximately eight miles south of Laughlin. The Laughlin market is also affected by the Native American casinos in Arizona and California and additional capacity in Las Vegas and the surrounding area.

Evansville. Casino Aztar Evansville competes primarily with an Indiana riverboat casino in the Louisville, Kentucky market area and a riverboat casino in Metropolis, Illinois. Casino Aztar Evansville also indirectly competes with the Belterra Casino Resort, a riverboat casino in Switzerland County, Indiana. In addition, Casino Aztar Evansville competes with other Indiana riverboat casinos on the Ohio River in the Cincinnati, Ohio market area and to a lesser extent with riverboat casinos in other Indiana locations, none of which are in its primary 50-mile radius market area. Casino Aztar Evansville also competes with a pari-mutuel racing facility in Evansville. Casino Aztar Evansville will face additional future competition from an eleventh Indiana riverboat license, which was awarded in the West Baden area. There is also the potential for the legalization of casino gaming in Kentucky.

Caruthersville. Casino Aztar Caruthersville competes primarily with other riverboat casinos in nearby states, including a riverboat casino in Metropolis, Illinois and riverboat casinos in Mississippi that attract residents of Casino Aztar Caruthersville's secondary Memphis, Tennessee market. Casino Aztar Caruthersville also competes to a lesser extent with riverboat casinos in other cities in Missouri, none of which are in its primary 60-mile radius market area. Casino Aztar Caruthersville may also face additional future competition from the potential legalization of casino gaming in Arkansas.

We are subject to extensive regulation. Our failure to comply may have a material adverse effect on our operations.

Regulation by Gaming Authorities. We face extensive state and local regulation on our ownership and operation of gaming facilities. The states and localities in which we conduct gaming operations require us to hold various licenses, qualifications, findings of suitability, registrations, permits and approvals. The various gaming regulatory authorities, including the Nevada Gaming Commission, the Nevada State Gaming Control Board, the New Jersey Casino Control Commission, the New Jersey Division of Gaming Enforcement, the Missouri Gaming Commission and the Indiana Gaming Commission may, among other things, limit, condition, suspend or revoke our gaming authorizations, including our ability to own the securities of any of our gaming subsidiaries for any cause deemed reasonable by such licensing authorities. Substantial fines or forfeiture of assets for violations of gaming laws or regulations may be levied against us, our subsidiaries and the persons involved. If we are ever precluded from operating one of our gaming facilities, we cannot assure you that we would be able to recover our full investment.

To date, we have obtained all governmental licenses, qualifications, findings of suitability, registrations, permits and approvals necessary for the operation of our gaming facilities. However, there can be no assurance that we can obtain any new licenses, qualifications, findings of suitability, registrations, permits or approvals that may be required in the future or that existing ones will not be suspended or revoked. If we expand any of our current gaming facilities in New

Jersey, Nevada, Indiana, or Missouri or into new jurisdictions, we must obtain all additional licenses, qualifications, findings of suitability, registrations, permits and approvals of the gaming authorities. If we redevelop Tropicana Las Vegas, our license with the Nevada Gaming Commission would be surrendered in connection with the redevelopment and we would have to reapply for such license prior to re-opening. Any such approval process can be time consuming and costly and has no assurance of success.

From time to time, legislative and regulatory changes are proposed, and court decisions rendered, that could be adverse to us. In addition, from time to time, investigations are conducted relating to the gaming industry. We are required to report particular cash transactions to the U.S. Department of the Treasury pursuant to the Bank Secrecy Act. Violation of the reporting requirements of the Bank Secrecy Act could result in civil as well as criminal penalties, including fines, imprisonment or both, which in turn could result in the revocation, suspension, imposition of conditions upon or failure to renew the casino license of the affected facility. The States of Nevada and Indiana have adopted regulations similar to the Bank Secrecy Act that require the Nevada and Indiana facilities to document and report specific currency transactions to the Nevada State Gaming Control Board and the Indiana Gaming Commission, respectively, in addition to reporting to the U.S. Department of the Treasury. Violation of these regulations could result in action by Nevada or Indiana authorities to fine or revoke, suspend, impose conditions upon or fail to renew the Nevada or Indiana facilities' licenses and our licensing approval.

Taxation Policies. From time to time, various proposals are introduced in the legislatures of some of the jurisdictions in which we have operations that, if enacted, could adversely affect the tax aspects of the gaming industry and us in particular. Legislation of this type may be enacted in the future. The federal government has also previously considered a federal tax on casino revenues and may consider such a tax in the future. In addition, gaming companies are currently subject to significant state and local taxes and fees in addition to normal federal and state corporate income taxes, and such taxes and fees are subject to increase at any time. For example, in June 2002 the legislature in Indiana changed the gaming and admission tax rates for casino operators. Then, in its 2003 legislative session, the Indiana General Assembly imposed a retroactive wagering tax on all riverboat casinos, moving the effective date of the 2002 graduated wagering tax from August 1, 2002 to July 1, 2002. The Indiana Department of Revenue has assessed this retroactive tax on the riverboat casinos, without providing an offset for taxes paid at a higher tax rate during that one-month period. Any material increase in assessed taxes, or the adoption of additional taxes or fees in any of our markets, could have a material adverse effect on our future financial results.

Regulation of Our Riverboats. The riverboat gaming and support facilities that we operate must comply with U.S. Coast Guard requirements as to boat design, on-board facilities, equipment, personnel and safety or requirements of state and local law, including the requirements of state gaming authorities, or both. If any of our riverboat gaming and support facilities fail to meet these requirements, we might be forced to stop operating the casino on it or connected with it. Each of the floating riverboat facilities must hold a Certificate of Inspection or must be approved by the American Bureau of Shipping for stabilization and flotation, and may also be subject to local zoning and building codes, as well as additional requirements mandated by state law or by the gaming regulatory authority with jurisdiction over the facilities. The U.S. Coast Guard requirements establish design standards, set limits on the operation of the cruising vessels and require individual licensing of all personnel involved with the operation of the cruising vessels. Loss of a Certificate of Inspection or American Bureau of Shipping approval or other approval mandated by state law or by the gaming regulatory authority with respect to our riverboat facilities would preclude its use as a floating casino. In addition, U.S. Coast Guard regulations require a hull inspection at a U.S. Coast Guard-approved dry docking facility or an underwater hull survey for all cruising riverboats at five-year intervals and state and local authorities may have additional inspection requirements. The travel to and from such docking facility,

as well as the time required for inspections, could be significant. The loss of a dockside casino or riverboat casino from service for any period of time could adversely affect our business, financial condition and results of operations.

Adverse economic conditions could have a negative effect on our business.

Gaming industry revenues are sensitive to general economic conditions and are influenced by consumer confidence in the economy and other factors. For instance, our properties use significant amounts of electricity, natural gas and other forms of energy. The recent substantial increases in the cost of electricity in the United States could negatively affect our operating results. The extent of such impact is subject to the magnitude and duration of the energy price increases, but this impact could be material. In addition, energy prices in cities that constitute a significant source of our customers for our properties could result in a decline in disposable income of potential customers and a corresponding decrease in visitation to our properties, which would negatively impact revenues. In addition, the currently elevated price of gasoline, and any further increases, may cause our potential customers to forego driving to our properties or reduce the frequency of visits, which could negatively affect our results of operations. Also, a recession or downturn in the general economy, or in a region constituting a significant source of customers for our properties, could result in fewer customers visiting our properties, which would adversely affect our results of operations.

Terrorist activity or threat of such terrorist activity or other natural disasters may negatively impact our business.

The strength and profitability of our business will depend on consumer demand for hotel casino resorts in general and for the type of amenities we offer. Certain catastrophic events such as major fires, floods, storms, earthquakes, hurricanes, tornadoes, tidal waves, civil disorders, riots, biological attacks, war, acts of sabotage or terrorism or other similar events could result in a significant negative impact on our business, financial condition and results of operations. In particular, the casino and hospitality industries can be adversely affected by terrorist activity or the threat, perceived or otherwise, of terrorist activity. Such activity or threat may limit levels of business and personal travel and cause concerns about the safety of high-profile tourism areas, such as Las Vegas. Las Vegas tourism experienced decline in 2002 as a consequence of the September 11, 2001 terrorist acts.

Our dockside and riverboat facilities are subject to additional risks.

Dockside and riverboat facilities are subject to risks in addition to those associated with land-based casinos, including loss of service due to casualty, mechanical failure, extended or extraordinary maintenance, flood, hurricane or other severe weather. Our riverboats face additional risks from the movement of vessels on waterways. Reduced patronage and the loss of a dockside or riverboat casino from service for any period of time could adversely affect our results of operations.

We are party to various legal proceedings. A negative outcome in these proceedings could have a material adverse effect on our operations.

We are a party to certain legal proceedings, including our involvement as a defendant in a video poker and electronic slot machine lawsuit as well as our involvement in several lawsuits, as either a defendant or a plaintiff, related to the October 30, 2003 construction accident at the site of the expansion of the Atlantic City Tropicana. These lawsuits are described in more detail under Item 3 - Legal Proceedings. Regardless of the ultimate outcome of our legal proceedings, they could result in significant diversion of time by our management. The results of our pending legal proceedings, including any potential settlements, are uncertain and we cannot assure you that the outcome of these

disputes will not adversely affect our operating results.

We are subject to various environmental regulations. Our failure to comply may have a material adverse effect on our operations.

We are subject to federal, state and local environmental, safety and health laws, regulations and ordinances that apply to gaming and non-gaming businesses generally, including among others:

- the Clean Air Act;
- the Clean Water Act;
- the Occupational Safety and Health Act; and
- Comprehensive Environmental Response, Compensation, and Liability Act.

We have not made any material expenditures with respect to environmental, safety and health laws, regulations and ordinances. However, the insurance coverage and attendant compliance costs associated with these laws, regulations and ordinances may result in future additional costs to our operations. For example, in 1990, the U.S. Congress enacted the Oil Pollution Act to establish a comprehensive federal oil spill response and liability framework. Pursuant to the Oil Pollution Act, the Department of Transportation implemented regulations requiring owners and operators of specific vessels, including us, to establish and maintain through the U.S. Coast Guard evidence of financial responsibility sufficient to meet their potential liability under both the Oil Pollution Act and the Comprehensive Environmental Response, Compensation, and Liability Act for discharges or threatened discharges of oil or hazardous substances. This requirement may be satisfied by either proof of adequate insurance, including self-insurance, or the posting of a surety bond or guaranty. Some of our properties currently have or had underground fuel storage tanks and construction materials containing asbestos.

We extend credit to our customers and our inability to collect gaming debts may have a material adverse effect on our results of operations.

We conduct our gaming activities on a credit as well as a cash basis, except in Missouri, which prohibits gaming on a credit basis. Table games players are typically extended more credit than slot players, and high-stakes players are typically extended more credit than patrons who tend to wager lower amounts. Our credit policy varies from facility to facility based upon the various types of customers at each facility and regulatory requirements in each jurisdiction. In general, credit is extended to new credit customers after verification of certain banking information and evaluation of the customer's credit history from other casinos, the customer's income and net worth, and traditional consumer credit reports. Additional credit may be extended to existing credit customers after evaluating the above factors plus the player's prior gaming and credit history with our casino. Gaming debts are legally enforceable under the current laws of Indiana, New Jersey and Nevada; however, it is not clear that all other states or that foreign countries will honor these policies. At December 31, 2005, receivables due from non-United States customers were 9% of our accounts receivable before the allowance for doubtful accounts. We have made provisions for estimated uncollectible gaming receivables in order to reduce gaming receivables to amounts deemed to be collectible. However, our inability to collect gaming receivables could have a material adverse effect on our results of operations.

The loss of our senior management could significantly harm our business.

Our ability to maintain our competitive position is dependent to a large degree on the efforts and skills of our senior management team. We will rely on senior management's knowledge of the local market and experience in opening and operating

34

casinos in the markets in which we operate. We may not be able to retain our existing senior management or attract and retain additional qualified senior management personnel when the need arises. If we lose the services of a large portion of our senior management and are unable to find suitable replacements, our business may be significantly impaired.

We may not be able to obtain sufficient insurance coverage to replace or cover the full value of losses that we could suffer.

The terrorist attacks of September 11, 2001 and other market conditions have substantially affected the availability of insurance coverage for certain types of damages or occurrences. While we have obtained limited insurance coverage with respect to the occurrences of casualty damage to cover any losses that could result from these acts or events for the next year, we may not be able to obtain sufficient or similar insurance for later periods. The lack of sufficient types of insurance for these types of acts and other casualty losses could expose us to heavy losses in the event that any damages occur, directly or indirectly, as a result of such casualty losses. In the event that we do not have sufficient insurance coverage to insure against certain casualty losses our operations could be negatively impacted.

If a third party asserts certain forms of intellectual property claims against us, our business or results of operations could be adversely affected.

Historically, trademarks and service marks have been the principal form of intellectual property right of relevance to the gaming industry. However, due to the increased use of technology in computerized gaming machines and in business operations generally, other forms of intellectual property rights (such as patents and copyrights) are becoming of increased relevance. It is possible that, in the future, third parties might assert superior intellectual property rights or allege that their intellectual property rights cover some aspect of our operations. The defense of such allegations may result in substantial expenses, and, if such allegations should be true, may have a material impact on our business.

We have a substantial amount of indebtedness, which could adversely affect our financial condition.

As of December 31, 2005, our total consolidated indebtedness was approximately \$723,000,000. In addition, the agreements governing our outstanding indebtedness permit us to incur additional debt if required debt coverage tests are satisfied. If new debt were to be incurred in the future, the related risks could increase.

Our substantial indebtedness could have significant effects on our business and future operations. For example:

- we may face difficulties in satisfying our obligations with respect to the indebtedness;

- we may be required to dedicate a substantial portion of our cash flow from operations to repay our outstanding indebtedness, thereby reducing the availability of our cash flow to fund working capital, capital expenditures, development projects and other general operating requirements;
- we may be limited in our ability to react to changing business and economic conditions and withstand competitive pressures;

- it could result in an event of default if we fail to comply with the financial and other restrictive covenants contained in the agreements governing our indebtedness, which would permit the lenders thereunder to exercise remedies against us and our properties;
- it may limit our ability to obtain financing to fund future working capital, capital expenditures and other general business activities;
- we may be unable to refinance our indebtedness at maturity or the refinancing terms may be less favorable than the terms of our original indebtedness;
- our cash flow may be insufficient to meet our required principal and interest payments;
- we may be forced to dispose of one or more of our properties, possibly on disadvantageous terms;
- we may default on our obligations and the lenders or mortgagors may foreclose on our properties that secure their loans;
- we may violate restrictive covenants in our loan documents, which would entitle the lenders to accelerate our debt obligations; and
- it may place us at a competitive disadvantage compared to our competitors that have less debt.

Ramada indemnification agreements could have a material adverse effect on us.

In connection with our restructuring in December 1989, we agreed to indemnify Ramada Inc. against all monetary judgments in certain lawsuits pending against Ramada and its subsidiaries, as well as all related attorneys' fees and expenses not paid at that time, except for any judgments, fees or expenses accrued on the hotel business balance sheet and except for any unaccrued and unreserved aggregate amount up to \$5,000,000 of judgments, fees or expenses related exclusively to the hotel business. There is no limit to the term or the maximum potential future payment under this indemnification. In addition, we agreed to indemnify Ramada for certain lease guarantees made by Ramada. The lease terms potentially extend through 2015 and Ramada guaranteed all obligations under these leases. The estimated maximum potential amount of future payments we could be required to make under these indemnifications is \$7,000,000 at December 31, 2005.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

TROPICANA ATLANTIC CITY

Tropicana Atlantic City is located on an approximate 14-acre site in Atlantic City, New Jersey. Tropicana Atlantic City is wholly-owned by Aztar.

TROPICANA LAS VEGAS

Tropicana Las Vegas is located on a 34-acre site in Las Vegas, Nevada. We have a master-plan for a potential development of the Las Vegas Tropicana site. We have not yet made a decision about whether and when we will proceed with this development. The amount and timing of any future expenditure, and the extent of any impact on existing operations, will depend on the nature and timing of the development that we ultimately undertake, if any. Tropicana Las Vegas is wholly-owned by Aztar.

RAMADA EXPRESS

Ramada Express is located on an approximate 31-acre site in Laughlin, Nevada. Ramada Express is wholly-owned by Aztar.

CASINO AZTAR EVANSVILLE

Casino Aztar Evansville operates on and from a base 8 1/2-acre site next to the Ohio River in downtown Evansville, Indiana. Approximately 4 1/2 acres are leased from the City of Evansville. We own the remaining 4 acres, a portion of which we acquired during 2003. Approximately three-fourths of one of these acres was used to accommodate an 11,000 square-foot executive conference center that was completed during 2004. In addition, we have an approximately seven-acre site located near our base that is currently being developed. Our lease with the City was entered into in 1995 for an initial term of ten years with three five-year renewal options. In July 2005, we exercised the first of our three renewal options to extend the lease term through November 2010. We also modified the lease to add four additional five-year renewal options that give us the ability to continue the lease through November 30, 2040. Under the terms of the lease renewal, the City will provide us with \$1 of credit against our rent for each \$2.50 of development capital expenditures up to \$25 million that we make. Phase one of our plans for development in Evansville includes a 100-room boutique hotel and a multi-venue entertainment complex adjacent to a park, both of which will be situated on a portion of our seven-acre site.

CASINO AZTAR CARUTHERSVILLE

Casino Aztar Caruthersville operates on and from a 37-acre site next to the Mississippi River in downtown Caruthersville, Missouri. The site and facilities are wholly-owned by us. We have some unused land at this site and we are encouraging third-party developers to develop facilities on this land that would complement our operations.

GENERAL

We lease our corporate headquarters located in Phoenix, Arizona and own or lease some other facilities which are not material to our operations.

Substantially all land, casino hotel buildings, casino riverboats, pavilions, furnishings and equipment owned by us are pledged as collateral under our senior secured credit facility.

ITEM 3. LEGAL PROCEEDINGS

Aztar is a defendant in an action originally filed in the United States District Court for the Middle District of Florida, Orlando Division entitled William H. Poulos, On Behalf of Himself and All Others Similarly Situated vs. Caesars World, Inc., et al., filed on April 26, 1994. This action was consolidated with another subsequently filed action in that court entitled William Ahearn, On Behalf of Himself and All Others Similarly Situated vs. Caesars World, Inc., et al., currently consolidated Case No. CV-S-94-1126-DAE(RJJ)-BASE FILE (the "Actions" or collectively, the "Poulos/Ahearn Case"). Both Actions were brought under RICO and state common law and seek compensatory and punitive damages in excess of \$1 billion from the defendants. The complaints allege that the defendants took part in a scheme intended to induce people to play video poker and electronic slot machines based on false beliefs concerning how those machines actually operate as well as the extent to which there is actually an opportunity to win on any given play. The precise nature of Aztar's role in the alleged fraud and conspiracy to defraud is not discernible from the complaint.

On September 26, 1995, an action entitled Larry Schreier, On Behalf of Himself and All Others Similarly Situated vs. Caesars World, Inc., et al., Case No. CV-S-95-00923-DWH(RJJ)(the "Schreier Case") was commenced in the United States District Court for the District of Nevada. The Schreier Case is identical to the Poulos/Ahearn Case in all material respects, except that the named plaintiff in the Schreier Case purports to represent a smaller and more precisely defined class of persons than the plaintiffs in the Poulos/Ahearn Case. The defendants (including Aztar) moved to dismiss the Schreier complaint on the same grounds as in the previously described Poulos/Ahearn Case, as well as on the ground that this case was filed for an improper purpose, an attempt to circumvent prior rulings of the Court in the Poulos/Ahearn Case. On August 15, 1996, District Judge Lloyd D. George granted the motion to dismiss,

without prejudice. An amended complaint containing the same principal allegations was filed on September 30, 1996. The defendants (including Aztar) filed motions to dismiss the amended complaint for failure to state a claim and on other grounds. The Plaintiff opposed these motions.

The Poulos/Ahearn Case and the Schreier Case were consolidated, as was the action entitled William H. Poulos, On Behalf of Himself and All Others Similarly Situated vs. Ambassador Cruise Lines, Inc., et al., Case No. CV-S-95-936 LDG(RLH)(the "Cruise Ship Case"). (The allegations in the Cruise Ship Case are nearly identical to those made in the Poulos/Ahearn and Schreier cases, and are made against a group of defendants consisting of several manufacturers and distributors of gaming devices, as well as numerous cruise ship operators and companies which operate cruise ship casinos.) The Poulos/Ahearn Case, the Schreier Case and the Cruise Ship Case are collectively referred to as the "Consolidated Cases."

On February 14, 1997, the Plaintiffs filed a consolidated amended complaint in the Consolidated Cases. On March 21, 1997, the Defendants moved to dismiss the consolidated amended complaint for failure to state a claim and on other grounds. The Plaintiffs opposed these motions. The defendants filed reply memoranda in support of the motions. The motions were argued on November 3, 1997.

38

On December 19, 1997, the court entered orders deciding the motions in the Consolidated Cases. The substance of those orders is as follows:

1. The motion to dismiss was granted as to the "wire fraud" allegation in the RICO claim; the balance of the motion to dismiss the RICO claims was denied.
2. The motion to strike some parts of the consolidated amended complaint was granted in part.
3. The remaining motions (to dismiss and to stay or abstain) were denied.
4. The plaintiffs were permitted to delete Mr. Ahearn, and add Ms. McElmore as a class representative.

The plaintiffs in the Consolidated Cases filed a second consolidated amended complaint on January 9, 1998. The Second Consolidated Amended Complaint contains claims which are nearly identical to those in the previously dismissed complaints. The defendants answered, denying the substantive allegations of the Second Consolidated Amended Complaint. On March 18, 1998, the plaintiffs filed a motion for class certification. On March 19, 1998, the Magistrate Judge granted defendants' motion seeking to bifurcate discovery into "class" and "merits" phases, and to stay "merits" discovery pending a decision on plaintiffs' motion for class certification. On August 7, 1998, the defendants filed their opposition to the motion for class certification. The plaintiffs' reply memorandum was filed on August 25, 1998, and the matter was submitted to the judge for decision. On January 26, 2001, the plaintiffs filed a supplement to their motion for class certification. The defendants have filed a supplement to their memorandum in opposition to class certification and the plaintiffs filed their reply. The hearing on the motion for class certification was held on November 15, 2001. A status conference was held on March 27, 2002. At the status conference, Judge Ezra advised the parties of the following:

- He was recusing himself from the case and sending it to the Chief Judge for reassignment.

- He would not decide the motion for class certification, but would provide his research, etc. to the newly assigned judge.
- He would lift the stay of merits discovery as to the named plaintiffs and the particular claims made by them.

On April 9, 2002, the actions were re-assigned to Judge Roger Hunt. The new case number is CV-S-94-1126-RLH(RJJ). By order entered June 26, 2002, the District Court denied the plaintiffs' motion for class certification and on July 11, 2002, the plaintiffs filed a motion with the Court of Appeals for the Ninth Circuit seeking permission to appeal the order denying class certification. By order dated August 15, 2002, the Ninth Circuit granted permission for the plaintiffs to appeal the order denying class certification. The matter was referred to the Ninth Circuit's mediation and settlement program.

On December 10, 2002, the plaintiffs made a settlement offer. That offer, which would have entailed the payment (in various forms) of hundreds of millions of dollars by the defendants, was rejected by letter dated January 3, 2003. No counter offer was made. Briefings were completed and filed with the court. The appeal was argued to the Court of Appeals for the Ninth Circuit on January 15, 2004, in San Francisco, California. On August 10, 2004, the Ninth Circuit affirmed the district court's denial of the plaintiffs' motion for class certification, and the case was remanded to the district court. All defendants filed motions for summary judgment, and those motions were granted on September 15, 2005. All of the plaintiffs' claims against the Company were dismissed. The plaintiffs have appealed to the Court of Appeals for the Ninth Circuit from the order dismissing

their case, and have also appealed several previously issued discovery orders. Some defendants (including the Company) filed a motion seeking an award of attorneys' fees against the plaintiffs and their counsel. On February 13, 2006, the District Court of Nevada denied the defendants' motion seeking the attorneys' fees. With the denial of the motion for attorneys' fees, the Ninth Circuit established a briefing schedule on the plaintiffs' appeal of the judgment in the underlying case. No argument date has been set. We believe that plaintiffs' allegations are without merit, and we intend to defend the actions vigorously.

On March 30, 2004, the Company and its affiliate Adamar of New Jersey, Inc. were named as defendants to an action in the United States District Court, District of New Jersey. The action arises out of the October 30, 2003 collapse of a portion of a parking garage under construction at the Tropicana Casino and Resort in Atlantic City, New Jersey. The action was brought by Zurich American Insurance Company, which issued a policy of "Completed Value Builders Risk" insurance covering the construction of the garage and related improvements at the Tropicana. The action seeks declaratory relief with respect to certain items of loss for which claims have been made or may be made by the Company or the general contractor on the project, Keating Building Corporation. Specifically, the action seeks a judicial declaration of the meaning and application of the insurance policy to certain property damage and delay losses. Zurich has advanced or paid in excess of \$40 million under its policy on account of claimed losses associated with the collapse and has not contested the validity of its policy or that the collapse was generally an insured event under the policy, but does contest its obligations to pay all or portions of the categories of loss identified in its complaint as well as its obligation to pay a portion of the Company's "delay" claim. The Company disagrees with Zurich's positions as set forth in its complaint and intends to contest the action vigorously. The Company and Keating Building Corporation have formalized their agreement to refrain from asserting any claims that each may have against the other and which agreement further provides for the Company to fund the bulk of the costs of the demolition and

reconstruction of the improvements damaged by the collapse subject to the contemplated subsequent recovery of much, if not all, of such costs of the demolition and reconstruction from various insurers and other parties, with the Company and Keating Building Corporation having agreed to the sharing of certain insurance recoveries in this matter. During 2005, Zurich filed an amended complaint that asserts additional claims in which Zurich contests its obligation to pay all or portions of the Company's "delay," "physical damage," and "extended general conditions" claims. The Company disagrees with Zurich's positions and intends to contest the action vigorously. Discovery has begun.

On April 21, 2004, the Company filed an action in the Superior Court of the State of Arizona, Maricopa County, against Lexington Insurance Company; U.S. Fire Insurance Company; Westchester Surplus Lines Insurance Company; Essex Insurance Company; Certain Underwriters at Lloyd's, London; Hartford Fire Insurance Company and Zurich American Insurance Company. The action also arises out of the garage collapse. The Company filed the action seeking declaratory relief and damages for breach of contract under policies of insurance issued by the defendant insurers in connection with losses claimed by the Company on account of the collapse, including losses for business interruption at the Atlantic City Tropicana due to the collapse and the resulting impairment of the Company's hotel, restaurant, casino and related operations there, which the defendant insurers have refused to pay in full. The Company seeks a declaration establishing its right to coverage for its business interruption losses and extra expenses incurred on account of the loss, payment of such losses and expenses, including its "loss adjustment" expenses up to \$1 million, its attorneys' fees in connection with the action, and other relief that may be available. The defendant insurers moved to dismiss the action on the ground

that New Jersey is a more convenient forum. However, on October 8, 2004, the Superior Court of the State of Arizona denied the insurers' motion and ruled that the case will stay in Arizona. During 2005, Lexington Insurance Company paid its applicable policy limits and has been dismissed from the action. The Company subsequently added AXIS (Bermuda) Limited as an additional defendant. Discovery has begun.

Shortly after paying its limits of liability to the Company, Lexington Insurance Company filed a subrogation action in the Superior Court of New Jersey, Atlantic County, against Fabi Construction, Inc., Pro Management Group, Inc., and Mitchell Bar Placement, Inc. On June 15, 2005, those subrogation defendants filed a third party complaint against the Company and others, alleging claims against the Company for breach of implied covenant of good faith and fair dealing and comparative fault and seeking contribution or indemnity from the Company for any sums that those entities are held liable to pay to Lexington Insurance Company. The Company has moved to dismiss the third party complaint against it; the Court has not yet ruled on the motion. The Company disagrees with the allegations in this third party complaint and intends to contest the third party complaint vigorously if it is not dismissed. Discovery has not yet begun.

On December 29, 2003, the Company and Adamar of New Jersey, Inc. d.b.a. Tropicana Casino and Resort in Atlantic City were named as defendants to an action brought by Govathlay Givens in the Superior Court of New Jersey in Atlantic County. This action also arose out of the October 30, 2003 garage collapse.

Between June 15, 2004 and January 18, 2006, six lawsuits were filed for damages incurred by family members as a result of the deaths of four construction workers. In addition, thirty-five additional personal injury complaints were filed by other plaintiffs for unspecified amounts of

Edgar Filing: AZTAR CORP - Form 10-K

compensatory and punitive damages including four that were filed in October 2005. In December 2005, the Court concluded that settlement agreements that were entered into between ten of the plaintiffs and Liberty Mutual Insurance Company were fair and reasonable. Other companies involved with the construction of the garage were also named as defendants. They included Keating Building Corporation; Wimberly, Allison, Tong & Goo; SOSH Architects; DeSimone Consulting Engineers; Mid-State Filigree Systems; Site-Blauvelt Engineers; Fabi Construction, Inc.; Pro Management Group, Inc.; Liberty Mutual Insurance Co.; and Mitchell Bar Placement, Inc. The Company disputes the allegations against it and its affiliate and is contesting the liability aspect of them vigorously. The court is handling these cases in a coordinated fashion as the Tropicana Parking Garage Collapse Litigation and has issued a Case Management Order governing various matters concerning complaints, answers and cross-claims, as well as discovery and mediation. Discovery is ongoing and depositions are continuing in the remaining lawsuits.

On July 14, 2004, the Company and its affiliate Adamar of New Jersey, Inc. were named as defendants in an action in the Superior Court of New Jersey in Atlantic County. The action arises out of an incident that took place on October 24, 2002, at the site of the construction of the new garage at the Tropicana Casino and Resort in Atlantic City, New Jersey. The plaintiffs are Antonio DeShazo and Johnnie J. Caldwell. The plaintiffs seek compensatory and punitive damages of unspecified amounts in connection with personal injuries. Also named as defendants are Keating Building Corporation; Fabi Construction, Inc.; Pro Management Group, Inc.; Liberty Mutual Insurance Co.; ABC Insurance Companies; Jack Doe and Jill Doe; DEF Engineering Firms, Inc.; Jason Doe and Josephine Doe; Mitchell Bar Placement, Inc.; GHI Architects, Inc.; Jackson Doe and Jenna Doe; and Mid-State Filigree Systems, Inc. Plaintiff Caldwell was injured a second time in the October 30, 2003 collapse. The Company will address Mr. Caldwell's October 24, 2002 injuries at the same time it addresses the injuries he sustained at the time of the October 30,

2003 collapse. Mr. DeShazo's case will proceed in the normal course. The Company is contesting the liability aspect of this action vigorously and has contractual recourse against the general contractor. Discovery is in its initial stages.

On July 29, 2004, the Company and its affiliate Adamar of New Jersey, Inc. were named as defendants to an action in the Superior Court of New Jersey in Atlantic County. This action also arises out of the October 30, 2003 garage collapse. The plaintiffs, Another Time, Inc. t/a Chelsea Pub & Hotel and John Conway, claim to have sustained property damage and loss of business. The action seeks compensatory and punitive damages in unspecified amounts. Also named as defendants are Keating Building Corporation; Fabi Construction, Inc.; Pro Management Group, Inc.; Liberty Mutual Insurance Company; ABC Insurance Companies; Jack Doe and Jill Doe; DiSimone Consulting Engineers; Def, Inc.; Jason Doe and Josephine Doe; Site-Blauvelt Engineers; Mitchell Bar Placement, Inc.; Wimberly Allison, Tong & Goo; GHI, Inc.; Jackson Doe and Jenna Doe; and Sykes, O'Connor, Salerno & Hazaveh. The Company disagrees with the allegations against it and its affiliated entity and is contesting the action vigorously.

In a lawsuit filed on February 13, 2003 in the Superior Court of Maricopa County, Arizona, the Company was named as a defendant to an action brought by the plaintiff, Aaron Dolgin. The plaintiff's claims were based upon alleged violation of the Arizona Consumer Fraud Act; fraudulent advertising; breach of contract; breach of the implied-in-law covenant of good faith and fair dealing; and unjust enrichment. The complaint arose from a \$1 per day telephone surcharge assessed to certain guests at check-in at the Tropicana Resort and Casino in Las Vegas, Nevada and the Tropicana Casino and Resort in Atlantic City, New Jersey (the "Tropicana Hotels"). The Tropicana Hotels are owned and operated by subsidiaries of the Company. The cause of action alleging fraudulent advertising has been dismissed with prejudice. To the extent the complaint alleged causes of action based upon the assessment of a telephone

surcharge by other properties owned and operated by subsidiaries of the Company (exclusive of the Tropicana Hotels), those claims have been dismissed without prejudice.

The plaintiff alleged that he was forced to pay the telephone surcharge or lose his reservation deposit, whether or not he intended to use the telephone in his room. The plaintiff claimed that he was in effect charged \$1 extra per day for his hotel room, thus rendering the advertised room rates misleading and in breach of a contractual obligation to provide him a hotel room for an advertised price that did not include the telephone surcharge. The Tropicana Hotels are the only properties owned and operated by subsidiaries of the Company that have assessed the telephone surcharge. The parties briefed the issue of whether this matter should be certified as a class action. In an Order dated February 28, 2005, the Court denied the plaintiff's motion to certify this matter as a class action. As a result, only the plaintiff's individual claims based on the single \$1 telephone surcharge he paid to the Tropicana Resort and Casino in Las Vegas, Nevada remained pending. The plaintiff did not actively litigate this matter after the denial of the motion for class certification except to respond to the attorneys' fee application, referenced below. The Court subsequently placed the case on the Inactive Calendar for dismissal on June 20, 2005 unless the plaintiff filed a motion to set the matter for trial before that date. The plaintiff failed to file a motion to set the matter for trial before that date. On July 15, 2005, the Court entered a Judgment of Dismissal Without Prejudice as to all of the plaintiff's remaining claims for lack of prosecution. On August 12, 2005, the Company filed an application with the Court seeking a discretionary award from the plaintiff and his counsel of the attorneys' fees and costs incurred by the Company. The Court heard oral arguments on that application on December 6, 2005. The Court granted the company's attorneys' fee application, in part. On December 28, 2005, the Court entered Judgment in favor of the Company and against the plaintiff in the amount of \$222,470 consisting of \$214,409 for attorneys' fees and \$8,061 for costs. On

February 2, 2006, the plaintiff filed a Notice of Appeal of the Judgment. The Company intends to vigorously defend the appeal.

We are a party to various claims, legal actions and complaints arising in the ordinary course of business or asserted by way of defense or counterclaim in actions filed by us. Management believes that its defenses are substantial in each of these matters and that our legal posture can be successfully defended or satisfactorily settled without material adverse effect on our consolidated financial position, results of operations or cash flows.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None.

EXECUTIVE OFFICERS OF THE REGISTRANT

The registrant has elected not to include information concerning its executive officers in its 2006 Proxy Statement, as allowed by the Proxy Statement instructions. The registrant relies on General Instruction G(3) of this report on Form 10-K in presenting the following information on its executive officers.

<u>Name</u>	<u>Office</u>	<u>Age</u>	<u>Tenure</u> With <u>Company</u>	<u>Present</u> <u>Position</u>
-------------	---------------	------------	---	-----------------------------------

Edgar Filing: AZTAR CORP - Form 10-K

Robert M. Haddock	Chairman of the Board, President and Chief Executive Officer	61	25 years	1 year
Neil A. Ciarfalia	Chief Financial Officer, Vice President and Treasurer	58	11 years	1 year
Nelson W. Armstrong, Jr.	Vice President, Administration, and Secretary	64	33 years	16 years
Joe C. Cole	Vice President, Corporate Communications	67	18 years	18 years
Meridith P. Sipek	Vice President and Controller	59	28 years	2 years

Robert M. Haddock. Mr. Haddock joined Ramada Inc. in 1980 and held various positions before becoming executive vice president and chief financial officer in March 1987, serving in that capacity until 1989, when he assumed the same position with Aztar. Mr. Haddock was appointed president of Aztar in May 2002 and continued his position as chief financial officer. In December 2004, the Board of Directors of Aztar selected Mr. Haddock as chief executive officer and chairman of the board effective March 1, 2005.

On February 17, 2005, the Board of Directors approved Mr. Haddock to continue on as president of the Company. Therefore, Mr. Haddock's position, effective March 1, 2005 became chairman of the board, president and chief executive officer.

Neil A. Ciarfalia. Mr. Ciarfalia joined Aztar in 1995 as treasurer. Prior to joining Aztar, Mr. Ciarfalia spent 11 years with the commercial aircraft division of Saab-Scania AB. During that time, he served Saab as president of the various divisional finance companies which arranged or provided financing for the acquisition of Saab aircraft and related products. Mr. Ciarfalia was appointed vice president of Aztar in May 2004 and continued his position as treasurer. On February 17, 2005, the Board of Directors appointed Mr. Ciarfalia to the position of chief financial officer in addition to vice president and treasurer, effective March 1, 2005.

Nelson W. Armstrong, Jr. Mr. Armstrong joined Ramada Inc. in 1973 as an accounting supervisor and held various positions on the corporate accounting staff, serving as vice president and controller, of Ramada Inc. In 1989, Mr. Armstrong became vice president and controller of Aztar until he was appointed vice president, administration, and secretary of Aztar in March 1990.

Joe C. Cole. Mr. Cole joined Ramada Inc. in March 1988 as vice president, corporate communications, after having been affiliated with Phoenix Newspapers Inc. for 26 years as a reporter, columnist and editor. He became vice president, corporate communications of Aztar in 1989.

Meridith P. Sipek. Mr. Sipek joined Ramada Inc.'s corporate accounting staff in 1977 as a manager and held various positions in corporate and hotel accounting, serving as hotel group controller, before being named assistant corporate controller. Mr. Sipek became Aztar's assistant corporate controller in 1989 and he was appointed controller in March 1990.

Mr. Sipek was appointed vice president of Aztar in May 2004 and continued his position as controller.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

(a) Holders

Aztar had 4,771 shareholders of record as of January 31, 2006.

(c) Purchases of Equity Securities

The following table provides information on a monthly basis for the fourth quarter ended December 31, 2005 with respect to the Company's purchases of equity securities.

Period	(a) Total Number of Shares Purchased	(b) Average Price Paid per Share	(c) Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	(d) Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs
Month #1 September 30, 2005 to October 27, 2005	--	--	--	794,224*
Month #2 October 28, 2005 to December 1, 2005	--	--	--	794,224*
Month #3 December 2, 2005 to December 31, 2005	--	--	--	794,224*

* In December 2002, the Board of Directors authorized the Company to make discretionary repurchases of up to 4,000,000 shares of its common stock. There is no expiration date under this authority. There were 2,922,576 and 283,200 shares repurchased under this program in 2003 and 2002, respectively.

The additional information required by this Item 5 is included in this report on pages F-20, F-37, F-41 and F-64.

ITEM 6. SELECTED FINANCIAL DATA

The information required by Item 6 is included in this report on pages F-64 through F-67.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The information required by Item 7 is included in this report on pages F-39 through F-63.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The information required by Item 7A is included in this report on pages F-57 and F-58 under the caption "Market Risk".

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

Reference is made to the Index to Financial Statements and Schedules on page F-1.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

We carried out an evaluation as of December 31, 2005, under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our chief executive officer and chief financial officer concluded that the Company's disclosure controls and procedures were effective to provide reasonable assurance that the desired control objectives were achieved.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There have not been any changes in our internal control over financial reporting during the quarter ended December 31, 2005, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

MANAGEMENT'S ANNUAL REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our internal control over financial reporting is a process designed by members of our management under the supervision of our chief executive officer and chief financial officer to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of our financial statements for external purposes in accordance with generally accepted accounting principles. Our internal

control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of our financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of our management, including our chief executive officer and our chief financial officer as well as directors of the Company and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on our financial statements.

We performed an evaluation as of December 31, 2005, under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, of the effectiveness of the Company's internal control over financial reporting. We recognize, as members of the Company's management, that we are responsible for establishing and maintaining adequate internal control over financial reporting and for assessing, on an annual basis, the effectiveness of the Company's internal control over financial reporting. Our assessment was performed in accordance with the criteria established in the Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on the results of our assessment, management concluded that the Company's internal control over financial reporting was effective as of December 31, 2005 based on those criteria. Our assessment as of December 31, 2005 of the effectiveness of the Company's internal control over financial reporting has been audited by our independent registered public accounting firm who has also audited the financial statements included in this annual report as stated in their report which appears herein.

ITEM 9B. OTHER INFORMATION

None.

PART III

ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT

The registrant has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The registrant's code of ethics is posted on the registrant's internet website at www.aztar.com. In order to access this portion of our website, click on the "Investor Information" caption, then on the "Corporate Governance" caption. In addition, the registrant intends to post on its internet website any amendments to, or waivers from, a provision of its code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The registrant will provide to any person without charge, upon request, a copy of the registrant's code of ethics by contacting the registrant's Corporate Communications Department at 602-381-4100 or by writing to the registrant at Aztar Corporation, Corporate Communications, 2390 E. Camelback Road, Suite 400, Phoenix, Arizona 85016-3452.

The additional information required by Item 10 is incorporated by reference to the registrant's definitive Proxy Statement to be filed with the Securities and Exchange Commission. A cross-referenced index is located on the facing page of this report.

Information concerning the registrant's executive officers is presented above under a separate caption in Part I of this report.

ITEM 11. EXECUTIVE COMPENSATION

The information required by Item 11 is incorporated by reference to the registrant's definitive Proxy Statement to be filed with the Securities and Exchange Commission. A cross-referenced index is located on the facing page of this report.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table provides information at December 31, 2005 with respect to compensation plans under which equity securities of the registrant are authorized for issuance.

	(a)	(b)	(c)
Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders	3,749,662	\$17.72	3,043,494
Equity compensation plans not approved by security holders			
Total	3,749,662	\$17.72	3,043,494

The additional information required by Item 12 is incorporated by reference to the registrant's definitive Proxy Statement to be filed with the Securities and Exchange Commission. A cross-referenced index is located on the facing page of this report.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

None.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

The information required by Item 14 is incorporated by reference to the registrant's definitive Proxy Statement to be filed with the Securities and Exchange Commission. A cross-referenced index is located on the facing page of this report.

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

(a) 1. Financial Statements:

See the Index to Financial Statements and Schedules on page F-1.

2. Financial Statement Schedules:

See the Index to Financial Statements and Schedules on page F-1.

3. Exhibits:

See the exhibit index on page E-1 for a listing of exhibits filed with this report and those incorporated by reference.

All other exhibits have been omitted because the information is not required or is not applicable.

For the purposes of complying with the amendments to the rules governing Form S-8 (effective July 13, 1990) under the Securities Act of 1933, the undersigned registrant hereby undertakes as follows, which undertaking shall be incorporated by reference into registrant's Registration Statements on Form S-8 No. 33-32399, No. 33-44794, No. 333-79297, No. 333-64952 and No. 333-121447 (filed January 5, 1990, December 24, 1991, May 26, 1999, July 12, 2001 and December 20, 2004, respectively):

Insofar as indemnification for liability arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of
Aztar Corporation:

We have completed the integrated audits of Aztar Corporation's 2005 and 2004 consolidated financial statements and of its internal control over financial reporting as of December 31, 2005, and an audit of its 2003 consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Our opinions, based on our audits, are presented below.

Consolidated financial statements

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of operations, cash flows and shareholders' equity present fairly, in all material respects, the financial position of Aztar Corporation and its subsidiaries (the "Company") at December 31, 2005 and December 30, 2004, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Internal control over financial reporting

Also, in our opinion, management's assessment, included in Management's Annual Report on Internal Control Over Financial Reporting appearing under Item 9A, that the Company maintained effective internal control over financial reporting as of December 31, 2005 based on criteria established in Internal Control - Integrated Framework issued by

the Committee of Sponsoring Organizations of the Treadway Commission (COSO), is fairly stated, in all material respects, based on those criteria. Furthermore, in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2005, based on criteria established in Internal Control - Integrated Framework issued by the COSO. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express opinions on management's assessment and on the effectiveness of the Company's internal control over financial reporting based on our audit. We conducted our audit of internal control over financial reporting in accordance with

F-2

the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. An audit of internal control over financial reporting includes obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

Basis of Consolidated Statements

Aztar Corporation ("Aztar" or "Company") was incorporated in Delaware in June 1989 to operate the gaming business of Ramada Inc. ("Ramada") after the restructuring of Ramada ("Restructuring"). The Restructuring involved the disposition of Ramada's hotel and restaurant businesses with Ramada's shareholders retaining their interest in the gaming business. As part of the Restructuring, the gaming business and certain other assets and liabilities of Ramada were transferred to Aztar, and a wholly-owned subsidiary of New World Hotels (U.S.A.), Inc. was merged with Ramada ("Merger"). In the Merger, each share of Ramada common stock was converted into the right to receive \$1.00 and one share of Aztar common stock.

The Company operates casino hotels in Atlantic City, New Jersey and Las Vegas, Nevada, under the Tropicana name and in Laughlin, Nevada, as Ramada Express. The Company operates casino riverboats in Caruthersville, Missouri and Evansville, Indiana under the Casino Aztar name. A substantial portion of the Company's consolidated revenues and assets is concentrated at the Atlantic City Tropicana.

The consolidated financial statements include the accounts of Aztar and all of its controlled subsidiaries and partnerships. All subsidiary companies are wholly owned. In consolidating, all material intercompany transactions are eliminated.

On December 7, 2005, the Board of Directors of the Company adopted a resolution changing the Company's 52/53 week fiscal year (ending on the Thursday nearest December 31) to a calendar year. The change is effective for the reporting period ended December 31, 2005. The period ended December 31, 2005 reflects the Company's results of operations for a 366-day period beginning December 31, 2004 and covers the two-day transition period of December 30 and 31, 2005. Under the prior 52/53 week fiscal year, the fiscal years 2004 and 2003 included 52 weeks.

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

Highly liquid investments purchased with an original maturity of three months or less are classified as cash equivalents. These instruments are stated at cost, which approximates fair value because of their short maturity.

Short-term Investments

Short-term investments purchased with an original maturity of over three months but less than one year are stated at cost, which approximates fair value because of their short maturity. There were no short-term investments at December 31, 2005 or December 30, 2004.

Inventories

Inventories, which consist primarily of food, beverage and operating supplies, are stated at the lower of cost or market value. Costs are determined using the first-in, first-out and the average cost methods.

F-10

Advertising Costs

Costs for advertising are expensed as incurred, except costs for direct-response advertising, which are capitalized and amortized over the period of the related program, which varies from one month to six months. Direct-response advertising costs consist primarily of mailing costs associated with direct-mail programs. Capitalized advertising costs, included in prepaid expenses, were immaterial at December 31, 2005 and December 30, 2004. Advertising costs that were expensed during the year were \$18,131,000 in 2005, \$18,688,000 in 2004 and \$15,433,000 in 2003.

Other Investments

The Casino Reinvestment Development Authority ("CRDA") deposits are carried at cost less a valuation allowance because they have to be used to purchase CRDA bonds that carry below market interest rates unless an alternative investment is approved. The valuation allowance is established by a charge to the Statement of Operations at the time the obligation is incurred to make the deposit unless there is an agreement with the CRDA for a return of the deposit at full face value. If the CRDA deposits are used to purchase CRDA bonds, the valuation allowance is transferred to the bonds as a discount, which is amortized to interest income using the interest method. If the CRDA deposits are used to make other investments, the valuation allowance is transferred to those investments and remains a valuation allowance.

The CRDA bonds are classified as held-to-maturity securities and are carried at amortized cost less a valuation allowance.

Property and Equipment

Property and equipment are stated at cost. During construction, the Company capitalizes interest and other direct and indirect costs, which are primarily property taxes, insurance costs, outside legal costs and the compensation costs of project personnel devoted exclusively to managing the project. Interest is capitalized monthly by applying the effective interest rate on certain borrowings to the average balance of expenditures. The interest that was capitalized during the year was \$127,000 in 2005, \$12,886,000 in 2004 and \$8,322,000 in 2003.

Depreciation and amortization are computed by the straight-line method based upon the following useful lives: buildings and improvements, 3-40 years; riverboats, barge, docking facilities and improvements, 3-35 years; furniture and equipment, 3- 15 years; and leasehold improvements, shorter of lease term or asset useful life. Accumulated depreciation and amortization on buildings, riverboats and equipment was \$631,326,000 at December 31, 2005 and \$575,986,000 at December 30, 2004.

Improvements, renewals and extraordinary repairs that extend the life of the asset are capitalized; other repairs and maintenance are expensed. The cost and accumulated depreciation applicable to assets retired are removed from the accounts and the gain or loss, if any, on disposition is recognized in income as realized.

Intangible Assets

Costs incurred to obtain initial gaming licenses to operate a casino are capitalized as incurred. These costs are not being amortized as the Company has

determined that the useful life of the initial gaming licenses is indefinite. Subsequent costs incurred to renew gaming licenses are capitalized and amortized evenly over the renewal period. Licensing costs consist primarily of payments or obligations to civic and community organizations, legal and consulting fees, application and selection fees with

associated investigative costs and direct internal salaries and related costs of development personnel.

The Company acquired a 50% interest in the Tropicana trademark, an intangible asset with an indefinite life, at an allocated cost of \$22,172,000 based upon fair value.

Other Assets

Debt issuance costs are capitalized as incurred and amortized using the interest method.

Development costs associated with pursuing opportunities in gaming jurisdictions, as well as in jurisdictions in which gaming has not been approved, are expensed as incurred until a particular opportunity is determined to be viable, generally when the Company has been selected as the operator of a new gaming facility, has applied for a gaming license or has obtained rights to a specific site. Development costs incurred subsequent to these criteria being met are capitalized. Development costs associated with the Company's existing properties are expensed as incurred until a particular project is deemed viable and selected for further evaluation, after which they are capitalized. Development costs consist primarily of licensing costs, site acquisition costs, concept and design fees and architectural fees. In jurisdictions in which gaming has not been approved, only site acquisition costs are capitalized. In the event a project is later determined not to be viable or the Company is not licensed to operate a facility at a site, the capitalized costs related to this project or site would be expensed. At December 31, 2005 and December 30, 2004, the Company had capitalized development costs of \$25,008,000 and \$18,350,000, respectively. It is reasonably possible that management's estimate of viability with regard to a development project may change in the near term.

Leasing costs are capitalized as incurred and amortized evenly, as a reduction to rental income, over the related lease terms. Leasing costs consist primarily of tenant allowances, which are incentives provided to tenants whereby the Company agrees to pay certain amounts toward tenant leasehold improvements or other tenant development costs. Leasing costs also include lease acquisition costs, which consist primarily of leasing agent fees and legal fees incurred by the Company.

Valuation of Long-Lived Assets

Long-lived assets and certain identifiable intangibles held and used by the Company are reviewed for impairment whenever events or changes in circumstances warrant such a review. The carrying value of a long-lived or amortizable intangible asset is considered impaired when the anticipated undiscounted cash flow from such asset is separately identifiable and is less than its carrying value. In that event, a loss is recognized based on the amount by which the carrying value exceeds the fair value of the asset. Losses on long-lived assets to be disposed of are determined in a similar manner, except that fair values are reduced for the cost of disposition. An annual impairment review based on fair value is required for all intangible assets with indefinite lives. The Company performed an impairment test of its intangible assets with indefinite lives during the year 2005 and concluded that there was no impairment.

The fair-value-based method of accounting is used for equity instruments issued to nonemployees for goods or services. The intrinsic-value-based method of accounting is used for stock-based employee compensation plans. The Company has elected to follow Accounting Principles Board Opinion No. 25 entitled "Accounting for Stock Issued to Employees" and related Interpretations in accounting for its stock-based employee compensation arrangements.

Under APB 25, because the exercise price of the Company's stock options equals the market price of the underlying stock on the date of grant, no compensation expense is recognized. The Company's stock-based employee compensation plans are more fully discussed in Note 11. Stock Options.

Pro forma information regarding net income and earnings per share is required by Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 entitled "Accounting for Stock-Based Compensation", and has been determined as if the Company had accounted for its stock option plans under the fair-value-based method of that Statement. The fair value for these options was estimated at the date of grant or modification using a Black-Scholes option pricing model with the following weighted-average assumptions: risk-free interest rate of 3.8% in 2005, 4.2% in 2004 and 2.6% in 2003, no dividend in 2005, 2004 or 2003, volatility factor of the expected market price of the Company's common stock of .36 in 2005, .47 in 2004 and .50 in 2003, and an expected life of the option of 5.0 years in 2005 and 2004 and 5.2 years in 2003.

During the 2002 fiscal year, the Company began including a "retirement eligible" clause in its stock option grants, whereby stock options granted to employees who have reached the age of sixty and who have provided ten years of service, automatically vest on the employee's retirement date. For purposes of the SFAS 123 pro forma disclosures, the Company has historically amortized the fair value of the options to expense over the options' vesting period, a methodology referred to as the nominal vesting approach. Under the nominal vesting approach, if a retirement eligible employee elects retirement before the end of the options' vesting period, the Company recognizes an expense on the retirement date for the remaining unamortized compensation cost.

At the beginning of the 2006 calendar year, the Company will adopt the non-substantive vesting approach for new options granted after December 31, 2005. Under the non-substantive approach, the fair value of the options granted to retirement eligible employees is expensed immediately at the date of grant. For those employees who become retirement eligible during the vesting period, the expense is amortized over the period from the grant date to the date of retirement eligibility. The Company will continue to use the nominal vesting approach after the beginning of the 2006 calendar year for all options granted prior to the beginning of the 2006 calendar year. The computations of pro forma net income under SFAS 123 using both the nominal vesting approach and the non-substantive vesting approach are presented below.

Edgar Filing: AZTAR CORP - Form 10-K

The pro forma information using the nominal vesting approach is as follows (in thousands, except per share data):

	<u>2005</u>	<u>2004</u>	<u>2003</u>
Net income, as reported	\$ 55,960	\$ 28,475	\$ 60,930
Add: Stock-based employee compensation expense included in reported net income, net of income tax benefit	300	--	--
Deduct: Total stock-based employee compensation expense determined under the fair-value-based method of accounting, net of income tax benefit	<u>(4,122)</u>	<u>(3,977)</u>	<u>(3,197)</u>
Pro forma net income	\$ 52,138	\$ 24,498	\$ 57,733
	=====	=====	=====
Net income per common share:

Pro forma	\$ 1.39	\$.63	\$ 1.55

F-14

Revenue Recognition

Casino revenue consists of gaming win net of losses. Other revenue consists of revenue from many various sources such as entertainment, retail outlets including gift shops, telephone, commissions and surcharges, hotel services and rental income. These revenues are recognized as earned. The Company makes cash promotional offers to certain of its customers, including cash rebates as part of loyalty programs generally based on an individual's level of gaming play. These costs are classified as a reduction in casino revenue. Revenues exclude the retail value of complimentary food and beverage, accommodations and other goods and services provided to customers. The estimated costs of providing such complimentary services have been classified as casino expenses through interdepartmental allocations as follows (in thousands):

	<u>2005</u>	<u>2004</u>	<u>2003</u>
Rooms	\$ 20,511	\$ 18,451	\$ 18,000
Food and beverage	55,274	48,434	48,417
Other	<u>1,849</u>	<u>2,702</u>	<u>3,280</u>
	\$ 77,634	\$ 69,587	\$ 69,697
	=====	=====	=====

Income Taxes

Deferred tax assets and liabilities are recognized for the expected future tax consequences of events that have been included in the financial statements or income tax returns. Deferred tax assets and liabilities are determined based on the difference between the financial statement and tax bases of assets and liabilities using enacted rates expected to apply to taxable income in the years in which those differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

Earnings per Share

Earnings per common share excludes dilution and is computed by dividing income applicable to common

shareholders by the weighted-average number of common shares outstanding. Earnings per common share, assuming dilution, is computed based on the weighted-average number of common shares outstanding after consideration of the dilutive effect of stock options and the assumed conversion of the preferred stock at the stated rate.

Recent Accounting Pronouncements

In December 2004, the Financial Accounting Standards Board issued Statement No. 123 (revised 2004), "Share-Based Payment." SFAS 123(R) establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. It focuses primarily on accounting for transactions in which an entity obtains employee services in share-based payment transactions. SFAS 123(R) requires a public entity to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award and the estimated number of awards that are expected to vest. That cost will be recognized over the period during which an employee is required to provide service in exchange for the award, which is usually the vesting period. SFAS 123(R) supersedes APB 25, which the Company has elected to follow. As a result of an amendment by the Securities and Exchange Commission in April 2005, SFAS 123(R) is effective for the Company at the beginning of the 2006 calendar year. SFAS 123(R) applies to all awards granted after the required effective date and to awards modified, repurchased, or cancelled after that date. Compensation cost is recognized on or after the required effective date for the portion of outstanding awards for which the requisite service has not yet been rendered, based on the

F-15

grant-date fair value of those awards calculated under SFAS 123 that the Company has followed for disclosure purposes. For periods before the required effective date, the Company may elect to adjust financial statements of prior periods on a basis consistent with the pro forma disclosures required for those periods by SFAS 123. The Company has not decided whether or not to restate prior periods. Based on stock options granted through December 31, 2005, the Company estimates that, net of the related income tax benefits, it will record an additional cost of approximately \$2,500,000 for calendar year 2006.

Reclassifications

Certain reclassifications have been made in the 2004 and 2003 Consolidated Statements of Cash Flows in order to be comparable with the 2005 presentation.

Revision in Classification

The Company makes cash promotional offers to certain of its customers, including cash rebates as part of loyalty programs generally based on an individual's level of gaming play. During 2005, the Company concluded that it was appropriate to classify these costs as a reduction in casino revenue. Previously, these costs were classified primarily as a casino expense. Accordingly, the Company has revised the classification of these costs as a reduction in casino revenue for the year ended December 31, 2005 in its Consolidated Statement of Operations. The Company has also made corresponding adjustments to its Consolidated Statements of Operations for the years ended December 30, 2004 and January 1, 2004 to classify \$26,234,000 and \$24,122,000, respectively, of these costs previously classified as an expense as a reduction in casino revenue. This revision in classification had no effect on operating income or net income in the Consolidated Statements of Operations for any period.

NOTE 2. CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalents, investments and trade accounts receivable. The Company places its cash and temporary cash investments with high-credit-quality financial institutions. At times, such investments may be in excess of the FDIC and SIPC insurance limits.

The Atlantic City Tropicana has a concentration of credit risk in the northeast region of the U.S. The accounts receivable at the Nevada operations are concentrated in California and the southwest region of the U.S. As a general policy, the Company does not require collateral for these receivables. At December 31, 2005 and December 30, 2004, the net accounts receivable at Tropicana Atlantic City were \$21,344,000 and \$12,875,000, respectively, and the net accounts receivable at Tropicana Las Vegas and Ramada Express combined were \$4,250,000 and \$4,129,000, respectively.

Trade receivables are initially recorded at cost. Accounts are written off when the Company deems the account to be uncollectible. An allowance for doubtful accounts is maintained at a level considered adequate to provide for possible future losses. The allowance is estimated based on specific review of customer accounts, the age of the receivables, the Company's historical collection experience and current economic conditions. At December 31, 2005 and December 30, 2004, the allowance for doubtful accounts was \$12,601,000 and \$13,138,000, respectively.

F-16

NOTE 3. INVESTMENTS

Investments consist of the following (in thousands):

	December 31, <u>2005</u>	December 30, <u>2004</u>
CRDA deposits, net of a valuation allowance of \$4,148 and \$4,748	\$ 11,872	\$ 13,585
CRDA bonds, net of a valuation allowance of \$1,943 and \$1,720 and an unamortized discount of \$3,481 and \$2,746	6,679	4,924
CRDA other investments, net of a valuation allowance of \$2,073 and \$1,771	<u>6,664</u>	<u>5,093</u>
	\$ 25,215	\$ 23,602
	=====	=====

The Company has a New Jersey investment obligation based upon its New Jersey casino revenue. The Company may satisfy this investment obligation by investing in qualified eligible direct investments, by making qualified

contributions or by depositing funds with the CRDA. Deposits with the CRDA bear interest at money market rates. These deposits, under certain circumstances, may be donated to the CRDA in exchange for credits against future investment obligations. If not used for other purposes, the CRDA deposits are used to invest in bonds issued by the CRDA as they become available that bear interest at two-thirds of market rates. The CRDA bonds have various contractual maturities that range from 9 to 39 years. Actual maturities may differ from contractual maturities because of prepayment rights.

In April 2002, the Company commenced construction on a major expansion project at the Atlantic City Tropicana. The Company has an agreement with the CRDA for approximately \$20,100,000 in funding in connection with this expansion project. As of December 31, 2005, the Company has received approximately \$18,400,000 in funding from the CRDA under this agreement. At December 31, 2005 and December 30, 2004, the Company had approximately \$500,000 and \$400,000, respectively, in available deposits with the CRDA that qualified for this funding and accordingly reclassified these amounts to accounts receivable.

NOTE 4. LAS VEGAS TROPICANA DEVELOPMENT

The Company's master plan for a potential development of its Las Vegas Tropicana site envisions the creation of two separate but essentially equal and inter-connected sites. The north site would be developed by the Company. The south site would be held for future Company development, joint venture development, or sale for development by another party.

For development of a potential project on the north site, a detailed design has substantially been completed. However, the Company has not yet made a decision about whether and when it will proceed with that development. The amount and timing of any future expenditure, and the extent of any impact on existing operations, will depend on the nature and timing of the development we ultimately undertake, if any. If we decide to abandon any facilities in the development process, we would have to conduct a review for impairment with a possible write-down and review their useful lives with a possible adjustment to depreciation and amortization expense. These reviews could result in adjustments that have a material adverse effect on our consolidated results of operations.

F-17

The net book value of the property and equipment used in the operation of the Las Vegas Tropicana, excluding land at a cost of \$109,979,000, was \$54,900,000 at December 31, 2005. The net book value of accounts receivable, inventories and prepaid expenses at the Las Vegas Tropicana was \$6,919,000 at December 31, 2005. It is reasonably possible that the carrying value of some or all of these assets may change in the near term.

NOTE 5: INTANGIBLE ASSETS

Acquired intangible assets consist of the following (in thousands):

<u>December 31, 2005</u>		<u>December 30, 2004</u>	
Gross Carrying	Accumulated	Gross Carrying	Accumulated

Edgar Filing: AZTAR CORP - Form 10-K

	<u>Amount</u>	<u>Amortization</u>	<u>Amount</u>	<u>Amortization</u>
Subject to amortization:				
Gaming license renewal costs	\$ 2,636	\$ 1,560	\$ 2,603	\$ 958
Other	<u>211</u>	<u>89</u>	<u>285</u>	<u>74</u>
	\$ 2,847	\$ 1,649	\$ 2,888	\$ 1,032
	=====	=====	=====	=====
Not subject to amortization:				
Tropicana trademark	\$ 22,172		\$ 22,172	
Initial gaming licenses	<u>10,352</u>		<u>10,352</u>	
	\$ 32,524		\$ 32,524	
	=====		=====	

Amortization of acquired intangible assets was \$617,000 in 2005, \$637,000 in 2004 and \$142,000 in 2003.

Estimated future amortization expense for the acquired intangible assets subject to amortization at December 31, 2005 is as follows for each of the five years subsequent to December 31, 2005 (in thousands):

2006	\$541
2007	471
2008	25
2009	25
2010	22

NOTE 6. LONG-TERM DEBT

Long-term debt consists of the following (in thousands):

	<u>December 31,</u> <u>2005</u>	<u>December 30,</u> <u>2004</u>
9% Senior Subordinated Notes Due 2011; redeemable at a defined premium	\$ 175,000	\$ 175,000
7 7/8% Senior Subordinated Notes due 2014; redeemable at a defined premium	300,000	300,000
Revolver; floating rate, 6.3% at December 31, 2005; matures July 22, 2009	124,500	132,800
Term Loan; floating rate, 5.9% at December 31, 2005; matures July 22, 2009	123,125	124,688
Contract payable; 7.2%; matures 2014	328	--
Obligations under capital leases	<u>16</u>	<u>57</u>
	722,969	732,545
Less current portion	<u>(1,293)</u>	<u>(1,292)</u>
	\$ 721,676	\$ 731,253
	=====	=====

Maturities of long-term debt for the five years subsequent to December 31, 2005 are as follows (in thousands):

2006	\$ 1,293
2007	13,752
2008	32,467
2009	200,251
2010	36

Interest on the 9% Senior Subordinated Notes due August 15, 2011 ("9% Notes") is payable on February 15 and August 15. At any time prior to August 15, 2006, the 9% Notes are redeemable at the option of the Company, in whole or in part, at a price of 100% of the principal amount plus a redemption premium plus accrued and unpaid interest. The redemption premium will be equal to the greater of (1) 1% of the principal amount or (2) the excess of (A) the sum of the present values of (i) 104.5% of the principal amount and (ii) all required interest payments through August 15, 2006, excluding accrued but unpaid interest, computed in each case using a discount rate equal to the Treasury rate at the time of redemption plus 50 basis points over (B) the principal amount. On or after August 15, 2006, the 9% Notes are redeemable at the option of the Company, in whole or in part, at prices from 104.5% of the principal amount plus interest declining to 100% of the principal amount plus interest beginning August 15, 2009.

Interest on the 7 7/8% Senior Subordinated Notes due June 15, 2014 ("7 7/8% Notes") is payable semiannually on June 15 and December 15. At any time prior to June 15, 2009, the 7 7/8% Notes are redeemable at the option of the Company, in whole or in part, at a price of 100% of the principal amount plus a redemption premium plus accrued and unpaid interest. The redemption premium will be equal to the greater of (1) 1% of the principal amount or (2) the excess of (A) the sum of the present values of (i) 103.938% of the principal amount and (ii) all required interest payments through June 15, 2009, excluding accrued but unpaid interest, computed in each case using a discount rate equal to the Treasury rate at the time of redemption plus 50 basis points over (B) the principal amount. On or after June 15, 2009, the 7 7/8% Notes are redeemable at the option of the Company, in whole or in part, at prices from 103.938% of the principal amount plus accrued and unpaid interest declining to 100% of the principal amount plus accrued and unpaid interest beginning June 15, 2012.

At any time on or prior to June 15, 2007, the Company may redeem up to 35% of the aggregate principal amount of the notes issued under the indenture for the 7 7/8% Notes with the net proceeds of one or more equity offerings by the Company at a redemption price of 107.875% of the principal amount plus accrued and unpaid interest, provided that (1) at least 65% of the principal amount of the 7 7/8% Notes issued remains outstanding immediately after such redemption and (2) the redemption occurs within 60 days of the closing of such equity offering.

The 9% Notes and 7 7/8% Notes, ranked pari passu, are general unsecured obligations of the Company and are subordinated in right of payment to all present and future senior indebtedness (as defined) of the Company. Upon change of control of the Company, the holders of the 9% Notes and 7 7/8% Notes would have the right to require repurchase of the respective notes at 101% of the principal amount plus accrued and unpaid interest. Certain covenants in the 9% Notes and 7 7/8% Notes limit the ability of the Company to incur indebtedness, make certain payments or engage in mergers, consolidations or sales of assets.

The Company has a \$675,000,000 senior secured credit facility ("Credit Agreement") consisting of a five-year revolving credit facility (including letter of credit and swingline sublimits) of up to \$550,000,000 ("Revolver") and a five-year term loan facility of \$125,000,000 ("Term Loan"). At December 31, 2005, the outstanding letters of credit under the Credit Agreement were \$55,889,000, leaving \$369,611,000 available under the Revolver for future use, subject to quarterly financial tests as described below.

Under the Credit Agreement, the original Term Loan calls for quarterly principal payments of \$312,500 on a calendar basis through June 29, 2007, then \$3,125,000 through June 30, 2008 and then \$5,000,000 through March 31, 2009, with the balance due at maturity. If the Company does not commence redevelopment of the Las Vegas Tropicana property or enter into an alternative project approved by lenders holding a majority of the commitments, then the Credit Agreement provides that \$125,000,000 of the revolving credit facility will terminate by June 30, 2006; if, however, this termination has not occurred, then under certain circumstances (and no later than December 31, 2006), the Credit Agreement provides that an amount equal to the lesser of \$125,000,000 or the revolving loans outstanding on December 31, 2006, shall convert to a term loan, which shall have the same maturity and will amortize at the same percentage rates as the original Term Loan. Under the Credit Agreement, interest on the respective facilities is computed based upon, at the Company's option, a one-, two-, three- or six-month Eurodollar rate plus a margin ranging from 1.25% to 2.75%, or the prime rate plus a margin ranging from 0.25% to 1.75%; the applicable margin is dependent on the Company's ratio of outstanding indebtedness to operating cash flow, as defined. As of December 31, 2005, the margin was at 0.25% greater than the lowest level. Interest computed based upon the Eurodollar rate is payable quarterly or on the last day of the applicable Eurodollar interest period, if earlier. Interest computed based upon the prime rate is payable quarterly. The Company incurs a commitment fee ranging from 0.25% to 0.625% per annum on the unused portion of the Revolver.

Under the Credit Agreement, each of the revolving credit facility and term loan facility and any additional facility is unconditionally guaranteed by each of the Company's existing and future subsidiaries (other than certain unrestricted subsidiaries) and the facilities (and guarantees thereof) are secured by a perfected first priority security interest in substantially all of the personal and real property assets of the Company and such subsidiaries. The Credit Agreement imposes various restrictions on the Company, including limitations on its ability to incur additional debt, commit funds to capital expenditures and investments, merge or sell assets. The Credit Agreement prohibits dividends on the Company's common stock (other than those payable in common stock) and repurchases of the Company's common stock in excess of \$30,000,000 per year with limited exceptions. In addition, the Credit Agreement contains quarterly financial tests, including a minimum fixed charge coverage ratio of 1.35 to 1.00 at December 31, 2005 and maximum ratios of total debt and senior debt to operating cash flow of 4.5 to 1.0 and 2.5 to 1.0, respectively, at December 31, 2005. The actual fixed charge coverage ratio was 2.49 to 1.00 and the actual total debt and senior debt to operating cash flow ratios were 3.46 to 1.0 and 1.35 to 1.0, respectively, at December 31, 2005. Should the Company commence the redevelopment of the Tropicana Las Vegas or an approved alternative project, a quarterly "in-balance" test demonstrating that aggregate cash available or reasonably anticipated to be available to the Company and its subsidiaries is sufficient to meet remaining required uses of cash, including committed capital expenditures in connection with any construction project. The senior secured credit facility includes usual and customary events of default for facilities of this nature (with customary grace periods, as applicable), and provides that, in the event of a change in control, as defined, the majority lenders will have the right to require prepayment of the facility.

NOTE 7. LEASE OBLIGATIONS

The Company is a lessee under a number of noncancelable lease agreements involving land, buildings, leasehold improvements and equipment, some of which provide for contingent rentals based on revenues. The leases extend for various periods up to 6 years and generally provide for the payment of executory costs (taxes, insurance and maintenance) by the Company. Certain of these leases have provisions for renewal options ranging from 1 to 30 years, primarily under similar terms, and/or options to purchase at various dates.

Properties leased under capital leases are as follows (in thousands):

	December 31, <u>2005</u>	December 30, <u>2004</u>
Furniture and equipment	\$ 1,367	\$ 2,111
Less accumulated amortization	<u>(1,358)</u>	<u>(2,085)</u>
	\$ 9	\$ 26
	=====	=====

Amortization of furniture and equipment leased under capital leases, computed on a straight-line basis, was \$17,000 in 2005, \$18,000 in 2004 and \$55,000 in 2003.

Minimum future lease obligations on long-term, noncancelable leases in effect at December 31, 2005 are as follows (in thousands):

<u>Year</u>	<u>Capital</u>	<u>Operating</u>
2006	\$ 17	\$ 3,801
2007	--	3,401
2008	--	2,334
2009	--	1,261
2010	--	1,132
Thereafter	<u>--</u>	<u>268</u>
	17	\$ 12,197
		=====
Amount representing interest	<u>(1)</u>	
Net present value	16	
Less current portion	<u>(16)</u>	
Long-term portion	\$ --	
	=====	

The above net present value is computed based on specific interest rates determined at the inception of the leases.

Rent expense is detailed as follows (in thousands):

	<u>2005</u>	<u>2004</u>	<u>2003</u>
Minimum rentals	\$ 6,555	\$ 6,431	\$ 6,072
Contingent rentals	<u>1,301</u>	<u>2,280</u>	<u>2,707</u>
	\$ 7,856	\$ 8,711	\$ 8,779
	=====	=====	=====

F-21

NOTE 8. OTHER LONG-TERM LIABILITIES

Other long-term liabilities consist of the following (in thousands):

	December 31, <u>2005</u>	December 30, <u>2004</u>
Deferred compensation and retirement plans	\$ 15,630	\$ 22,215
Deferred income	--	2,279
Asset retirement obligations	1,342	--
Las Vegas Boulevard beautification assessment	<u>271</u>	<u>293</u>
	17,243	24,787
Less current portion	<u>(824)</u>	<u>(972)</u>
	\$ 16,419	\$ 23,815
	=====	=====

NOTE 9. REDEEMABLE PREFERRED STOCK

A series of preferred stock consisting of 100,000 shares has been designated Series B ESOP Convertible Preferred Stock ("Series B Stock") and those shares were issued on December 20, 1989, to the Company's Employee Stock Ownership Plan ("ESOP"). In 2001, the ESOP was merged into the Aztar Corporation 401(k) Plan ("401(k) Plan") and the assets of the ESOP were subsequently transferred to the 401(k) Plan.

Beginning January 1, 2001, the Series B Stock was held by the Aztar Corporation 401(k) Plan Stock and Insurance

Trust. During 2005, 2004 and 2003, respectively, 2,946 shares, 3,385 shares and 3,478 shares were redeemed primarily in connection with employee terminations. At December 31, 2005, cumulative redemptions totaled 53,801 shares. The Series B Stock has an annual dividend rate of \$8.00 per share per annum payable semiannually in arrears. These shares have no voting rights except under certain limited, specified conditions. Shares may be converted into common stock at \$9.46 per share of common stock and have a liquidation preference of \$100 per share plus accrued and unpaid dividends.

The shares that have vested are redeemable at the higher of \$100 per share plus accrued and unpaid dividends, appraised value or conversion value, at the election of the participant upon becoming eligible to redeem Series B Stock or at the election of the Company. The participant or beneficiary may elect to receive cash or common stock of the Company for the redemption value. The Company may elect to fund the redemption with either cash or its common stock. The excess of the redemption value of the Series B Stock over the carrying value is charged to retained earnings upon redemption. In order for a Series B Stock redemption to occur, a request for distribution is made by the participant or beneficiary. Those participants or beneficiaries who are eligible to redeem their Series B Stock are permitted to leave their Series B Stock in their account until an election for redemption is made or until federal statutes require a form of distribution.

In the event of default in the payment of dividends on the Series B Stock for six consecutive semiannual periods, each outstanding share would have one vote per share of common stock into which the preferred stock is convertible.

F-22

NOTE 10. CAPITAL STOCK

The Company is authorized to issue 10,000,000 shares of preferred stock, par value \$.01 per share, issuable in series as the Board of Directors may designate. Approximately 100,000 shares of preferred stock have been designated Series A Junior Participating Preferred Stock but none have been issued.

The Company is authorized to issue 100,000,000 shares of common stock with a par value of \$.01 per share. Shares issued were 54,567,666 at December 31, 2005 and 53,261,332 at December 30, 2004. Common stock outstanding was net of 18,788,714 and 18,479,747 treasury shares at December 31, 2005 and December 30, 2004, respectively. One preferred stock purchase right ("Right") is attached to each share of the Company's common stock. Each Right will entitle the holder, subject to the occurrence of certain events, to purchase one one-thousandth of a share of Series A Junior Participating Preferred Stock at a price of \$50.00 per one one-thousandth of a share, subject to adjustment. The Rights will expire in December 2009 if not earlier extended or redeemed by the Company at \$.01 per Right.

In December 2002, the Board of Directors authorized the Company to make discretionary repurchases of up to 4,000,000 shares of its common stock. There were 2,922,576 and 283,200 shares repurchased under this program in 2003 and 2002, respectively. At December 31, 2005, there remained authority to repurchase 794,224 shares of

common stock under this program. All purchases under the Company's stock repurchase program were made or may be made in the future from time to time in the open market or privately negotiated transactions, depending upon market prices and other business factors. Repurchased shares are stated at cost and held as treasury shares to be used for general corporate purposes.

The Company accepted 308,967 and 170,052 shares of its common stock in 2005 and 2004, respectively, from an employee in lieu of cash due to the Company in connection with the exercise of stock options. Such shares of common stock are stated at cost and held as treasury shares to be used for general corporate purposes.

At December 31, 2005, December 30, 2004 and January 1, 2004, common shares reserved for future grants of stock options under the Company's stock option plans were 3,043,494, 3,576,663 and 85,664, respectively. At December 31, 2005, common shares reserved for the conversion of the Series B Stock were 489,000 and shares of preferred stock reserved for exercise of the Rights were 50,000.

NOTE 11. STOCK OPTIONS

The Company's 1989 Stock Option and Incentive Plan ("1989 Plan") expired in June 1999. The 1989 Plan had authorized the grant of up to 6,000,000 shares of the Company's common stock pursuant to options, restricted shares and performance shares to officers and key employees of the Company. Options granted under the 1989 Plan have 10-year terms and vest and become exercisable at the rate of 1/3 per year on each of the first three anniversary dates of the grant, subject to continued employment on those dates. During 1999, the Company adopted the 1999 Employee Stock Option and Incentive Plan ("1999 Plan"). The 1999 Plan has authorized the grant of up to 4,000,000 shares of the Company's common stock pursuant to options, stock appreciation rights, restricted shares, deferred shares and performance shares to officers and key employees of the Company. Options granted under the 1999 Plan have 10-year terms and vest and become exercisable at the rate of 1/3 per year on each of the first three anniversary dates of the grant, subject to continued employment on those dates. Options granted on May 8, 2002, or later, under the 1999 Plan include an additional provision that provides for accelerated vesting under certain circumstances related to retirement, disability

F-23

or death. During 2004, the Company adopted the 2004 Employee Stock Option and Incentive Plan ("2004 Plan"). The 2004 Plan has authorized the grant of up to 4,000,000 shares of the Company's common stock pursuant to options, stock appreciation rights, restricted shares, deferred shares and performance shares to officers and key employees of the Company. Options granted under the 2004 Plan have 10-year terms, vest and become exercisable at the rate of 1/3 per year on each of the first three anniversary dates of the grant, subject to continued employment on those dates and provide for accelerated vesting under certain circumstances related to retirement, disability or death. The Company's 1990 Nonemployee Directors Stock Option Plan ("1990 Plan") expired in July 2000. The 1990 Plan had authorized the grant of up to 250,000 shares of the Company's common stock pursuant to options granted to nonemployee Directors of the Company. Options granted under the 1990 Plan have 10-year terms and vested and became exercisable on the date of grant. During 2001, the Company's shareholders approved the 2000 Nonemployee Directors Stock Option Plan ("2000 Plan"). The 2000 Plan has authorized the grant of up to 250,000 shares of the Company's common stock pursuant to options granted to nonemployee Directors of the Company. Options granted under the 2000 Plan have 10-year terms. The 2000 Plan provides for the granting of options that vest and become exercisable on the date of grant. The 2000 Plan has been modified to also provide for the granting of options whereby a portion vests and becomes exercisable on the date of grant and the remainder vests and becomes exercisable evenly over varying terms

depending on the date of the grant, subject to being a Company Director on those dates.

During 2005, the Company modified the terms of an employee's stock options to provide for accelerated vesting. Options to purchase 13,333 shares of the Company's common stock at an exercise price of \$15.71 that were to vest in May 2006 were accelerated to vest in June 2005. In addition, options to purchase 26,666 shares of the Company's common stock at an exercise price of \$24.39, of which 13,333 options were to vest in May 2006 and 13,333 options were to vest in May 2007, were accelerated to vest in June 2005. In connection with the acceleration of these options' vesting periods, the Company recorded approximately \$462,000 of compensation expense.

A summary of the Company's stock option activity and related information is as follows (in thousands of shares):

	<u>2005</u>		<u>2004</u>		<u>2003</u>

	=====			=====	

NOTE 12. BENEFIT PLANS

The Company has nonqualified defined benefit pension plans and a deferred compensation plan. These plans are unfunded. To support the benefit liability of one of the Company's nonqualified defined benefit pension plans, the Company established the Aztar Corporation Nonqualified Retirement Trust. The Company makes periodic contributions to this irrevocable trust so that the funds in the trust approximate the benefit obligation. In addition, to support the benefit liability of the deferred compensation plan, the Company has purchased life insurance contracts. The market value of the trust and the cash value of the life insurance was \$7,251,000 and \$10,288,000 at December 31, 2005 and December 30, 2004, respectively. The funds in the trust and life insurance contracts are assets of the Company and are included in other assets. The Company uses a December 31 measurement date for all of its plans. The following table shows a reconciliation of the changes in the plans' benefit obligation for the years 2005 and 2004 and a reconciliation of the funded status with amounts recognized in the Consolidated Balance Sheets as of December 31, 2005 and December 30, 2004 (in thousands):

	<u>Defined Benefit Plans</u>		<u>Deferred Compensation Plan</u>	
	<u>2005</u>	<u>2004</u>	<u>2005</u>	<u>2004</u>
Projected benefit obligation at beginning of year	\$ 18,508	\$ 16,188	\$ 6,609	\$ 6,610
Service cost	177	95	4	11
Interest cost	597	963	352	384
Actuarial loss	2,249	1,533	56	35
Benefits paid	<u>(8,509)</u>	<u>(271)</u>	<u>(499)</u>	<u>(431)</u>
Projected benefit obligation at end of year	<u>13,022</u>	<u>18,508</u>	<u>6,522</u>	<u>6,609</u>
Plan assets	—	—	—	—
Funded status	(13,022)	(18,508)	(6,522)	(6,609)
Unrecognized actuarial loss	5,893	7,032	622	566
Unrecognized prior service cost	<u>96</u>	<u>170</u>	—	—
Net amount recognized	<u>\$ (7,033)</u>	<u>\$ (11,306)</u>	<u>\$ (5,900)</u>	<u>\$ (6,043)</u>
Amounts recognized in the Consolidated Balance Sheets consist of:				
Accrued benefit liability	\$ (9,108)	\$ (15,606)	\$ (6,522)	\$ (6,609)
Intangible asset	96	170	--	--
Accumulated other comprehensive loss (a)	<u>1,979</u>	<u>4,130</u>	<u>622</u>	<u>566</u>
Net amount recognized	<u>\$ (7,033)</u>	<u>\$ (11,306)</u>	<u>\$ (5,900)</u>	<u>\$ (6,043)</u>

- (a) In the Consolidated Statements of Shareholders' Equity, accumulated other comprehensive loss relating to a minimum pension liability adjustment during the year is reported net of an income tax (provision)benefit of \$(735), \$871 and \$236 in 2005, 2004 and 2003, respectively.

The accumulated benefit obligation for the defined benefit plans was \$9,108,000 and \$15,606,000 at December 31, 2005 and December 30, 2004, respectively. The accumulated benefit obligation for the deferred compensation plan was \$6,522,000 and \$6,609,000 at December 31, 2005 and December 30, 2004, respectively.

The weighted average assumptions used to determine the Company's benefit obligation are as follows:

	<u>Defined Benefit Plans</u>		<u>Deferred Compensation Plan</u>	
	<u>2005</u>	<u>2004</u>	<u>2005</u>	<u>2004</u>
Discount rate (a)	5.40%	5.50%	5.40%	5.50%
Rate of compensation increase	5.00%	5.00%	N/A	N/A

F-26

- (a) In selecting a discount rate for the Company's benefit obligation as of December 31, 2005, the Company reviewed a number of high-grade corporate bond indices and spot-rate discount curves. It was determined that the spot-rate discount curves provide the more direct recognition of the expected timing of cash flows and therefore a pension discount curve was the preferred choice. The Citigroup Pension Discount Curve was chosen and was used to determine the present value of expected benefit payments under each plan. For each plan a single discount rate was found that produced the same liabilities as determined using the discount curve. These single discount rates were weighted with the projected benefit obligations under each plan to determine a single discount rate to be applied to all plans rounded to the nearest 10 basis points. The resulting single discount rate used for all plans as of December 31, 2005 is 5.40%.

The components of benefit plan expense are as follows (in thousands):

	<u>Defined Benefit Plans</u>			<u>Deferred Compensation Plan</u>		
	<u>2005</u>	<u>2004</u>	<u>2003</u>	<u>2005</u>	<u>2004</u>	<u>2003</u>
Service cost	\$ 177	\$ 95	\$ 91	\$ 4	\$ 11	\$ 12
Interest cost	597	963	812	352	384	401
Amortization of prior service cost	74	113	224	--	--	--

Recognized net actuarial loss	537	898	433	--	--	--
Settlement loss (a)	2,851	--	--	--	--	--
Cash surrender value increase net of premium expense	--	--	--	(344)	(340)	(322)
	\$4,236	\$2,069	\$1,560	\$ 12	\$ 55	\$ 91
	=====	=====	=====	=====	=====	=====

- (a) During 2005, the Company made a lump sum cash payment of \$8,239 to a defined benefit plan participant in exchange for the participant's right to receive specified pension benefits. As a result, the Company recognized a settlement loss of \$2,851. The recognition of this settlement loss resulted in a reduction of \$1,556, net of income taxes of \$838 in the accumulated other comprehensive loss relating to the minimum pension liability adjustment in the Consolidated Statement of Shareholders' Equity for the year ended December 31, 2005.

The weighted average assumptions used to determine the Company's benefit plan expense are as follows:

	<u>Defined Benefit Plans</u>			<u>Deferred Compensation Plan</u>		
	<u>2005</u>	<u>2004</u>	<u>2003</u>	<u>2005</u>	<u>2004</u>	<u>2003</u>
Discount rate	5.50%	6.00%	6.50%	5.50%	6.00%	6.50%
Rate of compensation increase	5.00%	5.00%	5.00%	N/A	N/A	N/A

The estimated future benefit payments, which reflect expected future service, as appropriate, are expected to be paid in the following years (in thousands):

	<u>Defined Benefit Plans</u>	<u>Deferred Compensation Plan</u>
2006	\$ 271	\$ 530
2007	333	578
2008	343	569
2009	338	552
2010	1,141	576
2011 to 2015	6,268	2,818

The Company has a defined contribution plan that covers substantially all employees who are not covered by a collective bargaining unit. The plan allows employees, at their discretion, to make contributions of their before-tax earnings to the plan up to an annual maximum amount. The Company matches 50% of the employee contributions that are based on up to 6% of an employee's before-tax earnings. Compensation expense with regard to Company

matching contributions was \$2,184,000, \$2,222,000 and \$2,269,000 in 2005, 2004 and 2003, respectively. The Company contributed \$5,789,000, \$4,901,000 and \$4,695,000 in 2005, 2004 and 2003, respectively, to trustee pension plans under various collective bargaining agreements.

NOTE 13. ACCOUNTING FOR THE IMPACT OF THE OCTOBER 30, 2003 CONSTRUCTION ACCIDENT

An accident occurred on the site of the construction of the expansion of the Atlantic City Tropicana on October 30, 2003. The accident resulted in a loss of life and serious injuries, as well as extensive damage to the facilities under construction.

Construction on the expansion project was substantially completed by December 30, 2004. The expansion includes 502 additional hotel rooms, 20,000 square feet of meeting space, 2,400 parking spaces, and "The Quarter at Tropicana", a 200,000- square-foot dining, entertainment and retail center.

The Company incurred \$4,276,000, \$3,956,000 and \$512,000 in 2005, 2004 and 2003, respectively, of construction accident related costs and expenses that may not be reimbursed by insurance. The costs and expenses in 2005 primarily consist of professional fees incurred as a result of the accident. The costs and expenses in 2004 primarily consist of supplemental marketing costs incurred to decrease the effect of the business interruption caused by the accident as well as professional fees incurred. The costs and expenses in 2003 primarily consist of a deductible on liability insurance and professional fees incurred.

In 2005 and 2004, the Company recorded \$871,000 and \$8,717,000, respectively, of insurance recoveries due to the delay of the opening of the expansion, which represent a portion of the anticipated profit that the Company would have recognized had the expansion opened as originally projected as well as some reimbursement for costs incurred as a result of the delay. Also, in 2004, the Company recorded \$3,500,000 of business interruption insurance recovery, which reflects a profit recovery applicable to the fourth quarter of 2003. These insurance recoveries were classified as construction accident insurance recoveries in the Consolidated Statements of Operations. Insurance claims for business interruption that occurred from the date of the accident through December 31, 2005 have been filed with the Company's insurers in the amount of approximately \$52,100,000, of which \$3,500,000 has been received by the Company. In addition, the Company has filed insurance claims for lost profits and additional costs as a result of the delay in the opening of the expansion. The total of these claims is approximately \$70,100,000, of which \$9,200,000 has been received by the Company and \$345,000 was included in the Consolidated Balance Sheet as part of the construction accident receivables at December 31, 2005. Profit recovery from insurance is recorded when the amount of recovery, which may be different from the amount claimed, is agreed to by the insurers. The Company has also filed insurance claims of approximately \$9,000,000 for other costs it has incurred that are related to the construction accident, of which \$1,500,000 has been received by the Company. These other costs are primarily supplemental marketing costs and approximately \$1,600,000 was included in the Consolidated Balance Sheet as part of the construction accident receivables at December 31, 2005.

During 2003, the Company reduced construction in progress for the estimated asset loss and recorded a receivable of approximately \$3,000,000. By September 30, 2004, the contractor had made substantial progress in rebuilding the

damaged structure. Because the cost of the reconstructed portion that was fully paid by the contractor exceeded the \$3,000,000 asset loss previously incurred, the Company increased construction in progress for \$3,000,000 and relieved the corresponding receivable at September 30, 2004. In addition to the \$3,000,000 asset loss that was recognized and subsequently recovered, the Company recognized \$5,000,000 of expense in 2004 for costs incurred to repair areas that were damaged as a result of the accident. This expense was classified in the Consolidated Statement of Operations as a component of other income.

In order to ensure that the construction proceed expeditiously and in order to settle certain disputes, the Company and the general contractor entered into a settlement agreement on October 6, 2004 that delineates how the Company and its contractor will share the cost of and the insurance proceeds received for the dismantlement, debris removal and rebuild. During 2004, the Company estimated and recognized \$1,625,000 of expense for dismantlement and debris removal activities that are probable of not being recovered under insurance. These dismantlement and debris removal costs were also classified as a component of other income in the Consolidated Statement of Operations. At December 30, 2004, the Company recorded a receivable of \$1,625,000 for dismantlement and debris removal activities that are probable of being recovered under insurance, of which \$ 1,125,000 has been received by the Company and \$500,000 was included in the Consolidated Balance Sheet as part of the construction accident receivables at December 31, 2005. During 2005 and 2004, the Company recorded \$6,001,000 and \$10,532,000, respectively, of insurance recoveries associated with the rebuild, net of direct costs to obtain the recoveries, of which \$505,000 was included in the Consolidated Balance Sheet as part of the construction accident receivables at December 31, 2005. These amounts were classified as other income in the Consolidated Statements of Operations. In addition, at December 31, 2005, the Company's share of claims outstanding for dismantlement, debris removal and rebuild was approximately \$37,000,000.

NOTE 14. LOSS ON EARLY RETIREMENT OF DEBT

In connection with the redemptions of 8 7/8% Senior Subordinated Notes due 2007 during 2004, the Company expensed the redemption premiums of \$7,616,000 and the remaining unamortized debt issuance costs of \$2,756,000 for a total of \$10,372,000. These items were reflected as a loss on early retirement of debt.

NOTE 15. INCOME TAXES

The (provision) benefit for income taxes is comprised of (in thousands):

	<u>2005</u>	<u>2004</u>	<u>2003</u>
Current:			
Federal	\$(24,686)	\$ 2,189	\$(22,506)
State	<u>(9,561)</u>	<u>(24,246)</u>	<u>(5,260)</u>
	<u>(34,247)</u>	<u>(22,057)</u>	<u>(27,766)</u>
Deferred:			
Federal	(5,280)	(16,848)	(1,131)
State	<u>(43)</u>	<u>(292)</u>	<u>443</u>
	<u>(5,323)</u>	<u>(17,140)</u>	<u>(688)</u>
	\$(39,570)	\$(39,197)	\$(28,454)
	=====	=====	=====

During 2005, the Internal Revenue Service ("IRS") completed its examination of the Company's income tax return for the year 2003. During 2004, the IRS completed its examination of the Company's income tax returns for the years 2000 through 2002.

The only issue in dispute in these examinations involved the deductibility of a portion of payments on certain liabilities related to the Restructuring. During 2003, the IRS completed its examination for the years 1994 through 1999 and settled one of the two remaining issues entirely and a portion of the other remaining issue, resulting in a tax benefit of \$6,724,000. The issue that was settled entirely involved the deductibility of certain complimentary services provided to customers. The other issue involved the deductibility of a portion of payments on certain liabilities related to the Restructuring, the same issue as described above for the 2000 through 2003 years. For the years 1994 through 2003, the Company has reserved the right to pursue the unagreed portion in court and would receive a net refund, if successful. It is reasonably possible that this issue could be favorably settled in the near term. The New Jersey Division of Taxation is examining the New Jersey income tax returns for the years 1995 through 2001. The Indiana Department of Revenue is examining the Indiana income tax returns for the years 2003 and 2004. Management believes that adequate provision for income taxes and interest has been made in the financial statements.

The Company received proposed assessments from the Indiana Department of Revenue ("IDR") in connection with the examination of the Company's Indiana income tax returns for the years 1996 through 2002. The assessments were based on the IDR's position that the Company's gaming taxes that are based on gaming revenue are not deductible for Indiana income tax purposes. The Company filed a petition in Indiana Tax Court for the 1996 and 1997 tax years and oral arguments were heard in April 2001. The Company filed a formal protest for the years 1998 through 2002. In April 2004, the Indiana Tax Court ruled against the Company. The Company asked the Indiana Supreme Court to review the ruling. The Company's request was denied. As a result, the Company estimated that it was obligated to pay approximately \$17,300,000 to cover assessments of taxes and interest from 1996 through the end of the first quarter of 2004. These assessments were paid by the Company by December 30, 2004. This amount was deductible for federal income tax purposes, resulting in a net effect of approximately \$11,300,000, which was recorded as an increase to income tax expense in the first quarter of 2004. The ongoing effect of this issue is also included in income taxes after the first quarter of 2004.

General business credits are taken as a reduction of the provision for income taxes during the year such credits become available. The (provision) benefit for income taxes differs from the amount computed by applying the U.S. federal income tax rate (35%) because of the effect of the following items (in thousands):

	<u>2005</u>	<u>2004</u>	<u>2003</u>
Tax (provision) benefit at U.S. federal income tax rate	\$ (33,436)	\$ (23,685)	\$ (31,284)
State income taxes, net	(6,254)	(15,882)	(3,137)
Nondeductible business expenses	(51)	(259)	105
IRS examination	--	358	5,708
General business credits	416	442	432
Other, net	<u>(245)</u>	<u>(171)</u>	<u>(278)</u>
	<u>\$ (39,570)</u>	<u>\$ (39,197)</u>	<u>\$ (28,454)</u>
	=====	=====	=====

F-30

The income tax effects of loss carryforwards, tax credit carryforwards and temporary differences between financial and income tax reporting that give rise to the deferred income tax assets and liabilities are as follows (in thousands):

	December 31, <u>2005</u>	December 30, <u>2004</u>
Net operating loss carryforward	\$ 296	\$ 2,314
Accrued bad debt expense	8,136	8,369
Accrued compensation	6,861	8,987
Accrued liabilities	9,569	9,646
Income tax credit carryforward	1,396	1,365
Other	<u>31</u>	<u>302</u>
Gross deferred tax assets	<u>26,289</u>	<u>30,983</u>
Deferred tax asset valuation allowance	<u>(296)</u>	<u>(323)</u>
Deductible prepaids	(4,462)	(3,429)
Depreciation and amortization	<u>(56,511)</u>	<u>(56,888)</u>
Gross deferred tax (liabilities)	<u>(60,973)</u>	<u>(60,317)</u>
Net deferred tax assets (liabilities)	\$(34,980) =====	\$(29,657) =====

Gross deferred tax assets are reduced by a valuation allowance. The beginning-of-year valuation allowance was reduced during 2005, 2004 and 2003, which caused a decrease in income tax expense of \$27,000, \$14,000 and \$21,000, respectively.

At December 31, 2005, the Company has an alternative minimum assessment tax credit carryforward of \$2,147,000 for New Jersey purposes that can be carried forward indefinitely. In addition, the Company has net operating loss carryforwards of \$37,315,000 for state income tax purposes that will expire in the years 2011 through 2024 if not used.

F-31

NOTE 16. EARNINGS PER SHARE

The computations of net income per common share and net income per common share, assuming dilution, are as follows (in thousands, except per share data):

	<u>2005</u>	<u>2004</u>	<u>2003</u>
Net income	\$ 55,960	\$ 28,475	\$ 60,930
Less: preferred stock dividend and losses on redemption	<u>(1,081)</u>	<u>(1,030)</u>	<u>(777)</u>

Net income	\$ 55,960	\$ 28,475	\$ 60,930
	=====	=====	=====

- (a) EBITDA is net income before income taxes, loss on early retirement of debt, interest expense, interest income, other income, and depreciation and amortization. EBITDA should not be construed as a substitute for either operating income or net income as they are determined in accordance with generally accepted accounting principles (GAAP). The Company uses EBITDA as a measure to compare operating results among its properties and between accounting periods. The Company manages cash and finances its operations at the corporate level. The Company manages the allocation of capital among properties at the corporate level. The Company also files a consolidated income tax return. The Company accordingly believes EBITDA is useful as a measure of operating results at the property level because it reflects the results of operating decisions at that level separated from the effects of tax and financing decisions that are managed at the corporate level. The Company also uses EBITDA as the primary operating performance measure in its bonus programs for executive officers. The Company also believes that EBITDA is a commonly used measure of operating performance in the gaming industry and is an important basis for the valuation of gaming companies. The Company's calculation of EBITDA may not be comparable to similarly titled measures reported by other companies and, therefore, any such differences must be considered when comparing performance among different companies. While the Company believes EBITDA provides a useful perspective for some purposes, EBITDA has material limitations as an analytical tool. For

example, among other things, although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and EBITDA does not reflect the requirements for

F-33

such replacements. Other income, interest expense, net of interest income, loss on early retirement of debt, and income taxes are also not reflected in EBITDA. Therefore, the Company does not consider EBITDA in isolation, and it should not be considered as a substitute for measures determined in accordance with GAAP. A reconciliation of EBITDA with operating income and net income as determined in accordance with GAAP is reflected in the above summary.

	<u>2005</u>	<u>2004</u>	<u>2003</u>

=====

NOTE 18. CONTINGENCIES AND COMMITMENTS

The Company agreed to indemnify Ramada against all monetary judgments in lawsuits pending against Ramada and its subsidiaries as of the conclusion of the Restructuring on December 20, 1989, as well as all related attorneys' fees and expenses not paid at that time, except for any judgments, fees or expenses accrued on the hotel business balance sheet and except for any unaccrued and unreserved aggregate amount up to \$5,000,000 of judgments, fees or expenses related exclusively to the hotel business. Aztar is entitled to the benefit of any crossclaims or counterclaims related to such lawsuits and of any insurance proceeds received. There is no limit to the term or the maximum potential future payment under this indemnification. In addition, the Company agreed to indemnify Ramada for certain lease guarantees made by Ramada. The lease terms potentially extend through 2015 and Ramada guaranteed all obligations under these leases. The Company has recourse against a subsequent purchaser of the operations covered by these leases. The estimated maximum potential amount of future payments the Company could be required to make under these indemnifications is \$7,000,000 at December

F-34

31, 2005. The Company would be required to perform under this guarantee 1) if monetary judgments and related expenses in lawsuits pending against Ramada and its subsidiaries as of the conclusion of the Restructuring exceeded the above described amount, or 2) if lessees with lease guarantees failed to perform under their leases, the lessee and lessor could not reach a negotiated settlement and the lessor was able to successfully proceed against Ramada, who in turn was able to successfully proceed against the Company. In connection with these matters, the Company established a liability at the time of the Restructuring and the Company's remaining accrued liability was \$3,833,000 at both December 31, 2005 and December 30, 2004.

The Company is a party to various other claims, legal actions and complaints arising in the ordinary course of business or asserted by way of defense or counterclaim in actions filed by the Company. Management believes that its defenses are substantial in each of these matters and that the Company's legal posture can be successfully defended without material adverse effect on its consolidated financial position, results of operations or cash flows.

The Company has severance agreements with certain of its senior executives. Severance benefits range from a lump-sum cash payment equal to three times the sum of the executive's annual base salary and the average of the executive's annual bonuses awarded in the preceding three years plus payment of the value in the executive's outstanding stock options and vesting and distribution of any restricted stock to a lump-sum cash payment equal to the executive's annual base salary. In certain agreements, the termination must be as a result of a change in control of the Company. Based upon salary levels and stock options at December 31, 2005, the aggregate commitment under the severance agreements should all these executives be terminated was approximately \$38,000,000 at December 31, 2005.

At December 31, 2005, the Company had commitments of approximately \$18,000,000 for a hotel and entertainment complex project at Casino Aztar Evansville.

NOTE 19. FAIR VALUE OF FINANCIAL INSTRUMENTS

The following table presents (in thousands) the carrying amounts and estimated fair values of the Company's financial

instruments. The fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

	<u>December 31, 2005</u>		<u>December 30, 2004</u>	
	<u>Carrying Amount</u>	<u>Fair Value</u>	<u>Carrying Amount</u>	<u>Fair Value</u>
Assets				
Investments	\$ 25,215	\$ 25,215	\$ 23,602	\$ 23,602
Other assets	5,138	5,138	8,308	8,308
Liabilities				
Accounts payable and accruals	3,833	500	3,833	600
Current portion of long-term debt	1,293	1,293	1,292	1,292
Current portion of other long-term liabilities	--	--	252	252
Long-term debt	721,676	747,614	731,253	780,753
Other long-term liabilities	--	--	2,027	2,027
Series B convertible preferred stock	4,620	15,107	4,914	17,791
Off-Balance-Sheet				
Letters of credit	--	57,165	--	6,576
	F-35			

The carrying amounts shown in the table are included, if applicable, in the Consolidated Balance Sheets under the indicated captions. All of the Company's financial instruments are held or issued for purposes other than trading.

The following notes summarize the major methods and assumptions used in estimating the fair values of financial instruments.

Investments consisted of deposits with the CRDA, CRDA bonds that bear interest at two-thirds of market rates resulting in a fair value lower than cost and other CRDA investments (primarily loans). The carrying amounts of these deposits, bonds and other investments are presented net of a valuation allowance and in the case of the bonds an unamortized discount that result in an approximation of fair values.

Included in other assets is a trust established to support the benefit liability of one of the Company's nonqualified defined benefit pension plans. The funds in the trust are invested in money market securities. The fair values of the money market securities approximate cost.

Included in accounts payable and accruals is the Company's accrued liability in connection with its indemnification of Ramada. The fair values were estimated using an expected present value method.

The fair values of the Company's publicly traded debt were estimated based on the bid prices in the public bond markets. The carrying amounts of the Revolver and Term Loan are reasonable estimates of fair values because this

debt is carried with a floating interest rate.

The fair value of a prior CRDA bond guarantee was estimated to be the same as the unamortized carrying amount of the guarantee premium and it was included in other long-term liabilities at December 30, 2004.

The fair values reported for the Series B convertible preferred stock represent the appraised fair values as determined by an independent appraisal.

The fair values of the letters of credit were estimated to be the same as the contract values based on the nature of the fee arrangement with the issuing financial institution.

F-36

NOTE 20. UNAUDITED QUARTERLY RESULTS/COMMON STOCK PRICES

(a) On December 7, 2005, the Board of Directors of the Company adopted a resolution changing the Company's 52/53 week fiscal year (ending on the Thursday nearest December 31) to a calendar year. The change is effective for the reporting period ended December 31, 2005. The period ended December 31, 2005 reflects the Company's results of operations for a 366-day period beginning December 31, 2004 and covers the two-day transition period of December 30 and 31, 2005. Under the prior 52/53 week fiscal year, the fiscal year 2004 included 52 weeks. The fourth quarter included 93 days in 2005 versus 91 days in 2004.

(b) During the first, second, third and fourth quarters of 2005, the Company incurred \$409, \$860, \$1,383 and \$1,624, respectively, of construction accident related costs and expenses that may not be reimbursed by insurance. These costs and expenses primarily consist of professional fees incurred as a result of the accident.

During the first, second and fourth quarters of 2005, the Company recorded \$225, \$301 and \$345, respectively, of insurance recoveries due to the delay of the opening of the expansion, which represent a portion of the anticipated profit that the Company would have recognized had the expansion opened as originally projected as well as some reimbursement for costs incurred as a result of the delay. Profit recovery from insurance is recorded when the amount of

recovery, which may be different from the amount claimed, is agreed to by the insurers.

F-37

- (c) During the first, second and fourth quarters of 2005, the Company recorded \$1,573, \$2,855 and \$1,840, respectively, of insurance recoveries associated with the rebuilding of the expansion, net of direct costs to obtain the recoveries. During the third quarter of 2005, the Company recorded \$267 of direct costs to obtain insurance recoveries associated with the rebuild.
- (d) During the first, second, third and fourth quarters of 2004, the Company incurred \$41, \$1,574, \$1,808 and \$533, respectively, of construction accident related costs and expenses that may not be reimbursed by insurance. These costs and expenses primarily consist of supplemental marketing costs incurred to decrease the effect of the business interruption caused by the accident as well as professional fees incurred as a result of the accident.

During the first quarter of 2004, the Company recorded \$3,500 of business interruption recovery, which reflects a profit recovery applicable to the fourth quarter of 2003. During the second, third and fourth quarters of 2004, the Company recorded \$5,000, \$2,000 and \$1,717, respectively, of insurance recoveries due to the delay of the opening of the expansion, which represent a portion of the anticipated profit that the Company would have recognized had the expansion opened as originally projected as well as some reimbursement for costs incurred as a result of the delay. Profit recovery from insurance is recorded when the amount of recovery, which may be different from the amount claimed, is agreed to by the insurers.

- (e) During the third and fourth quarters of 2004, the Company recorded \$4,965 and \$5,567, respectively, of insurance recoveries associated with the rebuilding of the expansion, net of direct costs to obtain the recoveries and expensed \$4,650 and \$1,975, respectively, of costs incurred to dismantle and repair areas that were damaged as a result of the construction accident.
- (f) During the second and third quarters of 2004, the Company recorded losses on early retirement of debt of \$8,621 and \$1,751, respectively, in connection with the redemptions of 8 7/8% Senior Subordinated Notes due 2007.
- (g) In April 2004, the Indiana Tax Court ruled against the Company's challenge to an assessment for additional Indiana income taxes. The Company had challenged the Indiana Department of Revenue's position that the Company's gaming taxes that are based on gaming revenue are not deductible for Indiana income tax purposes. The Company asked the Indiana Supreme Court to review the ruling. The Company's request was denied. The Company estimated that it was obligated to pay approximately \$17,300 to cover assessments of taxes and interest from 1996 through the end of the first quarter of 2004. This amount is deductible for federal income tax purposes, resulting in a net effect of approximately \$11,300, which was recorded as an increase to income tax expense in the first quarter of 2004.

Management's Discussion and Analysis

Overview

Introduction

We own and operate casino hotels in Atlantic City, New Jersey and Las Vegas, Nevada under the Tropicana name and in Laughlin, Nevada, as Ramada Express. We own and operate casino riverboats in Caruthersville, Missouri and Evansville, Indiana under the Casino Aztar name. Our product concept is the creation of fun, fantasy, excitement and entertainment in a casino gaming environment. Each of our casinos is designed and operated to serve the unique demographics of its particular market.

Approximately 76% of our consolidated revenues were generated from gaming activities and nearly 11% from rooms revenue. Gaming activity is generated from two primary sources: (1) slot machines and (2) table games. Casino revenue is the net win from gaming activities, which is the difference between gaming wins and losses before deducting costs and expenses. This is also referred to as the hold. The hold percentage is the relationship of hold to the total amount wagered. Rooms revenue is driven primarily by two factors: (1) average daily rate and (2) occupancy percentage. The average daily rate is a measure of the average rooms revenue generated per occupied room per night. The occupancy percentage is a measure of what portion of our total rooms available are occupied by guests. Both measurements are impacted primarily by customer demand.

General Themes

Our company and our industry rely in great part on consumer discretionary spending. As a result, we will generally experience higher revenues and operating income in periods of economic growth and when consumer confidence is rising. However, industry revenue tends to be less cyclical than in some other discretionary sectors.

As discussed below, several states have legalized or are considering legalizing various forms of casino gaming, from slots or video lottery terminals (VLTs) at horse racing tracks to full-service casinos. To the extent such competitive products are introduced in markets which overlap with our established casino markets, there may be dilution of our market penetration. Further, the expansion in the number and size of Native American casinos may slow or reverse growth in certain of our markets.

In recent years, several jurisdictions in which casino gaming is conducted have increased taxes on gaming and hotel

operations, including gaming taxes, hotel taxes and admissions taxes. In an environment in which state governments have to deal with budget shortfalls, the potential for further tax increases on the industry exists.

In order to facilitate growth, large amounts of capital are required for the construction, expansion and acquisition of casino facilities. Since 2003, the industry has had access to abundant and relatively inexpensive sources of capital as interest rates have continued at historic record lows. The continued availability of this inexpensive capital will be critical as we look for growth and expansion opportunities in the future.

Our industry has for many years been subject to consolidation. The past year witnessed three significant mergers/acquisitions, which created a small group of very large gaming companies. This consolidation may negatively affect our ability to compete as effectively, as loyalty-based incentive programs and aggressive pricing practices may impact our market share and profitability.

F-39

The casino and hospitality industries can be adversely affected by terrorist activity or the threat, perceived or otherwise, of terrorist activity. Such activity or threat may limit levels of business and personal travel and cause concerns about the safety of high-profile tourism areas, such as Las Vegas.

We have several development projects that are either in progress or are being considered, including (a) a new hotel and entertainment complex adjacent to our Evansville facility, (b) our announced application for a gaming license in Allentown, Pennsylvania and (c) the prospective redevelopment of the Las Vegas Tropicana. The success of each of these actual or prospective projects will be dependent on (1) construction being on-time and within budget, (2) the realization of the market assumptions made in the project evaluation, and (3) the successful introduction and operation of the new facility.

Property Specific Opportunities and Challenges

Tropicana Atlantic City

In our most important market, Atlantic City, several properties in the market have opened or, in the near future, are scheduled to open additions to their facilities. These include hotel room additions, new and enhanced retail, dining and entertainment facilities and casino floor expansions. While we continue to believe that the Atlantic City market can eventually successfully absorb these additions, they may pose a competitive threat to our property and could affect profitability.

In 2004, Pennsylvania passed legislation to legalize slots at 7 horse racing tracks, 5 independent slot parlors and 2 resort slot parlors. At least four of these facilities will be in the greater Philadelphia area, an important market for our Atlantic City property.

Several nearby states have considered or are considering expansion or implementation of various forms of gaming. New Jersey has considered VLTs at the Meadowlands racetrack in northern New Jersey. Maryland has considered slots at horse racing tracks or larger full-scale casinos. The State of New York is witnessing the installation of VLTs at certain of its horse racing tracks and the preparation for Native American casinos in the Catskills. While the proliferation of gaming in these jurisdictions is not positive for Atlantic City, we believe that a) the Eastern seaboard is still not approaching the penetration levels that other markets enjoy and b) the variety and breadth of the Atlantic City market sets it apart as unique from other venues in the region.

The state legislature in New Jersey recently enacted a prohibition of smoking in public places; casinos were specifically excluded from this prohibition. Legislation that would expand the prohibition to casinos has been introduced. Such a prohibition may negatively impact revenues for the entire Atlantic City casino market, including Tropicana Atlantic City.

Tropicana Las Vegas

Tropicana Las Vegas sits on an approximately 34 acre parcel at one of the premier locations in Las Vegas. With the completion of the expansion in Atlantic City, this property represents a significant growth opportunity for us. The current operations at the site are successful, but the age of the improvements make us less attractive and competitive than many of the newer properties in our vicinity. We are evaluating whether to build a new casino hotel resort on the northernmost half of the property. A detailed design has substantially been completed. However, we have not yet made a decision about whether and when we will proceed with this development. The decision to proceed may depend, among other things, upon the

F-40

health of the Las Vegas and national economies, the competitive environment on the Las Vegas Strip, and the cost of constructing a new casino hotel resort. We would have to raise a portion of the cost in the capital markets. The continued access to attractively priced capital would affect the economic cost of the project and the ultimate return to shareholders. We view this opportunity as an important step in our growth. The southern portion of the site would be held for our future development, joint venture development, or sale for development by another party.

Financial Condition - Liquidity and Capital Resources

Cash

During 2005, we changed from a 52/53 week fiscal year (ending on the Thursday nearest December 31) to a calendar year, which ends on a very busy New Year's Eve. As a result of the holiday period and no access to banks for cash, our cash balance at December 31, 2005 was higher than at December 30, 2004.

Senior Secured Credit Facility

Our \$675 million senior secured credit facility consists of a five-year revolving credit facility of up to \$550 million and a five-year term loan facility of \$125 million. At December 31, 2005, the outstanding balance of our revolving credit facility was \$124.5 million, leaving \$369.6 million available for future borrowing, after consideration of outstanding letters of credit, subject to quarterly financial tests as described below. At December 31, 2005, the outstanding balance of our term loan facility was \$123.1 million.

Under the senior secured credit facility, the original term loan facility calls for quarterly principal payments of approximately \$0.3 million on a calendar basis through June 29, 2007, then approximately \$3.1 million through June 30, 2008 and then \$5.0 million through March 31, 2009, with the balance due at maturity. If we do not commence redevelopment of the Las Vegas Tropicana property or enter into an alternative project approved by lenders holding a majority of the commitments, then \$125 million of the revolving credit facility will terminate by June 30, 2006; if, however, this termination has not occurred, then under certain circumstances (and no later than December 31, 2006), the senior secured credit facility provides that an amount equal to the lesser of \$125 million or the revolving loans

outstanding on December 31, 2006, shall convert to a term loan, which shall have the same maturity and will amortize at the same percentage rates as the original term loan facility. Under the senior secured credit facility, interest on the respective facilities is computed based upon, at our option, a one-, two-, three- or six-month Eurodollar rate plus a margin ranging from 1.25% to 2.75%, or the prime rate plus a margin ranging from 0.25% to 1.75%; the applicable margin is dependent on our ratio of outstanding indebtedness to operating cash flow, as defined. As of December 31, 2005, the margin was at 0.25% greater than the lowest level. Interest computed based upon the Eurodollar rate is payable quarterly or on the last day of the applicable Eurodollar interest period, if earlier. Interest computed based upon the prime rate is payable quarterly. We incur a commitment fee ranging from 0.25% to 0.625% per annum on the unused portion of the revolving credit facility.

The senior secured credit facility imposes various restrictions on us, including limitations on our ability to incur additional debt, commit funds to capital expenditures and investments, merge or sell assets. The senior secured credit facility prohibits dividends on our common stock (other than those payable in common stock) and repurchases of our common stock in excess of \$30 million per year with limited exceptions. In addition, the senior secured credit facility contains

F-41

quarterly financial tests, including a minimum fixed charge coverage ratio of 1.35 to 1.00 at December 31, 2005 and maximum ratios of total debt and senior debt to operating cash flow of 4.5 to 1.0 and 2.5 to 1.0, respectively, at December 31, 2005. The actual fixed charge coverage ratio was 2.49 to 1.00 and the actual total debt and senior debt to operating cash flow ratios were 3.46 to 1.0 and 1.35 to 1.0, respectively, at December 31, 2005. Should we commence the redevelopment of the Tropicana Las Vegas or an approved alternative project, a quarterly "in-balance" test demonstrating that aggregate cash available or reasonably anticipated to be available to us and our subsidiaries is sufficient to meet remaining required uses of cash, including committed capital expenditures in connection with any construction project. The senior secured credit facility includes usual and customary events of default for facilities of this nature (with customary grace periods, as applicable), and provides that, in the event of a change in control, as defined, the majority lenders will have the right to require prepayment of the facility.

Our day-to-day operations are financed through a net working capital deficit, a practice that is common among companies operating in the gaming industry. Cash needs are evaluated daily, and if necessary, are satisfied by drawing on our revolving credit facility. Because our casinos generate significant cash flows on a daily basis, we generally apply any cash excesses to our revolving credit facility after satisfying current liabilities that are due within the course of their normal business cycle. We believe that the existence of a working capital deficit has no impact on our ability to operate our business or meet our obligations as they become due.

Other Long-term Debt

Interest on the 7 7/8% Notes is payable semiannually on June 15 and December 15. At any time prior to June 15, 2009, the 7 7/8% Notes are redeemable at our option, in whole or in part, at a price of 100% of the principal amount plus a redemption premium plus accrued and unpaid interest. The redemption premium will be equal to the greater of (1) 1% of the principal amount or (2) the excess of (A) the sum of the present values of (i) 103.938% of the principal amount and (ii) all required interest payments through June 15, 2009, excluding accrued but unpaid interest, computed in each case using a discount rate equal to the Treasury rate at the time of redemption plus 50 basis points over (B) the principal amount. On or after June 15, 2009, the 7 7/8% Notes are redeemable at our option, in whole or in part, at prices from 103.938% of the principal amount plus accrued and unpaid interest declining to 100% of the principal

amount plus accrued and unpaid interest beginning June 15, 2012.

At any time on or prior to June 15, 2007, we may redeem up to 35% of the aggregate principal amount of the notes issued under the indenture for the 7 7/8% Notes with the net proceeds of one or more equity offerings by the company at a redemption price of 107.875% of the principal amount plus accrued and unpaid interest, provided that (1) at least 65% of the principal amount of the 7 7/8% Notes issued remains outstanding immediately after such redemption and (2) the redemption occurs within 60 days of the closing of such equity offering.

Interest on the 9% Senior Subordinated Notes due August 15, 2011 is payable on February 15 and August 15. At any time prior to August 15, 2006, the 9% Notes are redeemable at our option, in whole or in part, at a price of 100% of the principal amount plus a redemption premium plus accrued and unpaid interest. The redemption premium will be equal to the greater of (1) 1% of the principal amount or (2) the excess of (A) the sum of the present values of (i) 104.5% of the principal amount and (ii) all required interest payments through August 15, 2006, excluding accrued but unpaid interest, computed in each case using a discount rate equal to the Treasury rate at the time of redemption plus 50 basis points over (B) the principal

F-42

amount. On or after August 15, 2006, the 9% Notes are redeemable at our option, in whole or in part, at prices from 104.5% of the principal amount plus interest declining to 100% of the principal amount plus interest beginning August 15, 2009.

The 7 7/8% Notes and 9% Notes, ranked pari passu, are general unsecured obligations and are subordinated in right of payment to all of our present and future senior indebtedness. Upon change of control of the company, the holders of the 7 7/8% Notes and 9% Notes would have the right to require repurchase of the respective notes at 101% of the principal amount plus accrued and unpaid interest. Certain covenants in the 7 7/8% Notes and 9% Notes limit our ability to incur indebtedness, make certain payments or engage in mergers, consolidations or sales of assets.

During 2006, depending primarily on the progress of our possible development activities in Las Vegas, Nevada and Allentown, Pennsylvania, we may begin evaluating our need and ability to refinance our variable rate credit facility and our 9% Notes. The purpose of refinancing our 9% Notes would be to extend the 2011 maturity date and if market conditions permit, procure a more favorable interest rate. The purpose of refinancing our variable rate credit facility would be to expand our borrowing potential and extend the 2009 maturity date. If the company were successful in refinancing this debt, the unamortized debt issuance costs associated with the 9% Notes and all or a portion of the unamortized debt issuance costs associated with the variable rate debt would be expensed and classified as a loss on the early retirement of debt. At December 31, 2005, these unamortized costs totaled \$7.9 million. Any premium paid to retire this debt would also be a loss on the early retirement of debt.

Additional Source and Use of Cash

During 2005, we received \$10.1 million in cash in connection with stock option exercises. Our purchases of property and equipment, other than those pertaining to the Tropicana Atlantic City expansion project and the development in Evansville, Indiana discussed below, were primarily of a routine nature.

Tropicana Atlantic City Development

On April 22, 2002, we commenced construction on an expansion of our Tropicana Atlantic City. The expansion includes 502 additional hotel rooms, 20,000 square feet of meeting space, 2,400 parking spaces, and "The Quarter at

Tropicana," the project's centerpiece, a 200,000-square-foot dining, entertainment and retail center. On October 30, 2003, an accident occurred on the site of the expansion of the Atlantic City Tropicana that brought construction to a halt. The accident resulted in the loss of life and serious injuries, as well as extensive damage to the facilities under construction. The expansion opened in late November 2004 on a limited basis and was substantially completed by December 30, 2004. Some tenants in the Quarter opened in early 2005. During 2005, our purchases of property and equipment on an accrual basis were \$11.1 million for this project and on a cash basis they were \$29.4 million. No interest was capitalized during 2005 for this project.

Insurance claims for business interruption that occurred from the date of the accident through December 31, 2005 have been filed with our insurers in the amount of \$52.1 million, of which \$3.5 million has been received. In addition, we have filed insurance claims for lost profits and additional costs as a result of the delay in the opening of the expansion. The total of these claims is \$70.1 million, of which \$9.2 million has been received. Profit recovery from insurance is recorded when the amount of the recovery, which may be different than the amount claimed, is agreed to by the insurers. We have also filed insurance claims of \$9.0 million for other costs we have incurred that are related to the construction accident, of

F-43

which \$1.5 million has been received. These other costs are primarily supplemental marketing costs and \$1.6 million was included as part of the construction accident receivables at December 31, 2005. In order to ensure that the construction proceed expeditiously and in order to settle certain disputes, we and the general contractor entered into a settlement agreement on October 6, 2004 that delineates how we and the contractor will share the cost of and the insurance proceeds received for the dismantlement, debris removal and rebuild. During 2005, we recorded \$7.2 million of insurance recovery associated with the rebuild of which \$0.5 million was included in construction accident receivables at December 31, 2005. The recovery was recognized as other income and was offset by \$1.2 million of direct costs to obtain the recovery. In addition, at December 31, 2005, our share of claims outstanding for dismantlement, debris removal and rebuild was approximately \$37 million.

During 2005, we began the development of a two-phase master plan for the renovation of portions of our Tropicana Atlantic City. Phase one of the renovation, which is expected to be completed by December 2006, will include enhancements to portions of the south casino, the north tower hotel rooms and certain non-gaming amenities. Phase two of the renovation is still being finalized. It is expected to include enhancements to the balance of the casino floor and a refurbishment of the south tower hotel rooms. A primary objective of the two-phase renovation is to better integrate the Tropicana's existing décor with that of the recently completed expansion. Our capital expenditures for phase one of the project are expected to be approximately \$25 million. Capital expenditures for phase two of the project have not yet been quantified.

Tropicana Las Vegas Development

Our master plan for a potential development of our Las Vegas Tropicana site envisions the creation of two separate but essentially equal and inter-connected 17-acre sites. The north site would be developed by us. The south site would be held for our future development, joint venture development, or sale for development by another party.

For development of a potential project on the north site, a detailed design has substantially been completed. The design calls for 2,725 hotel rooms and suites, 200,000 square feet of dining, entertainment and retail facilities, a 100,000-square-foot casino, a 3,800-car parking garage, and a four-acre rooftop pool recreation deck overlooking the Strip. During 2005, we capitalized \$4.5 million for development costs, which are included in other assets. We have

not yet made a decision about whether and when we will proceed with this development. The amount and timing of any future expenditure, and the extent of any impact on existing operations, will depend on the nature and timing of the development we ultimately undertake, if any. If we decide to abandon any facilities in the development process, we would have to conduct a review for impairment with a possible write-down and review their useful lives with a possible adjustment to depreciation and amortization expense. These reviews could result in adjustments that have a material adverse effect on our consolidated results of operations.

The net book value of the property and equipment used in the operation of the Las Vegas Tropicana, excluding land at a cost of \$110 million, was \$54.9 million at December 31, 2005. The net book value of accounts receivable, inventories and prepaid expenses at the Las Vegas Tropicana was \$6.9 million at December 31, 2005.

Casino Aztar Evansville Development

In December 2002, we amended our riverboat landing lease with the City of Evansville. We agreed to change a portion of our contingent rent into a fixed stated amount and to make it available to the City at their request. The City

F-44

agreed to provide us with \$1 of credit against our rent for each \$2.50 of development capital expenditures that we make with certain limitations. In July 2005, we exercised the first of three five-year renewal options to extend the lease term through November 30, 2010. We also modified the lease to add four additional five-year renewal options that give us the ability to continue the lease through November 30, 2040. In consideration for doing so, we agreed to make a \$15 million prepayment of the rent payable during the first renewal period to the City in December 2005. Under the terms of the lease renewal, the City will provide us with \$1 of credit against our rent for each \$2.50 of development capital expenditures up to \$25 million that we make. Phase one of our plans for development in Evansville includes a 100-room boutique hotel and a multi-venue entertainment complex adjacent to a park. Our capital expenditures for this phase are expected to be approximately \$32 million. During 2005, our purchases of property and equipment on an accrual basis were \$3.5 million for this project.

Allentown, Pennsylvania Development

In 2004, the governor of the Commonwealth of Pennsylvania signed into law the Pennsylvania Race Horse Development and Gaming Act. The Gaming Act legalized slot machine gaming at 14 facilities. Gaming operators wishing to obtain a gaming license were required to complete and submit an application to the Pennsylvania Gaming Control Board (the PAGCB). The PAGCB, which has final authority for reviewing applications and granting licenses, is an independent administrative board consisting of three persons appointed by the governor and four legislative appointees.

The 14 gaming licenses to be awarded consist of seven Category I licenses, five Category II licenses and two Category III licenses. The Category I licenses will be awarded to seven horse or harness racing tracks operating or being developed in Pennsylvania, and permit up to 5,000 slot machines at each track. The five Category II licenses will be awarded to five independent gaming operators and permit up to 5,000 slot machines on each approved site. Under the Gaming Act, two of the five Category II gaming licenses will be awarded in the city of Philadelphia and one will be awarded in the city of Pittsburgh. The two remaining Category II licenses will be awarded in cities outside of Philadelphia and Pittsburgh. The two Category III licenses will be awarded to two independent gaming operators in resort areas and permit up to 500 slot machines on each approved site.

In December 2005, we filed an application with the PACGB for one of the Category II gaming licenses that will be

awarded outside of Philadelphia and Pittsburgh. If we are granted a license, we plan to develop and operate a destination entertainment facility in Allentown, the third-largest city in Pennsylvania. We have proposed investing \$325 million in the project, which is expected to provide for a 250-room hotel, 100,000 square feet of casino space, with 3,000 slot machines, 10 to 13 restaurants and lounges, an executive conference center and 3,400 parking spaces. During 2005, we capitalized \$1.9 million for site acquisition, design development and licensing costs related to our planned investment in Allentown. If we ultimately fail to obtain a license in Pennsylvania, we would expense any development costs unrelated to land acquisitions, which were approximately \$0.2 million at December 31, 2005.

Defined Benefit Plan Payment

During the 2005 first quarter, we made a lump sum cash payment of \$8.2 million to a defined benefit plan participant in exchange for the participant's right to receive specified pension benefits. In connection with the distribution, we recognized a settlement loss of \$2.9 million in the 2005 first quarter, which is a component of general and administrative expense in the Consolidated Statement of Operations.

F-45

Stock Repurchase Program

In December 2002, our board of directors authorized discretionary repurchases of up to 4.0 million shares of our common stock. We do not anticipate the stock repurchase program to impact the timing, scope or financing of our development plans. During 2005, we did not repurchase any shares of our common stock under the program. Since the program's inception, we have repurchased a total of 3,205,776 shares at an average price of \$14.42 per share. Purchases under the program are made from time to time in the open market or privately negotiated transactions, depending upon market prices and other business factors.

Stock Exchange

We accepted 119,649 shares of our common stock in the second quarter of 2005 in lieu of cash due to the company in connection with the exercise of stock options. We also accepted an additional 189,318 shares in satisfaction of \$5.8 million of tax obligations paid by the company during the 2005 second quarter, which were associated with the exercise of stock options. Such shares of common stock are stated at cost and held as treasury shares to be used for general corporate purposes.

Contingent Liabilities and Commitments

We agreed to indemnify Ramada Inc. against all monetary judgments in lawsuits pending against Ramada and its subsidiaries as of the conclusion of the restructuring of Ramada on December 20, 1989, as well as all related attorneys' fees and expenses not paid at that time, except for any judgments, fees or expenses accrued on the hotel business balance sheet and except for any unaccrued and unreserved aggregate amount up to \$5 million of judgments, fees or expenses related exclusively to the hotel business. We are entitled to the benefit of any crossclaims or counterclaims related to such lawsuits and of any insurance proceeds received. There is no limit to the term or the maximum potential future payment under this indemnification. In addition, we agreed to indemnify Ramada for certain lease guarantees made by Ramada. The lease terms potentially extend through 2015 and Ramada guaranteed all obligations under these leases. We have recourse against a subsequent purchaser of the operations covered by these leases. The estimated maximum potential amount of future payments we could be required to make under these indemnifications is \$7.0 million at December 31, 2005. We would be required to perform under this guarantee 1) if monetary

judgments and related expenses in lawsuits pending against Ramada and its subsidiaries as of the conclusion of the restructuring of Ramada exceeded the above described amount, or 2) if lessees with lease guarantees failed to perform under their leases, the lessee and lessor could not reach a negotiated settlement and the lessor was able to successfully proceed against Ramada, who in turn was able to successfully proceed against the company. In connection with these matters, we established a liability at the time of the restructuring of Ramada and our remaining accrued liability was \$3.8 million at both December 31, 2005 and December 30, 2004.

We have severance agreements with certain of our senior executives. Severance benefits range from a lump-sum cash payment equal to three times the sum of the executive's annual base salary and the average of the executive's annual bonuses awarded in the preceding three years plus payment of the value in the executive's outstanding stock options and vesting and distribution of any restricted stock to a lump-sum cash payment equal to the executive's annual base salary. In certain agreements, the termination must be as a result of a change in control of Aztar. Based upon salary levels and stock options at December 31, 2005, the aggregate commitment under the severance agreements should all these executives be terminated was approximately \$38 million at December 31, 2005.

F-46

At December 31, 2005, we had commitments of approximately \$18 million for the hotel and entertainment complex at Casino Aztar Evansville.

Contractual Obligations

The following table summarizes our future contractual obligations, in millions, at December 31, 2005:

<u>Contractual Obligations</u>	<u>Total</u>	<u>Payments due by period</u>			
		<u>Less than 1 Year</u>	<u>1-3 Years</u>	<u>3-5 Years</u>	<u>More than 5 Years</u>
Long-term debt, including current portion	\$ 723.0	\$ 1.3	\$ 46.2	\$ 200.3	\$ 475.2
Operating leases	12.2	3.8	5.7	2.4	0.3
Purchase obligations	75.3	68.8	5.8	0.6	0.1
Other long-term liabilities, including current portion	<u>17.2</u>	<u>0.8</u>	<u>1.9</u>	<u>2.6</u>	<u>11.9</u>
Total	<u>\$ 827.7</u>	<u>\$ 74.7</u>	<u>\$ 59.6</u>	<u>\$ 205.9</u>	<u>\$ 487.5</u>

Purchase obligations represent agreements to purchase goods or services that are enforceable and legally binding on

the company. Of the total purchase obligations at December 31, 2005, approximately \$15 million are cancelable by the company upon providing a 30 - 90 day notice. The commitments of approximately \$18 million for the hotel and entertainment complex at Casino Aztar Evansville are included in purchase obligations.

F-47

Results of Operations

The following table sets forth, in millions, our revenues and EBITDA on a consolidated basis and the portions thereof generated by each of our five casino properties. Our chief operating decision maker uses only EBITDA in assessing segment performance and deciding how to allocate resources. During 2005, we changed from a 52/53 week fiscal year (ending on the Thursday nearest December 31) to a calendar year ending December 31.

	<u>Year Ended</u>	
<u>2005</u>	<u>2004</u>	<u>2003</u>
	(52 weeks)	(52 weeks)

Revenues			
Tropicana Atlantic City	\$ 490.1	\$ 384.6	\$ 402.6
Tropicana Las Vegas	163.8	162.0	151.2
Ramada Express Laughlin	97.1	91.0	87.7
Casino Aztar Evansville	136.6	129.2	124.7
Casino Aztar Caruthersville	<u>27.8</u>	<u>23.2</u>	<u>22.8</u>
Total consolidated	\$ 915.4	\$ 790.0	\$ 789.0
	=====	=====	=====
EBITDA (a)			
Tropicana Atlantic City	\$ 118.7	\$ 81.8	\$ 105.0
Tropicana Las Vegas	39.0	36.2	26.1
Ramada Express Laughlin	27.3	23.0	20.5
Casino Aztar Evansville	41.3	37.4	35.8
Casino Aztar Caruthersville	<u>6.5</u>	<u>4.5</u>	<u>4.2</u>
Property EBITDA	232.8	182.9	191.6
Corporate	(20.8)	(17.5)	(15.7)
Depreciation and amortization	<u>(67.5)</u>	<u>(55.1)</u>	<u>(50.9)</u>
Operating income	144.5	110.3	125.0
Other income	6.0	3.9	--
Interest income	1.4	0.8	0.7
Interest expense	(56.3)	(37.0)	(36.4)
Loss on early retirement of debt	--	(10.3)	--
Income taxes	<u>(39.6)</u>	<u>(39.2)</u>	<u>(28.4)</u>
Net income	\$ 56.0	\$ 28.5	\$ 60.9
	=====	=====	=====

- (a) EBITDA is net income before income taxes, loss on early retirement of debt, interest expense, interest income, other income, and depreciation and amortization. EBITDA should not be construed as a substitute for either operating income or net income as they are determined in accordance with generally accepted accounting principles (GAAP). Management uses EBITDA as a measure to compare operating results among our properties and between accounting periods. We manage cash and finance our operations at the corporate level. We manage the allocation of capital among properties at the corporate level. We also file a consolidated income tax return. Management accordingly believes EBITDA is useful as a measure of operating results at the property level because it reflects the results of operating decisions at that level separated from the effects of tax and financing decisions that are managed at the corporate level. We also use EBITDA as the primary operating performance measure in our bonus programs for executive officers. Management also believes that EBITDA is a commonly used measure of operating performance in the gaming industry and is an important basis for the valuation of gaming companies. Our calculation of EBITDA may not be comparable to similarly titled measures reported by other companies and, therefore, any such differences must be considered when comparing performance among different

companies. While management believes EBITDA provides a useful perspective for some purposes, EBITDA has material limitations as an analytical tool. For example, among other things, although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and EBITDA does not reflect the requirements for such replacements. Other income, interest expense, net of interest income, loss on early retirement of debt, and income taxes are also not reflected in EBITDA. Therefore, management does not consider EBITDA in isolation, and it should not be considered as a substitute for measures determined in accordance with GAAP. A reconciliation of EBITDA with operating income and net income as determined in accordance with GAAP is reflected in the above summary.

Results of Operations - 2005 versus 2004

The Tropicana Atlantic City expansion project opened on a limited basis in late November 2004 and was substantially completed by December 2004. As a result, both consolidated operating revenues and consolidated operating costs increased significantly during 2005, thus affecting comparability with 2004. To a lesser extent, year-over-year comparability was also affected by two additional events: (1) business interruption caused by the October 30, 2003 construction accident on the site of our Atlantic City expansion project, which was more severe in 2004 than in 2005 and (2) our decision to change our fiscal year to a calendar year. During 2005, we changed from a 52/53 week fiscal year (ending on the Thursday nearest December 31) to a calendar year ending December 31. As a result of changing our fiscal year, the period ended December 31, 2005 reflects the company's results of operations for a 366-day period beginning December 31, 2004. The period ended December 30, 2004 reflects the company's results of operations for a 364-day period beginning January 2, 2004. Also, partially as a result of the change to a calendar year, all our properties benefited from the timing of New Year's Eve, which fell in the 2005 fiscal first and fourth quarters and New Year's Day, which fell in the 2005 fiscal first quarter. Neither New Year's Eve nor New Year's Day fell in fiscal 2004.

Consolidated casino revenue was \$700.2 million in 2005, up \$90.9 million or 15% from \$609.3 million in 2004. The increase consisted primarily of a \$76.7 million increase at Tropicana Atlantic City as well as a \$6.6 million increase at Casino Aztar Evansville and a \$4.6 million increase at both Ramada Express Laughlin and Casino Aztar Caruthersville. These increases were offset slightly by a \$1.6 million decrease in casino revenue at Tropicana Las Vegas. The increase in casino revenue at Tropicana Atlantic City was primarily the result of three factors: (1) the November 2004 opening of the Atlantic City expansion, (2) business interruption caused by the October 30, 2003 construction accident, which was more severe in 2004 than in 2005 and (3) our decision to change our fiscal year to a calendar year. The increase in casino revenue at Casino Aztar Evansville was driven by an increase in the total number of patrons visiting our riverboat during 2005. A partial reason for this was that the number of patrons visiting Casino Aztar Evansville was suppressed in the 2004 fiscal fourth quarter due to a heavy winter snowstorm. The increase in casino revenue at Casino Aztar Caruthersville was also driven by an increase in the total number of patrons visiting our riverboat during 2005. An increase in the use of cash incentives contributed to the increase in patronage at Casino Aztar Caruthersville. The increase in casino revenue at Ramada Express Laughlin was driven by increases in both the slot win percentage and the volume of slot play, which was partially due to the growth of markets that feed into Laughlin.

Consolidated casino costs increased \$23.2 million, up 9% from \$255.1 million in 2004. The increase consisted primarily of a \$19.3 million increase at Tropicana Atlantic City, a \$2.9 million increase at Casino Aztar Evansville and a \$1.3 million increase at Casino Aztar Caruthersville, offset by a \$0.3 million decrease

at Tropicana Las Vegas. Casino costs at Ramada Express Laughlin held constant at \$24.7 million in 2005 versus 2004. The changes in casino costs at the properties noted above, except for Ramada Express Laughlin, were primarily due to changes in casino revenue during 2005 as compared with 2004. Casino costs at Ramada Express Laughlin were favorably impacted by cost savings.

Consolidated rooms revenue was \$104.1 million in 2005, up 21% from \$85.7 million in 2004. The increase consisted primarily of a \$13.2 million increase at Tropicana Atlantic City and a \$3.8 million increase at Tropicana Las Vegas. The increase at Tropicana Atlantic City was due to both an increase in the number of rooms occupied on a non-complimentary basis and an increase in the average daily rate. These increases were attributable to increased demand brought on by the November 2004 opening of our Atlantic City expansion. The increase at Tropicana Las Vegas was due to an increase in the average daily rate, which was primarily attributable to increased tourism to the Las Vegas market. Consolidated rooms costs were \$47.5 million, up \$4.9 million from \$42.6 million in 2004. The increase was primarily due to Tropicana Atlantic City, where rooms costs increased \$4.1 million as a result of higher payroll related costs associated with the increase in occupied rooms.

Consolidated general and administrative expenses increased \$8.6 million or 10% during 2005 from \$85.5 million during 2004. The increase was largely due to corporate and Atlantic City, where general and administrative expenses increased \$3.7 million and \$3.3 million, respectively. The increase at corporate consisted of a settlement loss of \$2.9 million related to a lump sum cash payment made to a defined benefit plan participant and employee termination expenses totaling \$1.5 million partially offset by savings after these events. The increase at Atlantic City was due primarily to higher payroll costs associated with the expansion.

See the Tropicana Atlantic City discussion below for the primary reasons affecting the changes in consolidated other revenue and consolidated costs and expenses consisting of marketing, utilities, property taxes and insurance, construction accident related, construction accident insurance recoveries, depreciation and amortization, and preopening costs.

Tropicana Atlantic City

As previously noted, the Tropicana Atlantic City expansion project includes 502 additional hotel rooms, 20,000 square feet of meeting space, 2,400 parking spaces, and the Quarter, the project's centerpiece, a 200,000-square-foot dining, entertainment and retail center. As a result of the expansion, Tropicana Atlantic City has 2,129 hotel rooms, which represents approximately 30% more capacity. The Quarter includes approximately 40 outlets consisting of restaurants, entertainment venues and retail stores. Due to its unique nature and the diversity of venues available to customers, The Quarter generated media attention and created interest among local residents and visitors to Atlantic City. For these reasons, coupled with marketing efforts, demand for hotel rooms and gaming activities at the Tropicana increased during 2005 as compared with 2004. Revenues in 2005 totaled \$490.1 million, up \$105.5 million or 27% from 2004. The comparatively higher revenues in 2005 versus 2004 also were attributable to business interruption caused by the October 30, 2003 construction accident, which was more severe in 2004 than in 2005. The increase in revenues consisted primarily of casino revenue, which increased \$76.7 million or 23%, and to a lesser extent rooms revenue, which increased \$13.2 million or 54% and other revenue, which increased \$11.3 million or 110%.

The increase in casino revenue of \$76.7 million during 2005 versus 2004 consisted of a \$47.8 million increase in slot revenue and a \$28.9 million increase in games revenue. Casino costs increased \$19.3 million or 14% from \$140.6 million in 2004, primarily as a result of the increase in casino revenue.

The increase in rooms revenue of \$13.2 million during 2005 compared with 2004 was attributable to an increase in the number of rooms occupied on a non-complimentary basis and an increase in the average daily rate. The total number of rooms occupied on a non-complimentary basis increased 37% and the average daily rate increased 13% during 2005 versus 2004. Rooms costs increased \$4.1 million or 28% in 2005 compared with 2004 primarily as a result of higher payroll related costs. The increase in payroll related costs was due to the opening of the new 502-room hotel tower in November 2004 and higher employee benefit costs arising from a new labor contract that was ratified in the 2004 fourth quarter.

The increase in other revenue of \$11.3 million during 2005 compared with 2004 was due primarily to an increase in rental revenue of approximately \$4.2 million, guarantee fee income of \$2.1 million, which was recognized in the 2005 third quarter, and revenue of \$1.9 million from the operations of the IMAX Theater, which opened in the 2004 fourth quarter. The increase in rental revenue is attributable to rent from tenants of The Quarter, which opened on a limited basis in November 2004. The \$2.1 million of guarantee fee income represents the unamortized balance of funds previously received in consideration for an agreement to collateralize a series of revenue bonds issued by the CRDA. The amount was previously classified as deferred income in the Consolidated Balance Sheet and was being amortized over the life of the bonds. The unamortized balance was recognized as other revenue upon the CRDA providing notice that the revenue bonds had been refunded and the company had been released from its guarantee.

As previously noted, the increase in gaming and hotel revenues was partially attributable to our marketing efforts to promote the opening of the expansion. As a result, marketing costs increased \$16.7 million or 33% in 2005 from \$50.5 million in 2004. The increase in marketing costs consisted primarily of increases in business promotional expenses, entertainment contracts, payroll costs and advertising expenses.

General and administrative expense increased \$3.3 million in 2005 or 11% from \$28.8 million in 2004. The increase was due to higher payroll costs attributable to the expansion primarily for security personnel as well as a combination of other less significant factors including increases in the provision for loss on CRDA investments and litigation costs.

Utilities expense was \$16.9 million in 2005, up \$5.4 million or 47% from 2004. In addition to the increased energy consumption brought on by the expansion, the increase was attributable to a new electrical power contract that became effective July 2004. The new contract, which replaced a contract that had been in place since July 1997, contains less favorable rates.

Property taxes and insurance expense increased \$3.8 million in 2005, up 17% from \$22.5 million in 2004. This increase was due primarily to property taxes, which were higher in 2005 as a result of the expansion.

Construction accident related expense increased slightly to \$4.3 million in 2005 from \$4.0 million in 2004. The costs and expenses in 2005 primarily consist of professional fees incurred as a result of the October 30, 2003 construction accident. The costs and expenses in 2004 primarily consist of supplemental marketing costs incurred to decrease the effect of the business interruption caused by the accident as well as professional fees incurred.

Construction accident insurance recoveries were \$11.3 million lower in 2005 versus 2004. The 2005 recoveries consisted of recoveries due to the delay in the opening of the Atlantic City Tropicana expansion project totaling \$0.9 million. The 2004 recoveries consisted of recoveries due to the delay in the opening of the Atlantic

recoveries from the delay in the opening of the expansion project represent a portion of the anticipated profit that we would have recognized had the expansion opened as originally projected as well as some reimbursement for costs incurred as a result of the delay. The business interruption recovery reflects a profit recovery applicable to the fourth quarter of 2003. These types of insurance recoveries are recorded when they are agreed to by our insurers.

Depreciation and amortization expense was \$44.5 million in 2005, up \$11.1 million or 33% from \$33.4 million in 2004. The increase was primarily due to the expansion.

Preopening costs were \$2.9 million in 2004. These costs relate to marketing costs incurred to promote The Quarter prior to its November 2004 opening.

Tropicana Las Vegas

Rooms revenue increased \$3.8 million in 2005, up 8% from \$49.8 million in 2004. The increase was primarily attributable to a 9% increase in the average daily rate. Our average daily rate was higher in 2005 relative to 2004 due to increased tourism to the Las Vegas market.

Ramada Express Laughlin

Casino revenue increased \$4.6 million in 2005, up 7% from \$68.1 million in 2004. The increase consisted entirely of a \$4.6 million increase in slot revenue, which was attributable to increases in both the slot win percentage and the volume of slot play. The year-over-year growth in the volume of slot play was due in part to the growth of the surrounding markets that feed into Laughlin.

Despite the increase in casino revenue, casino costs were \$24.7 million in 2005, unchanged from 2004. Casino costs were consistent in 2005 versus 2004 due primarily to the cost savings achieved by removing certain slot machines from the casino floor during 2005 and reductions in payroll and related costs. Slot machines removed from the casino floor consisted primarily of those in which we incur fees payable to the manufacturers of those machines. The cost savings achieved from this reduction were offset by an increase in gaming taxes, which are based on casino revenue.

Casino Aztar Evansville

Casino revenue was \$123.6 million in 2005, up 6% from \$117.0 million in 2004. The increase consisted of a \$4.4 million increase in slot revenue and a \$2.2 million increase in games revenue. The year-over-year growth in casino revenue was due largely to an increase in the number of patrons visiting our riverboat in December 2005 versus December 2004. The number of patrons visiting our riverboat was down considerably in December 2004 due to a heavy winter snowstorm. Casino costs increased \$2.9 million, up 7% from \$44.4 million primarily due to the increase in casino revenue.

Casino Aztar Caruthersville

Casino revenue increased \$4.6 million in 2005, up 21% from \$22.2 million in 2004. The increase was largely due to a \$4.5 million increase in slot revenue, which was attributable to an increase in the volume of slot play. The year-over-year growth in volume was due to an increase in the total number of patrons visiting our riverboat, driven in part by an increase in the use of cash incentives as well as

free admission to our riverboat, which became effective December 31, 2004. Casino costs increased \$1.3 million or 15% in 2005 versus 2004 primarily as a result of the increase in casino revenue.

Corporate

Corporate general and administrative expenses increased \$3.7 million, up 22% from \$16.6 million in 2004. During the 2005 first quarter, we made a lump sum cash payment of \$8.2 million to a defined benefit plan participant in exchange for the participant's right to receive specified pension benefits. The distribution resulted in a settlement loss of \$2.9 million in the 2005 first quarter. During the 2005 second quarter, we recognized employee termination expenses of \$1.5 million consisting of a severance payment and costs recognized upon the acceleration of the vesting provisions of certain of the individual's stock options. These nonrecurring expenses were offset slightly by savings after these events.

At December 31, 2005, we have an unrecognized actuarial loss of \$6.5 million in connection with our defined benefit plans and deferred compensation plan. We expect to recognize \$1.1 million in the Consolidated Statement of Operations in 2006 with the remainder recognized in the years beyond 2006. The comparable amount for 2005 was \$0.5 million.

Other Income

Other income was \$6.0 million in 2005, up \$2.1 million from \$3.9 million in 2004. Other income consists of \$6.0 million and \$10.5 million in 2005 and 2004, respectively, of insurance recovery associated with the rebuilding of the expansion at the Atlantic City Tropicana, net of direct costs to obtain the recovery. Also included in 2004 was \$5.0 million of costs incurred to repair damage and \$1.6 million of dismantlement and debris removal costs that were probable of not being recovered under insurance.

Interest Expense

Consolidated interest expense was \$56.3 million in 2005 compared with \$37.0 million in 2004. The increase in interest expense was due to a decrease in capitalized interest as well as increases in both the average cost of borrowing under our credit facility and the average level of debt outstanding. The decrease in capitalized interest was attributable to the Atlantic City expansion project, which was substantially completed in December 2004. Interest capitalized was \$12.8 million lower in 2005 versus 2004.

Loss On Early Retirement Of Debt

Loss on early retirement of debt was \$10.3 million in 2004. The loss, which resulted from the redemption of our outstanding 8 7/8% Senior Subordinated Notes, consisted of a redemption premium of \$7.6 million and the write-off of unamortized debt issuance costs of \$2.7 million.

Income Taxes

Consolidated income taxes were \$39.6 million in 2005 compared with \$39.2 million in 2004. The slight increase of \$0.4 million was largely due to an increase in income before income taxes offset by a decrease in the Indiana income tax provision. In connection with a review of our Indiana income tax returns for the years 1996 through 2002, the Indiana Department of Revenue took the position that our gaming taxes that are based on gaming revenue are not deductible for Indiana income tax purposes. In response to the position taken by the Indiana Department of Revenue,

we filed a petition with the Indiana Tax Court for the 1996 and 1997 tax years and we filed a formal protest for the 1998 through 2002 tax years. In April 2004, the Indiana Tax Court ruled in favor of the Indiana Department of Revenue. We asked the Indiana Supreme Court to review the ruling. Our request was denied. As a result, we estimated that we were obligated to pay approximately \$17.3 million to cover assessments of taxes and interest from 1996 through the end of the first quarter of 2004. This amount was deductible for federal income tax purposes, resulting in a net effect of approximately \$11.3 million, which was recorded as an increase to income tax expense in the first quarter of 2004. The ongoing effect of this issue is also included in income taxes after the first quarter of 2004.

Results of Operations - 2004 versus 2003

Consolidated casino revenue was \$609.3 million in 2004, down \$7.7 million or 1% from \$617.0 million in 2003. The decrease was due primarily to a \$15.9 million decrease in casino revenue at Tropicana Atlantic City offset by increases in casino revenue at Ramada Express Laughlin and Casino Aztar Evansville of \$2.9 million and \$3.7 million, respectively. The decrease in casino revenue at Tropicana Atlantic City resulted primarily from the impact of two separate events: (1) an accident on the site of the construction of the expansion on October 30, 2003 and (2) the July 3, 2003 opening of the Borgata Hotel, Casino and Spa. The increase in casino revenue at Casino Aztar Evansville was driven by an increase in the total number of patrons visiting the riverboat during 2004, which was attributable to the increased use of marketing and promotional activities. The increase in casino revenue at Ramada Express Laughlin was driven primarily by the growth of markets that feed into Laughlin.

Consolidated rooms revenue was \$85.7 million in 2004, up 12% from \$76.2 million in 2003. The increase was attributable primarily to Tropicana Las Vegas, where the average daily rate increased 17% and rooms occupied on a non-complimentary basis increased 4% during 2004 compared with 2003. The increase in the average daily rate and the higher occupancy were primarily attributable to increased tourism to the Las Vegas market. The increase in consolidated rooms revenue was offset by a \$3.3 million increase in consolidated rooms expense. The increase in consolidated rooms expense was due primarily to the increase in rooms revenue at Tropicana Las Vegas and additional payroll related costs at the Atlantic City Tropicana. The increase in payroll related costs at the Atlantic City Tropicana was due to the opening of the new 502-room hotel tower in November 2004, the use of temporary help during a five-week union strike and higher employee benefit costs arising from a new labor contract that was ratified in the 2004 fourth quarter.

Consolidated general and administrative expenses increased \$8.3 million or 11% during 2004 from \$77.2 million during 2003. The increase was due to increases at corporate and all of our operating properties with the exception of Casino Aztar Caruthersville. The increase is not attributable to any one significant factor but instead due to a combination of many smaller factors, including higher professional fees to comply with the regulatory requirements of Section 404 of the Sarbanes-Oxley Act of 2002, an increase in other professional fees, rising employee benefit and salary costs and increased executive incentive costs.

Consolidated utilities expense increased \$2.5 million or 14% in 2004 from \$17.8 million during 2003. The increase was attributable to increased energy consumption brought on by the Atlantic City expansion and a new electrical power contract at the Atlantic City Tropicana that became effective July 2004. The new contract, which replaced a contract that had been in place since July 1997, contains less favorable electrical rates.

Construction accident related expense was \$4.0 million in 2004, up from \$0.5 million in 2003. The expense relates primarily to supplemental marketing costs incurred to decrease the effect of the business interruption caused by the October 30, 2003 construction accident and professional fees incurred as a result of the construction accident.

Construction accident insurance recoveries were \$12.2 million in 2004. These recoveries consist of a business interruption recovery of \$3.5 million and recoveries due to the delay in the opening of the Atlantic City Tropicana expansion project totaling \$8.7 million. The business interruption recovery reflects a profit recovery applicable to the fourth quarter of 2003. The recoveries from the delay in the opening of the expansion project represent a portion of the anticipated profit that we would have recognized had the expansion opened as originally projected as well as some reimbursement for costs incurred as a result of the delay. Each recovery was recognized when agreed to by our insurers.

Preopening costs were \$2.9 million in 2004. These expenses relate primarily to the marketing efforts undertaken by the Atlantic City Tropicana during the 2004 third and fourth quarters to promote the Quarter.

Tropicana Atlantic City

Casino revenue was \$334.1 million in 2004, down \$15.9 million or 5% from \$350.0 million in 2003. The decrease in casino revenue was due to a \$15.9 million decrease in slot revenue. This decrease was attributable to increased competition from the July 3, 2003 opening of the Borgata Hotel, Casino and Spa and business interruption resulting from the October 30, 2003 construction accident previously mentioned. Casino costs decreased slightly to \$140.6 million from \$141.4 million.

Rooms revenue was \$24.4 million in 2004, almost unchanged from \$24.5 million in 2003. Despite the year-over-year consistency of rooms revenue, rooms expense increased \$1.4 million in 2004, up from \$13.1 million in 2003. This increase was due to a combination of factors including increased payroll costs attributable to the November 2004 opening of the new 502-room hotel tower, costs associated with the use of temporary help during a five-week union strike and higher employee benefit costs arising from a new labor contract that was ratified in the 2004 fourth quarter.

General and administrative expense increased \$3.5 million or 14% from \$25.3 million in 2003. The increase was due to a combination of factors including increases in payroll costs for added security personnel, asset disposal costs and professional fees, including those related to compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

Utilities expense was \$11.5 million in 2004, up \$2.5 million or 28% from 2003. As noted above, the increase was attributable to increased energy consumption brought on by the expansion and a new electrical power contract that became effective July 2004. The new contract, which replaced a contract that had been in place since July 1997, contains less favorable electrical rates. Repairs and maintenance expense increased \$2.0 million or 15% during 2004 compared to 2003. The increase was attributable to building repair and maintenance activities that were routine in nature in anticipation of the opening of the expansion.

Construction accident related expense was \$4.0 million in 2004. As noted above, this expense relates primarily to supplemental marketing costs incurred to decrease the effect of the business interruption caused by the October 30, 2003 construction accident as well as professional fees incurred as a result of the construction accident.

Construction accident insurance recoveries were \$12.2 million in 2004. As noted above, these recoveries consist of a business interruption recovery of \$3.5 million and recoveries due to the delay in the opening of the Atlantic City Tropicana expansion project of \$8.7 million. The business interruption recovery reflects a profit recovery applicable to the fourth quarter of 2003. The recoveries from the delay in the opening of the expansion project represent a portion of the anticipated profit that we would have recognized had the expansion opened as originally projected as well as some reimbursement for costs incurred as a result of the delay. Each recovery was recognized when agreed to by our insurers.

Preopening costs were \$2.9 million in 2004. As noted above, these expenses relate to marketing costs incurred to promote the Quarter.

Tropicana Las Vegas

Casino revenue was \$67.8 million in 2004, up slightly from \$66.7 million in 2003. Despite the slight increase in casino revenue, casino costs decreased \$2.6 million or 7% in 2004 compared to 2003, primarily due to a decrease in complimentary, player airfare reimbursement and costs associated with special events.

Rooms revenue increased \$8.8 million in 2004 compared with 2003 primarily as a result of a 17% increase in the average daily rate and a 4% increase in rooms occupied on a non-complimentary basis. Our average daily rate and our occupancy were higher in 2004 relative to 2003 due to increased tourism to the Las Vegas market. Rooms expense increased \$1.6 million or 8% in 2004 versus 2003 due to the increase in rooms revenue.

Ramada Express Laughlin

Casino revenue increased \$2.9 million, up 4% from \$65.2 million in 2003. This increase consisted primarily of a \$2.7 million increase in slot revenue. The year-over-year growth in casino revenue was consistent with the growth experienced by the Laughlin market and is related in part to the growth of the surrounding markets that feed into Laughlin. Casino costs increased \$0.3 million in the 2004 versus 2003 fiscal year primarily as a result of the increase in casino revenue.

Casino Aztar Evansville

Casino revenue was \$117.0 million in 2004, up 3% from \$113.3 million in 2003. The increase in casino revenue was due primarily to slot revenue, which increased \$3.6 million in the 2004 versus 2003 fiscal year. This increase was primarily due to an increase in the total number of patrons visiting our riverboat, which resulted from increased marketing and promotional efforts. The increase in casino revenue occurred despite a \$1.6 million decline in casino revenue during the 2004 fourth quarter. The number of patrons visiting our riverboat was down considerably in December 2004 due to a heavy winter snowstorm. Casino costs of \$44.4 million in 2004 were consistent with casino costs of \$44.3 million in 2003. Casino costs remained consistent due primarily to a \$1.3 million nonrecurring charge recognized during 2003 as a result of an Indiana legislation change requiring casino operators to retroactively apply graduated gaming tax rates effective July 1, 2002 versus August 1, 2002, the date dockside gaming became effective.

Corporate

Corporate general and administrative expenses increased \$2.1 million during 2004, up 15% from \$14.5 million in 2003 as a result of increased employee benefit, executive incentive and payroll costs.

Other Income

Other income was \$3.9 million in 2004. Other income consists of \$10.5 million of insurance recovery associated with the rebuilding of the expansion at the Atlantic City Tropicana, net of direct costs to obtain the recovery. Also included was \$5.0 million of costs incurred to repair damage and \$1.6 million of dismantlement and debris removal costs that were probable of not being recovered under insurance.

Interest Expense

Consolidated interest expense was \$37.0 million in 2004 compared to \$36.4 million in 2003. The increase was due to a higher level of debt outstanding offset by an increase in capitalized interest relating to the Tropicana Atlantic City expansion. Interest capitalized during 2004 was \$12.9 million compared with \$8.3 million during 2003.

Loss On Early Retirement Of Debt

Loss on early retirement of debt was \$10.3 million in 2004. The loss, which resulted from the redemption of our outstanding 8 7/8% Senior Subordinated Notes, consisted of a redemption premium of \$7.6 million and the write-off of unamortized debt issuance costs of \$2.7 million.

Income Taxes

Our effective income tax rate increased in 2004 compared with 2003 primarily as a result of an increase in our Indiana income tax provision. In connection with a review of our Indiana income tax returns for the years 1996 through 2002, the Indiana Department of Revenue took the position that our gaming taxes that are based on gaming revenue are not deductible for Indiana income tax purposes. In response to the position taken by the Indiana Department of Revenue, we filed a petition with the Indiana Tax Court for the 1996 and 1997 tax years and we filed a formal protest for the 1998 through 2002 tax years. In April 2004, the Indiana Tax Court ruled in favor of the Indiana Department of Revenue. We asked the Indiana Supreme Court to review the ruling. Our request was denied. As a result, we estimated that we were obligated to pay approximately \$17.3 million to cover assessments of taxes and interest from 1996 through the end of the first quarter of 2004. This amount is deductible for federal income tax purposes, resulting in a net effect of approximately \$11.3 million, which was recorded as an increase to income tax expense in the first quarter of 2004. The ongoing effect of this issue is also included in income taxes after the first quarter of 2004. The increase in our effective income tax rate was further augmented by the impact of a tax benefit arising from a settlement with the Internal Revenue Service during 2003 for the years 1994 through 1999. The settlement involved two issues. We settled one of the two issues entirely involving the deductibility of certain complimentary provided to customers. The other issue, involving the deductibility of a portion of payments on certain liabilities related to the restructuring of Ramada, was partially settled. We have reserved the right to pursue the unagreed portion of this issue in court and we would receive a refund, if successful. The settlement resulted in a tax benefit of \$6.7 million.

Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, including interest rates, foreign currency exchange rates, commodity prices and equity prices. Our primary exposure to market risk is interest rate risk associated with our CRDA investments, certain assets in other assets, long-term debt and Series B convertible preferred stock. We do not utilize these financial

instruments for trading purposes. We manage our interest rate risk on long-term debt by managing the mix of our fixed-rate and variable-rate debt. There has been no change in how we manage our interest rate risk when compared to the prior fiscal year. At December 30, 2004, the carrying value, including the current portion, of our long-term debt at a fixed rate was \$475.1 million and at a variable rate it was \$257.4 million. During 2005, our primary activities in long-term debt consisted of making the scheduled repayments on our five-year term loan and paying down the outstanding balance on our revolving credit facility with excess cash generated from our operations net of borrowings to finance our operations.

The following table provides information at December 31, 2005 about our financial instruments that are sensitive to changes in interest rates. The table presents principal cash flows (in millions) and related weighted average interest rates by expected maturity dates.

	<u>2006</u>	<u>2007</u>	<u>2008</u>	<u>2009</u>	<u>2010</u>	<u>There- after</u>	<u>Total</u>	<u>Fair Value</u>

* Interest is based upon short-term investment rates.

** Interest is based upon, at our option, a one-, two-, three-, or six-month Eurodollar rate plus a margin ranging from 1.25% to 2.75%, or the prime rate plus a margin ranging from 0.25% to 1.75%. The applicable margin is dependent upon Aztar's ratio of outstanding indebtedness to operating cash flow, as defined.

F-58

Critical Accounting Estimates

Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America that require us to make estimates and assumptions about the effects of matters that are inherently uncertain. Those estimates and assumptions affect the reported amounts and disclosures in our consolidated financial statements. Actual results inevitably will differ from those estimates, and such difference may be material to the financial statements. Of our accounting estimates, we believe the following may involve a higher degree of judgment and complexity.

Property and equipment - At December 31, 2005, we have property and equipment of \$1.2 billion, representing 80% of our total assets. We exercise judgment with regard to property and equipment in the following areas: (1) determining whether an expenditure is eligible for capitalization or if it should be expensed as incurred, (2) estimating the useful life and determining the depreciation method of a capitalized asset, (3) estimating the fair value of a legally enforceable asset retirement obligation and in situations where the timing and/or method of settlement are conditional on a future event, incorporating this uncertainty into the estimate of the obligation's fair value, and (4) if events or changes in circumstances warrant an assessment, determining if and to what extent an asset has been impaired. The accuracy of our judgments impacts the amount of depreciation expense we recognize, the amount of gain or loss on the disposal of these assets, the fair value of asset retirement obligations and the related accretion expense recognized in subsequent periods, whether or not an asset is impaired and, if an asset is impaired, the amount of the loss related to the impaired asset that is recognized. Our judgments about useful lives, cash flows in connection with asset retirement obligations as well as the existence and degree of asset impairments could be affected by future events, such as property expansions, property developments, obsolescence, new competition, new regulations and new taxes, and other economic factors. Historically, there have been no events or changes in circumstances that have resulted in an impairment loss and our other estimates as they relate to property and equipment have not resulted in significant changes. With the exception of a possible impairment review with regard to the Tropicana Las Vegas development discussed below, we don't anticipate that our current estimates are reasonably likely to change in the future.

Expenditures associated with the repair or maintenance of a capital asset are expensed as incurred. Expenditures that are expected to provide future benefits to the company or that extend the useful life of an existing asset are capitalized. The useful lives that we assign to property and equipment represent the estimated number of years that the property and equipment is expected to contribute to the revenue generating process based on our current operating strategy. We believe that the useful lives of our property and equipment expire evenly over time. Accordingly, we depreciate our property and equipment on a straight-line basis over their useful lives.

When the acquisition and (or) normal operation of a tangible long-lived asset legally obligates us to perform or stand ready to perform certain retirement activities, we recognize the fair value of the obligation in the period in which it is incurred. The fair value of the liability is estimated using a quoted market price or alternatively, a present value technique based on the expected future cash flows of the retirement activities. Uncertainty with regard to the performance and (or) timing of the obligation is factored into the calculation of the obligation's fair value. The offset to the liability is recorded as an increase to the carrying value of the asset, which is subsequently allocated to depreciation expense on a straight-line basis over the remaining useful life of the asset. Accretion in the fair value of the obligation is recognized as accretion expense and is measured by

F-59

applying our estimated credit-adjusted risk-free interest rate, which existed when the liability was initially established, to the amount of the liability at the beginning of each period. Changes in the fair value of the obligation resulting from changes in the factors used to determine it are recorded in the period of change by a corresponding change in the carrying value of the tangible long-lived asset and in the period of change and (or) in subsequent periods by changes in depreciation and accretion expenses. Our recorded obligations for retirement activities totaled \$1.3 million at December 31, 2005.

When events or changes in circumstances indicate the carrying value of an asset may not be recoverable, we group assets to the level where we can identify future cash flows and estimate the undiscounted future cash flows that the assets are expected to generate. In the event that the sum of the undiscounted future cash flows is less than the carrying amount, we would recognize an impairment loss equal to the excess of the carrying value over the fair value. Such an impairment loss would be recognized as a non-cash component of operating income. Our ability to determine and measure an impaired asset depends, to a large extent, on our ability to properly estimate future cash flows. Our master plan for a potential development of our Las Vegas Tropicana site envisions the creation of two separate but essentially equal and inter-connected 17-acre sites. The north site would be developed by us. The south site would be held for our future development, joint venture development, or sale for development by another party. For development of a potential project on the north site, a detailed design has substantially been completed. However, we have not yet made a decision about whether and when we will proceed with this development. The amount and timing of any future expenditure, and the extent of any impact on existing operations, will depend on the nature and timing of the development we ultimately undertake, if any. If we decide to abandon any facilities in the development process, we would have to conduct a review for impairment with a possible write-down and review their useful lives with a possible adjustment to depreciation and amortization expense. These reviews could result in adjustments that have a material adverse effect on our consolidated results of operations. The net book value of the property and equipment used in the operation of the Las Vegas Tropicana, excluding land at a cost of \$110 million, was \$54.9 million at December 31, 2005. The net book value of accounts receivable, inventories, and prepaid expenses at the Las Vegas Tropicana was \$6.9 million at December 31, 2005.

Development Costs - At December 31, 2005, capitalized development costs, included as part of other assets, totaled \$25 million. These costs relate primarily to expenditures incurred in connection with the master plan for a potential development of our Las Vegas Tropicana site, including a detailed design plan and construction documents. Capitalized development costs also include site acquisition costs, architectural fees and licensing costs related to our planned investment in Allentown, Pennsylvania, which is contingent upon our obtaining a Pennsylvania gaming license. If we ultimately fail to obtain a gaming license in Pennsylvania, we would write off any development costs unrelated to land acquisitions.

We have not yet made a decision about whether and when we will proceed with our redevelopment in Las Vegas. If we ultimately decide to abandon the project and there is no other use for our plans, we would write off these development costs. Our final decision could be impacted by a number of factors, including, but not limited to, changing market conditions, an inability to obtain sufficient financing, an act of terror, new regulations and new laws, the estimated construction costs, etc.

Income tax liabilities - We are subject to federal income taxes and state income taxes in those jurisdictions in which our properties operate. We exercise judgment

F-60

with regard to income taxes in the following areas: (1) interpreting whether expenses are deductible in accordance with federal income tax and state income tax codes, (2) estimating annual effective federal and state income tax rates and (3) assessing whether deferred tax assets are, more likely than not, expected to be realized. The accuracy of these judgments impacts the amount of income tax expense we recognize each period.

As a matter of law, we are subject to examination by federal and state taxing authorities. We have estimated and provided for income taxes in accordance with settlements reached with the Internal Revenue Service in prior audits. Although we believe that the amounts reflected in our tax returns substantially comply with the applicable federal and state tax regulations, both the IRS and the various state taxing authorities can and have taken positions contrary to ours based on their interpretation of the law. A tax position that is challenged by a taxing authority could result in an adjustment to our income tax liabilities and related tax provision.

During 2005, the IRS completed its examination of the company's income tax return for the year 2003. During 2004, the IRS completed its examination of the company's income tax returns for the years 2000 through 2002. The only issue in dispute in these examinations involved the deductibility of a portion of the payments on certain liabilities related to the restructuring of Ramada Inc. During 2003, the IRS completed its examination for the years 1994 through 1999 and settled one of the two remaining issues entirely and a portion of the other remaining issue, resulting in a tax benefit of \$6.7 million. The issue that was settled entirely involved the deductibility of certain complimentary services provided to customers. The other issue involved the deductibility of a portion of payments on certain liabilities related to the restructuring, the same issue as described above for the 2000 through 2003 years. We have reserved the right to pursue the unagreed portion of this issue in court and we would receive a net refund, if successful.

On July 2, 2002, the State of New Jersey enacted the Business Tax Reform Act. We have provided for New Jersey income taxes based on our best estimate of the effect of this law. Certain provisions of the Act are subject to future rules and regulations and the discretion of the Director. We believe our interpretation of the law is reasonable and we don't expect material adjustments; however, we are unable to determine the discretion of the Director. The New Jersey Division of Taxation is examining the New Jersey income tax returns for the years 1995 through 2001. The Indiana Department of Revenue is examining the Indiana income tax returns for the years 2003 and 2004. We believe that adequate provision for income taxes and interest has been made in the financial statements.

Ramada indemnification - We have agreed to indemnify Ramada against all monetary judgments in lawsuits pending against Ramada and its subsidiaries as of the conclusion of the Restructuring on December 20, 1989, as well as all related attorney's fees and expenses not paid at that time, except for any judgments, fees or expenses accrued on the hotel business balance sheet and except for any unaccrued and unreserved aggregate amount up to \$5.0 million of judgments, fees or expenses related exclusively to the hotel business. Aztar is entitled to the benefit of any crossclaims or counterclaims related to such lawsuits and of any insurance proceeds received. There is no limit to the term or the

maximum potential future payment under this indemnification. In addition, we agreed to indemnify Ramada for certain lease guarantees made by Ramada. The lease terms potentially extend through 2015 and Ramada guaranteed all obligations under these leases. We have recourse against a subsequent purchaser of the operations covered by these leases. The estimated maximum potential amount of future payments we could be required to make under these indemnifications is \$7 million at December 31, 2005. We would be required to perform under this guarantee 1) if monetary

F-61

judgments and related expenses in lawsuits pending against Ramada and its subsidiaries as of the conclusion of the Restructuring exceeded the above described amount, or 2) if lessees with lease guarantees failed to perform under their leases, the lessee and lessor could not reach a negotiated settlement and the lessor was able to successfully proceed against Ramada, who in turn was able to successfully proceed against the company. In connection with these matters, we established a liability at the time of the Restructuring and our remaining accrued liability was \$3.8 million at December 31, 2005.

Impact of the October 30, 2003 construction accident - An accident occurred on the site of the expansion of the Atlantic City Tropicana. In order to ensure that the construction proceed expeditiously and in order to settle certain disputes, we and the general contractor entered into a settlement agreement on October 6, 2004 that delineates how we and the contractor will share the cost of and the insurance proceeds received for the dismantlement, debris removal and rebuild.

During 2005, we recorded \$7.2 million of insurance recovery for rebuild activities. The recovery was recognized as other income and was offset by \$1.2 million of direct costs to obtain the recovery.

Recent Accounting Pronouncements

In December 2004, the Financial Accounting Standards Board issued Statement No. 123 (revised 2004), "Share-Based Payment." SFAS 123(R) establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. It focuses primarily on accounting for transactions in which an entity obtains employee services in share-based payment transactions. SFAS 123(R) requires a public entity to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award and the estimated number of awards that are expected to vest. That cost will be recognized over the period during which an employee is required to provide service in exchange for the award, which is usually the vesting period. SFAS 123(R) supersedes APB 25, which we have elected to follow. As a result of an amendment by the Securities and Exchange Commission in April 2005, SFAS 123(R) is effective for us at the beginning of the 2006 calendar year. SFAS 123(R) applies to all awards granted after the required effective date and to awards modified, repurchased, or cancelled after that date. Compensation cost is recognized on or after the required effective date for the portion of outstanding awards for which the requisite service has not yet been rendered, based on the grant-date fair value of those awards calculated under SFAS 123 that we have followed for disclosure purposes. For periods before the required effective date, we may elect to adjust financial statements of prior periods on a basis consistent with the pro forma disclosures required for those periods by SFAS 123. We have not decided whether or not to restate prior periods. Based on stock options granted through December 31, 2005, we estimate that, net of the related income tax benefits, we will record an additional cost of approximately \$2.5 million for calendar year 2006.

Private Securities Litigation Reform Act

Certain information included in Aztar's Form 10-K for the year ended December 31, 2005, and other materials filed or to be filed with, or furnished or to be furnished to the Securities and Exchange Commission (as well as information included in oral statements or other written statements made or to be made by us, including those made in Aztar's 2005 annual report) contains statements that are forward-looking. These include forward-looking statements relating to the following items, among others: operation and expansion of existing properties, including future performance; development of the Las Vegas Tropicana and financing for such development; other business development activities; uses of free cash

F-62

flow; stock repurchases; debt repayments; possible future debt refinancings; and expensing of actuarial losses. These forward-looking statements generally can be identified by phrases such as we "believe," "expect," "anticipate," "foresee," "forecast," "estimate," "target," or other words or phrases of similar import. Similarly, statements that describe our business strategy, outlook, objectives, plans, intentions or goals are also forward-looking statements.

Such forward-looking information involves important risks and uncertainties that could significantly affect results in the future and, accordingly, such results may differ materially from those expressed in any forward-looking statements made by us or on our behalf. These risks and uncertainties include, but are not limited to, the following factors as well as other factors described from time to time in Aztar's reports filed with or furnished to the SEC: those factors relating to war and terrorist activities and other factors affecting discretionary consumer spending; uncertainties related to the extent and timing of our recoveries from our insurance carriers for our various losses suffered in connection with the accident on October 30, 2003; the extent to which we realize revenue and EBITDA increases as a result of the Tropicana Atlantic City expansion; our ability to execute our development plans, estimates of development costs and returns on development capital; construction and development factors, including zoning and other regulatory issues, environmental restrictions, soil conditions, weather, fire, flood and other natural hazards, site access matters, shortages of material and skilled labor, labor disputes and work stoppages, and engineering and equipment problems; factors affecting leverage and debt service, including sensitivity to fluctuation in interest rates; access to available and feasible financing; regulatory and licensing matters; third-party consents, approvals and representations, and relations with suppliers and other third parties; reliance on key personnel; salaries and retirement dates of defined benefit plan participants; business and economic conditions; the cyclical nature of the hotel business and the gaming business; the effects of weather; market prices of our common stock; litigation outcomes, judicial actions, labor negotiations, legislative matters and referenda including the potential legalization of gaming in Maryland and New York and VLTs at the Meadowlands in New Jersey, and taxation including potential tax increases in Indiana, Missouri, Nevada and New Jersey; the impact of new competition on our operations including prospective new competition in Pennsylvania; and the effects of other competition, including locations of competitors and operating and marketing competition. Any forward-looking statements are made pursuant to the Private Securities Litigation Reform Act of 1995 and speak only as of the date made.

-
- (a) See NOTES 1., 4., 6., 12., 13., 14. and 15. of the NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
- (b) On December 7, 2005, the Board of Directors of the Company adopted a resolution changing the Company's 52/53 week fiscal year (ending on the Thursday nearest December 31) to a calendar year. The change is effective for the reporting period ended December 31, 2005. The period ended December 31, 2005 reflects the Company's results of operations for a 366-day period beginning December 31, 2004 and covers the two-day transition period of December 30 and 31, 2005. Under the prior 52/53 week fiscal year, the fiscal years 2004, 2003 and 2002 included 52 weeks. Fiscal year 2001 included 53 weeks.
- (c) During 2002, the Company purchased the 50% partnership interest that it did not own in Tropicana Enterprises, a Nevada general partnership that owned the real property that the Company leased in the operation of the Las Vegas Tropicana. The Company used the equity method of accounting for this investment in unconsolidated partnership. This purchase eliminates, after February 28, 2002, the Company's real estate rent expense at the Las Vegas Tropicana and its equity in unconsolidated partnership's loss. The purchase, however, increases depreciation and interest expenses and decreases interest income after February 28, 2002.

SUMMARY OF SELECTED FINANCIAL DATA (a)(b)(c) (Continued)

Aztar Corporation and Subsidiaries

For the Five Years Ended December 31, 2005

- (d) In July 2001, the Financial Accounting Standards Board issued Statement No. 142, "Goodwill and Other Intangible Assets." SFAS 142 is effective for fiscal years beginning after December 15, 2001 and applies to all goodwill and other intangible assets recognized in an entity's statement of financial position at that date, regardless of when those assets were initially recognized. Effective January 4, 2002, the Company ceased amortization of the cost of its initial gaming licenses because it was determined, under the criteria established in SFAS 142, that these assets have an indefinite life. Amortization expense related to the cost of the Company's initial gaming licenses was \$2,673 in 2001.

- (e) The Company is responsible, with certain exceptions, for the taxes of Ramada through December 20, 1989. In connection with the Internal Revenue Service examination of the income tax returns for the years 1992 and 1993, two issues were resolved that resulted in an income tax benefit of \$1,041 in 2002. One issue that was settled involved the deductibility of certain complimentary services provided to customers. The other issue involved the deductibility of a portion of payments on certain liabilities related to the Restructuring.

- (f) EBITDA is net income before income taxes, loss on early retirement of debt, equity in unconsolidated partnership's loss, net interest income (expense), other income, and depreciation and amortization. EBITDA should not be construed as a substitute for either operating income or net income as they are determined in accordance with generally accepted accounting principles (GAAP). The Company uses EBITDA as a measure to compare operating results among its properties and between accounting periods. The Company manages cash and finances its operations at the corporate level. The Company manages the allocation of capital among properties at the corporate level. The Company also files a consolidated income tax return. The Company accordingly believes EBITDA is useful as a measure of operating results at the property level because it reflects the results of operating decisions at that level separated from the effects of tax and financing decisions that are managed at the corporate level. The Company also uses EBITDA as the primary operating performance measure in its bonus programs for executive officers. The Company also believes that EBITDA is a commonly used measure of operating performance in the gaming industry and is an important basis for the valuation of gaming companies. The Company's calculation of EBITDA may not be comparable to similarly titled measures reported by other companies and, therefore, any such differences must be considered when comparing performance among different companies. While the Company believes EBITDA provides a useful perspective for some purposes, EBITDA has material limitations as an analytical tool. For example, among other things,

SUMMARY OF SELECTED FINANCIAL DATA (a)(b)(c) (Continued)

Aztar Corporation and Subsidiaries

For the Five Years Ended December 31, 2005

although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and EBITDA does not reflect the requirements for such replacements. Other income, interest expense, net of interest income, equity in unconsolidated partnership's loss, loss on early retirement of debt, and income taxes are also not reflected in EBITDA. Therefore, the Company does not consider EBITDA in isolation, and it should not be considered as a substitute for measures determined in accordance with GAAP. A reconciliation of EBITDA with operating income and net income as determined in accordance with GAAP is shown below for the five years ended December 31, 2005 (in thousands):

	<u>2005</u>	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>
EBITDA					
Depreciation and amortization	\$ 212,022	\$ 165,470	\$ 175,929	\$ 186,979	\$ 183,221
Operating income					
Other income	<u>(67,517)</u>	<u>(55,128)</u>	<u>(50,906)</u>	<u>(50,499)</u>	<u>(51,813)</u>

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
ON FINANCIAL STATEMENT SCHEDULE

To the Board of Directors of
Aztar Corporation:

Our audits of the consolidated financial statements, of management's assessment of the effectiveness of internal control over financial reporting and of the effectiveness of internal control over financial reporting referred to in our report dated February 23, 2006 appearing in this Annual Report on Form 10-K also included an audit of the financial statement schedule listed in Item 15(a)(2) of this Form 10-K. In our opinion, this financial statement schedule presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements.

SCHEDULE II - VALUATION AND QUALIFYING ACCOUNTS
AZTAR CORPORATION AND SUBSIDIARIES
For the Years Ended December 31, 2005, December 30, 2004 and January 1, 2004
(in thousands)

<u>COLUMN A</u>	<u>COLUMN B</u>	<u>COLUMN C</u>	<u>COLUMN D</u>	<u>COLUMN E</u>
<u>Description</u>	Balance at Beginning <u>of Year</u>	<u>Additions</u>	<u>Deductions</u>	Balance at End of <u>Year</u>

Allowance for doubtful accounts receivable:				
2005	\$ 13,138	\$ 1,660(a)	\$ 2,197(b)	\$ 12,601
2004	14,098	944(a)	1,904(b)	13,138
2003	17,376	1,526(a)	4,804(b)	14,098
Deferred income tax asset valuation allowance:				
2005	\$ 323	\$ --	\$ 27(c)	\$ 296
2004	337	--	14(c)	323
2003	1,814	--	1,477(c)	337
Valuation allowance for CRDA deposits, CRDA bonds and CRDA other investments:				
2005	\$ 8,239	\$ 847(a)	\$ 19(d) 64(e) 839(f)	\$ 8,164
2004	6,962	1,044(a) 300(g)	36(e) 31(f)	8,239
2003	6,752	374(a)	135(e) 29(f)	6,962

- (a) Charged to costs and expenses.
- (b) Related assets charged against the account.
- (c) Reflects reductions of \$27, \$14 and \$21 in 2005, 2004 and 2003, respectively, with a corresponding decrease in income tax expense. The remainder of the reduction in 2003 represented charges of deferred tax assets against the valuation allowance account.
- (d) Reflects reduction with a corresponding increase in interest income.
- (e) Reflects reduction due to receipt of carrying value with corresponding decrease in costs and expenses.
- (f) Reflects transfer to unamortized discount for CRDA bonds.
- (g) Reflects transfer from other assets.
