2002 ANNUAL MEETING OF STOCKHOLDERS
PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of Proxies by the Board of Directors of Express Scripts, Inc., a Delaware corporation (the "Company"), to be voted at the 2002 Annual Meeting of Stockholders of the Company (the "Meeting") and any adjournment thereof. The Meeting will be held at the principal executive offices of the Company, 13900 Riverport Drive, Maryland Heights, Missouri 63043, on Wednesday, May 22, 2002, at 9:30 a.m. Central Time, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders and in this Proxy Statement. This Proxy Statement and the accompanying Proxy will be first sent or given to stockholders on or about April 24, 2002.

Instead of submitting your Proxy with the paper proxy card, you may be able to vote by telephone or electronically via the Internet. See "Voting Via the Internet or By Telephone" on page 28 of this Proxy Statement, or the instructions on the proxy card, for further details. Please note that there are separate Internet and telephone voting arrangements depending upon whether your shares are registered in your name or in the name of a broker or bank.

If you vote by telephone or Internet, it is not necessary to return your proxy card.

If you do not choose to vote by telephone or Internet, a Proxy, in the accompanying form, which is properly executed and duly returned to the Company, or a Proxy which is submitted electronically via the Internet or by telephone, and which proxy is not revoked, will be voted in accordance with the instructions contained therein and, in the absence of specific instructions, will be voted as follows: (i) for the nominees for director named in this Proxy Statement; (ii) for ratification of the appointment of PricewaterhouseCoopers LLP as independent accountants for the Company for 2002; and (iii) in accordance with the recommendation of management on any other matter that may properly be brought before the Meeting and any adjournment thereof. Each such Proxy granted may be revoked at any time thereafter by writing to the Secretary of the Company prior to the Meeting, by executing and delivering a subsequent Proxy or by attending and voting in person at the Meeting, except as to any matter or matters upon which, prior to such revocation, a vote will have been cast pursuant to the authority conferred by such Proxy. If you vote via the Internet or by telephone, you may also revoke your Proxy by attending the Meeting or by voting again, at a later time, via the Internet, by telephone, or by submitting the Proxy card in accordance with the instructions thereon.

VOTING SECURITIES

Stockholders of record as of the close of business on April 12, 2002 (the "Record Date") will be entitled to notice of, and to vote at, the Meeting or any adjournments thereof. On the Record Date there were 79,981,841 outstanding shares of the Company's Common Stock, \$.01 par value per share (the "Common Stock"). Unless otherwise provided, all references to shares of Common Stock in this Proxy Statement have been adjusted to reflect the two-for-one stock split effective June 22, 2001, in the form of a stock dividend of one share for each outstanding share to holders of record on June 8, 2001 (the "2001 Stock Split").

Prior to May 2001, the Company had two authorized classes of Common Stock--Class A Common Stock, \$.01 par value per share (the "Class A Common Stock"), and Class B Common Stock, \$.01 par value per share

3

(the "Class B Common Stock")--with no shares of Class B Common Stock outstanding since the completion of certain transactions in November 2000 (as described below). In May 2001, the Stockholders approved an Amended and Restated Certificate of Incorporation which, among other things, consolidated and renamed the Company's classes of common stock. Prior to the amendment, the Company had 181,000,000 authorized shares of Common Stock consisting of 150,000,000 shares of Class A Common Stock and 31,000,000 shares of Class B Common Stock. Pursuant to the Amended and Restated Certificate of Incorporation, the Class B Common Stock was eliminated and each share of Class A Common Stock was renamed as "Common Stock." As a result, the Company now has 181,000,000 shares of Common Stock authorized.

All of the outstanding shares of the Class B Common Stock were owned by NYLIFE HealthCare Management, Inc. ("NYLife HealthCare"), a Delaware corporation and an indirect subsidiary of New York Life Insurance Company, a New York mutual insurance company ("New York Life"). The Class B Common Stock was convertible into shares of Class A Common Stock on a share-for-share basis at any time at the option of the holder and would be converted automatically to Class A Common Stock upon any transfer to any entity other than New York Life or its affiliates. On November 7, 2000, NYLife HealthCare exchanged each outstanding share of Class B Common Stock for one share of Class A Common Stock and then immediately distributed such shares to NYLIFE, LLC ("NYLife"), a Delaware limited liability company and a subsidiary of New York Life. Immediately following the exchange and distribution to NYLife, NYLife completed the sale of a portion of its shares of Common Stock (then known as Class A Common Stock) to the public through a secondary offering (the "November 2000 Offering"). Contemporaneous with the November 2000 Offering, the Express Scripts Automatic Exchange Security Trust (the "Trust"), a closed-end investment company that is not affiliated with the Company, sold 6,900,000 investment units to the public. Upon maturity of the investment units, the Trust may deliver up to 6,900,000 shares of Common Stock owned by NYLife to the holders of the investment units. The Company did not and will not receive any proceeds from the secondary offering or the offering by the Trust. Under the terms of the transaction, NYLife retained the right to vote the 6,900,000 shares that the Trust may deliver upon exchange of the Trust issued investment units.

In August 2001, New York Life and NYLife entered into a ten-year forward sale contract with an affiliate of Credit Suisse First Boston Corporation (the "Forward Sale Contract") with respect to 4,500,000 of its shares of the Common Stock (the "Forward Sale Shares"). Absent the occurrence of certain accelerating events, New York Life has reported that it retains the right to

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

vote the Forward Sale Shares during the term of the Forward Sale Contract.

Under the Stockholder and Registration Rights Agreement entered into in connection with the November 2000 Offering, New York Life agreed to vote its shares as follows: (i) New York Life is required to vote its 16,240,000 shares (which includes the above-described 6,900,000 Trust shares, the 4,500,000 Forward Sale Shares and 4,840,000 other shares) in favor of the slate of nominees for directors which have been recommended by our Board of Directors for election by stockholders at the Meeting; and (ii) prior to delivery of any shares of Common Stock by the Trust to the holders of the Trust investment units, New York Life will vote the 6,900,000 Trust shares in the same proportion and to the same effect as the votes cast by other stockholders at any meeting of stockholders, subject to certain exceptions including the election of directors as described above. In August 2001, however, the Company and New York Life amended the terms of the Stockholder and Registration Rights Agreement to alter the above-described voting requirements with respect to any of the Forward Sale Shares held by third parties under the Forward Sale Contract and which New York Life would be required to recall in order to vote. Pursuant to the amendment, New York Life is not required to recall and vote any such shares unless specifically required to do so by the Company. The Company has not requested that New York Life recall any of the Forward Sale Shares in order to vote them at the Meeting. See "Certain Relationships and Related Transactions" beginning on page 25 for additional information regarding these transactions.

Each holder of Common Stock is entitled to one vote for each share held by such holder. The presence, in person or by Proxy, of the holders of shares entitled to cast a majority of the votes of all outstanding shares entitled to vote will constitute a quorum at the Meeting. A stockholder who abstains from a vote by registering an

4

abstention vote will be deemed present at the Meeting for quorum purposes, but such abstention will have the same effect as a vote against the particular matter under consideration. If a nominee holding shares for beneficial owners votes on certain matters pursuant to discretionary authority or instructions from beneficial owners, but with respect to one or more other matters does not receive instructions from beneficial owners and does not exercise discretionary authority (a so-called "non-vote"), the shares held by the nominee will be deemed present at the Meeting for quorum purposes but will be disregarded in connection with the matter being voted upon. Thus, on the proposal to elect directors, which requires a plurality of the votes of shares present in person or represented by Proxy and entitled to vote on the election of directors, abstentions and non-votes will have no effect. However, the ratification of the appointment of PricewaterhouseCoopers LLP as independent accountants for the Company for 2002 requires the affirmative vote of the holders of a majority of the stock having voting power on such matter present, in person or by Proxy, and entitled to vote at the Meeting, voting as a single class. Accordingly, abstentions will have the same effect as votes against such matter, while non-votes will be disregarded and have no effect on the outcome of such matter.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of the Company's Common Stock as of March 1, 2002 (unless otherwise noted) by (i) each person known by the Company to own beneficially more than five percent of the outstanding shares of Common Stock, (ii) the Chief Executive Officer and each of the four other most highly compensated executive officers (the "Named Officers") and each director of the Company, and (iii) all

Included are amounts of shares which may be acquired on March 1, 2002 or within 60 days of March 1, 2002 pursuant to the exercise of stock options by employees or outside directors. I. ELECTION OF DIRECTORS

In July 2001, the number of directors was increased from nine to ten by the Board of Directors as provided in the Company's Bylaws. In April 2002, the number of directors was increased again to eleven, and Barbara Hill was elected to fill the vacancy created by such increase. At the Meeting, all eleven of the directors are to be elected to serve until the next Annual Meeting of Stockholders or until their successors are duly elected and qualified. Proxies cannot be voted for a greater number of persons than the number of nominees named below. Unless otherwise specified, all Proxies will be voted in favor of the eleven nominees listed below for election as directors of the Company.

The Board of Directors has no reason to expect that any of the nominees will be unable to stand for election at the date of the Meeting. If a vacancy occurs among the original nominees prior to the Meeting, the Proxies will be voted for a substitute nominee named by the Board of Directors and for the remaining nominees. Directors are elected by a plurality of the votes cast. New York Life and its subsidiaries are contractually obligated to vote their shares (including Trust shares) for election of the eleven nominees.

In connection with the November 2000 Offering, the Company agreed that New York Life would have the right to nominate up to two directors, subject to certain conditions as described in "Certain Relationships and Related Transactions--Relationship with New York Life--Stockholder and Registration Rights Agreement" beginning on page 25. The Audit Committee (currently comprised of Messrs. Borelli (Chairperson), Mac Mahon and Zachary) assists the Board in fulfilling its oversight responsibilities with respect to (i) the annual financial information to be provided to stockholders and the Securities and Exchange Commission, (ii) the system of internal controls that management has established, and (iii) the internal and external audit process. REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors (the "Committee") is composed of three directors who meet the independence requirements of Rule 4200(a)(14) of the National Association of Securities Dealers ("NASD") listing standards. Since 1992 the Committee has operated under a Charter adopted by the Board of Directors. The Charter was comprehensively amended in 2000 and was attached as an exhibit to the Company's 2001 proxy statement. The primary function of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting processes. Management is responsible for the Company's financial statements and overall reporting process, including the system of internal controls. The independent auditors are responsible for conducting annual audits and quarterly reviews of the Company's financial statements and expressing an opinion as to the conformity of the annual financial statements with generally accepted accounting principles.

The Committee submits the following report under Regulation S-K of the Securities and Exchange Commission:

- . The Committee has reviewed and discussed with management and with PricewaterhouseCoopers LLP ("PwC"), the Company's independent auditors, the audited and consolidated financial statements of the Company for the year ended December 31, 2001 (the "Financial Statements").

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

- . PwC has advised the management of the Company and the Committee that it has discussed with them all the matters required to be discussed by SAS 61, as modified or supplemented, which include among other items, matters related to the conduct of the audit of the Financial Statements.
- . The Committee has received from PwC the written disclosures and the letter required by Independent Standards Board Standard No. 1 (which relates to the auditor's independence from the Company and its related entities), as modified or supplemented, and has discussed PwC's independence with PwC.
- . Based upon the aforementioned review, discussions and representations of PwC, and the unqualified audit opinion presented by PwC on the Financial Statements, the Committee recommended to the Board of Directors that the audited Financial Statements be included in the Company's Annual Report on Form 10-K for 2001.

Respectfully submitted,

DIRECTORS' COMPENSATION

Directors of the Company who are also employed by the Company or its subsidiaries do not receive compensation for serving as directors. During 2001, directors who were not employees of the Company, or its subsidiaries, received an annual retainer of \$15,000 for Committee Chairpersons and \$10,000 for the other non-employee directors, as well as a meeting fee of \$1,500 for each meeting attended in person, and \$500 for each telephonic meeting. The Company also reimburses non-employee directors for out-of-pocket expenses incurred in connection with attending Board and Committee meetings.

Under the Outside Directors Plan, effective January 24, 1996, each non-employee director who was first elected or appointed as a non-employee director on or after such date received a ten-year option to purchase 96,000 shares of Common Stock as of the date of the first Board of Directors meeting he or she attended as a non-employee director, at an exercise price equal to the fair market value of the Common Stock at the date of grant. These options became exercisable in five equal installments at the rate of one-fifth per year on each anniversary of the grant date. In addition, each non-employee director who was first elected or appointed as a non-employee director prior to January 24, 1996 received an option to purchase 40,000 shares, in addition to the 56,000 previously granted, at an exercise price equal to the fair market value of the Common Stock at the date of grant. These additional options vested in two installments of 20,000 shares each on June 16, 1996 and June 16, 1997.

Effective January 27, 1999, pursuant to an amendment to the Outside Directors Plan, each non-employee director who was first elected or appointed as a non-employee director prior to said January 27, 1999, and was still serving in such capacity on such date, received an option to purchase 5,000 shares of Common Stock on such date, at an exercise price equal to the fair market value of the Common Stock on such date, in addition to any options previously granted. These additional options vested in three installments, with the final portion vesting on January 27, 2002.

Effective May 23, 2001, under the Express Scripts, Inc. 2000 Long-Term

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

Incentive Plan, as amended (the "2000 LTIP"), each non-employee director who is first elected or appointed as a non-employee director after May 23, 2001 will receive (i) an option to purchase 6,000 shares of the Company's Common Stock on the date of the first Board of Directors meeting he or she attends as a non-employee director, and a like grant on each anniversary of such date, and (ii) an option to acquire 8,000 shares of the Company's Common Stock on the date of the first Board of Directors meeting he or she attends as a non-employee director, and a like grant each third year thereafter. Such options will have a purchase price of 100% of the fair market value of the shares and a seven-year term. They will vest at the rate of one-third each year and will terminate immediately at such time as the individual ceases to be a non-employee director for any reason other than death or disability or change in control (as defined) of the Company, provided that if the non-employee director is 65 at the time of such cessation, any unexercisable portion will terminate immediately, and any exercisable portion will terminate three months after such cessation. If the optionee ceases to be a non-employee director because of death or disability, all options will be immediately exercisable and will terminate three months after such cessation. In the event of a change in control of the Company, the options will fully vest. After the May 23, 2001 effective date of the 2000 LTIP, no additional awards can be made under the Outside Directors Plan.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") administers the Company's compensation plans, including the Company's Long-Term Incentive Plan and its Executive Deferred Compensation Plan. The Committee's overall recommendations regarding compensation are subject to approval of the Board of Directors.

10

Compensation Plan

The Company's general compensation policy for its executive officers, including the Chief Executive Officer ("CEO"), is to provide short-term compensation consisting of two components, a fixed base salary and a cash bonus that is awarded based upon specific short-term financial and non-financial objectives for the executive and the Company, and long-term compensation consisting of a mix of equity-based programs, primarily options to purchase the Company's stock and grants of restricted stock. The option and restricted stock awards are based upon the Committee's judgment as to the relative contribution of each executive to the long-term success of the Company. In addition, the Company has adopted a deferred compensation plan for senior executives and has entered into employment agreements with certain key executives.

The CEO consults with the Committee regarding the compensation of the Company's executive and senior vice presidents. The Committee reviews executive compensation at least on an annual basis. The Company's policy is to combine short-term compensation, long-term incentive compensation and other components of the compensation package for executives to create a total compensation package that is competitive with compensation packages for executive officers of similarly sized companies in comparable businesses.

During 2000, the Company engaged a nationally recognized consulting firm to review compensation levels for the Company's executive officers. The study was based on a group of comparable companies in health care and technology intensive businesses, together with other companies with high-growth characteristics similar to those of the Company (the "Comparable Companies").

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

These companies included companies different from those in the peer group index in the Company's performance graph. The consultant compared compensation for the Company's executive officers, including its CEO, against the total compensation received by executives in comparable positions at the Comparable Companies. After reviewing the conclusions of the consultant's report, the Committee approved certain adjustments to the base salary and bonus levels for the executive officers to take effect July 2000. The Committee also recommended a substantial increase in long-term incentive compensation awards for certain executive officers in the form of additional stock options, additional grants of restricted stock, and deferred cash awards in the form of contributions to the Company's Executive Deferred Compensation Plan. The Company plans to conduct another executive compensation study in 2002.

In connection with these additional long-term incentive awards the Company has entered into long-term employment agreements with certain of these key executives. See "Exercise Compensation--Employment Agreement" beginning on page 20 for additional information.

The Committee continues to evaluate the impact of Section 162(m) of the Internal Revenue Code on the deductibility of executive officer compensation. The Committee endeavors to maximize the deductibility of compensation to the extent practicable while maintaining competitive compensation.

Components of Executive Compensation

Base Salary: The Committee determines the salary ranges for each executive officer position in the Company based upon the level and scope of responsibilities of the position and the pay levels of similarly positioned executive officers in companies deemed comparable by the Committee. The CEO's evaluation of the level of responsibility of each position (other than his own) and the performance of each other executive officer is of paramount importance when base salary is determined. For 2001 compensation, the Committee obtained information about the salary and total compensation of officers in Comparable Companies through review of published reports and periodic surveys. Base salary levels for 2002 will be adjusted based on generally available salary data and data from the new consultant's study described above, together with the CEO's evaluation.

Annual Bonus Compensation: Each executive officer's bonus (other than the CEO's bonus) currently has three components: (i) an amount based on the Company's profitability goal for the year, and (ii) an amount based on the achievement of work plan goals for the executive officer's department. For each executive officer, each component of the bonus is expressed as a specific dollar amount. In general, the profitability component represents approximately 60% of the total annual bonus amount, and the departmental work plan component

11

represents approximately 40% of the total bonus amount. The potential bonus amount for 2001 for the executive officers (other than the CEO) is between approximately 55% and 68% of their respective base salaries, depending on the extent to which an executive officer's department can help meet certain Company-wide goals. However, for fiscal 2001, the Company instituted a program pursuant to which all bonus-eligible employees, including each executive officer can earn up to 200% of their potential bonus, depending upon the Company's achievement of certain financial measures substantially exceeding targeted goals.

Executive officers are eligible for annual bonus payments only to the extent that the Company meets certain predetermined profitability goals, which are

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

approved by the Board in its annual review of the Company's budget. For 2001, the goals were principally based on the Company's budgeted net income. If the Company meets these profitability goals, the executive will receive the specified profitability portion of the bonus. The CEO's bonus is based solely on the achievement of the Company's profitability goals.

In determining the amount of the departmental work plan bonus component to be paid, the Committee examines the executive's individual contribution to his or her departmental work plan and the extent to which the departmental work plan goals have been achieved. The departmental work plan goals are determined based upon the departmental function, and include such items as development and marketing of new products and programs within a specified time frame, systems enhancements to support new products and programs, improvements in mail service pharmacy processing costs and enhancements in the provider networks. The work plan components of the bonus were available only to the extent that the Company's overall profitability goals are achieved.

For 2001, actual aggregate bonuses paid to current executive officers, including the CEO, represented approximately 66% of the salaries and bonuses paid to these officers, compared to 55% for 2000. Actual aggregate bonuses paid to all current executive officers who received bonuses for 2001 represented approximately 128% of the total amounts allocated for bonuses for these executive officers and approximately 20% of the total bonus amounts paid to all employees for 2001, compared to 182% and 17%, respectively, in 2000. As described above, the Company instituted a program pursuant to which all bonus-eligible employees could earn up to 200% of their total potential bonus for 2001 upon achievement of certain "stretch" financial and workplan goals, which resulted in the payouts in excess of 100%.

Long-Term Incentive Compensation: Long-term incentive compensation is provided in the form either of stock options or grants of restricted stock. These equity awards are designed to align the executive's compensation more directly with stockholder value by linking a substantial portion of the executive's compensation to the performance of the Company's stock. Long-term compensation also is designed to encourage executives to make career commitments to the Company.

In May 2001, the Company's stockholders ratified and approved the adoption of the Company's 2000 Long-Term Incentive Plan (the "LTIP"). The LTIP superseded the Company's 1992 and 1994 Employee Stock Option Plans and the Company's 1992 Stock Option Plan for Outside Directors (the "Prior Plans"). The Prior Plans provided only for the issuance of stock options. The Company's compensation consultants recommended that the Company adopt a long-term incentive plan permitting the issuance of other forms of equity-based compensation in order to create a better overall mix of compensation elements.

Each executive officer receives an initial option grant upon employment with the Company, and typically receives an annual grant of additional stock options thereafter. In 2000 each executive officer also received a grant of restricted stock. The restrictions prohibit sale or transfer of the restricted stock for a period of five years; however, these restrictions can lapse sooner based on the Company meeting certain financial targets for the years 2000, 2001 and 2002. The financial targets for 2000 and 2001 were met, resulting in the lapse of the restrictions as to one-third of the restricted stock in this program in February 2002. The restricted stock grants made in 2000

were in amounts intended to approximate the number of shares of restricted stock that would be awarded over a period of three years under a hypothetical

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

annual restricted stock grant program that would be supplemental to the Company's annual option grant program.

The size of an executive's equity compensation awards are based upon the CEO's and the Committee's evaluation of the contribution that the executive officer is expected to make to the overall growth and profitability of the Company during the vesting period of the options. The Committee also considers comparable long-term incentive compensation levels at the Comparable Companies.

Stock options are granted with an exercise price equal to the market value on the date of grant and constitute compensation only if the Company's stock price increases thereafter. The Committee has discretion to determine the vesting schedule for each option grant and generally makes grants that become exercisable in equal amounts over three years. Except in the cases of retirement, disability or death, in general, executives must be employed by the Company at the time of vesting in order to exercise their options. Reference is made to the text of the Company's employee stock option plans for detailed information on the terms of these plans.

Deferred Compensation Plan: In December 1998, the Board of Directors adopted the Express Scripts, Inc. Executive Deferred Compensation Plan (the "EDCP"), which also serves as a supplemental retirement plan for executives. The EDCP provides eligible senior and vice-president-level executive employees of the Company and its subsidiaries the opportunity to (i) defer the receipt and taxation of up to 50% of the individual's annual base salary and 100% of his or her annual bonus, and (ii) receive certain annual and past-service contributions from the Company that represent a percentage of the individual's salary and cash bonus compensation. Amounts deferred by participants and Company contributions are assumed to have been invested in any of a number of mutual funds and a Company Common Stock fund. The Company's annual contribution to the EDCP for senior executives for 2001 was equal to six percent (6%) of each participating executive's cash compensation during the year. The purpose of the EDCP is to provide key executives with more competitive retirement and capital accumulation benefits, to retain and provide incentive to the Company's key executives, and to increase the Company's ability to attract mid-career executives to senior executive positions with the Company. Any compensation deferred under the EDCP would not be included in the \$1,000,000 limit provided for under Section 162(m) of the Internal Revenue Code until the year in which distributions from the EDCP are actually made to the participants. Ten of the Company's executive officers, including the CEO and the four other most highly compensated executive officers, have elected to participate in the EDCP.

Executive Officer Employment Agreements

The Company has entered into long-term employment agreements with certain key executives of the Company. See "Executive Compensation--Employment Agreements" beginning on page 20 for additional information.

The Chief Executive Officer's Compensation

The Committee evaluates the performance of the CEO for purposes of recommending to the Board his annual base pay adjustment and annual bonus award. The Committee also determines his annual long-term incentive award. The factors considered in evaluating the CEO's salary in 2001 related to the overall performance of the Company, particularly the increase in revenues, membership, net income and earnings per share, which were evaluated by the Committee.

Under his employment agreement with the Company, during 2001 the CEO could earn an annual bonus of up to 100% of his base salary for 2001 based upon achievement of performance objectives set by the Board upon recommendation of the Committee. Mr. Toan is also eligible for the enhanced bonus program

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

described above under which he is eligible to earn up to 200% of his potential bonus depending upon the Company's achievement of certain financial measures substantially exceeding base targeted goals. Mr. Toan's bonus award for 2001 performance was recommended by the Committee based upon the Company's attainment of its profitability goals.

13

In November, 2000, the Company entered into an amendment to Mr. Toan's employment agreement. The principal terms of the amendment were:

- . The term of the agreement was extended from March 31, 2002 until March 31, 2005, with a provision permitting Mr. Toan to resign the offices of President and CEO after March 31, 2004, but permitting him to continue to serve as Chairman of the Board until March 31, 2005.
- . Mr. Toan received a grant of 100,000 shares of restricted stock, vesting on March 31, 2005. In addition, he received an option grant of 180,000 shares, vesting in three equal increments on March 31 of 2003, 2004 and 2005, respectively. All grants were made at fair market value on the date of grant.
- . Mr. Toan received a special \$3,500,000 Company contribution to his account in the Executive Deferred Compensation Plan, vesting on March 31, 2005. Of this amount, 25% is required to be invested in "phantom," or hypothetical, shares of the Company's common stock.

See "Executive Compensation--Employment Agreements" beginning on page 20 for additional information regarding the CEO's employment agreement.

- (1) Total options granted to employees in fiscal year 2001 includes all options granted to employees in 2001.
- (2) Such estimated value is derived using the Black-Scholes method taking into account the following key assumptions: (a) volatility of 54.0% calculated using daily stock prices for the 36-month period prior to each respective grant date; (b) 0% dividend yield; (c) an interest rate of 4.71% which represents the average interest rate on a U.S. Treasury security on the applicable date of grant with a maturity date corresponding to that of the option term; (d) 7-year expected option term; (e) an exercise price equal to the fair market value on the date of grant; and (f) a vesting schedule as set forth in these footnotes. The resulting Black-Scholes value was discounted by approximately 13.2% to reflect the probability of a shortened option term due to termination of employment prior to the option expiration date. The actual value of the options will depend on the excess of the market price of the shares over the exercise price on the date the options are exercised, and may vary significantly from the theoretical values estimated by the Black-Scholes model.
- (3) Consists of options awarded on November 12, 2001 and vesting at 33 1/3% per year on each of the first three anniversaries of the date of grant.
- (4) In the event of a "change in control" of the Company (as defined in the 2000 LTIP), the options will become fully exercisable. Afterwards, if there is no public market for the Company's stock, or the common stock for which the Company's common stock is exchanged, then any unexercised options will

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

be repurchased by the Company based on the "change in control price" (as defined) for the underlying shares. The options become fully exercisable for one year upon termination of employment if the employee dies, become disabled, or retires. The options expire if the employee is terminated for cause, and if the employee is terminated for any other reason, the options are exercisable, to the extent that

they were exercisable before termination, for one month. The foregoing terms are subject to the terms of the employment agreements of the Named Officers. See "Employment Agreements" below.

- (5) Represents the closing price per share as reported on Nasdaq on the date of grant, which represent the fair market value on the date of the grant as defined in the applicable stock option plan.
- (6) Consists of options awarded on May 23, 2001 and vesting at 33 1/3% per year on each of the first three anniversaries of the date of grant.

The Company did not grant any stock appreciation rights in 2001.

Employment Agreements

Employment Agreement with Mr. Toan

Effective as of April 1, 1999, the Company entered into a new employment agreement (the "Employment Agreement") with Mr. Toan for an initial term extending through March 31, 2002, with optional one-year renewal periods thereafter, pursuant to which Mr. Toan will serve as the Company's Chief Executive Officer and President and a member of the Board of Directors. The Employment Agreement replaced a previous employment agreement, which would have expired no earlier than March 31, 2002. In November, 2000, the Company entered into an amendment (the "2000 Amendment") to Mr. Toan's Employment Agreement,

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

which extended the term of the Employment Agreement from March 31, 2002 until March 31, 2005, with a provision permitting Mr. Toan to resign the offices of President and CEO after March 31, 2004, but permitting him to continue as Chairman of the Board until March 31, 2005.

The Employment Agreement provides for an annual base salary of \$650,000, subject to increase in the discretion of the Board of Directors and which may not be reduced after any increase. Mr. Toan's base salary was increased to \$696,152 for 2001. Pursuant to the Employment Agreement, Mr. Toan is also eligible to participate in the Company's Annual Bonus Plan for senior executives and will be eligible for target bonuses thereunder of a minimum of 100% of his annual base salary, payment of which will depend upon the Company meeting certain targeted financial objectives determined each year by the Board of Directors in its discretion.

Pursuant to the 2000 Amendment, Mr. Toan received a special \$3,500,000 Company contribution to his account in the EDCP, vesting on March 31, 2005. This contribution is subject to forfeiture in the event Mr. Toan's employment terminates prior to March 31, 2005 for any reason other than (i) termination by the Company without "Cause," (ii) termination on account of death, "Disability" or "Retirement" or (iii) termination for "Good Reason" by Mr. Toan (as each such capitalized term is defined in the Employment Agreement).

Pursuant to the Employment Agreement, on May 26, 1999, Mr. Toan received a one-time grant of nonqualified options to purchase 140,000 shares of Common Stock at an exercise price equal to the fair market value of Common Stock on the date of grant, with said options vesting in five equal annual installments on each

20

of the first five anniversaries of the date of grant. Pursuant to the 2000 Amendment, on November 7, 2000, Mr. Toan received an additional grant of nonqualified stock options to purchase 180,000 shares of Common Stock at an exercise price equal to the fair market value of Common Stock on the date of grant, with the underlying stock relating to said options vesting in three equal increments on March 31 of 2003, 2004 and 2005, respectively. In addition, pursuant to the 2000 Amendment, Mr. Toan received a grant of 100,000 shares of restricted stock, vesting on March 31, 2005. Subject to the Board's sole discretion, Mr. Toan will continue to be eligible to receive annual option grants under the Company's Employee Stock Option Plans, as determined by the Compensation Committee.

Prior to the 2000 Amendment, the Employment Agreement provided that Mr. Toan's stock options granted under the Employee Stock Option Plans (including stock options expressly granted under the Employment Agreement and those granted prior to the date of the Employment Agreement), and all of Mr. Toan's restricted shares acquired upon exercise of such options, will become fully vested upon (i) a "Change of Control," (ii) termination of Mr. Toan's employment by the Company without "Cause," (iii) termination by Mr. Toan for "Good Reason" and (iv) Mr. Toan's death or "Disability" (as each such capitalized term is defined in the Employment Agreement). In addition to the foregoing, the 2000 Amendment provides that any restricted stock granted pursuant to the Employment Agreement (plus any restricted stock granted prior to or after the 2000 Amendment) will become fully vested upon the occurrence of any of the aforementioned events. In addition, the 2000 Amendment provides that all of Mr. Toan's stock options and restricted stock (including grants made pursuant to the express terms of the Employment Agreement, as described in the preceding paragraph, and all grants prior to or after the 2000 Amendment) will become fully vested if Mr. Toan is still employed by the Company (including any

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

service solely as Chairman of the Board) on March 31, 2005.

Pursuant to the 2000 Amendment, Mr. Toan's post-employment exercise rights pertaining to his stock options were modified in certain respects. Prior to the 2000 Amendment, the Employment Agreement provided that, upon the occurrence of any of the events described in (i) through (iv) in the preceding paragraph, Mr. Toan's options will remain exercisable for 18 months after such event (or until the expiration date of the option, if the remaining term of the option is less than 18 months). In contrast, pursuant to the 2000 Amendment, upon the occurrence of any of the events described in (i) through (iv) (or if Mr. Toan's employment terminates for any reason other than for Cause on or after March 31, 2005), Mr. Toan's options will remain exercisable until the expiration date of the option, and all restricted shares will fully vest. Otherwise, Mr. Toan may only exercise his vested options within 30 days after termination of his employment if termination is by the Company for Cause or by Mr. Toan without Good Reason.

Pursuant to Mr. Toan's previous employment agreement, effective upon the Company's initial public offering in June 1992, Mr. Toan received options to purchase 560,000 shares of Common Stock under the 1992 Plan, at an exercise price of \$1.625 per share, and he has received additional options on an annual basis.

The Employment Agreement also provides Mr. Toan the right to tender to the Company, within 12 months after his termination without Cause, for Good Reason or upon death or Disability, shares of Common Stock equal to the greater of (a) the number of shares subject to options granted to him during the calendar year preceding such termination or (b) 140,000 shares (with (a) and (b) adjusted for any stock splits occurring after the date of grant and the date of the Employment Agreement, respectively). In such event, the Company must repurchase such shares for the "Fair Market Value" (as defined in the Employment Agreement) of such shares as of the date of tender. Under the Employment Agreement, however, Mr. Toan's right to tender such shares will not become effective until and unless the Financial Accounting Standards Board ("FASB") formally adopts new accounting rules such that such right would not require the Company to use "variable plan accounting" or similar "mark-to-market" accounting, which could result in additional expense to the Company, to reflect such right.

If the Company terminates Mr. Toan's employment without Cause or Mr. Toan terminates his employment for Good Reason, the Employment Agreement requires the Company to pay Mr. Toan the following amounts: (i) three times his annual base salary then in effect; (ii) three times the greater of (A) his annual bonus

21

for the preceding calendar year or (B) his target bonus for the year of termination; (iii) all amounts accrued but unpaid as of the date of termination; and (iv) three times the amount or amounts the Company credited to Mr. Toan's account under the EDCP for the calendar year preceding termination (excluding past service credits for years prior to 1999). The Company must also continue Mr. Toan's employee life and health benefits (except long-term disability insurance coverage) until the earlier of (x) three years following his termination, (y) the date he becomes covered under another employer's plans or (z) the last day of the month in which he reaches age 65. Among other events, the failure of the Company's stockholders to elect Mr. Toan to the Board of Directors and his failure to be reelected as Chairman of the Board each constitutes Good Reason under the Employment Agreement.

The Agreement generally provides for pro rata payment of benefits in the

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

event of termination due to death or Disability, provided that in the case of Disability, the annual base salary will continue until expiration of the term. The Company has also agreed to pay certain legal expenses of Mr. Toan in negotiating and enforcing the Agreement.

In the event of any Change of Control that results in Mr. Toan's liability for the payment of an excise tax under Section 4999 of the Code (or any similar tax under any federal, state, local or other law), the Company will make a "gross-up" payment which, in general, will effectively reimburse Mr. Toan in full for any such excise taxes.

Mr. Toan is also subject to certain post-employment non-solicitation, non-competition and non-disclosure provisions.

Employment Agreements with Other Executive Officers

In an effort to facilitate the retention of key management the Company has entered into long-term employment agreements with eight key executives meeting certain tenure criteria, including all of the Named Officers other than Mr. Toan. These employment agreements consist of agreements with six of the executives which were entered into in March 2001, and agreements with two other executives--Ms. Hill (her agreement being referred to as the "Hill Agreement") and Mark O. Johnson (his agreement being referred to as the "Johnson Agreement")--which were entered into in April 2002. The following is a brief description of the general terms of the employment agreements submitted to these executives:

- . Term of Employment Agreements. The initial employment period under the agreements runs through December 31, 2003, with the exception of those under the Hill Agreement and the Johnson Agreement which run through April 14, 2005 and December 31, 2004, respectively. The employment period under the agreements will be automatically extended for successive one-year renewal periods unless either party gives timely notice of non-renewal--with the exception of the Hill Agreement which does not contain an automatic renewal provision.
- . Compensation and Benefits. Each employment agreement generally provides for: (i) the payment of an annual base salary (which may not be reduced after any increase); (ii) a guaranteed minimum annual bonus target pursuant to the terms of the Company's bonus plan, with a bonus opportunity for each of the calendar years 2001 (for those agreements entered into during 2001 only), 2002 and 2003 of up to 200% of the executive's guaranteed minimum annual bonus in the event the Company achieves certain strategic plan goals; (iii) participation in the Company's benefit and incentive plans and other arrangements in accordance with their terms; (iv) the crediting of a deferred bonus to the executive's account in the EDCP, subject to the terms and conditions of the EDCP, which bonus generally vests at the end of the executive's initial employment period except as described below; (v) an option grant under the 2000 LTIP, vesting in three equal increments (April 14, 2003, 2004 and 2005 for Ms. Hill; December 31, 2002, 2003 and 2004 for Mr. Johnson; and December 31, 2001, 2002 and 2003 for the other executives), (vi) a restricted stock award, vesting at the end of the executive's initial employment period under the agreement and (vii) such perquisites and fringe benefits to which similarly situated Company executives are entitled and which are suitable for the executive's position. In

addition, for each one-year renewal period of the employment agreement,

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

the Company, in its discretion, may propose additional deferred bonus awards, option grants or restricted stock awards. The specific initial compensatory amounts and grants for each of the other Named Officers under the employment agreements are as follows:

Executive	Initial Annual Base Salary	Guaranteed Minimum Annual Bonus Target (expressed as a percentage of executive's annual base salary)	Number of Shares Subject to Option Grant	Number of Shares Subject to Restricted Stock Award	Deferred Bonus Award
Stuart L. Bascomb.	\$345,000	60%	28,800	15,000	\$663,750
Linda L. Logsdon..	\$310,000	58%	22,000	11,100	\$495,000
David A. Lowenberg	\$400,000	65%	31,500	18,000	\$750,000
George Paz.....	\$340,000	60%	28,500	15,000	\$649,500

- . Benefits Upon Termination of Employment Prior to Expiration of Employment Period. Each employment agreement provides for the provision and forfeiture of certain benefits if the executive's employment is terminated prior to the expiration of the employment period (including any renewal period in effect). In general, if the executive's employment is terminated prior to expiration of the employment period, the executive is not entitled to receive any further payments or benefits which have not already been paid or provided (including any unvested portion of the option grant, deferred bonus, or restricted stock award) except as follows:

- The executive will be entitled to all previously earned and accrued, but unpaid, annual base salary.
- If the executive's employment is terminated by the Company other than for Cause or Disability, or by the executive for Good Reason (as those terms are defined in the agreement), the executive is entitled to receive: (i) a pro rata portion of the deferred bonus (based on the number of days worked during the initial employment period) if termination of employment occurs prior to the end of the executive's initial employment period under the agreement; (ii) a pro rata portion of the restricted stock award (based on the number of days worked during the initial employment period) if termination of employment occurs prior to the end of the executive's initial employment period under the agreement; (iii) a severance benefit equal to 18 months of the executive's base salary plus a specified portion of the executive's bonus potential for the year based on the average percentage of the potential earned for the three prior years; and (iv) reimbursement for the cost of continuing medical insurance for 18 months after termination of employment. The employment agreement supersedes the executive's previous severance agreement with the Company. Consequently, the severance benefit received pursuant to the employment agreement is in lieu of any benefit the executive would have otherwise received under his or her vitiated severance arrangement.
- If the executive's employment terminates on account of death, disability or retirement (i.e., voluntary retirement on or after age 59 1/2 but not within 90 days after a change in control (as defined) of the Company) prior to the end of the executive's initial

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

employment period under the agreement, the executive is generally entitled to receive: (i) a pro rata portion of the restricted stock award, and (ii) a pro rata portion of the deferred bonus.

- The executive's rights with respect to the stock options granted under the employment agreement are generally governed by the terms and provisions of the 2000 LTIP. However, the employment agreement provides that stock options granted on or after the effective date of the employment agreement (including stock options granted under the employment agreement) which have vested as of the effective date of termination of employment will be exercisable until (i) expiration of the relevant option term if termination is on account of retirement, or (ii) 12 months after termination of employment if termination is solely on account of the Company's decision not to renew the employment agreement.

23

If a change in control (as defined) of the Company occurs prior to the end of the executive's initial employment period under the agreement, the executive, in certain instances, is afforded different rights with respect to the deferred bonus and restricted stock award as follows:

- If the executive remains employed for 90 days following the change in control, he or she obtains a vested right to receive 50% of the deferred bonus and restricted stock award, with the remaining 50% otherwise eligible for vesting pursuant to the terms of the employment agreement.
 - If, within 90 days before or any time after a change in control, the executive's employment is terminated by the Company other than for Cause or Disability, or by the executive for Good Reason, or the agreement expires during the change in control period (as defined), the executive will generally obtain a vested right to receive the entire deferred bonus and restricted stock award in lieu of any pro-rated deferred bonus or restricted stock benefit described above.
 - If there is no public market for the Company's stock or the common stock for which the shares are exchanged, then the Company will repurchase the shares at a price equal to the change in control price (as defined), with the proceeds placed in escrow and paid out as the restrictions lapse.
- . Restrictive Covenants. If an executive's employment is terminated prior to expiration of the employment period (including any renewal period in effect) for any reason, the executive is prohibited from competing against the Company for 18 months after such termination. If termination of employment occurs solely as the result of expiration of the employment agreement, the executive is prohibited from competing for one year after such termination. Each executive is also subject to certain non-solicitation and non-disclosure limitations. Entitlement to the severance benefit and the deferred bonus described above (including any prorated portion) is contingent upon compliance with these restrictive covenants.
 - . Tax Indemnification. In the event that any amount or benefit paid or distributed to the executive pursuant to the employment agreement, taken together with any amounts or benefits otherwise paid or distributed to the executive by the Company pursuant to any other arrangement or plan (collectively, the "Covered Payments"), would result in the executive's

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

liability for the payment of an excise tax under Section 4999 of the Code (or any similar state or local tax) (collectively, the "Excise Tax"), the Company will make a "gross-up" payment to the executive to fully offset the Excise Tax provided the aggregate present value of the Covered Payments exceeds by 125% or more the maximum total payment which could be made to the executive without triggering the Excise Tax. If the aggregate present value of the Covered Payments, however, exceeds such maximum amount, but does not exceed by 125% or more such maximum amount, then the Company may, in its discretion, reduce the Covered Payments so that no portion of the Covered Payments is subject to the Excise Tax, and no gross-up payment would be made.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and greater than 10% shareholders to file reports of ownership (on Form 3) and periodic changes in ownership (on Forms 4 and 5) of Company securities with the Securities and Exchange Commission. For fiscal year 2001, Terrence D. Arndt, a former executive officer of the Company, was late in filing (i) his Form 4 for the month of August, disclosing the sale of 2,000 shares of Common Stock (ii) his Form 5 disclosing the forfeiture of Mr. Arndt's restricted shares in connection with the termination of his employment by the Company.

Pursuant to agreements with New York Life, the Company provides pharmacy benefit management services to employees and retirees of New York Life and certain New York Life health insurance policyholders. During 2001, the total revenues that the Company derived from all services provided to New York Life were approximately \$21,800,000, or 0.2% of the Company's total revenues for 2001.

Stockholder and Registration Rights Agreement

New York Life, a New York mutual insurance company of which NYLife is a subsidiary, and the Company are parties to a Stockholder and Registration Rights Agreement dated as of October 6, 2000 entered into in connection with the November 2000 Offering, and amended August 17, 2001. The principal terms of this agreement are described below.

Conversion of Class B Common Stock. New York Life agreed (for itself and on behalf of its subsidiaries), to convert each issued and outstanding share of Class B Common Stock into one share of Class A Common Stock contemporaneously with the completion of the November 2000 Offering.

Rights Regarding the Board of Directors. As long as New York Life and its non-investment subsidiaries, in the aggregate, beneficially hold 3,000,000 or more shares of the Common Stock (excluding the Forward Sale Shares), and such shares together with the Forward Sale Shares constitute 5% or more of the Company's outstanding voting stock, New York Life has the right to designate for nomination two directors to the Company's Board of Directors. The Company is required to use the same efforts to cause the election of such designees to the Board of Directors as it uses with its other nominees for director. If New York Life and its non-investment subsidiaries, in the aggregate, beneficially hold 3,000,000 or more shares (excluding the Forward Sale Shares) of the Common Stock, and either (i) such shares, including any Forward Sale Shares, constitute less than 5% of the Company's outstanding voting stock as of the date of such calculation, or (ii) such shares, excluding any Forward Sale Shares, constitute less than 5% of the Company's outstanding voting stock as of August 17, 2001, then the number of directors New York Life shall be permitted to designate to the Board of Directors shall be reduced to one. If New York Life and its non-investment subsidiaries, in the aggregate, beneficially hold less

25

than 3,000,000 shares (excluding the Forward Sale Shares) of our Common Stock, the number of directors New York Life shall be permitted to designate to the Board of Directors shall be reduced to zero. If a vacancy occurs with respect to a director which New York Life had the right to designate, and New York Life has the right at such time to designate a director for nomination, New York Life is entitled to designate a director to fill the vacancy. If the Company nominates for election those persons designated by New York Life, New York Life and its non-investment subsidiaries that hold shares are required to vote their shares of voting stock in favor of all directors nominated for such election. Finally, so long as New York Life is entitled to nominate two directors, the Company has agreed to appoint one of the New York Life directors to each standing committee of its Board of Directors, except the Audit Committee. Pursuant to the agreement, upon the consummation of the November 2000 Offering, all but two of the directors on the Board of Directors affiliated with New York Life resigned.

Registration Rights. So long as New York Life and its non-investment subsidiaries, in the aggregate, beneficially hold more than 3,000,000 shares of the Common Stock, New York Life may request that the Company effect up to three

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

registrations of all or part of such shares under the Securities Act of 1933. One of these registrations may be requested to be effected as a shelf registration pursuant to Rule 415 under the Securities Act, and two of these registrations may be requested to be effected as firm commitment underwritten offerings under the Securities Act. The Company is not obligated to file a registration statement at the request of New York Life: (1) within 180 days after the closing of the November 2000 Offering; (2) within a period of 90 days after the effective date of any other registration statement of the Company (other than a registration statement on Form S-8 or its equivalent); or (3) while a registration statement relating to a shelf registration filed at the request of New York Life is effective under the Securities Act. In addition, so long as New York Life and its non-investment subsidiaries, in the aggregate, beneficially hold in excess of 3,000,000 shares of Common Stock, if the Company proposes to register shares of Common Stock for the Company's account under the Securities Act (other than a registration on Form S-8 or its equivalent), New York Life shall have piggy-back rights with respect to such registration. The underwriters of any such offering have the right to limit the number of shares included by New York Life in any such registration if the managing underwriter indicates that, in its opinion, the number of shares to be included by New York Life would adversely affect the offering. The Company will bear the expenses of any registration described in this paragraph.

Voting of Common Stock. New York Life and its subsidiaries have agreed to vote any shares of Common Stock held by them (including the Trust shares) in favor of (a) the slate of nominees for the Company's Board of Directors recommended by the Company's management, and (b) the 2000 LTIP which was approved at the Company's 2001 Annual Meeting of Stockholders. However, these voting requirements do not apply to any of the Forward Sale Shares held by third parties pursuant to the Forward Sale Contract and which New York Life would have to recall in order to vote, provided that (i) New York Life gives proper notice to the Company indicating that such shares are being held by third parties, and (ii) the Company does not require New York Life to nonetheless recall such shares. The Company has not called for the recall of such shares to be voted at the Meeting.

Voting of Common Stock Underlying the Trust Securities. New York Life and its subsidiaries have agreed to vote any shares of Common Stock that may be delivered by the Trust in the same proportion and to the same effect as the votes cast by the Company's other stockholders at any meeting of stockholders, subject to certain exceptions described above including the election of directors as described above.

Term. The Stockholder and Registration Rights Agreement shall terminate on the earlier of: (1) eight years from the closing of the November 2000 Offering or (2) at such time as New York Life and its non-investment subsidiaries, in the aggregate, beneficially hold less than 3,000,000 shares of Common Stock.

Other Agreements and Transactions

From 1989, when NYLCare acquired all of the outstanding stock of the Company, through June 15, 1992, the Company was included in consolidated groups with New York Life for federal income tax purposes. The Company is no longer entitled by law to be included in the consolidated tax groups and will continue as a party to its tax allocation agreements with New York Life only for purposes of adjustments to tax liabilities for the years in which it was included in those consolidated groups.

administers the Company's 401(k) plan. The Company paid New York Life Benefit Services approximately \$75,000 for such services during 2001.

II. RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The firm of PricewaterhouseCoopers LLP served as the Company's independent accountants for the year ended December 31, 2001. The Board of Directors has appointed, subject to stockholder ratification, PricewaterhouseCoopers LLP to act in that capacity for the year ending December 31, 2002. A representative of PricewaterhouseCoopers LLP is expected to be present at the Meeting with the opportunity to make a statement if he or she desires to do so and to be available to respond to appropriate questions from stockholders. New York Life and its subsidiaries have indicated their intention to vote their shares which are not subject to the Trust in favor of the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent accountants for the year ending December 31, 2002, including the Forward Sale Shares if New York Life votes such shares at the Meeting. The Trust shares are to be voted in the same proportion and to the same effect as the votes cast by the other stockholders at the Meeting.

Although the Company is not required to submit this appointment to a vote of the stockholders, the Board of Directors continues to believe it appropriate as a matter of policy to request that the stockholders ratify the appointment of PwC as principal independent auditors. If the shareholders do not ratify the appointment, the Audit Committee will investigate the reasons for stockholder rejection and the Board of Directors will reconsider the appointment. Even if the appointment is ratified, the Board and the Audit Committee in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders

Audit Fees

PricewaterhouseCoopers LLP billed the Company \$394,000 in the aggregate for professional services rendered for the audit of the Company's annual financial statements for 2001 and the reviews of the financial statements included in the Company's Form 10-Q's for 2001.

Financial Information Systems Design and Implementation Fees

During 2001, PricewaterhouseCoopers LLP did not provide the Company with any professional services relating to financial information systems design or implementation.

All Other Fees

PricewaterhouseCoopers LLP billed the Company \$1,209,000 in the aggregate for services rendered by it, other than the services covered above, for 2001. These services were as follows:

Tax consulting and compliance.....	\$774,000
Transaction support and due diligence	\$ 32,000
Other services(a).....	\$403,000

- (a) Other services includes benefit plan audits, projects involving the assessment of the Company's progress towards compliance with federal privacy regulations under HIPAA, an e-business infrastructure review and other miscellaneous items.

Edgar Filing: EXPRESS SCRIPTS INC - Form DEF 14A

The Audit Committee has considered whether the provision of the services other than the audit and financial review services is compatible with maintaining PricewaterhouseCoopers LLP's independence.

The Board of Directors unanimously recommends a vote FOR the ratification of PricewaterhouseCoopers LLP as the Company's independent accountants for the year ending December 31, 2002.

Generally, to be timely, such notice must be received by the Secretary not less than 90 days nor more than 120 days in advance of the first anniversary of the preceding year's annual meeting, provided that in the event that no annual meeting was held the previous year or the date of the annual meeting has been changed by more than 30 days from the date of the previous year's meeting, or in the event of a special meeting of stockholders called to elect directors, not later than the close of business on the tenth day following the day on which notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first. For the Company's annual meeting to be held in 2003, any such notice must be received by the Company at its principal executive offices between January 22, 2003 and February 21, 2003 to be considered timely for purposes of the 2003 Annual Meeting. These time periods also apply in determining whether notice is timely for purposes of rules adopted by the Securities and Exchange Commission relating to the exercise of discretionary voting authority, and are separate from and in addition to the Securities and Exchange Commission's requirements that a stockholder must meet to have a proposal included in the Company's Proxy Statement.

Stockholder proposals intended to be presented at the 2003 Annual Meeting must be received by the Company at its principal executive office no later than December 23, 2002, in order to be eligible for inclusion in the Company's Proxy Statement and Proxy relating to that meeting.
