Independence

The Board has determined that each current director and nominee for director, other than Mr. Wolcott, the Company’s Chairman, his daughter, Ms. Stuart, and Mr. Kayser, the Company’s President and Chief Executive Officer, is “independent” as defined by the listing standards of The NASDAQ Stock Market. No director has any material

relationship with the Company other than those described in “Certain Transactions and Related Relationships” below.

Information Concerning Operation Of The Board of Directors

In order to facilitate the handling of various functions of the Board of Directors, the Board has appointed several committees including an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee.

The members of the Audit Committee are Arthur H. Baer (Chairman), Robert T. Brady, Douglas F. Brush, G. Brymer Humphreys and Thomas Paulson. The text of the charter of the Audit Committee is available on the Company’s website (www.senecafoods.com). Mr. Baer has been designated as the Company’s “audit committee financial expert” in accordance with the SEC rules and regulations. Shareholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Baer’s experience and understanding with respect to certain accounting and auditing matters. The designation does not impose any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board. The Audit Committee is directly responsible for the engagement of independent auditors, reviews with the auditors the scope and results of the audit, reviews with management the scope and results of the Company’s internal auditing procedures, reviews the independence of the auditors and any non-audit services provided by the auditors, reviews with the auditors and management the adequacy of the Company’s system of internal accounting controls and makes inquiries into other matters within the scope of its duties. All members of the Audit Committee are independent.

The Corporate Governance and Nominating Committee consists of Thomas Paulson, Robert T. Brady, G. Brymer Humphreys and Andrew M. Boas (Chairman). Each Committee member is independent under the NASDAQ listing standards. The text of the charter of the Corporate Governance and Nominating Committee is available on the Company’s website (www.senecafoods.com). The Committee screens and selects nominees for vacancies in the Board of Directors as they occur. Consideration will be given to serious candidates for director who are recommended by shareholders of the Company. Shareholder recommendations must be in writing and addressed to the Chairman of the Corporate Governance and Nominating Committee, c/o Corporate Secretary, 3736 South Main Street, Marion, New York 14505, and should include a statement setting forth the qualifications and experience of the proposed candidates and basis for nomination. Any person recommended by shareholders of the Company will be evaluated in the same manner as any other potential nominee for director.

The Board has not adopted specific minimum criteria for director nominees. The Corporate Governance and Nominating Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company’s business and who are willing to continue in services are considered for re-nomination. If any member of the Board does not wish to continue in service, or if the Corporate Governance and Nominating Committee decides not to nominate a member for re-election, the Committee first considers the appropriateness of the size of the board. If the Committee determines the board seat should remain and a vacancy exists, the Committee considers factors that it deems are in the best interests of the Company and its shareholders in identifying and evaluating a new nominee. The Corporate Governance and Nominating Committee will consider nominees suggested by incumbent Board members, management and shareholders.

The Compensation Committee consists of Douglas F. Brush (Chairman), G. Brymer Humphreys and Andrew M. Boas. The Compensation Committee establishes the level of compensation on an annual basis for all executive officers.

During the fiscal year ended March 31, 2006, the Board of Directors had four meetings, the Audit Committee had five meetings, and the Compensation Committee had two meetings. All directors who served during the entire fiscal year

attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by any committee of the Board on which he or she served. In addition, each director is expected to attend the Annual Meeting of shareholders. In 2005, the Annual Meeting of shareholders was attended by all nine of the directors.

Shareholder Communication With the Board

The Company provides an informal process for shareholders to send communications to the Board of Directors. Shareholders who wish to contact the Board of Directors or any of its members may do so in writing to Seneca Foods Corporation, 3736 South Main Street, Marion, New York 14505. Correspondence directed to an individual board member will be referred, unopened, to that member. Correspondence not directed to a particular board member will be referred, unopened, to the Chairman of the Audit Committee.

Certain Relationships and Related Transactions

The Company operates under a contract pursuant to which Birds Eye Foods supplies the Company's New York processing plants with their raw vegetable requirements. Birds Eye's sources of supply are the grower-members of Pro-Fac Cooperative, Inc., a non-controlling shareholder of Birds Eye. A small percentage (1% in fiscal year 2006) of vegetables supplied to Seneca Foods under this contract are grown by Humphreys Farm Inc. as a Pro-Fac grower-member. G. Brymer Humphreys is President and a 23% shareholder of Humphreys Farm.

Each year the prices paid for all Pro-Fac-sourced vegetables are negotiated between the Company and Birds Eye and paid directly to Birds Eye. The Company understands that the member-growers who supplied the vegetables are paid through Pro-Fac. The Company has no negotiations with Humphreys Farm and no authority to require Birds Eye or Pro-Fac to fill from Humphreys Farm any particular volume or percentage of the vegetables supplied to the Company. Moreover, the Company does not negotiate or identify any special prices for vegetables produced at Humphreys Farm as distinguished from other Pro-Fac grower-members.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that the Company's directors, officers and shareholders owning more than 10% of a registered class of equity securities of the Company file reports regarding their ownership and changes in that ownership with the SEC. The Company is not aware that any from this group failed to make such filings in a timely manner during the past year.

Pension Benefits

The executive officers of the Company are entitled to participate in the Pension Plan (referred to in this section as the “Plan”), which is for the benefit of all employees meeting certain eligibility requirements. Effective August 1, 1989, the Company amended the Plan to provide improved pension benefits under the Plan’s Excess Formula. The Excess Formula for the calculation of the annual retirement benefit is: total years of credited service (not to exceed 35) multiplied by the sum of (i) 0.6% of the participant’s average salary (five highest consecutive years, excluding bonus), and (ii) 0.6% of the participant’s average salary in excess of his compensation covered by Social Security.

Participants who were employed by the Company prior to August 1, 1988, are eligible to receive the greater of their benefit determined under the Excess Formula or their benefit determined under the Offset Formula. The Offset Formula is: (i) total years of credited service multiplied by \$120, plus (ii) average salary multiplied by 25%, less 74% of the primary Social Security benefit. Pursuant to changes required by the Tax Reform Act of 1986 the Company amended the Plan to cease further accruals under the Offset Formula as of July 31, 1989. Participants who were eligible to receive a benefit under the Offset Formula will receive the greater of their benefit determined under the Excess Formula or their benefit determined under the Offset Formula as of July 31, 1989. The maximum permitted annual retirement income under either formula is \$160,000.

The following table sets forth estimated annual retirement benefits payable at age 65 for participants in certain compensation and years of service classifications using the highest number obtainable under both formulas:

Five Highest Consecutive Years Earnings	ANNUAL BENEFITS				
	15 Year	20 Years	25 Years	30 Years	35 Years
\$ 90,000	\$ 11,900	\$ 15,800	\$ 19,700	\$ 23,700	\$ 27,600
120,000	17,300	23,000	28,700	34,500	40,200
150,000	22,300	30,200	37,700	45,300	53,800

180,000	28,600	37,400	46,700	56,100	65,400
---------	--------	--------	--------	--------	--------

Under the Plan, Arthur S. Wolcott, Kraig H. Kayser, Paul L. Palmby and Dean E. Erstad have 57 years, 14 years, 19 years and 11 years of credited service, respectively. Their compensation during fiscal 2006 covered by the Plan is listed as salary in the Executive Compensation table. The Internal Revenue Code limits the amount of compensation that can be taken into account in calculating retirement benefits (for 2006 the limit is \$220,000).

Directors' Fees

Directors who are also executive officers of the Company are not separately compensated for their services as directors. Directors who are not executive officers receive a fee in the amount of \$1,500 per month. Effective July 1, 2006, directors fees increase to \$1,750 per month.

Equity Compensation Plans

No options were granted or exercised in the period from April 1, 2005, to the date of this Proxy Statement, nor were any unexpired options held at the latter date by any officer or director of the Company. The Company has no equity compensation plans or individual compensation arrangements under which equity securities of the Company are authorized for issuance to employees or directors, therefore, no table is necessary as described in Item 201(d) of Regulation S-K.

Profit Sharing Bonus Plan

The Company has a Profit Sharing Bonus Plan for certain eligible employees of the Company ("Corporate Profit Sharing" for the officers and certain key Corporate employees and "Operating Unit Profit Sharing" for certain key Operating Unit employees). Under Corporate Profit Sharing, some or all of the Corporate Profit Sharing Pool (10% of the Corporate Bogey as defined below) will be paid only if Pre-Tax Profits (as defined) equal or exceed the Corporate Bogey. The bonuses will be distributed at the sole discretion of the Chief Executive Officer upon approval of such bonuses by the Compensation Committee of the Board of Directors. Under the Operating Unit Profit Sharing, the Operating Unit Profit Sharing pool (10% of Pre-Tax Profit less the Operating Unit Bogey as defined below) will be paid only if the Pre-Tax Profit of the Operating Unit equals or exceeds the Operating Unit Bogey. The bonuses will be distributed at the discretion of the Operating Unit President. For fiscal 2006 the Corporate Bogey will be equal to the greater of (i) five percent of the prior year's Consolidated Net Worth of the Company plus the Pillsbury Subordinated Note or (ii) five percent plus the annual increase in the Consumer Price Index greater than five percent, times the prior year's Consolidated Net Worth of the Company. The Operating Unit Bogey will be an amount equal to the average gross assets employed by the Snack or Flight Operations for the preceding 12 months divided by the consolidated average gross assets of the Company for the same period multiplied by the Corporate Bogey. A total of \$387,660, none and \$140,526 of bonuses related to the Corporate Plan were earned by officers in 2006, 2005 and 2004, respectively.

Compensation Committee Interlocks and Insider Participation

There were no Compensation Committee interlocks during the past fiscal year.

Compensation Committee Report On Executive Compensation

This Report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

The Compensation Committee is responsible for providing overall guidance with respect to the Company's executive compensation programs. The goal of the Compensation Committee is to maintain a competitive compensation program in order to attract and retain well qualified management, to provide management with the incentive to accomplish the Company's financial and operating objectives and to link the interest of the Company's executive officers and management to the interests of its stockholders through bonuses tied to financial performance. The Compensation Committee is composed of three members and meets annually to review the Company's compensation programs, including executive salary administration and the profit sharing plan.

The Compensation Committee believes that the Company's executives should be rewarded for their contributions to the Company's attaining annual financial goals, as set forth in the annual budget, which is subject to revision during the year, and their attaining annual individual objectives. The Company pays its executive officers two principal types of compensation: base salary and Corporate Profit Sharing plan, each of which is more fully described below.

Base Salary - The Company has historically established the base salary of its executive officers on the basis of each executive officer's scope of responsibility, experience, individual performance and accountability within the Company. In that regard the Company reviews comparable salary and other compensation arrangements in similar businesses and companies of similar size to determine appropriate levels necessary to attract and retain top quality management.

Profit Sharing Plan - To further align the interests of executive officers with those of the Company's shareholders, a significant component of an executive officer's total compensation arrangement is participation in the annual profit sharing plan. An executive is rewarded with a cash bonus equal to a percentage of the executive's base salary if the Pre-Tax Profit of the Company for that year equals or exceeds the Corporate Bogey (see "--Profit Sharing Bonus Plan").

CEO Compensation - The general policies described above for the compensation of executive officers also apply to the compensation level approved by the Compensation Committee with respect to the 2006 compensation for the Chief Executive Officer. The Compensation Committee recognized Mr. Kayser's leadership role during fiscal year 2006 in guiding the overall performance of the Company towards its desired strategic direction and record earnings performance. Based upon all relevant factors, the Compensation Committee believes that Mr. Kayser's compensation is reasonable.

Summary

The Compensation Committee is committed to attracting, motivating and retaining executives who will help the Company meet the increasing challenges of the food processing industry. The Compensation Committee recognizes its responsibility to the Company's shareholders and intends to continue to establish and implement compensation policies that are consistent with competitive practice and are based on the Company's and the executives' performance.

Audit Committee

The Audit Committee's Report for 2006 follows:

Audit Committee's Report

This Report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

The Audit Committee of the Board of Directors, comprised of five independent directors, held four meetings during 2006. The Audit Committee operates under a written charter approved by the Board of Directors.

The Audit Committee met with the independent public accountants and management to assure that all were carrying out their respective responsibilities. The Committee reviewed the performance of the independent public accountants prior to recommending their appointment, and met with them to discuss the scope and results of their audit work, including the adequacy of internal controls and the quality of financial reporting. The Committee discussed with the independent public accountants their judgments regarding the quality and acceptability of the Company's accounting principles, the clarity of its disclosures and the degree of aggressiveness or conservatism of its accounting principles and underlying estimates. The Committee discussed with and received a letter from the independent public accountants confirming their independence. The independent public accountants had full access to the Committee, including regular meetings without management present. Additionally, the Committee reviewed and discussed the audited financial statements with management and recommended to the Board of Directors that these financial statements be included in the Company's Form 10-K filing with the Securities and Exchange Commission.

(3) Includes fees and expenses billed through June 14, 2006.

(4) Consists of professional tax services rendered by BDO Seidman, LLP for tax planning.

All audit, audit-related and non-audit services were pre-approved by the Audit Committee, which concluded that the provision of such services by BDO Seidman, LLP in 2006 was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Audit Committee's pre-approval policies provide that the Chairman of the Audit Committee has the authority to approve individual audit related and permitted non-audit engagements up to \$10,000. Larger engagements require majority Audit Committee approval. There were no engagements of this type provided by the principal accountant during the last two years.

Changes in Certifying Accountant

On December 8, 2005, the Board of Directors unanimously approved the recommendation of the Audit Committee to engage the accounting firm of BDO Seidman, LLP as its new independent public accountants for its audit engagement. Also on December 8, 2005, the Company's Board of Directors unanimously approved the recommendation of the Audit Committee to dismiss Ernst & Young LLP. The Company's Certificate of Incorporation requires the unanimous approval of the Board of Directors to effect the actions described in this paragraph. On December 8, 2005, the Company dismissed Ernst & Young LLP.

The reports of Ernst & Young LLP on the consolidated financial statements of the Company, for the fiscal years ended March 31, 2005 and 2004 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

The decision to change the Company's accounting firm was made by the Audit Committee of the Company's Board of Directors on December 8, 2005.

In connection with the audits of the Company's financial statements for each of the fiscal years ended March 31, 2005 and 2004 and in the subsequent interim periods from April 1, 2005 through and including December 8, 2005, there were no disagreements between the Company and its auditors, Ernst & Young LLP, on any matter of accounting principles or practices, consolidated financial statement disclosure, or auditing scope and procedures, which, if not resolved to the satisfaction of Ernst & Young LLP would have caused Ernst & Young LLP to make reference to the matter in their reports.

During the two most recent fiscal years and through December 8, 2005, there were no "reportable events" as that term is described in Item 304(a)(1)(v) of Regulation S-K, except as described below:

In accordance with Section 404 of the Sarbanes-Oxley Act of 2002, the Company completed its assessment of the effectiveness of its internal control over financial reporting and concluded that the Company's internal control over financial reporting was not effective as of March 31, 2005 due to material weakness in its internal control related to (i) the application of accounting principles over the determination and calculation of asset impairments in accordance with FAS 144, (ii) the calculation and review of accrued promotion expense, and (iii) the selection and monitoring of key assumptions supporting accounting estimates, based on criteria established in Internal Control -- Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Ernst & Young LLP concurred with the Company's assessment of the effectiveness of its internal control over financial reporting. During 2006, the Company completed remediation measures to address the material weaknesses. More details on the remediation of these material weaknesses are discussed in Item 9A of the Company's Form 10-K for the year ended March 31, 2006.

The Company has not consulted with BDO Seidman, LLP during the fiscal years ended March 31, 2005 and 2004 or during the subsequent interim periods from April 1, 2005 through and including December 8, 2005, on either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements.

The Company requested Ernst & Young LLP to furnish a letter addressed to the Securities and Exchange Commission stating whether Ernst & Young LLP agrees with the statements made above by the Company. Such letter was provided.
