Report of Independent Auditors

To the Participants and Administrator of the
Thrift and Savings Plan for Certain Employees
of Lever Brothers Company:

In our opinion, the accompanying statements of net assets available for plan benefits and the related statements of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for plan benefits of the Thrift and Savings Plan for Certain Employees of Lever Brothers Company (the Plan) at December 31, 2002 and 2001, and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

1. Description of the Plan

The Thrift and Savings Plan for Certain Employees of Lever Brothers Company (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Assets of the Plan along with other assets from defined contribution plans sponsored by Unilever United States, Inc. (the Company or UNUS) are maintained in the Unilever United States, Inc. Master Savings Trust (the Trust). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

Eligibility

All employees of Lever Brothers Company (the Company), a division of Conopco, Inc., which is a subsidiary of Unilever United States, Inc. (UNUS), at the Hammond Plant, represented by the Oil, Chemical and Atomic Workers International Union (OCAW) are eligible to become participants of the Plan after the accumulation of 30 days of work or the completion of 90 days of continuous service.

Contributions

Plan participants are permitted to make voluntary contributions of 1% to 15% of their compensation to the Plan through payroll deductions on an after-tax basis, a before-tax basis or a combination of both, provided that the maximum participant contributions to the before-tax savings and after-tax accounts do not exceed 18% of compensation. After-tax contributions are deposited in an after-tax account and before-tax contributions, representing 401(k) contributions, are deposited in a before-tax account. Before-tax contributions are limited to \$11,000 for 2002 and 2001. The Company will match 100% of the first 2% of eligible earnings and 50% of the next 4% of eligible earnings the participants elect to save. These contributions are deposited in a company matching account. All contributions are deposited in the Unilever United States, Inc. Master Savings Trust (the Trust) maintained by the trustee.

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's contribution, (b) an allocation of Plan earnings, and (c) an allocation of forfeitures of terminated participant's nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions to their after-tax and before-tax accounts as well as the earnings thereon. Participants are fully vested in all company-matching contributions, therefore there are no forfeitures in the Plan.

Withdrawals and Distributions

During employment, participants may withdraw all or part of their after-tax account and earnings thereon. In addition, upon termination of employment, participants are entitled to the balance of their account.

Participants may apply to the Benefits Administration Committee for a financial hardship withdrawal of up to 100% of the value of their after-tax and before-tax accounts, prior to attaining age 59-1/2, provided the withdrawal does not exceed the amount of the hardship.

Retirees of the Unilever Home and Personal Care Union Retirement Plan (a defined benefit plan formerly known as the Retirement Plan for Hammond Plant Employees of Lever Brothers Company) may rollover their lump-sum distributions to the Plan to be invested until they attain age 70-1/2 at which time IRS regulations require minimum distributions to be made.

Investments

Participants have the option to invest in, and direct the Company matching contributions towards any of the following funds.

The PRIMCO Interest Income Fund is primarily invested in guaranteed investment contracts (GICS) issued by certain insurance companies and synthetic guaranteed investment contracts wrapped by certain banks and insurance companies. The investment contracts are fully benefit responsive investment contracts and provide for a certain return for a specified period of time. The crediting interest rates at December 31, 2002 and 2001 for the contracts range from 1.35% to 7.70% and 4.19% to 8.18%, respectively.

The Fidelity Asset Manager Fund invests primarily in stocks, bonds, and short-term cash instruments of both U.S. and foreign corporations and governments.

The Pyramid Equity Index Fund invests primarily in stocks that comprise the S&P 500 Index.

The Fidelity Magellan Fund invests in stocks and other securities (may include up to 20% in bonds) of a variety of large, medium, and small sized companies in a variety of industries (both domestic and foreign).

The PIMCO Total Return Fund invests in government, corporate, mortgage-backed, and foreign securities with an overall portfolio duration averaging 3 to 6 years.

The Fidelity Equity Income Fund invests mainly in dividend-paying common and preferred stocks, particularly of large, established companies with favorable prospects for both increased dividends and capital growth.

The Harbor Capital Appreciation Fund invests mainly in common stocks of domestic companies with market capitalizations of at least \$1 billion, which exhibit above-average earnings growth potential.

The Capital Guardian International Equity Fund invests primarily in foreign stocks in developed markets and stocks of emerging markets.

The Unilever N.V. Stock Fund invests in shares of Unilever N.V. stock. Unilever N.V. is the ultimate parent of Unilever United States, Inc.

The Fidelity Growth & Income Portfolio Fund seeks long term capital growth, current income, and growth of income by investing in equity securities (including common and preferred stocks), convertible securities, bonds, futures and options.

The Fidelity Contrafund seeks long-term capital appreciation by investing primarily in common stock and securities convertible into common stock

The Capital Guardian Emerging Markets Fund invests principally in developing country securities that are listed on a bona fide securities exchange or are actively traded in an over-the-counter market.

6

The T. Rowe Price Small Cap Stock Fund invests at least 65% of its total assets in stocks and equity-related securities of small companies.

The JP Morgan Select Small Company Fund mainly invests in common stocks of small companies with market capitalization of less than \$1.2 billion.

The AF Washington Mutual Investors Fund Class A invests primarily common stocks. The fund must be fully invested (95%) in the stocks of U.S. companies that meet the fund's eligible list criteria, which include specific guidelines for return of capital, financial strength, and dividend payment.

The Fidelity Select Healthcare Portfolio Fund normally invests at least 80% of its assets in the common stocks of companies principally engaged in the design, manufacture, or sale of products or services used for or in connection with health care or medicine. The fund may invest in the securities of domestic and foreign issuers.

The Fidelity Select Technology Portfolio Fund invests at least 80% of its assets in the common stocks of companies principally engaged in offering, using, or developing products, processes, or services that will provide or will benefit significantly from technological advances and improvements. The fund may invest in the securities of domestic and foreign issuers.

The Fidelity Select Financial Portfolio Fund invests at least 80% of its assets in the common stocks of companies principally engaged in providing financial services to consumers and the financial industry. The fund may invest in the securities of domestic and foreign issuers.

The Fidelity Select Natural Resources Portfolio Fund invests primarily in common stocks and in certain precious metals. The fund normally invests at least 80% of its assets in the common stocks of companies principally engaged in owning or developing natural resources, or supplying goods and services to such companies, and in precious metals. The fund may invest in the securities of domestic and foreign issuers.

Loans to Plan Participants

At the request of Plan participants, loans are permitted up to the lesser of \$50,000 or one-half of the participant's vested interest in all of their accounts (less any outstanding loans), excluding any amounts held in the Unilever N.V. Stock Fund. Loans bear interest at a fixed rate based on the Wall Street Journal published prime rate plus one percent, adjusted quarterly. Loans relating to the acquisition, construction, or reconstruction of a participant's principal residence are to be repaid, in monthly installments, within fifteen years. This period will be automatically reduced to five years if certain administrative requirements are not fulfilled within six months of loan issuance. All other loans are required to be repaid, in monthly installments, within five years.

Termination

Upon termination of employment, participants are entitled to all of their vested balances.

Terminated employees whose vested balances exceed \$5,000 at termination may elect to leave their account balances in the Plan until they so request them or attain the age of 70 1/2 at which time IRS regulations require minimum distributions to be made. Failure to make voluntary election to defer payment will result in a total distribution of vested Plan balances at age 65. Terminated employees whose vested balances are under \$5,000 will be subjected to an involuntary distribution.

7

While the Company has not expressed any intent to discontinue its contributions the Plan, it is free to do so at any time. In the event such discontinuance results in the termination of the Plan, the amount in each member's account becomes fully vested.

Other

At December 31, 2002 and 2001, there were 373 and 389 participants, respectively, some of whom elected to invest in more than one fund. Set forth below is the number of participants investing in each fund.

Administration

The Plan provides that the Benefits Administration Committee is responsible for the general administration of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles.

Valuation of Trust Investments

Shares of participation in the various funds, other than the Interest Income Fund, and the Unilever N.V. Stock Fund, are valued based on quoted market prices as of the last business day of the year. Unilever N.V. Stock in the Unilever N.V. Stock Fund is valued at market value based on its quoted market price as of the last business day of the year.

**Thrift and Savings Plan for Certain Employees
of Lever Brothers Company
Notes to Financial Statements**

8

The guaranteed investment contracts and the synthetic guaranteed investment contracts in the Interest Income Fund are stated at contract value, which approximates fair value.

Investment Transactions and Investment Income of the Trust

Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. The average cost basis is used in determining gain or loss on Trust investments sold.

Purchases and sales of securities are reflected as of the trade date.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Investment management fees for all funds, excluding the Unilever N.V. Stock Fund, are paid by the Plan. All other administrative expenses are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. These significant estimates include the fair market values of investments. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

The Trust is exposed to credit loss in the event of non-performance by the companies with whom guaranteed investment contracts are placed. However, the Plan administrator does not anticipate non-performance by these companies. The Plan administrator believes that the risk to the Trust portfolio from credit loss is not material due to the diversified nature of the assets held.

3. Tax Status of the Plan

The Plan received a favorable tax determination letter, effective September 1, 1995, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since

of Lever Brothers Company
Notes to Financial Statements**

9

receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. Investments Held by the Trust

The Trust primarily comprises the assets of the following plans:

Unicare Savings Plan

Savings Plan for Lever Brothers Employees Represented by the ICWUC

Thrift and Savings Plan for Certain Employees of Lever Brothers Company

The plans listed above comprise approximately 99% of the investments held by the Trust as of December 31, 2002 and 2001. The Trust also holds investments for a number of other Plans sponsored by subsidiaries of Unilever United States, Inc. The Plan has an undivided interest in certain assets of the Trust and sole interests in other assets of the Trust. Certain investment assets of the Trust and related earnings are allocated to the Plans participating in the Trust based upon the total of each individual participant's share of the Trust. On an overall basis, the Plan has a 4% interest in the investments of the Trust as of December 31, 2002 and 2001.

The Plan's approximate share of investments held by the Trust at December 31, 2002 and 2001 were as follows:

	2002	2001
Short-Term Investment Fund	7%	6%
Mutual Funds	2	2
Commingled Fund	7	0
Guaranteed Investment Contracts	7	6
Synthetic Guaranteed Investment Contracts	7	6

5. Transactions with Related Parties and Parties-in-interest

The Unilever N.V. Stock Fund invests in shares of Unilever N.V. Stock. This fund is designed as a means for employees to participate in the potential long-term growth of Unilever.

Edgar Filing: UNILEVER PLC - Form 11-K/A

Certain Trust investments consist of units in investment funds managed by Fidelity. Fidelity owns these investment funds, and is a party-in-interest as defined by ERISA. In the opinion of the Plan administrator, fees paid during the year for services rendered by parties-in-interest were based on customary and reasonable rates for such services.
