On February 24, 2003, ANR Pipeline Company and Southern Natural Gas Company, wholly owned subsidiaries of El Paso Corporation ("El Paso"), commenced private offerings of \$300 million and \$400 million principal amount of senior notes, respectively. Information about El Paso's business was presented in the slide presentation related to the offerings used at various meetings with prospective investors. The portion of the slide presentation related to El Paso's business (the "El Paso Slides") was filed with the Securities and Exchange Commission by El Paso on March 3, 2003 as Exhibit 99.1 to a Current Report on Form 8-K filed on that date ("Form 8-K"). Because the public filing of the El Paso Slides may constitute a solicitation by El Paso of its stockholders by means of a written communication, El Paso is including the El Paso Slides below.

As noted in the Form 8-K, the El Paso Slides include statements that constitute forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. These statements may relate to, but are not limited to, information or assumptions about capital and other expenditures, dividends, financing plans, capital structure, cash flow, pending legal and regulatory proceedings and claims, including environmental matters, future economic performance, cost savings, management's plans, goals and objectives for future operations and growth. These forward-looking statements generally are accompanied by words such as "intend," "anticipate," "believe," "estimate," "expect," "should" or similar expressions. It should be understood that these forward-looking statements are necessarily estimates reflecting the best judgment of our senior management, not guarantees of future performance. They are subject to a number of assumptions, risks and uncertainties that could cause actual results to differ materially from those expressed or implied in the forward-looking statements. Undue reliance should not be placed on forward-looking statements in the El Paso Slides, which speak only as of the date of the Form 8-K. El Paso does not undertake any obligation to release publicly any revisions to the forward-looking statements contained in the El Paso Slides to reflect events or circumstances thereafter or to reflect the occurrence of unanticipated events, unless the securities laws require us to do so.
