**Item 9. Regulation FD Disclosure**

At the Company's quarterly earnings conference call held July 15, 2004, and in response to questions presented, Company representatives stated that Humboldt Bancorp, which was acquired by the Company on July 10, 2004, would not be issuing an earnings release with respect to the second quarter results, but that at June 30, 2004, total loans had increased to approximately \$1.1 billion, deposits to approximately \$1.2 billion, and operating earnings per share were \$0.25 per share for the second quarter. Further, non-performing assets had been reduced to approximately \$5 million, down from approximately \$13 million at March 31, 2004.

In the conference call, the Company also stated that on a preliminary and tentative basis, subject to completing purchase accounting adjustment and calculations, the

Company's book value and tangible book value per share on a pro forma basis at June 30, 2004, reflecting the Humboldt transaction, would have been approximately \$14.70 and approximately \$5.50, respectively.

Lastly, the Company reconfirmed and increased its confidence with respect to the previously predicted 3% accretive to operating earnings per share impact in 2005 of the Humboldt Bancorp acquisition.

More information regarding these reported matters and other information discussed in the call can be heard by dialing 888-568-0664 or visiting the Company's website at [www.umpquaholdingscorp.com](http://www.umpquaholdingscorp.com).
