THE COMPANY'S 2002 ANNUAL REPORT ACCOMPANIES THE PROXY STATEMENT.

SENESCO TECHNOLOGIES, INC.
303 GEORGE STREET, SUITE 420
NEW BRUNSWICK, NEW JERSEY 08901

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Senesco Technologies, Inc., a Delaware corporation (the "Company"), of proxies to be voted at the Annual Meeting of Stockholders of the Company to be held on December 13, 2002 (the "Meeting"), at The American Stock Exchange at 86 Trinity Place, New York, New York 10006, at 9:30 A.M., local time, and at any adjournment or adjournments thereof. Holders of record of the Company's common stock, \$0.01 par value (the "Common Stock"), as of the close of business on October 21, 2002 (the "Stockholders"), will be entitled to notice of and to vote at the Meeting and any adjournment or adjournments

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

thereof. As of that date, there were 11,880,045 shares of Common Stock issued and outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on any matter presented at the Meeting.

If proxies in the accompanying form are properly executed and returned, the shares of Common Stock represented thereby will be voted in the manner specified therein. If not otherwise specified, the shares of Common Stock represented by the proxies will be voted: (i) FOR the election of the seven (7) nominees named below as Directors; (ii) FOR the approval of the proposal to increase the maximum number of authorized shares of Common Stock from twenty million (20,000,000) shares to thirty million (30,000,000) shares; (iii) FOR the approval of an amendment to the Company's 1998 Stock Incentive Plan, as amended (the "1998 Stock Plan"), to increase the maximum number of shares of Common Stock available for issuance under the 1998 Stock Plan from two million (2,000,000) shares to three million (3,000,000) shares; (iv) FOR the ratification of the appointment of Goldstein Golub Kessler LLP, as independent auditors for the fiscal year ending June 30, 2003; and (v) in the discretion of the persons named in the enclosed form of proxy, on any other proposals which may properly come before the Meeting or any adjournment or adjournments thereof. Any Stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by the Secretary of the Company, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

The presence, in person or by proxy, of holders of shares of Common Stock having a majority of the votes entitled to be cast at the Meeting shall constitute a quorum. The affirmative vote by the holders of a plurality of the shares of Common Stock represented at the Meeting is required for the election of Directors, provided a quorum is present in person or by proxy. If such a quorum is present, all actions proposed herein, other than the election of Directors, may be taken upon the affirmative vote of Stockholders possessing a majority of the voting power represented at the Meeting.

Abstentions are included in the shares present at the Meeting for purposes of determining whether a quorum is present, and are counted as a vote against for purposes of determining whether a proposal is approved. Broker non-votes (when shares are represented at the Meeting by a proxy specifically conferring only limited authority to vote on certain matters and no authority to vote on other matters) are included in the determination of the number of shares represented at the Meeting for purposes of determining whether a quorum is present but are not counted for purposes of determining whether a proposal has been approved in matters where the proxy does not confer the authority to vote on such proposal, and thus have no effect on its outcome.

On or about October 29, 2002, this Proxy Statement, together with the related proxy card, is being mailed to the Stockholders of the Company of record as of October 21, 2002. The Annual Report to Stockholders of the Company for the fiscal year ended June 30, 2002 ("Fiscal 2002"), including financial statements (the "Annual Report"), is being mailed together with this Proxy Statement to all Stockholders of record as of October 21, 2002. In addition, the Company has provided brokers, dealers, banks, voting trustees and their nominees, at the Company's expense, with additional copies of the Annual Report so that such record holders could supply such materials to beneficial owners as of October 21, 2002.

ELECTION OF DIRECTORS

At the Meeting, seven (7) Directors are to be elected (which number shall

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

constitute the entire Board of Directors of the Company) to hold office until the next Annual Meeting of Stockholders and until their successors shall have been duly elected and qualified.

Unless otherwise specified in the proxy, it is the intention of the persons named in the enclosed form of proxy to vote the stock represented thereby for the election as Directors, each of the nominees whose names and biographies appear below. All of the nominees whose names and biographies appear below are at present Directors of the Company. In the event any of the nominees should become unavailable or unable to serve as a Director, it is intended that votes will be cast for a substitute nominee designated by the Board of Directors. The Board of Directors has no reason to believe that the nominees named will be unable to serve if elected. Each nominee has consented to being named in this Proxy Statement and to serve if elected.

COMMITTEES AND MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors currently consists of Ruedi Stalder, Bruce C. Galton, John E. Thompson, Ph.D., Christopher Forbes, Thomas C. Quick, David

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

Rector and Philip B. Livingston.

The Board of Directors held two (2) meetings in Fiscal 2002. In addition, the Board of Directors often acted by unanimous written consent during Fiscal 2002. Throughout this period, each member of the Board of Directors attended or participated in at least 75% of the aggregate of: (i) the total number of meetings of the Board of Directors (held during the period for which such person has been a Director); and (ii) the total number of meetings held by all committees of the Board of Directors on which each such Director served (during the periods such Director served). The Board of Directors has two (2) standing committees: the Compensation Committee and the Audit Committee.

Compensation Committee. The Compensation Committee was established in July 1999. The Compensation Committee makes recommendations concerning salaries and incentive compensation for management and employees of the Company. During Fiscal 2002, the Compensation Committee had been, and is currently, comprised of Christopher Forbes and Thomas C. Quick. In addition, Ruedi Stalder was appointed to the Compensation Committee in November 2001. The Compensation Committee held one (1) meeting during Fiscal 2002.

Audit Committee. The Audit Committee was established in July 1999. The primary responsibilities of the Audit Committee include: (i) evaluating and recommending to the Board of Directors the engagement of the Company's independent auditors; (ii) reviewing and reporting on the results of their audit findings; (iii) reviewing the Company's periodic reports filed with the Securities and Exchange Commission; and (iv) monitoring on a periodic basis the internal controls of the Company. During Fiscal 2002, the Audit Committee had been, and is currently, comprised of Christopher Forbes and Thomas C. Quick. In addition, David Rector was appointed to the Audit Committee in February 2002. The Audit Committee held one (1) meeting during Fiscal 2002.

Certain Directors of the Company had provided the Company with short-term loans during Fiscal 2002. See "Certain Relationships and Related Transactions." Although Mr. Quick had provided the Company with short-term loans in the aggregate principal amount of \$175,000 and such loans have since been converted into Common Stock of the Company, the Company believes that Mr. Quick is an independent member of the Board of Directors as defined in Section 121(A) of the American Stock Exchange Listing Standards, Policies and Requirements. Accordingly, Messrs. Quick and Rector are considered independent directors of the Company because neither of them is an officer or employee of the Company or its subsidiary, or have received any compensation from the Company or its subsidiary, other than compensation for board service, nor do either of them have a relationship which, in the opinion of the Company's Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director. Mr. Forbes is not an independent director as defined in Section 121(A) of the American Stock Exchange Listing Standards, Policies and Requirements because he is the father-in-law of Mr. Escaravage, a former Director and former executive officer of the Company. The Company is currently traded on the American Stock Exchange, which requires an Audit Committee with a majority of independent directors.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has furnished the following report:

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

September 13, 2002

To the Board of Directors of Senesco Technologies, Inc.:

The Audit Committee reviewed the Company's audited financial statements for the fiscal year ended June 30, 2002. The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards 61 (Communication with Audit Committees) with Goldstein Golub Kessler LLP, the Company's independent auditors.

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No.1 (Independence Discussions with Audit Committees). In addition, the Audit Committee discussed with the independent auditors their independence from the Company.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended June 30, 2002.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Real Estate and Service Agreements

In January 1999, the Company entered into an arrangement to sublease office space from The Umbrella Project, LLC, a company controlled by Phillip O. Escaravage, who at the time of executing the agreement was a Director of the Company and a beneficial owner of more than 5% of the Company's Common Stock. The sublease was for a monthly rental of approximately \$5,500 and was terminated on May 31, 2001. The Company believes that this arrangement was on terms at least as favorable as the Company would have received from a third party. Mr. Escaravage is currently the beneficial owner of approximately 6.8% of the Company's Common Stock.

Christopher Forbes, a Director of the Company, is Vice Chairman of Forbes, Inc., which publishes Forbes Magazine. Forbes, Inc. has provided and will continue to provide the Company with advertising, introductions to strategic alliance partners and, from time to time, use of its office space, entertainment facilities and various other support services. In recognition of these past services and services to be provided in the future, on each of September 9, 1999 and November 1, 2001, the Company granted to Forbes, Inc., warrants to purchase 80,000 shares of the Company's Common Stock, at an exercise price of \$3.50 and \$2.15 per share, respectively, which was the fair market value of the Company's Common Stock on the dates of grant. The warrant granted on September 9, 1999, has become fully exercisable and the warrant granted on November 1, 2001 is exercisable as follows: one-third (1/3) became exercisable as of the date of grant and one-third (1/3) shall become exercisable as of each of the first and second anniversaries of the date of grant. On the dates of grants, the value of these services was approximately \$205,000 and \$170,000, respectively.

Research and Development and Consulting Agreements

Effective September 1, 1998, the Company entered into a three-year research and development agreement, which was then extended for one year through August 31, 2002, with John E. Dr. Thompson is a Director and officer of the Company and beneficially owns approximately 5.6% of the Company's Common Stock. Dr. Thompson is the Associate Vice President, Research and former Dean of Science of the University. Dr. Thompson and the University will provide research and development under the direction of the Company. Total amounts due under the agreement for the four-year period were limited to CAN \$1,683,700,

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

which represented US \$1,120,872. Research and development expenses under this agreement for the years ended June 30, 1999, 2000, 2001 and 2002 aggregated US \$169,140, US \$300,492, US \$348,985 and US \$254,347, respectively. Effective September 1, 2002, the Company, Dr. Thompson and the University extended the agreement for an additional two-year period through September 1, 2004 in the amount of CAN \$1,092,800. As of September 1, 2002, such amount represented approximately US \$705,000.

Effective May 1, 2002, the Company entered into an additional one-year research and development agreement with the University and Dr. Thompson. The total amount due under this agreement is limited to CAN \$50,000, which represents approximately US \$33,000 as of September 1, 2002.

On July 1, 2001, the Company and Dr. Thompson renewed the consulting agreement for an additional three-year term, as provided for under the terms and conditions of the agreement. This agreement provides for monthly payments of \$3,000 through June 2004. The agreement is automatically renewable for an additional three-year term, unless either of the parties provides the other with written notice within six (6) months of the end of the term.

Alan B. Bennett, Ph.D., a member of the Company's Scientific Advisory Board, entered into a consulting agreement with the Company, dated July 16, 1999, whereby Dr. Bennett provided consulting services in consideration for \$5,400 per month. Dr. Bennett's consulting agreement with the Company expired on July 15, 2000. From July 15, 2000 through October 31, 2001, Dr. Bennett continued to provide services to the Company on a month-to-month basis. Effective November 1, 2001, the Company entered into a new one-year consulting agreement with Dr. Bennett, which provided for monthly payments of \$2,400 to Dr. Bennett through October 31, 2002. The Company extended the consulting agreement, effective November 1, 2002, for an additional one-year period on the same terms and conditions.

Steven Katz, a former Director and former officer of the Company, had an informal arrangement to perform management services for the Company. Mr. Katz received \$114,050, \$277,225 and \$238,995 for such services in Fiscal 2002, Fiscal 2001 and Fiscal 2000, respectively.

Promissory Notes

Certain Directors of the Company provided the Company with short-term loans (the "Loans") with the proceeds being used for operating expenses. During the period from July 10, 2001 through November 5, 2001, the Company issued four promissory notes made payable to Mr. Forbes in the aggregate amount of \$350,000, in connection with the Loans. The notes had an annual interest rate equal to the prime rate on the date that the notes were issued (5.50% to 6.75%), and such interest was payable upon maturity of the notes. The notes and accrued interest were due on January 15, 2002. On December 3, 2001, Mr. Forbes converted the notes and accrued interest into 203,549 shares of the Company's Common Stock and warrants to purchase 178,105 shares of the Company's Common Stock at the same price per share and on the same terms and conditions as all other shares sold pursuant to a private placement to unrelated third parties.

Also in connection with the Loans, the Company issued two promissory notes on each of September 5, 2001 and October 9, 2001, made payable to Mr. Quick in the amounts of \$100,000 and \$75,000, respectively. On December 3, 2001, Mr. Quick converted the notes and accrued interest into 101,774 shares of the Company's Common Stock and warrants to purchase 89,052 shares of the Company's Common Stock at the same price per share and on the same terms and conditions as all other shares sold pursuant to a private placement to unrelated third parties.

Private Placements

Fifty percent of such warrants have an exercise price equal to \$2.00 per share and fifty percent of such warrants have an exercise price equal to \$3.25 per share. PROPOSAL TO INCREASE THE AUTHORIZED NUMBER OF SHARES

DESCRIPTION OF PROPOSAL

The Company's Certificate of Incorporation currently authorizes the Company to issue up to twenty million (20,000,000) shares of Common Stock. On October 9, 2002, the Board of Directors approved, subject to stockholder approval, an amendment to the Company's Certificate of Incorporation to increase the maximum number of shares of the Company's Common Stock authorized from twenty million (20,000,000) shares to thirty million (30,000,000) shares.

The Board of Directors has determined that an increase in the number of shares of Common Stock authorized for issuance is in the Company's best interests. The proposed increase in the number of shares of Common Stock authorized for issuance will ensure that shares will be available, if needed, for issuance in connection with stock splits, acquisitions and other corporate purposes. The Board of Directors believes that the availability of the additional shares for such purposes without delay or the necessity for a special stockholders' meeting would be beneficial to the Company. The Company does not have any immediate plans, arrangements, commitments or understandings with respect to the issuance of any of the additional shares of Common Stock that would be authorized by the proposed amendment. No further action or authorization by the Company's stockholders would be necessary prior to the issuance of the additional shares of Common Stock unless required by applicable law or regulatory agencies or by the rules of any stock market on which the Company's securities may then be listed.

The holders of any of the additional shares of Common Stock issued in the future would have the same rights and privileges as the holders of the Common Stock currently authorized and outstanding. Those rights do not include preemptive rights with respect to the future issuance of any additional shares.

As of October 21, 2002, 11,880,045 shares of Common Stock were issued and outstanding, 2,000,000 shares of Common Stock were reserved for issuance upon the exercise of outstanding options granted under the 1998 Stock Plan and 4,202,153 shares of Common Stock were reserved for issuance upon the exercise of warrants and options granted outside the 1998 Stock Plan. Accordingly, the Company has 1,917,802 shares remaining available for issuance. If the proposed amendment is approved, ten million (10,000,000) additional shares of Common Stock would be authorized but unissued.

Upon approval by the Stockholders, the first section of the fourth paragraph of the Company's Certificate of Incorporation would read as follows:

FOURTH: The total number of shares of all classes of stock which the

Corporation shall have authority to issue is Thirty Five Million (35,000,000) shares. The Corporation is authorized to issue two classes of stock designated "Common Stock" and "Preferred Stock," respectively. The total number of shares of Common Stock authorized to be issued by the Corporation is Thirty Million (30,000,000), each such share of Common Stock having a \$0.01 par value. The total number of shares of Preferred Stock authorized to be issued by the Corporation is Five Million (5,000,000), each such share of Preferred Stock having \$0.01 par value.

PROPOSED AMENDMENT

The Stockholders are being asked to consider and vote upon a proposed amendment to the Company's Certificate of Incorporation to increase the maximum number of shares of the Company's Common Stock authorized from twenty million

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

(20,000,000) shares to thirty million (30,000,000) shares. Although the Company has no present intent to issue any additional shares of Common Stock, the Board of Directors believes that the additional shares would provide the Company with added flexibility in connection with its future financing and stock issuance requirements, including with respect to possible future stock splits, if any.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION.

PROPOSAL TO AMEND THE 1998 STOCK INCENTIVE PLAN

SUMMARY OF THE PLAN

The 1998 Stock Plan was adopted by the Company's Board of Directors on December 31, 1998 and approved by the Stockholders of the Company on January 22, 1999. Those eligible to receive stock options or stock purchase rights under the 1998 Stock Plan include the Company's employees, Directors and consultants. The 1998 Stock Plan was adopted to: (i) attract and retain the best available personnel for positions of substantial responsibility; (ii) provide additional incentives to employees, members of the Board of Directors, members of the Scientific Advisory Board and consultants of the Company and its subsidiary; (iii) provide key employees, Directors and consultants with an interest in the Company that is parallel to that of the stockholders; and (iv) promote the success of the Company's business. Currently, there are two million (2,000,000) shares of the Company's Common Stock reserved for issuance upon the exercise of options and/or stock purchase rights granted under the 1998 Stock Plan. As of October 21, 2002, there were approximately seven (7) employees and non-employee Directors who have received stock options under the 1998 Stock Plan. Because future participation in the 1998 Stock Plan and the level of participation will vary, it is not possible to determine the value of benefits which may be obtained by those eligible to participate in the 1998 Stock Plan.

The Board of Directors administers the 1998 Stock Plan and may grant options to eligible employees, consultants and Directors recommended by the Compensation Committee. The 1998 Stock Plan provides for the granting of options intended to qualify as incentive stock options, or ISOs, as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), to employees of the Company. The 1998 Stock Plan also provides for the granting of non-qualified stock options, or NQSOs, to employees, non-employee Directors and consultants who perform services for the Company or its subsidiary. The exercise price of all ISOs granted under the 1998 Stock Plan may not be less than the fair market value of the shares at the time the option is granted. In addition, no ISO may be granted to an employee who owns more than 10% of the total combined voting power of all classes of stock of the Company unless the exercise price as to that employee is at least 110% of the fair market value of the stock at the time of the grant. To the extent that options designated as ISOs become exercisable for the first time during any calendar year for Common Stock having a fair market value greater than one-hundred thousand dollars (\$100,000) (determined for each share as of the date of grant of the options covering such share), the portion of such options which exceeds such amount shall be treated as NQSOs. Options may be exercisable for a period of not more than ten (10) years from the date of grant; provided, however, that the term of an ISO granted to an employee who owns more than 10% of the total combined voting power of all classes of stock of the Company may not exceed five (5) years. The exercise price of NQSOs granted under the 1998 Stock Plan may not be less than 85% of the fair market value per share of the Common Stock on the date of grant. The 1998 Stock Plan provides that no NQSO may be granted to a person who owns more than 10% of the total combined voting power of all classes of stock of the Company

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

unless the exercise price to that person is at least 110% of the fair market value of the stock at the time of the grant. The exercise price must be paid in full at the time an option is exercised, and at the discretion of the Board of Directors, all or part of the exercise price may be paid with previously owned shares or other approved methods of payment. An option is exercisable as determined by the Board of Directors. The 1998 Stock Plan will terminate on December 30, 2008.

Subject to the terms as specified in any option agreement, if a Grantee's employment or consulting relationship terminates on account of disability, the Grantee may exercise any outstanding option for one (1) year following the termination. If a Grantee dies while in the employ of the Company or during the period of the consulting arrangement, the Grantee's estate may exercise any outstanding option for one (1) year following the Grantee's death. If termination is for any other reason, the Grantee may exercise any outstanding option for three (3) months following such termination. Options may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner except by will or the laws of descent and distribution.

The 1998 Stock Plan also permits the awarding of stock purchase rights at not less than 50% of the fair market value of the shares as of the date offered. The 1998 Stock Plan requires the execution of a restricted stock purchase agreement in a form determined by the Board of Directors. Once a stock purchase right is exercised, the purchaser will have the rights of a shareholder and will be a shareholder when the purchase is entered on the Company's records.

21

The 1998 Stock Plan provides that, in the event of a reorganization, recapitalization, stock split, stock dividend, combination of or reclassification of shares, or any other change in the corporate structure or shares of the Company, the Board of Directors shall make adjustments with respect to the shares that may be issued under the 1998 Stock Plan or that are covered by outstanding options, or in the option price per share.

In the event of a dissolution or liquidation of the Company, the Board of Directors shall notify the Grantee at least fifteen (15) days prior to such proposed action. To the extent not previously exercised, the outstanding options will terminate immediately prior to the consummation of such proposed action. In the event of a merger or consolidation of the Company with or into another corporation or the sale of all or substantially all of the Company's assets (hereinafter, a "merger"), the outstanding options may be assumed or an equivalent option may be substituted by such successor corporation or a parent or subsidiary of such successor corporation. In the event that such successor corporation does not agree to assume the outstanding options or to substitute equivalent options, the Board of Directors will, in lieu of such assumption or substitution, provide for the Grantee to have the right to exercise all of his outstanding options. If the Board of Directors makes an option fully exercisable in lieu of assumption or substitution, in the event of a merger, the Board of Directors shall notify the Grantee that the option will be fully exercisable for a period of fifteen (15) days from the date of such notice, and the option will terminate upon the expiration of such period. The option will be considered assumed if, following the merger, the option confers the right to purchase, for each share of Common Stock subject to the option immediately prior to the merger, the consideration (whether stock, cash, or other securities or property) received in the merger by holders of Common Stock for each share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares). If such consideration received in the merger was not solely common stock of the successor corporation or its parent, the Board of

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

Directors may, with the consent of the successor corporation and the participant, provide for the consideration to be received upon the exercise of an option for each share of stock subject to the option to be solely common stock of the successor corporation or its parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

Section 162(m) of the Code generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to a company's chief executive officer and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. The Board of Directors reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be subject to the limit when the Board of Directors believes such payments are appropriate and in the best interests of the Company and its stockholders, after taking into consideration changing business conditions and the performance of its employees.

The Board of Directors may at any time amend, alter, suspend or discontinue the 1998 Stock Plan, but no amendment, alteration, suspension or discontinuation will be made which would impair the rights of any Grantee under any grant theretofore made, without such Grantee's consent. In addition, to the extent necessary and desirable to comply with Rule 16b-3 under the Exchange Act, or with Section 422 of the Code (or any other applicable law or regulation, including the requirements of the National Association of Securities Dealers or an established stock exchange), the Company shall obtain shareholder approval of any 1998 Stock Plan amendment in such a manner and to such a degree as so required. Any such amendment or termination of the 1998 Stock Plan is not permitted to affect options already granted and such options will remain in full force and effect as if the 1998 Stock Plan had not been amended or terminated, unless mutually agreed otherwise between the Grantee and the Board of Directors, which agreement must be in writing and signed by the Grantee and the Company.

22

FEDERAL INCOME TAX CONSEQUENCES

The following generally summarizes the United States federal income tax consequences that generally will arise with respect to awards granted under the 1998 Stock Plan. This summary is based on the tax laws in effect as of the date of this Proxy Statement. Changes to these laws could alter the tax consequences described below.

Incentive Stock Options

A participant will not have income upon the grant of an incentive stock option. Also, except as described below, a participant will not have income upon exercise of an incentive stock option if the participant has been employed by the Company or its corporate parent or majority-owned corporate subsidiary at all times beginning with the option grant date and ending three (3) months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under "Nonstatutory Stock Options." The exercise of an incentive stock option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an incentive stock option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two (2) years after the option was

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

granted and more than one (1) year after the option was exercised, then all of the profit will be long-term capital gain. If a participant sells the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income and a portion may be capital gain. This capital gain will be long-term if the participant has held the stock for more than one (1) year and otherwise will be short-term. If a participant sells the stock at a loss (sales proceeds are less than the exercise price), then the loss will be a capital loss. This capital loss will be long-term if the participant held the stock for more than one (1) year and otherwise will be short-term.

Nonstatutory Stock Options

A participant will not have income upon the grant of a nonstatutory stock option. A participant will have compensation income upon the exercise of a nonstatutory stock option equal to the value of the stock on the day the participant exercised the option less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one (1) year and otherwise will be short-term.

Restricted Stock

A participant will not have income upon the grant of restricted stock unless an election under Section 83(b) of the Code is made within thirty (30) days of the date of grant. If a timely Section 83(b) election is made, then a participant will have compensation income equal to the value of the stock less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. If the participant does not make a Section 83(b) election, then when the stock vests the participant will have compensation income equal to the value of the stock on the vesting date less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one (1) year and otherwise will be short-term.

Tax Consequences to the Company

There will be no tax consequences to the Company except that the Company will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

23

PREVIOUSLY GRANTED OPTIONS UNDER THE 1998 STOCK PLAN

As of October 21, 2002, options to purchase one million six hundred thirty-eight thousand five hundred (1,638,500) shares of Common Stock have been granted (net of forfeitures which are added back to the shares available for issuance under the 1998 Stock Plan) under the 1998 Stock Plan. The weighted average exercise price of such options is \$2.62 per share.

Whether or not Stockholder approval of the amendment to the 1998 Stock Plan is obtained, options previously granted pursuant to the 1998 Stock Plan will remain valid and outstanding.

As of October 21, 2002, the fair market value of the Common Stock underlying options granted pursuant to the 1998 Stock Plan was equal to \$[2.25]

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

per share as determined by the closing price of the Company's Common Stock on the American Stock Exchange on such date.

REGISTRATION

On October [], 2002, the Company filed a Form S-8 registration statement covering the shares of the Company's Common Stock issued and issuable under the 1998 Stock Plan, and intends to file an amendment to such registration statement to cover the additional shares reserved under the plan.

PROPOSED AMENDMENT

The Stockholders are being asked to consider and vote upon a proposed amendment (the "Amendment") to the 1998 Stock Plan to increase the maximum number of shares of the Company's Common Stock available for issuance under the 1998 Stock Plan from two million (2,000,000) shares to three million (3,000,000) shares. The Board of Directors approved the Amendment on October 9, 2002.

Even though the 1998 Stock Plan by its terms does not require Stockholder approval for the Amendment to be adopted, the Board of Directors is seeking that approval, because the additional options which may be granted under the 1998 Stock Plan following adoption of the Amendment will not be considered incentive stock options for federal income tax purposes unless Stockholder approval has been obtained within twelve (12) months from the adoption of the Amendment by the Board of Directors. If Stockholder approval is not obtained, then the options will be treated as non-qualified stock options. The Board of Directors believes it is in the Company's best interests to permit option holders to take advantage of the more favorable tax treatment given to incentive stock options (as discussed above).

The Board of Directors believes that the Amendment provides an important inducement to recruit and retain the best available personnel. The Board of Directors believes that providing employees, Directors and consultants with an opportunity to invest in the Company rewards them appropriately for their efforts on behalf of the Company.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT.

25

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors of the Company has, subject to stockholder ratification, retained Goldstein Golub Kessler LLP as independent auditors of the Company for the fiscal year ending June 30, 2003. Goldstein Golub Kessler has served as independent auditors of the Company since the fiscal year ending June 30, 1999. Neither the firm nor any of its directors has any direct or indirect financial interest in or any connection with the Company in any capacity other than as auditors.

Although stockholder ratification of the selection of Goldstein Golub Kessler LLP is not required by law, the Board of Directors believes that it is desirable to give Stockholders the opportunity to ratify this selection. If this proposal is not approved at the Meeting, the Board of Directors will reconsider the selection of Goldstein Golub Kessler LLP.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF GOLDSTEIN GOLUB KESSLER LLP AS THE INDEPENDENT AUDITORS OF THE COMPANY FOR THE FISCAL YEAR ENDING JUNE 30, 2003.

(i) Administration With Respect to Directors and Officers. With

respect to grants of Options or stock purchase rights to Employees who are also officers or Directors of the Company, the Plan shall be administered by (A) the Board, if the Board may administer the Plan in compliance with Rule 16b-3 promulgated under the Exchange Act or any successor thereto ("Rule 16b-3") with respect to a plan intended to allow transactions between the Company and the Optionee to be exempt for Section 16(b) of the Exchange Act, or (B) a Committee designated by the Board to administer the Plan, which Committee shall be constituted in such a manner as to permit the Plan to comply with Rule 16b-3 with respect to a plan intended to allow transactions between the Company and the Optionee to be exempt for Section 16(b) of the Exchange Act. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board. From time to time the Board may increase the size of the Committee and appoint additional members thereof, remove members (with or without cause) and appoint new members in substitution therefor, fill vacancies, however caused, and remove all members of the Committee and thereafter directly administer the Plan, all to the extent permitted by Rule 16b-3 with respect to a plan intended to qualify thereunder as a discretionary plan.

(ii) Multiple Administrative Bodies. If permitted by Rule 16b-3,

compliance with Rule 16b-3, or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the legal requirements relating to the administration of incentive stock option plans, if any, of Idaho corporate law and applicable securities laws and of the Code (the "Applicable Laws"). Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board. From time to time the Board may increase the size of the Committee and appoint additional members thereof, remove members (with or without cause) and appoint new members in substitution therefor, fill vacancies, however caused, and remove all members of the Committee and thereafter directly administer the Plan, all to the extent permitted by the Applicable Laws.

(b) Powers of the Administrator. Subject to the provisions of the -----
Plan and in the case of a Committee, the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

(i) to determine the Fair Market Value of the Common Stock, in accordance with Section 2(k) of the Plan;

(ii) to select the officers, Directors, Consultants and Employees to whom Options and stock purchase rights may from time to time be granted hereunder;

(iii) to determine whether and to what extent Options and stock purchase rights or any combination thereof, are granted hereunder;

(iv) to determine the number of shares of Common Stock to be covered by each such award granted hereunder;

(v) to approve forms of agreement for use under the Plan;

(vi) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any award granted hereunder (including, but not limited to, the share price and any restriction or limitation or waiver of forfeiture restrictions regarding any Option or other award and/or the shares of Common Stock relating thereto, based in each case on such factors as the Administrator shall determine, in its sole discretion);

(vii) to determine whether and under what circumstances an Option may be settled in cash under subsection 9(f) instead of Common Stock;

(viii) to determine whether, to what extent and under what circumstances Common Stock and other amounts payable with respect to an award under this Plan shall

4

be deferred either automatically or at the election of the participant (including providing for and determining the amount, if any, of any deemed earnings on any deferred amount during any deferral period);

(ix) to reduce the exercise price of any Option to the then current Fair Market Value if the Fair Market Value of the Common Stock covered by such Option shall have declined since the date the Option was granted; and

(x) to determine the terms and restrictions applicable to stock

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

purchase rights and the Restricted Stock purchased by exercising such stock purchase rights.

(c) Effect of Committee's Decision. All decisions, determinations and ----- interpretations of the Administrator shall be final and binding on all Optionees and any other holders of any Options.

5. Eligibility. -----

(a) Nonstatutory Stock Options may be granted to Directors, Employees and Consultants. Incentive Stock Options may be granted only to Employees. A Director, Employee or Consultant who has been granted an Option may, if he is otherwise eligible, be granted an additional Option or Options.

(b) Each Option shall be designated in the written option agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designations, to the extent that the aggregate Fair Market Value of the Shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any optionee during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options shall be treated as Nonstatutory Stock Options.

(c) For purposes of Section 5(b), Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

(d) The Plan shall not confer upon any Optionee any right with respect to continuation of employment or consulting relationship with the Company, nor shall it interfere in any way with his right or the Company's right to terminate his employment or consulting relationship at any time, with or without cause.

6. Term of Plan. The Plan shall become effective upon the earlier to ----- occur of its adoption by the Board of Directors or its approval by the shareholders of the Company as described in Section 19 of the Plan. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 15 of the Plan.

5

7. Term of Option. The term of each Option shall be the term stated in ----- the Option Agreement; provided, however, that in the case of an Incentive Stock Option, the term shall be no more than ten (10) years from the date of grant thereof or such shorter term as may be provided in the Option Agreement. However, in the case of an Option granted to an Optionee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Option Agreement.

8. Option Exercise Price and Consideration. -----

(a) The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be such price as is determined by the Board, but

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

shall be subject to the following:

(i) In the case of an Incentive Stock Option

(A) granted to an Employee who, at the time of the grant of such Incentive Stock Option, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant.

(B) granted to any Employee, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Nonstatutory Stock Option

(A) granted to a person who, at the time of the grant of such Option, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of the grant.

(B) granted to any person, the per Share exercise price shall be no less than 85% of the Fair Market Value per Share on the date of grant.

(b) The consideration to be paid for the Shares to be issued upon exercise of an Option, including the method of payment, shall be determined by the Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant) and may consist entirely of (1) cash, (2) check, (3) promissory note, (4) other Shares which (x) in the case of Shares acquired upon exercise of an Option either have been owned by the Optionee for more than six months on the date of surrender or were not acquired, directly or indirectly, from the

6

Company, and (y) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised, (5) authorization from the Company to retain from the total number of Shares as to which the Option is exercised that number of Shares having a Fair Market Value on the date of exercise equal to the exercise price for the total number of Shares as to which the option is exercised, (6) delivery of a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company the amount of sale or loan proceeds required to pay the exercise price, (7) by delivering an irrevocable subscription agreement for the Shares which irrevocably obligates the option holder to take and pay for the Shares not more than twelve months after the date of delivery of the subscription agreement, (8) any combination of the foregoing methods of payment, or (9) such other consideration and method of payment for the issuance of Shares to the extent permitted under Applicable Laws. In making its determination as to the type of consideration to accept, the Administrator shall consider if acceptance of such consideration may be reasonably expected to benefit the Company.

9. Exercise of Option.

(a) Procedure for Exercise; Rights as a Shareholder. Any Option

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator, including performance criteria with respect to the Company and/or the Optionee, and as shall be permissible under the terms of the Plan.

An Option may not be exercised for a fraction of a Share.

An Option shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Option by the person entitled to exercise the Option and full payment for the Shares with respect to which the Option is exercised has been received by the Company. Full payment may, as authorized by the Administrator, consist of any consideration and method of payment allowable under Section 8(b) of the Plan. Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such stock certificate promptly upon exercise of the Option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 11 of the Plan.

Exercise of an Option in any manner shall result in a decrease in the number of Shares which thereafter may be available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

7

(b) Termination of Employment. In the event of termination of an

Optionee's consulting relationship, directorship or Continuous Status as an Employee with the Company (as the case may be), such Optionee may, but only within three (3) months (or such other period of time as is determined by the Board, with such determination in the case of an Incentive Stock Option being made at the time of grant of the Option and not exceeding three (3) months) after the date of such termination (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), exercise his Option to the extent that Optionee was entitled to exercise it at the date of such termination. To the extent that Optionee was not entitled to exercise the Option at the date of such termination, or if Optionee does not exercise such Option to the extent so entitled within the time specified herein, the Option shall terminate.

(c) Disability of Optionee. Notwithstanding the provisions of Section

9(b) above, in the event of termination of an Optionee's consulting relationship or Continuous Status as an Employee as a result of his total and permanent disability (as defined in Section 22(e)(3) of the Code), Optionee may, but only within twelve (12) months from the date of such termination (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), exercise the Option to the extent otherwise entitled to exercise it at the date of such termination. To the extent that Optionee was not entitled to exercise the Option at the date of termination, or if Optionee does not exercise such Option to the extent so entitled within the time specified herein, the Option shall terminate.

(d) Death of Optionee. In the event of the death of an Optionee, the

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

Option may be exercised, at any time within twelve (12) months following the date of death (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent the Optionee was entitled to exercise the Option at the date of death. To the extent that Optionee was not entitled to exercise the Option at the date of termination, or if Optionee does not exercise such Option to the extent so entitled within the time specified herein, the Option shall terminate.

(e) Rule 16b-3. Options granted to persons subject to Section 16(b) of

the Exchange Act must comply with Rule 16b-3 and shall contain such additional conditions or restrictions as may be required thereunder to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

(f) Buyout Provisions. The Administrator may at any time offer to buy

out for a payment in cash or Shares, an Option previously granted, based on such terms and conditions as the Administrator shall establish and communicate to the Optionee at the time that such offer is made.

8

10. Non-Transferability of Options. The Option may not be sold, pledged,

assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee. The terms of the Option shall be binding upon the executors, administrators, heirs, successors and assigns of the Optionee.

11. Stock Purchase Rights.

(a) Rights to Purchase. Stock purchase rights may be issued either

alone, in addition to, or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. After the Administrator determines that it will offer stock purchase rights under the Plan, it shall advise the offeree in writing of the terms, conditions and restrictions related to the offer, including the number of Shares that such person shall be entitled to purchase, the price to be paid (which price shall not be less than 50% of the Fair Market Value of the Shares as of the date of the offer), and the time within which such person must accept such offer, which shall in no event exceed thirty (30) days from the date upon which the Administrator made the determination to grant the stock purchase right. The offer shall be accepted by execution of a Restricted Stock purchase agreement in the form determined by the Administrator.

(b) Repurchase Option. Unless the Administrator determines otherwise,

the Restricted Stock purchase agreement shall grant the Company a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's employment with the Company for any reason (including death or Disability). The purchase price for Shares repurchased pursuant to the Restricted Stock purchase agreement shall be the original price paid by the purchaser and may be paid by cancellation of any indebtedness of the purchaser to the Company. The repurchase option shall lapse at such rate as the Committee

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

may determine.

(c) Other Provisions. The Restricted Stock purchase agreement shall -----
contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator in its sole discretion. In addition, the provisions of Restricted Stock purchase agreements need not be the same with respect to each purchaser.

(d) Rights as a Shareholder. Once the stock purchase right is -----
exercised, the purchaser shall have the rights equivalent to those of a shareholder, and shall be a shareholder when his or her purchase is entered upon the records of the duly authorized transfer agent of the Company. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock purchase right is exercised, except as provided in Section 13 of the Plan.

12. Stock Withholding to Satisfy Withholding Tax Obligations. At the -----
discretion of the Administrator, Optionees may satisfy withholding obligations as provided in this paragraph. When an Optionee incurs tax liability in connection with an Option or stock purchase right,

9

which tax liability is subject to tax withholding under applicable tax laws, and the Optionee is obligated to pay the Company an amount required to be withheld under applicable tax laws, the Optionee may satisfy the withholding tax obligation by electing to have the Company withhold from the Shares to be issued upon exercise of the Option, or the Shares to be issued in connection with the stock purchase right, if any, or delivery of additional shares of Common Stock, that number of shares having a Fair Market Value equal to the amount required to be withheld; provided, however, that the total tax withholding where stock is -----

being used to satisfy such tax obligations cannot exceed the Company's minimum statutory withholding obligations (based on minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to such supplemental taxable income). The Fair Market Value of the shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined (the "Tax Date").

All elections by an Optionee to have Shares withheld for this purpose shall be made in writing in a form acceptable to the Administrator and shall be subject to the following restrictions:

- (a) the election must be made on or prior to the applicable Tax Date;
- (b) once made, the election shall be irrevocable as to the particular Shares of the Option or Right as to which the election is made;
- (c) all elections shall be subject to the consent or disapproval of the Administrator;
- (d) if the Optionee is subject to Rule 16b-3, the election must comply with the applicable provisions of Rule 16b-3 and shall be subject to such additional conditions or restrictions as may be required thereunder to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

In the event the election to have Shares withheld is made by an Optionee and the Tax Date is deferred under Section 83 of the Code because no election is filed under Section 83(b) of the Code, the Optionee shall receive the full number of Shares with respect to which the Option or stock purchase right is exercised but such Optionee shall be unconditionally obligated to tender back to the Company the proper number of Shares on the Tax Date.

13. Adjustments Upon Changes in Capitalization or Merger. Subject to any -----
required action by the shareholders of the Company, the number of shares of Common Stock covered by each outstanding Option, and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option, as well as the price per share of Common Stock covered by each such outstanding Option, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided,

10

however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option.

In the event of the proposed dissolution or liquidation of the Company, the Board shall notify the Optionee at least fifteen (15) days prior to such proposed action. To the extent it has not been previously exercised, the Option will terminate immediately prior to the consummation of such proposed action. In the event of a merger or consolidation of the Company with or into another corporation or the sale of all or substantially all of the Company's assets (hereinafter, a "merger"), the Option shall be assumed or an equivalent option shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation. In the event that such successor corporation does not agree to assume the Option or to substitute an equivalent option, the Board shall, in lieu of such assumption or substitution, provide for the Optionee to have the right to exercise the Option as to all of the Optioned Stock, including Shares as to which the Option would not otherwise be exercisable. If the Board makes an Option fully exercisable in lieu of assumption or substitution in the event of a merger, the Board shall notify the Optionee that the Option shall be fully exercisable for a period of fifteen (15) days from the date of such notice, and the Option will terminate upon the expiration of such period. For the purposes of this paragraph, the Option shall be considered assumed if, following the merger, the Option or right confers the right to purchase, for each Share of stock subject to the Option immediately prior to the merger, the consideration (whether stock, cash, or other securities or property) received in the merger by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger was not solely common stock of the successor corporation or its Parent, the Board may, with the consent of the successor corporation and the participant, provide for the consideration to be

Edgar Filing: SENESCO TECHNOLOGIES INC - Form PRE 14A

received upon the exercise of the Option, for each Share of stock subject to the Option, to be solely common stock of the successor corporation or its Parent equal in Fair Market Value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

14. Time of Granting Options. The date of grant of an Option shall, for -----
all purposes, be the date on which the Administrator makes the determination granting such Option, or such other date as is determined by the Board. Notice of the determination shall be given to each Director, Employee or Consultant to whom an Option is so granted within a reasonable time after the date of such grant.

11

15. Amendment and Termination of the Plan.

(a) Amendment and Termination. The Board may at any time amend, -----
alter, suspend or discontinue the Plan, but no amendment, alteration, suspension or discontinuation shall be made which would impair the rights of any Optionee under any grant theretofore made, without his or her consent. In addition, to the extent necessary and desirable to comply with Rule 16b-3 under the Exchange Act or with Section 422 of the Code (or any other applicable law or regulation, including the requirements of the NASD or an established stock exchange), the Company shall obtain shareholder approval of any Plan amendment in such a manner and to such a degree as required.

(b) Effect of Amendment or Termination. Any such amendment or -----
