SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this Report to be signed on its behalf by the undersigned thereunto duly authorized.

United Bancshares, Inc.

Date: April 24, 2007

By: /s/ Brian D. Young

Brian D. Young

Exhibit 99.1

On April 24, 2007, United Bancshares, Inc. issued the following release:

United Bancshares, Inc. (Nasdaq: UBOH news), a bank holding company headquartered in Columbus Grove, Ohio with consolidated assets of \$554 million, today announced first quarter 2007 operating results and that the Board of Directors declared a dividend of \$0.14 per share to shareholders of record on May 31, 2007, payable on June 15, 2007. The Union Bank Company (Union), a wholly-owned subsidiary of the Corporation, is engaged in the business of commercial banking. Union is an Ohio state-chartered bank, which serves Allen, Putnam, Sandusky, Van Wert and Wood Counties, with office locations in Bowling Green, Columbus Grove, Delphos, Gibsonburg, Kalida, Leipsic, Lima, Ottawa, and Pemberville.

For the quarter ended March 31, 2007, the Corporation reported net income of \$977,000, or \$0.27 basic earnings per share. This compares to first quarter 2006 net earnings of \$1,181,000, or \$0.33 basic earnings per share. Compared with the same period in 2006, first quarter 2007 net income decreased \$204,000 or 17.3%. The \$204,000 decrease was primarily the result of a \$259,000 decrease in net interest income, a \$240,000 loss on write-down of available-for-sale securities, a decrease of \$111,000 in the fair value of mortgage servicing rights during the quarter, and an increase of \$50,000 in the provision for loan losses, offset by a gain of \$355,000 on the sale of Union's credit card portfolio and a decrease of \$89,000 in the provision for income taxes.

Net interest income was \$4,128,000 for the first quarter of 2007, compared to \$4,387,000 for the same period of 2006. For the three months ended March 31, 2007, the net interest margin (on a taxable equivalent basis) was 3.41% compared with 3.70% for the same period of 2006. Management believes that decrease was primarily the result of pressures on the net interest margin from market conditions.

Gain on sales of loans amounted to \$78,000 for the quarter ended March 31, 2007, compared to \$63,000 for the comparable 2006 period. The quarterly gain included capitalized servicing rights of \$46,000 and \$45,000 on \$4.8 million and \$4.6 million of originated loan sales during the quarters ended March 31, 2007 and 2006, respectively. The balance of the gain on sales of loans represented cash gains. Effective March 31, 2007, Union entered into an agreement to sell its credit card portfolio resulting in a gain for the quarter ended March 31, 2007 of \$355,000. As a result of Union's Board approving management's plan to restructure its balance sheet, including selling approximately \$15.5 million of available-for-sale securities, an impairment loss of \$240,000 was recognized for the quarter ended March 31, 2007, representing the amount by which amortized cost exceeded fair value for the securities being sold.

Other non-interest income decreased \$111,000 (16.0%) to \$582,000 for the quarter ended March 31, 2007 due to the decrease during the quarter of the fair value of mortgage servicing rights. As a result of the adoption of Statement of

Financial Accounting Standards No. 156, Accounting for Servicing of Financial Assets, an Amendment of FASB Statement 140 (Statement 156) effective January 1, 2007, quarterly changes in the fair value of mortgage servicing rights will be reflected in the Corporation's operations.

For the quarter ended March 31, 2007, non-interest expenses totaled \$3,561,000, compared to \$3,555,000 for the comparable period of 2006, a \$6,000 (0.2%) increase. Management believes the \$6,000 increase is indicative of the Corporation's commitment to control costs in an environment where the costs of conducting business continue to increase. The Corporation's efficiency ratio for the first quarter of 2007 was 69.24%, compared to 66.17% for the same period of 2006.

Return on average assets was 0.70% for the first quarter of 2007, compared to 0.88% for the comparable quarter of 2006. Return on average equity for the first quarter of 2007 was 8.37% compared to 10.81% for the same period of 2006.

United Bancshares, Inc. is a locally owned and operated holding company of The Union Bank Company which serves Allen, Putnam, Sandusky, Van Wert and Wood Counties, with office locations in Bowling Green, Columbus Grove, Delphos, Gibsonburg, Kalida, Leipsic, Lima, Ottawa, and Pemberville.

This release may contain certain forward-looking statements that are provided to assist in the understanding of anticipated future financial performance. However, such performance involves risk and uncertainties that may cause actual results to differ materially. Factors that could cause actual results to differ from those discussed in the forward-looking statements include, but are not limited to, the strength of the local economies in which operations are conducted, the effects of and changes in policies and laws of regulatory agencies, inflation, and interest rates. For further discussion of certain factors that may cause such forward-looking statements to differ materially from actual results, refer to the 2006 Form 10-K.

United Bancshares, Inc.

Quarterly Report

March 31, 2007

Dear Shareholders, Customers and Employees,

I am pleased to report that during the first quarter of 2007 the Company increased its loan portfolio, shareholders equity and non-interest income, while controlling non-interest expenses. As compared to December 31, 2006, loans and shareholders equity increased \$3.8 million and \$1.1 million, respectively, while first quarter 2007 non-interest income and non-interest expenses increased \$22,000 and \$6,000, respectively, as compared to the same period in 2006.

The Company's earnings per share for the first quarter of 2007 were \$0.27 compared to \$0.33 for the same period in 2006. Earnings were significantly impacted by continued margin compression created by an inverted yield curve. Consequently, net interest income declined \$259,000 (5.9%) for the first quarter of 2007 as compared to the same period in 2006. Other significant transactions during the first quarter of 2007 included the Company's sale of its credit card portfolio resulting in a gain of \$355,000; an \$111,000 decrease in the fair value of the Company's mortgage servicing rights portfolio; and a \$240,000 impairment write-down relating to the planned sale of approximately \$15.5 million of investment securities. This sale is part of a plan to restructure the Company's balance sheet.

We will continue to work diligently to grow the Company and seek additional opportunities to add value to the institution. Your continued support is appreciated.

Respectfully,

Daniel W. Schutt
