(c) Number of shares as to which such person has:

(i)	sole power to vote or to direct the vote	0
(ii)	Shares power to vote or to direct the vote (1)	114,272
(iii)	sole power to dispose or to direct disposition of	0
(iv)	shared power to dispose or to direct disposition of	554,186

(1) This number reflects the unallocated shares held in the ESOP. All allocated ESOP shares have pass-through voting. In the event that a participant does not direct his/her vote, those shares would be voted in proportion to the directions received, in the same manner as the unallocated shares are voted, and the Trustee would be deemed to have voting power over such shares.

The Plan was adopted effective as of January 1, 1993, and is intended to be a tax-qualified plan under section 401(a) of the Internal Revenue Code of 1986. The Plan is administered by the ESOP Committee ("Committee") of New York Community ("Bank"), which is a wholly-owned subsidiary of the Company.

Pursuant to the written plan document governing the Plan ("Plan Document"), each participant in the Plan ("Participant") is entitled to direct the Trustee as to the manner in which Common Stock held by the Plan and allocated to his or her account is voted in all matters on which shareholders of the Company may vote. Any unallocated Common Stock is generally required to be voted by the Trustee in the same proportion as Common Stock which has been allocated to Participants is directed to be voted. Each participant also has the right to direct whether Common Stock held by the Plan and allocated to his or her account should be delivered by the Trustee in response to a tender offer made to holders of Common Stock and to direct the assertion of dissenters' rights with respect to any matter in which holders of Common Stock have the right to assert such rights. Any unallocated Common Stock is generally required to be delivered by the Trustee in response to a tender offer, and dissenters' rights with respect to such unallocated Common Stock are required to be asserted in the same proportion as Common Stock which has been allocated to Participants. The Committee shares dispositive power over Common Stock held under the Plan since, pursuant to the Plan Document and trust Agreement, the Committee can direct the Trustee to purchase or sell shares of Common Stock if it considers such action to be in the best interests of the Participants. Notwithstanding the foregoing, the Trustee is required to vote or deliver, or to assert dissenters' rights with respect to, all unallocated Common Stock in a manner determined by the Trustee to be in the best interests of participants and their beneficiaries. As of December 31, 2000, of the 554,186 shares of Common Stock held by the Plan, 439,914 were allocated to the accounts of Participants.

Participants may receive, or direct the receipt of, proceeds of the sale of Common Stock held by the Plan and allocated to their accounts to the extent they have become vested in such Common Stock and at such times provided in the Plan Document.
