of the Company's Common Stock, and (iv) depositary shares representing fractional interests in the Common Stock or Preferred Stock.

The Registration Statement incorporates by reference the Company's Annual Report on Form 10-K for the year ended December 31, 2002 (the "Form 10-K"), which contains disclosures of certain non-GAAP financial measures.

To comply with Regulation G, promulgated under the Securities Exchange Act of 1934, as amended, and because the Registration Statement was filed after March 28, 2003, following which, for purposes of Regulation G, certain disclosures of non-GAAP financial measures are required, the Company is filing this Form 8-K to provide the disclosure required by Regulation G as it relates to the non-GAAP financial measures included in the Form 10-K.

### RECONCILIATION OF NET INCOME AVAILABLE TO COMMON SHAREHOLDERS TO FUNDS FROM OPERATIONS

Funds from operations ("FFO") is a widely used measure of the operating performance of real estate companies that supplements net income determined in accordance with GAAP. The Company computes FFO in accordance with the National Association of Real Estate Investment Trusts' definition of FFO, which is net income (computed in accordance with GAAP) excluding gains or losses on sales of operating properties, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. The Company believes that FFO provides an additional indicator of the operating performance of the Company's properties without giving effect to real estate depreciation and amortization, which assumes the value of real estate assets declines predictably over time. Since values of well-maintained real estate assets have historically risen or fallen with market conditions, the Company believes that FFO provides investors with a better understanding of the Company's operating performance.

The following is a reconciliation of net income available to common shareholders determined in accordance with GAAP to FFO, which is disclosed in the section titled Selected Financial Data in the Form 10-K.

# Edgar Filing: CBL & ASSOCIATES PROPERTIES INC - Form 8-K

Beginning January 1, 2003, the Company revised its method of computing FFO to comply with the National Association of Real Estate Investment Trust's definition of FFO in accordance with the provisions of Regulation G. As a result, the Company began including gains on sales of outparcels in FFO. Additionally, as a result of a new accounting pronouncement that was effective on January 1, 2003, loss on extinguishment of debt is no longer classified as an extraordinary item. The following is a reconciliation of FFO previously reported in the Form 10-K to what FFO would have been if computed in accordance with the Company's current definition of FFO:

	Year Ended December 31,
