EVERGREEN RESOURCES, INC.

**PROXY STATEMENT
2002 ANNUAL MEETING OF SHAREHOLDERS
GENERAL INFORMATION**

The enclosed proxy is solicited by and on behalf of the Board of Directors of Evergreen Resources, Inc., a Colorado corporation (the "Company" or "Evergreen"), for use at the Company's Annual Meeting of Shareholders to be held at The Pinnacle Club, 555 Seventeenth Street, 37th floor, Denver, Colorado 80202, on May 7, 2002, at 10:00 a.m., Mountain Daylight Time, and at any adjournment thereof (the "Meeting"). This proxy statement and the accompanying proxy are being mailed to the shareholders of the Company on or about April 5, 2002.

Any person signing and returning the enclosed proxy may revoke it at any time before it is voted by giving written notice of revocation to the Company's stock transfer agent or by voting in person at the Meeting. Any written notice revoking a proxy should be sent to: Computershare Trust Company, Inc., P.O. Box 1596, Denver, Colorado 80201. The expense of soliciting proxies, including the cost of preparing, assembling and mailing these proxy materials, will be borne by the Company. It is anticipated that solicitations of proxies for the Meeting will be made only by use of the mails; however, the Company may use the services of its directors, officers and employees to solicit proxies personally or by telephone, fax or internet without additional salary or compensation to them. Brokerage houses, custodians, nominees and fiduciaries will be requested to forward the proxy soliciting materials to the beneficial owners of the Company's shares held of record by such persons, and the Company will reimburse such persons for their reasonable out-of-pocket expenses for that purpose.

All shares represented by valid proxies will be voted in accordance therewith at the Meeting. If no direction is made, validly executed and returned proxies will be voted for the election of the nominees for director named below, for ratification of the appointment of independent auditors and in the discretion of the proxy holders with respect to any other matters properly brought before the Meeting.

The Company's Annual Report to Shareholders for the fiscal year ended December 31, 2001 is being mailed along with these proxy materials to the Company's shareholders and contains financial information regarding the Company. See "Financial Information," below.

SHARES OUTSTANDING AND VOTING RIGHTS

All voting rights are vested exclusively in the holders of the Company's no par value common stock (the "Common Stock"), with each share entitled to one vote. Only shareholders of record at the close of business on March 15, 2002 are entitled to notice of and to vote at the Meeting. On March 15, 2002, the Company had 18,862,050 shares of Common Stock outstanding, each of which is entitled to one vote on all matters to be voted upon at the Meeting, including the election of directors. No fractional shares are presently outstanding.

A majority of the outstanding shares of Common Stock represented in person or by proxy will constitute a quorum at the Meeting. The two nominees for director receiving the most votes for election will be elected director, provided that a quorum is present. The proposal to ratify the appointment of the independent auditors will be approved if the votes cast in favor of the proposal exceed the votes cast against it, again provided that a quorum is present. Abstentions and broker non-votes will have no effect on the election of directors or the proposal to approve the appointment of the independent auditors, but will be counted for purposes of determining if a quorum is present.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

The following table sets forth certain information regarding persons known to the Company to beneficially own five percent or more of the Common Stock as of March 29, 2002. This information is based upon filings made by such persons with the Securities and Exchange Commission (the "SEC") and upon information provided to the Company. Beneficial ownership is determined in accordance with SEC rules. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares subject to options or warrants held by that person that are currently exercisable or that are or may become exercisable within 60 days of March 29, 2002 are deemed outstanding. These shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's articles of incorporation provide that the members of the Board of Directors shall be divided into three classes, as nearly equal in number as possible, with one class being elected each year. Directors in each class are elected for three-year terms. The articles of incorporation also provide that the Board will be composed of at least six members. The Board currently consists of seven members, of which two are to be elected at the Meeting.

The two nominees for director receiving the most votes for their election will be elected directors, assuming a quorum is present. Abstentions and broker non-votes will have no effect on the election of directors. Shareholders do not have the right to cumulate their votes for directors. The persons named in the enclosed form of proxy, unless otherwise directed therein, intend to vote such proxy FOR the election of each of the nominees named below as director for the term specified. If a nominee becomes unavailable for any reason, the persons named in the proxy are expected to vote for such nominees as are recommended by management or to reduce the number of persons to be elected (subject to the requirements of the articles of incorporation). Management has no reason to believe that the nominees will be unavailable or unwilling to serve if elected to office.

The Board of Directors has nominated two persons for election as director at the Meeting to serve for three-year terms. The nominees are currently serving as directors and have consented to serve for the new terms if re-elected.

The Board of Directors recommends a vote "FOR" the election of each of the nominees identified below as a director for a three-year term.

See "Compensation Committee Interlocks, Inside Participation and Transactions with Management," below. The Committee operates under a written charter adopted by the Board in June 2000.

6

The primary purpose of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of their activities to the Board. The Audit Committee annually reviews and recommends to the Board the selection of the Company's independent accountants, subject to shareholder ratification.

Management is responsible for preparing the Company's financial statements. The independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has reviewed and discussed the audited financial statements with management and the independent accountants. The Committee also has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect.

The Company's independent accountants also provided to the Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and the Committee discussed with the independent accountants that firm's independence. The Committee has considered whether the independent accountants' provision of non-audit services is compatible with maintaining the independence of the accountants.

Based on the above discussions and review with management and the independent accountants, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the SEC.

- (1) Value realized represents the difference between the fair market value of the Common Stock on the date of exercise and the option exercise price.
- (2) Value represents the difference between the closing price of the Common Stock on December 31, 2001 (\$38.61) and the option exercise price.

8

The following table sets forth information concerning options to purchase Common Stock granted to the Named Executive Officers in the last fiscal year.

Option Grants in Last Fiscal Year

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (1)	
	Number of Securities Underlying Options Granted (#)	Percent of Total Options Granted to Employees in Fiscal 2001	Exercise Price Per Share (\$/sh)	Expiration Date	5%	10%
Mark S. Sexton President and CEO	50,000(2)	10.8%	\$ 36.00	12/12/11	\$ 1,132,002	\$ 2,868,732
Dennis R. Carlton Senior Vice President	50,000(2)	10.8%	\$ 36.00	12/12/11	\$ 1,132,002	\$ 2,868,732
Kevin R. Collins Vice President, CFO and Treasurer	50,000(2)	10.8%	\$ 36.00	12/12/11	\$ 1,132,002	\$ 2,868,732

- (1) The potential realizable value is calculated based on the term of the option at its time of grant and is calculated by assuming that the stock price on the date of grant appreciates at the indicated annual rate compounded annually for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated price. The 5% and 10% assumed rates of appreciation are derived from the rules of the SEC and do not represent the Company's estimate or projection of the future Common Stock price.
- (2) Such options were granted at an option price equal to the fair market value of the Common Stock on the date of grant and vest and become exercisable in four equal installments on December 13 of each of 2002, 2003, 2004 and 2005, subject to earlier vesting upon a change in control, provided the optionee remains an employee of the Company.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's compensation program for its executive officers is composed of three principal components: base salary, annual incentive compensation and long-term incentive compensation in the form of stock-based awards. Evergreen's compensation policy has been to offer conservative base salaries and to provide performance-based incentives in the form of annual bonuses and stock awards in order to provide an overall competitive compensation package for executive officers. The goal of the Compensation Committee (the "Committee"), which administers the Company's executive compensation program, is to ensure that the Company retains qualified, experienced executives whose financial interests are aligned with that of the shareholders. The Committee considers general industry practice, tax effects and other factors in

structuring executive compensation.

Base Salaries: Base salaries for each of the Company's executives are determined by taking into consideration performance, length of tenure with the Company and compensation paid to key executives by other oil and gas companies comparable to the Company in size and complexity. In order to determine comparable salary levels paid within the industry, the Committee reviews various surveys and publicly filed information regarding a selected peer group of comparable companies.

Annual Bonus Incentives: Performance by executives is measured by several criteria which are considered important to the Company's success. These criteria are not specifically weighted in the determination of salary increases and bonuses, since the relative importance of such criteria may

9

change from year to year and the relative responsibilities of each executive in the achievement of the objectives may differ. Examples of criteria considered are: (i) quantity of oil and gas reserves and increases in such reserves; (ii) increases in production and cash flow; (iii) finding costs of oil and gas reserves; (iv) controls exerted over lifting costs and resulting stabilization or reduction of lifting costs; (v) discovery and investigation of prospective new projects; and (vi) overall financial management. Of particular importance in determining 2001 bonus payments were substantial increases in proved reserves, production and cash flow. Though the Committee did not establish specific numeric formulas for determining the amount of bonuses based on these increases, increases in these criteria were important factors in the Committee's compensation decisions because the Committee believed that the experience, skill, good judgment and management practices of the executives contributed substantially to these increases. The bonuses paid to the Named Executive Officers in 2001 are stated in the Summary Compensation table above.

Stock-Based Awards: The Committee also utilizes restricted stock and/or stock options as incentives for executives. In determining the number of shares and/or share options to be awarded to each executive, the Committee considers the individual performance of each executive, his level of responsibility, his base salary, and the number of shares and options already owned by the executives as a group relative to the total number of outstanding shares and stock options owned by all shareholders. Applying these criteria, during 2001, the Committee granted each of Mark S. Sexton, Dennis R. Carlton and Kevin R. Collins incentive stock options to purchase 50,000 shares of Common Stock under the Company's 2000 Stock Incentive Plan. See "Option Grants in Last Fiscal Year," above. No restricted stock awards were made in 2001.

Compensation of the Chief Executive Officer: During the fiscal year ended December 31, 2001, Mark S. Sexton, President and CEO, received annual compensation of \$264,827 for his services. This includes a salary of \$250,000, deferred compensation pursuant to the Company's 401(k) plan in the amount of \$10,500 and \$4,327 in payment for untaken leave. In setting the salary for Mr. Sexton for 2001, the Committee considered all of the criteria described above in this report, along with information indicating that his previous salary was in the low range of CEOs of comparable companies. The Committee observed that the performance of the Company under certain key criteria (as described under "Annual Bonus Incentives," above) was superior and that its earnings and stock price performance for 2001 substantially exceeded the performance of most peer companies. The Committee therefore determined that a bonus payment in the amount of \$375,000 to Mr. Sexton was appropriate. The grant of long term incentives in the form of options to purchase 50,000 shares of Common Stock to Mr. Sexton was made based on the criteria applicable to executive officers generally (as described under "Stock-Based Awards," above).

Respectfully submitted by the Compensation Committee of the Board of Directors:

Larry D. Estridge, Chairman
Scott D. Sheffield
Alain G. Blanchard
Arthur L. Smith

CHANGE IN CONTROL AGREEMENTS

Effective March 1, 2002, the Company entered into change in control agreements with each of the Named Executive Officers. The terms and conditions of the change in control agreements are identical. Each change in control agreement will continue in effect until the earliest of (i) December 31, 2004 if no change in control has occurred, subject to automatic renewal for additional one-year periods unless the Company gives notice to the Named Executive Officer that it does not wish to extend the agreement; (ii) the termination of the Named Executive Officer's employment with the Company for any reason prior to the change in control; or (iii) the end of a two-year period following a change in

control and the fulfillment by the Company and the Named Executive Officer of all obligations under the change in control agreement.

Under the terms of each change in control agreement, if a change in control of the Company occurs while the Named Executive Officer is an employee of the Company, and a qualifying termination of his employment with the Company occurs within the 24-month period following the change in control, then the Named Employee is entitled to certain compensation payments and benefits. A "qualifying termination" means the Company's termination of the Named Executive Officer's employment for a reason other than death, disability, retirement or "cause" (as defined in the agreement), or the Named Executive Officer's termination of his employment for "good reason" (which includes a material reduction in duties and responsibilities or salary, the failure of the Company to continue certain benefits and certain relocations). A "change in control" is deemed to have taken place upon the occurrence of certain events, including the acquisition by a person or entity of 50% or more of the outstanding Common Stock, the merger or consolidation of the Company with or into another corporation where the Company is not the surviving corporation, the sale of all or substantially all of the assets of the Company or a change in a majority of the Board of Directors of the Company within a 12-month period.

The change in control agreements provide that, upon a qualifying termination after a change in control, the Company will pay a lump-sum cash severance benefit in an amount equal to the sum of (i) three times the executive's average base salary (as defined in the agreement) during two years in the three-year period before termination plus (ii) three times the average annual incentive bonus earned under any incentive bonus plan of the Company during two out of the last three years before termination. The change in control agreements also provide that, in the event of a qualifying termination after a change in control, the Named Executive Officer will receive a lump-sum cash amount equal to accrued salary and earned bonus payments, a pro rata portion of the annual bonus for the year of termination and any accrued vacation pay.

In addition, the agreements provide that upon a qualifying termination after a change in control, all Company stock options, stock appreciation rights or similar stock-based awards held by the Named Executive Officer will be accelerated and exercisable in full, and all restrictions on any restricted stock, performance stock or similar stock-based awards granted by the Company will be removed and such awards will be fully vested. The Named Executive Officers will also be entitled to receive "gross-up payments" equal to the amount of excise taxes, income taxes, interest and penalties if payments owed under a change in control agreement are deemed excess parachute payments for federal income tax purposes.

The change in control agreements also provide that the Company will continue to provide for two years the same level of medical, dental, vision, accident, disability and life insurance benefits upon substantially the same terms and conditions as existed prior to termination and will provide the Named Executive Officer with two additional years of service credit under all non-qualified retirement plans and excess benefits plans in which the Named Executive Officer participated at termination. The change in control agreements also provide that the Named Executives are subject to certain confidentiality, non-solicitation and non-competition provisions. In the event the Named Executive Officer fails to comply with any of these provisions, he will not be entitled to receive any payment or benefits under the agreement.

COMPENSATION COMMITTEE INTERLOCKS, INSIDER PARTICIPATION AND TRANSACTIONS WITH MANAGEMENT

Since January 1999, Mr. Estridge has been a member of the law firm of Womble Carlyle Sandridge & Rice, PLLC in Greenville, South Carolina, which provided legal services to the Company from time to time during 2001 at customary rates. Total legal fees paid to Womble Carlyle during 2001 were \$157,000.

On February 9, 2001, Evergreen completed a transaction with KFx Inc. ("KFx"), a provider of technology and service solutions to the electric power generation industry, pursuant to which KFx sold to Evergreen a portion of its convertible preferred stock investment in its Pegasus Technologies, Inc. subsidiary ("Pegasus"), representing an approximate 8.8% as converted interest in Pegasus, for \$1.5 million. Under the terms of the agreement, KFx was required to repurchase the interest on January 31, 2002 unless Evergreen elected to extend the repurchase date to January 1, 2003. Evergreen has extended the repurchase date to January 1, 2003 in consideration for the option to purchase additional convertible preferred stock in Pegasus for \$1.2 million anytime prior to January 1, 2003, which stock is redeemable on or before January 1, 2003 for \$1.6 million. In certain circumstances, Evergreen can elect to exchange this interest in Pegasus, valued at \$2 million, and any subsequently acquired interest in Pegasus, for common stock of KFx at \$3.65 per share, subject to certain adjustments. In addition, Evergreen was provided with a five-year warrant to purchase 1 million shares of KFx common stock at \$3.65 per share, subject to certain adjustments, which includes a reduction in the warrant price to \$2.25 per share upon KFx's reduction of certain debentures. Mark S. Sexton, the President and Chief Executive Officer of Evergreen, is on the board of directors of KFx. Also, Kevin R. Collins, the Chief Financial Officer of Evergreen, is on the board of

directors of Pegasus.

At December 31, 2001, the Company had advanced to Mark Sexton, President and Chief Executive Officer, \$575,436 for income taxes due on the exercise of stock options. Subsequent to year-end, all funds advanced were repaid to the Company.

COMPENSATION OF DIRECTORS

Directors of the Company are entitled to receive fees of \$100 per meeting for their attendance at Board meetings. All Board members have currently waived these meeting fees. All directors are reimbursed for reasonable out-of-pocket expenses incurred in connection with attending Board, Committee and shareholder meetings. Directors who are not officers or are not salaried employees of the Company ("Non-Executive Directors") each receive a \$30,000 annual retainer fee in the form of cash, Common Stock or options to purchase Common Stock, as elected by the director. Such options have an exercise price equal to the fair market value of the Common Stock on the date of grant, vest fully at the time of grant and have a term of five years. Non-Executive Directors who serve on the Audit and Compensation Committees also receive a fee for serving on these committees. In 2001, each such Non-Executive Director was paid \$10,000 for service on the Audit Committee and \$3,000 for service on the Compensation Committee.
