UP, UP, AND AWAY: CRYPTOLOGIC LAUNCHES GAMES BASED ON SUPERMAN, BRAVEHEART AND FORREST GUMP

December 14th, 2009 (Dublin, IRELAND) -CryptoLogic Limited, a global developer of branded online betting games and Internet casino software, today announces a new downloadable game lineup that brings DC Comics' *Superman* and Paramount Pictures' **Forrest Gump** and **Braveheart** to many of the world's largest Internet casinos. The company also unveiled a new lobby for its popular Internet casino software.

The *DC Super Heroes* are not the only big entertainment brands making their debuts at Internet casinos this fall. CryptoLogic's other new games are based on feature film characters **Forrest Gump** and **Braveheart**, following a multi-year deal signed with Paramount Digital Entertainment.

"Big brands drive player popularity, and that is why CryptoLogic is excited to launch a game based on *Superman*, one of the most iconic brands of the entertainment world," said Brian Hadfield, CryptoLogic's President and CEO. "By also adding **Forrest Gump** and **Braveheart**, CryptoLogic continues its industry leadership in launching branded games that resonate with both the casual and serious player. We aim for these games to be both popular and profitable."

The new game pack also features video slot games **Just Vegas** and **Fumi's Fortune**, a new table game in **Perfect Pairs Blackjack**, and the Asian influenced game **Sic-Bo**. Also introduced is a "**Double Double Bonus**" variant added to CryptoLogic's video poker line up.

New lobby enhances casino software experience

CryptoLogic has also unveiled a dramatic new lobby – now implemented at www.InterCasino.com -- for its acclaimed downloadable Internet casino software. Using the newest interactive technology, the lobby enables improved navigation and search, an updated jackpot counter, customized features that allow players to keep track of their favourites, and a game suggestion engine to connect the player to other CryptoLogic games.

The company's third release with DC Comics features 50 lines and an optional bonus bet plus a unique expanding wilds free game feature. Players who trigger the feature will earn a chance to save the world, maneuvering through meteor fields, destroying missiles and leaving their mark as the *World's Greatest DC Super Hero*.

Forrest Gump

Forrest Gump says that life is like a box of chocolates, and the same holds true for CryptoLogic's new 25-line slot game. Players will never know what they're going to get: a big payout or one of three bonus features including the smashing new 5-level Hollywood Jackpots. Players will yell "Run, Forrest run!" as the excitement never stops.

Braveheart

The new Braveheart slot machine isn't eligible to win an Academy Award®, but the movie that inspired it took home five of the golden statues. William Wallace is captured with all the sights, sounds and excitement of the feature film. Will the Scottish side prevail in the Battle Free Games feature, or will Longshanks put down the rebellion? You'll have to play to find out.

JUST VEGAS

Players will visit the glitzy and thrilling world of Sin City in this new All Pays slot game from CryptoLogic. It's like playing four games in one as Just Vegas offers players the choice of three completely different free game features, each with unique graphics, sounds and rules. Play with Stacked Wilds at the Asian Casino, increase your chances of re-triggering the feature at the Egyptian Casino, or have all your line wins multiplied by five at the Roman Casino. What happens in Just Vegas will not stay in Vegas, as players are sure to tell friends about this riveting new slot game.

FUMI'S FORTUNE

Fans of Japanese Game shows will enjoy the fast-paced action of Fumi's Fortune. Hosts Fumi and Aki preside in their wacky, manic studio, where players spin for Fumi money. Players will shout "Banzai!" after experiencing this entertaining game with its eye-popping graphics.

PERFECT PAIRS BLACKJACK

Based on the hole-card version of Blackjack, Perfect Pairs Blackjack is very similar to the Atlantic City and Vegas Blackjack variants in the current casino suite, with some small changes. There is an optional side-bet based on the player's first two cards and the popular surrender option is included. The gaming action is fast, and the potential winning furious, in CryptoLogic's new table game.

SIC-BO

Sic Bo had its origins in ancient Chinese gambling games and is very popular in casinos around the world. Players have the opportunity to place many types of wagers on the outcome of each round which consists of rolling three, six-sided dice. Bets are placed on individual dice, combinations of dice, and the totals of the three dice combined. CryptoLogic created three different types of Sic-Bo pay tables, with bets as low as 0.10 for Macau rules, 1.00 for Atlantic City, and 10.00 for the VIP version using the Australian pay table.

“These new games highlight CryptoLogic’s extraordinary e-gaming innovation – and the extraordinary diversity of the brands in our stable,” said Justin Thouin, CryptoLogic’s Vice President. “With Superman, Braveheart and Forrest Gump in one game pack, it’s a powerful blend of big brands and big games.”
