ITEM 5. OTHER EVENTS AND REGULATION FD DISCLOSURE

On October 19, 2001, a wholly-owned subsidiary of Lydall, Inc. ("the Company") acquired for cash certain assets and assumed certain liabilities of Affinity Industries, Inc. ("Affinity") a privately held manufacturer and assembler of highly engineered industrial chillers and heat exchangers.

Under the terms of the agreement and in consideration therefore, the Company paid to Affinity a negotiated purchase price of \$17.4 million to acquire certain assets, and assumed certain liabilities, consisting primarily of trade accounts payable, of approximately \$.5 million. In addition to the cash paid, the agreement provides for an additional \$2.0 million of consideration to be paid, a portion of which is contingent upon the occurrence of certain events. The purchase price is also subject to a post-closing net asset adjustment as defined in the agreement. Lydall, Inc. funded the acquisition through borrowings on its existing credit facility.

The terms of the purchase are more fully described in the Purchase and Sale Agreement, a copy of which is attached as Exhibit 2.1 hereto. The Company also issued a related press release on October 22, 2001, a copy of which is attached herewith as Exhibit 99.1 hereto.

In addition, the Company purchased for \$2.3 million in cash, the land and building where Affinity is located, from Clear Lake Realty Corporation. A copy of the Purchase and Sale Agreement is attached as Exhibit 2.2 hereto.

Affinity is a designer and manufacturer of industrial chiller and heat exchangers sold to commercial customers in the semiconductor, telecommunication and medical markets. The Company intends to continue the manufacture of these products in the acquired facilities.
