PROSPECTUS SUPPLEMENT
 JULY 7, 2004
 (TO PROSPECTUS DATED SEPTEMBER 16, 2003)

\$1,150,000,000

[Graphic Omitted]

MARSH & MCLENNAN COMPANIES, INC.
 \$650,000,000 5.375% SENIOR NOTES DUE 2014
 \$500,000,000 FLOATING RATE SENIOR NOTES DUE 2007

We will pay interest on the 5.375% Senior Notes due 2014 (the "Fixed Rate Notes") on January 15 and July 15 of each year, beginning on January 15, 2005. The Fixed Rate Notes will mature on July 15, 2014. At our option, we may redeem the Fixed Rate Notes in whole or in part at any time and from time to time before their maturity at the redemption price described herein under "Description of Notes--Fixed Rate Notes--Optional Redemption."

We will pay interest on the Floating Rate Senior Notes due 2007 (the "Floating Rate Notes" and together with the Fixed Rate Notes, the "Notes") on January 13, April 13, July 13 and October 13 of each year, beginning on October 13, 2004. The rate of interest on the Floating Rate Notes is equal to three month LIBOR plus 0.14% and will be reset quarterly. The Floating Rate Notes will mature on July 13, 2007.

The Notes will be senior unsecured obligations of our company and will rank equally with all of our other senior unsecured indebtedness from time to time outstanding.

| | PER FIXED RATE NOTE | TOTAL | PER FLOATING RATE NOTE |

(1) Plus accrued interest, if any, from July 14, 2004, if settlement occurs after that date.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR DETERMINED IF THIS PROSPECTUS SUPPLEMENT OR THE ACCOMPANYING PROSPECTUS IS TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The notes will be ready for delivery in book-entry form through the facilities of The Depository Trust Company, including for the accounts of Euroclear Bank S.A./N.V., as operator of the Euroclear System and Clearstream Banking, societe anonyme, on or about July 14, 2004.

THE COMPANY

MMC is a global professional services firm with annual revenues exceeding \$11 billion. It is the parent company of Marsh Inc., the world's leading risk and insurance services firm; Putnam Investments, one of the largest investment management companies in the United States; and Mercer Inc., a major global provider of consulting services. More than 60,000 employees provide analysis, advice and transactional capabilities to clients in over 100 countries.

RECENT DEVELOPMENTS

On May 18, 2004, the Company announced that it would acquire Kroll Inc., the world's leading risk mitigation services firm, for \$1.95 billion. The Company plans to fund the acquisition with a combination of commercial paper, long-term debt and cash from operations. In connection with the Kroll acquisition, on May 19, 2004, Standard & Poor's Rating Services placed the Company's ratings on CreditWatch with negative implications, and on July 7, 2004, lowered the Company's counterparty credit and short-term ratings from AA-/A-1+ to A+/A-1 with a stable outlook. Moody's Investors Service has affirmed the Company's debt ratings following the announcement of the acquisition. Also in connection with the Kroll acquisition, Fitch Ratings announced that it had put the Company's long-term senior debt rating on Rating Watch Negative and, depending on the financing employed, might reduce its rating. Fitch has affirmed the Company's short-term debt rating at F1. It is currently expected that the Kroll acquisition will be consummated on July 8, 2004.

INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE

The SEC allows MMC to "incorporate by reference" the information it files with the SEC. This permits MMC to disclose important information to you by referencing these filed documents, including MMC's annual, quarterly and current reports, that are considered part of this prospectus supplement and the accompanying prospectus. Information that MMC files later with the SEC will automatically update and supersede this information.

We incorporate by reference the documents set forth below that MMC previously filed with the SEC and any future filings made with the SEC until the offering of all the Notes has been completed. These documents contain important information about MMC and its finances.

| SEC FILINGS ----- | PERIOD ----- |

INFORMATION CONCERNING FORWARD-LOOKING STATEMENTS

MMC and its subsidiaries and their representatives may from time to time make verbal or written statements (including certain statements contained in this report and other MMC filings with the SEC and in our reports to stockholders) relating to future results, which are forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Such statements may include, without limitation, discussions concerning revenues, expenses, earnings, cash flow, capital structure, pension funding, and the adverse consequences arising from market-timing issues at Putnam, including fines and restitution, as well as market and industry conditions, premium rates, financial markets, interest rates, foreign exchange rates, contingencies, and matters relating to MMC's operations and income taxes. Such forward-looking statements are based on available current market and industry materials, experts' reports and opinions, and long-term trends, as well as management's expectations concerning future events impacting MMC. Forward-looking statements by their very nature involve risks and uncertainties. Factors that may cause actual results to differ materially from those contemplated by any forward-looking statements contained or incorporated or referred to herein include, in the case of MMC's risk and insurance services business, changes in competitive conditions, movements in premium rate levels, the conditions for the transfer of commercial risk and other changes in the global property and casualty insurance markets, natural catastrophes, mergers between client organizations, and insurance or reinsurance company insolvencies. Factors to be considered in the case of MMC's investment management business include changes in worldwide and national equity and fixed income markets, actual and relative investment performance, the level of sales and redemptions, and the ability to maintain investment management and administrative fees at historic levels; and with respect to all of MMC's activities, changes in general worldwide and national economic conditions, the impact of terrorist attacks, changes in the value of investments made in individual companies and investment funds, fluctuations in foreign currencies, actions of competitors or regulators, changes in interest rates or in the ability to access financial markets, developments relating to claims, lawsuits and contingencies, prospective and retrospective changes in the tax or accounting treatment of MMC's operations, and the impact of tax and other legislation and regulation in the jurisdictions in which MMC operates. In addition, there are risks and uncertainties relating to MMC's ability to integrate Kroll's business successfully and realize expected synergies; the continued strength of Kroll's relationships with its employees, suppliers, and customers; and the accuracy of the basis for the forecasts relating to Kroll's business. Forward-looking statements speak only as of the date on which they are made, and MMC undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which it is made or to reflect the occurrence of unanticipated events.

MMC is committed to providing timely and materially accurate information to the investing public, consistent with our legal and regulatory obligations. To that end, MMC and its operating companies use their websites to convey meaningful information about their businesses, including the anticipated release of quarterly financial results and the posting of updates of assets under management at Putnam. Monthly updates of total assets under management at Putnam will be posted to the MMC website the first business day following the end of each month. Putnam posts mutual fund and performance data to its website regularly. Assets for most Putnam retail mutual funds are posted approximately two weeks after each month-end. Mutual fund net asset value (NAV) is posted

daily. Historical performance and Lipper rankings are also provided. Investors can link to MMC and its operating company websites through www.mmc.com.

USE OF PROCEEDS

We will receive net proceeds (before expenses) from the offering of the Notes of approximately \$1.14 billion. This reflects a deduction for the underwriting discounts and commissions. We intend to use these proceeds to repay a portion of the commercial paper used to fund the Kroll acquisition. Our commercial paper bears an interest rate of 1.37% and has an average maturity of 31 days.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated.

| YEAR ENDED DECEMBER 31, | | | | | THREE MONTH MARCH |
|-------------------------|------|------|------|------|----------------------|
| 2003 | 2002 | 2001 | 2000 | 1999 | 2004 |

S-2

DESCRIPTION OF NOTES

The Notes will be senior debt issued under an Indenture to be dated as of July 14, 2004, as supplemented by the first supplemental indenture, to be dated as of July 14, 2004, between Marsh & McLennan Companies, Inc. and The Bank of New York, as trustee (collectively, the "Indenture"). The Fixed Rate Notes and the Floating Rate Notes offered by this prospectus supplement each are a separate series of debt securities under the Indenture. As used in this "Description of Notes" section, the "Company" means Marsh & McLennan Companies, Inc. and does not include its subsidiaries.

FIXED RATE NOTES

The Fixed Rate Notes will initially be limited to \$650,000,000 aggregate principal amount. The Fixed Rate Notes will bear interest at 5.375% per year. Interest will be payable semi-annually in arrears on January 15 and July 15 of each year, beginning January 15, 2005. Interest on the Fixed Rate Notes will accrue from July 14, 2004, or from the most recent date to which interest has been paid or provided for. Interest on the Fixed Rate Notes will be paid to holders of record on the January 1 or July 1 immediately preceding the interest payment date. The Fixed Rate Notes will mature on July 15, 2014.

OPTIONAL REDEMPTION

The Fixed Rate Notes will be redeemable in whole at any time or in part from time to time, at our option, at a redemption price equal to the greater of:

- o 100% of the principal amount of notes to be redeemed; or

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

- o the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the then current Treasury Rate plus 15 basis points.

In each case we will pay accrued and unpaid interest on the principal amount to be redeemed to the date of redemption.

"Comparable Treasury Issue" means the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term ("Remaining Life") of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such Notes.

"Comparable Treasury Price" means, with respect to any redemption date, (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the trustee obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

"Independent Investment Banker" means Banc of America Securities LLC and its successors, or, if such firm or the successors, if any, to such firm, as the case may be, are unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing appointed by us.

"Reference Treasury Dealer" means Banc of America Securities LLC and its respective successors, and three other firms that are primary U.S. Government securities dealers (each a "Primary Treasury Dealer") which we will specify from time to time; provided, however, that if any of them ceases to be a Primary Treasury Dealer, we will substitute another Primary Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the trustee by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

"Treasury Rate" means, with respect to any redemption date, the rate per year equal to:

(1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designed "H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on

S-3

actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury Constant Maturities," for the maturity corresponding to the Comparable Treasury Issue; provided that, if no maturity is within three months before or after the Remaining Life of the Notes to be redeemed, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Treasury Rate shall be interpolated or extrapolated from those yields on a straight line basis, rounding to the nearest month; or

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

(2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per year equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

The Treasury Rate shall be calculated on the third business day preceding the redemption date. As used in the immediately preceding sentence and in the definition of "Reference Treasury Dealer Quotations" above, the term "business day" means any day that is not a Saturday, Sunday or other day on which commercial banks in New York City are authorized or required by law to remain closed.

Notice of any redemption will be mailed at least 30 but not more than 60 days before the redemption date to each holder of record of the Notes to be redeemed at its registered address. The notice of redemption for the Notes will state, among other things, the amount of Notes to be redeemed, the redemption date, the manner in which the redemption price will be calculated and the place or places that payment will be made upon presentation and surrender of Notes to be redeemed. If less than all of the Notes are to be redeemed at our option, the trustee will select, in a manner it deems fair and appropriate, the Notes, or portions of the Notes, to be redeemed. Unless we default in the payment of the redemption price, interest will cease to accrue on any Notes that have been called for redemption at the redemption date.

The Company shall not be required (i) to issue, register the transfer of or exchange any Notes during a period beginning at the opening of business 15 days before the day of the mailing of a notice of redemption of Notes selected for redemption and ending at the close of business on the day of such mailing, or (ii) to register the transfer of or exchange any Notes so selected for redemption in whole or in part, except the unredeemed portion of any such Notes being redeemed in part.

FLOATING RATE NOTES

The Floating Rate Notes will initially be limited to \$500,000,000 aggregate principal amount. The Floating Rate Notes will bear interest at "LIBOR" plus 0.14%. Interest will accrue from July 14, 2004 and is payable quarterly in arrears on January 13, April 13, July 13 and October 13 of each year, beginning on October 13, 2004; provided that if any such date is not a business day, payment of interest accrued through the applicable interest payment date will be made on the following business day unless that business day is in the following calendar month, in which case the interest payment date will be the immediately preceding business day. The interest rate will be calculated quarterly on January 11, April 11, July 11 and October 11 and will be reset quarterly on January 13, April 13, July 13 and October 13 (each of these dates is called an "Interest Reset Date"). Interest is payable from the date of issue of the Floating Rate Notes or from the most recent date to which interest on such Floating Rate Note has been paid or duly provided for, until the principal amount of the Floating Rate Note is paid or duly made available for payment. We will pay interest to the holders of record at the close of business 15 calendar days before the interest payment date. The Floating Rate Notes will mature on July 13, 2007.

"LIBOR" for each Interest Reset Date, other than for the initial interest rate, will be determined by the calculation agent as follows:

- (i) LIBOR will be the offered rate for deposits in U.S. dollars for the three month period which appears on "Telerate Page 3750" at approximately 11:00 a.m., London time, two "London banking days" prior to the applicable Interest Reset Date.

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

- (ii) If this rate does not appear on the Telerate Page 3750, the calculation agent will determine the rate on the basis of the rates at which deposits in U.S. dollars are offered by four major banks in the London interbank market (selected by the calculation agent after consulting with us) at approximately 11:00 a.m., London time, two London banking days prior to the applicable Interest Reset Date to prime banks in the London interbank market for a period of three months commencing on that Interest Reset Date and in principal amount equal to an amount not less than \$1,000,000 that is representative for a single transaction in such market at such time. In such case, the calculation agent will request the principal

S-4

London office of each of the aforesaid major banks to provide a quotation of such rate. If at least two such quotations are provided, LIBOR for that Interest Reset Date will be the average of the quotations. If fewer than two quotations are provided as requested, LIBOR for that Interest Reset Date will be the average of the rates quoted by three major banks in New York, New York (selected by the calculation agent after consulting with us) at approximately 11:00 a.m., New York time, two London banking days prior to the applicable Interest Reset Date for loans in U.S. dollars to leading banks for a period of three months commencing on that Interest Reset Date and in a principal amount equal to an amount not less than \$1,000,000 that is representative for a single transaction in such market at such time; provided that if fewer than three quotations are provided as requested, for the period until the next Interest Reset Date, LIBOR will be the same as the rate determined on the immediately preceding Interest Reset Date.

The interest rate in effect from the date of issue to the first Interest Reset Date will be based on three month LIBOR two London banking days prior to the date of issue.

A "London banking day" is any day in which dealings in U.S. dollar deposits are transacted in the London interbank market. "Telerate Page 3750" means the display page so designated on the Telerate Service for the purpose of displaying London interbank offered rates of major banks (or any successor page).

The calculation agent will, upon the request of the holder of any Floating Rate Note, provide the interest rate then in effect. The calculation agent is The Bank of New York until such time as we appoint a successor calculation agent. All calculations made by the calculation agent in the absence of willful misconduct, bad faith or manifest error shall be conclusive for all purposes and binding on us and the holders of the Floating Rate Notes. We may appoint a successor calculation agent at any time at our discretion and without notice.

All percentages resulting from any calculation of the interest rate with respect to the Floating Rate Notes will be rounded, if necessary, to the nearest one-hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upward (e.g., 9.876545% (or .09876545) would be rounded to 9.87655% (or .0987655) and 9.876544% (or .09876544) would be rounded to 9.87654% (or .0987654)), and all dollar amounts in or resulting from any such calculation will be rounded to the nearest cent (with one-half cent being rounded upward).

Interest on the Floating Rate Notes will be computed and paid on the basis of a 360-day year and the actual number of days in each interest payment period. The interest rate on the Floating Rate Notes will in no event be higher than the

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

maximum rate permitted by New York law, as the same may be modified by United States law of general application.

GENERAL TERMS OF NOTES

We may, without the consent of the noteholders, issue additional notes having the same ranking and the same interest rate, maturity and other terms as the Notes offered by this prospectus supplement. Any such additional notes will be a part of the series having the same terms as the Notes.

Interest and principal will be payable in U.S. dollars. The Notes will be issued only in denominations of \$2,000 and integral multiples of \$2,000. There will be no sinking fund payments for the Notes.

The security registrar and transfer agent for the Notes will be The Bank of New York until such time as a successor security registrar or transfer agent is appointed.

RANKING

The Notes will be senior unsecured obligations of Marsh & McLennan Companies, Inc. and will rank equally with all of our other senior unsecured indebtedness from time to time outstanding. On a pro forma basis as of March 31, 2004, after giving effect to the offering of the Notes, we would have \$4,972 million of outstanding senior indebtedness, of which \$200 million would have been secured indebtedness, not including the debt of our subsidiaries. Also on a pro forma basis as of March 31, 2004, after giving effect to the offering of the Notes, debt of our subsidiaries, to which the Notes will be structurally subordinated, was approximately \$130 million.

COVENANTS WITH RESPECT TO THE NOTES

LIMITATION ON LIENS ON STOCK OF OUR SIGNIFICANT SUBSIDIARIES. The indenture prohibits us and our subsidiaries from directly or indirectly creating, assuming, incurring or permitting to exist any Indebtedness secured by any lien on the voting stock of Marsh Inc., Putnam Investments or Mercer Inc. (each a "Significant Subsidiary")

S-5

unless the Notes (and, if we so elect, any other Indebtedness of MMC that is not subordinate to the Notes and with respect to which the governing instruments require, or pursuant to which we are otherwise obligated, to provide such security) are secured equally and ratably with such Indebtedness for at least the time period such Indebtedness is so secured. "Indebtedness" is defined as the principal of and any premium and interest due on indebtedness of a Person, whether outstanding on the original date of issuance of the Notes or thereafter created, incurred or assumed, which is (a) indebtedness for money borrowed and (b) any amendments, renewals, extensions, modifications and refundings of any such indebtedness. For the purposes of this definition, "indebtedness for money borrowed" means (1) any obligation of, or any obligation guaranteed by, such Person for the repayment of borrowed money, whether or not evidenced by bonds, debentures, notes or other written instruments, (2) any obligation of, or any obligation guaranteed by, such Person evidenced by bonds, debentures, notes or similar written instruments, including obligations assumed or incurred in connection with the acquisition of property, assets or businesses (provided, however, that the deferred purchase price of any business or property or assets shall not be considered Indebtedness if the purchase price thereof is payable in full within 90 days from the date on which such indebtedness was created), and (3) any obligations of such Person as lessee under leases required to be capitalized on the balance sheet of the lessee under generally accepted

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

accounting principles and leases of property or assets made as part of any sale and lease-back transaction to which such Person is a party. For purposes of this covenant only, Indebtedness also includes any obligation of, or any obligation guaranteed by, any Person for the payment of amounts due under a swap agreement or similar instrument or agreement, or under a foreign currency hedge exchange or similar instrument or agreement.

CONSOLIDATION, MERGER AND SALE OF ASSETS. We may, without the consent of the holders of the outstanding Notes, consolidate with or merge into, or convey, transfer or lease all or substantially all of our properties and assets to, any Person or may permit any Person to consolidate with or merge into the Company, provided that any successor Person must be a corporation, partnership or trust organized and validly existing under the laws of any domestic jurisdiction and must assume our obligations on the Notes and under the Indenture, that after giving effect to the transaction no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default shall have happened and be continuing and that certain other conditions are met.

GLOBAL CLEARANCE AND SETTLEMENT PROCEDURES

Investors in the global securities representing any of the Notes (the "Global Notes") may hold a beneficial interest in such Global Notes through The Depository Trust Company ("DTC"), Clearstream Banking, societe anonyme ("Clearstream") or the Euroclear System ("Euroclear") or through participants. The Notes may be traded as home market instruments in both the European and U.S. domestic markets. Initial settlement and all secondary trades will settle as set forth below.

Clearstream has advised that it is incorporated under the laws of the Grand Duchy of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations ("Clearstream Participants"). Clearstream facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (CSSF). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant, either directly or indirectly.

Distributions, to the extent received by the U.S. Depository (as defined below) for Clearstream, with respect to the Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures.

Euroclear has advised that it was created in 1968 to hold securities for its participants ("Euroclear Participants") and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, eliminating the need for physical movement of certificates and eliminating any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

operated by Euroclear Bank S.A./ N.V. (the "Euroclear Operator"), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the "Cooperative"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator has advised us that it is licensed by the Belgian Banking and Finance Commission to carry out banking activities on a global basis. As a Belgian bank, it is regulated and examined by the Belgian Banking Commission.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the "Terms and Conditions"). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants and has no record of or relationship with persons holding through Euroclear Participants.

Distributions, to the extent received by the U.S. Depositary for Euroclear, with respect to Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions.

Individual certificates in respect of Notes will not be issued in exchange for the Global Notes, except in very limited circumstances. If DTC notifies us that it is unwilling or unable to continue as a clearing system in connection with a Global Note or DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and in each case we do not appoint a successor clearing system within 90 days after receiving such notice from Euroclear, Clearstream or DTC or on becoming aware that DTC is no longer so registered, we will issue or cause to be issued individual certificates in registered form on registration of transfer of or in exchange for book-entry interests in the Notes represented by such Global Note upon delivery of such Global Note for cancellation.

Title to book-entry interests in the Notes will pass by book-entry registration of the transfer within the records of Euroclear, Clearstream or DTC, as the case may be, in accordance with their respective procedures. Book-entry interests in the Notes may be transferred within Euroclear and within Clearstream and between Euroclear and Clearstream in accordance with procedures established for these purposes by Euroclear and Clearstream. Book-entry interests in the Notes may be transferred within DTC in accordance with procedures established for this purpose by DTC. Transfers of book-entry interests in the Notes between Euroclear and Clearstream and DTC may be effected in accordance with procedures established for this purpose by Euroclear, Clearstream and DTC.

INITIAL SETTLEMENT

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

All Global Notes will be registered in the name of Cede & Co. as nominee of DTC. Investors' interests in the Global Notes will be represented through financial institutions acting on their behalf as direct and indirect participants in DTC. As a result, Clearstream and Euroclear will hold positions on behalf of their participants through their respective depositories (each, a "U.S. Depository"), Citibank, N.A. ("Citibank") and JPMorgan Chase Bank ("JPMorgan Chase"), which in turn will hold such positions in accounts as participants of DTC.

Notes held through DTC will be settled in immediately available funds. Investor securities custody accounts will be credited with their holdings against payment on the settlement date. Notes held through Clearstream or Euroclear accounts will follow the settlement procedures applicable to conventional eurobonds, except that there will be no temporary global security and no "lock-up" or restricted period. Notes will be credited to the securities custody accounts on the settlement date against payment.

S-7

SECONDARY MARKET TRADING

Since the purchaser determines the place of delivery, it is important to establish at the time of the trade where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

TRADING BETWEEN DTC PARTICIPANTS. Secondary market trading between DTC participants will be settled in immediately available funds.

TRADING BETWEEN CLEARSTREAM AND/OR EUROCLEAR PARTICIPANTS. Secondary market trading between Clearstream participants and/or Euroclear participants will be settled using the procedures applicable to conventional eurobonds.

TRADING BETWEEN DTC SELLER AND CLEARSTREAM OR EUROCLEAR PURCHASER. When beneficial interests in the Global Notes are to be transferred from the account of a DTC participant to the account of a Clearstream participant or a Euroclear participant, the purchaser will send instructions to Clearstream or Euroclear through a participant at least one business day prior to settlement. Clearstream or Euroclear will instruct Citibank or JPMorgan Chase, as the case may be, to receive a beneficial interest in the Global Notes against payment. Unless otherwise set forth in this prospectus supplement, payment will include interest accrued on the beneficial interest in the Global Notes so transferred from and including the last interest payment date to and excluding the settlement date, on the basis on which interest is calculated on the Notes. For transactions settling on the 31st of the month, payment will include interest accrued to and excluding the first day of the following month. Payment will then be made by Citibank or JPMorgan Chase to the DTC participant's account against delivery of the beneficial interest in the Global Notes. After settlement has been completed, the beneficial interest in the Global Notes will be credited to the respective clearing system and by the clearing system, in accordance with its usual procedures, to the Clearstream or Euroclear participant's account. The securities credit will appear the next day (European time) and the cash debit will be back-valued to, and interest on the beneficial interest in the Global Notes will accrue from, the value date (which would be the preceding day when settlement occurred in New York). If settlement is not completed on the intended value date (that is, the trade fails), the Clearstream or Euroclear cash debit will be valued instead as of the actual settlement date.

Clearstream participants and Euroclear participants will need to make available to the respective clearing systems the funds necessary to process same-day funds settlement. The most direct means of doing so is to reposition

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

funds for settlement, either from cash on hand or existing lines of credit, as they would for any settlement occurring within Clearstream or Euroclear. Under this approach, they may take on credit exposure to Clearstream or Euroclear until the beneficial interests in the Global Notes are credited to their accounts one day later.

As an alternative, if Clearstream or Euroclear has extended a line of credit to them, participants can elect not to preposition funds and allow that credit line to be drawn upon to finance settlement. Under this procedure, Clearstream participants or Euroclear participants purchasing a beneficial interest in the Global Notes would incur overdraft charges for one day, assuming they cleared the overdraft when the beneficial interests in the Global Notes were credited to their accounts. However, interest on the beneficial interests in the Global Notes would accrue from the value date. Therefore, in many cases the investment income on the Global Notes earned during that one-day period may substantially reduce or offset the amount of such overdraft charges, although this result will depend on each participant's particular cost of funds.

Since the settlement is taking place during New York business hours, DTC participants can employ their usual procedures for sending a beneficial interest in the Global Notes to Citibank or JPMorgan Chase for the benefit of Clearstream participants or Euroclear participants. The sale proceeds will be available to the DTC seller on the settlement date. Thus, to the DTC participant a cross-market transaction will settle no differently than a trade between two DTC participants.

TRADING BETWEEN CLEARSTREAM OR EUROCLEAR SELLER AND DTC PURCHASER. Due to time zone differences in their favor, Clearstream and Euroclear participants may employ their customary procedures in transactions in which a beneficial interest in the Global Notes is to be transferred by the respective clearing system, through Citibank or JPMorgan Chase, to a DTC participant. The seller will send instructions to Clearstream or Euroclear through a participant at least one business day prior to settlement. In these cases, Clearstream or Euroclear will instruct Citibank or JPMorgan Chase, as appropriate, to deliver the beneficial interest in the Global Notes to the DTC participant's account against payment. Payment will include interest accrued on the beneficial interest in the

S-8

Global Notes from and including the last coupon payment date to and excluding the settlement date on the basis on which interest is calculated on the Global Notes. For transactions settling on the 31st of the month, payment will include interest accrued to and excluding the first day of the following month. The payment will then be reflected in the account of the Clearstream or Euroclear participant the following day, and receipt of the cash proceeds in the Clearstream or Euroclear participant's account would be back-valued to the value date (which would be the preceding day, when settlement occurred in New York). Should the Clearstream or Euroclear participant have a line of credit with its respective clearing system and elect to be in debit in anticipation of receipt of the sale proceeds in its account, the back-valuation will extinguish any overdraft charges incurred over that one-day period. If settlement is not completed on the intended value date (that is, the trade fails), receipt of the cash proceeds in the Clearstream or Euroclear participant's account would instead be valued as of the actual settlement date.

Finally, day traders that use Clearstream or Euroclear and that purchase beneficial interests in the Global Notes from DTC participants for credit to Clearstream participants or Euroclear participants should note that these trades would automatically fail on the sale side unless affirmative action is taken. At least three techniques should be readily available to eliminate this potential

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

problem:

- (1) borrowing through Clearstream or Euroclear for one day (until the purchase side of the day trade is reflected in their Clearstream or Euroclear accounts) in accordance with the clearing system's customary procedures;
- (2) borrowing beneficial interests in the Global Notes in the United States from a DTC participant no later than one day prior to settlement, which would give beneficial interests in the Global Notes sufficient time to be reflected in the appropriate Clearstream or Euroclear account in order to settle the sale side of the trade; or
- (3) staggering the value dates for the buy and sell sides of the trade so that the value date for the purchase from the DTC participant is at least one day prior to the value date for the sale to the Clearstream participant or Euroclear participant.

Although DTC, Clearstream, and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of beneficial interests in the Global Notes among participants of DTC, Clearstream, and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

APPLICABLE LAW

The Notes and the Indenture will be governed by and construed in accordance with the laws of the State of New York.

ADDITIONAL TERMS

For additional important information about the Notes, see "Description of Debt Securities" in the accompanying prospectus. That information includes:

- o additional information on the terms of the Notes;
- o general information on the Indenture and the trustee;
- o a description of events of default under the indenture.

To the extent any information about the Notes varies between this prospectus supplement and the accompanying prospectus, you should rely on the information contained in this prospectus supplement.

The underwriting agreement provides that the obligations of the underwriters to pay for and accept delivery of the Notes offered hereby are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the Notes offered hereby if they purchase any of the Notes.

The underwriters propose to offer some of the Notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and some of the Notes to dealers at the public offering price less a concession not to exceed 0.275% of the principal amount of the Fixed Rate Notes and 0.125% of the principal amount of the Floating Rate Notes. The underwriters may allow, and dealers may reallow, a concession not to exceed 0.200% of the principal amount of the Fixed Rate Notes and 0.100% of the principal amount of the Floating Rate Notes on sales to other dealers. After the initial offering of the Notes to the public, the representatives may change the public offering price and concessions.

We estimate that our total expenses for this offering will be \$800,000.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

The Notes are a new issue of securities with no established trading market. We do not intend to list the Notes on any securities exchange. If a trading market does not develop or is not maintained, holders of Notes may find it difficult or impossible to resell their Notes. If a trading market were to develop, the Notes may trade at prices that are higher or lower than their initial offering price, depending on many factors, including prevailing interest rates, our operating results and financial condition, and the market for similar securities. We have been advised by the underwriters that they intend to make a market in the Notes. However, the underwriters are not obligated to do so and may discontinue any market making at any time without notice. Accordingly, there can be no assurance regarding any future development of a trading market for the Notes or the ability of holders of the Notes to sell their Notes at all or at the price at which such holders may be able to sell their Notes.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the Notes).

| Per Fixed Rate Note | 0.450% |
| Per Floating Rate Note | 0.225% |

In connection with the offering, the underwriters may purchase and sell Notes in the open market. These transactions may include overallotment, syndicate covering transactions and stabilizing transactions.

S-10

Overallotment involves syndicate sales of Notes in excess of the principal amount of Notes to be purchased by the underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of Notes made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the underwriters, in covering syndicate short positions or making stabilizing purchases, repurchase Notes originally sold by that syndicate member.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the Notes. They may also cause the price of the Notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time without notice.

Certain of the underwriters may make the Notes available for distribution on the Internet through a proprietary Web site and/or a third-party system operated by MarketAxess Corp., an Internet-based communications technology provider. MarketAxess Corp. is providing the system as a conduit for communications between the underwriters and their customers and is not a party to any transactions. MarketAxess Corp., a registered broker-dealer, will receive compensation from the underwriters based on transactions the underwriters conduct through the system. The underwriters will make the Notes available to their customers through the Internet distributions, whether made through a proprietary or third-party system, on the same terms as distributions made through other channels.

We expect to deliver the Notes against payment for the Notes on or about the date specified in the last paragraph of the cover page of this prospectus supplement, which will be the fifth business day following the date of the pricing of the Notes. Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the Notes initially will settle in T+5, to specify alternative settlement arrangements to prevent a failed settlement.

Certain of the underwriters have performed investment banking and advisory services for us from time to time for which they have received customary fees and expenses. In addition, the underwriters and certain of their affiliates may, from time to time, engage in transactions with and perform services for us in the ordinary course of business for which they will receive customary fees and expenses.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the SEC utilizing a "shelf" registration process. Under this shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings up to a total dollar amount of \$3,000,000,000. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described under the heading "Where You Can Find More Information."

You should rely only on the information contained in or incorporated by reference in this prospectus. We have not authorized anyone to provide you with different information. We are not making an offer of these securities in any state where the offer is not permitted. You should not assume that the information contained in or incorporated by reference in this prospectus is accurate as of any date other than the date on the front of this prospectus. The terms "MMC," "we," "us," and "our" refer to Marsh & McLennan Companies, Inc.

MARSH & MCLENNAN COMPANIES, INC.

MMC is a global professional services firm with annual revenues exceeding \$10 billion. It is the parent company of Marsh, Inc., the world's leading risk and insurance services firm; Putnam Investments, one of the largest investment management companies in the United States; and Mercer Inc., a major global provider of consulting services. Approximately 60,000 employees provide analysis, advice and transactional capabilities to clients in over 100 countries.

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

Our principal offices are located at 1166 Avenue of the Americas, New York, New York 10036, and our telephone number is (212) 345-5000. We maintain a website at <http://www.mmc.com>, where general information about us is available. We are not incorporating the contents of our website into this prospectus.

USE OF PROCEEDS

Unless otherwise indicated in a prospectus supplement, the net proceeds from the sale of the securities will be used for general corporate purposes, including working capital, acquisitions, retirement of debt and other business opportunities.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated.

DESCRIPTION OF SECURITIES

This prospectus contains a summary of the common stock, preferred stock and debt securities that MMC may sell. These summaries are not meant to be a complete description of each security. However, this prospectus and the accompanying prospectus supplement contain the material terms of the securities being offered.

DESCRIPTION OF CAPITAL STOCK

The following description is based upon our restated certificate of incorporation, our by-laws and applicable provisions of law. We have summarized certain portions of the restated certificate of incorporation and by-laws below. The summary is not complete. The restated certificate of incorporation and by-laws are incorporated by reference into this prospectus in their entirety. You should read the restated certificate of incorporation and by-laws for the provisions that are important to you.

MMC's authorized capital stock consists of 1,600,000,000 shares of common stock and 6,000,000 shares of preferred stock. No shares of preferred stock were issued or outstanding as of September 5, 2003.

COMMON STOCK

VOTING RIGHTS. Each holder of common stock is entitled to one vote for each

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

share held on all matters to be voted upon by stockholders.

DIVIDENDS. The holders of common stock, after any preferences of holders of any preferred stock, are entitled to receive dividends when and if declared by the board of directors out of legally available funds.

LIQUIDATION AND DISSOLUTION. If MMC is liquidated or dissolved, the holders of the common stock will be entitled to share in the assets of MMC available for distribution to stockholders in proportion to the amount of common stock they own. The amount available for common stockholders is calculated after payment of liabilities. Holders of any preferred stock will receive their preferential share of the assets of MMC before the holders of the common stock receive any assets.

OTHER RIGHTS. Holders of the common stock have no right to:

- o convert the stock into any other security;
- o have the stock redeemed; or
- o purchase additional stock or to maintain their proportionate ownership interest.

The common stock does not have cumulative voting rights. Holders of shares of the common stock are not required to make additional capital contributions.

DIRECTORS' LIABILITY

Our restated certificate of incorporation provides that a member of the board of directors will not be personally liable to MMC or its stockholders for monetary damages for breaches of their legal duties to MMC or its stockholders as a director, except for liability:

- o for any breach of the director's legal duty to act in the best interests of MMC and its stockholders;
- o for acts or omissions by the director with dishonest intentions or which involve intentional misconduct or an intentional violation of the law;
- o for declaring dividends or authorizing the purchase or redemption of shares in violation of Delaware law; or
- o for transactions where the director derived an improper personal benefit.

Our restated certificate of incorporation also allows us to indemnify directors and officers to the fullest extent authorized by Delaware law.

TRANSFER AGENT AND REGISTRAR

The Bank of New York is transfer agent and registrar for the common stock.

STOCKHOLDER RIGHTS PLAN

Under Delaware law, a corporation may create and issue rights entitling the holders of such rights to purchase from the corporation shares of its capital stock of any class or classes, unless prohibited by its restated certificate of incorporation. The price and terms of these shares must be stated in the

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

restated certificate of incorporation or in a resolution adopted by the board of directors.

We have entered into an amended and restated stockholder rights agreement. As with most stockholder rights agreements, the terms of our rights agreement are complex and not easily summarized, particularly as they relate to the acquisition of our common stock and to exercisability of the rights. This summary may not contain all of the information that is important to you. Accordingly, you should carefully read our rights agreement, which is incorporated by reference into this prospectus in its entirety.

Our rights agreement provides that each share of our common stock outstanding will have attached to it the right to purchase one six-hundredth of a preferred share of MMC. The purchase price per one six-hundredth of a share of preferred stock is \$200, but this amount may be adjusted in some circumstances.

Initially, the rights are attached to outstanding certificates representing MMC common stock, and no separate certificates representing the rights will be distributed. The rights will separate from the common stock and be represented by separate certificates approximately 10 days after someone acquires or commences a tender or exchange offer for 15% or more of the outstanding common stock.

After the rights separate from the common stock, certificates representing the rights will be mailed to record holders of the common stock. Once distributed, the rights certificates alone will represent the rights.

All shares of common stock issued prior to the date the rights separate from the common stock will be issued with the rights attached. The rights are not exercisable until the date the rights separate from the common stock. The rights will expire on September 29, 2007, unless that date is extended or the rights are earlier redeemed or exchanged by MMC.

Under our rights agreement, any rights that are or were owned by an acquiror of more than 15% of our respective outstanding common stock will be null and void.

If an acquiror obtains or has the right to obtain 15% or more of MMC common stock, then each right will entitle the holder to receive, upon exercise, a number of shares of MMC common stock having a value equal to two times the exercise price of the right. However, rights will not be exercisable until the time that the rights are no longer redeemable by our board of directors, as described below.

Also, if an acquiror obtains 15% or more of MMC common stock, and any of the following occurs:

- o MMC merges into another entity and is not the surviving entity;
- o an acquiring entity merges into MMC and MMC's common stock is changed or exchanged; or
- o more than 50% of MMC's assets or earning power is sold or transferred,

then each holder of a right will have the right to receive, upon exercise, common stock of the acquiring company having a value equal to two times the exercise price of the right.

After an acquiror obtains 15% or more, but less than 50%, of our outstanding common stock, our board of directors may, at its option, exchange all or part of the then outstanding and exercisable rights for common shares or preferred shares. If our board of directors exercises this option, the exchange

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

ratio is one common share or one six-hundredth of a preferred share per right, subject to adjustment to reflect any stock split, stock dividend or similar transaction.

Our board of directors may, at its option, redeem all but not less than all of the outstanding rights prior to the time that an acquiror obtains 15% or more of our outstanding common stock. The redemption price is \$.01 per right, subject to adjustment to reflect any stock split, stock dividend or similar transaction. The right to exercise the rights will terminate when our board of directors orders the redemption of the rights and the only right of the holders of the rights at that time will be to receive the redemption price.

Holders of rights will have no rights as stockholders of MMC, including the right to vote or receive dividends, simply by virtue of holding the rights. While the distribution of the rights will not be taxable under United States law to stockholders or to MMC, stockholders may, depending upon the circumstances, recognize

5

taxable income under United States law in the event that the rights become exercisable for our common stock (or other consideration) or for common stock of the acquiring company or in the event of the redemption of the rights as set forth above.

The rights agreement may be amended by the board of directors without the approval of the holders of the rights prior to the date that an acquiror obtains 15% or more of our outstanding common stock. However, after that date, the rights agreement may not be amended in any manner which would adversely affect the interests of the holders of the rights, excluding the interests of any acquiror.

The rights may have anti-takeover effects. The rights may cause substantial dilution to a person or group that attempts to acquire MMC on terms not approved by our board of directors, except in connection with an offer conditioned on a substantial number of rights being acquired. The rights should not interfere with any merger or other business combination approved by our board of directors since our board of directors may, at its option, redeem all the rights at the redemption price at any time prior to the time than an acquiror acquires 15% or more of our common stock. In addition, the rights should not interfere with a proxy contest.

PROVISIONS OF MMC'S RESTATED CERTIFICATE OF INCORPORATION AND BY-LAWS AND DELAWARE LAW THAT MAY HAVE ANTI-TAKEOVER EFFECTS

CLASSIFIED BOARD OF DIRECTORS. Our restated certificate of incorporation divides the board of directors into three classes. Each class is to consist as nearly as possible of one-third of the directors. Each director serves for a term of three years and until his or her successor is elected and qualified. The number of directors of MMC is fixed from time to time by the board of directors.

REMOVAL OF DIRECTORS BY STOCKHOLDERS. Delaware law provides that members of a classified board of directors may only be removed for cause by a vote of the holders of a majority of the outstanding shares entitled to vote on the election of the directors.

STOCKHOLDER NOMINATION OF DIRECTORS. MMC's restated by-laws provide that a stockholder must notify MMC in writing of any stockholder nomination of a director at least ninety days prior to the anniversary date of the immediately preceding annual meeting of stockholders. Except that if the date for the annual

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

meeting is not within 30 days before or after such anniversary date, or if the meeting is a special meeting of stockholders called for the purpose of electing directors, then notice by a stockholder is timely if received by MMC no more than fifteen days after the day on which notice of the date of the meeting was mailed or public disclosure of the date, whichever first occurs.

NO ACTION BY WRITTEN CONSENT. Our restated certificate of incorporation provides that stockholders of MMC may not act by written consent and may only act at duly called meetings of stockholders.

10% STOCKHOLDER PROVISION. Article Eighth of our restated certificate of incorporation changes the voting requirements for stockholders to approve some transactions involving a 10% stockholder. Business combinations are an example of the type of transaction addressed. These transactions must be approved by the holders of a majority of MMC's outstanding voting power, voting together as a single class. Any voting stock owned by a 10% stockholder is not counted in the vote. These transactions, however, can also be approved by a majority of unbiased directors. In that case the voting requirements of Delaware law, the restated certificate of incorporation and MMC's by-laws that otherwise apply would govern the vote. Article Eighth does not affect the voting requirements of holders of preferred stock, if any, which arise under Delaware law and the restated certificate of incorporation.

Transactions covered by Article Eighth include:

- o mergers of MMC or any of its subsidiaries with a 10% stockholder,
- o sales of all or any substantial part of the assets of MMC and its subsidiaries to a 10% stockholder,
- o sales of all or any substantial part of the assets of a 10% stockholder to MMC,
- o the issuance or delivery of securities of MMC or any of its subsidiaries to a 10% stockholder, or of securities of a 10% stockholder to MMC,
- o any substantial loan, advance or guarantee, pledge or other financial assistance provided by MMC or any of its subsidiaries to a 10% stockholder,

6

- o the adoption of a plan for the voluntary dissolution or liquidation of MMC or amendment to MMC's by-laws,
- o any reclassification of securities or recapitalization of MMC or other transaction which increases a 10% stockholder's proportionate share of any class of MMC's capital stock, or
- o any agreement or other arrangement to do any of the foregoing.

A 10% stockholder is described in Article Eighth as an "Interested Stockholder."

A 10% stockholder is generally considered to be any other corporation, person or entity which:

- o beneficially owns or controls, directly or indirectly, 10% or more of

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

the voting stock of MMC or has announced a plan or intention to acquire such securities, or

- o is an affiliate or associate of MMC and at any time within two years prior to the date in question was the beneficial owner of 10% or more of the voting stock of MMC.

The following are not considered to be 10% stockholders:

- o MMC and any of its subsidiaries and
- o any profit-sharing, employee stock ownership or other employee benefit plan of MMC or any subsidiary, or trustees or fiduciaries for these plans.

An unbiased director is described in Article Eighth as a "Disinterested Director."

An unbiased director is generally considered to be a director who:

- o is not related to a 10% stockholder, and was a member of the board of directors prior to the time that the relevant 10% stockholder became a 10% stockholder, or
- o is a successor to an unbiased director, who is not related to a 10% stockholder and was nominated by a majority of unbiased directors.

A director is considered related to a 10% stockholder if he is an affiliate, associate, representative, agent or employee of the 10% stockholder.

Article Eighth may not be changed or repealed without the affirmative vote of the holders of a majority of MMC's outstanding voting power, voting together as a single class. Any voting stock owned by a 10% stockholder will not be counted in the vote. If a majority of unbiased directors recommends a change in Article Eighth, the standard voting requirements of Delaware law, the restated certificate of incorporation and MMC's by-laws that otherwise apply will govern the vote.

DELAWARE BUSINESS COMBINATION STATUTE. Section 203 of the Delaware General Corporation Law, which we refer to as the DGCL, is applicable to MMC. Section 203 of the DGCL restricts some types of transactions and business combinations between a corporation and a 15% stockholder. A 15% stockholder is generally considered by Section 203 to be a person owning 15% or more of the corporation's outstanding voting stock. Section 203 refers to a 15% stockholder as an "interested stockholder." Section 203 restricts these transactions for a period of three years from the date the stockholder acquired 15% or more of MMC's outstanding voting stock. With some exceptions, unless the transaction is approved by the board of directors and the holders of at least two-thirds of the outstanding voting stock of the corporation, Section 203 prohibits significant business transactions such as:

- o a merger with, disposition of significant assets to or receipt of disproportionate financial benefits by the interested stockholder, and
- o any other transaction that would increase the interested stockholder's proportionate ownership of any class or series of MMC's capital stock.

The shares held by the interested stockholder are not counted as outstanding when calculating the two-thirds of the outstanding voting stock needed for approval.

The prohibition against these transactions does not apply if:

- o prior to the time that any stockholder became an interested stockholder, the board of directors approved either the business combination or the transaction in which such stockholder acquired 15% or more of MMC's outstanding voting stock, or
- o the interested stockholder owns at least 85% of the outstanding voting stock of MMC as a result of the transaction in which such stockholder acquired 15% or more of MMC's outstanding voting stock. Shares held by persons who are both directors and officers or by some types of employee stock plans are not counted as outstanding when making this calculation.

PREFERRED STOCK

GENERAL. MMC is authorized to issue 6,000,000 shares of preferred stock. No shares of preferred stock are currently issued or outstanding. The board of directors of MMC may, without stockholder approval, issue shares of preferred stock. The board of directors can issue more than one series of preferred stock. The board of directors has the right to fix the number of shares, dividend rights, conversion rights, voting rights, redemption rights, sinking fund provisions, liquidation preferences and any other rights, preferences, privileges and restrictions applicable to the preferred stock it decides to issue.

VOTING RIGHTS. The DGCL provides that the holders of preferred stock will have the right to vote separately as a class on any proposal involving fundamental changes in the rights of holders of such preferred stock.

CONVERSION OR EXCHANGE. The prospectus supplement will describe the terms, if any, on which the preferred stock may be convertible into or exchangeable for common stock, debt securities or other preferred stock of MMC. These terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at the option of MMC. These provisions may allow or require the number of shares of common stock or other securities of MMC to be received by the holders of preferred stock to be adjusted.

STOCKHOLDER RIGHTS PLAN. In connection with MMC's stockholder rights plan described above, the board of directors has designated 2,000,000 shares of series A junior participating preferred stock.

DESCRIPTION OF DEBT SECURITIES

The debt securities will be our direct unsecured general obligations. The debt securities will be either senior debt securities or subordinated debt securities. The debt securities will be issued under one or more separate indentures between us and U.S. Bank National Association (as successor to State

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

Street Bank and Trust Company), as trustee. Senior debt securities will be issued under a senior indenture and subordinated debt securities will be issued under a subordinated indenture. Together the senior indenture and the subordinated indenture are called indentures.

We have summarized all material provisions of the indentures below. The forms of the indentures have been filed as exhibits to the registration statement and you should read the indentures for provisions that may be important to you. In the summary below, we have included references to section numbers of the indentures so that you can easily locate these provisions.

GENERAL

The debt securities will be our direct unsecured obligations. The senior debt securities will rank equally with all of our other senior and unsecured debt. The subordinated debt securities will have a junior position to all of our senior debt.

Because we are a holding company that conducts all of our operations through our subsidiaries, holders of the debt securities will have a junior position to claims of creditors of our subsidiaries, including trade creditors, debtholders, secured creditors, taxing authorities, guarantee holders and any preferred stockholders. All of our operating subsidiaries have ongoing corporate debt programs used to finance their business activities. As of June 30, 2003, our subsidiaries had approximately \$60 million of outstanding debt.

A prospectus supplement relating to any series of debt securities being offered will include specific terms relating to the offering. The terms will be established in an officers' certificate or a supplemental indenture. The officers' certificate or supplemental indenture will be signed at the time of issuance and will contain important information. The officers' certificate or supplemental indenture will be filed as an exhibit to a Current Report on Form 8-K of MMC, which will be publicly available. The officers' certificate or supplemental indenture will include some or all of the following terms for a particular series of debt securities:

- o the title of the securities;
- o any limit on the amount that may be issued;
- o whether or not the debt securities will be issued in global form and who the depository will be;
- o the maturity date(s);
- o the interest rate or the method of computing the interest rate;
- o the date or dates from which interest will accrue, or how such date or dates will be determined, and the interest payment date or dates and any related record dates;
- o the place(s) where payments will be made;
- o MMC's right, if any, to defer payment of interest and the maximum length of any deferral period;
- o the terms and conditions on which the debt securities may be redeemed at the option of MMC;
- o the date(s), if any, on which, and the price(s) at which MMC is obligated to redeem, or at the holder's option to purchase, such series of debt securities and other related terms and provisions;

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

- o any provisions granting special rights to holders when a specified event occurs;
- o any changes to or additional events of default or covenants;
- o any special tax implications of the debt securities;
- o the denominations in which the debt securities will be issued, if other than denominations of \$1,000 and whole multiples of \$1,000;
- o the subordination terms of any subordinated debt securities; and
- o any other terms that are not inconsistent with the indenture.

9

CONVERSION OR EXCHANGE RIGHTS

The prospectus supplement will describe the terms, if any, on which a series of debt securities may be convertible into or exchangeable for common stock, preferred stock or other debt securities of MMC. These terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at the option of MMC. These provisions may allow or require the number of shares of common stock or other securities of MMC to be received by the holders of such series of debt securities to be adjusted. (section 2.01)

COVENANTS

Under the indentures, MMC will:

- o pay the interest, principal and any premium on the debt securities when due (section 4.01); and
- o maintain a place of payment (section 4.02).

CONSOLIDATION, MERGER OR SALE

The indentures do not contain any covenant which restricts the ability of MMC to merge or consolidate, or sell, convey, transfer or otherwise dispose of all or substantially all of its assets. However, any successor or acquiror of such assets must assume all of the obligations of MMC under the indentures and the debt securities. (sections 10.01 and 10.02)

EVENTS OF DEFAULT UNDER THE INDENTURE

The following are events of default under the indentures with respect to any series of debt securities issued:

- o we fail to pay interest when due and continuing for 90 days, unless the time for payment has been properly extended or deferred in accordance with the terms of the particular series;
- o we fail to pay the principal or any premium when due, unless the maturity has been properly extended in accordance with the terms of the particular series;
- o we fail to observe or perform any other covenant contained in the debt securities or the indentures, other than a covenant specifically relating to another series of debt securities, and such failure

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

continues for 90 days after we receive notice from the trustee or from the holders of at least 25% in principal amount of the outstanding debt securities of that series; and

- o certain events of bankruptcy or insolvency, whether voluntary or not.

If an event of default occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series may declare the principal of all debt securities of that series due and payable immediately. (section 6.01)

The holders of a majority in principal amount of the outstanding debt securities of an affected series may waive any past default with respect to such series and its consequences, except defaults or events of default regarding payment of principal, any premium or interest. A waiver will eliminate the default. (section 6.06)

Unless otherwise specified in the indentures, if an event of default under an indenture occurs and is continuing, the trustee will be under no obligation to exercise any of its rights or powers under the indenture unless the holders of the debt securities have offered the trustee reasonable indemnity. The holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee with respect to the debt securities of that series, provided that:

- o it is not in conflict with any law or the applicable indenture or unduly prejudicial to the rights of holders of any other series of debt securities outstanding under the applicable indenture; and
- o unless otherwise provided under the Trust Indenture Act, the trustee need not take any action that might involve it in personal liability. (sections 6.04 and 6.06)

A holder of the debt securities of any series will only have the right to institute a proceeding under the indentures or to appoint a receiver or trustee, or to seek other remedies if:

- o the holder has given written notice to the trustee of a continuing event of default;

10

- o the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request to the trustee to institute proceedings as trustee;
- o such holders have offered reasonable indemnity to the trustee to cover the cost of the proceedings; and
- o the trustee does not institute a proceeding, and does not receive conflicting directions from a majority in principal amount of the outstanding debt securities of that series, within 60 days.

MMC will periodically file statements with the trustee regarding its compliance with the covenants in the indentures. (section 5.03)

MODIFICATION OF INDENTURE; WAIVER

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

MMC and the trustee may change an indenture without the consent of any holders:

- o to fix any ambiguity, defect or inconsistency in the indenture;
- o to effect the assumption of a successor corporation of our obligations under such indenture and the outstanding debt securities;
- o to add to our covenants for the benefit of the holders of all or any series of debt securities under such indenture or surrender any right or power we have under such indenture;
- o to change anything that does not materially adversely affect the interests of any holder of debt securities of any series; and
- o to effect certain other limited purposes described in the indenture. (section 9.01)

In addition, the rights of holders of a series of debt securities may be changed by MMC and the trustee with the written consent of the holders of a majority of the principal amount of the outstanding debt securities of each series that is affected. However, the following changes may only be made with the consent of each affected holder:

- o extending the fixed maturity;
- o reducing the principal amount;
- o reducing the rate of or extending the time of payment of interest;
- o reducing any premium payable upon redemption; or
- o reducing the percentage of debt securities referred to above, the holders of which are required to consent to any amendment. (section 9.02)

FORM, EXCHANGE, AND TRANSFER

The debt securities of each series will be issued only in fully registered form without coupons in denominations of \$1,000 and whole multiples of \$1,000. The indentures provide that debt securities of a series may be issued in temporary or permanent global form and may be issued as book-entry securities that will be deposited with The Depository Trust Company or another depository named by MMC and identified in a prospectus supplement with respect to such series. (sections 2.03, 2.06 and 2.11)

A holder of debt securities of any series can exchange such debt securities for other debt securities of the same series, in any authorized denomination and with the same terms and aggregate principal amount.

A holder may present debt securities for exchange or for registration of transfer at the office of the security registrar or at the office of any transfer agent designated by MMC for such purpose. Unless otherwise provided in the debt securities to be transferred or exchanged, no service charge will be made for any registration of transfer or exchange, but MMC may require payment of any taxes or other governmental charges. The prospectus supplement will name the security registrar and any transfer agent initially designated for any series of debt securities. MMC may at any time change the transfer agent by written notice delivered to the trustee.

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

If the debt securities of any series are to be redeemed, MMC will not be required to:

- o issue, register the transfer of, or exchange any debt securities of that series during a period beginning 15 days before the day of mailing of a notice of redemption and ending at the close of business on the day of mailing; or
- o register the transfer of or exchange any debt securities that have been called for redemption, except the unredeemed portion of any such debt securities being redeemed in part. (sections 2.05 and 4.02)

INFORMATION CONCERNING THE TRUSTEE

The trustee, except when there is an event of default, will perform only those duties as are specifically stated in the indentures. If an event of default has occurred with respect to any series of debt securities, the trustee must use with respect to those debt securities the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Except as provided in the preceding sentence, the trustee is not required to exercise any of the powers given it by the indentures at the request of any holder of debt securities unless it is offered reasonable security or indemnity against the costs, expenses and liabilities that it might incur. The trustee is not required to spend or risk its own money or otherwise become financially liable while performing its duties or exercising its rights or powers unless it reasonably believes that it will be repaid or receive adequate indemnity. (sections 7.01 and 7.02)

PAYMENT AND PAYING AGENTS

We will pay interest on any debt securities to the person in whose name the debt securities are registered on the regular record date for the applicable interest payment date. (sections 2.03 and 3.03)

We will pay principal, any premium and interest on the debt securities of a particular series at the office of one or more paying agents that we designate for that series. Unless otherwise stated in the applicable supplemental indenture and prospectus supplement, we will initially designate the corporate trust office of the trustee in the City of New York as our sole paying agent. We will be required to maintain a paying agent in each place of payment for the debt securities. (sections 4.01, 4.02 and 4.03)

All money we pay to a paying agent or the trustee for the payment of principal, any premium or interest on any debt security which remains unclaimed for a period of two years after the principal, premium or interest has become due and payable will, upon our request, be repaid to us, and the holder of the debt security may then look only to us for payment of those amounts. (section 11.05)

GOVERNING LAW

The indentures and the debt securities will be governed by and interpreted in accordance with the laws of the State of New York. (section 13.05)

SUBORDINATION OF SUBORDINATED DEBT SECURITIES

The subordinated debt securities will be unsecured and will be subordinate and junior in priority of payment to our other indebtedness on the terms described in a prospectus supplement. The subordinated indenture does not limit the amount of subordinated debt securities which MMC may issue, nor does it

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

limit our ability to issue any other secured or unsecured debt.

(section 14.01)

The prospectus supplement relating to any series of subordinated debt securities will disclose the amount of debt of MMC that will be senior to those subordinated debt securities.

PLAN OF DISTRIBUTION

MMC may sell the common stock, preferred stock or any series of debt securities in one or more of the following ways (or in any combination) from time to time:

- o through underwriters or dealers;
- o directly to a limited number of purchasers or to a single purchaser;
or
- o through agents.

The prospectus supplements will state the terms of the offering of the securities, including:

- o the name or names of any underwriters, dealers or agents;

12

- o the purchase price of such securities and the proceeds to be received by MMC;
- o any underwriting discounts or agency fees and other items constituting underwriters' or agents' compensation;
- o any initial public offering price;
- o any discounts or concessions allowed or reallocated or paid to dealers;
and
- o any securities exchanges on which the securities may be listed.

Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If we use underwriters in the sale, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including:

- o negotiated transactions,
- o at a fixed public offering price or prices, which may be changed,
- o at market prices prevailing at the time of sale,
- o at prices related to prevailing market prices or
- o at negotiated prices.

Unless otherwise stated in a prospectus supplement, the obligations of the underwriters to purchase any securities will be conditioned on customary closing conditions and the underwriters will be obligated to purchase all of such series

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

of securities, if any are purchased.

We may sell the securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of the securities and any commissions we pay to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities from MMC at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

Underwriters and agents may be entitled under agreements entered into with MMC to indemnification by MMC against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the underwriters or agents may be required to make. Underwriters and agents may be customers of, engage in transactions with, or perform services for MMC and its affiliates in the ordinary course of business.

Each series of securities will be a new issue of securities and will have no established trading market other than the common stock which is listed on the New York Stock Exchange, the Chicago Stock Exchange, the Pacific Exchange and the London Stock Exchange. Any underwriters to whom securities are sold by MMC for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The securities, other than the common stock, may or may not be listed on a national securities exchange.

INFORMATION CONCERNING FORWARD-LOOKING STATEMENTS

This prospectus and MMC's financial statements and other documents incorporated by reference in this prospectus contain statements relating to future results, which are forward-looking statements as that term is defined in the Private Securities Litigation Act of 1995. Such statements may include, without limitation, discussions concerning revenues, expenses, earnings, cash flow, capital structure, pension funding, financial losses and expected insurance recoveries resulting from the September 11, 2001 terrorist attack on the World Trade Center in New York City, as well as market and industry conditions, premium rates, financial markets, interest rates, foreign exchange rates, contingencies and matters relating to MMC's operations and income taxes. Such forward-looking statements are based on available current market and industry materials, experts' reports and opinions and long-term trends, as well as management's expectations concerning future events impacting MMC. Forward-looking statements by their very nature involve risks and uncertainties. Factors that may cause actual results to differ materially from those contemplated by any forward-looking statements contained or incorporated or referred to herein include, in the case of MMC's risk and insurance services and consulting businesses, the amount of actual insurance recoveries and financial losses from the September 11 attack on the World Trade Center, or other adverse consequences from that incident. Other factors that should be considered in the case of MMC's risk and insurance services business are changes in competitive conditions, movements in premium rate levels, the continuation of difficult conditions for the transfer of commercial risk and other changes in the global property and casualty insurance markets, the impact of terrorist attacks, natural catastrophes, mergers between client organizations, and insurance or reinsurance company insolvencies. Factors to be considered in the case of MMC's investment management business include changes in worldwide and national equity and fixed income markets, actual and relative investment performance, the level of sales and redemptions, and the ability to maintain investment management and administrative fees at appropriate levels; and with respect to all of MMC's activities, changes in general worldwide and national economic conditions, changes in the value of investments made in individual companies and investment funds, fluctuations in foreign currencies, actions of competitors or regulators, changes in interest rates or in the ability to access financial markets, developments relating to claims, lawsuits and contingencies, prospective and retrospective changes in the tax or accounting treatment of MMC's operations,

Edgar Filing: MARSH & MCLENNAN COMPANIES INC - Form 424B2

and the impact of tax and other legislation and regulation in the jurisdictions in which MMC operates.

14

We have no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or risks. New information, future events or risks may cause the forward-looking events we discuss in this prospectus not to occur.

LEGAL OPINIONS

The validity of the securities in respect of which this prospectus is being delivered will be passed on for us by Davis Polk & Wardwell.

EXPERTS

The consolidated balance sheets of MMC and its subsidiaries as of December 31, 2002 and 2001, and the related consolidated statements of income, stockholders' equity and comprehensive income, and cash flows for each of the years in the three year period ended December 31, 2002, included and incorporated by reference in MMC's Annual Report on Form 10-K for the year ended December 31, 2002 and incorporated by reference into this registration statement, have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their reports (which express an unqualified opinion and include an explanatory paragraph relating to the adoption of Statement of Financial Accounting Standards No. 142, Goodwill and Other Intangible Assets), which are incorporated herein by reference, and have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.
