ITEM 13. Certain Relationships and Related Transactions.

In January 2001, we entered into a two-year agreement with IT Factory whereby IT Factory agreed to market our products and services to their customers in return for our agreement to pay a specified portion of revenues earned by us, which are associated with IT Factory's customers. In February 2001, we paid IT Factory \$300,000 and committed to pay an additional \$250,000 in February 2002 to support IT Factory's marketing efforts. Additionally, we granted IT Factory a performance-based stock option whereby IT Factory had the right to purchase up to 109,529 shares of our common stock. We subsequently cancelled the agreement, including the options and the payment commitment. Separately, we paid IT Factory \$420,000 in 2001 for certain software development projects. Mr. Papows, a director of ZixIt Corporation since March 2000 and our Chairman from October 2000 until November 2001, served as Chairman of IT Factory until December 2001.

In December 2000, we purchased approximately 9% of the equity ownership of Maptuit for \$3,000,000 in cash and committed to a follow-on investment of \$2,000,000. Accordingly, in July 2001, we made an additional \$2,000,000 cash investment in Maptuit and received a promissory note convertible into

10

Maptuit equity securities. The note bears interest at prime plus 1%, is due in July 2006 and automatically converts into Maptuit equity securities at the same price per share obtained if a third-party equity financing arrangement is completed, as defined. There is no readily determinable market value for our investments in Maptuit since Maptuit is privately-held. Investments of this nature are subject to significant fluctuations in fair market value due to the volatility of the equity markets and the significant business and investment risks inherent in early-stage enterprises. We record impairment losses when, in our judgment, events and circumstances indicate our investment has been impaired. Maptuit has been seeking third-party debt or equity financing to sustain its operations. To date, Maptuit has not secured additional financing, and it is uncertain whether Maptuit will be able to raise the necessary funds required to execute its business plan such that we will recover our investment. Therefore, in the third and fourth quarters of 2001, we wrote off the \$5,000,000 investment. Maptuit, an early-stage company, is an Internet application service provider that supplies wireline and wireless Internet location-based services. Mr. Papows serves as the President and Chief Executive Officer of Maptuit and holds a minority equity interest in Maptuit.

Mr. York, our Senior Vice President, Chief Financial Officer and Treasurer, was indebted to us at December 31, 2001 in the principal amount of \$90,000. This amount represents money loaned by us to fund the exercise of retention incentive options related to certain of our shares held by Mr. York. Mr. York's indebtedness is represented by a promissory note that bears interest at the rate of 4.66% per annum. The note is secured by the shares issued upon exercise of

Edgar Filing: ZIXIT CORP - Form 10-K/A

the retention incentive options and is due September 2002 (unless becoming due earlier under certain circumstances described in the note).

In the fourth quarter of 2000, we entered into certain technology and marketing agreements with Entrust. Mr. Ryan, our Chairman, President and Chief Executive Officer, was Chief Executive Officer of Entrust when such agreements were executed and currently holds a minority equity interest in Entrust.
