INVESTMENT OBJECTIVES & STRATEGY

The Chartwell Dividend and Income Fund's (the "Fund") primary investment objective is to seek high current income. Capital appreciation is a secondary objective. The Fund will seek to achieve its objectives by investing, under normal circumstances, at least 50% of its total assets in income generating equity securities, including dividend paying common stocks, convertible securities, preferred stocks and other equity-related securities. In addition, the Fund may invest the balance of its total assets in non-convertible debt securities, consisting primarily of corporate bonds. The Fund attempts to minimize individual security risk by diversifying across many industries and asset classes. The Fund is a closed-end management investment company which trades on the New York Stock Exchange under the symbol CWF.

COMMON STOCK

The Fund invests in the common stocks of utility companies, Real Estate Investment Trusts (REITs) and other industrial and financial companies as well as other equity securities. Both utilities and REITs tend to offer a premium dividend yield with steady growth that can lead to capital appreciation. Industrial and financial stocks are primarily purchased for capital appreciation based on the fundamental value of the underlying company.

HIGH-YIELD CORPORATE BONDS

High-yield bonds are non-investment grade corporate debt obligations rated "Ba1" or lower by Moody's Investors Service, Inc. or "BB+" or lower by Standard and Poor's Ratings Group; they typically have a higher risk level than investment-grade bonds. These securities have historically compensated investors with higher levels of income for that risk. Prices usually are less sensitive to interest rate fluctuations than higher rated bonds because of the high income levels. However, the prices of these bonds are more sensitive to changes in the economy.

CONVERTIBLE SECURITIES

The Fund can invest in both convertible preferred stock and convertible bonds. Both pay fixed rates of income, but because they can be converted into common stock, they are indirectly tied to the common stock's performance. As a result, convertible securities generally offer higher income than common stocks and an opportunity for price appreciation when the value of the underlying security rises. The Fund buys convertibles when the underlying common stock offers strong growth potential as well.

DEAR SHAREHOLDERS,

Despite hurricanes, volatile interest rates, and continued tightening by the Federal Reserve Bank, the United States equity and fixed income markets produced solidly positive returns during the Fund's fiscal year ended November 30, 2005. The equity markets, as measured by the S&P 500 Index returned over 8%, with utilities and energy continuing their strong performance from 2004. Continued strength in the US economy kept credit trends strong in the high yield debt

markets. High yield corporate bonds returned 3.4% (Merrill Lynch Cash Pay Index) during the year. The yield curve flattened even more in 2005, as 90 day US Treasury yields increased over 170 basis points to 3.94%, while the ten year US Treasury was up less than 14 basis points to 4.48%.

The US economy appears to be transitioning from the consumer-led economic recovery in 2003 and 2004, to a more business and capital expenditure-led growth in 2005 and beyond. Residential real estate price appreciation has slowed in the face of higher mortgage costs and rising inventories of unsold homes, while demand for commercial properties has grown. Last year, we mentioned geopolitical risk and the threat of terrorism as two risks for the markets. The hurricanes in the Gulf Coast this past season demonstrated the power of nature to destroy homes, businesses, and cause human suffering. The US economy is resilient, however, and significant economic reconstruction and redevelopment will be occurring throughout the impacted areas for the next decade. Our outlook for the economy remains positive, despite the challenges facing it. For the next year, we will be watching the new Chairman of the Federal Reserve and the path of interest rates. As short rates have risen, long rates have remained relatively low by historical measures. This should remain as long as expectations

about future inflation and the strength of the US economy remain constant. High-dividend yielding securities continue to provide current income with opportunities for moderate growth while the return for high yielding bonds could remain stable.

At the end of the second quarter, Matthew Taylor joined Bernard Shaffer in overseeing the equity portion of the Fund. Mr. Taylor is a Portfolio Manager with Chartwell Investment Partners and was previously with Morgan Stanley Investment Management and Prudential Investments. He has over eight years of industry experience.

Thank you for your continued support of the portfolio management and of the Chartwell Dividend and Income Fund.

CHARTWELL

CHARTWELL DIVIDEND AND INCOME FUND, INC.

NOVEMBER 30, 2005

HOW DID THE FUND PERFORM DURING THE FISCAL YEAR ENDING NOVEMBER 30, 2005?

For the fiscal year ended November 30, 2005, the Fund returned 18.14% including dividends reinvested. The total return of the net assets of the Fund including the reinvestment of dividends was 8.19%. The markets generally appreciated in the back half of the year, bringing the return for the S&P 500 Index to 8.45% and high yield corporate bonds (Merrill Lynch Cash Pay Index) to 3.41% for the full 12 month period. The equity markets closed the year near the highs for the year, while the high yield markets were off only slightly from their August highs.

The Fund ended November 2005 at a price of \$10.70, up from \$10.03 at the end of the last fiscal year. The Fund hit a three year high of \$11.10 in September. The Fund's underlying net asset value (NAV) ended the year at \$8.65, a decline of \$0.31 during the fiscal year. This decline in NAV was due to the fund's managed distribution policy (see page 32), which paid out in cash dividends more than it earned from dividends, interest, and capital gains.

High yield bonds returned 3.4% (Merrill Lynch High Yield Cash Pay Index) during the fiscal year ended November 30, 2005, modest in absolute terms but ahead of both Treasuries and higher quality corporate bonds. The investment backdrop was challenging, with geopolitical turbulence, natural disasters, record-high oil prices, rising short-term interest rates, and uneven economic data contributing to a heightened sense of investor uncertainty. Beginning with a historically narrow spread to Treasuries of 3.1%, the market had little in the way of cushion

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

to weather difficult conditions. Technical factors worsened matters, as investors pulled nearly \$9 billion from the market in the face of \$82 billion of net new supply. Not surprisingly, the market reacted by falling in price by nearly 4.5%, causing the yield spread over Treasuries to widen out by year-end to almost 4 %. Fortunately, with an average coupon of just under 8%, high yield investors experienced positive total returns for the year that exceeded all other domestic bond categories.

ALTRIA GROUP, INC., KERR-MCGEE CORPORATION, HALLIBURTON, SCHLUMBERGER LIMITED, MARATHON, OCCIDENTAL, AND LOEWS CORPORATION -- CAROLINA GROUP all had returns in excess of 30% during the period. The fixed income portion of the Fund was held back by cyclicals, despite strong economic performance and very low default rates.

DID ANY COMMON STOCKS OR FIXED INCOME HOLDINGS WITHIN THE FUND UNDERPERFORM RELATIVE TO YOUR EXPECTATIONS?

Insurance stocks were very weak after the initial days of Hurricane Katrina. While diversified insurers, like The HARTFORD FINANCIAL SERVICES GROUP, INC., had relatively low exposures in the effected areas, MONTPELIER RE, one of the Fund's holdings, had significant exposure to large properties in and around the Gulf Coast. The company suffered significant losses and the stock declined.

On the fixed income side the Fund lost money on AUTOCAM CORP., DANKA BUSINESS SYSTEMS, and VERTIS, INC., all cyclically sensitive issuers. As a general matter, despite the strength of the economy this year, cyclical industries under-performed, while financials, energy, and consumer staples outperformed.

WHAT CHANGES WERE MADE TO THE PORTFOLIO DURING THE PERIOD?

During the period, we added a number of high yielding newly issued convertible securities, including those issued by XL CAPITAL LIMITED and METLIFE, INC. As high yield spreads have continued to tighten versus short-term borrowing costs, we have allocated capital away from high yield bonds and into other equity securities.

The Fund also increased investments in Preferred Term Securities. These securities exhibit features of both equity and fixed income securities. The securities represent pools of bank and insurance company preferred securities. These securities have generated a good combination of high current yield, with risk controls through diversification and focus on higher rated issuers.

Structurally, we began at mid-year to rebalance the bond portfolio into the higher quality tiers of the market. Specifically, we increased our weightings in BB issues, while reducing our exposure to B and CCC-rated names. As part of this process we established core positions in ARCH WESTERN FINANCE LLC, the second largest coal producer in the U.S.; HCA, INC., a major acute care hospital chain; and GEORGIA PACIFIC CORPORATION, a leading forest products company.

HOW DID THE FUND TRADE RELATIVE TO ITS NAV DURING THE 12-MONTH PERIOD?

As of November 30, 2005, the Fund had a closing price of \$10.70 per share, a premium of 23.7% to the underlying Net Asset Value (NAV) of \$8.65. At the end of the last fiscal year, the Fund closed at \$10.03 per share, a premium of 11.9% to the NAV of \$8.96. Through the period, the Fund traded between a premium of 6.8% and 28%. There was some significant volatility in this premium during March and October, particularly as fears of inflation and higher interest rates negatively impacted a number of closed end funds that utilize leverage, like the Chartwell Dividend & Income Fund, Inc.

This fiscal year, the Fund traded with the highest average premium to NAV (17.8%) in the Fund's history. While the price of the fund is set by demand on the marketplace, these high premiums relative to underlying assets can present a risk should equity and bond markets suffer difficult markets. The dividends the Fund pays to its owners are based in part on the returns of the assets. The 9.4% dividend yield indicated at the end of the fiscal year actually represents a yield of 11.6% on the NAV assets of \$8.65.

We remain constructive on the high yield market, particularly in the context of fixed income alternatives. The key measure of high yield credit quality—the trailing 12 month default rate—remains near an all time low at 2.2%, and given the strength of the economy there is no obvious catalyst to spark a surge in defaults. Nevertheless, the yield spread between high yield bonds and the benchmark 10-year treasury is inside the long term average, and thus further capital appreciation is unlikely. Our expectation is for returns to approximate the coupon next year, with the potential for lower returns in the event economic expansion and inflationary pressures move longer-term interest rates higher. Note, however, that under such circumstances high yield bonds should

outperform higher rated corporate and government securities by virtue of their higher coupon and lower sensitivity to interest rates.

Historically, when the high yield spread is well inside the long term average, as it is today, investors are not well compensated for assuming the risk of lower rated companies or those with volatile earnings streams. Accordingly, the bond side of the Fund is overweight BB and B rated issues relative to the index, and significantly underweight CCC issues. In addition, we are overweight defensive sectors such as gaming, cable TV, and diversified manufactures, and underweight deep cyclicals. As always, your credit team will employ bottom-up fundamental analysis to select and monitor the bond investments in your Fund.

UTILIZATION OF LEVERAGE

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

The Chartwell Dividend and Income Fund, Inc. has utilized leverage through the issuance of commercial paper. As of November 30, 2005, the Fund had \$55 million in leverage outstanding (out of \$60 million available) in the form of commercial paper rated A1/P1 by Moody's Investors Service, Inc./Standard & Poor's Ratings Group. These ratings should enhance the marketability and reduce the interest costs associated with the issuance of the commercial paper. However, it must be noted that the utilization of leverage involves the risk of lower portfolio returns if the cost of leverage is higher than the resulting yields on assets or if the Fund experiences capital losses in excess of the yield spread, if any. Therefore, the addition of leverage also increases the potential volatility of the Fund. The Fund has the ability to leverage to a maximum of 33% of the Fund's gross assets.

The Fund utilizes leveraging to seek to enhance the yield and NAV of its common stock. However, these objectives cannot be achieved in all interest rate environments. To leverage, the Fund issues commercial paper, which is issued at a discount equivalent to short-term interest rates, and invests the proceeds in long-term securities. The interest earned on these investments is paid to common stock shareholders in the form of dividends, and the value of these portfolio holdings is reflected in the per share NAV of the Fund's common stock. However, in order to benefit common stock shareholders, the yield curve must be positively sloped; that is, short-term interest rates must be lower than long-term interest rates. At the same time, a period of generally declining interest rates will benefit common stock shareholders. IF EITHER OF THESE CONDITIONS CHANGE, THEN THE RISKS OF LEVERAGING WILL BEGIN TO OUTWEIGH THE BENEFITS.

To illustrate these concepts, assume a fund's common stock capitalization of \$100 million and the issuance of commercial paper for an additional \$50 million, creating a total value of \$150 million available for investment in long-term securities. If prevailing short-term interest rates are approximately 3% and long-term interest rates are approximately 6%, the yield curve has a strongly positive slope. The Fund pays a discount on the \$50 million of commercial paper based on the lower short-term interest rates. At the same time, the Fund's total portfolio of \$150 million earns the income based on long-term interest rates.

In this case, the discount paid to commercial paper holders is significantly lower than the income earned on the Fund's long-term investments, and therefore the common stock shareholders are the beneficiaries of the incremental yield. However, IF SHORT-TERM INTEREST RATES RISE, narrowing the differential between short-term and long-term interest rates, THE INCREMENTAL YIELD PICK-UP ON THE COMMON STOCK WILL BE REDUCED OR ELIMINATED COMPLETELY. At the same time, the market value on the Fund's common stock (that is, its price as listed on the New York Stock Exchange), may, as a result, decline. Furthermore, IF LONG-TERM INTEREST RATES RISE, THE COMMON STOCK'S NAV WILL REFLECT THE FULL DECLINE IN THE PRICE OF THE PORTFOLIO'S INVESTMENTS, SINCE THE VALUE OF THE FUND'S COMMERCIAL PAPER DOES NOT FLUCTUATE. In addition to the decline in net asset value, the market value of the Fund's common stock may also decline.

CHARTWELL DIVIDEND AND INCOME FUND, INC.

NOVEMBER 30, 2005

NOTES TO FINANCIAL STATEMENTS

Chartwell Dividend and Income Fund, Inc. (the "Fund") was incorporated under the laws of the State of Maryland on April 6, 1998 and is registered under the Investment Company Act of 1940 as amended, (the "Act"), as a closed-end, diversified management investment company. The Fund had no operations until June 17, 1998 when it sold 6,667 shares of Common Stock for \$100,005 to Chartwell Investment Partners, L.P. (the "Manager"). Investment operations commenced on June 29, 1998. The Fund's primary investment objective is to seek high current income. Capital appreciation is a secondary objective.

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

SECURITY VALUATION: Investment securities of the Fund that are listed on a securities exchange, except for debt securities, and for which market quotations are readily available, are valued at the last quoted sales price at the close of trading on the New York Stock Exchange (normally 4:00 p.m., Eastern Time). Investment securities of the Fund that are quoted on the NASDAQ market system are valued at the official closing price, or if there is none, at the last sales price. If there is no reported sale, these securities and unlisted securities for which market quotations are not readily available are valued at last bid price. Debt securities are priced based upon valuations provided by independent, third-party pricing agents, if available. Such values generally reflect the last reported sales price if the security is actively traded. The third-party pricing agents may also value debt securities at an evaluated bid price by employing methodologies that utilize actual market transactions, broker-supplied valuations, or other methodologies designed to identify the market value for such securities. Debt obligations with remaining maturities of sixty days or less may be valued at their amortized cost, which approximates market value. Prices for most securities held in the Fund are provided daily by recognized independent pricing agents. If a security price cannot be obtained from an independent, third-party pricing agent, the Fund seeks to obtain a bid price from at least one independent broker. All securities and assets for which quotations are not readily available, of which there were none as of November 30, 2005, are valued in accordance with Fair Value Procedures

established by the Board of Directors (the "Board"). The Fund's Fair Value Procedures are implemented through a Fair Value Committee (the "Committee") designated by the Fund's Board. Some of the more common reasons that may necessitate that a security be valued using Fair Value Procedures include, among other things: the security's trading has been halted or suspended; the security has been de-listed from a national exchange; the security's primary trading market is temporarily closed at a time when under normal conditions it would be open; or the security's primary pricing source is not able or willing to provide a price. When a security is valued in accordance with the Fair Value Procedures, the Committee will determine the value after taking into consideration relevant information reasonably available to the Committee.

CASH AND CASH EQUIVALENTS: Idle cash is swept into a money market fund at Wachovia Bank, N.A., (the "Custodian"), and is classified as cash equivalents on the Schedule of Investments. Amounts so invested are generally available on the same business day.

WRITTEN OPTIONS: When the Fund writes a covered call option, an amount equal to the premium received by the Fund is included in the Fund's Statement of Assets and Liabilities as a liability. The amount of the liability is subsequently marked-to-market to reflect the current market value of the option written.

When a covered written call option expires on its stipulated expiration date, or if the Fund enters into a closing purchase transaction, the Fund will realize a gain (or loss if the cost of the closing purchase transaction exceeds the premium received when the call option was written) without regard to any unrealized gain or loss on the underlying security, and the liability related to such option will be extinguished. When a covered written call option is exercised, the Fund will realize a gain or loss from the sale of the underlying security and the proceeds of the sale are increased by the premium originally received. The Fund, as writer of an option, has no control over whether the underlying securities may be sold (called) and as a result bears the market risk of an unfavorable change in the price of the securities underlying the written option.

DIVIDENDS AND DISTRIBUTIONS: The Fund will declare and pay dividends to shareholders on a monthly basis. Net long-term capital gains, if any, in excess of capital loss carryforwards are distributed to shareholders annually. Dividends from net investment income and capital gain distributions, if any, are determined in accordance with U.S. Federal income tax regulations, which may differ from generally accepted accounting principles. Dividends and distributions, if any, to shareholders are recorded on the ex-dividend date.

The Fund currently intends to distribute a monthly fixed amount to shareholders. The Fund's final distribution for each calendar year may exceed that amount, however, to the extent necessary for the Fund to have distributed all of its net investment company taxable income and net capital gains recognized during the year, if any. If, for any calendar year, the total distributions exceed current and accumulated earnings and profit, the excess, distributed from the Fund's assets,

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

will generally be treated as a tax-free return of capital and will result in a reduction in the shareholder's basis. The Board reserves the right to change the aforementioned dividend policy from time to time.

BORROWINGS: The Fund issues short-term commercial paper at a discount from par. The discount is amortized to interest expense over the life of the commercial paper using the straight-line method.

ILLIQUID SECURITIES: A security is considered illiquid if it cannot be sold or disposed of in the ordinary course of business within seven days or less for its approximate carrying value on the books of the Fund. Valuations of illiquid securities may differ significantly from the values that would have been used had an active market value for these securities existed.

SECURITY TRANSACTIONS AND INVESTMENT INCOME: Security transactions are recorded on the trade date. Realized gains and losses on sales of securities are calculated on the identified cost basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Fund accretes original issue discount on securities using the effective interest method.

INVESTMENTS IN REAL ESTATE INVESTMENT TRUSTS ("REITS"): With respect to the Fund, dividend income is recorded based on the income included in distributions received from the REIT investments using published REIT reclassifications including some management estimates when actual amounts are not available. Distributions received in excess of this estimated amount are recorded as a reduction of the cost of investments or reclassified to capital gains. The actual amounts of income, return of capital, and capital gains are only determined by each REIT after its fiscal year-end, and may differ from the estimated amounts.

INVESTMENTS IN PREFERRED TERM SECURITIES ("PTSS"): The Fund invests in Preferred Term Securities ("PTSS"), a type of collateralized debt obligation ("CDO"). A PTS is a trust collateralized by a pool of capital securities of Affiliated Holding Corps., typically of, but not limited to, smaller to medium sized banks and insurance companies.

The income tranche of these securities, owned by the Fund, receives residual cash disbursements after the senior tranches are paid a stated rate of interest. Dividend income from these securities is recorded based on anticipated cash flows and the internal rate of return of each PTS. Distributions received in excess of this estimated amount are recorded as a reduction of the cost of investments or reclassified to capital gains. The actual amounts of income, return of capital, and capital gains are only determined by each PTS quarterly, and may differ from the estimated amounts.

In addition to the normal risks associated with fixed income securities (e.g., interest rate risk and default risk), PTSS carry additional risks including, but are not limited to: (i) the possibility that distributions from collateral securities will not be adequate to make interest or other payments; (ii) the quality of the collateral may decline in value or default; (iii) the Fund may invest in PTSS that are subordinate to other classes; and (iv) the complex structure of the security may produce disputes with the issuer or unexpected investment results.

NOTE 2. INVESTMENT MANAGEMENT, ADMINISTRATION, CUSTODIAN AGREEMENTS AND OTHER TRANSACTIONS WITH AFFILIATES

The Fund has entered into an investment management agreement with the Manager. The Manager manages the Fund's portfolio and makes investment decisions. For these services, the Fund pays the Manager a monthly fee at an annual rate of 0.95% of the Fund's Managed Assets. "Managed Assets" are the average weekly value of the Fund's total assets minus the sum of the Fund's liabilities, excluding debt related to leveraging, short-term debt and the aggregate liquidation preference of any outstanding preferred stock. The Manager has agreed to limit the investment management fee paid to it by the Fund to 0.85% of the Fund's Managed Assets. This waiver is voluntary and may be changed at any time.

The Fund has entered into an administration agreement with SEI Investments Global Funds Services (the "Administrator"). Under such agreement, the Administrator performs or arranges for the performance of certain administrative services necessary for the operation of the Fund. For these services, the Fund pays a fee to the Administrator based on the Fund's Managed Assets according to the following rates: 0.10% on the first \$250 million of such Managed Assets and 0.09% on such Managed Assets in excess of \$250 million, subject to a minimum annual fee of \$180,000, which includes fees under this agreement and fees received by the Administrator from the Chartwell U.S. Equity and Chartwell Small Cap Value Funds. The allocation of the minimum will be assessed based upon Managed Assets of the Fund and net assets of the Chartwell U.S. Equity and Chartwell Small Cap Value Funds.

Certain officers and/or directors of the Fund are officers and/or directors of the Manager. The Fund pays each director, who is not an "affiliated person" as defined in the Act (a "Disinterested Director"), a fee of \$6,000 per year, plus \$1,000 per year for audit committee members and an additional fee of \$250 per year for the chairman of the audit committee. Effective January 18, 2006, the Fund will pay each Disinterested Director a fee of \$2,000 for each regular Board Meeting attended, \$750 for each special Board Meeting attended, plus \$1,000 per year for audit committee members. In addition, the \$250 fee for the chairman of the audit committee has been eliminated.

role in determining the investment policies of the Fund or which securities are to be purchased or sold by the Fund.

NOTE 3. PURCHASE AND SALES OF INVESTMENTS

For the year ended November 30, 2005, purchases and sales of investments, excluding short-term investments, totaled \$158,818,964 and \$163,134,269, respectively.

The following table summarizes the Fund's call options written for the year ended November 30, 2005:

	NUMBER OF CONTRACTS	PREMIUMS

NOTE 4. COMMERCIAL PAPER

As of November 30, 2005, \$55,000,000 of commercial paper was outstanding with an amortized cost of \$54,704,972. The average discount rate of commercial paper outstanding at November 30, 2005, was 4.20%. The average daily balance of commercial paper outstanding for the year ended November 30, 2005, was \$54,793,562 at a weighted average discount rate of 3.30%. The maximum face amount of commercial paper outstanding at any time during the year ended November 30, 2005, was \$55,000,000. In conjunction with the issuance of the commercial paper, the Fund has entered into a line of credit arrangement with a bank for \$30,000,000. Interest on borrowing is based on market rates in effect at the time of borrowing. The commitment fee is computed at the rate of 0.30% per annum on the unused balance. There were no borrowings under this arrangement during the year ended November 30, 2005.

NOTE 5. CAPITAL STOCK

There are 100,000,000 shares of \$0.01 par value common stock authorized. Of the 16,692,948 shares of common stock outstanding at November 30, 2005, the Manager owned 14,998 shares.

NOTE 6. MARKET AND CREDIT RISKS

The Fund may invest in high-yielding fixed-income securities, which carry ratings of BB or lower by S&P and/or Bal or lower by Moody's. Investments in these higher-yielding securities may be accompanied by a greater degree of credit risk than higher rated securities. Additionally, lower-rated securities may be more susceptible to adverse economic and competitive industry conditions than investment-grade securities. The Fund may invest up to 15% of its total assets in illiquid securities and other securities which may not be readily marketable. In addition, the Fund may purchase securities sold in reliance of Rule 144A of the Securities Act of 1933. The relative illiquidity of some of the Fund's portfolio securities may adversely affect the ability of the Fund to dispose of such securities in a timely manner and at a fair price at times when it might be necessary or advantageous for the Fund to liquidate portfolio securities.

NOTE 7. FEDERAL TAX INFORMATION

It is the Fund's intention to continue to meet the requirements under Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to shareholders. Therefore, no provision for Federal income tax or excise tax is required.

In accordance with accounting pronouncements, the Fund has recorded several reclassifications in the capital accounts. These reclassifications have no impact on the net asset value of the Fund. These differences, which may result in distribution reclassifications, are primarily due to return of capital, distributions in excess of current and accumulated earnings and profit, and market discount bonds. As of November 30, 2005, the Fund recorded the following reclassifications to increase (decrease) the accounts listed below:

ADDITIONAL PAID-IN- CAPITAL	UNDISTRIBUTED NET INVESTMENT INCOME	ACCUMULATED REALIZED GAIN
-----	-----	-----
\$(9,442,322)	\$7,128,801	\$2,313,521

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of
Chartwell Dividend & Income Fund, Inc:

In our opinion, the accompanying statement of assets and liabilities, including

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

the schedule of investments, and the related statements of operations, of cash flows and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of Chartwell Dividend & Income Fund, Inc. (the "Fund") at November 30, 2005, the results of its operations and its cash flows for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at November 30, 2005 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

AUTOMATIC DIVIDEND REINVESTMENT PLAN (UNAUDITED)

Pursuant to the Fund's Automatic Dividend Reinvestment Plan (the "Plan"), unless a shareholder otherwise elects, all dividend and capital gains distributions will be automatically reinvested in additional shares of common stock of the Fund by PFPC, Inc., as agent for shareholders in administering the Plan (the "Plan Agent"). Shareholders who elect not to participate in the Plan will receive all dividends and distributions in cash, paid by check mailed directly to the shareholder of record (or, if the shares are held in street or other nominee name, then to such nominee) by PFPC, Inc., as dividend paying agent. Such participants may elect not to participate in the Plan and to receive all distributions of dividends and capital gains in cash by sending written instructions to PFPC, Inc., as dividend paying agent, at the address set forth below.

Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by written notice if received by the Plan Agent not less than ten days prior to any dividend record date. Otherwise such termination will be effective with respect to any subsequently declared dividend or distribution.

Whenever the Fund declares a distribution, an ordinary income dividend or a capital gain dividend (collectively referred to as "dividends") payable either

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

in shares or in cash, non-participants in the Plan will receive cash, and participants in the Plan will receive the equivalent in shares of common stock. The shares will be acquired by the Plan Agent for the participant's account, depending upon the circumstances described below, either (i) through receipt of additional unissued but authorized shares of common stock from the Fund or (ii) by purchase of outstanding shares of common stock on the open market on the NYSE or elsewhere. If on the payment date of the dividend, the net asset value per share of the common stock is equal to or less than the market price per share plus estimated brokerage commissions (such condition being referred to herein as "market premium"), the Plan Agent will invest the dividend amount in newly issued shares on behalf of the participant. The number of newly issued shares of common stock to be credited to the participant's account will be determined by dividing the dollar amount of the dividend by the net asset value per share on the date the shares are issued, provided that the maximum discount from the then current market price per share on the date of issuance may not exceed 5%. If on the dividend payment date the net asset value per share is greater than the market value (such condition being referred to herein as "market discount"), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participant in open-market purchases.

In the event of a market discount on the dividend payment date, the Plan Agent will have until the last business day before the next date on which the shares trade on the "ex-dividend" basis or in no event more than 30 days after the

39

CHARTWELL

CHARTWELL DIVIDEND AND INCOME FUND, INC.

dividend payment date to invest the dividend amount in shares acquired in open-market purchases. If, before the Plan Agent has completed its open-market purchases, the market price of a share of common stock exceeds the net asset value per share, the average per share purchase price paid by the Plan Agent may exceed the net asset value of the Fund's shares, resulting in the acquisition of fewer shares than if the dividend had been paid in newly issued shares on the dividend payment date. The Plan provides that if the Plan Agent is unable to invest the full dividend amount in open-market purchases during the purchase period or if the market discount shifts to market premium during the purchase period, the Plan Agent will cease making open-market purchases and will invest the uninvested portion of the dividend amount in newly issued shares at the close of business on the last purchase date.

The Plan Agent maintains all shareholders' accounts in the Plan and furnishes written confirmation of all transactions in the accounts, including information needed by shareholders for tax records. Shares in the account of each Plan participant will be held by the Plan Agent on behalf of the Plan participant, and each shareholder's proxy will include those shares purchased or received pursuant to the Plan. The Plan Agent will forward all proxy solicitation materials to participants and vote proxies for shares held pursuant to the Plan in accordance with the instructions of the participants.

In the case of shareholders such as banks, brokers or nominees which hold shares for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of shares certified from time to time by the record shareholders as representing the total amount registered in the record shareholder's name and held for the account of beneficial owners who are to participate in the Plan.

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

There will be no brokerage charges with respect to shares issued directly by the Fund as a result of dividends or capital gain distributions payable either in shares or in cash. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open-market purchases in connection with reinvestment of dividends.

The automatic reinvestment of dividends and distributions will not relieve participants of any Federal, state or local income tax that may be payable (or required to be withheld) on such dividends.

Shareholders participating in the Plan may receive benefits not available to shareholders not participating in the Plan. If the market price plus commissions of the Fund's shares is above the net asset value, participants in the Plan will receive shares of the Fund at less than they could otherwise purchase them and will have shares with a cash value greater than the value of any cash distribution they would have received on their shares. If the market price plus

40

CHARTWELL

CHARTWELL DIVIDEND AND INCOME FUND, INC.

NOVEMBER 30, 2005

commissions is below the net asset value, participants will receive distributions in shares with a net asset value greater than the value of any cash distribution they would have received on their shares. However, there may be insufficient shares available in the market to make distributions in shares at prices below the net asset value. Also, since the Fund does not redeem its shares, the price on resale may be more or less than the net asset value.

Experience under the Plan may indicate that changes are desirable. Accordingly, the Fund reserves the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan; however, the Fund reserves the right to amend the Plan to include a service charge payable by the participants.

All correspondence concerning the Plan should be directed to the Plan Agent at PFPC, Inc., P.O. Box 43027, Providence, RI 02940-3027, Attn: Closed-End Department.

FEDERAL TAX INFORMATION (UNAUDITED)

Information for Federal income tax purposes is presented as an aid to shareholders in reporting the dividend distributions for the year ended November 30, 2005 (see page 48).

ADDITIONAL INFORMATION (UNAUDITED)

During the period, there have been no material changes in the Fund's investment objective or fundamental policies that have not been approved by the shareholders. There have been no changes in the Fund's charter or By-Laws that would delay or prevent a change in control of the Fund which have not been approved by the shareholders. There have been no changes in the principal risk factors associated with investment in the Fund.

EFFECTS OF LEVERAGE (UNAUDITED)

Leverage of \$60 million in commercial paper was initially sold by the Fund on

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

July 28, 1999. As of November 30, 2005, the Fund had \$30 million outstanding at 4.10% per annum maturing on January 4, 2006, and \$25 million at 4.32% per annum maturing on February 1, 2006. All interest rates include fees due to the broker-dealer. The Fund must experience an annual return of 1.17% to cover interest payments on the commercial paper.

The following table explains the potential effects of leverage on the equity returns of common shareholders:

Assumed return on portfolio (net of expenses)	-10.00%	-5.00%	0.00%	5.00%	10.00%
Corresponding return to common stockholder	-15.43%	-8.51%	-1.61%	5.28%	12.18%

ITEM 2. CODE OF ETHICS.

The Registrant has adopted a code of ethics that applies to the Registrant's principal executive officer and principal financial officer. A copy of Registrant's code is filed herewith.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

As of the end of the period covered by the report, the Registrant's Board of Directors has determined that it does not have an audit committee financial

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

expert serving on its Audit Committee, as defined in Item 3 to Form N-CSR. However, the Registrant's Board of Directors determined that, although none of its members meet the technical definition of an audit committee financial expert, the Audit Committee members have sufficient experience and financial expertise to carry out their responsibilities and address any issues that are likely to come before the Audit Committee, including but not limited to the evaluation of the Registrant's financial statements, supervision of the Registrant's preparation of its financial statements, and oversight of the work of the Registrant's independent auditors.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Fees billed by Registrant's principal accountant related to the Registrant.

Registrant's principal accountant billed the Registrant aggregate fees for professional services rendered to the Registrant for the last two fiscal years as follows:

		2005			
		All fees and services to the Registrant.	All non-audit services to the Registrant's service affiliates that were pre-approved by the Registrant's Audit Committee pursuant to Rule 2-01(c) (7) (ii) of Regulation S-X.	Description of Services	All fees and services to the Registrant.
(a)	Audit Fees	\$47,150	N/A	Audit fees include amounts related to the audit of the Registrant's annual financial statements and services normally provided by the accountant in connection with statutory and regulatory filings.	\$44,000

(b)	Audit- Related Fees	\$20,600 (1)	\$0	\$0	\$19,500 (1)
(c)	Tax Fees	\$4,700 (2)	\$0	\$0	\$4,400 (2)
(d)	All Other Fees	\$0	\$0	\$0	\$0

Notes:

- (1) Fees for agreed upon procedures performed in relation to the Fund's commercial paper issuance program.
- (2) Fees for review of the Fund's federal, excise and state tax returns.

(e) (1) Audit Committee Pre-Approval Policies and Procedures: The Registrant's Audit Committee has not adopted pre-approval policies and procedures. Instead, the Audit Committee approves on a case-by-case basis each audit or non-audit service before the engagement.

(e) (2) 0%, 0% and 0%, respectively, of the audit-related fees, tax fees and other fees listed in the table above were approved by the Registrant's Audit Committee pursuant to the "de minimis" exception of Rule 2-01(c) (7) (i) (C) of Regulation S-X. In addition, 0%, 0% and 0%, respectively, of the audit related, fees, tax fees and other fees to the Registrant's service affiliates listed in the table above were approved by the Registrant's Audit Committee pursuant to the "de minimis" exception of Rule 2-01(c) (7) (i) (C) of Regulation S-X.

(f) Not applicable.

(g) The aggregate non-audit fees and services billed by the Registrant's principal accountant for services rendered to the Registrant and the Registrant's investment adviser for the Registrant's fiscal year ended November 30, 2005 and the fiscal year ended November 30, 2004 were \$0 and \$0, respectively.

(h) Not Applicable.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

(a) The Registrant has a separately-designated standing Audit Committee established in accordance with Section 3(a) (58) (A) of the Exchange Act. The committee members are: Kenneth F. Herlihy, George W. Grosz and C. Warren Ormerod.

(b) Not applicable

ITEM 6. SCHEDULE OF INVESTMENTS

Not applicable.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Registrant has delegated the voting of proxies relating to its voting

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

securities to its investment adviser, Chartwell Investment Partners, L.P. (the "Adviser"), subject to the general oversight by the Registrant's Board of Directors. The Registrant expects the Adviser to vote proxies related to the Registrant's portfolio securities for which it has voting authority consistent with the Registrant's best economic interests. The Adviser has adopted its own Proxy Voting Policies and Procedures which address, among other things, conflicts of interests that may arise between the interests of the Registrant and the interests of the Adviser and its affiliates. The Adviser's Proxy Voting Policies and Procedures is includes as an Exhibit hereto.

CHARTWELL INVESTMENT PARTNERS PROXY VOTING POLICIES AND PROCEDURES

ADOPTED APRIL 11, 1997
AS AMENDED FEBRUARY 1, 2005

PURPOSE. Chartwell Investment Partners ("Chartwell") has adopted these Proxy Voting Policies and Procedures ("Policies") to seek to ensure that it exercises voting authority on behalf of Chartwell clients in a manner consistent with the best interests of each client and its agreement with the client.

SCOPE. These Policies apply where clients have delegated the authority and responsibility to

Chartwell to decide how to vote proxies. Chartwell does not accept or retain authority to vote proxies in accordance with individual client guidelines. Clients that wish to arrange to vote proxies in accordance with their own guidelines may elect to do so at any time by notifying Chartwell. Chartwell generally will follow these Policies if asked to make recommendations about proxy voting to clients who request that advice but have not delegated proxy voting responsibility to Chartwell.

GUIDING PRINCIPLES. Chartwell believes that voting proxies in the best interests of each client means making a judgment as to what voting decision is most likely to maximize total return to the client as an investor in the securities being voted, and casting the vote accordingly. For this reason, Chartwell's evaluation of the possible impact of a proxy vote on the economic interests of company shareholders similarly situated to Chartwell's clients will be the primary factor governing Chartwell's proxy voting decisions.

USE OF INDEPENDENT PROXY VOTING SERVICE. Chartwell has retained Institutional Shareholder Services, Inc., ("ISS") an independent proxy voting service, to assist it in analyzing specific proxy votes with respect to securities held by Chartwell clients and to handle the mechanical aspects of casting votes. Historically, Chartwell has placed substantial reliance on ISS' analyses and recommendations and generally gives instructions to ISS to vote proxies in accordance with ISS' recommendations, unless Chartwell reaches a different conclusion than ISS about how a particular matter should be voted. ISS proxy voting recommendations typically are made available to Chartwell about a week before the proxy must be voted, and are reviewed and monitored by members of the Proxy Voting Committee (and, in certain cases, by Chartwell portfolio managers), with a view to determining whether it is in the best interests of Chartwell's clients to vote proxies as recommended by ISS, or whether client proxies should be voted on a particular proposal in another manner.

ADMINISTRATION OF POLICIES. Chartwell has established a Proxy Voting Committee to oversee and administer the voting of proxies on behalf of clients, comprised

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

of approximately five representatives of the firm's compliance and operations departments. The Committee's responsibilities include reviewing and updating these Policies as may be appropriate from time to time; identifying and resolving any material conflicts of interest on the part of Chartwell or its personnel that may affect particular proxy votes; evaluating and monitoring,

on an ongoing basis, the analyses, recommendations and other services provided by ISS or another third party retained to assist Chartwell in carrying out its proxy voting responsibilities; when deemed appropriate by the Committee, consulting with Chartwell portfolio managers and investment professionals on particular proposals or categories of proposals presented for vote; and determining when and how client proxies should be voted other than in accordance with the general rules and criteria set forth in Chartwell's Proxy Voting Guidelines or with the recommendations of ISS or another independent proxy voting service retained by Chartwell.

CONFLICTS OF INTEREST. It is Chartwell's policy not to exercise its authority to decide how to vote a proxy if there is a material conflict of interest between Chartwell's interests and the interests of the client that owns the shares to be voted that could affect the vote on that matter. To seek to identify any such material conflicts, a representative of the Proxy Voting Committee screens all proxies and presents any potential conflicts identified to the Committee for determination of whether the conflict exists and if so, whether it is material. Conflicts of interest could result from a variety of circumstances, including, but not limited to, significant personal relationships between executive officers of an issuer and Chartwell personnel, a current or prospective investment adviser-client relationship between an issuer or a pension plan sponsored by an issuer and Chartwell, a significant ownership interest by Chartwell or its personnel in the issuer and various other business, personal or investment relationships. Generally, a current or prospective adviser-client relationship will not be considered material for these purposes if the net advisory revenues to Chartwell have not in the most recent fiscal year and are not expected in the current fiscal year to exceed 1/2 of 1 percent of Chartwell's annual advisory revenue.

In the event the Committee determines that there is a material conflict of interest that may affect a particular proxy vote, Chartwell will NOT make the decision how to vote the proxy in accordance with these Policies unless the Policies specify how votes shall be cast on that particular type of matter, i.e., "for" or "against" the proposal. Where the Policies provide that the voting decision will be made on a "case-by-case" basis, Chartwell will either request the client to make the voting decision, or the vote will be cast in accordance with the recommendations of ISS or another independent proxy voting service retained by Chartwell for that purpose. Chartwell also will not provide advice to clients on proxy votes without first disclosing any material conflicts to the client requesting such advice.

WHEN CHARTWELL DOES NOT VOTE PROXIES. Chartwell may not vote proxies respecting client securities in certain circumstances, including, but not limited to, situations where (a) the securities are no longer held in a client's account; (b) the proxy and other relevant materials are not received in sufficient time to allow analysis or an informed vote by the voting deadline; (c) Chartwell concludes that the cost of voting the proxy will exceed the expected potential benefit to the client; or (d) the securities have been loaned out pursuant to a client's securities lending program and are unavailable to vote.

PROXY VOTING GUIDELINES

Generally, Chartwell votes all proxies in accordance with the following guidelines. These guidelines may be changed or supplemented from time to time. Votes on matters not covered by these guidelines will be determined in accordance with the principles set forth above. Client guidelines may be inconsistent with these guidelines and may cause Chartwell to vote differently for different clients on the same matter.

I. THE BOARD OF DIRECTORS

A. DIRECTOR NOMINEES IN UNCONTESTED ELECTIONS

Vote on a CASE-BY-CASE basis for director nominees, examining the following factors:

- o long-term corporate performance record of the company's stock relative to a market index;
- o composition of board and key board committees;
- o nominee's attendance at meetings (past two years);
- o nominee's investment in the company;
- o whether a retired CEO of the company sits on the board; and
- o whether the board chairman is also serving as the company's CEO.

In certain cases, and when information is readily available, we also review:

- o corporate governance provisions and takeover activity;
- o board decisions regarding executive pay;
- o board decisions regarding majority-supported shareholder proposals in back-to-back years;
- o director compensation; and
- o interlocking directorships.

WITHHOLD votes from directors who are CEOs of publicly traded companies who serve on more than three public boards, i.e., more than two public boards other than their own board.

WITHHOLD votes from directors who serve on more than six public company boards.

WITHHOLD votes from all directors (except from new nominees) of companies who have dead-hand or modified dead-hand features (e.g. slow-hand) in shareholder rights plan.

WITHHOLD votes from all directors (except from new nominees) if the company has adopted or renewed a poison pill without shareholder approval since the company's last annual meeting, does not put the pill to a vote at the current annual meeting, and there is no requirement to put the pill to shareholder vote within 12 months of its adoption. (Pills adopted prior to this policy will not be considered.)

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

WITHHOLD votes from the ENTIRE board (except from new nominees) in cases where the director(s) receive more than 50% withhold votes out of those cast and the issue that was the underlying cause of the high level of withholds votes in the prior election has not been addressed. The adequacy of the company's response, if any, would be analyzed on a CASEBY-CASE basis to determine if it represents an acceptable cure for the issue(s) that resulted in such a high level of withholds.

B. CHAIRMAN AND CEO ARE THE SAME PERSON

Vote FOR shareholder proposals requiring the position of chairman to be filled by an independent director unless there are compelling reasons to recommend against the proposal, such as a counterbalancing governance structure including all of the following:

- o Designated lead director, elected by and from the independent board members with clearly delineated duties. (The role may alternatively reside with a presiding director, vice chairman or rotating lead director.) At a minimum these should include:
 - Presides at all meetings of the board at which the chairman is not present, including executive sessions of the independent directors
 - Serves as liaison between the chairman and the independent directors
 - Approves information sent to the board
 - Approves meeting agendas for the board
 - Approves meeting schedules to assure that there is sufficient time for discussion of all agenda items
 - Has the authority to call meetings of the independent directors
 - If requested by major shareholders, ensures that he is available for consultation and direct communication
- o 2/3 independent board
- o All independent key committees
- o Established governance guidelines
- o The company should not have underperformed its peers and index on a one-year and three-year basis, unless there has been a change in the Chairman/CEO position within that time. Performance will be measured according to shareholder returns against index and peers from the performance summary table.

C. MAJORITY OF INDEPENDENT DIRECTORS

WITHHOLD votes from insiders and affiliated outsiders on boards that are not at least majority independent.

Vote FOR proposals that request that the board audit, compensation and/or nominating committees include independent directors exclusively.

CATEGORIZATION OF DIRECTORS

INSIDE DIRECTOR (I)

- o Employee of the company or its affiliates(1)
- o Nonemployee officer of the company if among the five most highly compensated individuals
- o Listed as a Section 16 officer(2)

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

- o Interim CEO
- o Beneficial ownership of more than 50 percent of the company's voting power (this may be aggregated if voting power is distributed among more than one member of a defined group).

AFFILIATED OUTSIDE DIRECTOR (AO)

- o Board attestation that an outside director is not independent
- o Former CEO of the company or its affiliate(1)
- o Former interim CEO if the service was longer than one year or if the service was between six months and a year and the compensation was high relative to that of the other directors (5x their pay) or in line with a CEO's compensation
- o Former executive of the company, an affiliate or an acquired firm within the past five years
- o Executive of a former parent or predecessor firm at the time the company was sold or split off from the parent/predecessor within the past five years
- o Executive, former executive, general or limited partner of a joint venture or partnership with the company
- o Relative(3) of a current employee of company or its affiliates
- o Relative(3) of former executive, including CEO, of company or its affiliate within the last five years
- o Currently provides (or a relative provides) professional services directly to the company, to an affiliate of the company or an individual officer of the company or one of its affiliates
- o Employed by (or a relative is employed by) a significant customer or supplier(4)
- o Has (or a relative has) any transactional relationship with the company or its affiliates excluding investments in the company through a private placement(4)
- o Has a contractual/guaranteed board seat and is party to a voting agreement to vote in line with management on proposals being brought to shareholders

1 "Affiliate includes a subsidiary, sibling company or parent company.

2 "Executives" (officers subject to Section 16 of the Securities and Exchange Act of 1934) include the chief executive, operating, financial, legal, technology and accounting officers of a company (including the president, treasurer, secretary, controller or any vice president in charge of a principal business unit, division or policy function.

3 "Relative" follows the NYSE definition of "immediate family members" which covers: spouses, parents, children, siblings, in-laws and anyone sharing the director's home

4 If the company makes or receives annual payments exceeding \$200,000 or 5 percent of the recipient's gross revenues. (The recipient is the party receiving the financial proceeds from the transaction.)

5

- o Has (or a relative has) an interlocking relationship as defined by the SEC involving members of the board of directors or its Compensation and Stock Option Committee(5)
- o Founder of the company but not currently an employee
- o Is (or a relative is) a trustee, director or employee of a charitable or non-profit organization that receives grants or endowments from the company or its affiliates(4) INDEPENDENT OUTSIDE DIRECTOR (IO)

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

o No material(6) connection to the company other than a board seat

D. STOCK OWNERSHIP REQUIREMENTS

Vote AGAINST proposals requiring directors to own a minimum amount of company stock in order to qualify as a director, or to remain on the board.

E. MANDATORY HOLDING PERIODS

Review on a CASE-BY-CASE basis shareholder proposals asking companies to adopt holding periods for the executives, taking into account:

- o Whether the company has any holding period or officer ownership requirements in place. These should consist of:
 - * Rigorous stock ownership guidelines, or
 - * A short-term holding period requirement (six months to one year) coupled with a significant long-term ownership requirement, or
 - * A meaningful retention ratio

Actual officer stock ownership and to what degree it meets or exceeds the proponent's suggested holding period or the company's own stock ownership or retention requirements.

F. TERM OF OFFICE

Vote AGAINST proposals to limit the tenure of outside directors.

5 Interlocks include: (a) executive officers serving as directors on each other's compensation or similar committees (or, in the absence of such a committee, on the board or (b) executive officers sitting on each other's boards and at least one serves on the other's compensation or similar committee committees (or, in the absence of such a committee, on the board).

6 For purposes of ISS' director independence classification, "material" will be defined as a standard of relationship (financial, personal or otherwise) that a reasonable person might conclude could potentially influence one's objectivity in the boardroom in a manner that would have a meaningful impact on an individual's ability to satisfy requisite fiduciary standards on behalf of shareholders. See AO materiality standards for guidance.

6

G. DIRECTOR AND OFFICER INDEMNIFICATION AND LIABILITY PROTECTION

Vote on a CASE-BY-CASE basis proposals concerning director and officer indemnification and liability protection.

Vote AGAINST proposals to limit or eliminate entirely director and officer liability for monetary damages for violating the duty of care.

Vote AGAINST indemnification proposals that would expand coverage beyond just legal expenses to include coverage for acts or omissions, such as gross negligence or worse, that are more serious violations of fiduciary obligations than mere carelessness.

Vote FOR only those proposals that provide such expanded coverage in cases when a director's or officer's legal defense was unsuccessful if: (1) the director or officer was found to have acted in good faith and in a manner that he reasonably believed was in the best interests of the company, AND (2) only if the

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

director's legal expenses would be covered.

H. CHARITABLE CONTRIBUTIONS

Vote AGAINST proposals to eliminate, direct or otherwise restrict charitable contributions.

I. OPEN ACCESS

Review on a CASE-BY-CASE basis shareholder proposals asking for open access, taking into account:

- o The ownership threshold proposed in the resolution
- o The proponent's rationale for the proposal at the targeted company in terms of board and director conduct.

II. PROXY CONTESTS

A. DIRECTOR NOMINEES IN CONTESTED ELECTIONS

Vote on a CASE-BY-CASE basis when the election of directors is contested, examining the following factors:

- o long-term financial performance of the company relative to its industry;
- o management's track record;
- o background to the proxy contest;
- o qualifications of director nominees (both slates);
- o evaluation of what each side is offering shareholders, as well as the likelihood that the proposed objectives and goals can be met; and
- o stock ownership positions of director nominees.

7

B. REIMBURSE PROXY SOLICITATION EXPENSES

Vote on a CASE-BY-CASE basis proposals to provide full reimbursement of expenses for dissidents waging a proxy contest.

III. AUDITORS

RATIFYING AUDITORS

Vote FOR proposals to ratify auditors, unless it appears that: an auditor has a financial interest in or association with the company that impairs the auditor's independence; or there is reason to believe that the independent auditor has rendered an opinion which is neither accurate nor indicative of the company's financial position.

Vote AGAINST auditors and WITHHOLD votes from Audit Committee members if:
Non-audit ("all other") fees > audit and audit-related fees +
permissible tax fees

- o AUDIT FEES (includes statutory audits, comfort letters, attest services, consents, and review of filings with SEC)
- o AUDIT-RELATED FEES (includes employee benefit plan audits, due diligence related to M&A, audits in connection with acquisitions,

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

- internal control reviews, consultation on financial accounting and reporting standards)
- o TAX FEES* [includes tax compliance (tax returns, claims for refunds and tax payment planning) and tax consultation and planning (assistance with tax audits and appeals, tax advice relating to M&A, employee benefit plans and requests for rulings or technical advice from taxing authorities)]
- o ALL OTHER FEES

Vote on a CASE-BY-CASE basis proposals asking companies to prohibit their auditors from engaging in non-audit services (or capping the level of non-audit services) taking into account

Whether the non-audit fees are excessive (per the formula above) and Whether the company has policies and procedures in place to limit non-audit services or otherwise prevent conflicts of interest.

Vote on a CASE-BY-CASE basis on auditor rotation proposals:

- o Tenure of Audit Firm
- o Establishment and disclosure of a renewal process whereby the auditor is regularly evaluated for both audit quality and competitive price
- o Length of the rotation period advocated in the proposal
- o Significant audit-related issues

8

Number of annual Audit Committee meetings held and the number of financial experts that serve on the Audit Committee

IV. PROXY CONTEST DEFENSES

A. BOARD STRUCTURE: STAGGERED VS. ANNUAL ELECTIONS

Vote AGAINST proposals to classify the board.

Vote FOR proposals to repeal classified boards and to elect all directors annually.

B. SHAREHOLDER ABILITY TO REMOVE DIRECTORS

Vote AGAINST proposals that provide that directors may be removed ONLY for cause.

Vote FOR proposals to restore shareholder ability to remove directors with or without cause.

Vote AGAINST proposals that provide that only continuing directors may elect replacements to fill board vacancies.

Vote FOR proposals that permit shareholders to elect directors to fill board vacancies.

C. CUMULATIVE VOTING

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

Vote AGAINST proposals to eliminate cumulative voting.

Vote FOR proposals to permit cumulative voting.

D. SHAREHOLDER ABILITY TO CALL SPECIAL MEETINGS

Vote AGAINST proposals to restrict or prohibit shareholder ability to call special meetings.

Vote FOR proposals that remove restrictions on the right of shareholders to act independently of management.

9

E. SHAREHOLDER ABILITY TO ACT BY WRITTEN CONSENT

Vote AGAINST proposals to restrict or prohibit shareholder ability to take action by written consent.

Vote FOR proposals to allow or make easier shareholder action by written consent.

F. SHAREHOLDER ABILITY TO ALTER THE SIZE OF THE BOARD

Vote FOR proposals that seek to fix the size of the board.

Vote AGAINST proposals that give management the ability to alter the size of the board without shareholder approval.

V. TENDER OFFER DEFENSES

A. POISON PILLS

Vote FOR proposals that ask a company to submit its poison pill for shareholder ratification.

Vote on a CASE-BY-CASE basis proposals to redeem a company's poison pill.

Vote on a CASE-BY-CASE basis management proposals to ratify a poison pill.

B. FAIR PRICE PROVISIONS

Vote on a CASE-BY-CASE basis when examining fair price proposals, taking into consideration whether the shareholder vote requirement embedded in the provision is no more than a majority of disinterested shares.

Vote FOR proposals to lower the shareholder vote requirement in existing fair price provisions.

C. GREENMAIL

Vote FOR proposals to adopt anti-greenmail charter or bylaw amendments or otherwise restrict a company's ability to make greenmail payments.

Vote on a CASE-BY-CASE basis anti-greenmail proposals when they are bundled with

other charter or bylaw amendments.

D. PALE GREENMAIL

Vote on a CASE-BY-CASE basis restructuring plans that involve the payment of pale greenmail.

E. UNEQUAL VOTING RIGHTS

Vote AGAINST dual class exchange offers.

Vote AGAINST dual class recapitalizations.

F. SUPERMAJORITY SHAREHOLDER VOTE REQUIREMENT TO AMEND THE CHARTER OR BYLAWS

Vote AGAINST management proposals to require a supermajority shareholder vote to approve charter and bylaw amendments.

Vote FOR proposals to lower supermajority shareholder vote requirements for charter and bylaw amendments.

G. SUPERMAJORITY SHAREHOLDER VOTE REQUIREMENT TO APPROVE MERGERS

Vote AGAINST management proposals to require a supermajority shareholder vote to approve mergers and other significant business combinations.

Vote FOR proposals to lower supermajority shareholder vote requirements for mergers and other significant business combinations.

H. WHITE SQUIRE PLACEMENTS

Vote FOR proposals to require approval of blank check preferred stock issues for other than general corporate purposes.

VI. MISCELLANEOUS GOVERNANCE PROVISIONS

A. CONFIDENTIAL VOTING

Vote FOR proposals that request corporations to adopt confidential voting, use independent tabulators and use independent inspectors of election as long as the proposals include clauses for proxy contests as follows: In the case of a contested election, management is permitted to request that the dissident group honor its confidential voting policy. If the dissidents agree, the policy remains in place. If the dissidents do not agree, the confidential voting policy is waived.

11

Vote FOR management proposals to adopt confidential voting.

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

B. EQUAL ACCESS

Vote FOR proposals that would allow significant company shareholders equal access to management's proxy material in order to evaluate and propose voting recommendations on proxy proposals and director nominees, and in order to nominate their own candidates to the board.

C. BUNDLED PROPOSALS

Vote on a CASE-BY-CASE basis bundled or "conditioned" proxy proposals. In the case of items that are conditioned upon each other, we examine the benefits and costs of the packaged items. In instances when we believe the joint effect of the conditioned items is not in shareholders' best interests, we vote against the proposals. If the combined effect is positive, we support such proposals.

D. SHAREHOLDER ADVISORY COMMITTEES

Vote on a CASE-BY-CASE basis proposals to establish a shareholder advisory committee.

E. OUTSOURCING

Vote CASE-BY-CASE on proposals asking for companies to report on the risks associated with outsourcing or offshoring considering:

- o Risks associated with certain international markets
- o The utility of such a report to shareholders
- o The existence of a publicly available code of corporate conduct that applies to international operations.

VII. CAPITAL STRUCTURE

A. COMMON STOCK AUTHORIZATION

Vote on a CASE-BY-CASE basis proposals to increase the number of shares of common stock authorized for issue.

Vote AGAINST proposed common stock authorizations that increase the existing authorization by more than 100% unless a clear need for the excess shares is presented by the company.

12

B. STOCK DISTRIBUTIONS: SPLITS AND DIVIDENDS

Vote FOR management proposals to increase common share authorization for a stock split, provided that the split does not result in an increase of authorized but unissued shares of more than 100% after giving effect to the shares needed for the split.

C. REVERSE STOCK SPLITS

Vote FOR management proposals to implement a reverse stock split, provided that the reverse split does not result in an increase of authorized but unissued shares of more than 100% after giving effect to the shares needed for the reverse split.

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

D. BLANK CHECK PREFERRED AUTHORIZATION

Vote FOR proposals to create blank check preferred stock in cases when the company expressly states that the stock will not be used as a takeover defense or carry superior voting rights.

Vote on a CASE-BY-CASE basis proposals that would authorize the creation of new classes of preferred stock with unspecified voting, conversion, dividend and distribution, and other rights.

Vote on a CASE-BY-CASE basis proposals to increase the number of authorized blank check preferred shares.

E. PROPOSALS REGARDING BLANK CHECK PREFERRED STOCK

Vote FOR proposals to have blank check preferred stock placements, other than those shares issued for the purpose of raising capital or making acquisitions in the normal course of business, submitted for shareholder ratification.

F. ADJUST PAR VALUE OF COMMON STOCK

Vote FOR management proposals to reduce the par value of common stock.

G. PREEMPTIVE RIGHTS

Vote on a CASE-BY-CASE basis proposals to create or abolish preemptive rights. In evaluating proposals on preemptive rights, we look at the size of a company and the characteristics of its shareholder base.

13

H. DEBT RESTRUCTURINGS

Vote on a CASE-BY-CASE basis proposals to increase common and/or preferred shares and to issue shares as part of a debt restructuring plan. We consider the following issues:

- o DILUTION - How much will ownership interest of existing shareholders be reduced, and how extreme will dilution to any future earnings be?
- o CHANGE IN CONTROL - Will the transaction result in a change in control of the company?
- o BANKRUPTCY - Is the threat of bankruptcy, which would result in severe losses in shareholder value, the main factor driving the debt restructuring?

Generally, we approve proposals that facilitate debt restructurings unless there are clear signs of self-dealing or other abuses.

I. SHARE REPURCHASE PROGRAMS

Vote FOR management proposals to institute open-market share repurchase plans in which all shareholders may participate on equal terms.

VIII. EXECUTIVE AND DIRECTOR COMPENSATION

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

In general, we vote on a CASE-BY-CASE basis on executive and director compensation plans, with the view that viable compensation programs reward the creation of stockholder wealth by having a high payout sensitivity to increases in shareholder value.

In evaluating a pay plan, we measure its dilutive effect both on shareholder wealth and on voting power. We value equity-based compensation along with cash components of pay. We estimate the present value of short- and long-term incentives, derivative awards, and cash/bonus compensation - which enables us to assign a dollar value to the amount of potential shareholder wealth transfer.

Our vote is based, in part, on a comparison of company-specific adjusted allowable dilution cap and a weighted average estimate of shareholder wealth transfer and voting power dilution. Administrative features are also factored into our vote. For example, our policy is that the plan should be [administered] DO YOU MEAN OVERSEEN? WHO WOULD BE DISINTERESTED OTHER THAN THE INDEPENDENT DIRECTORS, AND THEY SHOULDN'T BE ADMINISTERING. by a committee of [disinterested persons] independent directors; insiders should not serve on compensation committees.

Other factors, such as repricing underwater stock options without shareholder approval, would cause us to vote against a plan. Additionally, in some cases we would vote against a plan deemed unnecessary.

14

Vote FOR director equity plans that have reasonable costs, as measured by the binomial compensation model. However, for director equity plans that have excessive costs based on the binomial compensation model, we will review the qualitative features of board compensation, taking into account:

- o Director stock ownership guidelines
 - A minimum of three times the annual cash retainer.
- o Vesting schedule or mandatory holding/deferral period
 - A minimum vesting of three years for stock options or restricted stock, or
 - Deferred stock payable at the end of a three-year deferral period.
- o Mix between cash and equity
 - A balanced mix of cash and equity at the time of grant, for example, 40% cash/60% equity or 50% cash/50% equity.
 - If the mix is heavier on the equity component, the vesting schedule or deferral period should be more stringent, with the lesser of five years or the term of directorship.
- o Retirement/Benefit and Perquisites programs
 - No retirement/benefits and perquisites provided to non-employee directors.
- o Quality of disclosure
 - Provide detailed disclosure on cash and equity compensation delivered to each non-employee director for the most recent fiscal year in a table. The column headers for the table may include the following: name of each non-employee director, annual retainer, board meeting fees, committee retainer, committee-meeting fees and equity grants.

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

To vote FOR director equity plans based on the above qualitative features, a company needs to demonstrate that it meets all of the above qualitative features in its proxy statement.

A. OBRA-RELATED COMPENSATION PROPOSALS

o AMENDMENTS THAT PLACE A CAP ON ANNUAL GRANT OR AMEND ADMINISTRATIVE FEATURES

Vote FOR plans that simply amend shareholder-approved plans to include administrative features or place a cap on the annual grants any one participant may receive to comply with the provisions of Section 162(m) of OBRA.

15

o AMENDMENTS TO ADDED PERFORMANCE-BASED GOALS

Vote FOR amendments to add performance goals to existing compensation plans to comply with the provisions of Section 162(m) of OBRA.

o AMENDMENTS TO INCREASE SHARES AND RETAIN TAX DEDUCTIONS UNDER OBRA

Votes on amendments to existing plans to increase shares reserved and to qualify the plan for favorable tax treatment under the provisions of Section 162(m) should be evaluated on a CASE-BY-CASE basis.

o APPROVAL OF CASH OR CASH-AND-STOCK BONUS PLANS

Vote FOR cash or cash-and-stock bonus plans to exempt the compensation from taxes under the provisions of Section 162(m) of OBRA.

B. PROPOSALS TO LIMIT EXECUTIVE AND DIRECTOR PAY

Vote on a CASE-BY-CASE basis all proposals that seek additional disclosure of executive and director pay information.

Vote on a CASE-BY-CASE basis all other proposals that seek to limit executive and director pay.

Vote FOR proposals to expense options, unless the company has already publicly committed to expensing options by a specific date.

C. GOLDEN AND TIN PARACHUTES

Vote FOR proposals to have golden and tin parachutes submitted for shareholder ratification.

Vote on a CASE-BY-CASE basis all proposals to ratify or cancel golden or tin parachutes.

D. EMPLOYEE STOCK OWNERSHIP PLANS (ESOPS)

Vote FOR proposals that request shareholder approval in order to implement an ESOP or to increase authorized shares for existing ESOPs, except in cases when the number of shares allocated to the ESOP is "excessive" (i.e., generally greater than 5% of outstanding shares).

E. 401(K) EMPLOYEE BENEFIT PLANS

Vote FOR proposals to implement a 401(k) savings plan for employees.

F. SUPPLEMENTAL EXECUTIVE RETIREMENT PLANS (SERPS)

Vote FOR shareholder proposals requesting to put extraordinary benefits contained in SERP agreements to a shareholder vote unless the company's executive pension plans do not contain excessive benefits beyond what is offered under employee-wide plans.

G. PENSION PLAN ACCOUNTING/EXECUTIVE COMPENSATION

Vote FOR shareholder proposals to exclude pension fund income in the calculation of earnings used in determining executive bonuses/compensation.

H. EQUITY-BASED COMPENSATION PLANS-BURN RATE*

Vote AGAINST equity plans that have high average three-year burn rate defined as:

- o The company's most recent three-year burn rate exceeds one standard deviation of its GICS** segmented by Russell 3000 index and non-Russell 3000 index and
- o The company's most recent three-year burn rate exceeds two percent of common shares outstanding.

IX. STATE OF INCORPORATION

A. VOTING ON STATE TAKEOVER STATUTES

Vote on a CASE-BY-CASE basis proposals to opt in or out of state takeover statutes (including control share acquisition statutes, control share cash-out statutes, freezeout provisions, fair price provisions, stakeholder laws, poison pill endorsements, severance pay and labor contract provisions, anti-greenmail provisions, and disgorgement provisions).

B. VOTING ON REINCORPORATION PROPOSALS

Vote on a CASE-BY-CASE basis proposals to change a company's state of incorporation.

* Burn rate is calculated as the total number of equity awards (in the form of stock awards and stock options) granted in any given year divided by the number of common shares outstanding. The gross number of equity awards is considered in the burn rate calculation and is not discounted by cancelled or forfeited shares.

** Global Industry Classification Standard (GICS) by Standard & Poor and Morgan Stanley Capital International.

X. MERGERS AND CORPORATE RESTRUCTURINGS

A. MERGERS AND ACQUISITIONS

Vote on a CASE-BY-CASE basis proposals related to mergers and acquisitions, determining whether the transaction enhances shareholder value by giving consideration to:

- o Prospects of the combined companies
- o Anticipated financial and operating benefits
- o Offer price (premium or discount)
- o Fairness opinion
- o How the deal was negotiated
- o Changes in corporate governance and their impact on shareholder rights
- o Change in the capital structure
- o Conflicts of interest

B. CORPORATE RESTRUCTURING

Vote on a CASE-BY-CASE basis proposals related to a corporate restructuring, including minority squeezeouts, leveraged buyouts, spin-offs, liquidations and asset sales.

C. SPIN-OFFS

Vote on a CASE-BY-CASE basis proposals related to spin-offs depending on the tax and regulatory advantages, planned use of sale proceeds, market focus, and managerial incentives.

D. ASSET SALES

Vote on a CASE-BY-CASE basis proposals related to asset sales after considering the impact on the balance sheet/working capital, value received for the asset, and potential elimination of diseconomies.

E. LIQUIDATIONS

Vote on a CASE-BY-CASE basis proposals related to liquidations after reviewing management's efforts to pursue other alternatives, appraisal value of assets, and the compensation plan for executives managing the liquidation.

18

F. APPRAISAL RIGHTS

Vote FOR proposals to restore, or provide shareholders with, rights of appraisal.

G. CHANGING CORPORATE NAME

Vote FOR changing the corporate name.

XI. MUTUAL FUND PROXIES

A. ELECTION OF TRUSTEES

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

Vote on trustee nominees on a CASE-BY-CASE basis.

B. INVESTMENT ADVISORY AGREEMENT

Vote on investment advisory agreements on a CASE-BY-CASE basis.

C. FUNDAMENTAL INVESTMENT RESTRICTIONS

Vote on amendments to a fund's fundamental investment restrictions on a CASE-BY-CASE basis.

D. DISTRIBUTION AGREEMENTS

Vote on distribution agreements on a CASE-BY-CASE basis.

XII. SOCIAL AND ENVIRONMENTAL ISSUES

In general we ABSTAIN from voting on shareholder social and environmental proposals, on the basis that their impact on share value can rarely be anticipated with any high degree of confidence.

In most cases, however, we vote FOR proposals that seek additional disclosure or reports, particularly when it appears companies have not adequately addressed shareholders' social and environmental concerns.

In determining our vote on social and environmental proposals, we also analyze the following factors:

19

- o whether adoption of the proposal would have either a positive or negative impact on the company's short-term or long-term share value;
- o the percentage of sales, assets and earnings affected;
- o the degree to which the company's stated position on the issues could affect its reputation or sales, or leave it vulnerable to boycott or selective purchasing;
- o whether the issues presented should be dealt with through government or company-specific action;
- o whether the company has already responded in some appropriate manner to the request embodied in a proposal;
- o whether the company's analysis and voting recommendation to shareholders is persuasive;
- o what other companies have done in response to the issue;
- o whether the proposal itself is well framed and reasonable;
- o whether implementation of the proposal would achieve the objectives sought in the proposal; and
- o whether the subject of the proposal is best left to the discretion of the board.

The following list includes some of the social and environmental issues to which this analysis is applied:

- o energy and environment
- o South Africa

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

- o Northern Ireland
- o military business
- o maquiladora standards and international operations policies
- o world debt crisis
- o equal employment opportunity and discrimination
- o animal rights
- o product integrity and marketing
- o human resources issues

Vote CASE-BY-CASE on proposals requesting reports assessing economic risks of environmental pollution or climate change, taking into account whether the company has clearly disclosed the following in its public documents:

- o Approximate costs of complying with current or proposed environmental laws
- o Steps company is taking to reduce greenhouse gasses or other environmental pollutants
- o Measurements of the company's emissions levels
- o Reduction targets or goals for environmental pollutants including greenhouse gasses

Vote AGAINST proposals that require a set reduction in greenhouse gas emissions by restrictive time frames unless the company significantly lags behind industry standards or has been the subject of recent, substantial controversy on this issue.

20

Vote AGAINST proposals asking for investment in or increased investment in renewable energy sources.

Vote CASE-BY-CASE on proposals asking for the preparation of a report on the financial, legal and environmental impact of continued use of genetically engineered (GE) ingredients/seeds, taking into account:

- o The relevance of the proposal in terms of the company's business and the proportion of it affected by the resolution
- o The quality of the company's disclosure on risks related to GE product use and how this disclosure compares with peer company disclosure
- o The percentage of revenue derived from international operations, particularly in Europe, where GE products are more regulated and consumer backlash is more pronounced.

Vote CASE-BY-CASE on proposals asking for a report on the feasibility of labeling products containing GE ingredients taking into account:

- o The relevance of the proposal in terms of the company's business and the proportion of it affected by the resolution
- o The quality of the company's disclosure on GE product labeling and related voluntary initiatives and how this disclosure compares with peer company disclosure
- o Company's current disclosure on the feasibility of GE product labeling, including information on the related costs
- o Any voluntary labeling initiatives undertaken or considered by the company

Vote AGAINST resolutions asking for the adopting of voluntary labeling of

Edgar Filing: CHARTWELL DIVIDEND & INCOME FUND INC - Form N-CSR

ingredients or asking for companies to label until a phase out of such ingredients has been completed.

Vote AGAINST the adoption of specific charter language regarding board diversity unless the company fails to publicly disclose existing equal opportunity or non-discrimination policies.

Vote AGAINST requests for reports outlining potential environmental damage from drilling in the Arctic national wildlife refuge (ANSR) unless:

- o New legislation is adopted allowing development and drilling in the ANWR region;
- o The company intends to pursue operations in the ANWR; and
- o The company does not currently disclose an environmental risk report for their operations in the ANWR.
