**Item 1.01. Entry Into a Material Definitive Agreement.**

On October 14, 2005, CancerVax Corporation (the Company) amended its employment agreements with David F. Hale, the Company's President and Chief Executive Officer, and Dennis E. Van Epps, Ph.D., the Company's Vice President, Research. The amendments extended the terms of Mr. Hale's and Mr. Van Epps' employment agreements to October 22, 2008 and November 25, 2008, respectively.

**Item 2.05. Costs Associated with Exit or Disposal Activities.**

On October 11, 2005, the Company's Board of Directors reviewed its workforce in light of its decision to discontinue the Phase 3 clinical trial of Canvaxin™ in patients with Stage III melanoma, as well as all further development of Canvaxin and manufacturing activities at the Company's manufacturing facilities for Canvaxin.

In addition to the workforce reductions as previously disclosed in the Company's Form 8-K filed with the Securities and Exchange Commission on October 6, 2005 (the Form 8-K), the Company's Board has determined to reduce the Company's workforce by three officers. The Company expects that these employment terminations will be substantially completed by December 31, 2005. In connection with this workforce reduction, the Company estimates that it will incur approximately \$0.8 million of severance and related costs in addition to the approximately \$3.0 million of severance and related costs associated with the workforce reductions previously disclosed in the Form 8-K. The substantial majority of these additional severance and related costs will be cash expenditures. The Company expects to accrue the majority of these costs in the fourth quarter of 2005.

The Company is also currently evaluating the need for further restructuring activities, including with respect to the Company's discontinuation of the Phase 3 clinical trial for Canvaxin and the Company's manufacturing facilities.
