DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of 250,000,000 shares of common stock, par value \$.10 per share, and 4,000,000 shares of preferred stock, par value \$10.00 per share. As of August 8, 2001, we had 63,742,567 shares of common stock and one share of preferred stock outstanding.

Common Stock

Holders of our common stock are entitled to:

- o one vote per share on matters to be voted upon by the stockholders;
- o receive dividends out of funds legally available for distribution when and if declared by our board of directors; and
- o share ratably in our assets legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up, after provisions for distributions to the holders of any preferred stock.

We may not pay any dividend (other than in shares of our common stock) or make any distributions of assets on shares of our common stock until cumulative dividends on any preferred stock then outstanding have been paid.

8

Holders of our common stock have no preemptive, subscription, redemption or conversion rights. The outstanding shares of our common stock are fully paid and nonassessable.

The holders of our common stock do not have cumulative voting rights. This means that holders of more than half of the shares can elect all of the directors and holders of the remaining shares will not be able to elect any directors. Our by-laws provide for a classified board of directors consisting of three classes with staggered three-year terms.

Transfer Agent

The transfer agent and registrar for our common stock is First Union National Bank, Charlotte, North Carolina.

Preferred Stock

Edgar Filing: LEGG MASON INC - Form S-3

Our Articles of Incorporation authorize our board of directors to issue shares of preferred stock, par value \$10.00 per share, and to fix the terms (including voting rights, dividends, redemption and conversion provisions, if any, and rights upon liquidation) of any shares issued. Outstanding shares of preferred stock that are redeemed or are converted to common stock are restored to the status of authorized and unissued shares of preferred stock issuable in series by our board of directors.

On May 26, 2000, we issued one special voting share of preferred stock in connection with our acquisition of Perigee Inc. This special voting share provides the holders of exchangeable shares of our subsidiary, Legg Mason Canada Holdings Ltd. with substantially the same voting rights as the holders of our common stock. The special voting share has a number of votes, which may be cast at a Legg Mason stockholders' meeting, equal to the number of exchangeable shares outstanding. As of August 8, 2001, there were 2,721,886 exchangeable shares outstanding.

Our board of directors has the authority, under our Articles of Incorporation, to classify or reclassify any unissued preferred stock from time to time by setting or changing the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends, qualifications, or terms or conditions of redemption of the stock.

9

Two-Tier Business Combination Provisions

Maryland law requires the affirmative vote of at least a majority of all of the outstanding shares entitled to vote to approve a merger, consolidation, share exchange or disposition of all or substantially all of our assets. Our Articles of Incorporation require the affirmative vote of not less than 70% of our then outstanding voting shares to approve any "business combination" of us with any "Related Person" unless certain conditions have been met. In addition, the 70% vote must include the affirmative vote of at least 55% of the outstanding shares of voting stock held by stockholders other than the Related Person. Accordingly, the actual vote required to approve the business combination may be greater than the 70%, depending upon the number of shares controlled by the Related Person. A Related Person is defined to include any person or entity which is, directly or indirectly, the beneficial owner of 15% or more of the outstanding shares of our voting stock, including any affiliate or associate of such person or entity. The term "business combination" is defined to include a wide variety of transactions between us and a Related Person, including a merger, consolidation, share exchange or sale of assets having a fair market value greater than 10% of the book value of our consolidated assets.

However, if the Related Person pays a "fair price" to our stockholders in the transaction, the 70% requirement would not be applicable and the proposed business combination could be approved by a simple majority of the stockholders unless otherwise required by Maryland law, provided that such affirmative vote includes at least 55% of the voting stock held by persons other than the Related Person. Under our Articles of Incorporation, the "fair price" must be at least equal to the greatest of:

- o the highest price paid or agreed to be paid by the Related Person to purchase shares of our common stock during the 24-month period prior to the taking of such vote;
- o the highest market price of the common stock during the 24-month

Edgar Filing: LEGG MASON INC - Form S-3

period prior to the taking of such vote; and

- o the per share book value of our common stock at the end of the calendar quarter immediately preceding the taking of such vote.

In addition, the "fair price" consideration to be received by our stockholders must be of the same form and kind as the most favorable form and kind of consideration paid by the Related Person in acquiring any of its shares of our common stock.

The special voting provisions are not applicable to a business combination authorized by our board of directors by a vote which includes a majority of our "Disinterested Directors." A Disinterested Director is defined to include any member of our board of directors who is not the Related Person (or an affiliate or associate of the Related Person) and who was a director prior to the time that the Related Person became a Related Person, and any successor of a Disinterested Director who is not the Related Person (or an affiliate or associate of the Related Person) and who is recommended to succeed a Disinterested Director by a majority of the Disinterested Directors then on our board of directors.

10

Our special voting provisions may not be amended, altered, changed or repealed except by the affirmative vote of at least 70% of the shares of stock entitled to vote at a meeting of the stockholders called for the consideration of such amendment, alteration, change or repeal, and at least 55% of the outstanding shares of stock entitled to vote thereon held by stockholders who are not Related Persons, unless such proposal was proposed by our board of directors by a vote that includes a majority of the Disinterested Directors.

The business combination provisions under our Articles of Incorporation could have the effect of delaying, deterring or preventing a change in control. Any possible change in control could also be affected by the applicability of certain Maryland anti-takeover statutes dealing with business combinations and acquisitions of controlling blocks of shares, as well as by our classified board of director provisions.

ERISA MATTERS

The Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code of 1986, as amended (the "Code"), impose certain restrictions on

- o "employee benefit plans" (as defined in Section 3(3) of ERISA),
- o "plans" described in Section 4975(e)(1) of the Code, including individual retirement accounts or Keogh plans,
- o entities whose underlying assets include plan assets by reason of a plan's investment in such entities (each of (a), (b) and (c) a "Plan"), and
- o persons who have certain specified relationships to Plans ("parties in interest" under ERISA and "disqualified persons" under the Code).

In addition to the foregoing exemptions, certain insurance company general accounts, which support policies issued by an insurer on or after December 31, 1998 to or for the benefit of Plans, are allowed to purchase common stock in reliance upon regulations promulgated by the Department of Labor pursuant to Section 1460 of the Small Business Job Protection Act of 1996. If

Edgar Filing: LEGG MASON INC - Form S-3

such policies satisfy the Section 1460 regulations, then the insurer will be deemed in compliance with ERISA's fiduciary requirements and prohibited transaction rules with respect to those assets of the insurer's general account which supports such policies.

ERISA also imposes certain duties on persons who are fiduciaries of Plans subject to ERISA, and both ERISA and the Code prohibit certain transactions between a Plan and parties in interest or disqualified persons.

Because of our activities or the activities of our affiliates, we may be deemed to be a party in interest or disqualified person with respect to a number of Plans (e.g., those to which we provide brokerage, investment or other financial services). If our common stock is acquired and held by a Plan with respect to which we are a party in interest or disqualified person, such acquisition and holding could be deemed to be a direct or indirect prohibited transaction, which could result in the imposition of taxes or penalties on the parties to the prohibited transaction.

11

Such transactions may, however, be exempt from the otherwise applicable taxes and penalties by reason of one or more statutory or administrative exemptions such as those described below. Such administrative exemptions may include:

- o Prohibited Transaction Class Exemption ("PTE") 95-60, 60 FR 35925, July 12, 1995, which exempts certain transactions involving insurance company general accounts;
- o PTE 90-1, 55 FR 2891, January 29, 1990, which exempts certain transactions involving insurance company pooled separate accounts;
- o PTE 91-38, 56 FR 31966, June 12, 1991, which exempts certain transactions involving bank collective investment funds; and
- o PTE 84-14, 49 FR 9494, March 13, 1984, which exempts certain transactions entered into on behalf of a Plan by a qualified professional asset manager.

If the conditions of one or more of these exemptions (or some other applicable exemption) are met, the acquisition and holding of our common stock by or on behalf of a Plan should be exempt from certain of the prohibited transaction provisions of ERISA and the Code. It should be noted, however, that even if such conditions are met, the scope of relief provided by such exemptions may not necessarily cover all acts that might be construed as prohibited transactions under ERISA and the Code.

Further, each Plan fiduciary should take into account, among other considerations:

- o whether the fiduciary has the authority to make the investment;
- o whether the investment constitutes a direct or indirect transaction with a party in interest or disqualified person;
- o the composition of the Plan's portfolio with respect to diversification by type of asset;
- o the Plan's funding objectives; the tax effects of the investment; and

Edgar Filing: LEGG MASON INC - Form S-3

- o whether under the general fiduciary standards of investment procedure and diversification an investment in our common stock is appropriate for the Plan, taking into account the overall investment policy of the Plan, the composition of the Plan's investment portfolio and all other appropriate factors.

Prior to making an investment in our common stock, a Plan investor must determine whether we are a party in interest or disqualified person with respect to such Plan and, if so, whether such transaction is subject to one or more statutory or administrative exemptions, including those described above, and whether the investment is otherwise a permissible and appropriate investment for the Plan. Prospective investors should consult with their legal and other advisors concerning the impact of ERISA and the Code and the potential consequences of such investment with respect to their specific circumstances.

12

PLAN OF DISTRIBUTION

We are registering shares of our common stock on behalf of the selling stockholders. We will pay for costs, expenses and fees in connection with the registration of the shares, except for brokerage commissions incurred by the selling stockholders in connection with the sale or other disposition of the common stock. The selling stockholders may offer and sell their shares from time to time in one or more of the following types of transactions (including block transactions):

- o on the New York Stock Exchange,
- o in the over-the-counter market,
- o in privately negotiated transactions,
- o through put or call options transactions relating to the shares,
- o through short sales of shares, or
- o a combination of such methods of sale.

The selling stockholders may sell their shares at prevailing market prices or at privately negotiated prices. Such transactions may or may not involve brokers or dealers.

The selling stockholders may offer and sell their shares directly to purchasers or to or through broker-dealers, which may act as agents or principals. Such broker-dealers may receive compensation in the form of discounts, concessions or commission from the selling stockholders and/or the purchasers of shares.

We have agreed to indemnify each selling stockholder against certain liabilities, including liabilities arising under the Securities Act.

Certain of the brokers, dealers or agents and their associates who may become involved in the sale of the shares may engage in transactions with and perform other services for us in the ordinary course of their business for which they receive customary compensation.

LEGAL MATTERS

The validity of the Legg Mason common stock offered hereby will be

Edgar Filing: LEGG MASON INC - Form S-3

passed upon for us by Shearman & Sterling, Washington, D.C., who will rely on the opinion of Robert F. Price, Esq., our General Counsel, as to all matters of Maryland law. Mr. Price beneficially owns, or has rights to acquire under our employee benefit plan, less than one percent of our common stock.

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution

Securities and Exchange Commission Registration Fee.....	\$11.47
Legal Fees.....	\$10,000
Miscellaneous.....	\$14,750
Total.....	\$24,761.47

Item 15. Indemnification of Directors and Officers

The Registrant's By-laws provide for indemnification of any person who is serving or has served as a director or officer of the Registrant, against all liabilities and expenses incurred in connection with any action, suit or proceeding arising out of such service to the full extent permitted under Maryland law.

Section 2-418 of the Maryland General Corporation Law establishes provisions whereby a Maryland corporation may indemnify any director or officer made a party to an action or proceeding by reason of service in that capacity, against judgments, penalties, fines, settlements and reasonable expenses incurred in connection with such action or proceeding unless it is proved that

Edgar Filing: LEGG MASON INC - Form S-3

the director or officer (i) acted in bad faith or with active and deliberate dishonesty, (ii) actually received an improper personal benefit in money, property or services or (iii) in the case of a criminal proceeding, had reasonable cause to believe that his act was unlawful. However, if the proceeding is a derivative suit in favor of the corporation, indemnification may not be made if the individual is adjudged to be liable to the corporation. In no case may indemnification be made until a determination has been reached that the director or officer has met the applicable standard of conduct. Indemnification for reasonable expenses is mandatory if the director or officer has been successful on the merits or otherwise in the defense of any action or proceeding covered by the indemnification statute. The statute also provides for indemnification of directors and officers by court order. The indemnification provided or authorized in the indemnification statute does not preclude a corporation from extending other rights (indemnification or otherwise) to directors and officers.

The Registrant's officers and directors are insured against certain liabilities under certain policies maintained by the Registrant with aggregate coverage of \$35,000,000.

The foregoing summaries are subject to the complete text of the statute, by-laws and agreements referred to above and are qualified in their entirety by reference thereto.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement: (i) to include any prospectus required by section 10(a)(3) of the Securities Act of 1933; (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration

statement or any material change to such information in the registration statement; provided, however, that paragraphs (1)(i) and (1)(ii) do not apply if the registration statement is on Form S-3 or Form S-8, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; and

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned Registrant hereby undertakes that (i) for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective and (ii) for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the

securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions set forth in Item 15, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
