### NOTICE TO SHAREHOLDERS

We hereby inform that, at the Extraordinary Shareholders Meeting of Vivo Participações S.A (“Company”) held on September 11, 2008, among other things, the Shareholders approved:

I – The reverse split of the shares representing the totality of the capital stock of the Company, in accordance with article 12 of Law No. 6,404/76, with the following characteristics:

(i) The reverse split is in the ratio of 4 (four) shares to 1 (one) share of the same class, so that the capital stock shall be represented by 368,519,356 registered book-entry shares, without par value, of which 134,150,345 are common shares and 234,369,011 are preferred shares.

(ii) The purposes of the reverse split are:

- (1) adjusting the quotation value of the Company's shares to a more adequate level from a stock market perspective;
- (2) reducing the operational costs and increasing the efficiency of the information to the shareholders;
- (3) improving the efficiency of the share registry systems, controls and information reports of the Company;
- (4) lining up the value per share and American Depositary Receipt (“ADR”) of the Company to the parameters negotiated with the stock markets in Brazil and in New York.

(iii) The Shareholders may, between September 12, 2008 and October 13, 2008, at their own discretion, adjust their equity position, according to the class of shares they own, in multiple lots of 4 (four) shares, by negotiating their shares at the São Paulo Stock Exchange Market (“BOVESPA”) through authorized brokers.

(iv) On and after October 14, 2008, the shares representing the capital stock of the Company will be traded only by their quotation in units;

---

(v) The sale of shares of the Company by bank agreement will be suspended between October 13, 2008 and October 21, 2008, inclusive.

(vi) The transfer in the over-the-counter market of shares issued by the Company, as well as the blocking of transfers of shares through the OTA (Order for Transfer of Shares) mechanism at the depository financial institution (Banco ABN Amro – Real S.A.) to the brokers, shall be suspended between October 13 and October 21, 2008, inclusive.

(vii) The sale by banking agreement, as well as the transfer of shares in the over-the-counter market, already grouped, will recommence on October 22, 2008.

(viii) On and after October 27, 2008, the remaining fractions of shares will be grouped in units and sold in auctions to be carried out at BOVESPA until the sale of all remaining fractions.

(ix) The fractions of shares will be subtracted from the equity positions of the Shareholders, prior to the auctions, and the proceeds of such sales will be made available to the respective Shareholders for 5 business days after the sale of the last lot as follows:

(a) Shareholders may present themselves to the Banco Real agency at their own discretion to receive the amounts due to them;

(b) Amounts due to Shareholders who owned fractions held in the custody of the Brazilian Clearing and Depository Corporation (Companhia Brasileira de Liquidação e Custódia - “CBLC”) will be directly credited in CBLC, which shall send such amounts to such Shareholders through the custody agents; and

(c) Amounts due to Shareholders whose shares in the book-entry register are blocked or for which the register is not updated will be kept by the Company and at the disposal of the respective Shareholder, exclusively for payment upon the presentation before the Banco Real agency of satisfactory documentation providing evidence of blocked shares or Shareholder identification, as the case may be.

(x) The shares to be offered in the auction as per item I – (viii) herein above were not registered under the Securities Act of 1933 (“Securities Act”) and cannot be offered or sold in the United States of America or to any U.S. Person (as defined in Regulation S under the Securities Act), unless such shares are registered in compliance with the Securities Act or there is an exemption to the registration requirements therein.

(xi) Simultaneously with the reverse split in the Brazilian market and in the same ratio, the ADRs shall also be reverse split in the U.S. market (New York Stock Exchange - NYSE). Therefore, on and after October 17, 2008 (effective date in the United States of America), 4 ADRs (prior to the reverse split) will represent 1 ADR (post-reverse split). The proportion of the ADRs to the shares will be kept the same, each 1 (one) share of the Company will represent 1 (one) ADR of the Company.

II – The amendment of article 4 of the Bylaws of the Company to reduce the limit of the authorized capital stock of the Company, in view of the reverse split, from 3,000,000,00 (three billion) shares, to 750,000,000 (seven hundred and fifty million) shares, common or preferred without additional amendment of the Bylaws.
