ITEM 2.05 COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES.

On September 26, 2006, the Board of Directors of Becton, Dickinson and Company (BD) approved a plan to exit the blood glucose monitoring (BGM) market. In accordance with the plan, distribution of the BD Logic® Blood Glucose Monitor will be discontinued immediately. BD will continue to distribute test strips for its customers through December 2007. The decision to exit the BGM market was made following an evaluation of the future outlook for the product line. BD s other diabetes products, including insulin syringes, pen needles and lancets, will not be affected.

BD estimates that it will record a pre-tax charge in its 2006 fiscal fourth quarter of approximately \$50 to \$70 million (\$33 to \$47 million after-tax), or approximately \$0.13 to \$0.18 per diluted share from continuing operations, in connection with its decision to exit the BGM product line. This charge consists approximately of \$27 to \$41 million of inventory-related charges, \$15 million of long-lived asset write-downs, \$7 million of severance costs and \$1 to \$7 million of other exit costs. Of the foregoing charge, \$25 to \$45 million will result in future cash expenditures.

The above estimates of the charges to be incurred in connection with the exit from the BGM product line are based upon current expectations of BD and involve a number of risks and uncertainties. Actual charges could vary materially from BD's estimates. Factors that could cause actual results to vary materially from BD's estimates include, but are not limited to, sales fluctuations of test strip inventory. BD does not intend to update any forward-looking statements contained herein to reflect events or circumstances after the date hereof, except as required by applicable laws or regulations.

A copy of the press release issued by BD in connection with Dr. Fraser-Liggett's election is attached hereto as Exhibit 99.1.
