EX-99.A.27: PRESS RELEASE DATED JANUARY 11, 2005

Table of Contents

This Amendment No. 6 (**Amendment No. 6**) amends and supplements the Schedule 14D-9 (the **Schedule 14D-9**), as amended, initially filed by Gold Fields with the Securities and Exchange Commission (the **SEC**) on December 7, 2004 relating to the Subsequent Offer. Except as otherwise defined herein, capitalized terms shall have the meaning given to them in the Schedule 14D-9.

This Amendment No. 6 amends and supplements Item 8 as follows:

ITEM 8. ADDITIONAL INFORMATION TO BE FURNISHED

Gold Fields Communications

On January 11, 2005, Gold Fields issued a press release reiterating the Board's position regarding the unsolicited hostile offer by Harmony (the **Offer**). In summary, the Board is convinced that the Offer has little merit, as is evidenced by the fact that only 11.5% of Gold Fields shareholders accepted Harmony's Early Settlement Offer, and, in order to stop the ongoing value destruction for shareholders of both companies, should be abandoned.

The Gold Fields Board remains committed to maximising value for all of Gold Fields shareholders. The Board believes that the Offer does not represent a fair value for Gold Fields; takes no account of the high quality of Gold Fields' asset base; does not reflect the benefits that successful international diversification has brought to Gold Fields shareholders; and does not reflect the troubled financial and operational condition of Harmony, nor the positive operating trend that Gold Fields is experiencing.

Shareholders are advised that the Board of Gold Fields continues to oppose the Offer vigorously, as the Board believes:

the Offer grossly undervalues Gold Fields; consists of only Harmony's over-valued shares with no cash element; and offers no control premium to Gold Fields shareholders;

Harmony's management model, the so-called **Harmony Way**, is flawed and unsuited for the challenges presented by Gold Fields' complex, long-life and deep level South African mining operations;

Harmony does not have the vision, management depth, or skills and capabilities to manage a global mining company, as they have effectively demonstrated through their poor track record of international expansion over the past decade;

Harmony's financial position is increasingly troubled, as is evidenced by its interest costs exceeding the cash flow generated by its operations. The Board believes that this is seriously impairing Harmony's balance sheet and will threaten the viability of any combined entity. At the current rand gold price nearly half of Harmony's production is making operating losses;

despite Harmony's aggressive marketing and reporting practices its business model has failed both in South Africa and internationally. The latest Harmony assertion that continuous operations, or CONOPS, is the panacea that will save Harmony, is now being exposed with the breakdown over the Christmas period of CONOPS at the Free State operations, potentially resulting in significant lost production; and

an independent Gold Fields offers shareholders a solid and transparent investment vehicle with more exciting growth prospects than the combination proposed by Harmony.

The Board recommends that Gold Fields shareholders and ADR holders should continue to reject the Offer, should not tender their shares or ADRs, and should continue to reap the benefits of a well managed, performance focussed, internationally diversified South African champion Gold Fields.

Edgar Filing: GOLD FIELDS LTD - Form SC 14D9/A

In addition, the Board also communicated that following the discussions held in Moscow late in December 2004, Gold Fields and Harmony have agreed to engage in discussions with a view to exploring possible alternative transactions to the Subsequent Offer. At this stage no viable alternatives have been identified.

A copy of this press release has been filed herewith as Exhibit 99.(a)(27) and is hereby incorporated herein by this reference.
