Item 1.01 Entry into a Material Definitive Agreement.

Underwriting Agreement

On November 19, 2007, Wright Medical Group, Inc. (the Company) entered into an underwriting agreement (the Underwriting Agreement) pursuant to which the Company agreed to sell up to \$200,000,000 aggregate principal amount of Convertible Senior Notes Due 2014 (the Notes) in a public offering. J.P. Morgan Securities Inc. acted as the sole book-running manager and Piper Jaffray & Co. and Wachovia Capital Markets, LLC were co-managers for the offering. A copy of the Underwriting Agreement is attached hereto as Exhibit 1.1 and is incorporated herein by reference.

The closing of the offering of the Notes occurred on November 26, 2007. The Notes and the common stock of the Company (the Common Stock) issuable upon conversion of the Notes have been registered with the Securities and Exchange Commission on a Registration Statement on Form S-3 (Registration No. 333-147487).

Indenture

The Notes are governed by an Indenture (the Indenture), dated as of November 26, 2007, between the Company and The Bank of New York, as trustee (the Trustee). A copy of the Indenture and a form of the Note are attached hereto as Exhibits 4.1 and 4.2, respectively, and each is incorporated herein by reference.

The Notes will bear interest at the rate of 2.625% per annum. Interest on the Notes is payable on June 1 and December 1 of each year, beginning on June 1, 2008. The Notes will mature on December 1, 2014 (the Maturity Date).

Holder of the Notes may convert their Notes into shares of the Common Stock at the applicable conversion rate at any time on or prior to the close of business on the business day immediately preceding the Maturity Date. The conversion rate will initially be 30.6279 shares of Common Stock per \$1,000 principal amount of Notes, which is equivalent to a conversion price of approximately \$32.65 per share of Common Stock. The conversion rate will be subject to adjustment upon the occurrence of specified events.

Beginning on December 6, 2011, the Company may redeem for cash the Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest, including additional interest, if any, to, but excluding, the redemption date, if the closing sale price of Common Stock has exceeded 140% of the conversion price for at least 20 trading days in any consecutive 30-day trading period ending on the trading day prior to the date of mailing of the notice of redemption.

Upon a fundamental change, the holders, subject to certain circumstances, may require the Company to purchase for cash all or a portion of their Notes at a purchase price equal to

100% of the principal amount of the Notes, plus accrued and unpaid interest, including additional interest, if any, to, but excluding the fundamental change purchase date.

The Indenture contains customary terms and covenants that upon certain events of default occurring and continuing, either the Trustee or the holders of not less than 25% in aggregate principal amount of the Notes then outstanding may declare the principal of the Notes and any accrued and unpaid interest through the date of such declaration immediately due and payable. In the case of certain events of bankruptcy or insolvency relating to the Company or any of its subsidiaries, the principal amount of the Notes together with any accrued and unpaid interest through the occurrence of such event shall automatically become and be immediately due and payable.

The foregoing summaries of the Underwriting Agreement and the Indenture are qualified in their entirety by reference to the full text of such documents.
