QUESTIONS AND ANSWERS

The following questions and answers are intended to provide you with more information about SCM Microsystems Inc.'s (SCM, the Company, we, us or our) Annual Meeting of Stockholders to be held on Tuesday, October 29, 2009, at 10:00 a.m., local time, at our new U.S. headquarters, located at 1900 Carnegie Avenue, Building B, Santa Ana, California 92705 (the Annual Meeting).

Q: What proposals will be voted on at the Annual Meeting?

A: There are four proposals scheduled to be voted on at the Annual Meeting:

To elect three members of the Board of Directors of the Company (the Board of Directors) to serve until the expiration of their term or until their successors are elected and qualified;

To approve an amendment to the Company's Fourth Amended and Restated Certificate of Incorporation that would increase the amount of Common Stock authorized under the Company's Fourth Amended and Restated Certificate of Incorporation by 20,000,000 shares;

To approve an amendment to the Company's 2007 Stock Option Plan that would increase the number of shares reserved for issuance under the 2007 Stock Option Plan by 2,000,000 shares; and

To ratify the appointment of Deloitte & Touche as our independent registered public accountants for the fiscal year ending December 31, 2009.

We will also consider other business that properly comes before the meeting, although at this time we know of no additional matters that will be considered.

Q: How does the Board of Directors recommend that I vote?

A: The Board of Directors recommends that you vote:

FOR each of the nominees to the Board of Directors set forth in this proxy statement;

FOR the proposal to amend the Company's Fourth Amended and Restated Certificate of Incorporation to increase the amount of Common Stock authorized by 20,000,000 shares;

FOR the proposal to amend the Company's 2007 Stock Option Plan to increase the amount of shares reserved for issuance by 2,000,000 shares; and

FOR ratification of the appointment of Deloitte & Touche as our independent registered public accountants for the fiscal year ending December 31, 2009.

Q: Who may vote at the Annual Meeting?

A: You may vote your SCM Common Stock if you owned those shares as of the close of business on August 31, 2009 (the Record Date). You may cast one vote for each share of common stock held by you on all matters presented. As of the Record Date, there were [] shares of common stock issued and outstanding.

Q: How can I vote my shares in person at the Annual Meeting?

A: If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company LLC, you are considered the stockholder of record with respect to those shares. As the stockholder of record, you have the right to vote in person at the meeting. If you choose to do so, you can bring your proxy card or vote using the ballot provided at the meeting. However, even if you plan to attend the Annual Meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

If you hold your shares in street name through a stockbroker, bank or other nominee rather than directly in your own name, you are considered the beneficial owner of shares held in street name. Because a beneficial owner is not a stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, bank or nominee that holds your shares, giving you the right to vote those shares at the

Table of Contents

meeting. If you wish to attend the Annual Meeting and vote in person, you will need to contact your broker, bank or nominee to obtain a legal proxy.

Q: How can I vote my shares without attending the Annual Meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the Annual Meeting by completing and mailing your proxy card or by following the instructions provided, to vote by mail, phone or Internet. Please refer to the section entitled "Voting Procedures" in the enclosed Proxy Statement for details.

Q: What happens if I do not give specific voting instructions?

A: If you are a stockholder of record and you submit a proxy, but do not specify how you want to vote on a proposal, in the absence of contrary instructions, the shares of Common Stock represented by such proxy will be voted FOR Proposals 1, 2, 3 and 4, and will be voted in the proxy holders' discretion as to other matters that may properly come before the Annual Meeting.

If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on your behalf on matters to be considered at the meeting.

Q: What is the quorum requirement for the Annual Meeting?

A: One-third (1/3) of SCM's issued and outstanding shares as of the Record Date must be present at the meeting in order to hold the meeting and conduct business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting, if you:

are present and vote in person at the meeting; or

have properly submitted a proxy card.

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock will be required to approve the amendment to SCM's Fourth Amended and Restated Certificate of Incorporation to increase the number of authorized shares of Common Stock (Proposal 2). As a result, abstentions and broker non-votes will have the same legal effect as voting against the proposal.

Q: How can I change my vote after I vote my proxy?

A: You may revoke your proxy and change your vote at any time before the final vote at the meeting. You may do this by signing a new proxy card with a later date or by attending the meeting and voting in person. However, your attendance at the meeting will not automatically revoke your proxy unless you vote at the meeting or specifically request in writing that your prior proxy be revoked.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that seeks to protect your voting privacy. Your vote will not be disclosed either within SCM or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and

certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy card, which may be forwarded to SCM management.

Q: Where can I find the voting results of the Annual Meeting?

A: The preliminary voting results will be announced at the meeting. The final voting results will be tallied by our Inspector of Elections and published in our Annual Report on Form 10-K for the fiscal year ending December 31, 2009.

Q: How can I obtain a copy of Proxy Materials for the SCM Annual Meeting?

A: A Notice of Internet Availability of Proxy Materials (the Notice) has been sent to our stockholders of record and beneficial owners, with instructions for accessing proxy materials and our Annual Report on Form 10-K (the Proxy

Table of Contents

Materials) over the Internet, or requesting that physical copies of the Proxy Materials be received by mail. Additional information on accessing or receiving Proxy Materials can be obtained from SCM Microsystems at +1 949-553-4251, emailing us at ir@scmmicro.com or writing to us at SCM Microsystems, Inc., 1900 Carnegie Avenue, Building B, Santa Ana, California 92705, Attention: Investor Relations.

Q: What is the voting requirement to approve each of the proposals?

A: With respect to the first proposal, the three persons receiving the highest number of FOR votes at the Annual Meeting will be elected as directors. With respect to the second proposal, additional shares will be authorized under SCM's Fourth Amended and Restated Certificate of Incorporation if the proposal receives the affirmative vote of the holders of a majority of the outstanding shares of Common Stock. With respect to the third proposal, additional shares will be authorized under the 2007 Stock Option Plan if the proposal receives the affirmative vote of a majority of the votes cast. With respect to the fourth proposal, the appointment of Deloitte & Touche as the Company's registered independent public accountants will be ratified if it receives the affirmative vote of a majority of the votes cast.

Q: Is cumulative voting permitted for the election of directors?

A: No. Cumulative voting is not permitted for the election of directors.

Q: How can I communicate with SCM's non-employee directors?

A: Stockholders may communicate with the Board of Directors by sending an email to ir@scmmicro.com or by writing to the Board of Directors at the corporate headquarters of SCM Microsystems, Inc., Oskar-Messter-Str. 13, 85737 Ismaning, Germany, Attention: Investor Relations. The Investor Relations staff will forward such communication to the Board of Directors or to any individual director or directors to whom the communication is directed as applicable, if the communication is relevant to SCM's business and financial operations, policies or corporate philosophy. If the communication is unduly hostile, threatening, illegal or similarly inappropriate, or advertisements, solicitations for periodicals or other subscriptions, and other similar communications are received, the Investor Relations staff has the authority to discard the communication or take appropriate legal action regarding the communication.

The Board of Directors of SCM Microsystems, Inc. (the "Board of Directors") is furnishing this Proxy Statement to you in connection with the Company's solicitation of proxies for use at our 2009 Annual Meeting of Stockholders to be held on October 29, 2009, at 10:00 a.m., local time, at our new U.S. headquarters, 1900 Carnegie Avenue, Building B, Santa Ana, California 92705, or any adjournment(s) or postponement(s) thereof, for the purposes set forth herein and in the accompanying notice of our 2009 Annual Meeting of Stockholders.

These proxy solicitation materials are being mailed on or about September 18, 2009 to all SCM Microsystems stockholders entitled to notice of and to vote at the Annual Meeting.

Important Notice Regarding Internet Availability of Proxy Materials and Annual Report

Pursuant to the rules of the SEC, the Company is required to provide access to our Proxy Materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders of record and beneficial owners. All stockholders will have the ability to access the Proxy Materials on a website referred to in the Notice or request to receive a printed set of the Proxy Materials. Instructions on how to access the Proxy Materials over the Internet or to request a printed copy may be found on the Notice. In addition, stockholders may request to receive the Proxy Materials in printed form by mail or electronically by email on an ongoing basis.

The Notice will provide stockholders with instructions regarding how to:

View the Proxy Materials for the Annual Meeting over the Internet; and

Instruct the Company to send future Proxy Materials to stockholders electronically by email.

Choosing to receive the future Proxy Materials by email will save the Company the cost of printing and mailing documents to our stockholders and will reduce the impact of the Company's annual stockholders' meetings on the environment. If a stockholder chooses to receive future Proxy Materials by email, the stockholder will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Any stockholder's election to receive the Proxy Materials by email will remain in effect until such stockholder terminates the request.

Record Date

Our Board of Directors has fixed the close of business on August 31, 2009 as the Record Date for the determination of our stockholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment(s) or postponement(s) thereof.

Shares Outstanding

As of August 31, 2009, we had issued and outstanding 25,134,985 shares of Common Stock, par value \$0.001 per share. In the U.S., the Company's common stock is listed on the NASDAQ Global Market, which is referred to in this proxy statement as NASDAQ. The Company's stock is also listed on the Frankfurt Stock Exchange. For information regarding holders of more than 5% of the outstanding common stock and the security ownership by management, see Securities Ownership of Certain Beneficial Owners and Management.

Table of Contents

Voting Rights

Each stockholder of record on the Record Date will be entitled to one vote per share of Common Stock held on the Record Date on all matters submitted for consideration of, and to be voted upon by, the stockholders at the Annual Meeting. The election of directors shall be determined by a plurality of the votes cast: each stockholder will be entitled to vote for up to three nominees to our Board of Directors, and the three nominees with the greatest number of votes will be elected to the Board of Directors. No stockholder will be entitled to cumulative votes at the Annual Meeting for the election of any members of our Board of Directors. The proposal to increase the number of authorized shares of the Company's Common Stock under the Fourth Amended and Restated Certificate of Incorporation requires the affirmative vote of the holders of a majority of the outstanding Common Stock. All other matters shall be determined by a majority of the votes cast, except as otherwise required by law.

Voting Procedures

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company LLC, you are considered the stockholder of record with respect to those shares. As the stockholder of record, you have the right to vote in person at the meeting. If you choose to do so, you can bring your proxy card or vote using the ballot provided at the meeting. However, even if you plan to attend the Annual Meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

If you hold your shares in street name through a stockbroker, bank or other nominee rather than directly in your own name, you are considered the beneficial owner of shares held in street name. Because a beneficial owner is not a stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, bank or nominee that holds your shares, giving you the right to vote those shares at the meeting. If you wish to attend the Annual Meeting and vote in person, you will need to contact your broker, bank or nominee to obtain a legal proxy.

If any stockholder is unable to attend the Annual Meeting, the stockholder may vote by proxy as follows:

Internet. A stockholder can submit a proxy over the Internet by following the instructions provided in the Notice or on the separate proxy card if the stockholder received a printed set of the Proxy Materials.

Telephone. A stockholder can submit a proxy over the telephone by following the instructions provided on the separate proxy card if the stockholder received a printed set of the Proxy Materials.

Mail. A stockholder that received a printed set of the Proxy Materials can submit a proxy by mail by completing, signing and returning the separate proxy card in the prepaid and addressed envelope included with the Proxy Materials.

Stockholders are urged to specify their choices on the proxy they submit by Internet, telephone or mail. If you are a stockholder of record and you submit a proxy, whether in person, by mail, by telephone or over the Internet, but do not specify how you want to vote on a proposal, in the absence of contrary instructions, the shares of Common Stock represented by such proxy will be voted **FOR** Proposals 1, 2, 3 and 4, and will be voted in the proxy holders' discretion as to other matters that may properly come before the Annual Meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on your behalf on matters to be considered at the meeting.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is one-third (1/3) of the shares of our common stock issued and outstanding as of the Record Date. Shares voted FOR, AGAINST or WITHHELD from a matter voted upon by the stockholders at the Annual Meeting will be treated as being present at the Annual Meeting for purposes of establishing a quorum for the transaction of business, and will also be treated as shares represented and voting at the Annual Meeting (the Votes Cast) with respect to any such matter.

Abstentions and broker non-votes are each included in determining the number of shares present and voting at the Annual Meeting for purposes of determining the presence or absence of a quorum, and each is tabulated

Table of Contents

separately. Abstentions with respect to any matter other than the election of Directors of the Company (Proposal 1) will be treated as shares present or represented by proxy and entitled to vote on that matter and will thus have the same effect as negative votes. If shares are not voted by the bank, broker or other financial institution which is the record holder of the shares but which does not receive voting instructions from the beneficial owners of those shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to any matter, these non-voted shares, or broker non-votes, are deemed not to be entitled to vote on the matter and accordingly are not counted for purposes of determining whether stockholder approval of that matter has been obtained with respect to Proposals 2, 3, and 4.

Vote Required

The election of directors at the Annual Meeting requires the affirmative vote of a plurality of the votes cast at the Annual Meeting.

To approve an amendment to the Company's Fourth Amended and Restated Certificate of Incorporation that would increase the amount of Common Stock authorized under the Company's Fourth Amended and Restated Certificate of Incorporation by 20,000,000 shares requires the affirmative vote of a majority of the outstanding shares of Company Common Stock.

Each other item to be voted on at the Annual Meeting requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting.

All votes will be tabulated by the inspector of elections appointed for the Annual Meeting. The inspector of elections will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Solicitation of Proxies

The cost of soliciting proxies will be borne by us. We may reimburse brokerage firms, banks and other persons representing the beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile or personal solicitation by our directors, officers or regular employees without additional compensation.

Copies of the 10-K

Copies of our Annual Report on Form 10-K are available free of charge both on our website at www.scmmicro.com and by request. You may request a 10-K by calling SCM Microsystems at +1 949-553-4251, emailing us at ir@scmmicro.com or writing to us at SCM Microsystems, Inc., 1900 Carnegie Avenue, Building B, Santa Ana, California 92705, Attention: Investor Relations.

Revocability of Proxies

Your proxy is revocable at any time before it is voted at the Annual Meeting either by delivering to us a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. If you have executed and returned a proxy and are present in person at the Annual Meeting and wish to vote at the Annual Meeting, you may elect to do so by notifying the Inspector of Elections, thereby suspending the power of the proxy holders to vote the proxy previously delivered by you. Attendance at the Annual Meeting, however, will not by itself revoke a proxy previously delivered to us.

Stockholder Proposals for 2010 Annual Meeting of Stockholders

We anticipate that our 2010 Annual Meeting of Stockholders will take place in late June 2010, more than thirty days from the date of the 2009 Annual Meeting, and that we will mail our proxy materials for the 2010 Annual Meeting of Stockholders in early May 2010. Pursuant to Rule 14a-8 under the Exchange Act, some stockholder proposals may be eligible for inclusion in our proxy materials for the 2010 Annual Meeting. These stockholder proposals must be received at SCM Microsystems, Inc., Oskar-Messter-Str. 13, 85737 Ismaning, Germany, Attn: Secretary, no later than January 8, 2010, which is 120 days prior to our anticipated mailing date of May 7, 2010.

Table of Contents

In addition, SCM's bylaws establish an advance notice procedure with regard to nominations for the election of directors and business proposals to be brought before an annual meeting of stockholders by any stockholder (other than matters included in the Company's proxy materials in accordance with Rule 14a-8 under the Exchange Act). Such a proposal will be considered at the 2010 Annual Meeting if the Company receives notice of such proposal at SCM Microsystems, Inc., Oskar-Messter-Str. 13, 85737 Ismaning, Germany, Attn: Secretary, not later than the close of business on the tenth day following the day on which notice of the date of the 2010 Annual Meeting is mailed or public disclosure is made. A stockholder's notice to the Secretary must set forth as to each matter (other than with notices regarding nominations for the election of directors) the stockholder proposes to bring before the 2010 Annual Meeting: (i) a brief description of the business desired to be brought before the 2010 Annual Meeting, (ii) the name and address, as they appear on the Company's books, of the stockholder proposing such business, (iii) the class and number of shares of the Company which are beneficially owned by the stockholder, and (iv) any material interest of the stockholder in such business. For a description of the notice requirements regarding nominations for the election of directors, see the section entitled "Policy for Director Recommendations and Nominations" below.

Director Independence

Our Board of Directors has reviewed the independence of each of our directors and each director nominee and considered whether any director or nominee has had a material relationship with our company or our management that could compromise his ability to exercise independent judgment in carrying out his duties and responsibilities. As a result of this review, our Board of Directors affirmatively determined that each non-employee director nominee and all of our non-employee directors are independent under the corporate governance standards of the Marketplace Rules of the NASDAQ Stock Market and Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

In connection with the determination of independence of Dr. Hans Liebler, the Board of Directors considered Dr. Liebler's relationship with the Company's largest stockholder, Lincoln Vale European Partners, of which Dr. Liebler is a founder and member of the investment committee. The Board of Directors determined that such relationship would not compromise Dr. Liebler's ability to exercise independent judgment in carrying out his duties and responsibilities. In agreeing to serve as a member of our Board of Directors, Dr. Liebler must act independently of Lincoln Vale European Partners in discharging his fiduciary duties to stockholders of the Company and also is obligated not to disclose to Lincoln Vale European Partners or use for his own benefit any confidential information that he may obtain during his service on the Board. Dr. Liebler disclaims shared voting or dispositive power over any securities held by the fund.

Humphreys, Koepf, Liebler and Turner, with Mr. Liebler joining the committee in July 2008. Mr. Koepf served as the committee's Chairman, a position he has held since April 2007. The Nominating Committee held three physical meetings during fiscal 2008.

Strategic Advisory Committee. The Strategic Advisory Committee was created by the Board of Directors in June 2009 to oversee the three to five year strategic plan of the Company. Currently, the five non-employee members of the Board of Directors, Messrs. Humphreys, Liebler, Morgan, Turner and Koepf, serve on the Strategic Advisory Committee and Mr. Humphreys serves as Chairman. Additionally, up to three industry experts who are neither employees nor directors of our Company may serve on the Strategic Advisory Committee, although no such outside advisors currently serve. Currently, the Board of Directors is working to identify and evaluate such outside advisors to serve on the committee.

POLICY FOR DIRECTOR RECOMMENDATIONS AND NOMINATIONS

The primary role of the Nominating Committee is to develop and recommend to the Board criteria for identifying and evaluating director candidates and to establish a procedure for consideration of director candidates recommended by our stockholders. The Nominating Committee periodically assesses the appropriate size of the Board of Directors and whether any vacancies are expected due to retirement or otherwise. In the event that vacancies are anticipated, the Nominating Committee seeks to identify and evaluate potential candidates at meetings of the Nominating Committee, which can take place at any point during the year.

Candidates may come to the attention of the Board through current Board members, professional search firms, shareholders or other parties. All candidates are evaluated based on a review of the individual's qualifications, skills, independence and expertise. The Nominating Committee will consider candidates submitted by stockholders as nominees for election as Directors of the Company. Stockholders wishing to have the Nominating Committee consider a candidate should submit the name(s) and supporting information to Corporate Secretary, SCM Microsystems, Inc., Oskar-Messter-Str. 13, 85737 Ismaning, Germany and should include the following information: (a) the name(s) and address(es) of the stockholder(s) making the recommendation and of the persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Company entitled to vote for the election of Directors on the date of such notice and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would be required to be included in the proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, had the nominee been nominated, or intended to be nominated, by the Board of Directors; (e) the consent of each nominee to serve as a director of the Company if so elected; and (f) appropriate biographical information and a statement as to the qualifications of the candidate. Written notice of a nomination must be received by us within the timeframe described under *Stockholder Proposals for 2010 Annual Meeting of Stockholders* above.

As part of its selection process, the Nominating Committee may consider recommendations of director candidates with diverse backgrounds and experience who are expected to enhance the quality of the Board, serve stockholders long-term interests and contribute to our overall corporate goals. While the Nominating Committee has not established specific minimum criteria for candidates, the philosophy of the committee is that directors should possess the highest personal and professional ethics, integrity and values, informed judgment, and sound business experience and be

committed to representing the long-term interests of our stockholders. Candidates must also have an inquisitive and objective perspective, the ability to make independent analytical inquiries, practical wisdom and mature judgment. In evaluating candidates, the Nominating Committee may consider a candidate's work experience related to our business, general professional experience and overall expected contributions to the Board of Directors in relation to other directors already serving on the Board. When evaluating existing directors for

nomination for re-election, the Nominating Committee may also consider the directors' past Board and committee meeting attendance and participation. We endeavor to have a Board representing diverse experience at policy-making levels in various areas that are relevant to our global activities.

The Nominating Committee evaluates shareholder-recommended candidates using the same process and the same criteria it uses to evaluate candidates from other sources.

The Nominating Committee has the authority to retain at outside counsel, experts, and other advisors as it determines appropriate to assist it in the full performance of its functions, including sole authority to retain and terminate any search firm used to identify director candidates, and to approve the search firm's fees and other retention terms.

Table of Contents**Change in Cash Compensation for 2009**

During 2008, the Compensation Committee conducted a review of compensation paid to SCM Board members that included comparisons of cash and equity compensation made to directors at six other security companies, including ActivIdentity, Entrust, L-1 Identity Solutions, Secure Computing (subsequently acquired by McAfee), Tumbleweed Communication (subsequently acquired by Axway Inc.) and Vasco Data Security. Based on this review, in December 2008, the Compensation Committee approved an increase in the cash compensation paid to the Company's non-employee directors, effective beginning in 2009. Annual cash compensation was increased from \$10,000 to \$20,000 for all directors except for the Chairman of the Board, whose annual cash compensation was increased from \$20,000 to \$40,000. Additionally, directors will also receive a fee of \$500 for attendance at each telephonic Board meeting lasting more than 60 minutes, whereas previously no fees had been paid for attendance at telephonic Board meetings. Additionally, members of our Board of Directors who serve on the Strategic Advisory Committee, which was created in June 2009, are eligible to receive cash compensation of \$2,000 per year, except for the Chairman, who is eligible to receive annual cash compensation of \$4,000. All other components of cash compensation remain unchanged for 2009.

Equity Compensation

During 2008, each non-employee member of SCM's Board of Directors was eligible to receive option awards under the terms of the company's 2007 Stock Option Plan. Under this plan, new members of the Board receive an initial option grant to purchase 10,000 shares of the company's common stock. Continuing members of the Board who have served for at least six months receive an annual option grant to purchase 5,000 shares of the company's common stock, awarded on the date of the company's Annual Meeting of Stockholders. Both of these option grants vest 1/12th per month over the one-year period following the date of grant.

During 2008, each of SCM's non-employee directors, with the exception of Dr. Liebler, received an annual grant of 5,000 options for shares of the company's common stock. All such annual grants were made on July 1, 2008, the date of SCM's Annual Meeting, at an exercise price of \$2.91 per share, which was the NASDAQ closing price on that day. Dr. Liebler received an initial option grant to purchase 10,000 shares of the company's common stock upon joining the Board. His grant was made on June 2, 2008 at an exercise price of \$2.95, which was the NASDAQ closing price on that day.

PROPOSAL NO. TWO

APPROVAL OF AMENDMENT TO INCREASE THE AMOUNT OF COMMON STOCK AUTHORIZED UNDER THE SCM MICROSYSTEMS CERTIFICATE OF INCORPORATION

SCM's stockholders are being asked to approve an amendment to the Company's Fourth Amended and Restated Certificate of Incorporation (" Charter ") to increase the number of shares of Common Stock authorized for issuance. The proposed amendment was adopted, subject to stockholder approval, by the Board of Directors on July 24, 2009. Last amended in 1997, the Charter currently authorizes up to 40,000,000 shares of Common Stock for issuance, of which 25,753,385 have been issued and 14,246,615 remain available for issuance as of August 31, 2009. Of the 14,246,615 available for issuance, 1,500,000 have been reserved for issuance under SCM's 2007 Stock Plan, 1,400,708 have been reserved for issuance under SCM's other stock option plans and 4,900,807 have been reserved for issuance under outstanding warrants to purchase shares of SCM's Common Stock. The proposed amendment to our Charter would increase the number of shares of Common Stock authorized for issuance by 20,000,000 shares, to an aggregate of 60,000,000 shares. The number of shares of Preferred Stock authorized for issuance under our Charter would remain unchanged, at 10,000,000 shares.

We expect to use our authorized and unissued Common Stock to permit our Board of Directors to issue shares of Common Stock to raise capital, for strategic investment purposes, as payment consideration for merger and acquisition activities, to grant long-term incentive stock options to our employees, officers and directors and for other general corporate purposes. SCM has adopted a strategy for growth that includes the evaluation and pursuit of strategic opportunities, financings, investments and merger and acquisition activities as a way to expand our business, reinforce our market position in targeted areas and fully leverage our strengths and opportunities. An example of this strategy is our recent acquisition of Hirsch Electronics Corporation, which nearly doubled our revenues, diversified our customer base and enables us to better address the global demand for security and identity solutions. While the Company is not at this time party to any plan, proposal or arrangement, written or otherwise, to issue any of the newly authorized shares of Common Stock for any purpose, including acquisitions or financings, we intend to continue to pursue opportunities and transactions that may further our strategic objectives. Accordingly, in the future the Company may enter into or develop a plan, proposal or arrangement, written or otherwise, to issue all or a portion of the newly authorized shares of Common Stock.

After evaluating the number of authorized shares of Common Stock issued and outstanding, the number reserved for issuance and the number un-reserved and available for issuance, the Board of Directors determined that the current number of authorized shares of Common Stock un-reserved and available for issuance may not be sufficient to allow the Company to pursue the opportunities and transactions that it believes are necessary to our growth and success and in the best interests of the Company and its stockholders.

Additionally, a review of the capitalization of certain peer companies selected based on their industry revealed that the percentage of common shares available for issuance compared to the total number of common shares authorized is significantly lower for the Company than it is for the average percentage for the selected peers.

The Board of Directors believes that an increase in the number of shares of Common Stock authorized for issuance is necessary to ensure that SCM has sufficient shares available for our strategic initiatives and to put it in line with the peer companies identified above. Therefore, the Board is asking the Company's stockholders to vote in favor of this proposed amendment to our Charter to increase the number of shares of Common Stock authorized for issuance from 40,000,000 shares to 60,000,000 shares. The full text of the proposed amendment to SCM's Charter is set forth in Annex A.

Effects of the Increase in Authorized Common Stock

While the proposed increase in the number of authorized shares of Common Stock is not intended by management or the Board of Directors of the Company to prevent or discourage any actual or threatened takeover of the Company, under certain circumstances, it could have an anti-takeover effect. Additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could resist, frustrate or make more difficult a third-party transaction that was favored by a majority of the independent stockholders and that might provide an above-market premium. For example, additional shares could be issued by the Company to dilute the stock ownership or voting rights of persons seeking to obtain control of the Company. Similarly, the issuance of additional shares to persons allied with the Company's management could have the effect of making it more difficult to remove the Company's management by diluting the stock ownership or voting rights of persons seeking to effect such removal. Any such additional shares could be issued in private placements and without stockholder approval or further action by the stockholders. Accordingly, if adopted, the increase in the number of authorized shares of Common Stock may render more difficult or discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of the Company's capital stock and the removal of management or the Board of Directors. Any such anti-takeover effect may be beneficial to management and the Board of Directors of the Company and could have an

adverse impact on stockholders.

Management is not currently aware of any specific third-party effort to accumulate shares of Common Stock or to obtain control of the Company by means of a merger, tender offer or solicitation in opposition to management or the Board of Directors. Moreover, the Company currently has no plan to issue newly authorized shares of Common Stock or adopt other anti-takeover proposals intended to discourage third parties from attempting to take over the Company. Although the Board of Directors is motivated by business and financial considerations in proposing the increase in the number of authorized shares of Common Stock, and not the threat of any attempt by a third-party to gain control of the Company, stockholders nevertheless should be aware that increasing the number of authorized shares of Common Stock could facilitate management's ability to deter or prevent changes of control in the future and any issuance of newly authorized shares of Common Stock, regardless of the intent, could have an anti-takeover effect.

Certain Existing Anti-takeover Mechanisms

Certain provisions in our Charter may have anti-takeover effects. Our Charter authorizes undesignated preferred stock, which makes it possible for the Board of Directors, without stockholder approval or further action by the stockholders, to issue preferred stock with voting or other rights or preferences that could impede the success of an attempt to obtain control of the Company. The Charter eliminates stockholders' ability to take action by written consent without a meeting, which makes it more difficult for stockholders to take action opposed by the Board of Directors. The Charter also permits stockholders to remove directors only for cause and only with the affirmative vote of the holders of at least a majority of the voting power of the then outstanding shares of capital stock of the Company. In addition, the Charter provides for a classified Board of Directors with three-year staggered terms, which could delay the ability of stockholders to change membership of a majority of our Board of Directors. Moreover, vacancies in the Board of Directors may be filled only by the vote of a majority of directors then in office, which could limit the ability of a potential acquiror from appointing representatives to the Board of Directors prior to the annual meeting of stockholders. In addition, subject to certain exceptions, the Charter requires that two-thirds of the voting power of all the then outstanding shares of capital stock or two-thirds of the members of our Board of Directors approve a merger or sale of substantially all of the Company's assets to an entity or person that, directly or indirectly, owns ten percent or more of the Company's capital stock.

Certain provisions in our Bylaws may also have anti-takeover effects. Under our Bylaws, special meetings of stockholders may be called only by our Board of Directors or by holders of shares entitled to cast not less than ten percent of the votes at the stockholders meeting. Our bylaws also contain advance notice provisions which restrict stockholders' rights to present stockholder proposals at our stockholders' meetings. Our stockholders do not have cumulative voting rights and directors are elected by a plurality of the votes cast.

The Company is subject to the anti-takeover provisions of Section 203 of the Delaware General Corporation Law. In general, Section 203 of the Delaware General Corporation Law prohibits a publicly-held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner. The applicability of this provision may have an anti-takeover effect with respect to transactions not approved in advance by the Board of Directors, including discouraging attempts that might result in a premium over the market price for the shares of Common Stock held by stockholders.

The Company is party to a Preferred Stock Rights Agreement. We have adopted a Preferred Stock Rights Agreement, dated as of November 8, 2002, as amended December 10, 2008 (the Rights Agreement), which is commonly referred to as a poison pill. The Rights Agreement is designed to protect and maximize the value of the Company's outstanding equity interests in the event of an unsolicited attempt to acquire the Company in a manner or on terms not approved by the Board of Directors and that prevent stockholders from realizing the full value of their shares of the Company's Common Stock. The triggering and exercise of the rights subject to the Rights Agreement would cause substantial dilution to a person or group that attempts to acquire the Company on terms or in a manner not approved by our Board of Directors, except pursuant to an offer conditioned upon redemption of the rights. Even if the rights are never triggered, the rights are believed to have the effect of discouraging persons from making or attempting to make acquisitions of significant percentages of the Company's Common Stock without negotiating directly with our Board of Directors. While the rights are not intended to prevent a takeover of our Company, they may have the effect of rendering more difficult or discouraging an acquisition of us that was deemed to be undesirable by our Board of Directors.

Required Vote

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock is required for approval of the Charter amendment described above. As a result, abstentions and broker non-votes will have the same effect as voting against the proposal. If stockholders do not approve this Charter amendment, then the current amount of Common Stock authorized for issuance under the Charter will remain unchanged.

The Board believes that Proposal No. 2 is in the Company's best interests and in the best interests of its stockholders and recommends a vote FOR the amendment to increase the amount of Common Stock authorized under the Company's Charter.

PROPOSAL NO. THREE

**APPROVAL OF AMENDMENT TO INCREASE NUMBER OF SHARES RESERVED FOR
ISSUANCE UNDER THE SCM MICROSYSTEMS 2007 STOCK OPTION PLAN**

General

SCM's stockholders are being asked to approve an amendment to the Company's 2007 Stock Option Plan (the "2007 Plan"), which was adopted, subject to stockholder approval, by the Board of Directors on July 24, 2009. The 2007 Plan was originally adopted by the Board of Directors on August 1, 2007 and approved by SCM stockholders on November 9, 2007. The proposed amendment would increase the number of shares of Common Stock reserved for issuance under the 2007 Plan by an additional 2,000,000 shares, to an aggregate of 3,500,000 shares. The 2007 Plan is the primary plan from which the Company may grant incentive stock options to its employees, officers and directors.

The shares available for grant under the 2007 Plan as of August 31, 2009 are as follows:

Shares approved for future grant under the 2007 Plan on and after November 9, 2007	1,500,000
Awards granted under the 2007 Plan between November 9, 2007 and August 31, 2009, net of cancellations	1,173,660
Remaining shares available for future grant under the 2007 Plan, as of August 31, 2009	326,340

As part of our overall compensation program, SCM grants long-term incentive stock options to our employees, officers and directors at the time of engagement, annually, and in certain other circumstances. We believe that incentive stock options grants are an important component of compensation in the technology industry.

Our April 30, 2009 acquisition of Hirsch has increased the number of employees, officers and directors eligible to receive incentive option grants. Unless an increase in the number of shares of Common Stock reserved for issuance under the 2007 Plan is approved, we expect to exhaust the shares currently available for future grant in 2010. Additionally, as part of our growth strategy we are actively involved in seeking additional merger and acquisition opportunities, which if successful, would likely increase further the number of employees, officers or directors to whom we would provide stock option grants in the future.

We believe that equity-based incentives have played a pivotal role in our efforts to attract and retain key personnel essential to SCM's long-term growth and financial success. The proposed amendment will furnish SCM with the additional shares the Company needs to remain competitive in the marketplace for executive talent and other key employees. The requested increase of 2,000,000 shares to the 2007 Plan is currently expected to provide the Company with adequate availability under the plan for the next several years.

If our stockholders do not approve this 2007 Plan proposal, then the current share limits under, and other terms and conditions of, the 2007 Plan will continue in effect.

Summary Description of the 2007 Plan

The principal terms of the 2007 Plan are summarized below. The following summary is qualified in its entirety by the full text of the 2007 Plan, which appears (as proposed to be amended) as Annex B to this Proxy Statement and can be reviewed on the SEC's website at <http://www.sec.gov>. Plan by writing to Investor Relations at the Company's U.S. headquarters at 1900 Carnegie Avenue, Building B, Santa Ana, California 92705.

Eligibility. All employees, directors and consultants of the Company or of any parent or any subsidiary of the Company are eligible to receive stock options under the 2007 Plan. Each employee, director or consultant who receives such an option award is an optionholder. Optionholders in the 2007 Plan will receive grants of options at the discretion of the Board as compensation for their services to the Company. Currently, approximately 250 employees and directors and consultants are expected to be eligible to receive option grants under the 2007 Plan, if the plan is amended to allow the addition of 2,000,000 shares.

Types of Awards. Non-qualified stock options are the only form of option award that may be granted under the 2007 Plan.

Administration of the 2007 Plan. The Board shall administer the 2007 Plan unless and until the Board delegates administration to a committee (the "Committee"). The Board has the power and authority to, among other things: (i) designate eligible participants in the 2007 Plan, (ii) determine the terms, conditions and restrictions applicable to each stock option and shares acquired upon the exercise of a stock option, (iii) approve one or more forms of written agreements specifying the terms and conditions of an individual stock option grant, (iv) interpret the 2007 Plan and establish, amend and revoke rules and regulations to administer the 2007 Plan, (v) amend the 2007 Plan or any option award granted pursuant thereto and (vi) exercise such powers and perform such acts as the Board deems necessary, desirable, convenient or expedient to promote the best interests of the Company that are not in conflict with the provisions of the 2007 Plan. If the Board delegates administration to the Committee, the Committee may exercise, in connection with the administration of the 2007 Plan, any of the powers and authority granted to the Board under the 2007 Plan. The Committee may delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise, subject to such resolutions as may be adopted from time to time by the Board (and references in the 2007 Plan and this summary to the Board shall thereafter be to the Committee or the subcommittee, as applicable). The Board may abolish the Committee at any time and revert in the Board the administration of the 2007 Plan.

Stock Subject to the 2007 Plan. The maximum aggregate number of shares of our Common Stock that currently may be issued pursuant to stock options under the 2007 Plan may not exceed one million five hundred (1,500,000) shares (the "Share Reserve"), and would not exceed 3,500,000 shares if the plan is amended to allow the addition of 2,000,000 shares. Any option award will reduce the Share Reserve by one share. Shares of Common Stock covered by options that expire, are cancelled, terminate, or are reacquired by us prior to vesting will revert to or be added to the Share Reserve and become available for issuance under the 2007 Plan.

Other Share Limits. No employee shall be eligible to be granted options covering more than 200,000 shares of Common Stock during any calendar year. However, in connection with a new employee, we may grant options for up to an additional 200,000 shares of Common Stock.

Fair Market Value. Generally, fair market value of the Company's Common Stock will be the closing sales price of the Company's Common Stock on any established stock exchange (including the NASDAQ Stock Market) or on the NASDAQ Global Market or NASDAQ Capital Market (if applicable) on the date of determination. On August 31, 2007, the fair market value per share of the Company's Common Stock determined on such basis was \$2.87.

Terms and Conditions of Options. The 2007 Plan provides that options must have an exercise price that is at least equal to 100% of the fair market value of our Common Stock on the date the option is granted. To the extent permitted in his or her option agreement and to the extent permitted by law, an optionholder may exercise an option by payment of the exercise price in a number of different ways, including: (i) in cash or by check at the time the option is

exercised, or (ii) in the discretion of the Board: (1) by delivery to the Company of other Common Stock, (2) pursuant to a same day sale program to the extent permitted by law, or (3) by some combination of the foregoing. Unless there is a provision to the contrary in the individual optionholder's option agreement, payment for Common Stock pursuant to an option may only be made in the form of cash, check or pursuant to a same day sale program. The vesting of options generally will be determined by the Board.

Table of Contents

If an optionholder's continuous service terminates for any reason other than disability, death or misconduct he or she will generally have 90 calendar days from the date of such termination to exercise his or her options (to the extent that the optionholder was entitled to exercise such options as of the date of such termination), unless his or her option agreement provides otherwise. If an optionholder's continuous service terminates as a result of the optionholder's disability or death, he or she will generally have twelve months to exercise (or for his or her estate to exercise) his or her options (to the extent that the optionholder was entitled to exercise such options as of the date of such termination), unless his or her option agreement provides otherwise. If an optionholder's continuous service is terminated for misconduct, his or her options will immediately terminate, unless his or her option agreement provides otherwise. In no event may an optionholder or estate exercise an option past the expiration of its term as set forth in the option award agreement. The term of each option granted under the 2007 Plan will generally be seven years from the date of grant.

Automatic Options for Non-Employee Directors. The 2007 Plan provides that in addition to any other options that non-employee directors may be granted, non-employee directors will automatically be granted options as follows: (i) an initial grant of options to acquire 10,000 shares and (ii) annual grants of options to acquire 5,000 shares. Initial and annual grants will vest as to one-twelfth (1/12th) of the total award each month so that the option is fully vested on the first anniversary of the grant. If an optionholder's status as director terminates for any reason other than death, he or she will have 90 calendar days to exercise his or her options (to the extent that the optionholder was entitled to exercise such options as of the date of such termination). If an optionholder's status as director terminates due to death, his or her estate will have twelve months to exercise his or her options (to the extent that the optionholder was entitled to exercise such options as of the date of such termination).

Acceleration of Option Awards. The Board shall have the power to accelerate exercisability and/or vesting of any option granted pursuant to the 2007 Plan upon a Change in Control (as defined below) or upon the death, disability or termination of continuous service of an optionholder, notwithstanding any provision in any option agreement to the contrary.

Adjustment. The maximum number of shares of Common Stock subject to the 2007 Plan, the maximum number of shares of Common Stock that can be granted to an employee during any fiscal year pursuant to options, and the number of securities and exercise or base price of securities subject to outstanding options will be appropriately and proportionally adjusted by the Board on account of mergers, consolidations, reorganizations, recapitalizations, reincorporations, stock splits, spinoffs, stock dividends, extraordinary dividends and distributions, liquidating dividends, combinations or exchanges of shares, changes in corporate structure or other transactions in which the Company does not receive any consideration (except that conversion of convertible securities of the Company shall not be treated as a transaction in which the Company does not receive any consideration). Subject to any required action by the stockholders, the Board shall make such adjustments and the Board's determinations with respect to any adjustment will be final, binding and conclusive.

Effect of Change in Control. In the event of a Change in Control (as defined below) other than a dissolution or liquidation of the Company, the Board or the board of directors of any surviving entity or acquiring entity may provide or require that the surviving or acquiring entity (a) assume or continue all or any part of the options outstanding under the 2007 Plan or (b) substitute substantially equivalent options for those outstanding under the 2007 Plan. If the outstanding options will not be so continued, assumed, or substituted, then with respect to options held by optionholders whose continuous service has not terminated, the Board in its discretion may (1) provide for payment of a cash amount in exchange for the cancellation of the options, (2) continue the options, or (3) terminate the options upon the consummation of the Change in Control, but only if optionholders have been permitted to exercise any portion of (including at the discretion of the Board, any unvested portion of) any option at or prior to the Change in Control. In the event of a Change in Control involving dissolution or liquidation of the Company, all outstanding options will terminate immediately prior to such dissolution or liquidation.

Definition of Change in Control means the occurrence of any of the following: (a) the sale, exchange, lease or other disposition of all or substantially all of the assets of the Company to a person or group of related persons, as such terms are defined or described in Sections 3(a)(9) and 13(d)(3) of the Exchange Act, (b) a merger, consolidation or similar transaction involving the Company, (c) any person or group is or becomes the beneficial owner (as defined in Rule 13d-3 promulgated under the Exchange Act), directly or indirectly, of more than 50% of

Table of Contents

the total voting power of the voting stock of the Company, including by way of merger, consolidation or otherwise, (d) a change in the composition of the Board occurring within a two-year period, as a result of which fewer than a majority of the directors are either (i) Directors of the Company as of the date the Plan first becomes effective (ii) elected, or nominated for election, to the Board with the affirmative votes of at least a majority of those Directors whose election or nomination was not in connection with any transaction described above or in connection with an actual or threatened proxy contest relating to the election of Directors to the Company or (e) a dissolution or liquidation of the Company.

Amendment and Termination of the 2007 Plan. The Board may amend, suspend or terminate the 2007 Plan in any respect and at any time, subject to stockholder approval, if such approval is required by applicable law or stock exchange rules. Further, any amendment or termination of the 2007 Plan will not materially impair the rights of any optionholder with respect to any options already granted to such optionholder without such optionholder's consent.

Effective Date; Term of the 2007 Plan. The 2007 Plan will become effective immediately upon its approval by the Company's stockholders. Unless earlier terminated by the Board, the 2007 Plan will terminate on the day before the tenth anniversary of the date that the 2007 Plan is approved by the stockholders.

Tax Consequences of the 2007 Plan

The following discussion of the federal income tax consequences of the 2007 Plan is intended to be a summary of applicable federal law as currently in effect. Foreign, state and local tax consequences may differ and laws may be amended or interpreted differently during the term of the 2007 Plan or of options granted thereunder. Because the federal income tax rules governing options and related payments are complex and subject to frequent change, optionholders are advised to consult their individual tax advisors.

An optionholder is not taxed when a non-qualified stock option is granted. On exercise, however, the optionholder recognizes ordinary income equal to the difference between the option's exercise price and the fair market value of the underlying Common Stock on the date of exercise. Any gain (or loss) on subsequent disposition of the shares of Common Stock acquired through exercise of an option is long-term capital gain (or loss) if the shares are held for at least one year following exercise.

Under Section 162(m) of the Internal Revenue Code, our ability to deduct compensation paid to our chief executive officer and the three other most highly paid executive officers (excluding the chief financial officer) in a particular year is limited to \$1 million per person, except that compensation that is performance-based, as defined under Section 162(m), will be excluded for purposes of calculating the amount of compensation subject to this \$1 million limitation. Our ability to deduct compensation paid to any other executive officer or employee is not affected by this provision.

Specific Benefits Under the 2007 Plan

The Company has not approved any awards that are conditioned upon stockholder approval of the proposed amendments. The Company is not currently considering any other specific award grants under the 2007 Plan. If the additional shares that will be available under the 2007 Plan if stockholders approve the proposed amendment had been available for award purposes in fiscal 2008, the Company expects that its award grants made in fiscal 2008 would not have been substantially different from those actually made in that year under the 2007 Plan. For information regarding share-based awards granted to the Company's named executive officers during fiscal 2008, see the material under the heading "Grants of Plan-Based Awards in Fiscal 2008" below.

The closing market price for a share of the Company's common stock on August 31, 2009 was \$2.08 per share. The average price per share of options granted under the 2007 Plan from its inception through August 31, 2009 is \$2.6703.

Equity Compensation Information for Plans

For a description of the equity compensation information for plans, see the table under the section entitled **Equity Compensation Plan Information** within this Proxy Statement.

Table of Contents**Required Vote**

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote on Proposal No. 3 is required for approval of the amendment to the 2007 Plan described above. Under the rules of the NASDAQ, brokers are prohibited from giving proxies to vote on equity compensation plan matters unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to Proposal 3 if you want your broker to vote your shares on the matter. If stockholders do not approve this 2007 Plan proposal, then the current share limits under, and other terms and conditions of, the 2007 Plan will continue in effect.

Recommendation of the Board of Directors

The Board believes that Proposal No. 3 is in the Company's best interests and in the best interests of its stockholders and recommends a vote FOR the amendment to increase the number of shares reserved for issuance under the SCM Microsystems 2007 Stock Option Plan.

In the event that our stockholders fail to ratify the appointment of Deloitte & Touche as independent registered public accountants to audit our financial statements for the current year ending December 31, 2009, our Audit Committee may reconsider its selection. Even if the selection is ratified, the Audit Committee at its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

The appointment of our independent registered public accountants is approved annually by the Audit Committee of our Board of Directors. Deloitte & Touche, an independent registered public accounting firm, has been our auditor since 1999 and was our independent registered public accountants for fiscal year 2008. The Audit Committee of our Board of Directors has appointed Deloitte & Touche as our independent registered public accountants for the fiscal year ending December 31, 2009.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Our Independent Registered Public Accountants

In accordance with the charter of the Audit Committee of our Board of Directors, the Audit Committee pre-approves all audit and permissible non-audit services provided by our independent registered public accountants, including the estimated fees and other terms of any such engagement. In certain circumstance, the Audit Committee may provide subsequent approval of non-audit services not previously approved. Services provided by our independent registered public accountants may include audit services, audit-related services, tax services and other services. Actual amounts billed, to the extent in excess of the estimated amounts, were periodically reviewed and approved by the Audit Committee. The Audit Committee considers whether such audit or non-audit services are consistent with the Securities and Exchange Commission rules on auditor independence. The Audit Committee has determined that the services provided by Deloitte & Touche as set forth herein are compatible with maintaining Deloitte & Touche's independence. All audit, audit-related, tax and other fees set forth in the table above were pre-approved pursuant to this policy.

Vote Required

The affirmative vote of the holders of a majority of the Votes Cast (as defined under "Voting Procedures" on page 2 of this proxy statement) will be required to approve the proposed ratification of Deloitte & Touche as our independent registered public accountants, to audit our financial statements for the current year ending December 31, 2009. Abstentions will be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business, and (ii) the total number of Votes Cast with respect to the proposal. Accordingly, abstentions will have the same effect as a vote against the proposal.

Recommendation of the Board of Directors

The Board believes that Proposal No. 4 is in the Company's best interests and in the best interests of its stockholders and recommends a vote FOR the ratification of the appointment of Deloitte and Touche to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

General Philosophy/Objectives

The primary goals of SCM's compensation program, including our executive compensation program, are to attract and retain employees whose abilities are critical to the Company's long-term success and to motivate employees to achieve superior performance.

To achieve these goals, SCM attempts to:

offer compensation packages that are competitive regionally and that provide a strong base of salary and benefits;

maintain a portion of total compensation at risk, particularly in the case of our executive officers, with payment of that portion tied to achievement of specific financial, organizational or other performance goals; and

reward superior performance.

Our compensation program includes salary, performance-based quarterly and annual bonuses, long-term incentive compensation in the form of stock options and various benefits and perquisites.

Role of the Compensation Committee

Our Compensation Committee oversees all aspects of executive compensation. The Compensation Committee plays a critical role in establishing SCM's compensation philosophy and in setting and amending elements of the compensation package offered to our Named Executive Officers. In 2008, SCM's Named Executive Officers included Felix Marx, Chief Executive Officer; Stephan Rohaly, Chief Financial Officer; Eang Sour Chhor, Executive Vice President, Strategy, Marketing and Engineering; and Manfred Mueller, Executive Vice President, Strategic Sales and Business Development. Mr. Chhor resigned from the Company Effective June 2009 and Mr. Midland joined the Company in May 2009 as Executive Vice President and President of our Hirsch subsidiary.

On an annual basis, or as required in the case of promoting or hiring an executive officer, the Compensation Committee determines the compensation package to be provided to our Chief Executive Officer, our other executive officers and our directors. On an annual basis, the Compensation Committee undertakes a review of the base salary, bonus targets and equity awards of each of our Named Executive Officers. This review entails an evaluation of their respective compensation based on the Compensation Committee's overall evaluation of their performance toward the achievement of the Company's financial, strategic and other goals, with consideration given to comparative executive compensation data, primarily from a small group of companies of similar size and within a similar segment of the security industry to SCM (as described in more detail below). Based on its review, from time to time the Compensation Committee has increased the salary, potential bonus amounts and/or equity awards for our executive officers, based upon the performance of the executive officer, a change in scope of an executive officer's responsibilities and/or as a competitive practice based on a review of compensation at companies that are similar to ours.

Overview of Compensation Program

SCM was originally formed in Germany in 1990 and has continued to have an active presence in Germany and throughout Europe in our target product markets. Since our initial public offering in October 1997, our common stock has been dually traded on the NASDAQ Stock Market and the Frankfurt Stock Exchange, previously on the Neuer Market and now on the Prime Standard. As a result, although we are a small company, we have maintained a relatively high level of visibility in the European marketplace and German financial markets. Additionally, for the past several years, the majority of our executive staff has operated from our European headquarters in Ismaning, Germany, which has served as our corporate headquarters since late 2006. Currently, the majority of SCM's executive officers operate from our headquarters in Germany, with the exception of Lawrence Midland, who heads our Hirsch business division based in Santa Ana, California. The concentration of management in Germany directly influences our executive compensation program.

Table of Contents

We do not employ an overall model or policy to allocate among the compensation elements we utilize. In general, we employ cash bonuses to motivate and reward our executive officers for the achievement of annual and quarterly or other short-term performance objectives and we employ annual grants of stock options that vest over time to motivate and reward contributions to the Company's performance over the longer term. From time to time, however, we also utilize stock options with shorter vesting periods to provide additional incentives for the achievement of short-term objectives that are seen as critical to our success.

We believe that our compensation practices, as described below, allow us to achieve an appropriate balance of compensation elements for our executive officers that support our overall compensation program goals.

Compensation Elements

Base Salary. Base salary provides fixed compensation based on competitive market practice and is intended to acknowledge and reward core competence in the executive role relative to skills, experience and contributions to the Company. Base salaries for executives are reviewed annually, and more frequently when there are any changes in responsibilities.

The Compensation Committee reviewed base salary levels for Mr. Marx, Mr. Rohaly and Dr. Mueller at the beginning of 2008 as part of its annual review of executive compensation. The committee did not review the salary of Mr. Chhor, as his compensation had recently been set prior to his joining the Company in February 2008. In conducting their reviews, the Compensation Committee (1) gave consideration to each officer's salary history with previous employers; (2) considered informal data on salaries of executive officers in similar positions based on general comparative data for the technology industry from the Economic Research Institute and Salary.com, although the Company did not benchmark with respect to comparative data; (3) reviewed specific salary data for the chief executive officers and chief financial officers at two companies the Compensation Committee considered to be most comparable in size and industry focus to the company, Vasco Data Security and ActivIdentity, although the Company did not benchmark with respect to comparative data; (4) relied on the professional experience of the Compensation Committee and Board members related to compensation practices in Europe; (5) considered the recommendations of Mr. Marx in the case of Mr. Rohaly and Dr. Mueller, based primarily on their respective performance reviews; (6) considered the scope of responsibility, prior experience and past performance of each officer; and (7) considered the specific needs of SCM at the time and in the foreseeable future.

Based on its evaluation, in February 2008 the Compensation Committee approved one-time incentive stock option grants for Mr. Marx and Mr. Rohaly in lieu of annual salary increases, in order to bring equity compensation for these principal officers into alignment with peer companies, including ActivIdentity and Vasco Data Security, and to better align the interests of these executives with those of the Company's stockholders. The Compensation Committee also approved the promotion of Dr. Mueller from Vice President Sales, EMEA to Executive Vice President, Strategic Sales and Business Development, and approved an increase in his annual base salary from \$150,000 to \$168,000 in light of his anticipated responsibilities for 2008. The new salary level for Dr. Mueller was effective as of April 1, 2008.

In December 2008, the Compensation Committee reviewed the base salary level of Mr. Marx and approved an increase in his annual base salary from \$240,000 to \$280,000, effective November 1, 2008. The increase was made based on Mr. Marx's performance against objectives set by the Compensation Committee related to establishing a strategic plan for SCM and putting in place programs and resources to achieve growth. These objectives were to create and execute a plan for SCM to enter the contactless smart card reader market with new products and programs and to identify and negotiate with appropriate merger and acquisition candidates to accelerate the Company's revenue generation and increase our operating scale.

Incentive Cash Bonuses. Incentive cash bonuses are intended to motivate and reward executives for their contributions towards achieving corporate performance targets as well as specific corporate objectives that support the Company's short-term goals. During 2008, our primary goal was operating profitability, with focus both on revenue generation and on cost and expense containment. Therefore, incentive bonuses in 2008 were designed to reward corporate operational performance alone.

Table of Contents

On February 6, 2008, the Board of Directors approved an Executive Bonus Plan for 2008 (the 2008 Plan) as recommended by the Compensation Committee. The 2008 Plan was effective as of January 1, 2008 and was unchanged from the previous year. Payments under the 2008 Plan were based both on the achievement of quarterly and annual operating profit goals by the Company. Under the Plan, operating profit is defined as gross margin, less research and development, sales and marketing, and general and administrative expenses, as well as various expenses determined by the Company to be extraordinary. No such extraordinary expenses were excluded from the calculation of operating profit in 2008.

Executive officers eligible to participate in the 2008 Plan with respect to both the quarterly and annual bonus components were Mr. Marx, Mr. Rohaly and Mr. Chhor. As part of his employment agreement signed in January 2008, Mr. Chhor was guaranteed a quarterly bonus payment for the first quarter of 2008, prorated for his February 1, 2008 start date.

Because of his sales role, Dr. Mueller was eligible to participate in the annual component of the 2008 Plan only, and was eligible to receive quarterly bonus payments under the Company's Sales Commission Plan, which is described under Incentive Cash Payouts under the Sales Commission Plan below.

Quarterly Component. Under the quarterly bonus component of the 2008 Plan, executive officers of the Company were eligible to receive quarterly cash bonuses amounting to 10% of their respective annual base salaries, if the Company achieved positive operating profit for that quarterly period. The maximum amount that any executive officer could earn in quarterly bonus payments in the fiscal year was 40% of his respective annual base salary.

Annual Component. Under the annual bonus component of the 2008 Plan, executive officers were eligible to receive additional variable bonuses amounting to between 20% and 40% of their respective annual base salaries, based upon the achievement by the Company of the following annual operating profit targets:

20% of annual base salary would be paid if the Company recorded at least \$1.0 million of annual operating profit;

30% of annual base salary would be paid if the Company recorded at least \$1.5 million of annual operating profit; and

40% of annual base salary would be paid if the Company recorded at least \$2.0 million of annual operating profit.

The maximum amount that any executive officer could earn in combined quarterly and annual bonus payments under the 2008 Plan in the fiscal year was 80% of his respective annual base salary.

Incentive Cash Payouts under the 2008 Plan. The Company did not achieve positive operating profit in any of the four quarterly periods of 2008, and no cash bonuses were awarded under the 2008 Plan for these periods. The Company did not achieve positive operating profit for the full year 2008, and no cash bonuses were awarded under the annual component of the 2008 Plan. As noted above, Mr. Chhor was paid a guaranteed bonus amounting to 10% of his annual base salary for the first quarter of 2008, prorated for his February 1, 2008 start date, as specified in his employment agreement.

Incentive Cash Payouts under the Sales Commission Plan. As noted above, during 2008 Dr. Mueller was eligible to receive quarterly cash awards under the Company's Sales Commission Plan. Under this plan, for each of the four quarters of 2008, Dr. Mueller was eligible to receive a quarterly bonus payment of up to 10% of his then-current annual base salary based on 100% achievement of quarterly revenue goals and individual objectives. Two-thirds of

this potential bonus amount was based on the achievement of at least 75% of quarterly revenue targets set forth in the Company's budget and sales forecasts as approved by the Board for each year, and one-third was based upon the achievement of personal quarterly objectives as approved by the Compensation Committee for each quarter. Additionally, if revenue targets were achieved above the 100% level in any quarter, then Dr. Mueller's potential bonus for that quarter would be increased by an additional 2.5% for every percentage point achieved above 100%. At 100% achievement of quarterly revenue targets, Dr. Mueller's target quarterly bonus was \$10,000 for revenue generation and \$5,000 for individual objectives for the first quarter of 2008, and \$11,200 for revenue generation and \$5,600 for individual objectives for the second, third and fourth quarters of 2008.

This resulted in an aggregate payout equal to 28.3% of his target award, or 4,760.

The revenue target for Dr. Mueller in the fourth quarter of 2008 was \$11.0 million. Individual objectives for Dr. Mueller in the fourth quarter of 2008 included managing the USB token business and securing volume orders for the USB products; finalizing the business plan for 2009; expanding the global distribution channel as part of the Company's strategy to expand sales into new geographic regions; and planning the 2009 launch of the CHIPDRIVE product line into the U.S. For the fourth quarter of 2008, Dr. Mueller achieved 82% of his revenue target, resulting in a payout of 54% under the revenue portion of the plan, and he achieved 74% of his personal objectives. This resulted in an aggregate payout equal to 61% of his target award, or 10,177.

Additional Performance Cash Bonuses. In December 2008, the Compensation Committee approved the payment of a cash bonus of \$333,333 to Mr. Marx to be paid out in March 2009, in recognition of his significant contributions to the Company and his performance in 2008, including his efforts to re-position the Company and to implement our growth strategy, and was contingent upon Mr. Marx's continuing employment with us at the time of such payment.

Long-Term Equity Incentives. Our stock option program is designed to attract, retain and reward talented employees and executives through long-term compensation that is directly linked to long-term performance. A significant number of our employees are in Germany and India, where stock options are not commonly awarded to non-executive employees, and we regard stock options as a competitive tool in our overall compensation program.

We grant equity incentives in the form of stock options to each of our executive officers, at the time of hiring, on an annual basis and from time to time as an incentive to achieve specific performance objectives. The exercise price of all options awarded is the closing price of our stock on the NASDAQ Stock Market on the date of grant. We believe stock options are an effective way to align executives' interests with the interests of the Company's stockholders because the stock options have value only to the extent that the price of the Company's stock increases after the date of grant.

The number of stock options granted to newly hired executive officers is determined by the Compensation Committee, based on the Company's historical practices and on the executive's position. Initial options vest 1/4th after one year and then 1/48th per month for the next three years, such that they are fully vested after four years. Annual top-up grants are made based on the positive results of annual performance reviews and are generally in an amount ranging between 25% and 33% of the options received in the executive officer's initial grant. Annual

Table of Contents

top-up grants vest at a rate of 1/48th per month over four years, commencing at the date of grant. If the executive officer terminates employment before the end of the vesting period, all unvested options are forfeited. As options are granted annually, some portion of an executive officer's options vest each year, rewarding the executive for past service, while an often greater portion remains unvested, creating a long-term incentive to remain with the Company.

In February 2008, the Compensation Committee awarded Mr. Chhor an initial stock option grant of 40,000 shares of SCM common stock upon his joining the Company. At the time, the Compensation Committee also awarded special one-time incentive option grants to Mr. Marx and Mr. Rohaly. These awards were made in lieu of annual salary increases, to increase the long-term incentive portion of their overall compensation package in relation to salary, and to bring equity compensation for these officers into alignment with peer companies. In making its determination, the Compensation Committee reviewed salary and equity data for the chief executive officer and chief financial officer at six companies that operate in similar segments of the security industry to SCM, and which the committee believes are comparable for the purposes of compensation comparison. These companies included ActivIdentity, Entrust, L-1 Identity Solutions, Secure Computing (subsequently acquired by McAfee), Tumbleweed Communications (subsequently acquired by Axway Inc.) and Vasco Data Security.

In April 2008, the Compensation Committee awarded annual top-up grants to Mr. Marx and Mr. Rohaly of 19,800 shares and top-up and promotion grants of 6,500 and 14,000 shares, respectively, to Dr. Mueller. The Compensation Committee determined the amount to be granted to each executive officer based on his individual performance in past recent periods and in order to retain and motivate each executive in the future.

Benefits and Perquisites. Because we have a strong regional presence in Germany and the majority of our executives and key employees have been based in Germany, we follow the standard European practice of providing either a company car or a car allowance to our executive officers in Germany. We lease BMW cars or provide a comparable allowance for our executive officers.

Retirement Payments. On behalf of our executive officers in Germany, we make payments to a government-managed pension program, to government-managed or private health insurance programs, and in some cases for unemployment insurance, as mandated under German employment law.

Severance Benefits

We do not have a policy regarding severance or change of control agreements for our executive officers and historically have not offered severance as part of our employment contracts. Under standard employment practice in Germany, notice of termination is required to be given by either the employer or the employee, and the employer is required to continue to compensate the employee for salary and eligible bonus amounts during this period. The length of the notice period varies from company to company. Our policy for executive officers generally is to require a notice period of three to six months, following a trial period of initial employment of three to six months. The length of individual notice and trial periods for each executive officer is stated in his employment contract. In lieu of continuing the employment relationship for six months, our employment agreements provide that we can cash out the employee who has given notice. Alternatively, we can require that the employee continue to work his or her six month notice period. This practice is included in the majority of our employment agreements with our executive officers. Additionally, under German labor practices, terminated employees also are eligible to continue to receive health and unemployment insurance coverage, pension contributions, car leasing expenses or car allowance, or other benefits provided during their employment, for the duration of the notice period. Further, under German labor practices, terminated employees may also be entitled to receive quarterly or annual bonus payments, the amount of which would be determined based on a variety of factors, including the employee's length of service and perceived contributions to past or future company performance, as well as other factors. Actual bonus payments for which individual employees may become eligible are determined at or following termination, and cannot be projected.

As is customary in Germany, we have entered into employment agreements with each of our Named Executive Officers. In connection with the merger of SCM and Hirsch, Mr. Midland has entered into an employment agreement with Hirsch, which became effective on the effective date of the merger, April 30, 2009. The terms of this agreement are discussed below under Termination/Change in Control Payments.

Table of Contents

In July 2008, SCM Microsystems GmbH, a wholly-owned subsidiary of SCM, entered into supplemental employment agreements (the Supplements) with Mr. Marx and Mr. Rohaly in order to modify certain provisions regarding severance, notice periods and non-competition, primarily to provide them with severance packages comparable to other industry executives. The terms of both Supplements are discussed below under Termination/Change in Control Payments.

Termination/Change in Control Payments

The information below describes certain compensation that would have become payable under contractual arrangements assuming a termination of employment occurred on December 31, 2008, based upon the Named Executive Officers' compensation and service levels as of such date.

We have entered into employment agreements containing severance provisions with each of our current and former executive officers. Below are the material terms of each agreement. None of our current or former executive officers included below are of retirement age and none of their respective agreements contain provisions for additional payments upon retirement. The Company does not offer our executive officers severance benefits in the case of death, disability or voluntary termination.

Following any termination, each of the agreements described below requires the Named Executive Officer to keep as secret all confidential information related to SCM, including, but not limited to, operational and business secrets.

Employment Agreements

Employment Agreement with Felix Marx

On July 31, 2007, through our wholly-owned subsidiary, SCM Microsystems GmbH, we entered into an employment agreement with Felix Marx, who became our Chief Executive Officer and Managing Director of SCM Microsystems GmbH, effective October 22, 2007. Either party may terminate the agreement with six months' prior written notice.

On July 30, 2008, through SCM Microsystems, GmbH, we entered into a supplemental employment agreement with Mr. Marx that amends his employment agreement and modifies certain provisions regarding severance, notice periods and non-competition. Under the supplementary employment agreement, if Mr. Marx is given ordinary notice of termination by SCM without Mr. Marx having given prior notice of termination or having caused SCM to give such notice as a result of severe and avoidable misconduct, then Mr. Marx will be eligible to receive a one-time severance payment equal to 12 months of his then-current monthly salary and a bonus payment under the Company's Executive Bonus Plan equal to 40% of his then-current annual salary.

The supplementary employment agreement further provides that either Mr. Marx or SCM may terminate Mr. Marx's employment agreement by providing 12 months' written notice. In the event of termination by SCM, Mr. Marx may be required to continue to perform his responsibilities for the Company only for a period of up to three months, excluding unused holiday hours, after which he will be released from his employment. Any remainder of the 12-month notice period following release from employment (from nine to 12 months) is the release period, during which Mr. Marx would continue to receive his then-current monthly salary and a fixed bonus payment under the Company's Executive Bonus Plan equal to 40% of his then current annual salary. Such remuneration during the release period would be in addition to the one-time severance payment described above. In the event of notice of termination by Mr. Marx, he may be required to continue to perform his responsibilities for the Company for up to the entire 12-month notice period, during which time he would continue to receive regular salary payments and remain eligible for bonus payments under the Company's Executive Bonus Plan, and thereafter would not be eligible for any further remuneration or the severance payments described above.

Additionally, following any ordinary notice of termination given by the Company to Mr. Marx, during the release period Mr. Marx would continue to be prohibited from engaging in any other employment, occupation, consulting or other business activity competitive with or related to the current or future business of the Company. He would also be prohibited from acquiring, obtaining an equity interest in or otherwise supporting any enterprise which engages in business activity competitive with or related to the current or future business of the Company.

If Mr. Marx had been terminated by the Company for any reason other than for severe and avoidable misconduct, as of December 31, 2008, under his employment agreement, he would have been entitled to receive a severance payment of 280,000, a release period payment of 280,000, a bonus payment of 112,000, and other compensation of 32,437 related to apartment rental and car leasing and insurance expenses, or approximately \$898,516, based on the average exchange rate for December 2008 of one dollar being equal to 0.784 euros.

Table of Contents

Additionally, under German labor practices, Mr. Marx might also have been entitled to receive quarterly or annual bonus payments, the amount of which would be determined based on a variety of factors, including his length of service and perceived contributions to past or future company performance.

Following any termination, under his employment agreement, Mr. Marx is subject to a two-year non-solicitation provision.

Employment Agreements with Stephan Rohaly

On March 14, 2006, through our wholly-owned subsidiary, SCM Microsystems GmbH, we entered into an employment agreement with Stephan Rohaly, who became our Chief Financial Officer on March 21, 2006. Either Mr. Rohaly or SCM Microsystems GmbH may terminate the agreement and Mr. Rohaly's employment with SCM upon at least six months' prior written notice.

On July 30, 2008, through SCM Microsystems, GmbH, we entered into a supplemental employment agreement with Mr. Rohaly that amends his employment agreement and modifies certain provisions regarding severance, notice periods and non-competition. Under the supplementary employment agreement, if Mr. Rohaly is given ordinary notice of termination by SCM without Mr. Rohaly having given prior notice of termination or having caused SCM to give such notice as a result of severe and avoidable misconduct, then Mr. Rohaly will be eligible to receive a one-time severance payment equal to 12 months of his then-current monthly salary and a bonus payment under the Company's Executive Bonus Plan equal to 40% of his then-current annual salary.

The supplementary employment agreement further provides that either Mr. Rohaly or SCM may terminate Mr. Rohaly's employment agreement by providing 12 months' written notice. In the event of termination by SCM, Mr. Rohaly may be required to continue to perform his responsibilities for the Company only for a period of up to three months, excluding unused holiday hours, after which he will be released from his employment. Any remainder of the 12-month notice period following release from employment (from nine to 12 months) is the release period, during which Mr. Rohaly would continue to receive his then-current monthly salary and a fixed bonus payment under the Company's Executive Bonus Plan equal to 40% of his then current annual salary. Such remuneration during the release period would be in addition to the one-time severance payment described above. In the event of notice of termination by Mr. Rohaly, he may be required to continue to perform his responsibilities for the Company for up to the entire 12-month notice period, during which time he would continue to receive regular salary payments and remain eligible for bonus payments under the Company's Executive Bonus Plan, and thereafter would not be eligible for any further remuneration or the severance payments described above.

Additionally, following any ordinary notice of termination given by the Company to Mr. Rohaly, during the release period Mr. Rohaly would continue to be prohibited from engaging in any other employment, occupation, consulting or other business activity competitive with or related to the current or future business of the Company. He would also be prohibited from acquiring, obtaining an equity interest in or otherwise supporting any enterprise which engages in business activity competitive with or related to the current or future business of the Company.

If Mr. Rohaly had been terminated by the Company for any reason other than for severe and avoidable misconduct as of December 31, 2008, under his employment agreement, he would have been entitled to receive a severance payment of 240,000, a release period payment of 240,000, a bonus payment of 96,000, and other compensation of 20,878 related to pension and employee saving contributions and car leasing and insurance expenses, or approximately \$761,324, based on the average exchange rate for December 2008 of one dollar being equal to 0.784 euros. Additionally, under German labor practices, Mr. Rohaly might also have been entitled to receive quarterly or annual bonus payments, the amount of which would be determined based on a variety of factors, including his length of service and perceived contributions to past or future company performance.

employment with three months prior written notice. Mr. Chhor was also subject to the provisions of German labor practices concerning the payment of bonus following notice of termination as described above.

If either the Company or Mr. Chhor had provided notice of termination as of December 31, 2008, under his employment agreement and German labor practices, he would have been entitled to receive a release period payment of 45,000, a bonus payment of 18,000, and other compensation of 5,395 related to living allowance, pension contributions, and health and unemployment insurance, or approximately \$87,238, based on an average exchange rate for December 2008 of one dollar being equal to 0.784 euros.

Mr. Chhor resigned from his position at SCM on February 6, 2009, effective June 30, 2009. In accordance with the terms of his employment agreement, he received a release period payment of 45,000, a bonus payment of 18,000, and other compensation of 5,395 related to living allowance, pension contributions, and health and unemployment insurance, or approximately \$90,951, based on an average exchange rate for June 2009 of one dollar being equal to 0.752 euros.

Employment Agreement with Dr. Manfred Mueller

On June 8, 2006, through our wholly-owned subsidiary, SCM Microsystems GmbH, we entered into an amended employment agreement with Dr. Manfred Mueller, currently our Executive Vice President, Strategic Sales and Business Development. Either Dr. Mueller or SCM may terminate the agreement and Dr. Mueller's employment with SCM upon at least six months prior written notice. Additionally, should Dr. Mueller be terminated without having caused SCM to give such notice as a result of severe and avoidable misconduct, he is also entitled to receive a severance payment at the time of termination equal to 12 months of his then-current base salary and target bonus of 40% of his then-current annual base salary, payable in a lump sum by SCM Microsystems GmbH.

If Dr. Mueller had been terminated by the Company for any reason other than severe and avoidable misconduct as of December 31, 2008, he would have been entitled to receive a release period payment of 84,000, a severance payment of 168,000, a bonus payment of 67,200, and other compensation of 12,628 related to pension and employee saving contributions, health and unemployment insurance and car leasing expenses, or approximately \$423,249. Figures in dollars are based on the average exchange rate for December 2008 of one dollar being equal to 0.784 euros.

Employment Agreement with Lawrence W. Midland

On December 10, 2008, through Hirsch, Lawrence W. Midland entered into an employment agreement that became effective upon the completion of the merger of SCM and Hirsch on April 30, 2009. Hirsch may terminate the agreement and Mr. Midland's employment upon at least three months prior written notice. If Mr. Midland's employment is terminated by Hirsch without cause, Mr. Midland shall be entitled to receive, in addition to any accrued benefit rights and subject to execution of a standard release of claims in favor of Hirsch, a payment equal to six months of current base salary, or if Mr. Midland terminates employment for good reason, Mr. Midland shall be entitled to receive, in addition to any accrued benefit rights and subject to execution of a standard release of claims in favor of Hirsch, a payment equal to three months of current base salary.

Material Features of Plans Not Approved by Stockholders

Under the Nonstatutory Plan, non-qualified stock options may be granted to our employees, including officers, and to non-employee consultants. The plan's administrators, as delegated by our Board of Directors, may set the terms for each option grant made under the plan, including the rate of vesting, allowable exercise dates and the option term of such options granted. The exercise price of a stock option under the Nonstatutory Plan shall be equal to the fair market value of our common stock on the date of grant. While our Board of Directors or its appointed committee may, at its discretion, reduce the exercise price of any option to the then current fair market value if the fair market value of the common stock covered by such option shall have declined since the date the option was granted, no such action has ever been taken by our Board of Directors. 750,000 shares are reserved for issuance under the Nonstatutory Plan, and options for 1,221,736 shares have been granted under the plan to date.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transaction Policy

The Audit Committee of our Board of Directors, among its other duties and responsibilities, reviews and monitors all related party transactions and in November 2008 adopted changes to our Related Party Transaction Policies and Procedures (the Policy). Under the Policy, our Board of Directors is required to review and approve the material terms of all Interested Transactions involving a related party (including directors, director nominees, executive officers, greater-than-5% beneficial owners, and their respective immediate family members), subject to certain exceptions. An Interested Transaction is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (1) the aggregate amount involved will or may be expected to exceed \$100,000 per year or \$30,000 in any quarter, (2) the Company is a participant and (3) any related party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity). In determining whether to approve or ratify an Interested Transaction, our Board of Directors is required to take into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

Exceptions to the Policy include Interested Transactions for which standing pre-approval has been authorized, such as the hiring of executive officers and the payment of compensation to directors, where such compensation is required to be disclosed in the Company's annual, quarterly or current filings; transactions involving competitive bids; and regulated transactions, such as for the rendering of regulated services, for example with a public utility. At least annually, a summary of new transactions covered by the standing pre-approvals described above is provided to the Audit Committee for its review.

To ensure the Policy is being followed, we require each of our non-employee directors and each of our executive officers to provide and update information about related party relationships and related party transactions on a quarterly and annual basis. This information is reviewed by our Corporate Accounting personnel, which also reviews our sales and purchasing transactions on an ongoing basis to identify any transactions with known related parties.

Our Related Party Transaction Policy is in writing and has been communicated by management to our employees.
