Altra pays the cost of soliciting your proxy and reimburses brokers and other nominees their reasonable expenses for forwarding proxy materials to you.

Stockholders Entitled to Vote

Stockholders of record at the close of business on March 23, 2010 are entitled to notice of and to vote at the meeting. As of such date, there were 26,801,631 shares of Altra common stock outstanding, each entitled to one vote.

How to Vote

Stockholders of record described above may cast their votes by:

Revocation of Proxies

A proxy may be revoked at any time before it is voted by delivering written notice of revocation to the Corporate Secretary of Altra at the address set forth above, by delivering a proxy bearing a later date, or by voting in person at the meeting.

Quorum; Required Vote

The holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy to constitute a quorum. Proxies received but marked as withheld, abstentions, or those treated as broker

non-votes will be included in the calculation of the number of shares considered to be present at the Annual Meeting in determining a quorum. If a quorum is not present at the Annual Meeting, we will be forced to reconvene the Annual Meeting at a later date.

Your shares may be voted if they are held in the name of a brokerage firm or bank (a broker), even if you do not provide the broker with voting instructions. Brokers have the authority, under applicable rules, to

Table of Contents

vote shares on certain routine matters for which their customers do not provide voting instructions. The ratification of the appointment of the independent registered public accounting firm of the Company is considered a routine matter. The election of directors is not considered a routine matter. Broker non-votes are shares held by brokers or nominees for which instructions have not been received from the beneficial owners, or persons entitled to vote, and the broker is barred from exercising its discretionary authority to vote the shares because the proposal is a non-routine matter.

A plurality of the votes cast is required for the election of directors (Proposal 1). You may vote **FOR** all or some of the nominees or your vote may be **WITHHELD** with respect to one or more of the nominees. Votes **WITHHELD** and broker non-votes with respect to the election of directors will have no effect upon election of directors. You may not cumulate your votes for the election of directors.

Ratification of the selection of our independent registered public accounting firm (Proposal 2) requires the affirmative vote of a majority of the votes cast for or against the matter. You may vote **FOR**, **AGAINST** or **ABSTAIN** in connection with Proposal 2. If you elect to **ABSTAIN**, the abstention has the same effect as a vote **AGAINST**. If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated, the shares will be voted as recommended by the Board of Directors.

Other Matters

The Board of Directors is not aware of any matters to be presented at the meeting other than those set forth in the accompanying notice. If any other matters properly come before the meeting, the persons named in the proxy will vote on such matters in accordance with their best judgment.

The Personnel and Compensation Committee has the authority, pursuant to its charter, to retain outside counsel, compensation consultants or other advisors to assist it in carrying out its activities. The Personnel and Compensation Committee does not currently retain any consultants.

Messrs. Carpenter, McPherson and Lipscomb serve on the Personnel and Compensation Committee, each of whom is a non-employee member of our Board of Directors and independent within the meaning of the NASDAQ Rules. Compensation Policies and Practices Regarding Risk Taking

We believe the Company's overall compensation system and approach to goal setting, setting of targets with payouts at multiple levels of performance, and evaluation of performance results assist in mitigating excessive risk-taking that could harm the Company's value or reward poor judgment by the Company's employees. Several features of the Company's programs reflect sound risk management practices. The Company believes it has allocated its compensation among base salary and short and long-term compensation target opportunities in such a way as to not encourage excessive risk-taking. Further, with respect to the Company's incentive compensation programs, although the corporate performance metrics that determine payouts for certain business segment leaders are based in part on the achievement of business segment metrics, the metrics that determine payouts for the Company's executive officers are Company-wide metrics only. This is based on the Company's belief that applying Company-wide metrics encourages decision-making that is in the best long-term interests of the Company and its shareholders as a whole. The mix of equity award instruments used under the Company's long-term incentive program that includes full value awards also mitigates risk. Finally, the multi-year vesting of the Company's equity awards and its share ownership guidelines properly account for the time horizon of risk.

Nominating and Corporate Governance Committee

The primary purpose of the Nominating and Corporate Governance Committee is to:

- identify and recommend to the Board individuals qualified to serve as directors of our company and on committees of the Board;

- advise the Board with respect to Board composition, procedures and committees;

- develop and recommend to the Board a set of corporate governance principles and guidelines applicable to us; and

- oversee the evaluation of the Board and our management.

Messrs. McPherson, Ganske and Lipscomb serve on the Nominating and Corporate Governance Committee, each of whom is a non-employee member of our Board of Directors and independent within the meaning of the NASDAQ Rules. Mr. McPherson serves as chairman of the Nominating and Corporate Governance Committee. We believe that the composition of our Nominating and Corporate Governance Committee meets the criteria for independence under, and the functioning of our Nominating and Corporate Governance Committee complies with the applicable requirements of, the NASDAQ Rules. Please see the section entitled "Corporate Governance" herein for further discussion of the roles and responsibilities of the Nominating and Corporate Governance Committee.

Board, Committee and Annual Meeting Attendance

For the fiscal year ended December 31, 2009, the Board and its Committees held the following aggregate number of regular and special meetings:

Board	6
Audit Committee	8
Personnel and Compensation Committee	3
Nominating and Corporate Governance Committee	2

Each of our directors attended 75% or more of the total number of the meetings of the Board and of the Committees on which he served during the year.

The independent members of the Board, and each of the three standing committees of the Board, met in independent director sessions without the Executive Chairman, Chief Executive Officer or members of management present at least two times during 2009.

The Board has adopted a policy pursuant to which directors are expected to attend the Annual Meeting of Stockholders in the absence of a scheduling conflict or other valid reason. All of our directors serving at such time attended the 2009 Annual Meeting of Stockholders.

Board Leadership Structure and Board Oversight of Risk Management

Pursuant to our bylaws, our Board of Directors determines the best board leadership structure for the Company from time to time by appointing the Chairman of the Board. As part of our annual board self-evaluation process, the Board evaluates our leadership structure to ensure that it provides the optimal structure for the Company and stockholders. While we recognize that different board leadership structures may be appropriate for companies in different situations, we believe our current leadership structure, with Mr. Christenson serving as CEO and Mr. Hurt as Executive Chairman, is the optimal structure for the Company at this time.

We believe our CEO and our Executive Chairman have an excellent working relationship that has allowed Mr. Christenson to make a good transition into the role of CEO and will allow him to focus on the challenges that the Company is facing in the current business environment. By dividing the chairman and CEO roles, we ensure there is no duplication of effort between the respective positions. We believe this provides strong leadership for our Board of Directors, while also positioning our CEO as the leader of the Company in the eyes of our employees and other stakeholders.

Our Board of Directors has five independent members in addition to the Executive Chairman and the CEO. A number of the members of our Board of Directors are currently serving or have served as members of senior management of other public companies and have served as directors of other public companies. We have three board committees comprised solely of independent directors. We believe that the number of independent, experienced directors that make up our Board of Directors, along with the oversight of the Board of Directors by the Executive Chairman, provides our management with appropriate oversight, leadership and guidance. We do not have a lead director, but our non-management directors meet in executive session without management present as frequently as they deem appropriate, typically at the time of each regular board meeting.

Our board is responsible for overseeing our risk management. The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate person within the Company to enable the Board to understand our risk identification, risk management and risk mitigation strategies. When a committee receives the report, the chairman of the relevant committee reports on the discussion to the full Board during the committee reports portion of the next Board meeting. This enables the Board and its Committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. The Audit Committee also discusses

guidelines and policies to govern the process by which risk management is handled. The Audit Committee discusses the Company's major risk exposures and the steps management has taken to monitor and control such exposures. The Board believes that the work undertaken by the full Board, together with the work undertaken by the Audit Committee and the other committees, enables the Board to effectively oversee the Company's risk management function.

Director Compensation***Standard Board Fees***

Our non-employee directors receive the following standard cash compensation:

Annual Retainer Fee: \$60,000 (payable in equal quarterly installments);

Chairman of the Audit Committee: \$8,000;

Chairman of the Personnel and Compensation Committee: \$5,000; and

Chairman of the Nominating and Corporate Governance Committee: \$5,000.

In addition, each of the non-employee directors will receive an annual grant of restricted stock with a value equal to \$60,000 on the date of grant. Beginning in 2009, such grants will generally vest immediately on the initial date of grant.

In March 2009, in connection with the Company's cost reduction efforts in light of the global recession and the uncertain global economic environment, our Board of Directors agreed to a temporary 10% reduction of the non-employee director Annual Retainer Fee. The temporary fee reductions were voluntary and were discontinued effective as of January 1, 2010.

All members of our Board of Directors are reimbursed for their usual and customary expenses incurred in connection with attending all Board and other committee meetings.

Transactions with Directors and Management

Under our Code of Business Conduct and Ethics, all transactions involving a conflict of interest, including holding a financial interest in a significant supplier, customer or competitor of the Company, are generally prohibited. However, holding a financial interest of less than 2% in a publicly held company and other limited circumstances are excluded transactions. Our directors and officers are prohibited from using his or her position to influence the Company's decision relating to a transaction with a significant supplier, customer or competitor to which he or she is affiliated. Our Audit Committee Charter provides that the Audit Committee shall review, discuss and approve any transactions or courses of dealing with related parties that are significant in size or involve terms or other aspects that differ from those that would likely be negotiated with independent parties.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. We believe that these agreements are necessary to attract and retain qualified persons as directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Corporate Governance

The Governance Committee's Role and Responsibilities

Primary responsibility for Altra's corporate governance practices rests with the Nominating and Corporate Governance Committee (the "Governance Committee"). The Governance Committee is responsible for, among other things, (i) overseeing the Company's policies and procedures for the Board's nomination of persons to stand for election to serve on the Board of Directors by stockholders and consideration of any stockholder nominations of persons to stand for election to the Board of Directors; (ii) identifying, screening and reviewing individuals qualified to serve as directors and recommending candidates for nomination for election or to fill vacancies; (iii) reviewing annually the composition and size of the Board; (iv) aiding the Board and its committees in their annual self-evaluations; (v) developing, recommending and overseeing implementation of the Company's corporate governance guidelines and principles; (vi) reviewing, monitoring and addressing conflicts of interest of directors and executives officers; and (vii) reviewing on a regular basis the overall corporate governance of the Company and recommending improvements when necessary. Described below are some of the significant corporate governance practices that have been instituted by the Board of Directors at the recommendation of the Governance Committee.

Director Independence

The Governance Committee annually reviews the independence of all directors and reports its findings to the full Board. The Governance Committee has determined that the following directors are independent within the meaning of the NASDAQ Rules and relevant federal securities laws and regulations: Edmund M. Carpenter, Lyle G. Ganske, Michael S. Lipscomb, Larry McPherson and James H. Woodward, Jr.

Board Evaluation

The Board of Directors has adopted a policy whereby the Governance Committee will assist the Board and its committees in evaluating their performance and effectiveness on an annual basis. As part of this evaluation, the Governance Committee assesses the progress in the areas targeted for improvement during previous evaluations, and develops recommendations to enhance the respective Board or committee effectiveness over the next year.

Director Nomination Process

The Governance Committee reviews the skills, characteristics and experience of potential candidates for election to the Board of Directors and recommends nominees for director to the full Board for approval. In addition the Governance Committee assesses the overall composition of the Board of Directors, including factors such as size, composition, diversity, skills, significant experience and time commitment to Altra.

It is the Governance Committee's policy to utilize a variety of means to identify prospective nominees for the Board, and it considers referrals from other Board members, management, stockholders and other external sources such as retained executive search firms. The Governance Committee utilizes the same criteria for evaluating candidates irrespective of their source.

The Governance Committee believes that any nominee must meet the following minimum qualifications:

Candidates should be persons of high integrity who possess independence, forthrightness, inquisitiveness, good judgment and strong analytical skills.

Candidates should demonstrate a commitment to devote the time required for Board duties including, but not limited to, attendance at meetings.

Candidates should possess a team-oriented ethic consistent with Altra's core values, and be committed to the interests of all stockholders as opposed to those of any particular constituency.

The Governance Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. Accordingly, when considering director candidates, the Governance Committee will seek individuals with backgrounds and qualities that, when combined with those of Altra's other directors, provide a blend of skills and experience that will further enhance the Board's effectiveness. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

To recommend a candidate for consideration, a stockholder should submit a written statement of the qualifications of the proposed nominee, including full name and address, to the Nominating and Corporate Governance Committee Chairman, c/o Altra Holdings, Inc., 300 Granite Street, Suite 201, Braintree, Massachusetts 02184.

Corporate Governance Guidelines

The Governance Committee has developed and recommended the Company's Statement of Governance Principles, Policies and Procedures (the "Governance Principles") which has been approved by our full Board. Altra's Governance Principles are available on the Company's website at <http://ir.altramotion.com/governance.cfm>.

Business Conduct and Compliance

Altra maintains a Code of Business Conduct and Ethics (the "Code of Ethics") that is applicable to all directors, officers and employees of the Company. It sets forth Altra's policies and expectations on a number of topics, including conflicts of interest, protection and proper use of company assets, relationships with customers and vendors (business ethics), accounting practices, and compliance with laws, rules and regulations. A copy of the Code of Ethics is available on the Company's website at <http://www.altramotion.com>. Individuals can report suspected violations of the Altra Holdings, Inc. Code of Ethics anonymously by contacting the Altra Compliance and Ethics Hotline at (800) 826-6762.

Table of Contents

Altra also maintains policies regarding insider trading and communications with the public (the Insider Trading Policy) and procedures for the Audit Committee regarding complaints about accounting matters (the Whistleblower Policy). The Insider Trading Policy sets forth the Company s limitations regarding trading in Company securities and the handling of non-public material information. The policy is applicable to directors, officers and employees of Altra and is designed to help ensure compliance with federal securities laws. The Whistleblower Policy was established to set forth the Audit Committee s procedures to receive, retain, investigate and act on complaints and concerns of employees and stockholders regarding accounting, internal accounting controls and auditing matters, including complaints regarding attempted or actual circumvention of internal accounting controls. Accounting complaints may be made directly to the Chairman of the Audit Committee in writing as follows: Audit Committee Chairman, c/o Altra Holdings, Inc., 300 Granite Street, Suite 201, Braintree, Massachusetts 02184. A copy of the Audit Committee s Whistleblower Policy and procedures may be requested from the Corporate Secretary, Altra Holdings, Inc., 300 Granite Street, Suite 201, Braintree, Massachusetts 02184.

Succession Planning

The Board of Directors recognizes that a sudden or unexpected change in leadership could cause the Company to experience management transition issues that could adversely affect the Company s operations, relations with employees and results. In 2008, the Governance Committee implemented a succession plan for the departure of Mr. Hurt as our Chief Executive Officer and the appointment of Mr. Christenson to that position. The Governance Committee is in the process of developing a new succession plan for the Chief Executive Officer position.

Communication with Directors

Stockholders or other interested parties wishing to communicate with the Board, the non-management directors, or any individual director may do so by contacting the Chairman of the Board by mail, addressed to Chairman of the Board, c/o Altra Holdings, Inc., 300 Granite Street, Suite 201, Braintree, Massachusetts 02184.

All communications to the Board will remain unopened and be promptly forwarded to the Chairman of the Board, who shall in turn forward them promptly to the appropriate director(s). Such items as are unrelated to a director s duties and responsibilities as a Board member may be excluded from this policy by the Chairman of the Board, including, without limitation, solicitations and advertisements; junk mail; product-related communications; job referral materials such as resumes; surveys; and material that is determined to be illegal or otherwise inappropriate. Before being discarded, the director(s) to whom such information is addressed is generally informed that the information has been removed, and that it will be made available to such director(s) upon request.

The following discussion provides an overview and analysis of our compensation programs and policies and the major factors that shape the creation and implementation of those policies. In this discussion and analysis, and in the more detailed tables and narrative that follow, we will discuss compensation and compensation decisions for fiscal 2009 relating to the following persons, whom we refer to as our named executive officers:

Michael L. Hurt, Executive Chairman and Chairman of the Board;

Carl R. Christenson, President and Chief Executive Officer;

Christian Storch, Chief Financial Officer;

Gerald P. Ferris, Vice President of Global Sales; and

William Duff, Vice President and General Manager, Overrunning Clutch & Bearings.

Personnel and Compensation Committee

The Personnel and Compensation Committee of the Board of Directors (the "Compensation Committee"), as further discussed in this Proxy Statement under the caption "Committees of the Board of Directors," has responsibility for establishing, implementing and monitoring adherence with the Company's compensation program. The role of the Compensation Committee is to oversee, on behalf of the Board and for the benefit of the Company and its stockholders, the Company's compensation and benefit plans and policies, review and

Table of Contents

approve equity grants to directors and executive officers and determine and approve annually all compensation relating to the CEO and the other executive officers of the Company. The Compensation Committee utilizes the Company's Human Resources Department and reviews data from market surveys and proxy statements to assess the Company's competitive position with respect to base salary, annual incentives and long-term incentive compensation. The Compensation Committee has the authority to engage the services of independent compensation consultants and engaged the Hay Group in 2007 to perform an executive compensation study for purposes of assisting in the establishment of executive and director compensation. The Compensation Committee meets a minimum of two times annually to review executive compensation programs, determine compensation levels and performance targets, review management performance, and approve final executive bonus distributions.

Objectives of Our Compensation Programs

We believe that compensation paid to executive officers should be closely aligned with the performance of the Company on both a short-term and long-term basis, and that such compensation should assist the Company in attracting and retaining key executives critical to the Company's success. To this end, our compensation program for executive officers is structured to achieve the following objectives:

Recruiting and Retention of Talented Professionals

We believe that it is primarily the dedication, creativity, competence and experience of our workforce that enables us to compete, given the realities of the industry in which we operate. We aim to compensate our executives at competitive levels in order to attract and retain highly qualified professionals critical to our success. There are many important factors in attracting and retaining qualified individuals. Compensation is one of them but not the only one.

Alignment of Individual and Short-Term and Long-Term Organizational Goals

We seek to align the short-term interests of our executives with those of our stockholders by structuring a significant portion of executive compensation as a performance-based bonus. In particular, the level of cash incentive compensation is determined by the use of annual performance targets, which we believe encourages superior short-term performance and operating results for the organization.

We strive to align the long-term interests of our executives with those of our stockholders and foster an ownership mentality in our executives by giving them a meaningful stake in our success through our equity incentive programs. Our equity compensation program for executives is designed to link the long-term compensation levels of our executives to the creation of lasting stockholder value.

Rewarding Meaningful Results

We believe that compensation should be structured to encourage and reward performance that leads to meaningful results for the Company. Both our cash and equity incentive compensation programs are tied primarily to each executive's contribution to sales and earnings growth and working capital management of Altra. Our strategy is to compensate our executives at competitive levels, with the opportunity to earn above-median compensation for above-market performance as compared to our peer group, through programs that emphasize performance-based incentive compensation in the form of annual cash payments and equity-based awards.

Elements of Compensation

Total compensation for our executive officers consists of the following elements of pay:

Base salary;

Annual cash incentive bonus dependent on our financial performance and achievement of individual objectives;

Table of Contents

Long-term incentive compensation through grants of equity-based awards, which have traditionally been in the form of restricted stock;

Participation in retirement benefits through a 401(k) Savings Plan;

Severance benefits payable upon termination under specified circumstances to our key executive officers;

Medical and dental benefits that are available to substantially all our employees. We share the expense of such health benefits with our employees, the cost depending on the level of benefits coverage an employee elects to receive. Our health plan offerings are the same for our executive officers and our other non-executive employees; and

Our named executive officers are provided with the same short-term and long-term disability insurance benefits as our other salaried employees. Additionally, our named executive officers are provided with life insurance and supplemental long-term disability benefits that are not available to all salaried employees.

What We Reward, Why We Pay Each Element of Compensation and How Each Element Relates to Our Compensation Objectives

Base salary, as well as other benefits such as 401(k) participation, severance, health care and life and disability insurance, are intended to provide a level of income and benefits commensurate with the executive's position, responsibilities and contributions to the Company. We believe the combined value of base salary, annual cash incentives and other fringe benefits should be competitive with the salary, bonus and general benefits provided to similarly situated executives in the industry.

We compensate our executives through programs that emphasize performance-based incentive compensation. We have structured annual cash and long-term non-cash compensation to motivate executives to achieve the business goals set by us and reward the executives for achieving such goals.

Through our annual cash bonus program, we attempt to tailor performance goals to each individual executive officer and to our current priorities and needs. Through our long-term, non-cash incentive compensation, we attempt to align the interests of our executive officers with those of our stockholders by rewarding our executives based on increases in our stock price over time through awards of restricted stock.

How We Determine the Amounts We Pay

The Company was originally formed as a private company and established its executive compensation structure in accordance with such status. Since the Company's initial public offering in December 2006, the Compensation Committee has found it advisable to conduct a review of its executive compensation structure and practices. As permitted by its charter, in 2007 the Compensation Committee retained the services of the Hay Group, an independent compensation consultant to assist in this review. The Hay Group assisted the Compensation Committee in assessing the prior compensation and benefit programs and helped to develop new compensation and benefit programs appropriate for the Company's publicly held status. This analysis included benchmarking the Company's prior programs against industry peers and other relevant public companies and providing insight into the structuring of compensation programs to achieve various short-term and long-term objectives while retaining key executives. The peer group companies reviewed by the Hay Group included Twin Disc Inc., RBC Bearings Inc., NN Inc., Kaydon Corp., Franklin Electric Company Inc., CIRCOR International Inc., Robbins & Myers Inc., Baldor Electric Company, Woodward Governor Company, and IDEX Corporation.

The Compensation Committee received the Hay Group's report during 2007, which indicated that certain of the Company's executive officers received compensation below median levels for its peer group. The Hay Group recommended that the Compensation Committee consider increasing certain executive officer base salaries to market median levels. In addition, the Hay Group recommended the Compensation Committee consider increasing long-term incentive grants and establishing share ownership guidelines. The Hay Group

Table of Contents

indicated that these actions were designed to more closely align officer compensation with long-term results and stockholder interests.

Base Salary

Base salaries for executives are determined by the Compensation Committee or the Board based upon job responsibilities, level of experience, individual performance, comparisons to the salaries of executives in similar positions at other companies within the peer group, as well as internal comparisons of the relative compensation paid to the members of our executive team.

In addition, our CEO makes recommendations to the Compensation Committee with respect to the base compensation of our executives other than himself. In the case of the CEO, the Compensation Committee evaluates his performance and makes a recommendation of base compensation to the Board. These recommendations are then evaluated, discussed, modified as appropriate and ultimately approved by the Compensation Committee or the Board. Pursuant to the employment agreements the Company has entered into with Messrs. Hurt, Christenson and Storch, the Board may not reduce, but may increase, their base salaries so long as their employment agreements are in effect. For further discussion of the employment agreements, see the section entitled "Employment Agreements" in this Proxy Statement.

On March 2, 2009, the Compensation Committee approved the 2009 compensation for the named executive officers (retroactive to January 1, 2009) after a review of competitive market data and consideration of then-current market and economic conditions. In connection with Mr. Christenson's promotion to the position of President and Chief Executive Officer and Mr. Hurt's transition to the position of Executive Chairman, both of which were effective January 1, 2009, the Compensation Committee approved adjustments to the base salaries of Messrs. Christenson and Hurt to reflect their new positions and responsibilities. In setting Mr. Christenson's new base salary, the Compensation Committee considered a number of factors including Mr. Christenson's new job responsibilities, his level of experience, the peer group benchmarking data contained in the 2007 Hay Group report, the base salary previously received by Mr. Christenson during his tenure as the Company's Chief Operating Officer and the base salary previously received by Mr. Hurt during his tenure as the Company's Chief Executive Officer. Given the global recession and uncertain economic environment, the Compensation Committee did not approve base salary increases for the remaining named executive officers. Annualized base salaries of our named executive officers for the year 2009 are disclosed in the table below.

On February 4, 2010, the Compensation Committee approved the 2010 compensation for the named executive officers (effective on April 1, 2010) after a review of competitive market data and consideration of current market and economic conditions. Increases in base salary were approved by the Compensation Committee based on a review of data from market surveys and proxy statements as well as the Compensation Committee's philosophy that the Company's executives should be paid at a competitive market rate while taking into account the performance of the Company and the performance and experience of the individual executive and, in the case of Mr. Christenson, a determination that his base salary was significantly below that of CEO's at comparable companies based upon a review of proxy reports and other publicly available data. For the year 2010, the executive officers will receive base salaries as set forth below.

Officer	2009 Base	2010 Base	Percentage Increase
Michael L. Hurt	\$ 250,000	\$ 250,000	
Carl R. Christenson	\$ 425,000	\$ 500,000	17.6%
Christian Storch	\$ 340,000	\$ 350,200	3.0%

William Duff	\$ 206,000	\$ 212,180	3.0%

As part of the Company's cost reduction efforts in light of the global recession and the uncertain global economic environment, each of the Company's named executive officers had agreed to a voluntary, temporary reduction in base salary in 2009. Messrs. Christenson, Storch, Hurt, Ferris, and Duff agreed to temporary base salary reductions of 10%, 7.5%, 2%, 5% and 5%, respectively. The temporary base salary reductions were

Table of Contents

voluntary and have been discontinued effective as of January 1, 2010. In the fiscal year ending December 31, 2009, Messrs. Christenson, Storch, Hurt, Ferris and Duff received base salaries of \$391,327, \$319,437, \$245,192, \$197,403, and \$197,403, respectively.

Annual Cash Incentives

Our executive officers (with the exception of Mr. Hurt) are eligible to participate in the Company's Management Incentive Compensation Program (MICP). Under the MICP, the Compensation Committee establishes an annual target bonus opportunity for each of our executive officers based upon the Company's achievement of certain financial performance targets. The financial performance targets in 2009 were based on adjusted EBITDA and working capital management goals. The adjusted EBITDA target consists of earnings before interest, income taxes, depreciation and amortization and is adjusted further for certain non-recurring costs, including, but not limited to, inventory fair value adjustments recorded in connection with acquisitions. The adjusted EBITDA target for fiscal 2009 was approximately \$60 million. The working capital management target is based on the number of working capital turns for the year. The working capital management target for fiscal 2009 was approximately 4.2 turns. Our executive officers are not entitled to a bonus under the MICP if the Company does not achieve at least 80% of the adjusted EBITDA target.

The Compensation Committee annually establishes a target bonus opportunity for each executive officer which represents the percentage of base salary to be received by the executive officer as a cash bonus if the Company meets its adjusted EBITDA and working capital management targets. This target percentage is then adjusted upwards or downwards by plotting actual adjusted EBITDA results on an established adjusted EBITDA target performance grid (EBITDA Multiplier). The resulting percentage is then further adjusted upwards or downwards by plotting actual working capital turns on an established working capital turns performance grid (Working Capital Turns Multiplier). In addition, due to the global economic recession, MICP bonus payouts for achieving the 2009 adjusted EBITDA performance target were reduced by 50%. As a result, achievement of the adjusted EBITDA performance target in 2009 would result in a bonus payout equal to one-half of the normal annual target bonus. With respect to Mr. Duff, twenty five percent of Mr. Duff's bonus was calculated based upon the Company's overall adjusted EBITDA target and the remaining seventy five percent of his bonus was calculated, in a similar fashion as described above, using adjusted EBITDA and working capital management targets established for the Overrunning Clutch & Bearings business platform for which he is responsible.

For fiscal year 2009, Messrs. Christenson, Storch, Ferris and Duff had target bonus percentage amounts of 75%, 50%, 50% and 35% of their respective base salary. The Company's actual results for fiscal 2009 were adjusted EBITDA of approximately \$62 million which exceeded the adjusted EBITDA target and resulted in an EBITDA Multiplier of 0.7 (or 50% of the normal multiplier of 1.4) and working capital turns of approximately 4.7, which exceeded the working capital management target (Working Capital Multiplier 1.06). Based upon these results and the combined above-target performance of the Company (and, for a portion of Mr. Duff's bonus, the performance of the Overrunning Clutch & Bearings business platform), the Compensation Committee approved bonuses to each of Messrs. Christenson, Storch, Ferris and Duff equal to approximately 56%, 37%, 37% and 47% of their respective base salary. Accordingly, Messrs. Christenson, Storch, Ferris and Duff received MICP bonus payouts of \$236,513, \$126,140, \$76,426 and \$96,272, respectively. Any bonuses earned are fully paid in cash following the end of the year earned and after the completion of the consolidated financial statement audit.

To further clarify the bonus calculation, the following is an example calculation for Mr. Christenson:

Base Salary	Target \$	EBITDA Multiplier	Working Capital	Bonus Payment(1)
--------------------	------------------	------------------------------	----------------------------	-----------------------------

	Target %			Turns Multiplier	
\$425,000	75%	\$ 318,750	0.7	1.06	\$ 236,513

(1) $(236,513 = 318,750 * 0.7 * 1.06)$

As our Executive Chairman, Mr. Hurt is not eligible to participate in the Company's MICP.

Table of Contents***Discretionary Bonus***

In addition to the amounts earned under the MICP, the Compensation Committee has recognized that certain special situations may arise where the Company may benefit from an employee significantly exceeding expectations and that such performance may warrant additional compensation. The Compensation Committee therefore granted our CEO the authority to award up to an aggregate of \$350,000 worth of additional discretionary bonuses in 2009 to Company employees for services the CEO determines to be beneficial to the Company and above and beyond the scope of such employee's regular services. No named executive officers received discretionary bonuses during 2009.

Long-Term Incentive Compensation

We believe that equity-based compensation ensures that our executives have a continuing stake in the long-term success of the Company. We issue equity-based compensation in the form of restricted stock, which generally vests ratably over a period of years. The purpose of these equity incentives is to encourage stock ownership, offer long-term performance incentive and to more closely align the executive's compensation with the return received by the Company's stockholders.

In 2007, during its review of the Company's long-term incentive compensation structure for its executive officers, the Compensation Committee noted the Hay Group's recommendation that long-term incentive grants be made to the Company's executive officers to further align executive officers' compensation with the long-term performance of the Company and to aid in retention. The Compensation Committee therefore determined that it was appropriate and in the best interests of the Company and its stockholders to make incentive grants to the executive officers as a component of total compensation. The Compensation Committee has established a target long-term incentive opportunity for each executive officer which represents a percentage of base salary to be received annually by the executive officer as a long term incentive grant. In setting the target percentage of base salary for the long-term incentive grant, the Compensation Committee considered peer group benchmarking data and recommendations contained in the 2007 Hay Group report. The Compensation Committee may then adjust the incentive grant upwards or downwards in its discretion. Messrs. Christenson, Storch, Ferris and Duff have target incentive grant percentages equal to 150%, 50%, 35% and 30% of their respective base salary. On February 4, 2010, the Compensation Committee approved the following grants of restricted stock, which, with the exception of Mr. Hurt's grant, will vest in equal annual installments on August 15, 2010, August 15, 2011, August 15, 2012 and August 15, 2013, for each of the named executive officers set forth below:

Officer	Number of Shares Granted	Cash Value at Time of Grant
Michael L. Hurt	11,429	\$ 120,000
Carl R. Christenson	71,429	\$ 750,000
Christian Storch	16,676	\$ 175,100
Gerald Ferris	7,073	\$ 74,263
William Duff	6,062	\$ 63,654

The Compensation Committee did not adjust any of the above grants from the target percentage.

Mr. Hurt's grant was determined by the Committee in its discretion based upon Mr. Hurt's responsibilities as Executive Chairman, his overall compensation, and the awards typically granted to non-management directors. The Committee determined Mr. Hurt should receive a grant equal to two times the grant awarded to non-management Board Members. Further, Mr. Hurt's grant vested in its entirety on February 4, 2010, the date of grant. The vesting terms were in line with the stock grants to members of the Board of Directors.

Other Benefits

We have a 401(k) plan in which the named executive officers currently participate. We also have a frozen defined benefit plan from which Mr. Ferris is eligible to receive benefits. We also provide life, disability,

Table of Contents

medical and dental insurance as part of our compensation package. The Compensation Committee considers all of these plans and benefits when reviewing the total compensation of our executive officers.

Prior to February 1, 2009, the 401(k) plan offered a company match of \$0.50 for every \$1.00 contributed by a named executive officer to the plan, up to 6% of the executive officer's pre-tax pay. Effective February 1, 2009, in connection with the Company's efforts to reduce costs, the 401(k) match was suspended with respect to many of the Company's employees, including the named executive officers. Effective February 15, 2010, a portion of the 401(k) plan company match, equal to \$0.50 for every \$1.00 contributed up to 4% of pre-tax pay, was restored. Prior to June 1, 2009, the Company also contributed an amount equal to 3% of a named executive's pre-tax pay to their account regardless of the amount of the contributions made by the named executive officer. Effective June 1, 2009, in connection with the Company's efforts to reduce costs, the 3% Company contribution was suspended with respect to many of the Company's employees, including the named executive officers.

Mr. Ferris previously participated in the Colfax PT Pension Plan; however, on December 31, 1998, participation in and benefits accrued under such plan were frozen. Under the provisions of the plan, upon reaching the normal retirement age of sixty-five, Mr. Ferris will receive annual payments of approximately \$38,661. As part of its acquisition of Power Transmission Holding LLC from Colfax Corporation, the Company assumed certain liabilities of the Colfax PT Pension Plan, including such future payments to Mr. Ferris.

The named executive officers are provided with the same short-term and long-term disability benefits as our other salaried employees. Additionally, the named executive officers are provided with life insurance and supplemental long-term disability benefits that are not available to all salaried employees.

Perquisites

We do not provide the named executive officers with perquisites or other personal benefits such as company vehicles, club memberships, financial planning assistance, tax preparation or other similar benefits with the exception of Mr. Ferris, our Vice President of Global Sales, who as a sales executive has use of a company-leased automobile.

Stock Ownership Guidelines

In accordance with the recommendation of the Hay Group, in 2007, the Compensation Committee established the following stock ownership guidelines for six of the Company's senior executive positions, including the position formerly held by Mr. Hurt and those held by Messrs. Christenson, Storch, and Ferris:

Michael L. Hurt As Chief Executive Officer, Mr. Hurt was to retain the value of Company stock and/or cash value of his personal 401(k) account to be equivalent to five (5) times his base annual salary. Effective January 1, 2009, Mr. Hurt transitioned from Chief Executive Officer to the position of Executive Chairman. The Compensation Committee has not established stock ownership guidelines for the position of Executive Chairman.

Carl R. Christenson As President and Chief Executive Officer, Mr. Christenson should retain the value of Company stock and/or cash value of his personal 401(k) account to be equivalent to five (5) times his base annual salary.

Christian Storch As Chief Financial Officer, Mr. Storch should retain the value of Company stock and/or cash value of his personal 401(k) account to be equivalent to three (3) times his base annual salary.

Edgar Filing: Altra Holdings, Inc. - Form DEF 14A

Gerald P. Ferris As Vice President of Global Sales, Mr. Ferris should retain the value of Company stock and/or cash value of his personal 401(k) account to be equivalent to one (1) time his base annual salary.

All of these executive officers have a five (5) year period to accumulate these specific values.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended generally places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to our Chief Executive Officer and each of the next four most highly compensated executive officers. The Compensation Committee considers the anticipated tax treatment to the Company and its executive officers when reviewing the executive compensation programs. However, the Compensation Committee will not necessarily seek to limit executive compensation to amounts deductible under Section 162(m), as the Compensation Committee wishes to maintain flexibility to structure our executive compensation programs in ways that best promote the interests of the Company and its stockholders.

Change of Control Matters, Employment Contracts and Other Agreements

Employment Agreements

Three of our named executive officers, Messrs. Hurt, Christenson and Storch, have entered into employment agreements with us and our wholly-owned subsidiary Altra Industrial Motion, Inc. Mr. Hurt originally entered into his employment agreement in January 2005, which was subsequently amended on December 5, 2006 and on September 25, 2008. Under the terms of his employment agreement, Mr. Hurt's term of employment as the Company's Executive Chairman commenced on January 1, 2009 and, unless sooner terminated, continues until December 31, 2013. Mr. Christenson entered into his employment agreement in early January 2005, which was subsequently amended on March 3, 2009 (with such amendment effective as of January 1, 2009). Under the terms of his employment agreement, Mr. Christenson has a five-year employment term, beginning on January 1, 2009, following which the agreement automatically renews for successive one-year terms unless either Mr. Christenson or Altra terminates the agreement upon 6 months prior notice to such renewal date. Mr. Storch entered into his employment agreement in December 2007. Under the terms of his employment agreement, Mr. Storch has a five-year employment term. Each of the employment agreements contain usual and customary restrictive covenants, including 12 month non-competition provisions and non-solicitation/no hire of employees or customers provisions, non-disclosure of proprietary information provisions and non-disparagement provisions. In the event of a termination without cause or departure for good reason, Messrs. Christenson and Storch are entitled to severance equal to 12 months salary, continuation of medical and dental benefits for the 12-month period following the date of termination, and an amount equal to their pro-rated bonus for the year of termination. In the event of a termination without cause or departure for good reason, Mr. Hurt is entitled to severance equal to continuation of his salary from the date of termination through December 31, 2013. In addition, upon such termination, all of Mr. Hurt's and Mr. Christenson's unvested restricted stock received from our Incentive Plan shall automatically vest. Any payments upon termination are subject to certain conditions including compliance with the non-competition, non-solicitation, non-disclosure and non-disparagement provisions described above. Under the terms of his employment agreement, upon the death or disability of Mr. Christenson, all of Mr. Christenson's unvested restricted stock received from the Company's Incentive Plan shall automatically vest.

Under the agreements, each of Messrs. Christenson and Storch is also eligible to participate in all compensation or employee benefit plans or programs and to receive all benefits and perquisites for which salaried employees of Altra Industrial Motion, Inc. generally are eligible under any current or future plan or program on the same basis as other senior executives of Altra Industrial Motion, Inc.

Change of Control Provisions

Pursuant to the terms of the employment agreements discussed above under the caption Employment Agreements, we provide benefits to Messrs. Hurt, Christenson and Storch upon termination of employment from the Company under certain circumstances. The benefits described under the caption Employment Agreements are in addition to the benefits to which the executives would be entitled upon a termination of employment generally (i.e. vested retirement benefits accrued as of the date of termination, stock awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA).

Table of Contents

The Company and its wholly-owned subsidiary, Altra Industrial Motion, Inc., have entered into change of control agreements, effective as of October 28, 2008, with each of our named executive officers (collectively, the *Executives*). The change of control agreements provide that, subject to certain conditions, including compliance with non-competition, non-solicitation, non-disclosure and non-disparagement provisions, in the event that (a) the Executive is terminated without cause or such Executive terminates employment for good reason within 24 months following a change of control of the Company (as defined in the change of control agreements) or (b) the Executive is terminated without cause in anticipation of a change of control of the Company within 90 days prior to such change of control (each, a *triggering event*), such Executive will be entitled to certain benefits. Such benefits include (i) a lump sum amount payable in cash equal to the sum of (A) a multiple (shown below for each of the named executive officers) of the Executive's annual base salary then in effect and (B) a multiple (shown below for each of the named executive officers) of the Executive's target bonus amount for the year of termination and (ii) continuation of medical and dental benefits for up to 18 months (period shown below for each of the named executive officers) following the date of termination. In addition, upon a change of control, the Executive will be entitled to an amount equal to such Executive's pro-rated bonus for the year of termination and all of such Executive's outstanding equity incentive awards will automatically vest in full and be exercisable as of the date of termination.

Executive	Title	Multiple of Base Salary and Target Bonus	Medical and Dental Continuation
Michael L. Hurt	Executive Chairman	2x	18 Months
Carl R. Christenson	President and Chief Executive Officer	2x	18 Months
Christian Storch	Chief Financial Officer	2x	18 Months
Gerald P. Ferris	Vice President of Global Sales	1.5x	18 Months
William Duff	Vice President and General Manager, Overrunning Clutch & Bearings	1x	12 Months

Because Messrs. Hurt, Christenson and Storch also have employment agreements with the Company, the change of control agreements for these Executives provide that in the event of a triggering event, such Executive shall be entitled to receive benefits and payments under only one of the employment agreement or the change of control agreement, whichever is more favorable to the Executive at the time of such triggering event.

As more fully discussed in the caption *2004 Equity Incentive Plan* in this Proxy Statement, the Compensation Committee has the authority to effect immediate vesting of various employee incentive awards upon a change of control of Altra. The Compensation Committee may provide that any time prior to a change in control, any outstanding stock options, stock appreciation rights, stock units and unvested cash awards shall immediately vest and become exercisable and any restriction on restricted stock awards or stock units shall immediately lapse. In addition, the Compensation Committee may provide that all awards held by participants who are in our service at the time of the change of control, shall remain exercisable for the remainder of their terms notwithstanding any subsequent termination of a participant's service.

Executive Severance Policy

The Compensation Committee has approved an Executive Severance Policy, effective as of November 1, 2008, applicable to officers of the Company holding the title of Vice President or Vice President and General Manager, including two named executive officers, Gerald P. Ferris and William Duff (collectively, the Vice Presidents). The Executive Severance Policy provides that, subject to certain conditions including compliance with non-competition, non-solicitation, non-disclosure and non-disparagement provisions, in the event that a Vice President is terminated without cause by the Company, such Vice President will be entitled to continue receiving his base salary and medical and dental benefits for a period of 12 months following such termination. In the event a Vice President enters into a written agreement with the Company regarding severance, including

Table of Contents

a change of control agreement, the terms and conditions of such written agreement shall control with respect to the termination circumstances covered by such agreement and the Vice President shall not be eligible to receive benefits under this policy.

Amounts payable to our named executive officers due to termination of employment or a change of control under any employment agreements or otherwise are disclosed in further detail in the table entitled Potential Payments Upon Termination or Change-In-Control contained in this Proxy Statement.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. We believe that these agreements are necessary to attract and retain qualified persons as directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Retirement

As part of the acquisition of Power Transmission Holding LLC (PTH) from Colfax Corporation, we agreed to assume active pension plan liabilities of PTH, including certain liabilities under its Colfax PT Pension Plan. Mr. Ferris previously participated in the Colfax PT Pension Plan; however, on December 31, 1998, his participation in and benefits accrued under such plan were frozen. Under the provisions of the plan, upon reaching the normal retirement age of 65, Mr. Ferris will receive annual payments of approximately \$38,661. These amounts were determined from a formula set forth in the plan and are based upon (i) a participant's years of service, (ii) a participant's compensation at the time the plan was frozen, and (iii) a standard set of benefit percentage multipliers. The assumed liabilities of the Colfax PT Pension Plan, including the retirement benefits payable to Mr. Ferris, will be managed under the Altra Industrial Motion, Inc. Retirement Plan, which has been frozen at identical levels to the Colfax PT Pension Plan.

COMPENSATION COMMITTEE REPORT

The Personnel and Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based on this review and discussion, the Personnel and Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

2004 Equity Incentive Plan

Our 2004 Equity Incentive Plan, or Incentive Plan, permits the grant of restricted stock, stock units, stock appreciation rights, cash, non-qualified stock options and incentive stock options to purchase shares of our common stock, par value \$0.001 per share. Currently, the maximum number of shares of our common stock that may be issued under the terms of the Incentive Plan is 3,004,256 and the maximum number of shares that may be subject to incentive stock options (within the meaning of Section 422 of the Code) is 1,750,000 shares. The Compensation Committee of our Board of Directors administers the Incentive Plan and has discretion to establish the specific terms and conditions for each award. Our employees, consultants and directors are eligible to receive awards under our Incentive Plan. Stock options, stock appreciation rights, restricted stock, stock units and cash awards may constitute performance-based awards in accordance with

Table of Contents

Section 162(m) of the Code at the discretion of the Compensation Committee. Any grant of restricted stock under the Incentive Plan may be subject to vesting requirements, as provided in its applicable award agreement, and will generally vest in equal annual installments over a period of years. The Compensation Committee may provide that any time prior to a change in control, any outstanding stock options, stock appreciation rights, stock units and unvested cash awards shall immediately vest and become exercisable and any restriction on restricted stock awards or stock units shall immediately lapse. In addition, the Compensation Committee may provide that all awards held by participants who are in our service at the time of the change of control, shall remain exercisable for the remainder of their terms notwithstanding any subsequent termination of a participant's service. All awards shall be subject to the terms of any agreement effecting a change of control. Other than Mr. Hurt's and Mr. Christenson's grants, upon a participant's termination of employment (other than for cause), unless the Board or Compensation Committee provides otherwise: (i) any outstanding stock options or stock appreciation rights may be exercised 90 days after termination, to the extent vested, (ii) unvested restricted stock awards and stock units shall expire and (iii) cash awards and performance-based awards shall be forfeited. Under the terms of his restricted stock agreements, in the event Mr. Hurt's employment is terminated by us other than for cause, or terminates for good reason, death or disability all of his unvested restricted stock awards shall vest automatically. Under the terms of his employment agreement, in the event Mr. Christenson's employment is terminated by us other than for cause, or terminates for good reason, all of his unvested restricted stock awards shall vest automatically. In the event Mr. Christenson's employment is terminated due to death or disability, certain of Mr. Christenson's restricted stock awards shall vest automatically.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews Altra's financial reporting process on behalf of the Board of Directors and reports to the Board on audit, financial and related matters. Altra's management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. Deloitte & Touche LLP (the independent external auditor for fiscal year ended December 31, 2009) was responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing principles and to issue a report thereon. The Audit Committee oversees these processes.

In this context, the Audit Committee has met and held discussions with Altra's management and the independent auditor. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the independent auditor. The Audit Committee also discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 114 *The Auditor's Communication with Those Charged with Governance*.

In addition, the Audit Committee discussed with the independent auditor such auditor's independence from the Company and its management, and the independent auditor provided to the Audit Committee the written disclosures and communications required by the Public Company Accounting Oversight Board regarding the independent auditor's communication with the Audit Committee concerning independence.

The Audit Committee discussed with the Company's internal audit staff and independent auditor the overall scope and plans for their respective audits. The Audit Committee met with the internal audit staff and the independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of Altra's internal controls, and the overall quality of Altra's financial reporting.

Based on the reviews and discussions with management and the independent auditor referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in Altra's Annual Report on Form 10-K for the fiscal year ended December 31, 2009, and filed with the SEC.

Pre-Approval of Audit and Non-Audit Services

Altra's Audit Committee is responsible for appointing Altra's independent auditor and approving the terms of the independent auditor's services. The Audit Committee has established a policy for the pre-approval of all audit and permissible non-audit services to be provided by the independent auditor, as described below and must pre-approve any internal control related service, including any changes in the nature, scope or extent of such services.

Audit Services

Under the policy, the Audit Committee is to approve the engagement of Altra's independent auditor each fiscal year and pre-approve each audit and audit-related services to be performed by such independent auditor, including, but not limited to, the audit of Altra's financial statements and the provision of an attestation report on management's evaluation of Altra's internal controls over financial reporting. As noted above, the Audit Committee must specifically approve, in advance, any proposed change in the nature, scope or extent of any internal control related service.

Table of Contents

Non-Audit Services

In accordance with the pre-approval policy, the Audit Committee must pre-approve non-audit services that may be performed by the independent auditor during the fiscal year. The Audit Committee will approve the provision of only those non-audit services deemed permissible under the federal securities laws and regulations. The Audit Committee may delegate to the Chair of the Audit Committee the authority to approve additional permissible non-audit services to be performed by the independent auditor, provided that the full Audit Committee shall be informed of such approval at its next scheduled meeting.

All services performed by D&T in fiscal 2009 were pre-approved by the Audit Committee pursuant to the foregoing pre-approval policy.
