PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 25, 2010

GENERAL

NuVasive, Inc. (the Company) made these materials available to you on the internet, or, upon your request, has delivered printed proxy materials to you, in connection with the solicitation of proxies by the Board of Directors (the Board) of the Company for use at the Annual Meeting of Stockholders to be held on May 25, 2010, at 8:00 AM local time, at NuVasive's corporate offices located at 7475 Lusk Boulevard, San Diego, California 92121, and at any adjournments or postponements thereof (the Annual Meeting). These Notices were mailed to stockholders on or about April 7, 2010.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

1. What is the purpose of the Annual Meeting?

You will be voting on each of the following items of business: (i) the election of two directors for terms expiring in 2013; (ii) the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010; and (iii) any other business that may properly come before the Annual Meeting.

2. Who is soliciting the proxies?

The proxies for the Annual Meeting are being solicited by the Board.

3. Why did I receive a notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the Securities and Exchange Commission (the SEC) in 2008, we may furnish proxy materials, including this proxy statement and our Annual Report for fiscal year 2009, to our stockholders by providing access to such documents on the internet instead of mailing printed copies. Our Annual Report for fiscal year 2009 is not incorporated into this Proxy Statement and shall not be considered a part of this Proxy Statement or soliciting materials. Most stockholders will not receive printed copies of the proxy materials

Table of Contents

unless they request them. Instead, the Notice, which was mailed to most of our stockholders, will instruct you as to how you may access and review all of the proxy materials on the internet. The Notice also instructs you as to how you may submit your proxy on the internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

4. How do I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to:

View our proxy materials for the Annual Meeting on the internet; and

Instruct us to send our future proxy materials to you electronically by e-mail.

Choosing to receive your future proxy materials by e-mail will save us the cost of printing and mailing documents to you and will reduce the impact of printing and mailing these materials on the environment. If you choose to receive future proxy materials by email, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

5. Who is entitled to vote?

Only holders of record of outstanding shares of the Company's common stock at the close of business on March 29, 2010, are entitled to notice of and to vote at the Annual Meeting. At the close of business on March 29, 2010, there were 39,093,433 outstanding shares of common stock. Each share of common stock is entitled to one vote.

In accordance with Delaware law, a list of stockholders entitled to vote at the Annual Meeting will be available at the Annual Meeting, and for 10 days prior to the Annual Meeting at 7475 Lusk Boulevard, San Diego, California 92121, Monday through Friday between the hours of 9 a.m. and 4 p.m. Pacific time.

6. Is cumulative voting permitted for the election of directors?

No. You may not cumulate your votes for the election of directors.

7. How do I vote?

If you have shares for which you are the stockholder of record, you may vote those shares by proxy. You may also vote by proxy over the internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you may also vote by mail or telephone pursuant to instructions provided on the proxy card. Additionally, shares held in your name as the stockholder of record may be voted by you in person at the Annual Meeting.

Most of our stockholders hold their shares as a beneficial owner through a broker or other nominee rather than directly in their own name. If you are the beneficial owner of shares held in street name, you may also vote by proxy over the internet by following the instructions provided in the Notice, or, if you requested to receive printed proxy materials, you may also vote by telephone or mail by following the voting instruction card provided to you by your broker or other nominee. If you do not give instruction to your broker, your shares may constitute broker non-votes. Under the rules that govern brokers who are voting shares held in street name, brokers have the discretion to vote those shares on routine matters but not on non-routine matters. Routine matters include the ratification of independent public accountants. Non-routine matters include the election of directors, actions on stock plans and shareholder proposals. If

your shares are held in street name, you may not vote your shares in person at the Annual Meeting unless you obtain a legal proxy from the broker or nominee that holds the shares giving you the right to vote the shares at the Annual Meeting.

Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

Table of Contents

8. Can I change my vote after I submit my proxy?

Yes. If you are a stockholder of record, you may revoke a proxy at any time before it is voted at the Annual Meeting by (a) delivering a proxy revocation or another duly executed proxy bearing a later date to the Secretary of the Company at 7475 Lusk Boulevard, San Diego, CA 92121 or (b) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless you actually vote in person at the meeting. For shares you hold beneficially in street name, you may change your vote by submitting new voting instruction to your broker or other nominee following the instruction they provided, or, if you have obtained a legal proxy from your broker or other nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

9. How are the votes counted?

In the election of directors, you may vote **FOR** all or some of the nominees or you may vote to **WITHHOLD** with respect to one or more of the nominees. A vote of **WITHHOLD** with respect to the election of one or more of the nominees will not be voted with respect to the nominee or nominees indicated, although it will be counted for purposes of determining whether there is a quorum.

For each other item, you may vote **FOR**, **AGAINST** or **ABSTAIN**. A vote of **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated, the shares will be voted as recommended by the Board (i.e. **FOR** the nominees to the Board listed in these materials and **FOR** the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010) unless you submit your proxy card through a broker and your broker does not indicate a vote on a particular matter because your broker has not received voting instructions from you (See Question 7 above). If the Company receives a proxy card with a broker non-vote, your proxy will be voted **FOR** the ratification of the appointment of Ernst & Young LLP and it will not be included as a vote **FOR** or **AGAINST** the nominees to the Board.

10. What vote is needed to approve each of the proposals?

The election of each nominee for director requires the affirmative vote of the holders of a plurality of the shares of the Company's common stock voted in the election of directors.

Each other item requires the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item.

11. How does the Board recommend that I vote?

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE PROPOSED NOMINEES FOR ELECTION TO THE BOARD AND FOR THE RATIFICATION OF THE APPOINTMENT BY THE AUDIT COMMITTEE OF ERNST & YOUNG LLP.

12. How many shares must be present to hold the Annual Meeting?

A majority of the outstanding shares of common stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the Annual Meeting. Both broker non-votes (discussed in Question 7) and stockholders of record who are present at the Annual Meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the Annual Meeting, will be included in the number of stockholders present at the Annual Meeting for purposes of determining whether a quorum is present.

Table of Contents

13. Who pays the costs of the proxy solicitation?

The Company will pay all of the costs of soliciting proxies. In addition to solicitation by mail, officers, directors and employees of the Company may solicit proxies personally, or by telephone, without receiving additional compensation. The Company, if requested, will also pay brokers and other fiduciaries that hold shares of common stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to stockholders. Though the Company has not yet, it may retain a firm to assist in the solicitation of proxies in connection with the Annual Meeting. The Company would pay such firm, if any, customary fees, expected to be no more than \$10,000 plus expenses.

14. Could other matters be decided in the Annual Meeting?

The Company is not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this Proxy Statement. If any other matters are properly brought before the Annual Meeting, the persons named as proxy holders (Alexis V. Lukianov and Jason M. Hannon) will have the discretionary authority to vote the shares represented by the proxy card on those matters. If for any reason any of the nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

15. Where can I find the voting results of the Annual Meeting?

We intend to announce the final voting results at the Annual Meeting and publish the final results in our current report on Form 8-K within four business days of the Annual Meeting, unless final results are unavailable in which case we will publish the preliminary results in such current report on Form 8-K. If final results are not filed with our current report on Form 8-K to be filed within four business days of the Annual Meeting, the final results will be published in an amendment to our current report on Form 8-K within four business days after the final voting results are known.

16. How do I make a stockholder proposal or nominate an individual to serve as a director for the fiscal year 2010 annual meeting of stockholders occurring in 2011?

The Company's Bylaws state the procedures for a stockholder to bring a stockholder proposal or nominate an individual to serve as a director of the Board. The Company's Bylaws provide that advance notice of a stockholder's proposal or nomination of an individual to serve as a director must be delivered to the Secretary of the Company at the Company's principal executive offices not earlier than the one hundred twentieth (120th) day, nor later than the close of business on the ninetieth (90th) day prior to the anniversary of the previous year's annual meeting of stockholders. However, the Bylaws also provide that in the event that no annual meeting was held in the previous year or the date of the annual meeting is changed by more than thirty (30) days from the previous year's annual meeting as specified in the Company's notice of meeting, this advance notice must be given not earlier than the one hundred twentieth (120th) day, nor later than the close of business on the later of the ninetieth (90th) day prior to the date of such annual meeting or, if the first public announcement of the date of such annual meeting is less than one hundred (100) days prior to the date of such annual meeting, the tenth (10th) day following the day on which public announcement of the date of such annual meeting is first made by the Company.

In addition to meeting the advance notice provisions mentioned above, the stockholder in its notice must provide the information required by our Bylaws to bring a stockholder proposal or nominate an individual to serve as a director of the Board.

Edgar Filing: NUVASIVE INC - Form DEF 14A

A copy of the full text of the provisions of the Company's Bylaws dealing with stockholder nominations and proposals is available to stockholders from the Secretary of the Company upon written request.

Under the rules of the Securities and Exchange Commission, stockholders who wish to submit proposals for inclusion in the proxy statement of the Board for the annual meeting of stockholders to be held in 2011 must submit such proposals so as to be received by the Company at 7475 Lusk Boulevard, San Diego, CA 92121, on or before December 2, 2010; provided, however, that in the event that the Company holds the annual meeting of stockholders to be held in 2011 more than 30 days before or after the one-year anniversary date of the Annual Meeting, the

Company will disclose the new deadline by which stockholders proposals must be received under Item 5 of our earliest possible quarterly report on Form 10-Q or, if impracticable, by any means reasonably calculated to inform stockholders. In addition, stockholder proposals must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials.

All directors hold office until the annual meeting of stockholders at which their terms expire and the election and qualification of their successors. Any proxy granted with respect to the Annual Meeting cannot be voted for greater than two nominees.

NOMINEES AND CONTINUING DIRECTORS

Pursuant to a resolution adopted by a majority of the authorized number of directors, the authorized number of members of the Board has been set at seven. The following individuals have been nominated for election to the Board of Directors or will continue to serve on the Board of Directors after the Annual Meeting:

Alexis V. Lukianov

Alexis V. Lukianov has served as our President, our Chief Executive Officer, and a director since July 1999, and as Chairman of our Board of Directors since February 2004. Mr. Lukianov has nearly 25 years of experience in the orthopaedic industry with 20 years in senior management. Prior to joining NuVasive, Mr. Lukianov was a founder of and served as Chairman of the Board and Chief Executive Officer of BackCare Group, Inc., a spine physician practice management company. Mr. Lukianov also held various executive positions with Medtronic Sofamor Danek, Inc. including President of USA. He also directed a business unit at Smith & Nephew Orthopaedics and managed an orthopaedic joint venture between Stryker and Meadox Medical. Mr. Lukianov attended Rutgers University and

served in the U.S. Navy. Mr. Lukianov serves on the boards and the executive committees of BIOCUM and Medical Device Manufacturers Association (MDMA), and is on the boards of Volcano Corporation, a publicly traded company that develops products that aid in the diagnosis and treatment of vascular and structural heart disease, and Ophthonix, Inc., a privately held company focused on vision correction technology. Mr. Lukianov, with his experience in the orthopaedic industry and years in senior management as described above, provides invaluable experience to the Board and entire organization at NuVasive.

Table of Contents

Jack R. Blair

Jack R. Blair has served as a member of our Board of Directors since August 2001. During his 18 year career with Smith & Nephew plc ending in 1998, Mr. Blair served in various capacities with Smith & Nephew plc and Richards Medical Company, which was acquired by Smith & Nephew in 1986, most recently as group president of its North and South America and Japan operations. He held the position of President of Richards Medical Company. Until November 2007, when the company was sold, Mr. Blair served as chairman of the board of directors of DJO, Inc., an orthopedic medical device company. He also serves as a director of two privately-held orthopedic companies and a privately-held specialty chemicals company. Mr. Blair holds a B.A. in Government from Miami University and an M.B.A. from the University of California, Los Angeles. Mr. Blair's service with prior companies has provided him with valuable international and operational experience, together with his extensive knowledge of the medical device industry, he brings extensive management and board of director experience to our Board.

Peter C. Farrell, Ph.D., AM

Peter C. Farrell, Ph.D., AM has served as a member of our Board of Directors since January 2005. Dr. Farrell was founding Chairman and Chief Executive Officer of ResMed, Inc., a leading developer and manufacturer of medical equipment for the diagnosis and treatment of sleep-disordered breathing, which positions he held from 1989 to 2007. Dr. Farrell holds bachelor and masters degrees in chemical engineering from the University of Sydney and the Massachusetts Institute of Technology, a Ph.D. in bioengineering from the University of Washington, Seattle and a Doctor of Science from the University of New South Wales for research related to dialysis and renal medicine. Dr. Farrell's broad management experience and responsibilities, through his experience as a founding executive of ResMed, Inc., provide relevant experience to our Board in a number of strategic and operational areas.

Lesley H. Howe

Lesley H. Howe has served as a member of our Board of Directors since February 2004. Mr. Howe has over 40 years of experience in accounting, finance and business management within a variety of industries. From December 2001 to May 2007, he served as Chief Executive Officer of Consumer Networks LLC, a San Diego-based Internet marketing and promotions company. Mr. Howe had a 30 year career with KPMG Peat Marwick LLP, an international accounting and auditing firm, in which he was an audit partner for 23 years and an area managing partner/managing partner of the Los Angeles office of KPMG for three years. Mr. Howe currently serves on the board of directors of P.F. Chang's China Bistro, Inc., an owner and operator of restaurants; Jamba Inc., the leading retailer of quality blended fruit beverages; and Volcano Corp., a developer of products that aid in the diagnosis and treatment of vascular and structural heart disease. He previously served on the board and was chair of the Audit Committee of DJ Orthopedics Inc. from 2002 through 2008. Mr. Howe received a B.S. in business administration from the University of Arkansas. Mr. Howe's extensive public accounting, financial and executive management background provide valuable financial and accounting experience and expertise to our Board.

Robert J. Hunt

Robert J. Hunt has served as a member of our Board of Directors since January 2005. Mr. Hunt is the co-founder of the Mercury Investment Group, an investment advisory firm established in 2002. Mr. Hunt also oversaw the finance team at AutoZone, Inc., for eight years, serving as Executive Vice President and Chief Financial Officer and director. Mr. Hunt previously held senior financial management positions at The Price Company, Malone & Hyde, Inc. and PepsiCo, Inc. He has also served as a director of SCB Computer Technology, Inc. Mr. Hunt holds bachelor and masters degrees from Columbia University and is a certified public accountant. Mr. Hunt's extensive public company background provides valuable financial and accounting expertise, and his background as an executive contributes management and auditing expertise to the Board.

Eileen M. More

Eileen M. More has served as a member of our Board of Directors since June 2007. Ms. More was a General Partner at Oak Investments, one of the largest venture capital funds in the United States, for over 20 years. Ms. More founded Oak's healthcare investment practice, and was also an active investor in information technology, with early

stage investments in dozens of successful healthcare and technology companies. Her investments include leadership roles with Genzyme Corporation, Alexion Pharmaceuticals, OraPharma, Inc., Osteotech, Inc. and Compaq Computer. Ms. More retired from Oak in 2002, but continues to serve on several boards. She currently serves on the board of directors of KBL Healthcare Acquisition Corp. III, a publicly owned blank check corporation. Ms. More is Chairman Emeritus of the Connecticut Venture Group and a board member of the University of Connecticut Research and Development Corporation. Ms. More attended the University of Bridgeport and has been awarded a Chartered Financial Analyst (CFA) charter. Ms. More's investment and leadership experience in the healthcare industry provides relevant experience in strategic areas, as well as in-depth knowledge of the healthcare industry, providing valuable insight and guidance to the Board for matters such as, among others, corporate strategy and risk management.

Richard Treharne, Ph.D.

Richard Treharne, Ph.D. has served as a member of our Board of Directors since August 2009. Dr. Treharne has over 30 years of experience in the orthopaedic industry with over 15 years in senior management. From August 2006 to the present, Dr. Treharne has held the position of Vice President, Orthopaedic Research at Active Implants Corporation, a privately held orthopaedic company focused on innovative technologies for degenerative conditions of the joints. During his sixteen years at Medtronic Sofamor Danek, from November 1990 to August 2006, he served as a Group Director – Regulatory and Clinical Affairs for three months and then various Vice President positions for the remainder of his tenure, most recently as Vice President – Regulatory Affairs. He also held several director level positions at Smith & Nephew plc prior to working at Medtronic. Dr. Treharne holds an M.B.A. from the University of Memphis, a Ph.D. and a M.S.E. from The University of Pennsylvania, and a B.S. in Metallurgical Engineering from The Ohio State University. Dr. Treharne's experience in senior management and the orthopaedic industry provide strategic and practical knowledge to our Board related to regulatory, clinical research and other operational areas in our industry.

There are no family relationships among any of the Company's directors or executive officers.

DIRECTOR NOMINATIONS

Criteria for Board Membership. In selecting candidates for appointment or re-election to the Board, the Nominating & Corporate Governance Committee (the Nominating Committee) considers the appropriate balance of experience, skills and characteristics required of the Board, seeks to insure that at least a majority of the directors are independent under the rules of the NASDAQ Stock Market (NASDAQ), and that members of the Company's Audit Committee meet the financial literacy and sophistication requirements under NASDAQ rules (including that at least one of them qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission). Nominees for director are selected on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment, and willingness to devote adequate time to Board duties. Additionally, the Nominating Committee will consider diversity and seeks diverse individuals, such as women and individuals from minority groups, to include in the pool of candidates for Board nomination; however, there is no formal policy with respect to diversity considerations in identifying director nominees.

Stockholder Nominees. The Nominating Committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the Nominating Committee c/o the Secretary of the Company and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); and (b) all information required by the Company's Bylaws (including the names and addresses of the stockholders making the nomination and the appropriate biographical information and a statement as to the qualification of the nominee), and should be submitted in the time frame described in the Bylaws of the Company and under the question, "How do I

make a stockholder proposal or nominate an individual to serve as a director for the fiscal year 2010 annual meeting of stockholders occurring in 2011? above.

Table of Contents

Process for Identifying and Evaluating Nominees. The Nominating Committee believes the Company is well served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Nominating Committee will renominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the Nominating Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board, senior management of the Company and, if the Nominating Committee deems appropriate, a third-party search firm. The Nominating Committee will evaluate each candidate's qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the Nominating Committee. Candidates meriting serious consideration will meet with all members of the Board. Based on this input, the Nominating Committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board that this candidate be appointed to fill a current vacancy on the Board, or presented for the approval of the stockholders, as appropriate.

The Company has never received a proposal from a stockholder to nominate a director. Although the Nominating Committee has not adopted a formal policy with respect to stockholder nominees, the committee expects that the evaluation process for a stockholder nominee would be similar to the process outlined above.

Board Nominees for the 2010 Annual Meeting. Each of the nominees listed in this Proxy Statement are current directors standing for re-election.

CORPORATE GOVERNANCE

The Board met five times during fiscal 2009 and action was taken via unanimous written consent two times. The Audit Committee met eleven times. The Compensation Committee met five times and action was taken via unanimous written consent two times. The Nominating & Corporate Governance Committee met four times. Peter C. Farrell, Ph.D., A.M. did not attend 75% or more of the aggregate number of Board meetings and committee meetings of committees on which he served. Each member of the Board, except Dr. Farrell, attended 75% or more of the Board meetings during fiscal 2009. Each member of the Board who served on either the Audit, Compensation or Nominating and Corporate Governance Committee attended at least 75% of the respective committee meetings during fiscal 2009.

Board Independence

The Board has determined that the following directors are independent under current NASDAQ listing standards:

Jack R. Blair
Peter C. Farrell, Ph.D., A.M.
Lesley H. Howe
Robert J. Hunt
Eileen M. More
Richard Treharne, Ph.D.

Under applicable SEC and NASDAQ rules, the existence of certain related party transactions between a director and the Company with dollar amounts above certain thresholds are required to be disclosed and preclude a finding by the Board that the director is independent. In addition to transactions required to be disclosed under SEC and NASDAQ rules, the Board considered certain other relationships in making its independence determinations, and determined, in each case, that such other relationships did not impair the director's ability to exercise independent judgment on behalf of the Company.

Board Leadership Structure

The position of Chairman of the Board and Chief Executive Officer of the Company has been combined and the Company does not appoint a lead independent director. The Board believes that Mr. Lukianov's service as both Chairman of the Board and Chief Executive Officer, or CEO, is in the best interest of the Company and its

Table of Contents

shareowners. Mr. Lukianov possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and its businesses and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters.

His combined role enables decisive leadership, ensures clear accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to the Company's shareowners, investors, customers and suppliers, particularly during times of turbulent economic and industry conditions. This has been beneficial in driving a unified approach to core operating processes across a global organization that has significant growth from year-to-year.

Each of the directors other than Mr. Lukianov is independent and the Board believes that the independent directors provide effective oversight of management. Moreover, in addition to feedback provided during the course of Board meetings, the independent directors have regular executive sessions. Following an executive session of independent directors, the independent directors communicate with the Chairman directly regarding any specific feedback or issues, provides the Chairman with input regarding agenda items for Board and Committee meetings, and coordinates with the Chairman regarding information to be provided to the independent directors in performing their duties. The Board believes that this approach appropriately and effectively complements the combined CEO/Chairman structure.

Although the Company believes that the combination of the Chairman and CEO roles is appropriate in the current circumstances, the Company's Corporate Governance Guidelines do not establish this approach as a policy.

Role of Board in Risk Oversight Process

The responsibility for the day-to-day management of risk lies with the Company's management, while the Board is responsible for overseeing the risk management process to ensure that it is properly designed, well-functioning and consistent with the Company's overall corporate strategy. Each year the Company's management identifies what it believes are the top individual risks facing the Company. These risks are then discussed and analyzed with the Board. This enables the Board to coordinate the risk oversight role, particularly with respect to risk interrelationships. However, in addition to the Board, the committees of the Board consider the risks within their areas of responsibility. The Audit Committee oversees the risks associated with the Company's financial reporting and internal controls, the Compensation Committee oversees the risks associated with the Company's compensation practices, including an annual review of the Company's risk assessment of its compensation policies and practices for its employees, and the Nominating and Corporate Governance Committee oversees the risks associated with the Company's overall governance, corporate compliance policies (for example, policies addressing relationships with health care professionals and compliance with anti-kickback laws) and its succession planning process to understand that the Company has a slate of future, qualified candidates for key management positions.

Board Committees

The Board has standing Audit, Compensation, and Nominating & Corporate Governance committees.

Audit Committee. The Audit Committee currently consists of Lesley H. Howe (chairperson), Jack R. Blair and Robert J. Hunt. The Board has determined that all members of the Audit Committee are independent directors under the NASDAQ listing standards and each of them is able to read and fundamentally understand financial statements. The Board has determined that Lesley H. Howe qualifies as an "audit committee financial expert" as defined by the rules of the Securities and Exchange Commission. The purpose of the Audit Committee is to oversee both the accounting and financial reporting processes of the Company as well as audits of its financial statements. The responsibilities of the Audit Committee include appointing and approving the compensation of the independent registered public accounting firm selected to conduct the annual audit of our accounts, reviewing the scope and results of the independent audit,

reviewing and evaluating internal accounting policies, and approving all professional services to be provided to the Company by its independent registered public accounting firm. The Audit Committee is governed by a written charter approved by the Board. The Audit Committee report is included in this Proxy Statement under the caption Report of the Audit Committee.

Compensation Committee. The Compensation Committee currently consists of Eileen M. More (chairperson), Peter C. Farrell, Ph.D., AM, Robert J. Hunt and Richard Treharne, Ph.D. The Board has determined that all members

of the Compensation Committee are independent directors under the NASDAQ listing standards. The Compensation Committee administers the Company's benefit and stock plans, reviews and administers all compensation arrangements for executive officers, and establishes and reviews general policies relating to the compensation and benefits of our officers and employees. The Compensation Committee meets several times a year and consults with independent compensation consultants, as it deems appropriate, to review, analyze and set compensation packages for our executive officers, which include our Chairman and CEO, our President and Chief Operating Officer, our Executive Vice President and Chief Financial Officer and each of our other senior officers. The Compensation Committee determines the CEO's compensation following discussions with him and, as it deems appropriate, an independent compensation consultant. The Compensation Committee is solely responsible for determining the CEO's compensation. For the other executive officers, the CEO prepares and presents to the Compensation Committee performance assessments and compensation recommendations. Following consideration of the CEO's presentation, the Compensation Committee may accept or adjust the CEO's recommendations. The other executive officers are not present during this process. For more information, please see below under Compensation Discussion and Analysis. The Compensation Committee is governed by a written charter approved by the Board. The Compensation Committee report is included in this Proxy Statement under the caption Report of the Compensation Committee.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently consists of Jack R. Blair (chairperson), Peter C. Farrell, Ph.D., AM, Eileen M. More and Richard Treharne, Ph.D., each of whom the Board has determined is an independent director under the NASDAQ listing standards. The Nominating and Corporate Governance Committee's responsibilities include recommending to the Board nominees for possible election to the Board and providing oversight with respect to corporate governance and succession planning matters. The Nominating and Corporate Governance Committee is governed by a written charter approved by the Board.

Charters for the Company's Audit, Compensation, and Nominating and Corporate Governance Committees are available to the public at the Company's website at www.nuvasive.com.

Compensation Consultant Fees

In the last fiscal year, the Compensation Committee has selected and retained Frederick W. Cook & Co., Inc. as independent executive compensation consultants. Frederick W. Cook & Co., Inc. only provides compensation consulting services to the Compensation Committee, reports directly to the Compensation Committee, only provides services that are requested by the Compensation Committee and works with the Company's management only on matters for which the Compensation Committee is responsible.

COMMUNICATIONS WITH DIRECTORS

Any stockholder who desires to contact any member of the Board or management can write to:

Prior to joining NuVasive, Mr. Hannon practiced corporate and transactional law at the law firms of Brobeck Phleger & Harrison LLP and Heller Ehrman LLP, specializing in mergers and acquisitions, public and private financing, joint ventures, licensing arrangements, and corporate governance matters. Mr. Hannon also served as a law clerk to the Honorable Jerome Farris of the U.S. Court of Appeals for the Ninth Circuit. Mr. Hannon received a B.A. degree from the University of California, Berkeley and a J.D. from Stanford Law School.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In the last fiscal year, there has not been nor are there currently proposed any transactions or series of similar transactions to which the Company was or is to be a party in which the amount involved exceeds \$120,000 and in which any director, executive officer, holder of more than 5% of our common stock or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

Company Policy Regarding Related Party Transactions

It is our policy that the Audit Committee approve or ratify transactions involving directors, executive officers or principal stockholders or members of their immediate families or entities controlled by any of them or in which they have a substantial ownership interest. Such transactions include employment of immediate family members of any director or executive officer. Management advises the Audit Committee on a regular basis of any such transaction that is proposed to be entered into or continued and seeks approval. This policy is set forth in the Company's Audit Committee charter.

Table of Contents**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Under Section 16(a) of the Securities Exchange Act of 1934 (the Exchange Act) and SEC rules, the Company's directors, executive officers and beneficial owners of more than 10% of any class of equity security are required to file periodic reports of their ownership, and changes in that ownership, with the SEC. Based solely on its review of copies of reports provided to the Company pursuant to Rule 16a-3(e) of the Exchange Act and representations of such reporting persons, the Company believes that during fiscal year 2009, such SEC filing requirements were satisfied.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides certain information with respect to all of our equity compensation plans in effect as of December 31, 2009:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding securities reflected in column (a))
Equity compensation plans approved by stockholders	5,992,915(1)	\$ 29.44	1,143,927(2)
Equity compensation plans not approved by stockholders

- (2) Consists of shares available for future issuance under our 2004 Equity Incentive Plan and 2004 Employee Stock Purchase Plan. As of December 31, 2009, an aggregate of 39,786 shares of common stock were available for issuance under the 2004 Equity Incentive Plan and 1,104,141 shares of common stock were available for issuance under the 2004 Employee Stock Purchase Plan. The 2004 Equity Incentive Plan contains a provision for an automatic increase in the number of shares available for grant each January until and including January 1, 2014, subject to certain limitations, by a number of shares equal to the lesser of: (1) 4% of the number of shares of our common stock issued and outstanding on the immediately preceding December 31, (2) 4,000,000 shares, or (3) a number of shares set by our Board. The 2004 Employee Stock Purchase Plan contains a provision for an automatic increase in the number of shares available for grant each January until and including January 1, 2014, subject to certain limitations, by a number of shares equal to the least of: (1) 1% of the number of shares of our common stock outstanding on that date, (2) 600,000 shares, or (3) a lesser number of shares determined by our

Board.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General Philosophy and Objectives

Our goal is to be successful in the intensely competitive spine surgery products and procedures market. In order to achieve that goal, we believe that it is critical that we attract, motivate and retain highly talented executives. These concepts are embodied in our hiring motto of **Find Them, Train Them, Keep Them**, which applies to all of our shareowners (which is our term for our employees) in addition to our executives. We compete for executive talent with a number of large, well-established medical device manufacturers who, among other things, enjoy significantly greater name recognition and deeper industry connections. Our executive compensation programs are designed to:

Attract and retain top talent;

Promote achievement of individual and Company performance goals;

Table of Contents

Align executives with stockholders' interests; and

Support our culture of achieving superior performance through customer service and innovation.

As the basis for determining their overall compensation, we use the performance of our named executive officers in managing and growing our Company, considered in light of general economic and specific Company, industry and competitive conditions. Our executive compensation packages include a significant proportion of performance-based compensation in the form of both cash and equity incentives, which is intended to promote achievement of specific annual and long-term strategic goals with the ultimate objective of increasing stockholder value over the long term.

Determining Executive Compensation

The compensation committee of our Board, which we refer to as the Committee, establishes and oversees our executive compensation programs. The Committee annually reviews the history of all the elements of each named executive officer's total compensation, which includes a review of (i) performance under the current annual executive cash bonus plan and (ii) appropriate equity awards for our named executive officers. The Committee typically adopts the structure for the current-year cash performance bonuses during the first quarter of each year after details regarding Company performance for the prior year become available. The Committee also determines the base salaries, the performance-based cash bonuses and the equity award grants for our named executive officers. The Committee is solely responsible for determining the CEO's compensation. For the other named executive officers, the CEO prepares and presents to the Committee performance assessments and compensation recommendations. Following consideration of the CEO's presentation, the Committee may accept or adjust the CEO's recommendations.

The Committee evaluates the following factors to determine total compensation for each named executive officer:

Company performance against corporate objectives for the previous year;

individual performance against individual objectives for the previous year;

each executive's performance with respect to general management responsibilities;

each executive's contribution as a member of the executive management team;

difficulty of achieving desired Company and individual performance objectives in the coming year; and

value of each executive's unique skills and capabilities to support our long-term performance objectives.

Performance Measures

The Company's performance measures, which are used in evaluating total compensation and play an important role in performance-based cash compensation, include financial and operational goals of the Company. The Company has historically been very focused on revenue growth with an increasing emphasis on the achievement and expansion of profitability as a financial goal. These goals are balanced with other Company goals, such as strategic and operational goals, which may include acquisitions or other investments that deliberately impact pre-existing financial goals. Along with our financial goals, customers' satisfaction, operational goals and strategic objectives form the basis of our Company's performance measures. Individual performance measures are determined in light of the Company's performance measures and ability of the named executive officer, through his or her position, to impact the goals with his or her job performance. The individual performance measures for 2009 are philosophically consistent with past

performance measures. Historically, the named executive officers have achieved the performance measures, which has lead to the high performance of the Company. As such, the individual performance measures have served as good indicators of individual performance.

Table of Contents**Benchmarking**

Historically and in 2009, keeping in line with its general philosophy and recognizing the continuing high performance of the Company, the Committee sought to compensate the named executive officers at a level equal to or above the 75th percentile of its peers for outstanding performance.

In 2008, the Committee retained Frederick W. Cook & Co., Inc., a consulting firm specializing in executive and key employee compensation, to assist us and the Committee in reviewing our executive compensation programs and philosophies and to provide benchmarking services for executive compensation in 2009. Frederick W. Cook & Co. reviewed 2008 compensation and was instructed to, among other things, conduct an independent review of the Company's direct compensation program for senior executives, which included our named executive officers. The review included an analysis of award types, mix of grant values, and various other measures of overall value and costs.

The following 15 publicly traded U.S.-based medical equipment, diagnostic, and device companies were selected by Frederick W. Cook & Co., Inc. for its benchmarking analysis:

American Medical Systems	Immucor	Mentor
Edwards Lifesciences	Integra LifeSciences	Orthofix
ev3	Intuitive Surgical	ResMed
Gen-Probe	Lifecell	Thoratec
Illumina	Masimo	Wright Medical

Within this Peer Group, the Company is roughly in the 50th percentile of market capitalization. Our performance, measured by growth in revenue and increase in shareholder return over a 1-year and 3-year period, was in the top quartile of performance for our peer group. Based on Frederick W. Cook & Co.'s analysis of our 2009 compensation, our named executive compensation, as compared to our peers, fell within the following percentiles:

	Base Salaries	Target Bonus - CEO	Target Bonus - Other NEOs	Total Cash Compensation	Equity Compensation	Total Direct Compensation
Percentile	>75 th	>75 th	>75 th	>75 th	>75 th	>75 th

Total compensation and all categories of compensation were at a level above the 75th percentile of our peers, which is in line with our compensation goals and the overachievement of the Company with respect to financial goals, revenue growth and strategic accomplishments, as well as the performance of the named executive officers. It also takes into account the higher cost of living in the San Diego area compared to our peers.

In 2009, Frederick W. Cook & Co. conducted a follow-up review of our senior executive compensation practices using their review conducted in 2008 along with 2009 market data from a group of larger publicly traded companies. This group included companies with larger market capital and revenue bases than NuVasive, but provided useful comparison information given NuVasive's rapid growth, projections, and anticipation toward becoming and joining the larger market capitalization group. The increases in total compensation for 2010 were in part caused by certain named executive officers receiving promotions in the beginning of 2010. Our Executive Vice President, Marketing & Development and our Senior Vice President, U.S. Sales were promoted in 2010 to President, Americas and Executive Vice President, Americas, Sales, respectively. These promotions also included additional responsibilities which factored into the decision to increase total compensation. The increase in total compensation for named executive

officers in 2010 was also in part caused by the recruitment of a new Chief Financial Officer in 2009.

Executive Summary

Historically and in 2009, the key components of compensation for our named executives consisted of base salary, performance-based cash bonus and equity incentive awards. In addition to the key components, the named executive officers are provided with the same health and welfare benefits package available to all our shareowners, as well as certain other incidental perquisites that do not comprise a material portion of any executive's compensation package. We generally do not provide significant recurring perquisites to our executives that are not available to our salaried shareowners. We expect the 2010 compensation components to be substantially similar

in design to those in 2009. This mix of cash and equity compensation and short- and long-term compensation is designed to implement our compensation philosophy and further our overall compensation objectives by:

- encouraging superior short- and long-term performance;
- creating a cohesive management team to secure the future potential of our operations;
- maximizing long-term stockholder value;
- enabling us to grow our Company and expand our market impact in our industry; and
- encouraging proper compliance and regulatory guidance.

Mix of Compensation

The mix of cash and equity compensation in our 2009 executive compensation packages varied among officers, driven by the following philosophical principles: the compensation of our most senior officers, primarily the CEO, should be tied to long-term performance (and thus the CEO's compensation is most heavily weighted to equity compensation); the compensation of our Executive Vice President, Product Marketing & Development (promoted to President, Americas in the beginning of 2010) and our Senior Vice President, U.S. Sales (promoted to Executive Vice President, Americas, Sales in the beginning of 2010) focuses on all areas of compensation, with special attention to achievement of shorter term sales and product introduction goals; and the compensation of our Executive Vice President & Chief Financial Officer and our President & Chief Operating Officer balances short- and long-term incentives. In all cases, we provide significant equity compensation to tie our named executive officers' compensation to the long-term growth and success of our Company.

Cash Compensation

Base Salaries

For 2009, the salary increases were larger than the prior year, reflecting the rapid growth of the Company, the Company's continued strong performance, and the performance of the individual executives. The increases also reflected the elimination of a majority of the perquisites available to the named executive officers. This growth, both in terms of the size of the Company and the increased revenues, changed our competitive landscape, and we now compete for executive talent with larger companies. The Committee determined that the performance of each of the named executive officers was at a high level, as each delivered results that were well above expectations and similarly situated executives at companies in our peer group. Consistent with past practices and the Committee's general philosophy, the salary increases in 2009 were designed to compensate the named executive officers at a level equal to or above the 75th percentile of the Company's peers for its outstanding performance.

2010 Base Salary

For 2010, the Committee decided that the base salary for our CEO and our President & Chief Operating Officer will remain the same as in 2009. The base salary for our Executive Vice President, Marketing & Development and our Senior Vice President, U.S. Sales were increased primarily due to their promotions (which include added responsibilities) in 2010 to President, Americas and Executive Vice President, Americas, Sales, respectively. With the addition of a new Executive Vice President & Chief Financial Officer, a new base salary was established for the position in 2009 which remains unchanged for 2010.

Performance-Based Cash Bonuses

Under the terms of the 2009 cash bonus plan, a pool of bonus dollars was to be funded, provided we achieved a minimum total revenue level while meeting profitability and operational goals, with the overall size of the pool growing as our financial and operational performance exceeded that minimum level. As such, the existence and size of a bonus pool was based on our overall performance, including financial and non-financial components. These financial goals are consistent with the financial guidance provided to the public and our investors and our operational goals include customers' satisfaction, infrastructure goals and strategic objectives. Because of the high performance of the Company, the 2009 cash bonus plan was funded at a higher level than if the Company had only met its minimum performance goals. Additional funding of the cash bonus pool is, in part, measured by how much the Company had over-achieved with respect to certain goals in 2009.

Table of Contents

The following table shows the milestones that were achieved and triggered additional funding of the 2009 bonus pool based upon the performance of the Company:

2009 Performance Bonus Milestones*	Bonus Pool Funding** (as a Percentage of Revenue Milestone)
\$355 million or more in Revenue	1.49%
\$358 million or more in Revenue	1.73%
\$361 million or more in Revenue	1.97%
\$364 million or more in Revenue	2.19%
\$367 million or more in Revenue	2.33%
\$370 million or more in Revenue	2.57%

* The bonus pool could have been higher if revenue and profitability exceeded the achieved milestones.

** In addition to meeting the revenue milestone, there was an earnings per share target of \$0.15 to \$0.25 for the bonus pool to be funded. Missing the earnings per share target by \$0.10 or more would reduce the bonus pool by \$300,000.

After the bonus pool is determined, the named executive officers have a potential for additional bonus upon significant individual and Company over-achievement. The additional objectives include: (i) achievement of earnings per share targets; (ii) achievement of major Company initiatives; and (iii) achievement by each named executive officer of his or her personal individual performance measures. The Committee may consider the named executive officer's performance against individual and executive team goals.

The following table shows, for 2009, the targeted bonus, potential bonus with over-achievement and the actual bonus paid:

Position	2009 Base Target Bonus Range*		2009 Over- achievement Bonus Maximum	Actual Bonus
CEO	\$ 600,000	\$800,000	Up to \$ 1,000,000	\$ 900,000
President & Chief Operating Officer	\$ 375,000	\$500,000	Up to \$ 625,000	\$ 550,000
Executive Vice President & Chief Financial Officer	\$ 182,500	\$273,750	N/A**	\$ 125,000
President, Americas	\$ 281,250	\$375,000	Up to \$ 468,750	\$ 425,000
Executive Vice President, Americas, Sales	\$ 262,500	\$350,000	Up to \$ 525,000	\$ 425,000

* Does not include additional bonus available upon significant over-achievement.

** Due to the resignation and replacement of our former EVP & CFO during 2009, our current EVP & CFO received a pro-rated bonus for 2009.

For 2009, the Committee determined the Company met the total revenue threshold of \$370 million to fund the bonus pool with 2.57% of the revenue milestone reached. No reduction was applied to the total pool due to the Company reaching its profitability threshold of \$0.15 earnings per share (as adjusted). The Committee determined that additional funding of the pool was deserved due to the over-achievement by the Company, which included Company initiatives such as product launches, strategic initiatives and infrastructure scalability projects. Also, the Committee determined the performance of each of the named executive officers based on their individual performance measures to be at a very high level, as each named executive officer receiving a bonus delivered results that are well above expectations and met both individual and executive team goals during 2009. The Company exceeded financial guidance and expectation, achieved profitability, launched several new products and made strides at increasing operational efficiencies. Additionally, the Company was able to achieve certain strategic objectives in 2009, such as the acquisition of Cervitech, Inc. and their cervical total disc replacement product, PCM. This over-achievement by the Company and our named executive officers resulted in cash bonuses in excess of the targeted bonus range. See the column titled Non-Equity Incentive Plan Compensation under Summary

Table of Contents

Compensation Table for the cash bonuses awarded to named executive officers by the Committee for 2009 performance.

2010 Bonus Plan

For 2010, each named executive officer will be eligible to receive their target bonus under our cash bonus plan if we meet the financial performance criteria set forth in the bonus plan. The Committee will have the discretion to reduce the actual bonus payments paid to the named executive officers based on certain Company and individual performance measures, such as achieving strategic and operational objectives and increasing our operational efficiencies.

Equity Compensation

We have utilized equity compensation because of the near universal expectation by persons in our industry that senior executives would receive equity awards as part of their total compensation. We believe that a decision to limit or eliminate our use of equity awards would have a significant negative impact on our senior executive recruitment efforts, as well as senior executive retention and motivation. Historically and in 2009, we have used stock options as our primary form of equity compensation for our named executive officers. We regularly consider the use of other forms of equity compensation for our named executive officers. In 2009, we initiated the use of restricted stock units (RSUs) as another form of equity compensation for our shareowners other than our named executive officers. As we continue to grow, alternatives to stock options, including the use of RSUs, are likely to form a part of our equity compensation practices with respect to named executive officers, as such alternative awards may provide more near-term incentives.

Stock Option Awards

Stock options granted to named executive officers in 2009 were determined based on a combination of Company performance, individual performance, an analysis of competitive pay practices and an evaluation of the sufficiency of the unvested equity awards held by named executive officers. In particular, we have undertaken to provide high levels of equity compensation to our named executive officers as we feel it is crucial to our long-term growth prospects to retain our current executive management team. In the last couple of years, due to the long tenure of our named executive officers (leading to a significant percentage of outstanding option grants being vested) and the full vesting of all pre-IPO issued options, the Company granted the named executive officers a larger than normal grant of stock options in order to motivate and incentivize the named executive officers in accordance with our compensation philosophies and in line with an estimate of the equity cost that would be incurred to replace such individual. The 2010 grant of stock options to named executive officers were less than the previous two years as we returned to our normal granting practices, as adjusted for our growth over the past two years. Additionally, our current Executive Vice President & Chief Financial Officer was granted restricted stock units in 2010 by the Committee in accordance with the terms of his 2009 offer letter.

Perquisites and Other Benefits

In 2009, the Committee decided to move away from providing named executive officers with perquisites or other benefits not available to all shareowners. Our named executive officers currently participate in NuVasive's benefit plans on the same terms as other shareowners, which include our 401(k) plan, medical and dental insurance. In 2009, we provided relocation benefits to Mr. Rydin and Mr. Lambert as described in the footnotes to the Summary Compensation Table below. Historically, named executive officers have participated in our Employee Stock Purchase Plan, which participation is available to all of our shareowners, pursuant through which they purchase shares of our common stock at a discount to market prices. Additionally, our executive travel and expense policy, as adopted in

2010, sets forth guidelines for our executive officers with respect to reimbursable expenses and generally requires: (i) there be a business purpose for business meals reimbursed by the Company; (ii) personal aspects of business travel (other than incidental meals and other expenses) are paid by the executive; and (iii) spouse travel is paid for by the executive.

Table of Contents

Attributed costs of the personal benefits described above for the named executive officers for the fiscal year ended December 31, 2009, are included in the column captioned **All Other Compensation** of the **Summary Compensation Table** below.

Severance and Change of Control Benefits**Cash Severance**

We believe that severance benefits for named executive officers should reflect the fact that it may be difficult for them to find comparable employment within a short period of time. Severance benefits should also aim to disentangle the Company from the former executive as soon as practicable. For instance, while it is possible to provide salary continuation to an executive during the job search process, which in some cases may be less expensive than a lump-sum severance payment, we prefer to pay a lump-sum severance payment in order to most cleanly sever the relationship as soon as practicable.

We have entered into severance arrangements with each of our named executive officers. Each arrangement provides that the executive shall receive a severance payment if the executive is involuntarily terminated (except with respect to our CEO to whom the severance benefits apply in any situation). The structure of the severance arrangements is in part affected by the market and our ability to attract and retain top talent as compared to larger competitors who have greater resources. We tied severance directly to base salary and the most recent bonus as an added incentive to the named executive officers, as the performance of the Company and each named executive officer will affect the amount of each such component of compensation. In connection with these severance payments, we do not typically continue health and other insurance benefits for our named executive officers beyond the benefits we are required to offer by law. This is consistent with our philosophy of lump-sum payments in order to cleanly sever the relationship. These severance arrangements, including equity acceleration (described below), are considered a wholly separate component of compensation and, therefore, have not influenced the Committee's decisions regarding other elements of compensation.

In order to ensure a smooth transition with the incoming CFO, in September 2009, we asked and Kevin O'Boyle, our then-current Executive Vice President & Chief Financial Officer, agreed to enter into a severance agreement in connection with his resignation and departure from the Company for personal reasons. Under the severance agreement, we agreed to pay Mr. O'Boyle a cash severance payment which included \$565,000, which was equal to the severance payment due (his current base salary plus the most recent bonus paid), which NuVasive had been obligated to pay under a prior severance arrangement, plus an additional \$200,000 in recognition of the value he provided in 2009 as a bonus. While not our typical policy, we also agreed to provide him with healthcare benefits for up to 18 months after departing the Company.

Based upon a hypothetical termination date of January 1, 2010, the cash severance benefits for our named executive officers would have been as follows:

Position	Termination Prior to Change of Control or More than 12 Months After Change of Control		Termination within 12 Months After a Change of Control	
	Formula	Estimated Cash Payment	Formula	Estimated Cash Payment
CEO		\$ 3,100,000		\$ 3,100,000

* Our current Executive Vice President & Chief Financial Officer did not receive a performance bonus as of January 1, 2010 but has since received a pro-rated bonus of \$125,000 for 2009 due to recently joining the Company in November 2009.

Equity Acceleration

In the event of a change of control, the Company's acceleration plan, which applies to all shareowners, gives the following benefit: 50% of equity awards that are unvested at the time of a change of control vest immediately, with the remaining 50% vesting immediately upon a termination of employment without cause (or resignation for good reason) within 18 months following the change of control. The vesting of equity compensation of our Executive Vice President & Chief Financial Officer and our Executive Vice President, Americas, Sales in a change of control is handled under the Company's acceleration plan. The vesting of equity compensation for our CEO, President & Chief Operating Officer and President, Americas is the same as provided by the Company's acceleration plan with respect to the initial 50% of stock options that are unvested at the time of a change of control, which vest immediately upon the change of control; however, the remaining 50% of stock options that are unvested at the time of a change of control will vest in equal installments over the 12 months following the change of control or immediately, if there is a termination without cause or with any termination in the case of our CEO. Further, if our CEO ceases to be our CEO or a member of the board for reasons of death or disability, then all unvested equity compensation shall immediately vest. The acceleration of equity incentives was structured to encourage retention and for our shareowners to share in the benefit, if any, from any change of control that may occur.

Management of Compensation-related Risks

The Board reviewed the compensation policies for our executives and other shareowners and determined that there are no compensation-related risks that are reasonably likely to have a material adverse effect on our company. In particular, the balance of our compensation in terms of type of compensation (i.e. base salary, equity and cash performance bonuses) and incentive goals (i.e. short and long term incentives) properly mitigate material risk in the compensation to our executives. These same principals, to varying degrees, are adopted with respect to our non-executive shareowners and are designed to incentivize our shareowners to act in the best interests of the Company, which includes not exposing the Company to material risks.

Tax and Accounting Considerations

To the extent possible, we attempt to provide compensation that is structured to maximize favorable accounting, tax and similar benefits for the Company.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the deductibility of certain compensation in excess of \$1,000,000 paid in any one year to any one named executive officer. Qualifying performance-based compensation will not be subject to this deduction limit if certain requirements are met.

The Committee periodically reviews and considers the deductibility of executive compensation under Section 162(m) in designing our compensation programs and arrangements. A portion of our annual cash incentive awards is determined based upon the achievement of certain predetermined financial performance goals of the Company in order to permit the Company to deduct such amounts pursuant to Section 162(m). In addition, our equity incentive plans contain limits on the number of equity awards that can be granted to any one individual in any year for purposes of Section 162(m).

While we will continue to monitor our compensation programs in light of Section 162(m), the Committee considers it important to retain the flexibility to design compensation programs that are in the best long-term interests of the Company's stockholders. As a result, the Committee may conclude that paying compensation at levels that are not deductible under Section 162(m) is nevertheless in the best interests of the Company's stockholders.

Table of Contents**Summary Compensation Table**

The following table sets forth information concerning compensation earned for services rendered to and performance achievement for the Company by our Chief Executive Officer, the two individuals who served as our Executive Vice President & Chief Financial Officer and the Company's next three most highly compensated executive officers for the fiscal year ended December 31, 2009. These six officers are referred to as the "named executive officers" in this Proxy Statement. The compensation described in this table does not include medical, group life insurance, or other benefits which are available generally to all of our salaried shareowners.

- (1) The Company does not establish threshold amounts for non-equity incentive plan awards.
- (2) The 2009 cash bonus ranges are provided above under the heading "Performance-Based Cash Bonuses". In 2010, the Company did not establish a target bonus amount for non-equity incentive plan awards.
- (3) For 2009, bonuses were awarded based on individual and Company performance, but a successful financial year for the Company is a prerequisite to the award of bonuses. There was no pre-set maximum limit applicable to bonus awards. Similar to prior years, financial and operational performance deemed to be significantly in excess of expectations of the Committee could result in a bonus opportunity of up to an additional twenty-five to fifty percent (25-50%) of base salary. In 2010, bonuses will be funded based on the Company meeting certain financial performance criteria set forth in the bonus plan, which will be the maximum amount available under the bonus plan. The Committee will have the discretion to reduce the actual bonus payments paid to the named executive officers based on certain Company and individual performance measures.
- (4) Kevin C. O Boyle resigned from the position of Executive Vice President & Chief Financial Officer and was replaced as the Company's principal financial officer by Michael Lambert on November 9, 2009.

DIRECTOR COMPENSATION

Non-employee directors receive fees from the Company for their services as members of the Board and any committee of the Board. We pay our non-employee directors retainers for their service on the Board. In May of 2009, the Board adopted a new compensation plan for the non-employee members of the Board effective as of July 1, 2009. The following table sets forth the non-employee director compensation plans for both the first and second half of 2009.

Retainer	Prior Compensation Plan (Effective Prior to July 1, 2009)	Current Compensation Plan (Effective July 1, 2009)
Board	\$ 15,000	\$ 25,000
Audit Committee	\$ 22,500	\$ 25,000
Chairperson of Audit Committee	\$ 10,000	\$ 15,000
Nominating and Corporate Governance Committee	\$ 3,000	\$ 5,000
Chairperson of Nominating and Corporate Governance Committee	\$ 3,000	\$ 3,000
Compensation Committee	\$ 3,000	\$ 7,500
Chairperson of the Compensation Committee	\$ 3,000	\$ 5,000

No compensation is paid to any director who is also a shareholder, our term for employee, of the Company. The tables below set forth the compensation (cash and equity) received by our directors in 2009.

The Company's 2004 Equity Incentive Plan, or the 2004 Plan, provides for an automatic grant of an option to purchase 24,000 shares of the Company's common stock (Initial Option) to each non-employee director who first becomes a non-employee director. The 2004 Plan also provides for an automatic annual grant of an option to purchase 6,000 shares of our common stock (Annual Option) in connection with each annual meeting of stockholders that occurs on or after May 12, 2004. However, a non-employee director granted an Initial Option on, or within a period of six months prior to, the date of the annual meeting of stockholders will not be granted an Annual Option with respect to that annual stockholders' meeting. As our Company has grown, and the commitment required of each director has grown along with it, we have occasionally granted additional stock options to our directors. For example, in 2009 and in 2007 we granted Dr. Treharne and Ms. More, respectively, options to purchase 18,000 shares of our common stock in addition to receiving the Initial Option. Also, in 2006, we granted options to purchase 8,000 shares of our common stock to each of our non-employee directors, which options vest at the rate of 2,000 shares per year, and an additional grant to certain of our directors who had longer tenures with the Company at the time.

Table of Contents

Each Initial Option and Annual Option will have an exercise price equal to the fair market value of a share of our common stock on the date of grant and will have a term of ten years. Each Initial Option will vest in 48 equal installments on each monthly anniversary of the date of grant of the option for so long as the non-employee director continuously remains a director of, or a consultant to, the Company. However, in the event of retirement of a non-employee director during the vesting period of his or her Initial Option, the Initial Option shall automatically vest on an accelerated basis to the extent it would have vested if the non-employee director had remained a director of, or consultant to, the Company through the end of the calendar year in which he or she retired. The remaining unvested shares, if any, will be forfeited and returned to the 2004 Plan. The Annual Option will vest and become exercisable in 12 equal installments on each monthly anniversary of the date of grant of the option for so long as the non-employee director continuously remains a director of, or consultant to, the Company. All automatic non-employee director options granted under the 2004 Plan will be non-statutory stock options. Options must be exercised, if at all, within three months after a non-employee director's termination of service, except in the case of death, in which event the director's estate shall have one year from the date of death to exercise the option. In no event, however, shall any option granted to a director be exercisable later than the expiration of the option's term. In the event of the Company's merger with another corporation or another change of control, all automatic non-employee director options will become fully vested and exercisable.

Farrell, Ph.D., 80,000, (c) Lesley H. Howe, 44,000, (d) Robert J. Hunt, 52,000, (e) Eileen M. More, 54,000, and (f) Richard Treharne, Ph.D., 42,000.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on these reviews and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K or the annual meeting proxy statement on Schedule 14A.

Robert J. Hunt
Peter C. Farrell, Ph.D.
Eileen M. More (Chairperson)
Richard Treharne, Ph.D.

The preceding Compensation Committee Report shall not be deemed to be soliciting material or filed with the Securities and Exchange Commission, nor shall any information in this report be incorporated by reference into any past or future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates it by reference into such filing.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the fiscal year ended December 31, 2009, the Compensation Committee consisted of Peter C. Farrell, Ph.D., Robert J. Hunt, Eileen M. More (Chairperson), Hansen A. Yuan, M.D. and Richard Treharne, Ph.D., all of whom are non-employee directors. No member of the Compensation Committee has a relationship that would constitute an interlocking relationship as defined by SEC rules.

REPORT OF THE AUDIT COMMITTEE

Under the guidance of a written charter adopted by the Board of Directors, the purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and audits of its financial statements. The responsibilities of the Audit Committee include appointing and providing for the compensation of the independent registered public accounting firm. The Audit Committee consists of three members, each of whom meets the independence and qualification standards for audit committee membership set forth in the listing standards provided by NASDAQ.

Management has primary responsibility for the system of internal controls and the financial reporting process. The independent registered public accounting firm has the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards. The independent registered public accounting firm is also responsible for auditing the Company's internal control over financial reporting. The Audit Committee appointed Ernst & Young LLP to audit the Company's financial statements and the effectiveness of the related systems of internal control over financial reporting for the 2009 year.

The Audit Committee is kept apprised of the progress of the documentation, testing and evaluation of the Company's system of internal controls over financial reporting, and provides oversight and advice to management. In connection with this oversight, the Committee receives periodic updates provided by management and Ernst & Young LLP at each regularly scheduled Audit Committee meeting. The Committee also holds regular private sessions with Ernst &

Young LLP to discuss their audit plan for the year, the financial statements and risks of fraud. At the conclusion of the process, management provides the Committee with and the Committee reviews a report on the effectiveness of the Company's internal control over financial reporting. The Committee also reviewed the report of management contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009 filed with the SEC, as well as Ernst & Young LLP's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K.

Table of Contents

The Audit Committee pre-approves all services to be provided by the Company's independent registered public accounting firm, Ernst & Young LLP. Pre-approval is required for audit services, audit-related services, tax services and other services. In some cases, the full Audit Committee provides pre-approval for up to a year, related to a particular defined task or scope of work and subject to a specific budget. In other cases, a designated member of the Audit Committee may have delegated authority from the Audit Committee to pre-approve additional services, and such pre-approval is later reported to the full Audit Committee. See "Principal Accountant Fees and Services" for more information regarding fees paid to Ernst & Young LLP for services in fiscal years 2009 and 2008.

In this context and in connection with the audited financial statements contained in the Company's Annual Report on Form 10-K, the Audit Committee:

reviewed and discussed the audited financial statements as of and for the fiscal year ended December 31, 2009 with the Company's management and Ernst & Young LLP, the Company's independent registered public accounting firm;

discussed with Ernst & Young LLP the matters required to be discussed by Statement of Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board in Rule 3200T;

received and reviewed the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, discussed with the independent registered public accounting firm its independence, and concluded that the non-audit services performed by Ernst & Young LLP are compatible with maintaining its independence;

based on the foregoing reviews and discussions, recommended to the Board of Directors that the audited financial statements be included in the Company's 2009 Annual Report on Form 10-K for the fiscal year ended December 31, 2009 filed with the Securities and Exchange Commission; and

instructed the independent registered public accounting firm that the Audit Committee expects to be advised if there are any subjects that require special attention.

The Audit Committee met eleven times in 2009. This report for 2009 is provided by the undersigned members of the Audit Committee of the Board.

Jack R. Blair
Lesley H. Howe (Chairperson)
Robert J. Hunt

The preceding Report of the Audit Committee shall not be deemed to be soliciting material or filed with the Securities and Exchange Commission, nor shall any information in this report be incorporated by reference into any past or future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates it by reference into such filing.

Principal Accountant Fees and Services

The Audit Committee has appointed Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010, and is asking the stockholders to ratify this appointment.

In the event the stockholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company's stockholders.

Table of Contents

The following table presents the fees for professional audit services rendered by Ernst & Young LLP for fiscal years 2009 and 2008, and fees billed for other services rendered by Ernst & Young LLP for fiscal years 2009 and 2008.

	Fiscal Year 2009	Fiscal Year 2008
Audit Fees(1)	\$ 1,109,244	\$ 915,034
Audit-related Fees(2)	98,160	394,311
Tax Fees(3)	24,573	24,244
All Other Fees(4)	1,995	2,500
Total	\$ 1,233,972	\$ 1,336,089

- (1) Audit Fees represent fees and out-of-pocket expenses whether or not yet invoiced for professional services provided in connection with the audit of the Company's financial statements, review of the Company's quarterly financial statements, review of registration statements on Forms S-3, and audit services provided in connection with other regulatory filings.
- (2) Audit Related Fees consist of fees billed in the indicated year for assurance and related services that are reasonably related to the performance of the audit or review of financial statements but not listed as Audit Fees, including due diligence performed in connection with potential and completed business combinations and asset acquisitions.
- (3) Tax Fees consist of fees for professional services performed by Ernst & Young LLP with respect to tax compliance, tax advice and tax planning.
- (4) Includes amounts billed for annual subscription to Ernst & Young LLP's online resource library.

All fees paid to Ernst & Young LLP for 2009 were pre-approved by the Audit Committee.

PROPOSAL 1 ELECTION OF DIRECTORS

At the Annual Meeting, the stockholders will vote on the election of two Class III directors to serve for a three-year term until the annual meeting of stockholders in 2013 and until their successors are elected and qualified. The Board has unanimously nominated Alexis V. Lukianov and Jack R. Blair for election to the Board as Class III directors. The nominees have indicated that they are willing and able to serve as directors. If Alexis V. Lukianov or Jack R. Blair becomes unable or unwilling to serve, the accompanying proxy may be voted for the election of such other person as shall be designated by the Board. The proxies being solicited will be voted for no more than two nominees at the Annual Meeting. The Class III directors will be elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting, assuming a quorum is present. Stockholders do not have cumulative voting rights in the election of directors.

The Board recommends a vote FOR the election of each of Alexis V. Lukianov and Jack R. Blair as Class III directors.

Unless otherwise instructed, it is the intention of the persons named in the accompanying proxy card to vote shares represented by properly executed proxy cards for the election of each of Alexis V. Lukianov and Jack R. Blair.

PROPOSAL 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At the Annual Meeting, the stockholders will be asked to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have the opportunity to make statements if they desire to do so. Such representatives are also expected to be available to respond to appropriate questions.

Table of Contents

The Board recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010.

OTHER MATTERS

As of the time of preparation of this Proxy Statement, neither the Board nor management intends to bring before the meeting any business other than the matters referred to in the Notice of Annual Meeting and this Proxy Statement. If any other business should properly come before the meeting, or any adjournment thereof, the persons named in the proxy will vote on such matters according to their best judgment.

STOCKHOLDERS SHARING THE SAME ADDRESS

In accordance with notices previously sent to many stockholders who hold their shares through a bank, broker or other holder of record (a Street-Name Stockholder) and share a single address, if applicable, only one annual report and proxy statement is being delivered to that address unless contrary instructions from any stockholder at that address were received. This practice, known as householding, is intended to reduce the Company's printing and postage costs. However, any such Street-Name Stockholder residing at the same address who wishes to receive a separate copy of this Proxy Statement or accompanying Annual Report to Stockholders may request a copy by contacting the bank, broker or other holder of record, or the Company by telephone at: (858) 909-1800 or by mail at 7475 Lusk Boulevard, San Diego, CA 92121. The voting instruction sent to a Street-Name Stockholder should provide information on how to request (1) householding of future Company materials or (2) separate materials if only one set of documents is being sent to a household. If it does not, a stockholder who would like to make one of these requests should contact the Company as indicated above.

By Order of the Board of Directors

Alexis V. Lukianov
Chief Executive Officer and Chairman of the Board

San Diego, California
April 2, 2010
