Item 2.02 Results of Operation and Financial Condition.

On April 7, 2010, Zix Corporation (the Company) issued a press release providing an update on the quarter ended March 31, 2010. A copy of the press release is attached hereto as Exhibit 99.1.

In that press release, the Company correctly described in the headline that New First-Year Orders for Email Encryption Almost Doubled Compared to First Quarter 2009. A sentence in the body of the press release describing year-over-year growth in new first-year Email Encryption orders characterized those orders as \$2.2 million for the first quarter 2010, up 195 percent over the comparable quarter in 2009. New first-year Email Encryption orders in the first quarter of 2009 were \$1.1 million and our current estimates indicate new first-year orders of \$2.2 million for the first quarter 2010. Accordingly, the Company is now clarifying that the sentence describing year-over-year growth in new first-year orders should read: Current estimates indicate the Company has achieved its second-best result for new first-year orders in its Email Encryption business with \$2.2 million for the first quarter 2010, or 195 percent of the comparable quarter in 2009.
