*SUMMARY UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL DATA.* The following tables set forth summary unaudited pro forma consolidated financial data for the year ended December 31, 2010 and certain ratios for such period. The summary unaudited pro forma consolidated financial data for the year ended December 31, 2010 has been derived from CA's audited financial statements which have been audited by Grant Thornton LLP. The summary unaudited pro forma consolidated financial data gives effect to the purchase of shares pursuant to the tender offer, as if such purchase had occurred on January 1, 2010 for the condensed consolidated statements of income for the year ended December 31, 2010 and on December 31, 2010 for the condensed consolidated balance sheet as of

December 31, 2010. Such pro forma data also assumes that the purchase of shares is financed through the Debt Financing on the terms described in the footnotes to the tables below and additional borrowings under our revolving secured line of credit facility.

This information should be read in conjunction with Summary Historical Consolidated Financial Data and CA's audited consolidated financial statements and the related notes filed as part of CA's Annual Report on Form 10-K for the year ended December 31, 2010. This summary unaudited pro forma consolidated financial data is not necessarily indicative of either CA's financial position or results of operations that actually would have been attained had the purchase of shares pursuant to the tender offer and the related financing been completed at the dates indicated, or will be achieved in the future. The summary unaudited pro forma financial data set forth below is presented for informational purposes only, and does not purport to be indicative of CA's results of operations for any future period. There can be no assurance that CA will secure the necessary financing for the tender offer on terms reasonably satisfactory to CA. CA's future results are subject to prevailing economic and industry specific conditions and financial, business and other known and unknown risks and uncertainties, certain of which are beyond CA's control. These factors include, without limitation, those described in this Offer to Purchase under "Forward-Looking Statements."

- (a) Reflects the additional interest expense and debt cost amortization associated with an assumed amount of Debt Financing and additional borrowings under our revolving secured line of credit facility. The assumed interest rate for the Debt Financing is a rate consistent with market rates for comparable debt instruments. Each 50 basis point increase or decrease in the yield on the Debt Financing will result in an annual \$0.5 million increase or decrease, respectively, in interest expense.
- (b) Reflects the tax benefit associated with the pro forma adjustments at an effective rate of 32.9%.
- (c) Reflects the purchase of approximately 1.9 million shares at \$65.625 per share.
